OBITUARY REFERENCES

MR. SPEAKER : Hon. Members, I have to inform the House of the sad demise of six of our friends, namely Shri K. Madhava Menon, Shri Hafiz Mohammad Ghazanfarulla, Dr Syed Mahmud, Shri P.T. Punnoose, Shri K. Kelappan and Shri Mahendra Majhi.

Shri K. Madhava Menon was a Member of the Constituent Assembly during the years 1946-48. He took active part in the freedom struggle and suffered imprisonment. He served as Minister for Agriculture, Law and Education in the Madras Government during the years 1947-52. He passed away at Koratty on the 1st September, 1971 at the age of 75.

Shri Hafiz Mohammad Ghazanfarulla was a Member of the Central Legislative Assembly during the years 1945-47. He passed away at Allahabad on the 12th September, 1971 at the age of 86.

Dr. Syed Mahmud was a Member of the First and Second Lok Sabha during the years 1952-62. He had been Union Minister of

State for External Affairs during the years 1954-57. He had also served the State of Bihar as its Minister for Education and Development during 1937-39 and of Development and Transport during 1946-52. He was a veteran freedom fighter, an eminent academician, statesman and an author of great repute. He passed away at New Delhi on the 28th September, 1971 at the age of 82.

Shri P. T. Punnoose was a Member of the First and Second Lok Sabha during the years 1952-62. He passed away at Thiruvalla on the 1st October, 1971 at the age of 60.

Shri K. Kelappan was a Member of the First Lok Sabha during the years 1952-57. He was a stalwart freedom fighter and was one of the pillars of the freedom movement in the country. Greatly respected and loved by the people of Kerala, he always championed the cause of Harijans and other backward communities. He passed away at Calicut on the 7th October, 1971 at the age of 82. In his death the country has lost an old guard and a dedicated worker.

Shri Mahendra Majhi was a Member of the Fourth Lok Sabha during the years 1967-70 representing Mayurbhanj constituency of Orissa. He used to take great interest in the uplift and welfare of labour and backward classes. He passed away at Jamshedpur on the 9th October, 1971 at the age of 51.

We deeply mourn the loss of these distinguished friends and I am sure the House will join me in conveying our condolences and sympathies to the bereaved families.

THE PRIME MINISTER, MINISTER OF
ATOMIC ENERGY, MINISTER OF
TRONICS, MINISTER OF HOME
AND MINISTER OF INFORMATION
AND BROADCASTING :

INDIRA GANDHI) : Mr. Speaker, Sir, the House mourns the passing away of six of our former colleagues.

Every time we have met we have lost one of the old veterans of the freedom struggle. Dr. Syed Mahmud was one of this great generation of freedom fighters. He was an outstanding nationalist who served the country with devotion during the days of the freedom struggle and also in independent India. His passing away will be a personal loss to many of us. He was a life-long friend of my parents and other members of the family. His entire life was one of hardship, service and dedication. He was touring Bihar and other parts of the country until his last illness. Even while lying ill, his mind was concerned with matters of national interest.

Shri Hafiz Mohammad Ghazanfarulla took active interest in the civic affairs of Allahabad before he came to the Central Legislative Assembly in 1945.

Shri K. Madhava Menon was an important leader of our Party in Kerala. He was a member of the Constituent Assembly and later of the Rajya Sabha from April 1954. He was re-elected to that House in 1960. He was in the forefront of our struggle for freedom and, as you mentioned, was imprisoned for a period of about seven years. Later he served as a Minister in the composite State of Madras. He was a greatly respected and popular figure in Kerala. Our thoughts go out to his wife who is a political worker in her own right and who served him with great devotion.

Shri K. Kelappan was a member of the First Lok Sabha and was an active political and social worker who had dedicated his life for the welfare of Harijans and other backward classes. He was a keen worker for khadi and other fields of constructive work. He was an avid correspondent, and until fairly recently I received many letters from him on a variety of subjects.

Shri P.T. Punnoose started his political life in 1938. During the freedom struggle, he remained underground for some time and then suffered imprisonment for a period of about five years.

Shri Mahendra Majhi was with us in the last Lok Sabha. He took active interest in the welfare of the Scheduled Tribes.

I share the sense of sorrow which you, Mr. Speaker, have expressed and request you to convey the sympathy and condolences of this House to the bereaved families.

SHRI SAMAR MUKHERJEE (Howrah) : On behalf of my Party, I share the sense of sorrow expressed in this House over the demise of the six parliamentarians who had conducted their public life for a long period and offered themselves to the service of the people. Because I have had no personal acquaintance with any one of them, I am not in a position to refer to their past activities. But as they came into prominence by virtue of their services to the people, their demise is a loss to the country.

I would request you to convey our condolences to the members of the bereaved families.

SHRI H.N. MUKERJEE (Calcutta—North-East) : Mr. Speaker, Sir, every Parliamentary recess brings its toll—

श्री मुल्की राज सैनी (देहरादून) : इस में ठाकुर यशपाल सिंह का उल्लेख नहीं हुआ है जिनकी मृत्यु पिछले मास 3 अक्टूबर, 1971 को हो गई थी।

श्री अटल बिहारी वाजपेयी (ग्वालियर) : कल को उनका उल्लेख कर दिया जाय।

श्रीमती इन्दिरा गांधी : उनका नाम भी इस में शामिल कर लिया जाय।

MR. SPEAKER : I am very sorry to learn from an hon. Member that Shri Yashpal Singh has passed away yesterday afternoon—(Interruption) I am sorry I did not get any information. But let us be careful so that we may not do something wrong in all these things, I will make sure of it tomorrow.

SHRI BIRENDER SINGH RAO (Mahendragarh) : He passed away last month in the Willingdon Hospital.

MR SPEAKER : If he passed away, then his name may also be mentioned along with this list. I am very sorry to learn about his death. He was not keeping well. He had a stroke ; he was in hospital. (*Interruption*)

SHRI S. M. BANERJEE (Kanpur) : Tomorrow.

MR. SPEAKER : It is already mentioned here. He was with us in the last Lok Sabha and he took a very active interest in the proceedings and we, all of us who were his colleagues, remember him with affection.

SHRIMATI INDIRA GANDHI : Mr Speaker, Sir, join my voice in expressing grief over Shri Yashpal Singh's passing away. As we are all aware, he was not a Member whom one could avoid knowing. He was very vocal, and he took an almost aggressive part in the activities of this House, I am sure we shall miss him greatly.

SHRI SAMAR MUKHERJEE : I join you in expressing the sentiments on behalf of my party.

SHRI H. N. MUKERJEE : Death will come when it comes, and in the case of Yashpal Singh, the news of whose death has just reached us, it seems almost difficult to believe that he is no longer with us. As the Prime Minister has indicated, he had a certain liveliness and a certain way of getting known and a certain way of making friends with us and he really was a friend, and it is said that so suddenly he passed away.

Every Parliamentary recess brings its toll of a number of our colleagues and comrades passing away, and this time, there are several of our Members who are no longer with us. I happen to have known, out of the six listed here, four of them about whom I would like to say a few words.

Dr. Syed Mahmud, as the Prime Minister had already said, was a stalwart in our national life, a man who was a leader of the country when so many of us were in our teens or hardly born or perhaps not born, a man who had played an ample role in the freedom struggle of our country. I happened to come in close touch with him when he was the Chairman of a non-official body whose

objective was to prepare a history of the national movement. I am afraid that that project got into what I might consider hot-waters, but that is neither here nor there. But it was very appropriate that Dr. Syed Mahmud was the head of the body which was looking after the preliminary stages of the preparation of an adequate history of the national movement. He belonged to that old world order which is becoming so rare, and that is why even though for quite a good few years he was not to be seen usually in the haunts where we go, we shall miss him because the like of that type of person is so very rare betimes.

Mr. Madhava Menon—I came to know only for a shortwhile, when he was a Member of the Rajya Sabha I know of his reputation as one of the more important Members in the apparatus of the Congress Party and I have also known from my friends in Kerala how he had played a really important part both politically and as an individual.

I remember Mr. Kelappan from the days of the First Lok Sabha and I remember him very vividly because he was a type which has almost entirely passed away. There was a quietness about him which symbolised a certain strength of character and which nobody could afford to miss. It was only fitting that he found himself unable to continue in his old political moorings and it was in keeping with his character that he became a Sarvodaya leader, because his main interest was constrictive work for the people. He was a type that was rather chary and suspicious of ideology but knew that one should devote oneself to the service of the people, and appropriately he found his moorings in the sarvodaya movement for which he lived and died.

I shall refer last of all to my friend and comrade Punnoose whose passing away leaves a void which, at least as far as we are concerned, we shall never be able to fill. He came to the First Lok Sabha as a young and strident Member, full of life and vitality and full of laughter, endowed with a sense of humour which sometimes would break all bounds even in the sedate atmosphere of Parliament. He would burst into laughter in a fashion which somehow made him one of the most popular Members of this House. We

groups, on behalf of my party, to mourn the death of so many of our colleagues, who have recently passed away. These colleagues were really stalwarts among the freedom fighters of our country. I have to make particular mention of Dr. Syed Mahmud, who was not only a great administrator, statesman and freedom fighter, but a great messenger of Hindu-Muslim unity. I know fully well that when he was recently in hospital, his heart was bleeding for the cause of the integrity and unity of our country. I had the good fortune to work with him in the later part of his life with the Mushawarat. As we know, during the holocaust of 1964, when great clashes took place in the north-eastern region, it was Dr. Syed Mahmud who came there and established the Majilis-e-Mushawarat. He went round the country to establish Hindu-Muslim unity and harmony among different communities. It can be rightly said :

“हजारों साल नगिस अपनी नूरी पर रोती है,
बड़ी मुश्किल से चमन में होता है दीदार पैदा।”

Such was the personality of Dr. Syed Mahmud and it is an irreparable loss to the entire country.

As regards my other friends from Kerala, Shri Madhava Menon, Shri Kelappan and Shri Punnoose, I had intimate connections with all of them. Here I may say that in the last elections it was Shri Madhava Menon who signed my nomination paper because he was such a great admirer of Hindu-Muslim unity and he always stood for that. Shri Kelappan was a great Sarvodaya worker and leader and he had done much for the uplift of the Harijans. Shri Punnoose was an admirable personality.

Shri Ghazanfarulla came from a noble family in Uttar Pradesh and he did great service to the country.

Shri Yashpal Singh was with us only till the other day. He was a very colourful personality. We admired his speeches and his personality was admired by the whole House.

We mourn the loss of these personalities and we request you, Sir, to convey our deep sense of sorrow to the members of the bereaved families. May their souls rest in peace.

PROF. S. L. SAKSENA (Maharajganj) : Sir, I had the good fortune to know almost all these seven personalities. Shri Madhava Menon was my colleague in the Constituent Assembly and he took an active part in the drafting of the Constitution. His speeches in the proceedings will give an idea of his contribution.

Dr. Syed Mahmud was a very old friend of mine and his death has come as a shock to me. He was the first President of the Sugar Control Board of UP and Bihar.

Shri Kelappan was a colleague of mine in the first Lok Sabha. He was one of the valuable Sarvodaya workers and he was very unassuming.

Shri Yashpal Singh was with us till the other day. He was a good friend of mine in UP and I have worked with him in many movements. His death is a personal loss to me.

We mourn the loss of all these personalities.

SHRI BIRENDER SINGH RAO : Sir, I associate myself with the condolences expressed by you and the Leader of the House on the death of these great sons of India. I knew personally only Thakur Yashpal Singh. I am grateful that you and the hon. Prime Minister have expressed very kind sentiments for him and his family. I was personally associated with him for a long time. His loss has been a great loss to my party and also personally to me. He was the Chairman of the Vishal Haryana Party in UP, he was a very active leader and a great orator and a true nationalist. Very few hon. Members know that he was born in jail while his parents were undergoing imprisonment during the freedom struggle. He himself underwent imprisonment several times in the freedom struggle. His father was a saint and he himself was very saintly. I mourn his loss and the loss of other great leaders whom this country has lost at such a very difficult and troublesome time.

श्री राम देव सिंह (महाराजगंज) : जो महानुभाव हम से जुदा हो गए हैं उनके प्रति मैं अपनी और अपने दिल की ओर से शोक प्रकट करता हूँ।

यह दुर्भाग्य की बात है कि जब हमारी राजनीतिक, आर्थिक और सामाजिक स्थिति संतोषजनक नहीं जा रही है, वे हमारे बीच नहीं रहे। वे हमारे बीच रहते तो हमें उन से कई तरह की प्रेरणा मिलती। स्वाधीनता संग्राम की अगली पीढ़ी के लोग एक एक करके हम से जुदा होते जा रहे हैं। डाक्टर सैयद महमूद को मुझे नजदीक से देखने और समझने का मौका मिला है वह मजरलहक साहब के दामाद थे और उन्हीं के पद चिन्हों पर बराबर चलते रहे। उन दिनों में जब देश का विघटन साम्प्रदायिक आधार पर किया जा रहा था, वे उन मुस्लिम नेताओं में से थे जिन्होंने डट कर इसका विरोध किया और एकता की, मिलन की मणाल इस देश में बराबर जलाई।

मैं अपनी ओर से तथा अपने दल, सोशलिस्ट पार्टी की ओर से इन सब दिवंगत आत्माओं के प्रति श्रद्धांजलि अर्पित करता हूँ और उनके शोक संतप्त परिवारों के प्रति संवेदना प्रकट करता हूँ।

MR. SPEAKER : The House will stand in silence for a short while to express its sorrow.

The Members then stood in silence for a short while.

INTRODUCTION OF MINISTER AND STATEMENT RE. PORTFOLIO OF SHRI SIDDHARTHA SHANKAR RAY

MR. SPEAKER : Before I take up the questions the Prime Minister will introduce the new Minister, Professor Nurul Hasan to this House, and also make some statement about the portfolio of Shri Siddhartha Shankar Ray.

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRIMATI INDIRA GANDHI) : Sir, I have pleasure in introduc-

ing to you and, through you, to the House my new colleague professor Syed Nurul Hasan.

I have sought your Permission to make a very brief statement because in my statement made in this House on the 29th June, 1971 soon after the President took over the administration of the state of West Bengal, I had said that Shri Siddhartha Shankar Ray would look after the work relating to West Bengal and the problems created in that and some other states by the massive influx of refugees and would, in due course, shed his portfolios of Education, Social Welfare and the Department of Culture. It was felt at that time that the onerous demands of West Bengal and the problems of refugees would require the undivided attention of a Cabinet Minister. However, when the decision was reviewed in the light of actual experience, it was found that, in view of the marked general improvement in the situation in Bengal since this appointment, It would be possible for Shri Ray to look after this work in addition to his ministerial duties. The subsequent appointment of Professor Nurul Hasan as Minister of State in the Ministry of Education and Social Welfare and in the Department of Culture, has given Shri Ray the assistance of a distinguished educationist. I have, therefore, decided that Shri Ray will continue to be in charge of his portfolios in addition to looking after the work relating to West Bengal and refugees.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : What the Prime Minister has stated is contradicting her own statement. On that I had given a privilege motion during the last session and because I was ill in the nursing home it was disposed of summarily. I shall raise the matter once again and shall point out to the House that the Prime Minister had deliberately misled the House.

MR. SPEAKER : Order, order.

11.38 hrs.

ORAL ANSWERS TO QUESTIONS

Allotment of Ad Hoc Accommodation to Government Employees

*1. SHRI AMAR NATH CHAWLA : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) whether Government have taken a decision in principle to allot Government accommodation to the employees whose applications for *ad hoc* allotment were under consideration; and

(b) if so, when the allotment to these applicants is expected and the proposed location where these applicants are likely to get Government accommodation ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) Yes, Sir.

(b) The allotment in such cases is made as and when vacancies become available in different areas. As such it cannot be indicated as to when and where such applicants are likely to get accommodation.

SHRI AMAR NATH CHAWLA : May I know whether it is a fact that the construction of a substantial number of quarters in the vicinity of Gole Market in New Delhi is complete or is nearing completion; if so, will the Minister consider Making *ad hoc* allotments in advance ?

SHRI I. K. GUJRAL : These *Ad hoc* allotment cannot be made because for *ad hoc* allotment there are rules. An overwhelming section of the new houses has to be given to people who have been on the waiting list. *ad hoc* allotments do not go beyond 12½ per cent on the basis of illness. Therefore, on that basis those who have qualified for the area will get the allotment.

SHRI AMAR NATH CHAWLA : In view of the paucity of private rented accommodation at reasonable rent, is the Government taking steps to provide accommodation to Government servants and have they any plans to meet the shortage ?

SHRI I. K. GUJRAL : I agree with my hon. friend that there is an acute shortage of housing in Delhi and elsewhere also. In the current Plan, we have allocated Rs. 24 crores for construction of, what we call, general pool houses for Government servants. Delhi will get an additional accommodation of 8331 units.

श्री हुकम चन्द्र कछवाय : दिल्ली में मकानों की समस्या बहुत जटिल है और बहुत बड़ी संख्या

में कर्मचारी झुग्गी-झोपड़ियों में भी रहते हैं। क्या सरकार ने उन लोगों की आवश्यकता को ध्यान में रखते हुए कोई लक्ष्य बनाया है कि प्रतिवर्ष कितने लोगों को मकान दिये जायेंगे ; यदि हां, तो यह लक्ष्य क्या है और इस समस्या को हल करने के लिए सरकार ने कौन से विशेष कदम उठाये हैं ?

SHRI I. K. GUJRAL : As I said just now, there is an acute shortage of housing in the country as a whole. All the steps that can be taken for giving additional accommodation to Government servants cannot be very much divorced from the national situation. At the moment, the Government servants have got satisfaction of over 41 per cent. We are trying to have new houses. But I cannot promise that the stage is near about when we can provide a house for everybody.

श्री हुकम चन्द्र कछवाय : मंत्री महोदय ने यह नहीं बताया है कि प्रतिवर्ष कितने लोगों को मकान देने का लक्ष्य है।

श्री बी० पी० मौर्य : यह सत्य है कि दिल्ली में मकानों की समस्या है, लेकिन शिड्यूल्ड कास्ट्स और शिड्यूल्ड ट्राइब्ज के सरकारी नौकरों को इस सम्बन्ध में छुआछूत का भी सामना करना पड़ता है। चूंकि उन लोगों को छुआछूत के कारण सवर्णों के यहाँ मकान नहीं मिलते हैं और अगर मिलते हैं, तो वे तरह तरह के शोषण के शिकार होते हैं, इस लिए क्या सरकार इस परिस्थिति में उनको स्कामोडेशन देने की विशेष व्यवस्था करेगी ?

SHRI I. K. GUJRAL : While we do agree with some percentage of allocation to Scheduled Castes, not on the basis of untouchability but on the basis of being depressed socially, and we are trying to do something, it is very difficult to make a distinction because all the Government servants have to be dealt with almost equally in the matter of houses in a particular category.

SHRI B. P. MAURYA : "Socially depressed" includes untouchability.

SHRI I. K. GUJRAL : I feel we are fighting untouchability.

श्री एच० के० एल० भगत : मैं यह जानना चाहता हूँ कि गवर्नमेंट सरवेंट्स को एकामोडेशन देने के लिए जो प्लान बनाया गया है, क्या उसमें रिटायर होने वाले गवर्नमेंट सरवेंट्स को भी एकामोडेशन देने के बारे में कोई स्कीम सरकार के ज़रे-गौर है।

SHRI I. K. GUJRAL : I have been persuading the Delhi Development Authority that a separate housing scheme may be launched for building houses for those who have retired or may be retiring in the following few years. for this purpose we have also decided, more or less, to give to the Urban Development Housing Corporation a special allocation for building up these houses.

श्री इसहाक सम्मली : क्या यह सही है कि पिछले दिनों सरकारी मुलाजिमों के लिए जो मकान बनाये गये थे, वे उन लोगों को न मिल कर कुछ और लोगों को मिल गये हैं ? क्या सरकार ने इस बारे में जांच की है कि ये मकान दूसरे लोगों के पास कैसे पहुँचे ? जाहिर है कि जब मकान तैयार होने के बावजूद सरकारी मुलाजिमों को एलाट नहीं किए जाते हैं, तो उन को परेशानी होगी सरकार को इस बारे में क्या कुश्नारी पेश हो रही है कि जैसे जैसे मकान तैयार होते जायें, वे सरकारी मुलाजिमों को एलाट किए जायें और उन लोगों को उनका कब्जा दिलाया जायें ?

SHRI I. K. GUJRAL : I am not aware of any situation where houses built for Government servants have been given to somebody else. The only people who have been given houses are journalists and also Members of Parliament. I do not know of any other category of persons to whom the houses built in general pool have been allocated. Secondly about the allotment of houses as they are, built, every step is taken to see that they are allotted as early as possible. In some cases, they remain vacant because the services, like electricity and water are not available. It creates more problem to allot a house without water and electricity.

Students' Participation in University Administration

+

*2. SHRI BIRENDER SINGH RAO :
SHRI NIHAR LASKAR :

Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(a) whether any progress has been made towards accepting the Gajendragadkar Commission's recommendation to allow students' participation in the University administration ; and

(b) the steps taken to safeguard the sanctity of educational institutions from extraneous elements ?

THE MINISTER OF EDUCATION AND SOCIAL WELFARE AND MINISTER OF DEPARTMENT OF CULTURE (SHRI SIDDHARTHA SHANKAR RAY) : (a) The Gajendragadkar Committee on Governance of Universities and Colleges has submitted its Report relating to governance of universities. The report of the Committee, which *inter-alia* contains recommendations on student participation, has been circulated by the University Grants Commission to all the Universities inviting their views on the recommendations and the implementation thereof. The Commission while forwarding the report to the Universities has observed that it attaches great importance to these recommendations and in particular to the Students' Participation. The implementation of the report with regard to student participation in the University Administration would require amendment of the Acts of the Universities and further action in this regard is to be taken up by the State Governments and the Central Government. So far as the Central Government is concerned the recommendations of the Committee including the one relating to student participation will be duly taken into account in formulating long term legislative proposals for the Central Universities.

(b) The Universities and educational institutions being autonomous organisations have adequate powers to safeguard themselves against extraneous elements.

SHRI BIRENDER SINGH RAO I have not seen the statement.

I would like to know from the hon. Minister whether it is a fact that this demand of students for participation in University administration is mainly responsible for most of the serious troubles in many Universities in the country resulting in closure of some of them like the BHU, Indore and some other Universities

Secondly, would the hon. Minister tell us which are the various political Parties that are at the back of student troubles in most of the Universities ?

SHRI SIDDHARTHA SHANKAR RAY : With regard to question No. 1, I am sorry I cannot agree with the hon. Member that the demand for participation is the root of all the troubles that we see in the Universities.

With regard to question No. 2, I think the hon. Member should put another question because it is a new question altogether,

SHRI BIRENDER SINGH RAO : Would the hon Minister be pleased to state whether to consider this question of participation in the university administration and other allied matters, the Government set up a committee to frame a model Act for the universities more than ten years ago and if so, whether a report has been received and what action has been taken by the Government on the model Act, if any, suggested by that committee ?

MR. SPEAKER : Do you mean Gajendragadkar Commission ?

SHRI SIDDHARTHA SHANKAR RAY : As the hon. Member knows, there were in fact three committees. There was a Committee on Model Act for Universities which recommended that some form of student participation should be undertaken. Then, there was a committee on students' Welfare and Allied Matters which recommended that some experiments should be undertaken by the universities to associate students in a representative capacity with the university bodies. Then, there was the Education Commission which recommended that students' representatives should be associated with the Academic Councils.

MR. SPEAKER : The question is about the Gajendragadkar Commission.

SHRI SIDDHARTHA SHANKAR RAY : Then, after these recommendations, the Gajendragadkar Committee was appointed and the Gajendragadkar Committee submitted its report which the University Grants Commission got on the 7th June 1971 and we have sent copies of the report to all the universities and we are waiting for the views of the universities with regard to this matter. Only three Universities have replied to our queries, but, in the meantime, my colleague, the Minister of State, has addressed letters to the Governor of every State because they are the Chancellors of the Universities, for the purpose of ascertaining the views with regard to the implementation of the Gajendragadkar committee's recommendations.

SHRI NIHAR LASKAR : What action have Government taken in so far as the implementation of those recommendations at least by the Central Universities is concerned ?

SHRI SIDDHARTHA SHANKAR RAY : So far as the recommendations are concerned, to be implemented they have to be given some sort of statutory form.

With regard to the Central Universities, the Government would certainly take action, but, obviously it cannot take action in isolation and the Central Universities cannot have a system entirely different from the non-Central Universities. Therefore, my hon. friend will realise that we will have to wait a little, but I hope not for too long

SHRI N. SREEKANTAN NAIR : The scheme of students' participation in the University affairs has been in force in three Universities, viz., Kerala, Maharashtra and Calicut. What is its impact on the students' discipline and behaviour in general and if it is positive, will the Government try to give representation to the students in other Universities also ?

SHRI SIDDHARTHA SHANKAR RAY : My hon. friend wants that there should be some sort of participation by students in the affairs of the universities. In so far as the Gajendragadkar Committee's report is concerned, it has suggested that there should be some sort of students' representation in the courts but not in the Academic Councils or in the Executive Councils, but it has felt that participation of students in affairs which really concern them would have a good effect

and in places where this has been tried on an *ad hoc* basis, the results are not unsatisfactory.

SHRI ATAL BIHARI VAJPAYEE : Am I to understand that the Central Government has accepted the recommendations made by the Gajendragadkar Commission in principle ?

SHRI SIDDHARTHA SHANKAR RAY : In principle the Central Government has accepted the recommendation of the Gajendragadkar Commission but with regard to details, obviously, it is awaiting the views of the Universities and also of the Chancellors of the various Universities.

श्री सरजू पांडे : क्या यह बात सही है कि गजेन्द्रगडकर कमेटी ने यह रिपोर्ट दी थी कि बनारस हिन्दू यूनिवर्सिटी में से उस बिल्डिंग को हटा दिया जाय जिसमें आर० एस० एस० के लोगों को ट्रेनिंग दी जाती है... (व्यवधान)...

SHRI ATAL BIHARI VAJPAYEE : How does it arise out of this ?

SHRI INDRAJIT GUPTA : It arises out of this. It is quite relevant. (*Interruptions*)

MR. SPEAKER : Order, order. The question is about students' participation and not about political parties.

SHRI INDRAJIT GUPTA : It is quite relevant ; please see the second part of the question. What is wrong with it ? It is quite relevant.

श्री सरजू पांडे : मैं यह जानना चाहता हूँ कि गजेन्द्रगडकर कमेटी ने क्या यह सिफारिश की है कि आर० एस० एस० की बिल्डिंग को यूनिवर्सिटी के प्रांगण से हटाया जाय और इस के बाद भी इसके बड़े बड़े नेता वहाँ झगड़ा मचाए हुए हैं...

AN HON. MEMBER : It is *sub-judice*.

श्री सरजू पांडे : इसके बारे में मंत्रालय की क्या राय है और उस संबंध में क्या कार्यवाही की जा रही है ? ... (व्यवधान) ...

अध्यक्ष महोदय : अभी आज जरा आहिस्ता आहिस्ता जोश में आयेँ, आज पहला दिन है ।

श्री हुकम चन्द कछवाय : शुरुआत तो करने दीजिए ।

SHRI SIDDHARTHA SHANKAR RAY : The report referred to by my hon. friend is another report, although it is also only by a Committee headed by Shri Gajendragadkar. There are recommendations with regard to the building of a particular organisation.

AN HON. MEMBER : R. S. S.

SHRI SIDDHARTHA SHANKAR RAY : The University, being an autonomous body, is looking into the matter and we trust and we hope that their recommendations will be taken into account by the University in a very serious manner.

SHRI SURENDRA MOHANTY : Have the Government made any evaluation of students' participation in such Universities and if so, has the students' participation resulted in curbing student lawlessness ?

SHRI SIDDHARTHA SHANKAR RAY : Government has certainly made an evaluation and Government believes that there should be some partnership and there should be some participation particularly with regard to students' welfare and other allied matters.

SHRI N. K. SANGHI : With regard to this question of students' participation in the university administration, may I know from the hon. Minister whether he has any information in his possession that the Vice-Chancellor of Jodhpur University has closed down the University without having a proper dialogue with the union there ? It is a very serious matter.

MR. SPEAKER : This question relates only to Gajendragadkar Commission. I do not allow that. If you want a specific reply on that, you may ask a separate question. It does not arise out of this question, which relates only to the Gajendragadkar Commission. Kindly sit down.

SHRI N. K. SANGHI : This relates to student's participation. I have discussed it with the students.

श्री बीरेन्द्र सिंह राव : अध्यक्ष महोदय, क्वेश्चन अवर का मतलब भी आप समझते होंगे। मुझे इन्फार्मेशन लेनी है। क्वेश्चन मेरे नाम पर स्टैंड करता है।

अध्यक्ष महोदय : आप के नाम की मोनोपली नहीं हो गई। आप ने दो क्वेश्चनस पूछ लिए हैं।

The gentleman asking the Question gets two chances just after the main Question. He does not participate later on.

SHRI VAYALAR RAVI : Will the Government circulate the report to get the opinion of the students from various Universities ? The Commission has recommended students' participation only in the Punishment Courts. I would like to know whether they will give representation to them in the administrative matters also.

So, will Government circulate the report for discussion and recommendation by the university students' unions ?

SHRI SIDDHARTHA SHANKAR RAY : The report is published and it is not very expensive. But so far as the views of the students are concerned, we shall try to ascertain them in some proper form. It will however not be possible for Government to send copies of the report to each and every one of the various college unions.

SOME HON. MEMBERS *rose*—

MR. SPEAKER : So many questions have already been asked on this matter. Why not pass on the next question ?

SHRI S. M. BANERJEE : I have already established my claim, Sir. I have a very good question to ask.

MR. SPEAKER : The fact that it may be a very good question does not mean that we should not pass on to the next question.

SHRI NAWAL KISHORE SINHA : There are points which arose from the answer of the hon. Minister and which need to be clarified.

MR. SPEAKER : There is no question of clarifications now. I am passing on to the next question.

SHRIMATI JYOTSNA CHANDA : I find from the statement that 102 plants and factories are going to be established in the country. May I know whether three factories which are going to be established in Assam will be established in the Fourth Plan ?

PROF. SHER SINGH : We have licensed for three factories in Assam in the Fourth Plan period, and we hope that these will be established in the Fourth Plan period itself.

SHRIMATI JYOTSNA CHANDA : May I know whether these factories which are going to be established in Assam would go into production within five years, and whether they would be able to feed the whole of Assam ?

PROF. SHER SINGH : It is not possible for me to say. It depends upon the gentlemen who will start these factories. We have recently given these licences, and it is for them to start these factories, and it depends upon them whether they will begin production within five years. As for self-sufficiency for Assam, it is difficult to say, because that will depend upon the quantum of production from these factories.

SHRI K. S. CHADVA : Keeping in view the fact that there is a shortage of groundnut oil in the country, I would like to know whether Government intend to...

MR. SPEAKER : I have not called the hon. Member...

SHRI S. M. BANERJEE : I would like to know who asked him to put his question.

SHRI ATAL BIHARI VAJPAYEE : Sir, this is a reflection. You have allowed him.

MR. SPEAKER : He does not give me a chance to speak. What I can do ?

SHRI K. S. CHADVA : In view of the shortage of groundnut oil in the country, may I know whether Government intend to put a ban on the use of groundnut oil by the factories producing vegetable oil ?

PROF. SHER SINGH : We have no intention to put a ban on the use of groundnut oil directly by those who take vegetable oils. We cannot stop all these people from using groundnut oil. I know that there is a dearth of groundnut oil in the country, and we are supplementing it wherever necessary by soya-bean oil for Vanaspati factories.

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : (a) and (b). The oil jetty for handling oil tankers, forming part of the Haldia Project, has already been in commission since August, 1968. As regards the Dock System, the original target date for completion and commissioning was the end of 1971. There has, however, been a slippage in the time-schedule to the extent of a little over one year due to various factors such as the magnitude and complexity of the work involved, the change in the dimensions of the lock on the basis of anticipated availability of deeper drafts as assessed after detailed hydraulic studies, certain difficult technical problems encountered by the Calcutta Port Commissioners in lowering the water table at the lock entrance to the Dock System to enable deep excavation being carried out prior to undertaking construction, general shortage of reinforced steel and sheet piles, low productivity of labour and unanticipated difficulties in working conditions during the monsoon period reducing considerably the availability of working time per year, delay in supply of ore and coal loading plants by the Mining and Allied Machinery Corporation and delay on the part of certain other indigenous manufacturers in supply of the equipment. According to present indications, the Dock System is expected to be commissioned in April, 1973 when berthing facilities for vessels other than oil tankers are expected to be available.

कृषि मंत्रालय में राज्य मंत्री (श्री अण्णा-साहिब पी० शिन्दे) : (क) 'कृषि और भारत का भविष्य' (और न कि भारत के आयोजन में कृषि) पर एक 6 दिन की गोष्ठी भारतीय कृषि अनुसन्धान परिषद और भारतीय कृषि अनुसन्धान संस्थान के सहयोग से भारतीय प्रेस संस्थान ने 30 अगस्त से 4 सितम्बर, 1971 तक की।

ग्रामीण और नगरीय क्षेत्रों में बेघर लोगों के लिए मकान

47. डा० लक्ष्मीनारायण पांडेय :

श्री हुकम चन्द कछवाय :

क्या निर्माण और आवास मंत्री यह बताने की कृपा करेंगे कि :

(क) ग्रामीण और नगरीय क्षेत्रों में कितने बेघर व्यक्ति हैं और उनके लिए अनुमानतः पृथक-पृथक कितने मकानों की आवश्यकता है ; और

(ख) ग्रामीण और नगरीय क्षेत्रों में आवास सुविधायें प्रदान करने के लिए क्या प्रबन्ध किए गए हैं ?

निर्माण और आवास मंत्रालय में राज्य मंत्री (श्री आई० के० गुजराल) : (क) देश के ग्रामीण और नगरीय क्षेत्र में गृह-हीन लोगों के सन्बन्ध में कोई विश्वसनीय व्यौरा उपलब्ध नहीं है । 1971 की जनसंख्या के दौरान देश में आवास की स्थिति के बारे में कतिपय सूचना एकत्र की गई थी, किन्तु सारणीबद्ध परिणाम अभी तक

प्राप्त नहीं हुए हैं । तथापि, चतुर्थ पंचवर्षीय योजना के लिए अध्ययन टोली ने योजना के आरम्भ, अर्थात् अप्रैल 1969, में अनुमान लगाया था कि ग्रामीण और नगरीय क्षेत्र में मकानों की कमी क्रमशः 718 लाख तथा 119 लाख एकक थी । इस कमी में कच्चे और टूटे फूटे मकान शामिल हैं (जिनका पुनः स्थापन और पर्याप्त सुधार आवश्यक है) तथा यह धारणा इस बात पर आधारित है कि प्रत्येक परिवार के पास एक पृथक तथा उचित प्रकार का एक स्थायी रिहाइशी एकक हो ।

(ख) इस विशाल कमी और अपेक्षित धन राशि को ध्यान में रखते हुए सरकार के प्रयत्न मुख्यतया निम्न आय वर्ग के व्यक्तियों के मकानों की स्थिति में सुधार करने के लिए किए गये हैं । इस बात को ध्यान में रखते हुए निर्माण और आवास मंत्रालय ने निम्नलिखित सामाजिक आवास योजनायें उनके सामने दिये गये वर्षों से बनाई हैं—

- (1) औद्योगिक कर्मचारियों तथा समाज के आर्थिक दृष्टि से कमजोर व्यक्तियों के लिए एकीकृत सहायता प्राप्त आवास योजना । 1952
- (2) निम्न आय वर्ग आवास योजना । 1954
- (3) गन्दी बस्ती सफाई-सुधार योजना । 1956
- (4) बागान कर्मचारियों के लिए सहायता प्राप्त आवास योजना । 1956
- (5) ग्रामीण आवास परियोजना स्कीम । 1957
- (6) मध्यम आय वर्ग आवास योजना । 1959
- (7) भूमि अर्जन और विकास योजना । 1959
- (8) राज्य सरकार के कर्मचारियों के लिए किराया आवास योजना । 1959

इन योजनाओं का कार्यान्वयन वास्तव में राज्य सरकारों तथा संघीय क्षेत्रों के प्रशासनों द्वारा होता है । राज्य क्षेत्र के सभी कार्यक्रमों,

जिसमें आवास शामिल है, के लिए राज्य सरकारों और संघीय क्षेत्र प्रशासनों को केन्द्रीय सहायता "खण्ड ऋणों" और "खण्ड अनुदानों" के रूप में उपलब्ध की जाती है। राज्य और संघीय क्षेत्र प्रशासनों को इन योजनाओं के लिए, उनकी प्राथमिकता और आवश्यकताओं के अनुसार, धन नियत करने की स्वतंत्रता है।

2. आवास और नगर विकास निगम नामक केन्द्रीय सरकार का एक उपक्रम 10 करोड़ रुपये के शेयर पूंजी से स्थापित किया गया है जो राज्य सरकारों और उनकी सांविधिक अभिकरणों के आवास और नगरीय विकास परियोजनाओं के लिए पूंजी की व्यवस्था करेगा। निगम द्वारा अगले कुछ वर्षों में अतिरिक्त साधनों के जुटाए जाने और उन्हें आवर्तन निधि के रूप में प्रयोग किए जाने की आशा है।

3. इस मंत्रालय ने केन्द्रीय क्षेत्र की योजना के रूप में ग्रामीण क्षेत्र में भूमि-हीन कर्मचारियों के लिए मकान स्थलों की व्यवस्था करने के लिए हाल ही में एक नई योजना बनाई है। इस योजना के अन्तर्गत, राज्य सरकारों और संघीय क्षेत्र के प्रशासनों को पात्र व्यक्तियों को बिना मूल्य मकान स्थल देने के लिए शत-प्रतिशत अनुदान की सहायता उपलब्ध की जायेगी।

बाढ़ के कारण बिहार द्वारा रबी फसल के लिए बीजों की मांग

59. श्री कमल मिश्र मधुकर :
श्री ज्ञानेश्वर प्रसाद यादव :

क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या यह सच है कि इस वर्ष बिहार में अभूतपूर्व बाढ़ के परिणामस्वरूप फसलों को हुई भारी क्षति के कारण, बिहार सरकार ने केन्द्रीय सरकार से रबी की फसल के लिए बीजों की कितनी मात्रा की मांग की है और अब तक उसमें से कितनी मात्रा की सप्लाई कर दी गई है।

(ख) क्या केन्द्रीय सरकार बिहार सरकार की आवश्यकताओं के अनुसार रबी फसल के लिए बीजों की सप्लाई करने के लिए तैयार नहीं हैं ;

(ग) यदि हां, तो इसके क्या कारण हैं।

(घ) केन्द्रीय सरकार द्वारा बिहार के सभी जिलों को समय पर रबी फसल के लिए बीज

उपलब्ध न कर सकने के क्या कारण हैं ; और

(ङ) क्या इस का प्रमुख कारण प्रशासनिक ढील है या परिवहन सुविधाओं का अभाव ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णा-साहिब पी० शिन्दे) : (क) बिहार सरकार ने भारत सरकार से रबी 1971-72 के लिए लगभग 59,000 मीटरी टन बीजों की सप्लाई करने के लिए कहा था, इसमें अभूतपूर्व आढ़ बाढ़ों के कारण हुई कमी को पूरा करने के लिए अगस्त के अन्त में अल्पकालीन सूचना पर की गई मांग भी सम्मिलित है। अल्पकालीन सूचना के बावजूद भी भारत सरकार के कृषि मन्त्रालय ने रेल मन्त्रालय, भारतीय खाद्य निगम तथा अन्यो के समन्वय से, सप्लाई के लिए बहुत ही विशेष व्यवस्था की है। ज्ञात हुआ है कि मांग की गई मात्रा में से लगभग 50,000 मीटरी टन बीज लक्ष्य स्थान को पहले ही पहुँच चुका है। यह भी उल्लेख किया जा सकता है कि जहाँ तक बिहार सरकार द्वारा की गई विशेष रेलगाड़ियों के संचलन की मांग का सम्बन्ध है, उनके द्वारा 35 गाड़ियों का कार्यक्रम बनाया गया था जिसमें से एक गाड़ी का कार्यक्रम रद्द किया गया और शेष 34 गाड़ियों के कार्यक्रम को 4-9-1971 से 27-9-1971 की अवधि तक पूरा किया गया।

(ख) जी नहीं। उपरोक्त भाग (क) तथा निम्नलिखित भाग (ङ) को दृष्टि में रखते हुए प्रश्न ही नहीं होता।

(ग) प्रश्न ही नहीं होता।

(घ) उपरोक्त भाग (क) को दृष्टि में रखते हुए, प्रश्न ही नहीं होता।

(ङ) जैसा उपरोक्त भाग (क) में कहा गया है अभूतपूर्व बाढ़ों के कारण हुई कमी को पूरा करने के लिए बिहार सरकार से वर्ष 1971-72 के दौरान बीजों की सप्लाई की अत्यधिक मांग भारत सरकार द्वारा काफी देर बाद अर्थात् अगस्त, 1971 के अन्त में प्राप्त हुई। बिहार सरकार ने 35 विशेष गाड़ियों की मांग बताई,

जो उन्हें शीघ्र ही पंजाब से बिहार भेजी जाती थी। यहाँ तक कि सामान्य अवधि में के दौरान भी यह एक बहुत बड़ा आदेश था और इस अवधि के दौरान पंजाब से विभिन्न क्षेत्रों को भी अत्यधिक तथा आवश्यक खाद्यान्न भेजे जाने थे। इसके अतिरिक्त, इस क्षेत्र में कुछ अन्य अति आवश्यक सामान भी भेजे जाने थे। इसके बावजूद भी, इस मंत्रालय ने भारतीय खाद्य निगम तथा रेलवे से अनुरोध किया कि वे इस संचलन को केवल प्राथमिकता 'बी' ही न दे बल्कि यथार्थतः इसे अत्यधिक प्राथमिकता के आधार पर कार्यान्वित करें। प्रथम विशेष गाड़ी तदर्थ आधार पर दिनांक 4-9-1971 को भेजी गई। तत्पश्चात् बिहार सरकार द्वारा 34 और विशेष गाड़ियों के लिए बनाया गया कार्यक्रम 9-9-1971 से शुरू किया गया था। उसके बाद उनमें से एक विशेष गाड़ी बिहार सरकार द्वारा रद्द की गई और 9-9-1971 से 27-10-1971 तक की अवधि के दौरान, अर्थात् 48 दिनों के अन्तर्गत 33 विशेष गाड़ियाँ चलाई गईं। इस प्रकार अन्य मांग तथा रेलवे के महत्वपूर्ण संचलन के बावजूद भी संचलन का यह सम्पूर्ण कार्यक्रम यथा-संभव छोटी अवधि के भीतर पूरा किया गया। किन्हीं भी मानकों में यह एक उत्तम कार्य-निष्पादन था।

Talks with Chief Ministers of States Regarding Lowering of Ceiling of Land

61. SHRI P. VENKATASUBBAIAH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether Central Government has abandoned the idea of having another round of talks with State Chief Ministers on the question of lowering land ceilings ;

(b) if so, the reasons therefor ;

(c) whether the broad guidelines on land ceilings that emerged from the recent deliberations of the Central Land Reforms Committee have been forwarded to the State ; and

(d) if so, the reaction of the State Governments thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE : (SHRI ANNASAHEB P. SHINDE) : (a) to (d). The Chief Ministers' Conference on Land Reforms held in September 1970 decided to refer to the Central Land Reforms Committee the whole range of problems connected with ceiling on land holdings. After considering all aspects of the ceiling question the Central Land Reforms Committee made the following recommendations with a view to bring about a broad measure of uniformity in the ceiling laws of the different States :

(i) ceiling should be applicable for the family as a whole, the term 'family' being defined so as to include husband, wife and minor children ;

(ii) where the number of members in the family exceeds five, additional land may be allowed for each member in excess of five in such a manner that the total area admissible to the family does not exceed twice the limit for a family ;

(iii) the ceiling for a family of five members may be fixed within the range of 10 to 18 acres of perennially irrigated land or irrigated land capable of growing two crops. As soil conditions, productivity of land, nature of crop grown etc, vary from State and even

within the same State from region to region, the Committee considered it desirable simply to indicate a range within which the ceiling should be fixed instead of suggesting any rigid ceiling for the whole country ;

- (iv) For various other categories of land conversion ratios should be fixed taking into account availability of water, productivity, soil classification, crops grown etc. The absolute ceiling for a family of five, even in the case of dry lands should be put at 54 acres. This limit would be relaxable if there is special justification for doing so on account of the nature of soil rainfall, chronic drought conditions etc.
- (v) Exemptions in the existing State laws in favour of mechanised farms, well managed farms etc. should be withdrawn ;
- (vi) The exemption in favour of plantations of tea, coffee, cardamom, rubber, etc. should be carefully examined in consultation with the Ministries concerned and State Governments. Thereafter this and other types of exemptions should be discussed with the Chief Ministers in order to formulate the national policy.

The Government of India has accepted the recommendations of the Central Land Reforms Committee and requested the State Governments recently to give effect to them by suitable amendments in the ceiling laws. The question relating to exemptions is being examined by the Government of India and a decision in this regard will be taken in consultation with the Chief Ministers.

Central Study team to study Drought condition in Andhra Pradesh

62. SHRI P. VENKATASUBBAIAH : Will the Minister of AGRICULTURE be pleased to state :

(a) whether a Central Study Team visited Andhra Pradesh to study the drought conditions in the State recently ;

(b) if so, the findings thereof and the recommendations ; and

(c) the action taken by Government in the matter ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE : (SHRI ANNASAHAB P. SHINDE) : (a) Yes, Sir. A Central Study Team visited Andhra Pradesh in September, 1971, to make an on-the-spot assessment of the drought situation in the affected areas.

(b) and (c). The Team reported that drought conditions were fairly acute and the kharif crop had been badly damaged in all the districts that were visited by them. By and large, crops in the irrigated areas had not suffered very much. The rainfall that occurred in August, 1971, and thereafter, is likely to save some of the crop though, even in this case, the yield would be below the normal.

2. The Team recommended Rs. 18.50 crores (Rs. 10.00 crores as relief items and Rs. 8.50 crores as distress taccavi and short-term loan for agricultural inputs) as ceiling of expenditure on drought relief measures in the State for the purpose of Central assistance. This ceiling of expenditure has been accepted by the Government in full. The team has also recommended that a further review of the drought situation may be made sometime in November, 1971. The State Government has been asked to furnish the necessary information in this connection.

Loan assistance of Rs. 2.00 crores has already been released to the State Government for drought relief measures. A short-term loan of Rs. 8.41 crores has also been sanctioned for agricultural inputs. At the request of State Government, 40,000 tonnes of raw rice have been allotted to them from the Central Pool.

Clashes of D.T.U. staff with students

63. SHRI P. VENKATASUBBAIAH : SHRI R. S. PANDEY :

Will the Minister of SHIPPING AND TRANSPORT be pleased to state :

(a) whether attention of the Government

has been drawn to the Delhi Transport Undertaking staff clashes with students recently ;

(b) if so, the reaction of Government thereto ; and

(c) the steps taken or proposed to be taken to meet this catastrophe and put an end to the same ?

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT : (SHRI RAJ BAHADUR) :

(a) Yes.

(b) and (c). By an Ordinance issued by the President on the 3rd November, 1971, the management of the Delhi Transport Undertaking has been transferred to a statutory Corporation set up under the Road Transport Corporations Act, 1950, with a view to improve the working of the Undertaking and efficiency of its services. Estimate of decline in sugar production

64. **SHRI RAMKANWAR :** Will the Minister of AGRICULTURE be pleased to state :

(a) whether sugar production is likely to decline during the current year ;

(b) if so, the reasons therefor ; and

(c) what efforts if any, are being made to attain normal supply and availability of sugar in the country ?

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (PROF. SHER SINGH) : (a) According to present indications the production of sugar during the current year is likely to be less than that during the last year.

(b) Decline in sugar production in 1971-72 can be attributed to

(i) fall in area under sugarcane in the country as whole and a larger fall in the factory zones in some important sugar producing States ;

(ii) damage to the standing sugarcane crop by excessive rains, floods and pests in some areas and by drought in some others ; and

(iii) likely diversion of sugarcane to manufacture of gur on account of its prevailing high price.

(c) The sugar factories are expected to maximise sugar production by paying for sugarcane a price higher than the minimum fixed by the Central Government in view of the current level of price of sugar. The following steps have also been taken with a view to augment sugar production during 1971-72—

(1) A rebate in excise on sugar has been allowed as under :—

(i) On sugar produced by a factory during the period 1st October 1971 to 30th November 1971 which is in excess of 80% of the production of the factory concerned in the corresponding period during 1970-71 Rs. 17/- per quintal

(ii) On sugar produced during the period 1st December 1971 to 30th September 1972 in excess of 80% of the production of that factory during the corresponding period in 1970-71 Rs. 16/- per quintal

(2) State Governments have been requested to consider grant of rebate in purchase

tax on sugarcane crushed by sugar factories on the lines of the rebate in excise duty granted by the Central Government.

(3) State Governments have been requested to consider the desirability of banning establishment of new power crushers and khandsari units in sugar factory areas within a radius of 10 miles and also to restrict the working of existing power crushers and khandsari units in these areas.

(4) Forward trading in gur has been suspended with effect from the 18th October, 1971.

(a) The Vice-Chancellor has already published a detailed account of the reasons which led to the closure of the University. A copy of the report is being laid on the Table of the House.

(b) Teaching was suspended in all the Faculties, except the Faculty of Education and the three schools maintained by the University, viz., Central Hindu Boys' School, Central Hindu Girls' School and Ranvir Sanskrit Pathashala.

(c) The Government appreciates the decision of the University to resume teaching in many of the Faculties. The University authorities have assured the Government

(c) whether it is proposed to increase the number of seats for foreign students in the Medical Colleges and provide them with better hostel and other facilities ; and

(d) if so, the steps taken in this regard ?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY PLANNING (PROF. D. P. CHATTOPADHYAYA) : (a) As compared to the previous two years, the number of foreign students seeking admission in the Indian Institutions imparting medical education was less this year.

(b) Due to limited number of reserved seats in medical colleges, it has not been possible to accommodate all the foreign students.

(c) and (d). The State Government have been addressed to find out whether they can increase the seats in the medical colleges for self-financing foreign students on payment basis and provide them adequate facilities.

67. SHRI R. S. PANDEY : Will the Minister of EDUCATION AND SOCIAL WELFARE be pleased to state :

(b) whether this is due to the fact that adequate employment opportunities are not available for them and that they cannot afford higher education ; and

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. S. NURUL HASAN) : (a) Though cases of student indiscipline are reported from time to time, it cannot be said in the absence of statistical information that these are growing fast and that students are participating in strikes and agitation in increasing numbers.

(b) Student indiscipline is due to a variety of factors, including those referred to by the Honable Member.

(c) The University Grants Commission, within the limited resources available with it, is making earnest efforts to improve the quality and content of higher education in accordance with its statutory responsibility. The Commission has also undertaken several programmes for students welfare. Steps are also being taken for greater participation of students in the affairs of the Universities. SHRI N. K. SANGHI :

THE MINISTER OF STATE IN THE MINISTRY OF AGRICULTURE (SHRI ANNASAHEB P. SHINDE) : (a) The Press report has come to the notice of the Government.

No alternative machinery has been set up by the State Government and they have entrusted the Kharif procurement operations during 1971-72 to the Food Corporation of India. During the crop year 1970-71, the Corporation had to utilise the services of trader agents in its procurement operations. This had given rise to complaints regarding malpractices. For the crop year 1971-72, it has been decided to replace the system of trader agents by cooperatives which are being suitably strengthened for this purpose.

Management. As a result of this meeting representatives of the Ministry of Shipping and Transport, the Delhi Administration, the D.T.U. and the University Authorities got together to discuss the question of adequacy of the transport arrangements for the students in particular and to make concrete recommendations to overcome the problem.

(b) 91 incidents took place during the months of July, August and September, 1971, in which students stopped and stoned the D.T.U. buses or set them on fire.

(c) The main recommendations of the Committee were as under :

- (i) D.T.U. authorities should immediately introduce additional services on 21 agreed routes for the students and also ensure increased frequency of trips for catering to the needs of the students residing in difficult areas.
- (ii) Joint Committees should be set up in each college consisting of representatives of students, D.T.U. Workers, D.T.U. Management and College Authorities. The seven Zonal Committees, already set up by the University authorities, should continue. One Apex Committee consisting of representatives of the University, D.T.U. Management and drivers and conductors should also be set up to maintain liaison with the college committee and the Central Government. These recommendations have been implemented.

Recently, the University authorities carried out a survey of the travelling requirements of the students community and, on the basis of this survey, some further recommendations were made for adjustment in the existing services and introduction of additional services.

The main recommendation relating to the introduction of a new bus service from Ramakrishna Puram to Arya Samaj Road *via* the Ridge at a frequency of 30 minutes throughout the day has already been implemented. 774 additional trips have also been provided through adjustment of schedules and commissioning of new and renovated buses. Some of them have been partially met and the remaining ones are under consideration of the Delhi Transport Corporation.

The Corporation is doing its best to improve the transport facilities for students. The arrangements so far made have been found to be satisfactory.

THE MINISTER OF STATE IN THE MINISTRY OF EDUCATION AND SOCIAL WELFARE AND IN THE DEPARTMENT OF CULTURE (PROF. S. NURUL HASAN) : (a) and (b). Out of the five Central Universities, Banaras Hindu University had to be closed down *sine die* on September 13, 1971 on account of the threatened general strike, hunger strike by some students, 'gherao' of the Vice-Chancellor, manhandling of teachers and other acts of

SHINDE) : In the Conference held on 13th October, 1971, the Chief Ministers reviewed the Kharif food policy and price policy for 1971-72 season in the light of the recommendations of the Agricultural Prices Commission with particular reference to :

- (i) Target of procurement for Kharif cereals ;
- (ii) Procurement prices for Kharif cereals ; and
- (iii) Inter-State movement restrictions on foodgrains.

They also reviewed the public distribution system and the measures for extending its scope.

The following recommendations were made by the Conference on the above :

- (1) Even though it was felt that in view of crop being affected by drought and floods in some parts of the country, the target of 4.3 million tonnes of rice recommended by A.P.C. is somewhat high, it was agreed to make all possible efforts to achieve the same.
- (2) No target was fixed for coarse Kharif grains. All quantities of coarse grains offered by cultivators and falling within prescribed specifications will be purchased at the procurement prices.
- (3) It was decided that the present inter-State movement restrictions on rice should continue.
- (4) It was generally agreed that the procurement prices of all Kharif cereals, viz., paddy, rice and coarse grains should continue at the last year's level. Marginal adjustments in price of paddy/rice could be considered in the case of J and K, Tamil Nadu and Orissa as recommended by A.P.C.
- (5) It was decided that immediate steps will be taken to strengthen the public distribution system in order to keep the prices under check and to protect the interests of consumers especially those belonging to the weaker sections of the society.

The recommendations have been accepted by the Government and action has been taken to implement the same.

**THE MINISTER OF STATE IN THE
MINISTRY OF HEALTH AND FAMILY**

PLANNING (PROF. D.P. CHATTOPADHYAYA) : (a) and (b) In the Workshop on "Water in Man's life in India" organised in September, 1971 by the Indian National Science Academy in New Delhi, the problem of contamination of water on account of variations in pressures and the need to develop protective measures was discussed. It is a known fact that intermittent water supply runs the hazard of contamination in the distribution system due to negative pressures. When there is variation of pressure, contamination occurs through broken pipes or faulty joints. Water supply in most of the towns and cities in the country is of intermittent character due to general shortage of drinking water.

(c) To safeguard against such contamination, most of the cities take sufficient precautions to avoid negative pressure as sufficient chlorination also to keep in the distribution system. Bacteriological tests are also carried out on samples collected from the system to ensure that the quality of water is safe for human consumption.

Shortage of Houses during Fourth Plan

112. SHRI BHOGENDRA JHA : Will the Minister of WORKS AND HOUSING be pleased to state :

(a) the extent of shortage in housing in India during the Fourth Plan period ; and

(b) the measures adopted to meet this shortage ?

THE MINISTER OF STATE IN THE MINISTRY OF WORKS AND HOUSING (SHRI I. K. GUJRAL) : (a) No reliable statistics in this regard are available at present. Certain data on the shortage of housing in the country has been collected during 1971 census but the same has not yet been processed. However, the Working Group on housing for the Fourth Plan had estimated that at the beginning of the Fourth Five year Plan (1st April, 1969), the shortage of housing in the country amounted to 837 lakh units. This figure included katcha and dilapidated houses (requiring replacement or substantial improvements) and was based on the assumption that each household in the country should have a separate dwelling unit of a reasonably permanent character.

(b) Keeping in view the colossal shortage and the extent of funds required, Government's efforts have been mainly directed at ameliorating the housing conditions of persons in the lower income brackets. With this end in view, the Ministry of Works and Housing introduced several Social Housing Schemes which are implemented by the State Government and Union Territories.

However Central assistance for all State Sector programmes, including housing, is being made available to the Governments of States and Union Territory Administrations in the form of 'block loans' and 'block grants'. The States and Union Territory administrations have the freedom to allocate funds for these schemes in accordance with the priorities and requirements determined by them.

2. A Central Government undertaking called the Housing and Urban Development Corporation has been established to finance housing and urban development project of State Governments and their statutory agencies. The Corporation is expected to mobilise resources of the order of Rs. 200 crores over the next few years and utilise the same as a revolving fund.

3. This Ministry have recently introduced a new scheme for the Provision of House-

sites to Landless Workers in Rural Areas as a Central sector scheme. Under this Scheme, 100% grant assistance will be made available to State Governments and Union Territory Administrations to enable them to provide house-sites free of cost to eligible persons.

The rates of rent or lease depend on the situation of the plot and its user. There is no standard rent. Generally, the current letting rates, based on the market value of the land at the time of letting out plots are charged. The Port Trust has provided for revision of rents at the time of renewals of leases.

(c) Factories, warehouses, etc. have been built by lessees on Port Trust land where permitted under the terms of lease. tenancy, user and the market value of land. It is not permissible in all cases for tenants to sublet the structures constructed on Port Trust lands.

(d) So far as the monthly tenancies and 15-monthly leases are concerned, the last revision of rates of rent was made in October, 1968 and a further revision is being brought into effect by the Port Trust from the next month. In regard to long term leases also, Government have impressed upon the Port Trust the desirability to review the existing formulae for levy of rent at the time of renewal of expired leases so that the Port Trust's income from estate rentals keeps pace with the increase in land values.

दूध की खपत में कमी

198. श्री आर० बी० बड़े : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या भारत में दूध की प्रति व्यक्ति खपत में कमी हुई है ;

(ख) क्या दूध की खपत में कमी का कारण उसके मूल्य में वृद्धि है ; और

(ग) यदि हां, तो इस बारे में सरकार का क्या कार्यवाही करने का विचार है ?

कृषि मंत्रालय में राज्य मंत्री (प्रो० शेर सिंह) : (क) जी हां।

सन् 1955-56 में 190 लाख मीटरी टन दूध उत्पादन की तुलना में सन् 1968-69 में दूध उत्पादन बढ़कर 216.1 लाख मीटरी टन हो गया, इसके बावजूद भी प्रति व्यक्ति दूध की खपत जो 1955-56 में 136 ग्राम थी वह 1968-69 में कम होकर 105 ग्राम रह गई।

(ख) प्रति व्यक्ति खपत (उपलब्धि) इस कारण नहीं बढ़ी है कि दुग्ध उत्पादन और मानव आबादी में समान अनुपात नहीं रहा। दूध खपत में कमी का एक कारण दूध के ऊँचे मूल्य और

जनता में खरीदने की पर्याप्त क्षमता का अभाव भी हो सकता है।

(ग) दूध की मांग को पूरा करने के लिए उत्पादन बढ़ाने की आवश्यकता को स्वीकार किया गया है। राष्ट्रीय पंचवर्षीय योजनाओं के अधीन केन्द्रीय और राज्य सरकारें पशु और डेरी विकास के लिए कई योजनाएँ चलाती रही हैं। कुछ अधिक महत्व की पशु विकास योजनाएँ, जिनका दूध उत्पादन से सीधा सम्बन्ध है, निम्नलिखित

(1) गहन पशु विकास परियोजनाएँ।

(2) आदर्श ग्राम योजना।

(3) विदेशी नस्लों के साथ संकरण।

(4) दाना और चारा विकास योजनाएँ।

(5) गोशाला विकास योजनाएँ।

(6) बड़े आकार की पशु प्रजनन फार्मों की स्थापना और सांडों की सन्तति सम्बन्धी परीक्षण।

(7) प्रजनन क्षेत्रों के लिए पशु पंजीकरण की योजनाएँ।

बिहार में चारे की कमी

199. श्री ज्ञानेश्वर प्रसाद यादव : क्या कृषि मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार राज्य में चारे की भारी कमी है ;

(ख) क्या चारे की कमी के कारण समूचे बिहार राज्य में लाखों पशु मर गये हैं ;

(ग) उक्त राज्य को चारा सप्लाई करने के लिए सरकार ने क्या कार्यवाही की है ;

(घ) उत्तर बिहार विशेषकर सहरसा, उत्तर मुंगेर, उत्तर भागलपुर और पूर्णिया जिलों को चारे के कितने बैगन भेजे गये ; और

(ङ) यदि इस बारे में कोई कार्यवाही नहीं की गई है, तो इसके क्या कारण हैं ?

कृषि मंत्रालय में राज्य मंत्री (प्रो० शेर सिंह) : (क) जी हां।

(ख) पशुओं में मृत्यु दर अत्यधिक थी। बिहार सरकार से अपेक्षित जानकारी प्रस्तुत करने का अनुरोध किया गया है और यथा समय इसे सभा-पटल पर रख दिया जायेगा।

(ग) केन्द्रीय सरकार द्वारा इस सम्बन्ध में निम्न कदम उठाये गये हैं—

(i) बिहार सरकार को चारा तथा पशु-आहार के मूल्य भंडारण और संचलन के नियंत्रण के लिए अत्यावश्यक वस्तु अधिनियम, 1955 के अन्तर्गत शक्तियों का प्रत्यायोजन किया गया है, जिससे राज्य में उपलब्ध सप्लाई को परिरक्षित किया जा सके।

(ii) पंजाब, हरियाणा, राजस्थान तथा मध्य प्रदेश सरकारों से अनुरोध किया गया था कि वे बिहार सरकार को अपने राज्यों में चारा प्राप्त करने के लिए आवश्यक सुविधायें प्रदान करें।

(iii) रेल मंत्री से अक्टूबर, 1971 में हरियाणा तथा पंजाब से बिहार के बाढ़ग्रस्त क्षेत्रों को पशु चारे का संचलन करने के लिए आवश्यक सुविधायें प्रदान करने का अनुरोध किया गया था।

(घ) रेलवे बोर्ड ने सूचित किया है कि 16 अगस्त, 1971 से 14 सितम्बर, 1971 की अवधि के मध्य, बिहार के लिए उत्तरी रेलवे के स्टेशनों से 2624 ब्राड-गेज तथा 238 मीटर-गेज चारे से भरी वैगनें भेजी गई थीं। इनके अतिरिक्त केन्द्रीय रेलवे के स्टेशनों से भी लगभग 152 ब्राड-गेज वैगनें बिहार को भेजी गई थीं।

रेलवे बोर्ड ने यह भी आश्वासन दिया है कि बिहार के लिए चारे की अधिकाधिक मात्रा की यथाशीघ्र लड़ाई के लिए प्रत्येक संभव सुविधा प्रदान की जायेगी। उत्तरी रेलवे भी बिहार के लिए चारे की लड़ाई और अधिक बढ़ा रही है।

सहरसा, उत्तरी मुंगेर, उत्तरी भागलपुर तथा पूर्णिया जिले जैसे विशिष्ट क्षेत्रों को भेजी गई चारे की बैगनों की संख्या के सम्बन्ध में कोई जानकारी उपलब्ध नहीं है। यह जानकारी एकत्र की जा रही है और यथासमय सभा-पटल पर रख दी जायेगी।

(ङ) प्रश्न ही नहीं होता।

बिहार में बैलों की खरीद के लिए
किसानों को ऋण

200. श्री ज्ञानेश्वर प्रसाद यादव : क्या कृषि मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या बिहार में चारे की कमी के कारण छोटे तथा मध्यम दर्जे के किसानों को बैलों की खरीद के लिए कोई विशेष ऋण देने के लिए सरकार का कोई योजना तैयार करने का विचार है ; और

(ख) यदि हां, तो उक्त योजना तथा ऋण देने की प्रणाली की मुख्य बातें क्या हैं ?

कृषि मन्त्रालय में राज्य मन्त्री (श्री अण्णा-साहिब पी० शिन्डे) : (क) और (ख). केन्द्रीय सरकार ने ऐसी कोई योजना नहीं बनाई है।

SHRI PRIYA RANJAN DAS MUNSI : It is for the criminals, not for the civilians.

MR. SPEAKER : I have not given my consent to any adjournment motion. *(Interruptions)*. I have not given my consent to any adjournment motion. If the members feel that there are reasons, they can meet me in my Chamber, but let them not raise this matter here *(Interruptions)*.

MR. SPEAKER : Will you please sit down ? *(Interruptions)* I have not allowed any adjournment motion. If you want to discuss the law and order situation, give a separate notice, but not through an adjournment motion. *(Interruptions)* I am not going to allow it.

SEVERAL HON. MEMBERS *rose*—

MR. SPEAKER : Order, order. I am very sorry I cannot allow this. I have not allowed any adjournment motion. They have not got my consent. There is no use obstructing the proceedings of this house. *(Interruptions)* I have not allowed it. Not at all. All if you are speaking together. *(Interruption)* No, please. It is too bad. They are obstructing the business of the house. *(Interruption)*

I do not accept this manner of Parliament's working. There are a number of other occasion when you can ask for a debate but you cannot make it an adjournment motion. *(Interruptions)* Order, order. Do not exhaust yourselves. I am so sorry that they do not allow me to follow the Order of business and they are interrupting the business of the House. They are not listening to anybody ; I cannot allow this. This is intolerable. *(Interruptions)* I am sorry ; this is not the way to plead for admitting an adjournment motion. If you go on like this it is no use.

Nobody is listening, all of you are speaking. I am sorry, this is not the way of getting the adjournment motion admitted. All of you are speaking without my permission, you are speaking outside the order of business, I am sorry I cannot allow it.

You do not allow me to read the rules, to read the directions. You are completely holding the House to ransom, I am not agreeable to that.

He raised a point and he forced himself on the House, but he would not listen to the ruling.

I think you must not go on further like this. What is the opinion of the House? Should I go on tolerating this ?

SEVERAL HON. MEMBERS *rose*—

SOME HON. MEMBERS : No, no.

MR. SPEAKER : May I request you not to obstruct the proceedings of the House ? You cannot force me to allow anything like this. Tomorrow another ten Members will get up and ask me to allow something else. No, I am sorry this cannot be done. Kindly sit down.

You do not allow me to speak. This is not the way of treating the House. There are a number of other ways of discussing this issue. The President's Rule is continuing in West Bengal not since recently but for quite some time. If you feel there is something wrong about the law and order situation, you can put it before the Business Advisory Committee and ask for a debate. You cannot force everything through an adjournment motion. It will mean those who shout more will have more opportunities. They do not deserve to be members of this House if everything has to be carried on by shouting. If everything is to be decided by shouting, let us retire and let the shouters run this Parliament. As Speaker, I have some patience, but I have lost it now. Kindly don't do it. You must abide by the ruling of the Chair. You cannot force yourselves like this. If things are to be decided by shouting, there is no use for this Parliament. If you think that the Speaker has no discretion except to allow it, I do not think we can run this House like this. I am very sorry. I cannot allow this. How long can we go on like this ? (*Interruptions*). It means all the others are dumb people ? I cannot allow it. Tomorrow some others will do the same thing. (*Interruptions*) I do not approve of the manner in which you are pressing for this... (*Interruptions*) I do not approve of this manner. I have not given consent to an motion. You cannot take it for granted. If you think that by behaving like this and some members getting up and shouting the Speaker will have to concede their demand, then I do not think there is any use of having.... (*Interruptions*) I have already mentioned that I have not allowed any adjournment motion. Then do you expect me to say immediately "No, I allow it" ? If anybody feels that I have taken a wrong decision, they can come to my chamber and convince me.... (*Interruptions*)

SHRI R.S. PANDEY (Rajnandgaon) : Sir, I would like to move that those hon. Members who are behaving in this fashion should be suspended.. (*Interruptions*).

MR. SPEAKER : May I again request hon. Members not to behave in this way but to

resume their seats. They can raise this issue in some other way, but not through an adjournment motion. They can raise it in the Business Advisory Committee, for instance. (*Interruption*).

SHRI INDRAJIT GUPTA (Alipore) : This is a burning issue on which some hon. Members on this side are very much agitated and that is why they have moved an adjournment motion. But there are several other issues on which we have given notice of adjournment motions. We do not feel any less strongly on this issue. But we did not raise it because you have said that it should be taken up after the Calling Attention Notice. That is why we were keeping quiet. Without going into that, now at least you should decide on some procedure. If Members are to be allowed to mention their adjournment motions and the importance they attach to them, please tell us at what stage you propose to hear them, us and everybody. But we cannot go on like that.

SHRI SHYAMNANDAN MISHRA : May I supplement him by making one submission ? It does not seem to be quite in order that you should be pleased to give a ruling on any adjournment motion at this stage because the adjournment motion would come only after the calling-attention and other things are taken up ?

SHRI INDRAJIT GUPTA : You can allow that even now. It is up to you.

SHRI SHYAMNANDAN MISHRA : I think, it should not have been your pleasure to rule it out at this stage.

MR. SPEAKER : They got up and neither listened to me nor to any other Member who wanted to speak nor to the Government. They did not listen to anything and said, "We will sit only if you allow our adjournment motion." That was the position. Therefore what I had done was to announce earlier what I had to announce afterwards.

SHRI SHYAMNANDAN MISHRA : But you have also to understand the state of feeling in the country that prevails because of the most atrocious and most scandalous activities of Government.

MR. SPEAKER : If you want to have a debate, I can put it to the Business Advisory

[Mr. Speaker]

Committee. You can have a debate on the general law and order situation. That will cover so much ground. These people can speak at that time. All others also, who are very anxious about it, can speak at that time. But there should be some method or procedure.

SHRI SHYAMNANDAN MISHRA : We are governed by Ordinances and you have been a mute spectator of all this. There have been so many Ordinances and the hon. Speaker, as the main guardian of Parliamentary democracy, does not have a word to say about it.

MR. SPEAKER : When the question of Ordinances comes, you can speak about it at that time. But the third item is the calling-attention motion. They are forcing this adjournment motion

SHRI JYOTIRMOY BOSU : May I quote the Rules of Procedure ?

MR. SPEAKER : If you force it like that at this time, I have not allowed it.

SHRI JYOTIRMOY BOSU : Your Direction cannot supersede the Rules of Procedure.

SHRI SAMAR GUHA (Contai) : You have constituted the West Bengal Consultative Committee. We have been sending requests and reminder after reminder for an immediate meeting of that consultative committee. But the Government did not care to call a meeting even after repeated reminders....(*Interruption*). Is this the democratic way of functioning ? I do not approve of what my friends are doing but a desperate situation has come about. We are requesting the Prime Minister and the Home Minister for a meeting. She promised in that last meeting that a meeting would be convened after 15 days. But three months have passed and not a meeting was convened. No reply was given. It is your duty to see that democratic institutions function. You have not seen to it. That is the reason why they are doing that.

SHRI JYOTIRMOY BOSU : This adjournment motion must come today, here and now.

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANS.

PORT (SHRI RAJ BAHADUR) : On behalf of this side may I say that we are not at all afraid to discuss any question about which any section of Members feels agitated ? We do not believe in banding accusations or words. If there is any problem which they want to discuss, it is entirely within your discretion whether you allow it or not. We shall stand by your ruling to the last. We are not afraid to discuss anything here. We welcome discussions. (*Interruption*).

SHRI S. M. BANERJEE (Kanpur) : Many of us have given adjournment motions on various subjects. There is one about West Bengal where the Government has failed. The State Government employees have been dismissed by special powers of the President. I have tabled an adjournment motion on the arbitrary dismissal of 32 Defence employees and 13 State Government employees. I have not received any reply to that.

The situation in West Bengal, whatever the Prime Minister said, is not as good as she said. It should be discussed. There are various subjects, the law and order situation, the use of special powers by the President, the misuse of Constitution, etc. All these things are there. I would request you, Sir, to reconsider the whole thing. We have tabled adjournment motions on West Bengal, the price rise, the Banaras Hindu University, etc. You may hold a meeting of the Business Advisory Committee today and decide about the whole thing.

MR. SPEAKER : I had noted it down before me. If it had been allowed to come in the proper business order, I would have mentioned it. When he raised a point of order, I told him, "Please listen to me." He said, "I will not listen." Then, there were shoutings and they were not willing to listen to me.

SHRI JYOTIRMOY BOSU : I beg your pardon....(*Interruptions*).

MR. SPEAKER : If you do not allow me to speak, then God helps ! This is what we have been following for all these years as per the Directions. As per Direction 2, it is (i) Oath or affirmation ; (i) Obituary references ; (iii) Questions ; (iv) Calling Attention Motion and then only comes the leave to move for an adjournment motion.

I had something in writing before me. I have not given consent. But those Members

who are dissatisfied can meet me in my chamber and convince me and I will review it. They do not allow me.

SHRI JYOTIRMOY BOSU : Rule 60 is quite clear.....

MR. SPEAKER : I need not give any reasons in the House when I disallow an adjournment motion.

SHRI JYOTIRMOY BOSU : Rule 60 is quite clear. You cannot supersede the Rules by Directions. ...(*Interruptions*).

MR. SPEAKER : That is why I said, "All right. If you want it now, you have it." Then, I had to say what I had to say.

SHRI INDRAJIT GUPTA : What about our adjournment motions ? (*Interruptions*)

INDRAJIT GUPTA : Please hear all of us and then you give your decision.

SHRI JYOTIRMOY BOSU : We are not going to leave it at that. The element of consent cannot be synonymous with the consent of the Ruling Party.

MR. SPEAKER : This is very wrong. You don't take so much liberty. Kindly don't do it. There are so many of them. You can have a meeting at 4 p.m. You can fix up a debate. But if you say you want my ruling, then I say that I do not give my consent. But if you say that if I do not give my consent, you won't allow the House to proceed.

SHRI JYOTIRMOY BOSU : You are sorry to disallow our motion: we are sorry to listen to it. We cannot listen to it.

MR. SPEAKER : If you don't want to put your case....(*Interruptions*) and if you don't want to go to the BAC and you don't want to have any other alternative—I go on giving you a number of alternatives....(*Interruptions*) but if you think there is only one way, I am so sorry I cannot allow it...(*Interruptions*) But if you think that you can do like that, nobody can prevent you. But, my advice is, 'Don't do it'.

SHRI SAROJ MUKHERJEE (Katwa) : The situation is so abnormal. It is not a normal situation.

MR. SPEAKER : You can put this before the Business Advisory Committee. We can fix sometime for it....(*Interruptions*) Is this the way you are doing.

AN HON. MEMBER : We want to put it before the House.

MR. SPEAKER : We have to go by certain Rules.

SHRI SAROJ MUKHERJEE : Whenever any adjournment motion is given, this has been rejected. That is why we are losing our patience. This is my sad experience. (*Interruptions*).

SHRI R. S. PANDEY : They are not obeying the ruling of the Speaker. They should be suspended from the House. They are reluctant to obey you...(*Interruptions*).

SHRI MOHAMMAD ISMAIL (Barrackpore) : You are killing our people. Your CRP is killing our people.

SHRI RAJ BAHADUR : I don't know what is troubling our friends there. When I have said on behalf of the Government and on behalf of my Party that we are prepared to discuss anything under the skies and which is in the interests of the country, we are ourselves keen to debate each and every false accusation and we want to show them in their true colours....(*Interruptions*).

SHRI PILOO MODY (Godhra) : These accusations are all correct. (*Interruptions*).

SHRI SHYAMNANDAN MISRA : Under the very nose of the Government outrageous things are done. The Personal Secretary of the Prime Minister goes to 7. Jantar Mantar and conducts operations and you don't have a word to say about this. (*Interruptions*).

MR. SPEAKER : Don't make it a free-for-all. Order please.

SHRI PILOO MODY : These accusations are all correct. (*Interruptions*).

SHRI DINEN BHATTACHARYYA (Serampore) : Please allow our Adjournment Motion. The people of West Bengal must have a chance to be heard.

SHRI SAMAR MUKHERJEE : Let them think over.

SHRI PILOO MODY : Of late, there has been considerable doubt in our minds about the procedures that are being followed. We have over here a Rule book which is occasionally observed, occasionally not observed and occasionally interpreted in a manner which none of us understands. So, I would like to make a submission that we spell out these Rules a little more explicitly so that all of us understand exactly where we stand because, of late, when we have been reading these Rules, I think, though we have a right to raise something, or to discuss a particular point, we find, and we come across, either in the House or in the Chamber, a negative attitude on the part of the office and the Secretariat and your honourable self, Sir, and we find that some good many points that we would like to discuss in the House—which it is within the purview of Parliament to discuss,—are not permitted, are not allowed a general hearing. That is why you find that some of our colleagues here are so agitated. They make a little more notice than we do, but they are agitated—just as we are agitated—about subjects which they are not permitted to discuss in this House. You may kindly tell us under which rule and under which procedure we can discuss these things in the House. By merely quoting a rule, you cannot shut out a subject. These subjects have to be discussed in Parliament. Otherwise Parliament serves no purpose at all. Therefore, my submission to you is this : Whatever be your ruling on this particular subject, before long, we should get down to the business of reorganising the procedure of Parliament, by which all subjects demanded by all Members can be discussed at length. Thank you.

SHRI R. S. PANDEY : My submission is this. You are the custodian of the privileges of the House. You are obliged to regulate the proceedings of the House. The question which is paramount before the House is whether, whatever decision you take should be obeyed or not. You have got every right to disallow any Adjournment Motion. You have given your decision and they are protesting against it. They are staging a protest. How are you going to tolerate this ? How you are going to allow us to tolerate this thing ? There is no question of demonstration against your ruling. I therefore move a formal motion that they should be suspended for 7 days in order to preserve the democracy of this country.

SHRI CHINTAMANI PANIGRAHI (Bhubaneswar) : Sir, I admire your patience,

and the way in which you have been holding your soul in patience all this time. The hon. Minister of Parliamentary Affairs has made your task easy. Now, the point of difference that arises is, about the point of time at which this particular subject must be taken up. You wanted to know the Government's mind, and the hon. Minister of Parliamentary Affairs has made your task easy now. He has said that Government are prepared for a discussion. Therefore, now, it is easy for you to kindly revise your ruling and let my hon. friends opposite know when the subject would be taken up.

SHRI RAJ BAHADUR : Shri Piloo Mody made a reference to the fact that noise was being made. I would submit that noise cannot be and should not be a substitute for rules. Rules must be observed.

SHRI JYOTIRMOY BOSU : Doctor, heal thyself.

SHRI PILOO MODY : I do not know what type of noise he is referring to.

SHRI DINEN BHATTACHARYYA : How can there be order in this House when everything is in disorder in West Bengal ?

श्री बी०पी० मोर्य (हापुड़) : अध्यक्ष महोदय, मैं भी एक व्यवस्था का प्रश्न उठाना चाहता हूँ। इस सदन की कार्यवाही किस तरह चलाई जाये, यह जिम्मेदारी आप पर जाती है। लेकिन मेरी सब से बड़ी आपत्ति यह है कि पिछले 45 मिनट से इस सदन में कोई कार्यवाही नहीं हो रही है। (व्यवधान) आप को ऐसी व्यवस्था करनी चाहिए कि सदन की कार्यवाही ठीक ढंग से चल सके। (व्यवधान)

SHRI A.K.M. ISHAQUE (Basirhat) : I would submit that we can discuss any permissible subject, subject to the rules and regulations. If the rules and regulations are not observed, and my hon. friends opposite are going to stall the proceedings in this manner, then nothing can be discussed. Therefore, I suggest that you may take the sense of the House, and I am sure you will be convinced that the sense of the House is that my hon. friends opposite are stalling the proceedings of the House, and if you are convinced of it, then I suggest that you may

take action against them, so that we the other Members can have our privilege.

SHRI DINEN BHATTACHARYYA : You must understand the situation that is prevailing in West Bengal and you must give us a patient hearing. (*Interruption*)

SHRI SAMAR MUKHERJEE : They have introduced the politics of murder in West Bengal. We want to tell the truth before this House. So, you may allow the adjournment motion.

SHRI JYOTIRMOY BOSU : The chief of the Government is present here. Her forces are committing these atrocities, killing and murdering people in West Bengal.....

MR. SPEAKER : Shri Piloo Mody made a reference to departure from the rules. May I know where there was departure from the rules ?

SHRI PILOO MODY : There have been several departures.

MR. SPEAKER But he never met me in my Chamber.

SHRI PILOO MODY : I have met you in your Chamber several times. You may not remember them but for me they were memorable occasions.

There is one more thing that I would like to add. When members get up, this is the platitude we are treated to : 'We are prepared to discuss anything ; it is only a question of time, procedure, form and the Speaker's consent'. But I can quote you a great many subjects which we had wanted to discuss in the last session of Parliament but which never managed to come to the House.

MR. SPEAKER : They were before the Business Advisory Committee. I am not to blame for it.

SHRI PILOO MODY : Last time, they were never discussed over here. I only made a suggestion to you, that you frame the rules in a manner in which whatever subjects we would like to discuss are permitted to be discussed. This is all the point I made. I am sure my colleagues over here will listen to this reasoning that provided we are allowed

to discuss matters and a procedure is set down without leaving things to rule or their interpretation, there will not be any trouble at all in the House.

SHRI JYOTIRMOY BOSU : May I make a submission. I am the author of the adjournment motion and I would like to say something on this.

MR. SPEAKER : Please let me have some time.

In so far as the Speaker is concerned, you expect him to run the House according to the rules and practice. The moment there is a little departure, any member gets up and draws my attention to it. The Speaker cannot go out of that.

So far as the fixing up of business is concerned, the Speaker does not do it. Everything is laid before the Business Advisory Committee where all the leaders of parties are there.

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Not everything.

SHRI SHYAMNANDAN MISHRA : Adjournment motions never come there.

SHRI SHRI JYOTIRMOY BOSU : We expect a correct statement from you.

MR. SPEAKER : So far as adjournment motions are concerned, there are certain precedents and previous cases. A few cases were settled by my predecessors. All these are kept in mind in coming to a decision. In my own ruling this morning, I just asked the hon. member to put his case when the matter came up according to the order of business. I said I had not so far given my consent, but if he thought he could convince me, he could discuss it with me in my chamber, as I am open to conviction. This has been the practice followed throughout. I honestly tell the House this has always been the practice. In case the Speaker says that he is not satisfied, the member concerned meets me and places before me the urgency of the matter. Perhaps then many things which are not mentioned earlier, which are not within the knowledge of the Chair, are brought to the notice of the Chair then. But what can I say now ? They do not listen to anything. They say 'Do it now or.....' (*Interruptions*)

[Mr. Speaker]

As far as the order of business is concerned, he raised certain points. The Directions from which I read out were framed by my predecessors. I have not added a single comma to them. I read them and pointed out that those have always been followed in this House.

SHRI PILOO MODY : You have added case law to it.

MR. SPEAKER : You can change the rules in the Rules Committee. Why blame the rules ? After all, I have to deal with 522 honourable eloquent members.

SHRI PILOO MODY : No, only about 25 members over here.

13. hrs.

MR. SPEAKER : Now, I thought we should not go to that extent. They should not have forced me to give my ruling. The position before me was that I would let you know later on when the turn comes, if I say that if you are satisfied we will sit together and you can tell me something about it, giving other views. Of course we have been revising these decisions. But if you say "No, nothing doing ; now or never,"...

SHRI JYOTIRMOY BOSU : That is the situation.

MR. SPEAKER : That is not the position. After all, we have to run this House, this parliamentary system ; there is a method of doing it. You could have easily come to my Chamber and I could have given my ruling after that. But you said, "Now or never." So, what can I do in this matter ? So, I thought I could adjourn the House for lunch so that you may calm down yourselves. We will reassemble at 2 p.m.

13-02 hrs.

(The Lok Sabha adjourned for Lunch till Fourteen of the Clock)

The Lok Sabha re-assembled after Lunch at Fourteen of the Clock.

[MR. DEPUTY-SPEAKER *in the Chair*]

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

Reported Concentration of Pakistani forces on Indian borders

SHRI S. M. BANERJEE (Kanpur) : I call the attention of the Minister of Defence to the following matter of urgent public importance and request that he may make a statement thereon :

"Reported concentration of Pakistani forces on Indian borders, loss of Indian life and property owing to Pakistani shelling and repeated violations of Indian air space by Pakistani aircraft."

THE MINISTER OF DEFENCE (SHRI JAGJIVAN RAM) : Mr. Speaker, Sir, the genesis of the tense situation on our borders with Pakistan lies in the confrontation between the military rulers and the people of Bangla Desh.

The House is aware of the terrible crack down by the Pak Army on Bangla Desh on the fateful night of 25th/26th March 1971. In an election held earlier for the first time after a decade, the people of Bangla Desh, gave their confidence to the Awami League and voted for its six point programme of autonomy. The military rulers of Pakistan instead of honouring the result of the election hurled defiance at the people of Bangla Desh and unleashed a terror, like of which has not been seen or heard before, on the fateful night of March 25th/26th.

In the process, unprecedented atrocities have been perpetrated ; hundreds of thousands of people have been done to death in cold blood ; villages have been burnt ; women have been dishonoured, and children maimed. The University of Dacca was a particular target for attack ; the armed forces concentrated on the intelligentsia, the youth and the minorities. Modern weapons of warfare, including tanks, armoured cars, even artillery and aircrafts have been used. This House has already extended its sympathies to the victims of this terror.

The people of Bangla Desh rose to a man in revolt. The East Bengal Regiments and

the East Pakistan Rifles offered resistance, with many members of the armed police joining them. Whilst seemingly engaged in negotiations with the Awami League, the military rulers had already brought nearly two Divisions of Pakistani troops into East Bengal. When they met with determined resistance large scale reinforcements were quickly brought in by air and sea. Later, large para-military forces, called the East Pakistan Civil Armed Force and Razakars have also been organised and are wreaking havoc in the country-side.

Men, women and children, Muslims, Hindus, Christians and Buddhists, fled from this unparalleled terror in an unending stream to seek shelter in India. The terror continues unabated ; so does the stream of refugees. It has reached the staggering figure of nearly 10 million people.

The genocide practised by Pakistan, the cruel attempt to destroy the culture and identity of the people of Bangla Desh, has evoked the sympathy of the entire world. The forcible expulsion of millions of men and women, of all creeds and ages, in a state of utter helplessness and exhaustion, constitutes, so far as we are concerned, a new kind of aggression. We could not but give them shelter and succour. Their continued stay in our country imposes intolerable strains on us ; threatens the stability of our economy, jeopardizes many of the fundamental values enshrined in our Constitution and has engendered social, economic, and political tensions. It is our wish that these refugees from terror return to their homes in honour, in dignity and in full safety.

The military rulers have so far done nothing to put an end to the terror or to create conditions in which the refugees could return to their homes. The efforts made by the people, the press, the governments of many nations have so far proved unavailing.

The people of Bangla Desh have been making their own efforts to make it impossible for the Pak Army to continue its reign of terror. A powerful resistance movement has grown around the East Bengal Regiment and the East Pakistan Rifles. Angry young men have joined in large numbers. The resistance offered by them has unnerved the Pak Army. Their successes have made them hopeful of early deliverance.

The military rulers have for the past many months been trying to divert the attention of the world from their misdeemeanours and mistakes by fastening and foisting the blame on India. We are guilty only of sympathising and supporting people in dire distress. The President of Pakistan, however, threatens to wreak vengeance upon us, if the Mukti Bahini succeeds in liberating their land from the clutches of Pakistani hordes who are perpetrating rape and rapine in Bangla Desh on a scale unprecedented in the recorded annals of history. On 30th July, 1971, President Yahya Khan threatened us with total war. On October 12th, in his address to the nation, the threat was renewed. In between, the armed might of Pakistan has been significantly reinforced and strengthened. War hysteria has been whipped up. A poster campaign to "Crush India" and "Conquer India" has been launched. The cry of Jihad has been raised.

To back up his threat of total war against India President Yahya Khan ordered large-scale movement of troops all along the Western Indo-Pak border. Opposite Rajasthan, Gujarat and East Punjab, Pakistan has moved its troops close to our border. Special attention has been paid to the Cease Fire Line in violation of the terms of the Karachi Agreement. Additional POK battalions have been raised, Frontier Corps troops have been brought in ; a large number of Mujahids has been activated, and an additional wing of Karakoram Scouts has been organised. All along the western border and the Cease Fire Line, enormous quantities of defence stores and ammunition have been piled up, close to the troops' locations. By the middle of October, almost the entire military might of Pakistan had been deployed, away from their cantonments, along our frontiers, in operational readiness. Since then the Pakistani forces have indulged in a series of provocative acts. There has been a large number of border violations, on land and also in the air. There has been extensive shelling of Indian territory by Pakistanis on our eastern borders resulting in considerable damage to property and also in loss of life and injury to a number of our own citizens and also to many refugees seeking shelter on our soil. Fire has been exchanged along the Cease Fire Line. Many acts of sabotage have been committed along our eastern frontiers in an attempt to disrupt our lines of communication.

[Shri Jagjivan Ram]

I do not, Sir, wish to exaggerate but the situation on our borders is very serious indeed. The Pak forces have the advantage of nearer interior lines. Their Armoured Divisions which have been put into a full state of readiness, are poised to act in full concert. The reports received by us indicate pre-emptive strikes on our airfields as part of their plans.

In such a situation, we have no alternative but to move our forces to our Western border. Today our Defence Forces are deployed along the eastern and western borders in a full state of readiness to meet all eventualities. The morale of our Jawan is very high. The morale of the people in the border districts is high: they have lent their whole-hearted support to the Defence Forces in organising our defence all along the border. Steps have also been taken to guard vital points and installations against sabotage and against air attacks. We are determined to defeat any attack on our territory and to carry the war, if need be, to the soil of the aggressor.

I trust our vigilance and preparedness will deter the military rulers of Pakistan from carrying out their threats to make war upon us for a third time. We do not propose to relax our vigilance or withdraw our troops from the borders, until a satisfactory solution is found to the situation in Bangla Desh which shall induce and enable the Refugees to return to their homeland. I wish the futility of militarily suppressing the people of Bangla Desh dawns on Islamabad and men in position of authority and influence heed the lessons of history and listen attentively to saner counsels. I fervently hope that Pakistani rulers persuade themselves to abandon the course on which they have embarked, to retract their threats to us and to find a political solution to Bangla Desh which will be acceptable to the already elected representatives of the people under the leadership of Sheikh Mujibur Rehman. This is the only course which will ensure democratic freedoms to all people on this sub-continent providing them an opportunity to devote themselves to the peaceful tasks of economic and social progress.

SHRI S. M. BANERJEE : I fully agree with the Minister when he says that the gene-

sis of the tense situation on our borders with Pakistan is the confrontation between the military rulers and the people of Bangla Desh. I am aware that with the intensification of the liberation movement in Bangla Desh by the brave and undaunted Mukti Bahini, the dictator of the military regime in Pakistan has completely lost his mental balance. Now they want to provoke our country for a war because they know that a solution lies only in internationalising the situation and taking it into the doors or lap of the UNO and having observers sent here so that the liberation movement in Bangladesh is stopped. Here I must take the opportunity to congratulate our brothers and sisters of the Mukti Bahini who are fighting relentlessly, and am so happy to know that certain areas have been out of the hands of Yahya Khan's regime and are controlled by the Mukti Bahini. I expected that during the beginning of the session we will definitely hear from the Prime Minister about the recognition of Bangladesh, especially after her visit abroad. I am sorry that even today the Hon. Prime Minister has not made any such statement.

To refresh our memory, may I say here that even today Pakistan violates our air space. I read in the newspaper *Patriot* that Pakistan Air Force Planes committed three violations of Indian space in Chamb within 15 minutes on November 14th, and a *Mirage* intruded into Indian space at 1.25 p.m.

I vividly remember the valiant role played by our jawans and officers during the 1962 and 1965 conflict and I am sure they will repel any aggressions in the future also. But the fact remains that we did not shoot down their aeroplanes when they intruded into our territory. Their planes came to Punjab, to Chamb and certain other places. Even Dum Dum can be bombarded from Jessore within three minutes by a jet. So, we want to know whether instructions have been issued to our jawans to shoot down their planes and, if so, how they have missed the mark. Why did we allow those planes, which came for a purpose which is known to the Defence Minister and to the entire country, to go back so merrily? I would like to have an answer to this question. Here I should like to make it very clear that I and my party are not advocating a war. We are not war-mongers and we do not want to create a war psychosis. It is good that we have issued instructions to our jawans not to

cross the border. But, at the same time, what steps have been taken to protect our border and create conditions in which their jawans are not able to cross our border and, in case they cross, they are shot down. I do not want the Minister to divulge any secrets and I am sure our jawans must be doing their duty. But the fact remains that on our borders in Tripura, in West Bengal, in Assam, in Kashmir and other places there is constant shelling by Pakistani troops with the result that the people living on our borders are in constant fear of death. People who have migrated from Comilla and have settled down in Agartala want the victory of the Mukti Bahini and they are prepared to make any sacrifices for that. The hon. Minister says that we are fully prepared to meet any eventuality which may develop from this explosive situation, and the situation according to him is quite serious. What steps have been taken to meet this challenge? On this particular issue the entire House would support this government. We want to know whether the life and property of those who are living in the border areas will be made safe by creating conditions in which the Pakistani forces are not able to cross the border and shoot down the innocent people of our country. I want the Defence Minister to answer these two pertinent questions.

I have read the entire statement of the Defence Minister and I must thank him for that. While the Mukti Bahini is fighting there, we on our part should see that our borders are properly protected. Last but not the least I would like to know one thing from the Defence Minister. If he is unable to answer that question, let the Prime Minister answer it. When we wish the success of the Mukti Bahini, when we wish the success of the Bangladesh against Yahya regime, when we are trying to mobilise world public opinion in favour of Bangladesh and the people who are dying and prepared to die for a sovereign Bangladesh, what are we going to do towards this end? Are we still silent spectators of their sorrow or are we going to recognise Bangla Desh?

SHRI JAGJIVAN RAM : The two previous supplementary questions are already covered by the reply that I have given. There is no doubt that there had been air violations, as I have stated in the statement, and hon. friends might have read in the newspapers that our aircraft had chased the Pakistani aircraft.

SHRI S. M. BANERJEE : But they missed their mark. That was also there.

SHRI JAGJIVAN RAM : You can draw your inference. But he wanted to know the instructions. It is obvious that the instruction is that if there is any intrusion, they should be chased away.....(*Interruption*)

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Or shot down?

SHRI JAGJIVAN RAM : So far as shelling on the eastern border in Tripura, Assam, Meghalaya and West Bengal is concerned, I have stated that there had been shelling. But I may assure the House that no Pakistan armed forces personnel has had the courage to come to or to cross the border. If they cross the border, they will be thrown out into Pakistan.....(*Interruption*). That is what the instruction is. The instruction is to silence the guns, I am sure, our jawans will do that. They have done that. But there is still, I repeat, instruction not to cross the border. As I have stated in the statement just now, if hostility breaks out and if aggression is committed, the instruction is to carry the war into Pakistan's soil.

So far as the question of recognition is concerned, it will be done at the appropriate time.

SHRI DASARATHA DEB (Tripura East) : It has been stated by the Defence Minister that if they enter our territory, our army will cross the border to push them out. But I want to state certain facts and also seek clarification from the Defence Minister.

The shelling of mortars and other fire has become a constant feature in the entire Tripura border. Practically not a single night passed without any shelling, particularly in Belonia, Sonamura, Agartala and Kamalpur towns. Three of these towns have been completely deserted by our people. Only the officials, who have been instructed not to leave the station, are staying there. Others are bound to shift because every day there is shelling. Very recently one very powerful mortar was fired at Agartala town itself where we lost six lives and 20 people were seriously wounded. They are staying in the hospital even now.

[Shri Dasaratha Deb]

Not only in these four headquarter towns but in the entire border area every day we are receiving these bullets and people are injured and killed. At Kamalpur town itself more than 50 people have already been killed during this month. At Kamalsagar, which is not a town but a border area, in Simna-Sidhai area, we lost 50 lives and many were injured. Due to the Pakistani shelling in the border area, huge damage has been done to crops, houses, cattle, etc. and the people have to shift from there.

So, when the Defence Minister says that our Jawans are ready to keep the border secure, I want to know from him what steps the Government is taking to provide relief to Indian nationals on the border area who have become almost refugees and have to shift to other places. What is the Government doing to provide relief to all these people who have been uprooted from there? If the matter is not settled, it is not possible for them to go back to their own places.

Secondly, the Defence Minister says that recognition of Bangla Desh will be done at an appropriate time. I do not know when this appropriate time will come. The Pakistani army who are concentrated on the border area are constantly shelling and causing casualties of Indian nationals. If you recognise Bangla Desh Government and if you help them materially, then the fighting potentiality of the Mukti Bahini will be strengthened and they will be able to push them out not only from the Indian border but also crush them within Bangla Desh itself.

I want to know from the Defence Minister how long this Government will be a prisoner of indecision regarding the Bangla Desh issue. When will the Government recognise the Bangla Desh Government?

SHRI JAGJIVAN RAM : About the question of shelling on Tripura border, and the hon. Member has specially mentioned Kamalpur and Belonia, I would draw his attention, because he comes from that area, to what the brave fighters of Mukti Bahini have done across Kamalpur and Belonia. He should not forget that. In that area, the Mukti Bahini has done wonderfully well and has pushed aside Pakistani forces and occupied the area. I know in the border towns and border villages,

a risk is involved. The local administration concerned will take all the requisite steps to relieve the hardships of the people in the border towns and villages.

So far as recognition is concerned, it is not on account of any indecision but it is a decision and the decision is that recognition will be given at the appropriate time. What will be the appropriate time will have to be judged in the context of many things.

As far as the Mukti Bahini's functioning is concerned, the House is aware of the activities of the Mukti Bahini in the land of Bangla Desh, in the sea and to some extent in the air, and the Mukti Bahini is getting all their requirements from a large number of citizens of Bangla Desh who are abroad, in Europe and in America, who have raised large funds and are helping the Mukti Bahini and the Bangla Desh Government with military hardware.

SHRIMATI MUKUL BANERJI (New Delhi) : First of all, I would like to take this opportunity to congratulate our Defence Minister for making such a good defence preparedness and making all necessary arrangements in the border areas. I would also like to congratulate the Prime Minister for explaining to the other countries of the world about the real conditions of Bangla Desh. But, as we have seen in many cases some countries which have never sided with us whenever in the past we had differences or bad relations with our neighbour, Pakistan, even those countries are siding with us because of the good diplomacy and the ableness of our leaders and also for the first time, our foreign policy has proved so successful throughout the world. But, in spite of that, if this continuous shelling and continuous intrusion goes on on our borders, I would like to know—though we are exercising restraint and in spite of so many provocations, the people are also maintaining great restraint—how long will the people be able to tolerate this?

I would also like to know from the hon. Defence Minister whether the hon Minister is aware that there is a small station, Radhikapur, which is the last station in West Dinajpur, which is being continuously shelled and the people are a little bit disturbed and many innocent civilians have been killed. What action is being taken in that place. I would also like to know this from the hon. Minister:

In Cachar and other districts of Assam a lot of sabotage is going on and in some places some political leaders are also giving protection to the saboteurs. So, what action is being taken to stop this sort of sabotage in the border areas ?

SHRI JAGJIVAN RAM : I have said that on the villages and areas on the borders this shelling is occasionally going on and our forces are behaving with the utmost restraint in the face of these uncalled for provocations and we will continue to be so. We will behave with restraint. We do not want to be provoked into a war. If war comes ; no doubt our jawans will face it and will face it manfully.

We have also taken steps as far as spies and saboteurs are concerned. In a situation like this, it usually happens that the hostile country sends a large number of spies and saboteurs. It is for our intelligence agencies to be wide awake and see that such nefarious elements are not in a position to commit undesirable activities. Our intelligence agencies are quite aware of this situation and they are active and a large number of spies and saboteurs have been detected and arrested.

श्री अटल बिहारी वाजपेयी : रक्षा मंत्री महोदय ने अपने वक्तव्य में जो कुछ कहा है उस के बाद भी बहुत से प्रश्न अनुत्तरित रह गए हैं। कभी कभी उनका वक्तव्य पढ़ने के बाद ऐसा लगता है कि सरकार परस्पर विरोधी बातें कह रही है। उन्होंने यह माना है कि पाकिस्तान ने करीब एक करोड़ लोगों को, अपने नागरिकों को हमारे देश में धकेल कर एक नये तरह के आक्रमण का सहारा लिया है। उन्होंने यह भी माना है, मैं उनके वक्तव्य से उद्धृत करना चाहता हूँ :

“The reports received by us indicate pre-emptive strikes on our air-fields as part of their plans.”

पाकिस्तान अचानक हमला करके हमारी वायुसेना को निष्प्रभावी बनाने का प्रयत्न कर सकता है। साथ ही वह यह भी स्वीकार करते हैं कि पाकिस्तान निरंतर सीमा पर गोली वर्षा कर रहा है, हमारे जवान मारे जा रहे हैं, नागरिक मौत का शिकार हो रहे हैं। प्रतिदिन

हमारी वायुसीमा का उल्लंघन किया जा रहा है। इसके बाद भी वह यह कहते हैं कि अगर पाकिस्तान ने हमला किया तो हमारे जवान उसका मुंहतोड़ उत्तर देंगे और हम लड़ाई दुश्मन की धरती में ले जायेंगे। क्या इसका अर्थ यह है कि हम किसी नए हमले की प्रतीक्षा कर रहे हैं ? क्या एक करोड़ लोगों को भारत में धकेलना जिस के कारण राजनीतिक अस्थिरता, आर्थिक तनाव, सामाजिक कड़वाहट पैदा हो रही है, आक्रमण का रूप नहीं है ? फिर हम किस आक्रमण की प्रतीक्षा कर रहे हैं ? एक तरफ कहा जाता है कि हम लड़ाई दुश्मन की जमीन पर ले जायेंगे और दूसरी तरफ रक्षा मंत्री महोदय इस का भी समर्थन करते हैं कि हमने जवानों को कह दिया है कि वे अपनी सीमा को पार करके न जायें। मैं जानना चाहता हूँ कि क्या बिना अपनी सीमा को पार किए हुए लड़ाई दुश्मन के घर में ले जाई जा सकती है या आप किसी और हमले का इन्जाम कर रहे हैं ? हम जानना चाहते हैं कि किम को आप हमला मानेंगे ? शरणाश्रितों को धकेलना हमला नहीं है ? प्रतिदिन वायुसीमा का उल्लंघन करना हमला नहीं है ? प्रतिदिन गोलीवर्षा करना हमला नहीं है ? हमारी सेना को यह अधिकार क्यों नहीं होना चाहिए कि जिस जमीन से बमबारी या गोली वर्षा करके हमारे नागरिकों को वे हताहत कर रहे हैं, हमारी सम्पत्ति का विनाश कर रहे हैं, जो शरणार्थी मरने से बचने के लिए हमारी शरण में आए हैं, उनको भी मौत के घाट उतार रहे हैं, उनके देश में घुसकर उन अड्डों को समाप्त कर सके ? यह स्थिति कब पैदा होने वाली है ? रक्षा मंत्री महोदय किस घड़ी की प्रतीक्षा कर रहे हैं ? यह सरकार कौन सा महूर्त देखने जा रही है ? अभी जो हुआ है, अगर वह हमला है तो किसी नए हमले की प्रतीक्षा करने की आवश्यकता नहीं है।

अभी रक्षा मंत्री महोदय कहते हैं कि हमने वायु सेना को कह दिया है कि उनके जो हवाई जहाज आते हैं उनको भगा दो, उनको पीछे करो। क्या रक्षा मंत्री महोदय को याद नहीं है कि 23

[श्री अटल बिहारी वाजपेयी]

जुलाई को उन्होंने दूसरे सदन में एक सदस्य के प्रश्न के उत्तर में क्या कहा था ? प्रश्न यह था :

Whether the Minister was prepared to give an assurance to the House that orders had been given to shoot the intruding Pakistani aircraft ; and the Minister replied : Well, Sir, I can give this assurance.

पहले कहा गया था कि पाकिस्तान के जहाज गिराये जायेंगे। अब कहा जा रहा है पाकिस्तान के जहाज भगाए जायेंगे। हम पाकिस्तान के जहाज गिरा नहीं सकते हैं। अभी तक उनका एक जहाज भी गिरा नहीं सके। उन्होंने इंडियन एयरलाइज के हमारे हवाई जहाज को अगवा कर लिया। गुजरात के भूतपूर्व मुख्य मंत्री श्री बलवंत राय मेहता किन परिस्थितियों में मारे गये थे, इसको यह सदन और यह देश भूल नहीं सकता है। हमारा कैनबरा भी गिराया गया था। हम कब तक अपनी वायुसेना का लगातार उल्लंघन बरदाश्त करेंगे ? हम पाकिस्तान का एक भी जहाज गिराने की स्थिति में नहीं हैं, यह मानने के लिए मैं तैयार नहीं हूँ। शायद वायु सेना को हवाई जहाज गिराने के आदेश नहीं दिए गए हैं। ऐसी स्थिति में मंत्री महोदय ने राज्य सभा में जो कुछ कहा था क्या वह गलत था, क्या वह वचन भंग करने के दोषी नहीं हैं, क्या वह सदन को गुमराह करने के दोषी नहीं हैं ? अभी भी क्या वह वायु सेना को आदेश देने के लिए तैयार हैं कि पाकिस्तान के हवाई जहाजों को गिराना चाहिए। उन्होंने हमारी स्थल सेना को जो आदेश दिए हैं कि वे दुश्मन की सीमा में न घुसों, यह आदेश भी वापिस लेने की आवश्यकता है। अगर दुश्मन अपनी जमीन से लगातार गोली वर्षा करेगा तो हमारी सेना को अधिकार होना चाहिए कि दुश्मन की सीमा में घुस कर जहाँ से गोली वर्षा होती है, वहाँ हमला कर उसको शान्त करें। जब मैं हमले की बात करता हूँ तो मैं बचाव के लिए हमले की बात करता हूँ। इनक्ल्यूड्ड डिफेंस अटैक। बचाव करने के लिए हमें हमला करना पड़ सकता है।

एक और प्रश्न है। रक्षा मंत्री महोदय कहते हैं कि सीमा से हमारी सेनायें तभी हटेंगी जब कोई समाधान निकलेगा, बंगला देश की समस्या का ऐसा समाधान जिसे पहले हुए निर्वाचित लोग स्वीकार करेंगे। जो पहले निर्वाचित हुए थे उन में से कुछ जेल में पड़े हैं, कुछ भूमिगत हैं। उनकी जगह जनरल याह्या खान नए लोगों का निर्वाचन कर रहे हैं। अबामी लोग से जो चुनाव में हार गए थे, जो परास्त हो गए थे, वे अब पूर्वी बंगाल की जनता के नुमाइंदे बन कर चुनकर आ रहे हैं। एक कठपुतली सरकार वहाँ कायम की जा रही है। इसके लिए वह वार्ता का नाटक रच सकते हैं। क्या उस स्थिति में जो पहले चुने गए लोग थे वे निर्भीक होकर, निष्पक्ष होकर निःसंकोच होकर अपनी बात कह सकेंगे ? क्या दुनिया की राय के भरोसे, विश्व की सहानुभूति की आशा में हम अपने राष्ट्रीय हितों की बलि चढ़ाने जा रहे हैं ? मैं नहीं जानता कि शेख मुजीबुर्रहमान जीवित हैं या नहीं। कल याह्याखान उन्हें छोड़ने का नाटक रच सकते हैं। बातचीत लम्बी चल सकती है। जो एक करोड़ लोग यहाँ आये हैं, उस समय उनका क्या होगा ?

रक्षा मंत्री महोदय ने पिछले दिनों कुछ बहुत अच्छे भाषण दिये हैं। अगर भाषण के अनुसार वह आचरण भी कर सकें, तब तो उन के भाषण इतिहास में अमर हो जायेंगे, नहीं तो उनके भाषण उन्हीं के मुँह पर मारे जायेंगे। क्या भारत सरकार का कोई प्रवक्ता यह कहने के लिए तैयार है—मैं रक्षा मंत्री से पूछना चाहता हूँ—कि जब तक बंगला देश आजाद नहीं होगा, और स्वाधीन बंगला देश में एक गैर साम्प्रदायिक सेकुलर, सरकार कायम नहीं होगी तब तक शरणार्थियों के वापिस जाने की कोई आशा नहीं की जा सकती ?

राजनैतिक हल की रट लगाई जा रही है। दुनिया के देश नहीं चाहेंगे कि पाकिस्तान टूट जाये। लेकिन अगर पाकिस्तान की फौज बंगला देश में रही, तो क्या शरणार्थी वापिस जायेंगे ? क्या पिछले चौबीस साल में जो आये हैं उनमें से

कोई वापिस गया है ? मुझे भी शरणार्थियों के बीच में जाने का मौका मिला है । अगर बंगला देश पाकिस्तान का भाग रहेगा, अगर शरणार्थियों पर अगणित अत्याचार ठाने वाली पाकिस्तानी की सेना वहां रहेगी, तो शरणार्थी वापिस जाने वाले नहीं हैं । उस समय हम ऐसा राजनैतिक हल कैसे लायेंगे, जिससे शरणार्थी वापिस जा सकें ?

मंत्री महोदय ने कहा है कि सरकार अनिर्णय की शिकार नहीं है । मैं जानना चाहता हूँ कि क्या भारत सरकार पाकिस्तान के फौजी ताना-शाहों को यह अल्टीमेटम देने के लिए तैयार है कि सात दिन के भीतर आक्रामणात्मक कार्यवाहियां बन्द होनी चाहिए, नहीं तो भारत के लिए सभी रास्ते खुले हुए हैं । पाकिस्तान पर हमला करने का सवाल नहीं है, बल्कि जो हमला हो चुका है, उसका जवाब देने का सवाल है । और यह सरकार जवाब देने के लिए तैयार है या नहीं, यह मैं जानना चाहता हूँ । मुझे चर्चिल का एक वाक्य याद आ रहा है । चैम्बरलेन की गवर्नमेंट के बारे में चर्चिल ने कहा था :

"They are decided only to be undecided, resolved to be irresolute, adamant for drift, solid for fluidity, and all-powerful for impotence."

दुनियाभर से प्रशंसा के पत्र एकत्र कर के बंगला देश का मामला हल होने वाला नहीं है । प्रधान-मंत्री ने अमरीका में कहा था कि हमारे धर्म का बांध टूट रहा है । ऐसा कह कर उन्होंने देश की जनता की भावना को प्रकट किया था । लेकिन इस सदन में ऐसी बात कही जानी चाहिए, जिससे जनता को भरोसा हो कि सचमुच बंगला देश स्वाधीन होगा और जो लोग वहां से अपने घर-वार छोड़ कर आये हैं, वे वापिस जा सकेंगे ।

मैं चाहता हूँ कि रक्षा मंत्री महोदय इन प्रश्नों का उत्तर दें ।

ये प्रश्न मेरे नहीं हैं, बल्कि सारा देश इन प्रश्नों का उत्तर चाहता है ।

श्री जगजीवन राम : जोर से बोलना, उपाध्यक्ष महोदय, शक्ति का परिचायक नहीं है ।

श्री अटल बिहारी वाजपेयी : मंत्री महोदय धीरे बोलें, लेकिन कुछ बोलें तो सही ।

श्री हेमन्त सिंह बनेरा (भीलवाड़ा) : मंत्री महोदय इतने महत्वपूर्ण विषय को हंसी में न उड़ायें ।

श्री जगजीवन राम : मैंने चर्चिल के उद्धरण के संदर्भ में कहा है कि जोर से बोलना शक्ति का परिचायक नहीं है ।

श्री वाजपेयी ने हवाई जहाजों द्वारा हमारी हवाई सीमा के अतिक्रमण के सवाल को उठाया है । उन्होंने अखबारों में देखा होगा कि पाकिस्तान की हवाई जहाजों के आने पर हमारी एन्टी-एयर-क्राफ्ट गन्ज चलाई गई । मैं ने उस सदन में कहा था, और यहां भी दोहराना चाहता हूँ कि हमारा स्पष्ट आदेश है कि अगर कोई पाकिस्तानी हवाई जहाज आये, तो उनको गिरा भी दिया जाये ।

हमारी सरहद पर छेड़खानी हो रही है, यह मैंने स्वयं कहा है । मैं ने यह भी कहा है कि एक करोड़ शरणार्थियों को इस देश में भोज देना एक शरारतपूर्ण आक्रमण है । मैं ने यह भी कहा है कि हम को उभाड़ने के लिए जितनी छेड़खानियां की जा रही हैं, हम उन पर गम खा रहे हैं, क्योंकि हम जल्दी में इस तरह की परिस्थिति में नहीं पड़ जाना चाहते, जो एक युद्ध का रूप धारण कर ले । मैंने कहा है, और मैं उस को दृढ़ता के साथ दोहराना चाहता हूँ, कि अगर पाकिस्तान का एक भी सैनिक हमारी सीमा के पास आयेगा, तो हमारे सैनिक उसको खदेड़ कर सीमा के पार ले जायेंगे । लेकिन पाकिस्तान जो फुलझड़ियां छोड़ने की कोशिश कर रहा है, मैं उस को इस रूप में नहीं लेना चाहता हूँ । हमारा मकसद साफ है, लक्ष्य भी साफ है और इस मामले में निर्णय भी साफ है । यूं तो अगर पाकिस्तान का एक भी हवाई जहाज चला आये, तो हम उस को इन्टर-फीयरेंस या इन्ट्रूजन बता कर आक्रमण कह सकते

[श्री जगजीवन राम]

हैं। अगर हमारी सरहद के पास एक गोली भी छोड़ दी जाये, तो हम उस को भी आक्रमण कह सकते हैं, और हमने कहा भी है। लेकिन हम ने जिस अर्थ में आक्रमण की बात कही है, वह यह कि अगर पाकिस्तानी फौज के सैनिक हमारी सरहद के पास आयेंगे, तो हमारे जवान उन को सीमा के उस पार फेंक देंगे।

मैं दृढ़ता के साथ कहना चाहता हूँ कि इस बारे में कोई अनिश्चितता नहीं है। हम अनिर्णय की स्थिति में काम नहीं कर रहे हैं, बल्कि हम एक निर्णय के साथ काम कर रहे हैं।

हमारी यह भी दृढ़ धारणा है कि जिन लोगों को मजबूर करके बंगला देश में भेजा गया है, उनको अपने देश वापिस जाना होगा। वे उसी परिस्थिति में वापिस जा सकेंगे, जब उन को यह विश्वास हो जाये कि वे इज्जत के साथ और सुरक्षा से जा सकते हैं। वह परिस्थिति कब पैदा होगी, यह मैं ने साफ कह दिया है। बंगला देश का राजनीतिक हल वही हो सकता है, जो बंगला देश के चुने हुए प्रतिनिधियों को स्वीकार्य हो। उन लोगों को क्या स्वीकार्य होगा, वह उन्होंने असंदिग्ध शब्दों में व्यक्त कर दिया है और मुझे आशा है कि श्री बाजपेयी ने उस को पढ़ा है। उन्होंने असंदिग्ध शब्दों में कह दिया है कि सम्पूर्ण स्वाधीनता से कम कोई राजनैतिक हल उन को स्वीकार्य नहीं होगा। उन्होंने इस बात को भी दोहराया है कि वे बंगला देश में एक धर्म-निरपेक्ष लोकतांत्रिक शासन स्थापित करके ही लोगों को वापिस ले जाना चाहते हैं। बंगला देश के निर्वाचित प्रतिनिधियों ने अपना यह निश्चय प्रकट किया है।

श्री बाजपेयी ने जिक्र किया है कि पाकिस्तान के सैनिक शासकों के द्वारा वहां फिर से निर्वाचन कराया गया है। यह कोई ऐसी बात नहीं है, जो दुनिया के इतिहास में नहीं होती रही है। जब किसी सैनिक शासन की सत्ता ढहने लगती है, जब उस को पता चलता है कि उस के पैरों के नीचे से धरती निकलती जा रही है, तो वह इस

प्रकार के हथकंडों का सहारा लेने में नहीं शिश्कता है। दुनिया के इतिहास में ऐसी मिसालें पाई जाती हैं कि इस प्रकार की परिस्थिति में गुड़िया मंत्री-मंडलों का गठन किया जाता है। लेकिन दुनिया का इतिहास इस बात का भी साक्षी है कि इस तरह के गुड़िया मंत्री-मंडलों और नेताओं का क्या हथ होता है। मुझे इस में कोई सन्देह नहीं है कि इतिहास में इस तरह के गुड़िया मंत्री-मंडलों और प्रधान मंत्रियों का जो हथ हुआ करता है, बंगला देश में पाकिस्तान के सैनिक शासकों के द्वारा इस प्रकार का जो प्रयत्न किया जा रहा है, उस का भी वही हथ होगा।

मुझे इस बात में भी कोई सन्देह नहीं है कि बंगला देश के नौजवान, जिन्होंने अपनी माताओं और बहनों को अपमानित होने देखा है, जिन्होंने अपने निकट सम्बन्धियों की निर्मम हत्याएँ होती देखी हैं, इस बात को कभी भूल नहीं सकेंगे कि बंगला देश को पूर्ण स्वाधीन करने के अतिरिक्त और कोई रास्ता नहीं है। मुझे सदन को इतना ही कहना है। इस से अधिक कहने की मैं आवश्यकता नहीं समझता हूँ।

श्री शशि भूषण (दक्षिण दिल्ली) : उपाध्यक्ष महोदय, मुझे रक्षा मंत्री के संयम और दृढ़ता पर पूरा विश्वास है। देश को भी प्रधान मंत्री के नेतृत्व पर विश्वास है और अपनी सेनाओं पर विश्वास है। जो हमारी सीमाओं की सुरक्षा के लिए रात-दिन जाग रही हैं। और हर वक्त सचेत हैं। और यह जिस ढंग के झूठे चार्जज लगाते हैं कैमिकल पेपर्स वगैरह के उस का परदा-फाश हो गया है। कोर्ट ने फैसला कर दिया है।

अध्यक्ष महोदय, मुझे पूरा विश्वास है कि जिस तादाद में मुक्तिवाहिनी बंगला देश के बहुत बड़े हिस्से पर कब्जा करती चली जा रही है कुछ हफ्तों के अन्दर बंगला देश मुक्तिवाहिनी के हाथ में होगा और बंगला देश स्वतंत्र होगा। उसके पीछे हमारे देश की पूरी जनता है। हमारे देश की 55 करोड़ जनता ने बंगला देश की

सरकार को मान्यता दे दी है। लेकिन इस के साथ-साथ मैं मंत्री महोदय से कहना चाहता हूँ कि यह सप्ताह सब से अच्छा और उपयुक्त है, मुक्तिवाहिनी की प्रेरणा के लिए भी इस सप्ताह में हमें मान्यता बंगला देश की सरकार को दे देनी चाहिए क्योंकि जो भी अब तक मुक्तिवाहिनी को प्रेरणा मिली है वह हमारे देश की नेता प्रधान मंत्री से मिली है और मुझे पूरा विश्वास है कि एक-दो हफ्ते के अन्दर बंगला देश निश्चय रूप से आजाद होगा।

यही नहीं मैं यह भी कहना चाहता हूँ कि परतून नेता जो वहाँ चुने गए थे पेशावर में वह भी आज पाकिस्तान में नहीं है। पश्चिमी पाकिस्तान के बहुत से मेम्बर पार्लियामेंट आज लंदन पहुँच गये हैं। वह याह्या खाँ का समर्थन नहीं करते। तो यह जो बनावटी एम० पी० आ रहे हैं उनके लिए बंगला देश की मुक्तिवाहिनी काफी है, उन को शूट करने के लिए। उन से डरने की बात नहीं है। लेकिन मैं एक बात पूछना चाहता हूँ सुरक्षा मंत्री जी से कि यह जो अमरीकी जहाज हमारी सीमा का उल्लंघन कर रहे हैं ... (व्यवधान) ... वह अमरीकी जहाज ही हैं जो पाकिस्तान के पास हैं, वह जनसंघ के जहाज नहीं हैं, सेबर जेट्स जो अमरीकी जहाज उल्लंघन कर रहे हैं, क्या उनके विमान चालक पाकिस्तानी हैं या अमरीकी हैं या विदेशी हैं, बाहर के भी हैं क्योंकि हम लोग जानते हैं कि पिछले दिनों यू-2 का एक जहाज था जो कि पाकिस्तान से उस के पड़ोस में भेजा गया था, वह शूट किया गया था तो उस में अमरीकन मौजूद थे। तो हम चाहते हैं इस बात के लिए खास तौर से रक्षा मंत्री जी हमें आश्वासन दें और यह बतायें कि उन में विदेशी चालक थे या नहीं थे और आइन्दा होंगे तो उनको जरूर शूट करके गिरायेंगे। यह आश्वासन मैं चाहता हूँ और मुझे पूरा विश्वास है कि अब की बार कोई भी इस प्रकार का जहाज हिन्दुस्तान से वापस नहीं जायगा। यह भी मुझे पूरा विश्वास है लेकिन सदन के सामने यह आश्वासन पहले भी दिया और आज भी फिर हम

चाहते हैं, बस, इतना ही मैं आप से स्पष्ट कराना चाहता हूँ।

श्री जगजीवन राम : उपाध्यक्ष महोदय, शशिभूषण जी ने ठीक ही कहा। एक हफ्ते से उन्होंने शुरू किया और दो हफ्ते पर गए, एक दो हफ्ते, उस के साथ साथ उपयुक्त समय मैं और जोड़ देता हूँ। एक दो हफ्ते या उपयुक्त समय पर मान्यता देने के प्रश्न पर विचार कर लिया जायगा।

श्री अमृत नाहाटा (बाड़मेर) : एक दो हफ्ते के भीतर जो उपयुक्त समय हो।

श्री जगजीवन राम : एक दो हफ्ते या उपयुक्त समय पर विचार कर लिया जायगा।

दूसरा प्रश्न इन्होंने किया कि जो जहाज उधर से आते हैं उस पर विदेशी चालक होते हैं या नहीं, तो वह तो सभी विदेशी चालक ही होते हैं, वह सब जो पाकिस्तान के चालक बनते हैं विदेशी ही हैं, पाकिस्तानी हमारे लिए विदेशी ही है।

जहां तक आप ने दूसरी बात कही, मैं फिर दोहरा देना चाहता हूँ कि हमारे हवाई जहाजों को और सैनिकों को आदेश है कि इस तरह के जहाज आएँ तो उन को मार करके गिरा दें।

MR. DEPUTY-SPEAKER : Your letter is being considered by the Speaker ; it is not before me now. That would be given due consideration. What I am saying is that this cannot prevent papers from being laid on the Table of the House.

SHRI S. M. BANERJEE (Kanpur) : There is the motion for disapproval of the Ordinance ; it is one way of discussing it. If it is about the issue of Ordinances, we are not in favour of Ordinances. Three or four Ordinances have been issued to impose taxation. Apart from that, most of the Ordinances are in the interest of the country.

SHRI ATAL BIHARI VAJPAYEE : We are not discussing the merits. I seek your guidance as to how this question could be raised. When the Ordinances will be discussed, they will be discussed individually.

MR. DEPUTY-SPEAKER : Mr. Vajpayee is a senior Member of the House. He has written to the Speaker. I do not know what he has written, but that will be given due consideration. I cannot give an answer to that now. What I am saying is that it

could not prevent the papers being laid on the Table.

MOTION RE. EXTENSION OF TIME FOR PRESENTATION OF REPORT OF COMMITTEE ON GUIDELINES FOR MEMBERS DURING PRESIDENT'S ADDRESS

MR. DEPUTY-SPEAKER : You should have raised it at the proper time.

SHRI H. N. MUKERJEE (Calcutta North-East) : I beg to move :

STATEMENT RE. PRIME MINISTER'S VISIT ABROAD

"That this House do further extend the time for the presentation of the Report of the Committee on the Conduct of a Member during President's Address on guidelines for Members on the occasion of the President's Address to Members of Parliament, upto the last day of the first week of the Budget Session, 1972."

THE PRIME MINISTER MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRI-MATI INDIRA GANDHI) : I have just returned from a tour of Belgium, Austria, the United Kingdom, the United States of America, France and the Federal Republic of Germany.

MR. DEPUTY-SPEAKER : There is a little confusing about the arrangement of the business. After item No. 17 there was to be the Prime Minister's statement and then what you have moved now, namely item No. 18. But since you have moved it, I think we can reverse the order.

The decision to pay official visits to these countries was taken much earlier in response to repeated invitations and in consonance with the practice of reciprocity. The House will remember that President Nixon and Prime Minister Heath had visited our country in 1970, Chancellor Kiesinger in 1969 and President Pompidou when he was Prime Minister. But owing to our general elections, my visit had to be postponed.

The question is :

"That the House do further extend the time for the presentation of the Report of the Committee on the Conduct of a Member during President's Address on guidelines for Members on the occasion of the

In spite of the grave situation in Bangla Desh and along our borders in the West

[Shrimati Indira Gandhi]

Pakistan, I undertook this visit as an earnest of our desire to leave nothing unexplored which might lead to an easing of the burdens imposed upon us and to discourage those who are bent upon finding excuses to threaten our security. It is the complete self-assurance of our people and the unity of all our parties which gave me the confidence to undertake the visit at a time of national danger.

My visit enabled me to exchange ideas with the Heads of governments and leaders of public opinion at a point of time when important changes were taking place in the world and to put across to them our point of view on matters of world interest, bilateral relations, and more especially on the situation in Bangla Desh and the threat it is posing to our social, political and economic structure and to peace in this region.

Our discussions helped to remove certain misgivings and to focus attention on the root cause of the problem, that is the refusal of the Pakistan military regime to respect the verdict of their own people, the reign of terror let loose by them in Bangla Desh and the consequent influx of refugees into India. I think that these countries as well as others realise that it will not help to deal with peripheral problems without finding a political solution in Bangla Desh through negotiations with the already elected leaders of the people of East Bengal and in accordance with their legitimate wishes. Most countries also realise that the release of Sheikh Mujibur Rehman is essential and intend to impress this upon the military regime of Pakistan.

After a long period of tragic indifference and sheltering behind the thinly disguised legalistic formulation that it was merely an internal affair of Pakistan, there is now a growing sense of urgency seeking a solution.

Pakistan's efforts to side-track and cloud the basic issue by seeking to involve the United Nations and to transform the struggle of the people of Bangla Desh into Pakistan confrontation and conflict have been exposed. It is now well understood that India will not be misled by Pakistan's moves and that the military junta in Pakistan must come to terms with the people whom they have treated with such injustice

and cruelty. It is also widely appreciated that no country has any right to impose a solution on the people of East Bengal and that force could not suppress the spirit of freedom and nationalism with which they are inspired.

During my visit to the United States, I was informed that a decision had been taken to stop further shipments of arms to Pakistan. A formal announcement has since been made. I was given to understand that no arms are being supplied from the U.K. France and the F.R.G.

It is my earnest hope that joint or several efforts of the statesmen whom I met will make the military regime in Pakistan realise that no good can come of sabre-rattling or by forcing a military conflict on India. I hope it is not too late for sane counsel to prevail for one cannot go on ignoring hard facts. The just and legitimate aspirations of the people of Bangla Desh, indeed of West Pakistan also cannot be ignored and trampled upon.

There was general sympathy for the manner in which we are bearing the heavy burden of looking after over nine million refugees. There have been indications of additions to the funds for giving relief to the refugees. All these countries agree that conditions must be created inside East Bengal to stop the further influx of refugees and to facilitate the return to their homeland in safety and human dignity of those in India.

Having said this I must make it clear that we cannot depend on the international community, or even the countries which I visited, to solve our problems for us. We appreciate their sympathy and moral and political support, but the brunt of the burden has to be borne by us and by the people of Bangla Desh who have our fullest sympathy and support.

So far as the threat to our security is concerned, we must be prepared—and we are prepared—to the last man and woman, to safeguard our freedom and territorial integrity. Obviously we cannot take risks such as the withdrawal of our forces from the border unless the situation in Bangla Desh is resolved satisfactorily as it poses a serious threat to our security.

Solutions have been found or initiated even to seemingly insoluble problems—as for instance in Europe and between the United States and China—by a wise impulse in men of wisdom and vision. But these developments should not lull us into complacency or wishful thinking.

In Europe there is a welcome spirit of detente, which we hope will soon lead to stable security in that continent. This should have a stabilising influence in Asia and other parts of the world. There was a realisation that political detente should be combined with outward-looking economic policies, especially in regard to the needs of the developing world.

Bilateral economic relations were also discussed with these countries. There was a sympathetic response. Belgium, France and the FRG have shown understanding that there should be a broad outlook in approaching the relations between India and European Economic Community. There are new possibilities of our collaboration in the industrial, technological and scientific fields.

In brief, these are the impressions which I should like to share with honourable Members. I am deliberately not mentioning the leaders of individual countries by name because they were all full of sympathy and friendship for India.

I think my visit also helped to restore our relations with Britain which had suffered a serious setback in 1965.

I should also like to express, on behalf of the Governments and the people of India, my sincere thanks to the Governments and peoples of the countries I visited for the warm and friendly reception I received everywhere. I should further record my appreciation of the world Press which, by and large, has given a fair and objective account of the events in Bangla Desh, of the inexpressible horror let loose upon the people, of the heroic struggles which they are waging in defence of the most elementary democratic right and liberties.

May I take this opportunity of thanking my people and all the political parties who have shown wisdom and restraint and kept

the nation united against any external threat ?

Mr. Deputy Speaker, I conclude this statement with a reminder that in the community of nations our country symbolises the urge for peace, freedom and justice. There was a time when ours was a lone voice in a world which was in the grip of the cold war. Even in the midst of the grave crisis which the military rulers of Pakistan have created for us, our people, our country, and this great Parliament of the largest democracy in the world have maintained the spirit of peace and of self-restraint. We have refused to be excited by threat or provocation from across our borders. Let us then continue to conduct ourselves with quiet confidence in ourselves so that the world should see and know that India cannot be browbeaten or lulled into a false sense of security. Calmness of spirit and strength go together. India is calm and we are capable of taking decisions in defence of our security and stability.

SHRI SAMAR MUKHERJEE (Howrah) : Sir, we want a discussion on this.

MR. DEPUTY SPEAKER : He can give notice of a motion for that.

SHRI S. M. BANERJEE : It should also be circulated.

SHRIMATI INDIRA GANDHI : I had a meeting with the leaders of groups this morning. It has been agreed that we will have a discussion. It is for you and the Business Advisory Committee to fix the date.

MR. DEPUTY-SPEAKER : Then it is only a question of time.

RE . MOTION OF NO-CONFIDENCE

MR. DEPUTY-SPEAKER : I have received a motion of no-confidence in the Council of Ministers under rule 198 from Shri Samar Guha. The motion, slightly edited reads as follows :

"This House expresses its want of confidence in the Council of Ministers."

[Mr. Deputy-Speaker]

One of the reasons given is the failure to send back the refugees to their homeland after solving the problem of Bangla Desh. May I request those hon. Members who are in favour of leave being granted to rise in their places ?

THE PRIME MINISTER, MINISTER OF ATOMIC ENERGY, MINISTER OF ELECTRONICS, MINISTER OF HOME AFFAIRS AND MINISTER OF INFORMATION AND BROADCASTING (SHRIMATI INDIRA GANDHI) : But he is not here.

MR. DEPUTY-SPEAKER : Yes, he is not present. So, it is not moved. I will pass over to the next item.

AN HON. MEMBER : Sir, he has come.

MR. DEPUTY-SPEAKER : But it is late now. When it was taken up he was not here to move it.

SHRI SAMAR GUHA (Contai) : I rushed in as soon as I heard about it.

MR. DEPUTY-SPEAKER : He should have been here earlier. As a very responsible member he should have been more alert.

SHRI SAMAR GUHA : Sir, you have raised the question of responsibility.....
(Interruption).

MR. DEPUTY-SPEAKER : Order, order. I will repeat the No-confidence motion sent by Shri Samar Guha : —

“That this House expresses its want of confidence in the Council of Ministers.”

The reasons given are :—

“Failure to send back the refugees to the homeland after solving the problems of Bangla Desh.”

Now, I have to take the leave of the House.

SHRI SAMAR GUHA : No, Sir. According to the advice of friends in the Opposition parties, I do not want to press it today.

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : I am glad that he has accepted our advice.

MR. DEPUTY-SPEAKER : Now we go to Bills for Consideration.

SHRI CHINTAMANI PANIGRAHI (Bhubaneswer) : Sir, in Orissa there was a terrible cyclone in which 20,000 lives had been lost. We have given some notice of motions about that. We have lost so many lives and property.

SHRI S. M. BANERJEE (Kanpur) : A statement should be made regarding the cyclone.

MR. DEPUTY-SPEAKER : A statement has been laid on the Table.

SHRI S. M. BANERJEE : That is on the flood situation, not on the cyclone in Orissa.

MR. DEPUTY-SPEAKER : The statement on the havoc caused by the cyclone has been laid on the Table of the House. Kindly read that and come forward with what you want to say about it.

COMPTROLLER AND AUDITOR-GENERAL'S (DUTIES, POWERS AND CONDITIONS OF SERVICE) BILL

THE MINISTER OF FINANCE (SHRI (YESHWANTRAO CHAVAN) : Sir, I beg to move* :

“That the Bill to determine the conditions of service of the Comptroller and Auditor-General of India and to prescribe his duties and powers and for matters connected therewith or incidental thereto, be taken into consideration.”

Hon. Members are aware that the Constitution gives a very special position to the

*Moved with the recommendation of the President.

Comptroller and Auditor-General and one special chapter deals with the functions, duties and service conditions of the C&AG. At the present moment his duties and conditions are controlled and determined by three sets of provisions, which are : The Comptroller and Auditor-General (Conditions of Service) Act, 1953 ; the provisions of paragraph 12 of the Second Schedule of the Constitution ; and the Government of India (Audit and Accounts) Order, 1936.

If we look to article 149 of the Constitution, we find that the functions and duties of the C&AG are indicated there. Article 149 reads like this : —

“The Comptroller and Auditor-General shall perform such duties and exercise such powers in relation to the accounts of the Union and of the States and of any other authority or body as may be prescribed by or under law made by Parliament and, until

“provision in that behalf is so made, shall perform such duties and exercise such powers in relation to the accounts of the Union and of the States as were conferred on or were exercisable by the Auditor-General of India immediately before the commencement of this Constitution.....”

It is in fulfilment of this that we have undertaken this legislation. As you are aware a similar Bill was introduced in the last Lok Sabha and a Joint Committee went into the provisions of that Bill. A report was also submitted by the Joint Committee. But as the Bill could not be proceeded with further, it lapsed. We have again come forward with a fresh Bill for the consideration and acceptance of the House.

While drafting the present Bill, we have taken into account all the recommendations made by the Joint Committee except one. I will give the reasons, if at all it is necessary to give, when we come to the clause-by-clause consideration.

I do not want to take much time of the House by repeating many things which are mentioned in the Statement of Objects and Reasons and the Explanations given in various clauses. I would just mention some of the im-

portant features of this legislation which, really speaking, introduce for the first time some new aspects.

As far as the functions towards compilation of accounts and auditing of accounts of the Union Government and the State Governments are concerned, we have retained the same powers and the same position. But we have made certain changes in the conditions of services in the sense that the present Bill equates the position of the Comptroller and Auditor-General with that of the Supreme Court Judge. Even previously, the salary of the Comptroller and Auditor General was Rs. 4,000. We have said that it will be equal to that of the Supreme Court Judge. Formerly, the tenure of office was supposed to be for six years. We have maintained the six years period, but, at the same time, we have introduced an age-limit. If he attains the age of 65, even though he may not have completed six years, he will retire. Certain changes in the pension also are made which, I think, are a sort of improvement on the previous situation. I do not want to go into details because it is all provided in the clause itself.

As far as the duties and powers are concerned, the most important thing that we have introduced is that the Bill provides for audit by the Comptroller and Auditor-General of accounts of bodies or authorities substantially financed by grants or loans from the Consolidated Fund of India or a State or of a Union territory having a Legislative Assembly and, for this purpose, a grant or loan will be treated as substantial if it is not less than Rs. 5,00,000 and constitutes not less than 75 per cent of the total expenditure of the body or authority in a financial year.

This is an additional authority or responsibility that we have given to the C.A.G.

At the same time, the Bill provides for scrutiny by the Comptroller and Auditor-General of the procedures by which an authority sanctioning a grant or a loan to any body or authority satisfies itself as to the fulfilment of the conditions subject to which the grant or loan was given and for this purpose gives him the right of access to the books of the body or authority with certain exceptions.

There are two other special points which I would like to mention before I conclude. The

[Shri Yeshwantrao Chavan]

Bill provides for the audit by the Comptroller and Auditor-General of all receipts which are payable into the Consolidated Fund of India or of a State or of a Union territory having a Legislative Assembly and to satisfy himself that the rules and procedures are designed to secure an effective check on assessment, collections, etc., and to report thereon.

The C.A.G. can also undertake the audit of the accounts of any authority or body not otherwise entrusted to him by or under any law made by Parliament provided such request is made in public interest. And after consultation with the C.A.G. and after giving a reasonable opportunity to the body or authority for making representations with regard to the proposal for audit by Comptroller and Auditor-General, he can undertake the audit work there.

These are some of the new features of the present Bill. I think, it covers a wide gap or rather defines more specifically the duties of the Comptroller and Auditor-General. I think, this Bill was overdue which would have been accepted by the House in the last Parliament. But, anyhow, we have taken now the first opportunity in this Parliament to bring the Bill for the acceptance of this honourable House and, I hope, this honourable House will accept it.

श्री अटल बिहारी वाजपेयी (ग्वालियर) :
उपाध्यक्ष महोदय, जब मैंने अमेन्डमेंट का नोटिस दिया तो मुझे बतलाया गया कि शनिवार को छुट्टी थी। उस के बाद आज ही तो दे सकता था।

MR. DEPUTY-SPEAKER : Amendments to the clauses—I think we shall accept them, but at that time.

SHRI ATAL BIHARI VAJPAYEE : But let the hon. Minister be given a copy of my amendments.

SHRI SEZHIYAN (Kumbakonam) : About the recommendation of the Select Committee on inclusion of the Food Corporation under the purview of the Comptroller and Auditor-General, the hon. Minister said he will be giving his reasons for non-inclusion of the recommendation in the present Bill. May I know the reasons ?

MR. DEPUTY-SPEAKER : You are to speak on the subject.

SHRI YESHWANTRAO CHAVAN : About the Food Corporation of India, I said that even during the Joint Committee, we had considered this question and we have decided that instead of amending this Bill, it is much better to amend Food Corporation Act itself and that we have accepted. This is a commitment on behalf of the Government.

MR. DEPUTY-SPEAKER Motion moved :

“That the Bill to determine the conditions of service of the Comptroller and Auditor-General of India and to prescribe his duties and powers and for matters connected therewith or incidental thereto, be taken into consideration”.

SHRI SOMNATH CHATTERJEE (Burdwan) : As the hon. Minister himself said, it was long overdue that a comprehensive legislation should be brought as contemplated by Art. 148 and 149 of the Constitution. But, I am sorry to observe that many of the loopholes and drawbacks which were noticed during the operation of the previous legislation in this regard are still not removed. Particularly, I wish to draw the attention of the House and the hon. Minister to the fact that there is total absence of any provision with regard to the audit staff under the organisation of the Comptroller and Auditor-General. As we all know, auditing which comprises of compilation of accounts, their scrutiny, detection of irregularities and formulation of audit objections and other related matters are initially and primarily done by the sub-ordinate staff, namely, the auditors and accountants. But, unfortunately, there is no provision to give some statutory status to these auditors and accountants who do the most important part of the work.

With a view to maintain the independence of the Comptroller and Auditor-General the Constitution has made provision. No doubt it is desirable that he should be above all influences and above all executive interference. But, it is equally important that the staff which aid and assist the Comptroller and Auditor-General should also be given proper status and it should be laid down in the statute itself and they should not be amenable

to any influence or executive interference. These days it is known even arbitrary provisions like Art. 311 are taken recourse to with a view to dismiss Government employees from service. These are the persons who are completely at the mercy of the Government so far as their service conditions are concerned. Therefore, my submission is that the staff at various levels should be given proper statutory recognition and statutory status and they should be brought under the Comptroller and Auditor-General, not the Finance Ministry as such.

I was surprised to know that the Auditors and Accountants are now classified as mere Upper Division Clerks in terms of salaries and status and in view of this the audit staff do not command the respect and authority in the subordinate offices in respect of whose accounts they have to do the auditing and accounting. Therefore, it is a very important matter which I request the hon. Finance Minister to take into consideration and, if necessary, he can bring forward a supplementary legislation or move adequate amendments. This is not only the view of persons outside the organization but I find that the two previous Comptrollers and Auditor-Generals themselves, Mr. Roy and Mr. Chanda, are of the same opinion. They also said that to really keep the independence of the organization, the staff should be kept or brought under the control of the Comptroller and Auditor-General himself and they should be given some independent status free from the control of the Finance Ministry. Therefore, my first submission is that this is a matter which was noticed earlier in the process of implementation of the previous legislation but that drawback and loophole still remains.

The other point that I wish to draw the attention of the House to is that although in some respects wider and greater powers are being given to the Comptroller and Auditor-General, with regard to auditing of various accounts, his powers are sought to be whittled down. Sir, I find this in the proviso to Clause 19. It is said that the President may, 'after consultation with the Comptroller and Auditor-General, by order, relieve him from the responsibility for keeping the accounts of any particular class or character.' While this provision is made for consultation, it is not obligatory on the part of the Government or of the President to accept the advice given by

the Comptroller and Auditor-General in respect of various matters brought to his notice. If the decision of the Government be to relieve the Comptroller and Auditor-General of his obligation to keep in the accounts, then the whole section, that is, Section 19 becomes completely infructuous. They are merely consultations. Provision of mere consultation cannot safeguard the independence of the Comptroller and Auditor-General or his organisation or his powers nor does it give protection for independence from the executive in so far as the exercise of those powers are concerned. This is a fundamental question because, you will find this not only in Clause 10, but also in other provisions like Clause 15. In Clause 15 similar provision is made.

My submission is that so far as these powers are concerned, it should not be left to the Executive to relieve the Comptroller and Auditor-General of those powers in respect of any chosen authority, or chosen Ministry or chosen accounts.

Then, the other point to which I wish to draw the attention of the hon. Minister is this. This is the question of extending the powers of the Comptroller and Auditor-General regarding control of various statutory bodies and authorities, to cover institutions like nationalised banks, Reserve Bank of India, dealing with transactions relating to foreign exchange, and the Industrial Finance Corporation and the Life Insurance Corporation of India. With a view to keep proper checks on the spending of public money through these agencies, which have become important agencies, it is necessary that the Comptroller and Auditor-General should be enabled to carry out the responsibility of keeping the accounts of these institutions and bodies.

Regarding the Food Corporation of India, the Finance Minister has given an assurance that appropriate action will be taken. But I would like to know as to why we cannot put it clearly when we are dealing here with the functions of the Comptroller and Auditor-General, in a comprehensive Act of this kind. Why should this power be spread out and enumerated in so many different Acts? Why cannot all these things be brought under this very Act which is sought to be a comprehensive legislation.

[Shri Somnath Chatterjee]

So, our submission is this. This is a matter which should be non-controversial matter. We want the independence of the organisation and the independence of the office and this should be kept above any possible reproach. It is more and more necessary that the wide powers which are given and safeguarded by the Constitution should be utilised for the purpose of checking the accounts of these important statutory corporations and bodies. This will allay the fears and suspicions in the public mind regarding the proper utilisation of the resources of the nation, in accordance with the accepted norms of accounting and audit.

Therefore, Sir, these are the aspects which we wish the Government to take into consideration. Subject to what I have submitted, we are supporting this Bill. Thank you.

SHRI P. VENKATASUBBAIAH (Nandyal) : The hon. Finance Minister while introducing this Bill and also the recommendations of the Joint Committee on this Bill has indicated certain changes which have been made in this Bill with regard to the functions of the Comptroller and Auditor-General.

One important amendment that he has accepted is with regard to the salary of the Comptroller and Auditor-General, namely, that it has to be on a par with the salary of a judge of the Supreme Court. This is a good provision that has been accepted by Government because it gives a status for the Comptroller and Auditor-General who has to perform the very onerous and responsible duty of keeping a watch on the public finances of this country.

The Comptroller and Auditor-General plays a very crucial role with regard to public finances. But I find that neither in Part V of the Constitution nor in the subsequent Acts that have been framed nor in the present Bill has it been indicated in what manner the Comptroller and Auditor-General will assist the Financial Committees of Parliament. For instance, till now, the PAC is being assisted by the Comptroller and Auditor-General on the basis of certain paras that have been submitted to the PAC. It would have been better if a specific reference had been made in the duties and functions of the Comptroller and Auditor-General to his relationship *vis-à-vis* the financial committees of Parliament.

Though we have not adopted the American Constitution in actual working, as far as I have been able to understand, in America, not only the President or the executive authority can make a reference to the Auditor-General, but if certain allegations are made against certain Departments by any member of the Senate or any representative of the people, the Auditor-General is bound to go into those allegations and send a report to the member. That may not be possible in our country, but at least it should be incorporated in the functions and duties of the Auditor-General that whenever the Chairman of a financial committee whether at the State or Central level refers any matter involving certain irregularities or certain misuse of funds in any Department, then it would be the bounden duty of the Auditor-General to go into the matter and report to the chairman of the financial committee concerned. I would only like that a clear and specific reference be made with regard to the giving of assistance by the Comptroller and Auditor-General to the financial committees.

As you know, the financial committees get only such of these audit paras as have been sufficiently filtered down by the Audit Department. So, only a very few paras will come to the notice of the Comptroller and Auditor-General. So, if no assistance is given by the Comptroller and Auditor-General it will not be possible for the financial committees to function in the manner in which they are intended to function, namely to go into the entire gamut of functioning of a particular department, and see whether the irregularities have been dropped for sufficient reasons at the lower level or whether they have been dropped because of certain extraneous considerations and so on. These matters are to be looked into very carefully and deeply, and for this purpose, the Comptroller and Auditor-General should be obliged to provide the necessary information as asked for by the chairmen of the financial committees.

With regard to the working of the Auditor-General's Department, at one time, when this matter was discussed in the Constituent Assembly, it was suggested that the Accountants-General functioning in the various States should be independent of the Comptroller and Auditor-General. But in order to ensure their working in a uniform way and also in conformity with the provisions

of the Constitution, the Accountants-General were required to discharge their functions as the agents or the representatives of the Comptroller and Auditor-General.

When the pay and status of the Comptroller and Auditor-General has been equated with that of a Supreme Court judge, it is but natural and it would also be in conformity with the functions that they are performing that the status and salary of the Accountants-General should be on a par with those of a High Court judge. I hope this matter will be gone into by the Finance Minister to see that the department which exercises control over the finances of the various State Governments is also given an equal status and dignity so as not to be subservient to the whims and fancies of the local governments.

With regard to audit staff, a point mentioned by my hon friend, Shri Somnath Chatterjee, I entirely agree that the staff working at the various levels should be given sufficient status as to be able to exercise the requisite check over the work of the various departments of Government.

This Bill does not cover the various autonomous corporations that have come into existence now. It is not only the Food Corporation of India but various other corporations that have come into being and are drawing funds from the Consolidated Fund of India. All these must be brought within the jurisdiction of the Comptroller and Auditor-General.

The Finance Minister has said that the FCI Act will be amended. That is one way. The other way is to insert in the clauses containing the duties and functions of the Auditor General a provision that all autonomous corporations drawing financial assistance from the Consolidated Fund of India should come under his purview. Then only can there be a proper check and parliamentary supervision also when the Comptroller and Auditor General submits his report to Parliament.

So I would urge upon the Finance Minister to ensure proper financial discipline not only in the case of the Government of India but the State Governments and the various autonomous corporations by extending the scrutiny of the CAAG to all these institutions and corporations.

As regards the nationalised banks and other institutions, I do not know how far it will be suitable or proper to bring them under the audit of the CAAG. I have got my own doubts. Hence I have spoken only about the various autonomous corporations at various levels.

With these words, I support the Bill.

SHRI M. KALYANASUNDARAM (Tiruchirappalli) : The Bill, in my opinion, seeks only to more or less maintain the *status quo*. Although the Finance Minister has claimed that it is comprehensive and in the statement of objects and reasons it has been mentioned that the Bill seeks to provide comprehensively for the conditions of service, duties and functions and powers of the Comptroller and Auditor General in replacement of the various existing provisions in this regard, what the conditions of service that have been replaced ? What are the conservative provisions that have been replaced and what are the radical ones that have been introduced ? As far as I could see, nothing of the kind has been done.

During the last 20 years, the Consolidated Funds of the Union Government and the States have grown immensely, ten to twelve times. Several public sector corporations have also come into existence. Public audit must be such that public accounts are accountable to the people through this House. Will the provisions of this Bill ensure such an effective and efficient audit of public accounts ? Has the Finance Ministry applied its mind to this aspect ?

Sir, the Constitution provides not only for fixing the salaries and allowances but the functions, the performance of this post which is an institution. But the Government have taken only one aspect, and that is the salaries and allowances of the Comptroller and Auditor-General and left the other aspects to the department as if the Constitution enjoins upon us to attend only to these aspects. Under article 48(5), what type of staff will have to be recruited and how the department should function, all these matters are left to this House to be regulated by law.

AN HON. MEMBER : Rules.

SHRI M. KALYANASUNDARAM : The rules include recruitment and the

[Shri M. Kalyanasundaram]

qualification of the staff. So, a comprehensive outlook must be taken about the auditing institution. I would even suggest that to avoid controversy between commercial auditing and the department, and the scramble for power and position, it will be useful to nationalise the whole auditing profession and bring this institution under the control of the Auditor-General. Such a long-range view must be taken and such a radical reform will have to be introduced. The role of the Government in the growth of the national economy is becoming greater and it is bound to assume a still greater role in the future. The audit also must be effective enough to cope with the developing situation. So, this Bill does not even think on those lines, and only the *status quo* is sought to be maintained.

In the fixation of the salary and allowances of the Comptroller and Auditor-General, it is good that it has been raised to the status of a judge of the Supreme Court. The Auditor-General and his staff are Servants of this House. They are answerable to this House and not to any of the Ministries. Similarly, the Accountants-General in the States are answerable to the legislatures. What is their position? You have raised the status of the Auditor-General to that of a judge of the Supreme Court. But in the States, the Accountant-General is inferior in status to the Chief Secretary. How are you going to raise the status of the Accountants-General? In our present system, the salary and position matter. When an officer of the audit department sits with the officials of any of the Ministries, either in the Union Government or in the States, he must at least be on a par with the officials whose performance he is expected to audit. If he is considered inferior, what is the use, and how is he going to command the respect that is necessary? I think the whole question will have to be examined right from the start. An officer in the audit department is not just a clerk in the department. His functions are special and he has a special task to do without fear of favour, and so, the position of the staff in the audit department must be elevated not only with respect to their salaries but their functions and powers must be such that they will be able to get the information that they want and they will

be able to examine any of the departments without fear or favour.

Further, what is the procedure laid down for the appointment of the Comptroller and Auditor-General? No procedure is fixed. The Constitution, of course, says that the President will have the power to appoint. When the President appoints the Auditor-General, he appoints him on the advice of the Government in power. Some provision must be there by which this House could be associated with this. I would suggest that a panel be formed, just as in the case of the appointment of Vice-Chancellors in the universities who are appointed by the Chancellor; from out of a panel submitted to him, he selects one. So, in order to make the position of the Comptroller and Auditor-General really independent of the executive, you should start from the procedure for his appointment. There is no mention about the procedure for appointment, his qualifications and status. Anybody with some service in the Government may be appointed. If any officer in a particular department is in the good books of the Minister he can recommend him and get him appointed as the Auditor-General with the result that the Auditor-General would be more obliged to him than for serving the nation. He should be made to feel that he can act independently. There is a safeguarding provision that after retirement he cannot seek any appointment in any Government institution. Thus he need not be under any obligation to the Ministers. That is the spirit with which the provision has been made in the Constitution.

Similarly even for his appointment there should be some provision by which he may be made to feel that he was appointed independently. The question is: how to associate this House with the appointment of the Auditor-General. Today audit is not given the importance it ought to be given. Wasteful and extravagant expenditure is a vice of not only the modern times; it has been there even before. That is why it has been suggested that the public accounts in every walk of life must be audited. In order to be effective the audit should be answerable to this House.

A Committee of this House can be associated with the functioning of the audit department so that it could examine their

functioning periodically and give them guidelines. In the Act there are no specific guidelines with regard to the method of audit or its functioning. Very rarely do the auditors take up the question of performance in a Ministry or in a Government Undertaking. Even in regard to the realisation of the taxes, the role of audit is very big. Occasionally they examine some income tax office and satisfy themselves. What is the purpose of the audit? Every pie due to the treasury must be collected and every pie so collected must be spent properly so that it reaches the people. Now the audit is not functioning that way,

They prepare voluminous reports based on the facts and figures given by the Ministry and present them to us. Perhaps it seeks to hide more than what it discloses. The present system of audit is neither satisfactory, nor is it commensurate with the needs of the present situation. Hence I suggest that they may pass this Bill as a temporary measure. A more comprehensive Bill incorporating the improvements suggested by this House should be brought forward soon. They have taken twenty years already to introduce this Bill. I hope they will not take another twenty years to think about the staff attached to the audit department. Let us act quickly so that there may be confidence among the people that the public funds are spent properly. We hear so many allegations about corruption. Where is the machinery? How many of us are able to attract the attention of the competent official? I have no faith in the so-called vigilance department. There should be another department to watch the vigilance department, that is the position we have come to. The audit should be more effective and they should be empowered to catch any irregularity of the spot before it is too late, before it is sought to be hidden.

My objections arise because of the weaknesses in the Bill. Because it does not satisfy the needs of the present situation, it will not enthuse the staff as a whole in the audit department. The staff are very much demoralised and discouraged because of their low salary and low status. By trying to satisfy only the head of the department, you will be dissatisfying all the other officials including those who are functioning as Accountants General. So, I appeal to the Finance Minister to consider seriously the points

which I have raised and try to bring a comprehensive Bill so that the functioning of audit may be independent and under the guidance of this House, so that public funds can be properly safe-guarded.

SHRI S. N. MISRA (Kannauj) : While supporting the Bill and congratulating the Finance Minister on bringing it forward, I wish to point out that the main intention of the provision in the Constitution protecting the services of the Comptroller and Auditor General is that finance is a very important thing and that those who are responsible for checking it should be given immunity. That immunity has been given to the Auditor General, but it is also necessary that the Accountants General of the various States must also have a certain protection and if in the present Bill a definition of the Accountants General and their status is included and a certain protection is also given to them, the position would be much better.

Secondly, it has been already said by my friends here that it is necessary that all the public undertakings, wherever the funds of the State are invested, whether it is 10 or 50 or more than 50 per cent, whether it is the Food Corporation or LIC or any other undertaking, must automatically come within the purview of the Auditor General. The Finance Minister said that he would try to introduce certain amendments in the Food Corporation Act. I think that it would be unnecessary because we are now heading along for a socialistic regime wherein there may be nationalisation of everything except what we put on our body. I am not speaking about the partner in life, but I am only saying about our clothes. It is, therefore, necessary that at this stage we should bring within the ambit of the Auditor General every undertaking where public funds are invested. That is one of the two amendments which I beg to submit to the hon. Finance Minister, and I hope he will give thought to the matter.

16 hrs.

SHRI SEZHIYAN (Kumbakonam) : Sir, as pointed out by the Finance Minister himself, this Bill has been over-due and we are glad it has come up for consideration at least now. It

[Shri Sezhiyan]

is said that eternal vigilance is the price of democracy. For proper functioning of democracy, Parliament should not only legislate, allocate funds and undertake various welfare schemes for the good of the people but also have a machinery to watch whether the Acts are implemented fully and whether the sanctioned amounts have been spent for the purposes for which they were sanctioned. Parliament fulfils this task of vigilance through the parliamentary committee which draw heavily upon the assistance of the Comptroller and Auditor General and his officers. In independent India, we have been fortunate in having had some brilliant men as CAGs. They have been every helpful to the financial committees and to Parliament and they have come up to the expectations of the founding fathers. As a member associated with the Public Accounts Committee, I may put it on record that the present CAG is no exception. He assisted by a team of very talented officers, with almost a missionary zeal, has been helping the PAC and Parliament.

While we are giving status and responsibilities to the CAG and his officers, have we given them enough resources to fulfil those obligations? That is the question which arises. The Finance Minister was good enough to assure us that he has accepted most of the recommendations of the Select Committee, except one. The recommendation that the Auditor General should receive the same salary as a Supreme Court Judge has been accepted. But whereas the pension of a Supreme Court Judge can go up to a maximum of Rs. 20,000, here it is at the flat rate of Rs. 15,000. There the pension is proportionate to the number of years of service as Judge. I have given some amendments that the pension of the CAG, should start with a minimum of Rs. 14,000 and if he puts in six years service, as CAG: calculating at the rate of Rs. 1,000 for each completed year of service, his pension may go up to a maximum of Rs. 20,000, as in the case of a Supreme Court Judge.

As pointed out by Mr. Kalyanasundaram, we should improve the scales of pay and conditions of service not only of the CAG but also the other officers, in order to attract good talent to this profession. For example, the pay of the Deputy CAG is very much less and he has been equated with Additional Secretary to the Government of India. Previously, I under-

stand Class I Accountant Generals were getting a pay of Rs. 3,000. The Accountants General were equated with Joint Secretaries. When the pay of Joint Secretary was reduced to Rs. 2250, the pay of the Accountant General was also reduced to Rs. 2250. To that extent, they followed the parity. Later on; when the pay of the Joint Secretary was raised, the salary of the Accountant General was not raised and the parity not maintained. The Accountant General, at the present, he is getting a scale of Rs. 1,800.

Since we have compared the post of the Auditor General to that of the Supreme Court Judge, on the same analogy, the post of the Accountant-General should be equal to that of a High Court Judge. But now he is getting only Rs. 1,800 to 2,200 whereas a special grade Secretary would be getting Rs. 3,500. He should get the scale of the Chief Secretary, if not the High Court Judge.

Coming lower down, the Audit Assistant is doing the work of an Assistant but he is getting only the salary of a UDC. If you want to draw good talent to this field then the Audit Assistant should be paid the salary of an Assistant in the Central Secretariat.

Similarly, the Section Officer in the Audit General's Office, who is supervising 8 or 10 people, doing the same standard of work of the Section Officer of the Secretariat, is getting less than his counterpart in the Secretariat.

The Audit Officers perform functions equivalent to that of Under Secretaries in the Secretariat. While the scale of the Under Secretary is Rs. 800 to 1,300 that of the Audit Officer is only Rs. 590 to 900.

So, the scales of pay of the various cadres in the office of the Auditor-General should be improved and they should be equal to those of their counterparts in the Secretariat.

Then, even though we have given independent status to the Auditor-General, so far as his budget is concerned he has to approach the Finance Ministry. It is the function of the Auditor General to go through the financial transactions of the government and report the irregularities to Parliament. He has to go to the very same department if he wants any finance to improve the facilities in his depart-

ment. It is true that there is a convention that the requests of the Auditor General should not be turned down at a level lower than that of the Finance Minister. Yet, this procedure does not give the Auditor-General the freedom which he should enjoy. When the previous Bill was before the Joint Select Committee a suggestion had been made that the budget of the office of the Auditor-General should be sent direct to Parliament and that a Parliamentary Committee should go through it instead of the Finance Ministry.

I think, the Finance Minister and the Ministry will make a reconsideration of the pay scales and grades that were now available to all the officers in the office of the Comptroller and Auditor-General and see that they are increased so that right talent and right persons are attracted to that service.

Regarding the Food Corporation of India the hon. Minister has been kind enough to assure the House that the Food Corporation of India Act will be amended to this effect. When he makes the assurance, I take it. I would request him to have the amendment brought forward in this session itself. I do not want any delay in this matter.

But it involves a basic principle. Why do you want to take the Food Corporation of India alone and leave the Life Insurance Corporation, the State Bank, the nationalised banks and so many other undertakings the companies created by the Government of India and the companies created by the creations of the Government of India? All those companies which have received or are receiving some substantial amounts of grants, subsidy or loans, directly or indirectly, should come under the purview of the Comptroller and Auditor-General. I do not know why all those public undertakings, which have not been brought under the purview of the Comptroller and Auditor-General, fight shy of being brought under the purview of the Comptroller and Auditor-General. I am not able to follow the basic reason.

I went through the evidence given before the Joint Committee on the Comptroller and Auditor-General's (Duties, Powers and Conditions of Service) Bill, 1969. There it shows how the mind of a person who is in charge of a public undertaking is working. Giving evidence before the Joint Committee Shri T. A. Pai,

Chairman, Life Insurance Corporation, said this when he was put the question as to what was the objection of the Life Insurance Corporation to being brought under the purview of the Comptroller and Auditor-General :

".....because we have to engage ourselves in something where decisions have got to be taken quickly if you have to achieve certain results, if motives are going to be questioned long after the transaction is completed, that is, after a lapse of time, it will be extremely difficult for people to exercise their discretion."

This is the point of view of Shri Pai. If you are going to question the discretion after a lapse of time, one may not use his discretion, he says. If we accept this logic, this same logic is applicable to all the departments of the Government of India and all the public undertakings. That means, we should scrap the entire examination by the Comptroller and Auditor-General and allow them to go scot-free with whatever they do or say.

The Life Insurance Corporation had drawn all its funds from the Consolidated Fund of India to start the organisation and the entire funds that are now vested in the Life Insurance Corporation are drawn from the policyholders and public money. Therefore, why should the Chairman fight shy of coming under the purview of the Comptroller and Auditor-General?

The Life Insurance Corporation was started in 1956. It has been working for 15 years without the interference of the Comptroller and Auditor-General. He says that if the Comptroller and Auditor-General is given the power, discretion will not be there and he cannot take the right type of decisions. He says :—

"I have been feeling that if we have to subject ourselves to the rigid control of the Auditor-General, I am afraid, we would not be able to take decisions at all and things will become much worse."

That means, without the examination of the Comptroller and Auditor-General things should not have gone worse. But he himself has admitted at another place that things have gone worse for the LIC in spite of the protection that was given to it from the

[Shri Seziyan]

Auditor-General. He says later on in his evidence that the Life Insurance Corporation could not do general insurance business as compared to another subsidiary of the Life Insurance Corporation itself. He says :—

“The LIC’s resources should have enabled us to capture a larger and larger share of the insurance business, but we have not succeeded, whereas our subsidiary, the Oriental Fire and General Insurance Company, which is more or less functioning like a private sector undertaking, where the rigidity has not set in, has been able to compete with the general insurance companies effectively, because the people are satisfied with their experience of settlement of claims etc. by them. So, if you want these organisations to discharge the obligations that have been cast on them, I am afraid they will have to be allowed to function like business institutions.”

Here, he is making a point that when the Life Insurance Corporation entered into the general insurance business, it could not make mark in competition with other general insurance companies, but a subsidiary of the Life Insurance Corporation, namely, the Oriental Insurance Company was able to make a mark because it was working in the private sector. The person who comes to give evidence to the Committee comes to a conclusion that the public sector will not work properly and that only a private sector Company will work properly. He says that less the public sector undertaking assumes the role of the private sector, it will not function well.

Later on, he says :

“We have to face competition from other insurance companies. But here in India where we have a monopoly so that whatever we do people might put up with it, I am afraid this monopoly factor also comes in the way of getting increased business.”

The persons incharge of public sector undertakings come before the Committee and say that they are not confident, that they will not be able to stand the test or scrutiny by an outside body.

We do not want the C.A.G. to go into the details of investment ; we do not want him to go into how shares are bought. Why not an outside body go into the structure of premium the extent of lapses, the the expense ratio, etc ? These things at least could be and should be gone into by an outside body. Why are they very vigilant and averse to an outside body going into their work ?

Regarding other things, I will take them when the clause-by-clause consideration of the Bill is taken up; I have given various amendments and I will take up those things at that stage.

This basic question should be settled. The hon. Member, Shri S.N. Mishra, who spoke before me said that it should apply to a public company where the Government of India or the State Government or any other Government undertaking has contributed 51 per cent of the share. Nowadays, when they create a public company, they do not contribute 51 per cent. They put in 50.9 or 50.8 per cent just to avoid this 51 per cent mark. That should not be the criterion.

The Estimates Committee also went into this question and they said that wherever the Government has given 25 per cent paid-up-capital these companies should attract the provisions and should come under review of the C.A.G. The basic policy should be decided by the hon. Minister as to whether he wants public undertakings to come under the purview of the C.A.G. Why is he allowing them to go away from the purview of the Bill ? The proper thing should have been to include them.

In some cases, there is a provision that the Government can get the services of the C.A.G. to go into certain accounts of the State Bank and also the Reserve Bank. But all these years I do not think in a single instance the Ministry of Finance has utilised his services. Though there is a provision in the Reserve Bank Act and the State Bank Act that the services of the C.A.G. can be utilised by the Ministry of Finance, if they want, they have never done that. It has not been done even in a single case. He can say that no occasion has arisen. But unless you test it, you cannot say in a

blank way, that no case has arisen. I think, my hon. friend, Shri Kalyanasundaram was saying that every pie that goes out should be accounted for. The pies are taken care of but sometimes lakhs and crores of rupees are not taken care of. We want the C.A.G. to go into all that.

Then, it should not be discretionary. It should be mandatory and it should be included in the parent Bill itself which is before the House.

Regarding the other points, I will speak on them when the amendments are taken up.

In conclusion I would only appeal to the hon. Minister two things, (1) to provide more facilities for effective functioning of the Comptroller and Auditor-General's Office, not only for the C.A.G. himself but also for other person working there and (2) also to put, not in a discretionary way but in an obligatory way, that all the public undertakings and also those created by one or the other of the public undertakings are also attracted and put under the purview of the Comptroller and Auditor-General.

श्री अटल बिहारी वाजपेयी (ग्वालियर) : सभापति महोदय, मुझे ऐसा लग रहा है कि वित्त मंत्री महोदय किसी भी नये संशोधन को स्वीकार करने के मूड में नहीं हैं। अगर यह बात है तो फिर केवल पिष्टपेषण करने वाली बात है। लेकिन अगर वह खुले दिमाग से सुन रहे हैं और इस स्थिति में भी किसी संशोधन को मानने के लिए तैयार हैं तो मैं समझता हूँ कि इस विधेयक में अब भी सुधार की गुंजाइश है।

यह बात तो सभी स्वीकार करेंगे कि कंट्रोलर एण्ड आडिटर जनरल हमारे संविधान निर्माताओं की मंशा को पूरी कर रहे हैं और यह संस्था आडिट के द्वारा यह संसद् सरकारी खर्च पर अपना नियन्त्रण रख सकती है। अब हम इस सम्बन्ध में विधेयक बना रहे हैं, लेकिन यह विधेयक जितनी दूर तक जाना चाहिए, नहीं जाता। मुझे पता नहीं कि वित्त मंत्री का ध्यान इस ओर खींचा गया है या नहीं कि कंट्रोलर एण्ड आडिटर जनरल की योग्यताओं का इसमें कोई

उल्लेख नहीं किया गया है, अर्थात् किस व्यक्ति को कंट्रोलर एण्ड आडिटर जनरल बनाया जा सकता है। हमने संविधान में सुप्रीम कोर्ट जज की योग्यताओं का हवाला दिया है, हम ने कहा है कि उसे भारतीय नागरिक होना चाहिए, हम ने कहा है कि उस को कम से कम पांच साल तक हाई कोर्ट का जज रहा होना चाहिए, लेकिन कंट्रोलर एण्ड आडिटर जनरल के बारे में इस तरह की किसी योग्यता का उल्लेख नहीं है। क्या वित्त मंत्री महोदय इसको अनावश्यक समझते हैं? क्या यह लिखना सम्भव नहीं है कि ऐसा व्यक्ति कंट्रोलर एण्ड आडिटर जनरल बनाया जायेगा जिस को दस साल का अकाउंटिंग का, आडिटिंग का और ऐडमिनिस्ट्रेशन का अनुभव हो, और वह भारत का नागरिक होगा। छोटी सी बात है लेकिन यह बात लिखे बिना विधेयक अधूरा होगा।

मैंने कई संशोधन दिए हैं जो शायद वित्त मंत्री महोदय तक पहुंच गये हैं। मैं चाहूँगा कि वह उन पर गम्भीरता से विचार करें। पहला संशोधन, जिस के सम्बन्ध में और सदस्यों ने भी कहा है, लेकिन कोई संशोधन नहीं दिया है, इस प्रकार है :

after line 15, insert—

"9A. The status, salary and service conditions of the officers and the staff of the department of the Comptroller and Auditor-General shall be at par with corresponding levels in the Central Secretariat.

*Explanation :—*If any question arises as to what are the corresponding levels in the Central Secretariat, the decision of the Comptroller and Auditor-General thereon shall be final."

वित्त मंत्री महोदय मानेंगे कि आडिट को हम ने एक महत्वपूर्ण काम दिया है। होना तो यह चाहिये था कि आडिट में जो लोग काम करते हैं वह अन्य सरकारी विभागों के आदमियों से थोड़ा ऊपर हों, क्योंकि उन का काम है सरकारी कामों की जांच पड़ताल करना, छान बीन करना, गलतियां निकालना। लेकिन यहाँ

[श्री अटल बिहारी वाजपेयी]

ऊँचे होने का सवाल ही नहीं है, अभी समान स्तर पर भी नहीं है। अभी मेरे मित्र श्री सेझियान ने उदाहरण दिया कि आडिट डिपार्टमेंट का जो अपर डिवीजन बलक है वह सेंट्रल गवर्नमेंट के असिस्टेंट से नीचे दर्जे का है। आडिट का सुपरिन्टेंडेंट सेंट्रल सेक्रेटेरियट के सेक्शन ऑफिसर से नीचे दर्जे का है। ऐसी स्थिति में आडिट वाले अपना काम किस तरह से कर सकते हैं, इसके बारे में जरूर विचार करना होगा। मैं समझता हूँ कि वित्त मंत्री महोदय को यह संशोधन मानने में कोई कठिनाई नहीं होनी चाहिए।

दूसरा संशोधन मैंने इस आशय का दिया है कि जहां तक आडिट डिपार्टमेंट का सवाल है, कंट्रोलर एण्ड आडिटर जनरल वित्त मंत्रालय के शिकंजे से पूरी तरह से मुक्त होना चाहिये। यही संविधान के निर्माताओं की मंशा थी। पार्लियामेंट आडिट विभाग के लिए जितनी धनराशि स्वीकार करती है उस का विनियोग करने में वह पूरी तरह से स्वतंत्र होना चाहिए। वित्त मंत्रालय या उसके सचिव अथवा अन्य अधिकारी किसी प्रकार से हस्तक्षेप करके उनकी स्वाधीनता को कम न करें इस का भी प्रवन्ध करना आवश्यक है। मेरा संशोधन इस सम्बन्ध में इस प्रकार है :

Page 9,

after line 21, insert

"20A (1) The Comptroller and Auditor-General of India shall frame the estimates for the administrative expenses of the Indian Audit and Accounts Department and the estimates so framed shall be included in the annual financial statement of the Government of India to be laid before both the Houses of Parliament.

(2) The Comptroller and Auditor-General of India shall have full powers to incur expenditure out of the grant made by Parliament towards the administrative expenses of the Indian Audit and Accounts Department."

यह संशोधन सर्वथा उपयुक्त है और वित्त मंत्री को इस को स्वीकार करने में कोई कठिनाई नहीं होनी चाहिए।

अभी वित्त मंत्री महोदय ने कहा कि हम जो फूड कारपोरेशन सम्बन्धी विधेयक है उस में संशोधन कर रहे हैं। इस सदन में इतने विधेयक पेश किये गये हैं स्टैट्यूटरी कारपोरेशन बनाने के लिए जिन की कोई सीमा नहीं है। जो इस तरह के विधेयक संसद में आते हैं उन में हम यह क्यों नहीं दे सकते कि उस के सम्बन्ध में कंट्रोलर एण्ड आडिटर जनरल द्वारा आडिट की व्यवस्था हो या नहीं। मैं यह समझने में असमर्थ हूँ कि इस को इस विधेयक में लाने में क्या आपत्ति है कि जितने इस तरह के स्टैट्यूटरी कारपोरेशन होंगे जैसे लाइफ इंश्योरेंस कारपोरेशन है, नेशनलाइज्ड बैंक हैं, उन सब का आडिट कंट्रोलर एण्ड आडिटर जनरल द्वारा हो सकता है ? मेरी समझ में नहीं आता कि इस में क्यों संकोच होना चाहिए। सार्वजनिक धन इन संस्थाओं में लगता है। वह संसद के प्रति जिम्मेदार हैं। कंट्रोलर एण्ड आडिटर जनरल की स्वतन्त्रता और निष्पक्षता में आप की निष्ठा है। अगर आवश्यक हो तो आप उन को और कर्मचारी दे सकते हैं, लेकिन कोई कारण नहीं है कि जब सार्वजनिक क्षेत्र का विस्तार हो रहा है, सरकार अलग अलग उद्योग धन्धों में पैसा लगा रही है तो केवल डिस्क्रिशन का उपयोग करने में कठिनाई होगी इस के नाम पर उनको कंट्रोलर एण्ड आडिटर जनरल के अधिकार क्षेत्र से बाहर रक्खा जाये। इस के लिए अलग अलग कानूनों में संशोधन करने की आवश्यकता नहीं है। इसी विधेयक में यह संशोधन किया जा सकता है। जो इस प्रकार होना चाहिये :

Page 8

for lines 20 to 24, substitute

"(2) The duties and powers of the Comptroller and Auditor-General in relation to the audit of the accounts of banks, financial institutions, insurance companies, and corporations owned by the Central or State Government shall be the same as those in respect of a Government Company."

यह संशोधन स्वीकार किया जा सकता है और सचमुच में कंट्रोलर एण्ड आडिटर जनरल

की संस्था को मजबूत बनाया जा सकता

एक बात मैं और कहना चाहूँगा। अब एक नया तरीका चलाया गया है। राज्य सरकारें कर्ज के बारे में गारेंटी दे देती हैं। मुझे बतलाया गया है महाराष्ट्र सरकार ने 400 करोड़ रुपये के कर्ज की गारेंटी दी है। सरकार गारेंटी दे देती है और कर्जा मिल जाता है। उस की छान बीन नहीं होती। कंट्रोलर एण्ड आडिटर जनरल को अधिकार होना चाहिए कि वह इस बात की छान बीन कर सके कि जो गारेंटी दी गई थी वह ठीक थी। जिस काम के लिए गारेंटी दी गई थी उस में वह कर्जा खर्च हुआ है या नहीं, वह वापस आया है या नहीं। वह देखे कि जब सरकार गारेंटी देती है और कर्जा दे दिया जाता है तब उस कर्ज का दुरुपयोग तो नहीं हो रहा है। कंट्रोलर एण्ड आडिटर जनरल गारेंटी की वास्तविकता में नहीं जा सकता। जब राज्य सरकार गारेंटी देती है तो उस के हर पहलू में कंट्रोलर एण्ड आडिटर जनरल को जाने की इजाजत होनी चाहिए। इस आशय का भी मैंने संशोधन दिया है।

हमारे वित्त मंत्री महोदय कंट्रोलर एण्ड आडिटर जनरल को मजबूत करने की बात कह रहे हैं। हम भी इस संस्था को मजबूत करने की बात कह रहे हैं। संसद् के पास समय नहीं है कि सारे सरकारी खर्च के हिसाब किताब को देखे। लोक लेखा समिति भी बिना आडिट रिपोर्ट के काम नहीं कर सकती। इस संसद् के लिए सरकार जिम्मेदार है, सरकार अरबों रुपये खर्च कर रही है। वह रुपया संसद् जिस काम के लिए चाहती है उस काम पर खर्च होता है या नहीं, और अगर नहीं होता तो उस के लिये जिम्मेदार लोगों को कटघरे में खड़ा किया जा सके, यह काम आडिट का होता है। आडिट के रिपोर्ट के ऊपर पब्लिक अकाउंट्स कमेटी काम करती है और उसी पर सारा अकाउंटिंग होता है तथा खर्च चलता है। इस लिये मैं चाहता हूँ कि आप कंट्रोलर एण्ड आडिटर जनरल के पद को, उनकी

प्रतिष्ठा को, उनकी निर्णय शक्ति को मजबूत करें। यह विधेयक इस दृष्टि से जहाँ तक जाना चाहिए, नहीं जाता। मैं समझता हूँ कि अब भी मौका है, वित्त मंत्री महोदय संशोधनों को स्वीकार करके इस विधेयक में जो कमी है, उस को पूरा कर सकते हैं।

SHRI C. C. DESAI (Sabarkantha) : I have also tabled a few amendments. There are more or less of the same character as the suggestions made by the previous speakers.

What I find is that while there is respect for the high office of the Comptroller and Auditor-General, there is also a certain amount of distrust which I find while going through the Bill; and I say this without fear of contradiction, because I have been a Member of the Public Undertakings Committee, for two years and now I am a Member of the Public Accounts Committee, and in the past, I had been also a Secretary to Government. What I find is that there is allergy to the Public Accounts Committee, which means also the Comptroller and Auditor-General, and that is apparent in this legislation.

Let me give you one example. While it is welcome that the salary of the Comptroller and Auditor-General would be equated with that of a Supreme Court Judge, the facilities regarding pension have not been equated. After all, what is the distinction between pay and pension? Actually, the pension that should be paid to the Comptroller and Auditor-General should be higher, because that post carries with it a disqualification for further employment under Government, whereas in the case of a Supreme Court Judge, we all know that on retirement, every Supreme Court Judge gets some work or the other on the same terms and conditions of service as when he was a judge. So, why should there be this distinction? Why should we not give the same pension to the Comptroller and Auditor-General as to the Supreme Court Judge.

There is also one other matter. This is a small matter, and perhaps the Finance Minister may not even be aware of it. In the warrant of precedence, the Attorney-General and Comptroller and Auditor-General were bracketed in the same place and they were above the Cabinet Secretary. After several modifications and notifications, the Cabinet

[Shri C. C. Dasai]

Secretary has gone up above both these functionaries. They are both constitutional functionaries. The Attorney-General has gone up a few steps ahead, and the poor Comptroller and Auditor-General for whom this House has the highest respect and who is really the guardian-angel of the country's finances has been denigrated and relegated to a lower place. I am sure that this injustice is not even known to the Finance Minister. But I say this and I hope the Finance Minister will examine how it is that the two functionaries who were bracketed in the warrant of precedence have been separated and delinked, and one has been upgraded while the other has been downgraded and for what reasons. As I said, I am not attaching much importance to precedence, but this shows the attitude of the bureaucracy.

They think that the Comptroller and Auditor-General is a fifth wheel to the coach. They think that he is there to find fault with their management of the country's finances. Actually, as a Member of the PAC, having seen this for the last few months, I can say this that he is more a friend of the bureaucracy than even an aid to the PAC. Very often, he protects them and very often he looks after them. But this fact is not known and is not appreciated by the bureaucracy.

My hon. friends have asked why when the salary of the Comptroller and Auditor-General is equated with that of a Supreme Court judge, a similar thing should not be done in the case of the Accountants-General. They are more or less, in fact, they are, in the same position *vis-a-vis* the State Government as the Comptroller and Auditor-General is *vis-a-vis* the Central Government. Their reports are sent to the Public Accounts Committee of the State Legislatures, and they play the same role which the Comptroller and Auditor-General does here. And yet if you compare their salary with that of the Secretary to Government who appears before the Public Accounts Committee of the State as a witness, you will find that his salary is lower than that of the Secretary to Government in the State Government, and certainly much lower than that of a High Court judge or the Chief Secretary to a State Government. I see no reason and no justification for this anomaly. I hope that the Finance Minister, if he is really keen and if he is really anxious to upgrade the status and dignity of the whole organisation of the

Comptroller and Auditor-General, will carry out these improvements at the State level as well.

My friends have also referred to the budget of the CAAG. Shri Vajpayee, who was a distinguished Chairman of the Public Accounts Committee for two years, alluded to that. I also know a little bit of the working of Government. When proposals go from the CAAG they are pored down and cut down by the Secretary to Government, by an Under-Secretary to Government, if you please. The Comptroller and Auditor General does not find it convenient or prudent to take every case to the Finance Minister. If he did, I have no doubt that his view would prevail. But this system is wrong whereby his proposals are scrutinised in a spirit of mischief and malice. I hope the Finance Minister will take effective steps to improve this system. What greater anomaly and discourtesy can you imagine to an officer held in high esteem by us. In fact, he is the nearest to Parliament. There are three functionaries under our Constitution. One is the Attorney General, the other the Chairman of the UPSC and the third the Comptroller and Auditor General. We hardly ever see the Attorney General; we never see the Chairman of the UPSC. But not only the Public Accounts Committee but the Public Undertakings Committee meet the Comptroller and Auditor General. Their work is based on the paragraphs he puts in. He is the officer who comes in most direct contact with Parliament and he is always held in high esteem by all the members of the PAC.

Members have said that the financial and credit institutions should be brought within the scope of the CAAG. I wholeheartedly agree and have proposed an amendment. Four years ago, when I was a member of the Committee on Public Undertakings, we found the anomaly of the Food Corporation of India being excluded from the scrutiny of the C.P.U. It is only now, in 1971, that this corporation has been brought within the jurisdiction of the Committee on Public Undertakings. But even now, the Comptroller and Auditor General has no jurisdiction over the Food Corporation. The Finance Minister has said that he will remove this anomaly by bringing forward a suitable amendment to the Food Corporation of India Act. But here we are enacting a law defining the jurisdiction of the CAAG and this is the appropriate occasion to deal with this, not by doing it in each individual com-

pany or corporation. There is a provision in the Food Corporation of India Act excluding scrutiny by the CAAG. This shows the allergy they have to this officer. This is wrong and this is the right and appropriate place to define his jurisdiction so as to cover not only the Food Corporation but all corporations deriving their revenues or funds from the Consolidated Fund of India, over whose expenditure Parliament must exercise appropriate control.

Now I come to the Life Insurance Corporation of India. My Chairman, Shri Sezhiyan, read on the evidence of Shri T. A. Pai, Chairman of LIC. When the LIC has come within the jurisdiction of the Committee on Public Undertakings, what objection can you possibly have to your accounts being audited and checked by the organisation of the CAAG? The accounts should be clear and above reproach. If you have something to hide or conceal, then you could raise an objection. Your main objection is to the Committee on Public Undertakings, but that objection has been invalidated and the Life Insurance Corporation of India has been brought into the jurisdiction of the Committee on Public Undertakings. Now, this objection merely to statutory control being applied is just meaningless, and it exposes the disinclination of the public corporations to submit to the accountability of Parliament. And if that is so, I am sure the Finance Minister will not countenance any such attitude, any such disposition on the part of the corporations of India.

Even then, I know, and when I was a Member of the Committee on Public Undertakings, we moved that the State Bank of India, and the Reserve Bank of India should be brought within the scope or jurisdiction of the Committee on Public Undertakings. They have resisted that attitude; even today they have not agreed. What is the reason? What is the distinction between the Industrial Finance Corporation of India and the Industrial Development Bank of India? They are both credit and financing institutions. Actually, I have seen that the Industrial Finance Corporation is a subsidiary of the Industrial Development Bank of India, and if one can be controlled, examined and brought into the jurisdiction of the Committee on Public Undertakings, why not the Industrial Development Bank of India? But there is the attitude of the bureaucracy of objecting to anything concerning Parliament

functioning, but I am sorry to say that that attitude is also supported by the Minister, because without his support, they could not get away with the exclusion from the jurisdiction, from the scrutiny of Parliament.

Then there are contracts with the Government. The jurisdiction of the Comptroller and Auditor-General is excluded from the contracts. I see in the United States there is a provision under which the Comptroller and Auditor-General of that country is authorised to examine those contracts and to report to the Congress. We claim to be more socialistic and more representative of the people of India and so no. Why is it that this provision has not been included in the Bill? Why is it that we are not considering this on the analogy of the provision that exists, that is working in a country which is known to be capitalistic and which is known to be far less socialist-minded than we are? That is in relation to the accountability or the examination of accounts of contractors.

Then there are one or two small points: grants including subsidies. I have given notice of amendments; grants and subsidies are not distinguishable and the Comptroller and Auditor-General, I find, in the course of his experience with the Ministries and the departments can treat the grants as subject to scrutiny and not subsidies. Subsidy is as much an expenditure from the Consolidated Fund of India: in fact, it is even more; it is outright grant, and there is no reason why the jurisdiction of the Comptroller and Auditor-General should not be extended to grants including subsidies. In fact, I wrote a letter to the Finance Minister, four or five days ago, bringing these amendments to his notice, giving detailed reasons for the amendment—which is unusual for a Member of Parliament—and I am hoping and expecting that when these amendments find favour with him, he would accept them as Government amendments so as to facilitate the work of a private member.

SHRI SEZHIYAN : It is also unusual for the Minister to accept them.

SHRI C. C. DESAI : That is because while the Ministers or Members of Parliament are men from public life, I find that the Ministers are very much subject to pressure and persuasion of the bureaucracy.

[Shri C. C. Desai]

I hope the jurisdiction of the Comptroller and Auditor-General will be extended not only to these institutions like the Industrial Development Bank of India, but the Reserve Bank of India and the State Bank of India. Some of these are purely commercial institutions where it is generally appropriate that the commercial audit and the statutory audit of the Comptroller and Auditor-General should be made applicable. The State Bank of India is nothing but a banking institution. It has not got a treasury function like the Reserve Bank of India. Similarly, the major banks have been nationalised, and these banks should also be brought in, and I hope that the Finance Minister while giving his concurrence, will tell his Ministry that "I am not prepared to accept your advice that these institutions should not be brought within the jurisdiction of the Committee on Public Undertakings." They should also be brought under the control and jurisdiction of the Comptroller and Auditor-General so that they come either before the Public Accounts Committee or before the Committee on Public Undertakings.

PROF. S. L. SAKSENA (Maharajgang) : Mr. Chairman, the Auditor General should be the eyes and ears of the Finance Minister. The Finance Minister is in charge of the accounts of the country. He is the guardian of the finances. He should be zealous to see that the expenditure made from the public funds is proper. He should therefore be eager to accept the amendments moved by this side of this House, because they are all intended to help him discover the lapses on the part of the officials and remove them.

The State Bank or the Industrial Bank or the Reserve Bank or the Life Insurance Corporation—all these are big undertakings which spend crores of rupees. If their accounts are properly audited by the Auditor General, surely it could be of help to the Finance Minister, for he is ultimately responsible to raise funds through taxation and frame the country's Budget.

If he accepts the suggestions that have been made he could be quite confident that all the accounts which are submitted to him by the various corporations are correct.

I appreciate the point made by my hon. friend about the appointment of the Auditor

General. He said that he should be from a panel and that panel should be chosen by this House. That should be a real safeguard for the independence of the Auditor General. Of course the Cabinet is responsible for his appointment, but if the Cabinet appoints a person out of a panel which this House approves I think the independence of the Auditor General will be guaranteed. It has been done in the case of Vice Chancellors in many places. I think the Finance Minister will try to accept this amendment and incorporate it as a Government amendment. At present we have no provision as to who should be appointed and how he should be appointed.

No Auditor General can work independently unless his staff is under his control. It is an anomaly that you expect the Auditor General to be independent without having the staff under his control. The plea of the Members of this side of the House to put the staff under his control is, I think, just and I hope he will accept it. The audit staff should have a status above the status of officials whose accounts they audit. Their salary should be higher. The salary of the Accountant General should be equal to that of the High Court Judges.

I have full faith in the Finance Minister that he is determined to put our finances above suspicion. The suggestions made from this side of the House will be helpful to him in that respect. The opposition of the officials whose accounts are to be checked should not hinder him from accepting these suggestions.

SHRI SAMAR GUHA (Contai) : This Bill provides for the powers and service conditions of the Comptroller and Auditor General. I want to draw attention to the fact that the powers and the service conditions of about 50 thousand workers who are working under the jurisdiction of the Auditor General have not been given the same Constitutional guarantee, but are left to the discretion of the Auditor General in consultation with the President. I want particularly to draw the attention of Government to the fate of these 50,000 employees in the Auditor General's Office for the reason that auditing the accounts of different companies is a very specialised kind of job which requires the talents recruited from the different parts of the country. It is also known that these employees working in the Auditor General's Office have to appear in a very rigorous examination comparable to the IAS

examination. They also ought to be assured that their service condition has as much security as this Bill provides for the Auditor-General himself.

My second point has already been covered by many friends, namely that the scope of auditing should be extended to companies in which Government money is invested by way of loan or shares, so that public funds provided for the growth of any industrial company is not misused and this Parliament has the right to go through the accounts of those companies.

Thirdly, the position of the Accountants General in the States is similar to that of the Auditor General, but unfortunately their status and salary are much less than those of the Chief Secretary. I think their status should be raised and be comparable to that of a High Court Judge, so that they may command respect and the confidence of the States where they are functioning.

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : I have heard with care the speeches of the hon. Members who participated in the debate. Most of them have made practically the same points.

First of all I would like to meet the point made by Mr. Vajpayee whether I have an open mind or not. I would like to tell him that anybody who comes to this House comes with an open mind, but this question was considered in great detail in the Joint Committee where we went into it for hours and days together, listening to the expert witnesses, the representatives of the Government, the representatives of the different financial institutions, legal experts etc. Unfortunately for me, none of the Members who participated in the debate were Members of that Committee. That is my handicap.

SHRI ATAL BIHARI VAJPAYEE : That is our misfortune.

SHRI YESHWANTRAO CHAVAN : That is my misfortune because I have to repeat again all the things. Therefore, I would like to tell the hon. Member that on many points I had kept my mind open, and the original Bill has been considerably improved by the Joint Committee. So, the only point that I am trying to make is that I have an open mind if there

are good reasons to accept some corrections, suggestions or amendments. But having gone through this whole process, I must say that unfortunately for Mr. Vajpayee today I have come with a made-up mind.

SHRI P. VENKATASUBBAIAH : Not a closed mind.

SHRI YESHWANTRAO CHAVAN : Not a closed mind, but certainly I have made up my mind and I will give reasons for it. Sometimes hon. Members try to give the feeling of some sort of over-simplification to certain matters. There can be a sort of rigidity in logic also. There is a feeling that everything that is referred to the CAG alone can be correctly audited. I think this is misjudging the character and function of the office of CAG. The Constitution has certainly given some specific tasks to him. The Constitution also authorises Parliament to make laws in certain matters and it is our right to expand that scope. But the administration is responding to different types of economic activities, whose nature and character are getting more and more complex. Therefore, to say that every aspect of accounts and expenditure should be made subject to the scrutiny of the CAG is really speaking running away from the problem and trying to find one simple solution : You send it to CAG and you are free ! That is not the way to look at it. We have considered carefully what could and what could not be done.

The question about the independence of the office of CAG was raised. His independence is guaranteed by the Constitution itself. In order to fortify it, we have accepted that the status of the CAG should be the same as the status of a Supreme Court Judge. That means, we are further specifically accepting the independence of the CAG. Mr. Vajpayee said, there is no mention about qualifications. Unfortunately, the Constitution has not done so. What the Constitution could not do, I thought it was difficult for us to do. The Constitution which went into the qualifications of a Supreme Court Judge, who can be President, who can be a member of a legislature, etc., has wisely not gone into the necessity of mentioning the qualifications in the Constitution. Therefore, we could not do it. Then, independence is not decided merely by the right to frame their own budget. Even the budget of Lok Sabha, which is really the supreme body, is not framed by Lok Sabha

[Shri Yeshwant Rao Chawan]

itself. Similarly, judiciary is independent, but its budget is also part of the Consolidated Fund of India. Therefore, giving the CAG the authority to frame his own budget is trying to put him above the Parliament and Supreme Court. Ultimately, whoever frames the budget, it comes to Parliament ultimately for approval. Then, some of the expenditure is charged. The independence of the budget of the CAG is to that extent guaranteed.

Some members referred to the independence of the staff of the CAG and said, we should have come forward with separate legislation. I know under article 148(5), there is a provision for such a law being made. But there is also article 309, under which legislation can be made for all sorts of people.

SHRI JYOTIRMOY BOSU : Are you bringing a Bill or not ?

SHRI YESHWANTRAO CHAVAN : At the present moment, we do not propose to do it. Their independence does not depend on a separate legislation alone. Their master is independent. Unlike other Government servants, their conditions of service are decided in consultation with the CAG. To that extent then are free. Therefore, to say that an organisation, in order to be independent, must be governed by a separate legislation, is not a very valid argument.

SHRI P. VENKATASUBBAIAH : What about their status ?

SHRI YESHWANTRAO CHAVAN : Ultimately their status depends on their functions. When an auditor goes to audit, even if he is not a Gazetted Officer, he functions with that status. It is not necessary that he should be a superior authority in order to audit accounts. It is his function that makes him independent. Therefore, to speak in terms of grade in this context is illogical. The independence of the organisation does not depend upon the type of legislation that the hon. Members are mentioning.

17.00 hrs.

Shri Vekatasubbaiah referred to the assistance to the Parliamentary Committees by the C&AG, He himself knows that the reports of C & AG can be brought before Parliament

whenever necessary. These reports are gone into by the Public Accounts Committee and the Committee on Public Undertakings. Further, this Bill is not intended to regulate or deal with the functioning of Parliamentary Committees ; it is supposed to concern itself with the functioning of the C & AG. As far as Parliamentary Committees are concerned, they can regulate their work as they like. Therefore, I do not know what exactly he had in mind when he made that suggestion.

SHRI P. VENKATASUBBAIAH : The functions of the C & AG, so far as assisting financial committees are concerned, are not specifically stated here.

SHRI YESHWANTRAO CHAVAN : He is, in fact, doing that.

SHRI P. VENKATASUBBAIAH : That is by convention.

SHRI YESHWANTRAO CHAVAN : Sometimes conventions have more power than an Act.

SHRI P. VENKATASUBBAIAH : Here you have codified his duties and functions and yet this has been left out.

SHRI YESHWANTRAO CHAVAN : When it is accepted by Parliament as a convention I do not see any necessity to legislate for it.

The only other question which some hon. Members have raised is about his role so far as public financial institutions are concerned. We have discussed this question for hours together in the Joint Committee and this question has been gone into in greater detail. At present the Reserve Bank of India, the I.D.B.I. and the State Bank of India in their own legislation have provided that government can ask the C & AG to look into the problems of the workings of those institutions. If you see clauses 19 and 20, we have made a general provision on those lines that not only these institutions but any authority either the President or the Governor, can ask the C & AG or in the alternative the C & AG himself can ask for authority, to look into the working of some of the bodies. But to make them compulsorily subject to audit by C & AG is making the working of the C & AG impossible. In fact, that will not help the efficient functioning

of the organisation of the C & AG. Where there is some reason to believe that there is something fishy, certainly the President or the Governor can ask the C & AG to look into the problem. But to make it statutorily obligatory for every institution to be subject to audit by C and AG is playing the game of obstacles. At least that is how I look at it. The technique of audit by the C and AG is of a different type. For example, a suggestion was made that all the nationalised banks should also be subjected to this as if the accounts of nationalised banks are at present not audited. Under their own Acts there is a provision for audit. There is internal audit. There is a special provision for audit. There is something like commercial audit. The audit that is done by the C and AG is a different type of audit. It is not that when we are not making them subject to the audit of the C and AG, they are allowed to run free.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : I do not know how you say that there are two different types of audit.

SHRI YESHWANTRAO CHAVAN : There are.

SHRI JYOTIRMOY BOSU : I beg to differ.

SHRI YESHWANTRAO CHAVAN : Unfortunately, you always differ with me. What can I do ?

SHRI JYOTIRMOY BOSU : There is only one type of audit unless you see through a dark pair of glasses.

SHRI YESHWANTRAO CHAVAN : I can see that you believe in what you say. But I do not want to enter into a debate on it.

It is rather oversimplification of the problem if, merely because we have a Comptroller and Auditor-General, we make everything subject to his audit. This is not logical. It may look logical but it does not fit into the working of the administration and the complex functions that we are taking over. But we have made a general provision that whenever Government feels it necessary that a certain body should be subject on certain occasions to the scrutiny of the Comptroller and Auditor-General, it can always be done. That provision is there.

SHRI S. M. BANERJEE (Kanpur) : PL-480 funds should also be audited

SHRI YESHWANTRAO CHAVAN : Another point that was made was about contracts. Shri C. C. Desai made that point. The question of negotiated contracts particularly was raised. Some of the people who came to give evidence before the Committee had also raised this question. This was examined and the Attorney-General has given the opinion that in terms of article 149 Parliament will not be competent to provide for audit by the C&AG in relation to the accounts of individual. This is our legal advice. This is our legal and constitutional point.

Secondly, it is also not practicable. Once this feeling is given that the C&AG is going to look into the whole contract, possibly it will be very difficult to get the contract. Sometimes, it is possible that they may push up the prices also. It may possibly work against efficient functioning.

SHRI P. VENKATASUBBAIAH : Including the audit charges.

SHRI YESHWANTRAO CHAVAN : Including the audit charges.

We went into all the aspects of the problem apart from the legal aspect and we ultimately came to the conclusion that this was neither a practical nor a legal proposition.

This provision was very thoroughly examined. Some of the Members of the Opposition, who were on the Committee, also saw the logic of it. Except one Member who had given his minute of dissent, all others saw the point that it was very difficult to make it workable and practicable. Therefore, this was not included in the Bill.

I, therefore, do not see any reason to accept any of the suggestions made.

SHRI P. VENKATASUBBAIAH : We made certain suggestions about the pay and all that of Accountants-General.

SHRI SEZHIYAN : Equate them with High Court Judges, Chief Secretaries etc.

SHRI YESHWANTRAO CHAVAN : Shri Venkatasubbaiah himself gave the history of the Constituent Assembly and said that the idea was to make them independent. But now they have been made agents of the C&AG. He is independent. His agents are responsible to him. To that extent they are independent. How can you make a provision for them in this Act ?

SHRI P. VENKATASUBBAIAH : About their emoluments.

SHRI YESHWANTRAO CHAVAN : These are matters which can be considered. These are administrative problems. For that I do not see any necessity of any legislation now.

We are making the first attempt to have such a comprehensive legislation. Let us see how it functions. After the experience of the working of this Act, Parliament in its wisdom may again feel it necessary and Government may also feel it necessary to modify and make comprehensive amendments or to enlarge the scope of its working or perhaps Parliament in its wisdom might feel it necessary even to curtail the functioning of the C&AG ; I do not know what experience will lead to. But at the present moment, I think, this legislation is comprehensive enough. It will give enough independence and power to the C&AG to work effectively and efficiently.

MR. CHAIRMAN : Now, I put the motion to the vote of the House. The question is :

"That the Bill to determine the conditions of service of the Comptroller and Auditor-General of India and to prescribe his duties and powers and for matters connected therewith or incidental thereto, be taken into consideration."

The motion was adopted

MR. CHAIRMAN : We shall now take up clause-by-clause consideration of the Bill.

There is no amendment to clauses 2 to 5. So, I will put clause 2 to 5 to vote.

The question is :

"Clauses 2 to 5 stand part of the Bill."

The motion was adopted

Clauses 2 to 5 were added to the Bill

Clause 6—(Pension)

SHRI SEZHIYAN : I beg to move.

Sir, the basic idea of my Amendment Nos. 11 to 19 is to put the pension of the Comptroller and Auditor General on par with that of the Supreme Court Judge which goes upto 20,000. You have fixed it at Rs 15,000. I have put it on the basis of additional pension of Rs. 1000 in respect of each completed year of service as the Comptroller and Auditor-General. It will come to Rs. 20,000 if he puts in six years. When you say that his salary is equal to that of the Judge of the Supreme Court, I want to put the pension also on the same logic.

SHRI YESHWANTRAO CHAVAN : I may explain it briefly. Really speaking, the provision of pension was less than Rs. 15,000. In terms of pounds, it comes to Rs. 13,000 or so. As a matter of fact, in the Joint Committee, we thought that we should enhance it. Even this Rs. 20,000 or whatever is the amount is the maximum. So, it depends upon the number of years of service he puts in. In the case of C. A. G., a person who may not be in any service, who may not be a high Court Judge, can only serve for six years. It is quite conceivable that a person who has not served anywhere, can only serve for six years and can get Rs. 15,000 as pension. Therefore, it is the maximum thing that is provided here.

What the Joint Committee thought was this. Suppose a person, though he has a tenure of six years of service, resigns before he completes six years. He should not get the maximum of Rs. 15,000. So, it is based on the number of years of service he has put in. I personally think that the provision for pension is quite liberal than the existing provision and no change is necessary.

MR. CHAIRMAN : I first put Amendment Nos. 11 to 19 to the vote of the House.

Amendments Nos. 11 to 19 were put and negatived

MR. CHAIRMAN : The question is :

"That clause 6 stands part of the Bill"

The motion was adopted

Clause 6 was added to the Bill

MR. CHAIRMAN : There is no amendment to clauses 7 to 9. So, I put them to vote of the House.

The question is :

"That clauses 7 to 9 stand part of the Bill"

The motion was adopted

Clauses 7 to 9 were added to the Bill

New Clause 9A

SHRI ATAL BIHARI VAJPAYEE : I beg to move :

Page 5,—

after line 15, insert—

"9A. The status, salary and service conditions of the officers and the staff of the department of the Comptroller and Auditor-General shall be at par with corresponding levels in the Central Secretariat.

Explanation. If any question arises as to what are the corresponding levels in the Central Secretariat, the decision of the Comptroller and Auditor-General thereon shall be final." (6)

The status, salary and service conditions of the officers and the staff of the department of the Comptroller and Auditor-General shall be at par with corresponding levels in the Central Secretariat.

I am not demanding any higher status but they should be at par and if any question arises as to what are the corresponding levels in the Central Secretariat, the decision of the Comptroller and Auditor-General thereon shall be final.

SHRI YESHWANTRAO CHAVAN : I think in my general reply I had mentioned this question that really speaking at the

[Shri Yeshwantrao Chavan]

present moment the rules and service conditions are prescribed in consultation with the Comptroller and Auditor-General and if there are any other points which the Comptroller and Auditor-General may raise, certainly they can be considered. I don't think for that matter any legislative provision is necessary.

Sir, I cannot accept the amendment.

SHRI ATAL BIHARI VAJPAYEE : Do you at least accept the spirit of the amendment that they should be on par, if not higher.

SHRI YESHWANTRAO CHAVAN : I think this is a question of details. I cannot merely say which office is equivalent to which office. It is a matter of detailed discussion with them. Either I cannot say that I accept it in principle or I do not accept it.

MR. CHAIRMAN : Now, I will put the amendment of Mr. Vajpayee to the vote of the House.

Amendment No. 6 was put and negatived.

MR. CHAIRMAN : There are no amendments to Clauses 10 and 11. Now, the question is :

"That Clauses 10 and 11 stand part of the Bill."

The motion was adopted.

Clauses 10 and 11 were added to the Bill.

MR. CHAIRMAN : There is one amendment to clause 12 by Shri Mishra ; he is not here ; so, it is not moved. The question is :

"That Clause 12 stand part of the Bill."

The motion was adopted.

Clause 12 was added to the Bill.

Clause 13 was added to the Bill.

Clause 14—*(Audit of receipts and expenditure of bodies or authorities substantially financed from Union or State Revenues.)*

MR. CHAIRMAN : Now we go to Clause 14. Shri Vajpayee has got amendments Nos. 7 and 8. Are you moving ?

SHRI ATAL BIHARI VAJPAYEE Sir, I beg to move :

I move these amendments. Let the hon. Minister accept them.

MR. CHAIRMAN : You don't want to speak. He has also not to say anything. Now I will put amendments Nos. 7 and 8 to the vote of the House.

Amendments Nos. 7 and 8 were put and negatived.

MR. CHAIRMAN : Now, the question is :

"That Clause 14 stand part of the Bill."

The motion was adopted.

Clause 14 was added to the Bill.

Clause 15—*(Functions of Comptroller and Auditor General in the case of grants or loans given to other authorities or bodies.)*

MR. CHAIRMAN : There are amendments by Shri Desai and Shri Sezhiyan. Shri Mishra is not here.

SHRI C.C. DESAI : I beg to move :

"Note—Grants include Subsidies." (1)

I hope the Finance Minister will accept it. This is only clarificatory in nature and there is no principle involved in this. So, I trust he will accept it.

SHRI YESHWANTRAO CHAVAN : He has given a clarificatory principle which I cannot accept. I am sorry I cannot accept that.

SHRI SEZHIYAN : I beg to move :

Page 7, line 8,—

after "grant" insert "subsidy" (20)

After 'grant' I put the word 'subsidy'. That you can accept.

SHRI YESHWANTRAO CHAVAN : I am sorry ; it is not so simple as that.

MR. CHAIRMAN : So, now I will put amendment No. 1 and Nos. 20 to 24 to the vote of the House.

Amendments Nos. 1, and 20 to 24 were put and negatived.

MR. CHAIRMAN : Now the question is :

"That Clause 15 stand part of the Bill."

The motion was adopted.

Clause 15 was added to the Bill.

Clauses 16 to 18 were added to the Bill.

Clauses 19—(Audit of Government companies and Corporations)

MR. CHAIRMAN : There are certain amendments, Mr. Vajpayee's amendment is No. 9. Are you moving ?

SHRI ATAL BIHARI VAJPAYEE : Yes, I am moving. I beg to move :

tion, audit the accounts of a Company (not being a Government Company), in which not less than rupees one crore is invested and not less than 25 per cent of the paid-up share capital is held by the Union Government or by any State Government or Governments, or partly by the Union Government and partly by one or more State Governments, and report thereon. SHRI C. C. DESAI : The point here is that there may be companies where the Government capital may be less than 50 per cent, but the investment may be so high that it is desirable to bring the accounts of those companies under the scrutiny of the Comptroller and Auditor-General. This principle of 51 per cent cannot be sacrosanct. It will depend upon the industry and the magnitude of the

investment. If the investment is a crore of rupees or two crores of rupees, even though in terms of percentage, it may be less than 51 per cent, is there any reason why the Comptroller and Auditor-General's jurisdiction should be excluded? The Finance Minister in his reply has said that some of these companies might feel some difficulties or there may be some difficulties in regard to foreign collaboration and so on. I do not think so. I have sufficient experience of foreign collaboration, and I can tell you that the foreign collaborators get accustomed to Government regulations and Government requirements very well, and if there is a provision that in such companies and in such corporations where the investment is more than a crore of rupees, the jurisdiction of the Comptroller and Auditor-General should be extended, they will accept it. The difficulty is with the Finance Ministry, and the question is whether the Finance Ministry will accept it.

SHRI YESHWANTRAO CHAVAN : I am not accepting it.

SHRI SEZHIYAN : I would only quote a few sentences from the Fifty First Report of the Estimates Committee of the Fourth Lok Sabha. They had made a unanimous recommendation, which was accepted by the House, and I feel that the hon. Minister may also reconsider his made-up mind and accept this amendment of mine. The Committee had recommended :

"The Committee note that under the Companies Act, 1956, the Comptroller and Auditor-General is not responsible for the audit of the accounts of the companies which are not Government companies. Oil India Ltd. is not a Government company as defined in the Companies Act, 1956 and hence its accounts are not audited by the Comptroller and Auditor-General of India. The Committee feel that as Government holds 50 per cent shares in Oil India Ltd. and has invested Rs. 14 crores in the share capital of this company and has paid over Rs. 18 crores as subsidy, it would have been appropriate for Government to have the accounts of the company audited by the Comptroller and Auditor-General before the payment of subsidy. The Committee have already recommended that the accounts of the companies

since 1962 may be examined by the Government auditors. The Committee further feel that Government should consider the advisability of getting the accounts of companies where they hold 25 per cent or more shares and where the investment exceeds Rs. 1 crore test-audited by the Comptroller and Auditor-General."

We only want test-auditing or supplementary auditing. We do not want to have a voucher audit as is done by the internal auditors. We want test-auditing only where the percentage exceeds 25 per cent and the investment is more than Rs. 1 crore. I do not want smaller companies to be audited where the contribution from Government is less than 25 per cent and where the investment is less than Rs. 1 crore.

SHRI YESHWANTRAO CHAVAN : As I have said, some of these things can be considered at a later stage. But at the present moment, with the experience that I have got of the working, I think that it will amount to frightening away people. If we have 51 per cent shares, then it would be very legitimate for us to refer the matter to the Comptroller and Auditor-General, because we are in a majority. But when we are in a minority, because we perhaps want them to be there, it would merely amount to frightening them away. To say that they get used to Government policy is one thing; to say that they get used to the methods of auditing by the Comptroller and Auditor-General is quite another. Shri C. C. Desai is a practical administrator, and I hope he would see the strength of my argument and perhaps agree to withdraw his amendment.

SHRI JYOTIRMOY BASU : The same line of thinking as before.

MR. CHAIRMAN : I shall now put amendments Nos. 2, 9, 25 and 26 to the vote of the House.

Amendments Nos. 2, 9, 25 and 26 were put and negatived.

MR. CHAIRMAN : The question is :

"That clause 19 stand part of the Bill"

The motion was adopted.

Clause 19 was added to the Bill.

New clause 19 A

SHRI SEZHIYAN : In view of the assurance given by the Minister, I am not moving my amendment relating to the inclusion of the FCI. I reiterate that the amendment to the FCI. Act should be brought before this House in this session itself.

SHRI YESHWANTRAO CHAVAN : We will do that.

SHRI C. C. DESAI : I beg to move :

Page 8,—

after line 37, insert—

“19A. The Comptroller and Auditor-General shall, until the expiry of three years after final payment, have access to and the right to examine any directly pertinent books, documents, papers and records of contractors or any of the sub-contractors engaged in the performance of and involving transactions related to contracts or sub-contracts, where the value of a contract entered into on behalf of the President or the Governor of a State, as the case may be, is not less than rupees one crore and the contract has been entered into on the basis of negotiation and not as a result of open competitive tenders. All such contracts shall include a clause to the above effect :

Provided that where the President or the Governor of a State, as the case may be, determines in any case after consultation with the Comptroller and Auditor-General that it

will not be in the public interest so to do, the above provision shall not apply.” (4)

The experience of the USA should be a guide for us. There they have got this legislation and no difficulty has been experienced. I see no reason why we should apprehend difficulties when in similar circumstances other countries have not.

SHRI YESHWANTRAO CHAVAN : I am not accepting it.

SHRI SEZHIYAN : The Minister quoted the opinion of the Law Ministry that the Auditor General's going into individual accounts is not permissible. The ARC in its report on finance and accounts makes a specific recommendation saying that the audit in its discretion has the right to go into the accounts of contractors with whom contracts of the value of a crore of rupees are entered into by Government through direct negotiation as against open competitive tender. Was this recommendation taken into account when the opinion was given ?

SHRI YESHWANTRAO CHAVAN : Yes, it was because this question was raised in the Joint Committee and there was a recommendation by the ARC that this question was legally examined and this provision was put in.

MR. CHAIRMAN : I shall now put amendment No. 4 to vote.

Amendment No. 4 was put and negatived.

SHRI C. C. DESAI : I beg to move :

Page 8,—

Audit of Financial
and credit
Institutions.

“19A. Notwithstanding the provisions contained in section 19, the Comptroller and Auditor-General shall have powers to conduct a supplementary or test audit of the accounts of the following and other similar financial institutions in which Government or Reserve Bank or State Bank or Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970 have substantial financial interests, and report thereon :—

- (a) Life Insurance Corporation of India.
- (b) Reserve Bank.
- (c) State Bank.
- (d) Banking Companies acquired under the Banking Companies (Acquisition and Transfer of Undertakings) Act, 1970.

- (e) Unit Trust of India.
- (f) Industrial Finance Corporation,
- (g) Industrial Development Bank.

When he exercises such power, the provisions of section 619 of the Companies Act, 1956 shall, as far as may be, be applied to such supplementary or test audit as if the said Financial Institution were a Government Company within the meaning of Section 617 of the Companies Act, 1956 :

Provided that the President shall, after consultation with the Comptroller and Auditor-General, determine and specify by order, specific areas in relation to the activities of these Institutions to which supplementary or test audit by the Comptroller and Auditor-General shall not extend :

Provided further that the President shall cause to be laid before each House of Parliament every order issued in this behalf as soon as may be, after it is issued, while the Parliament is in session for a total period of thirty days which may be comprised in one session or any two successive sessions and if before the expiry of session in which it is so laid or the session immediately following, both Houses agree in making any modification in the order or both Houses agree that order should not be issued, the order shall there upon have effect only in such modified form or be of no effect as the case may be ; so, however, that any such modification or amendment shall be without prejudice to the validity of any thing previously done under that order." (5)

This amendment deals with financial and credit institutions about which there has been considerable discussion in the House.

There was a consensus in both sides of the House that this institution should be brought within the scope of the Comptroller

and Auditor-General. Not only that. I hope that the Finance Minister will at least see that these institutions are brought within the scope of the Committee on Public Undertakings. The matter is pending in the Finance Ministry and is meeting with a certain amount of resistance on the part of the officers. So, at least I hope that he will see that they go before the Committee on Public Undertakings even if they do not go before the Public Accounts Committee.

SHRI YESHWANTRAO CHAVAN : As far as the amendment is concerned, certainly I cannot accept it. As far as the other suggestion is concerned, it can always be considered.

MR. CHAIRMAN : I shall now put the amendment to the vote.

The Amendment No. 5 was put and negatived

MR. CHAIRMAN : There is an amendment in the name of Shri S. N. Mishra. He is not here. That is not moved. So, I put the question. The question is :

"That clause 20 stand part of the Bill."

The motion was adopted.

Clause 20 was added to the Bill.

New Clause 20 A

MR. CHAIRMAN : There are amendment Nos. 10, 28 and 29 to new clause 20A.

SHRI SEZHIYAN : I move :

(2) The Comptroller and Auditor-General of India shall have full powers to incur expenditure out of the grant made by Parliament towards the administrative expenses of the Indian Audit and Accounts Department." (10)

SHRI SEZHIYAN : I do not know whether the Finance Minister is moved by our moving them.

MR. CHAIRMAN : The Finance Minister—well, he is not accepting them. I shall put the amendments to the vote.

Amendments Nos. 10, 28 and 29 were put and negatived.

MR. CHAIRMAN : I then take clauses 21 to 26. There are no amendments. I put the question :

"The question is that clause 21 to 26 stand part of the Bill."

The motion was adopted.

Clauses 21 to 26 were added to the Bill.

Clauses 1, the Enacting Formula and the Title were added to the Bill.

SHRI YESHWANTRAO CHAVAN : Sir, I move :

"That the Bill be passed."

SHRI JYOTIRMOY BOSU (Diamond Harbour) : Sir, I want to say a few things. They have been talking about Supreme Court judges and the Comptroller and Auditor-General. Now, one has to realise that the two job expectations are quite different. A Supreme Court judge would easily go on with the job quite efficiently with a couple of stenographers' assistance, but in a developing country such as ours, public investment is every day increasing and the sphere where the Auditor-General is required to function and to devote more attention and energy is far more wider than what a Supreme Court judge is expected to perform. Therefore, while making a provision for such a machinery which would be functioning with the Auditor-General, that has got to be borne in mind.

Now, it is a fact and none can dispute it, that the standard and quality of auditing is going down every day. What it had been when the country was being ruled by foreigners and the standard of auditing today, is like chalk and cheese. There is no comparison between the two. You have to arrest the deterioration. I do not really know whether you will be able to do it ; I do not think that you will do it. But it is a matter which everybody has to take note of.

We cannot lose the sight of another factor that auditing is a very unpleasant task. Unless you properly equip that man whom you depute to do an unpleasant task, how do you expect him to do the job or deliver the goods ? So it will be very unfair and improper for us to accept position, that the man in the audit department does not enjoy sufficient power and status. That is the thing which this Government had failed to recognise.

To my utter surprise he mentioned that he had different standards of auditing in mind.

SHRI YESHWANTRAO CHAVAN : I did not say different standards. I said different types of audit.

SHRI JYOTIRMOY BOSU : I have been searching my mind. With whatever little experience and knowledge that I have in that direction, I cannot find any reason behind that.

[Shri Jyotirmoy Bosu]

There cannot be two types of auditing. There is only one type of auditing. You audit the books of accounts theoretically and you go in for physical check and verification. You have not said that

Now the time has come when you must go for cost account auditing. That is the subject you have not dared to touch because then the whole structure will tumble down immediately, because you will be putting your hands in a bee-hive. As far as the superficial audit is concerned, the audit to which you have been accustomed, even in regard to that the structure is not sufficient.

I ask you a straight question. What about legislation? You have said quite frankly that you have no intention of bringing that Bill. I do really hope that in your reply to what has been said in this House you will support your attitude by reasons.

SHRI YESHWANTRAO CHAVAN : The hon. Member has made a speech which he could possibly have made even to the first reading stage. I had anticipated these arguments. Some other Members have advanced these arguments and I have replied to them.

As far as legislation is concerned I said that at the present moment there is no proposal before the Government to bring forward such a legislation. It does not mean, however, that Government would not change its mind or would not bring in legislation.

SHRI JYOTIRMOY BOSU : What is the reason?

SHRI YESHWANTRAO CHAVAN : We do not think it necessary at the moment. We do not legislate for the sake of legislation. We do so when it is likely to be of use. Otherwise there is no use of burdening the statute book with all types of legislation.

MR. CHAIRMAN : The question is :

"That the Bill be passed."

The motion was adopted.

TAXATION LAWS (AMENDMENT) BILL

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : I move* :

"That the Bill further to amend the Income-tax Act, 1961, the Wealth-tax Act, 1957 and the Gift-tax Act, 1958, be taken into consideration."

The Taxation Laws (Amendment) Bill, 1971 was introduced in this House on 12th August, 1971 and has thus been before the country for over 13 weeks. Hon. Members would no doubt have examined this Bill in detail and I, therefore, consider my task as fairly simple. With the indulgence of the House, I will avail of this opportunity to explain the rationale behind the proposals in the Bill and to touch upon some of its important features. Later, at the time of clause-by-clause consideration of the Bill, I propose to move certain amendments in order to bring out the intention underlying some of the provisions more clearly and to remove certain deficiencies that have since come to my notice.

The practice of under-stating values of immovable properties in sale deeds has assumed alarming proportions in recent years. This enables the vender of the property to avoid his tax liability in respect of capital gains arising on sale and also to create a hoard of secret wealth for avoiding income-tax, wealth-tax, gift-tax and ultimately the estate duty liability as well. The unrecorded part of the price can be utilised for financing business or investments outside the books of account or for incurring lavish personal expenditure. The vendee, apart from avoiding stamp duty and municipal taxes, is able to utilise his money on which taxes have been evaded. The understatement of values of immovable properties in sale deeds thus operates as a powerful device for tax evasion with all its attendant evils. One of the main objects of the present Bill is to counter-act tax evasion through this device.

The Bill seeks to insert a new Chapter XXA in the Income tax Act with a view to empowering the Central Government to

*Moved with the recommendations of the President.

acquire any immovable property, including agricultural land, having a fair market value exceeding Rs. 25,000 where the sale price declared in sole deed is less than the fair market value of the property. It will be possible to invoke this power only in cases where there is reason to believe that the sale price as agreed to between the parties has not been truly stated in the sale deed with a view to facilitating the reduction or evasion of the tax liability of the transferor in respect of any income arising from the sale, or the concealment by the transferee of any income or any moneys which have not been or which ought to be disclosed for the purposes of income-tax or wealth-tax. In the Bill, the term "immovable property" has been defined to mean any building or land or any rights in any building or land and, as such, the provision will also apply in a case where leasehold or other rights in land or building are sold. With a view to bringing composite sales of buildings, machinery, plant, furniture, fittings or other things within the purview of the new provisions, I propose to move an amendment so as to provide that in a case where any building is sold together with machinery, plant, furniture, fittings or other things, such machinery, plant etc. will also be regarded as immovable property. I further propose to clarify that the new provision will also cover the sale of a part of a building or a flat.

SHRI S. M. BANERJEE (Kanpur) : Including No. 7, Jantar Mantar Road ?

SHRI YESHWANTRAO CHAVAN : The power to initiate proceedings for acquisition of such property under the new provisions will be vested in the Assistant Commissioner of Income-tax who, for this purpose, will be designated as the competent authority. The proceedings for such acquisition will be initiated by the competent authority within six months from the date on which he receives information about the registration of the sale deed from the Registrar of Assurances or the transferee, whichever is earlier. The transferor and the transferee of the property, as also any person interested in it, will be entitled to file objections to the proposed acquisition. Under the Bill, such objections can be filed within a period of 30 days of the publication of the notice of such acquisition in the Official Gazette. I, however, propose to extend this period by another 15 days. Where any objections are filed, the competent authority will be required to consider such objections and also to give a

hearing to the parties concerned before coming to a decision. If, after considering the objections and hearing the parties, the competent authority is satisfied that the immovable property in question is of a fair market value exceeding Rs. 25,000 ; that such property has been sold for an apparent consideration which is less than its fair market value and that the consideration for such sale, as agreed to between the parties, has not been fully stated in the sale deed with the object of facilitating tax evasion by the transferor or the transferee, the competent authority would have the power to order the acquisition of the property. Under a special rule of evidence it has been provided that where the property is sold for an apparent consideration which is less than its fair market value, it shall be presumed, unless the contrary is proved, that the consideration for such sale as agreed to between the parties has not been truly stated in the sale deed with the object of facilitating tax evasion by the transferor or the transferee. In order to make the provision more effective, I propose to move an amendment so as to provide that where the fair market value of a property exceeds the apparent consideration by more than 25 per cent of such apparent consideration, it shall, in all cases, be presumed that the sale price has not been truly stated in the sale deed. In other words, in such cases, the first part of the presumption relating to the intention to facilitate tax evasion will, however, continue to be rebuttable in all cases.

No order of acquisition will be made except with the prior approval of the Commissioner of Income-tax. An appeal from the order of acquisition will lie to the Central Board of Direct Taxes, who will be required to decide the appeal after giving a hearing to the parties concerned. The order of acquisition will become final on the disposal of the appeal by the Board confirming the order of the competent authority. Thereupon, the competent authority will call upon the owner or the person who is in possession of the property to surrender or deliver possession thereof to the competent authority. When the possession of the property is delivered to the competent authority ; the property shall vest in the Central Government free from all encumbrances.

The compensation for property acquired under the Bill will be a sum equal to the consideration stated in the sale deed plus 15

[Shri Yeshwant Rao Chavan]

per cent of such sum. Where any improvements are made to the property between the date of transfer of the property to the transferee and the date of publication of the notice of acquisition in the Official Gazette, the amount of the compensation will be increased by an appropriate sum to cover such improvements. Conversely, if, after the transfer of the property to the transferee and before the vesting of the property in the Central Government, the property is damaged otherwise than as a result of normal wear and tear, the compensation payable will be reduced by an appropriate amount. In case of dispute regarding the cost of improvements or the cost of restoring the damaged property to its original condition, the competent authority will be required to refer the matter for determination by a civil court. It is also being provided that in a case where the amount of compensation is not paid within 30 days of the vesting of the property in the Central Government, Government will pay simple interest at the rate of 9 per cent per annum for the period of delay. As the amount of compensation payable under the Bill would be less than the compensation which would have been payable if the property had been acquired under the Land Acquisition Act, 1894, it is being specifically provided that the short-fall would be deemed to have been realised by the Central Government as penalty from the transferee for being a party to the transfer which has, as its object, the facilitating of tax evasion by the transferor or the transferee. Further, no penalty will be levied under the Income-tax Act on the transferee for concealing his income which is utilised by him for paying any amount in excess of the apparent consideration, even though such amount may be assessed to tax as his income. Similarly, no penalty will be levied on the transferee under the Wealth-tax Act for concealing any assets which are utilised by him for paying such excess consideration, even though such assets may be assessed to wealth-tax in his hands.

As the new provisions are relatable to Entry 42 of the Concurrent List in the Seventh Schedule to the Constitution, namely, "Acquisition and requisitioning of property" and as the said Entry does not apply to the State of Jammu and Kashmir, it is being provided that the provisions of the new

Chapter XXA shall not apply in respect of immovable property situated in that State.

The Bill also contains certain provisions to improve the present arrangements for valuation of buildings, lands and other assets for purposes of income-tax, wealth-tax and gift-tax. It is proposed to augment the administrative set-up of the official valuation machinery and to confer adequate powers on it, as also to bring about better regulation and discipline over non-official valuers.

For this purpose, the Valuation Department at present functioning on a limited scale under the Central Board of Direct Taxes will be augmented by appointment of Regional Valuation Officers, corresponding in status and emoluments to Commissioners of Income-tax; District Valuation Officers corresponding in status and emoluments to Assistant Commissioners of Income-tax; Valuation Officers in the grade of Executive Engineers and Assistant Valuation Officers in the grade of Assistant Executive Engineers, Class I. The Valuation Officer, which term will include Regional Valuation Officer, District Valuation Officer and Assistant Valuation Officer, will be associated with the valuation of assets at the stage of assessment to wealth-tax. For this purpose, the Wealth-tax Officer will be able to refer the matter of valuation of any asset to the Valuation Officer. The latter will thereupon proceed to deal with the matter and for this purpose, he will give an opportunity to the taxpayer to represent his case. The valuation will thereafter be finalised by the Valuation Officer after considering the taxpayer's objections and other evidence. The valuation as made by the Valuation Officer will be binding on Wealth-tax Officer who will make the assessment in conformity with such valuation. At the stage of appeal before the Appellate Assistant Commissioner, the question of valuation, if disputed, will be decided by him after giving a hearing to the Valuation Officer who made the valuation. A similar procedure will also be followed at the stage of appeal to the Appellate Tribunal if the valuation of any asset is disputed in appeal either by the taxpayer or by the Wealth-tax Officer. In other words, the Appellate Tribunal will be required to hear the parties and give its decision on the question of valuation instead of being bound by the opinion of arbitrators as under the existing law. The existing procedure for the arbitration of the valuation of any asset by two

non-official valuers or by a third valuer nominated by the Tribunal at the stage of appeal to the Tribunal is being discontinued.

In proceedings before the Wealth-tax authorities and the Appellate Tribunal, where the valuation of any asset is in dispute, the taxpayer will have the right to be assisted by a registered valuer *i.e.* a non-official valuer who is registered with the Central Board of Direct Taxes. The qualifications and experience required for such registration will be laid down in the Wealth-tax Rules. Any person who desires to be registered as a valuer under these provisions will have to make an application to the Board and also undertake to make an impartial and true valuation of any asset which he may be required to value ; to furnish a report of such valuation in a form to be prescribed for the purpose ; to charge fees at rates not exceeding the rates to be prescribed and, lastly, not to undertake valuation of any asset in which he has a direct or indirect interest. A similar declaration will be required to be furnished with every report of valuation. Any false declaration in this behalf will entail prosecution of the valuer leading to award of imprisonment up to six months or fine. The Board will have the power to remove any person from the register of valuers if such person is convicted of any offence or sentenced to a term of imprisonment or has been guilty of misconduct in his professional capacity.

The relevant provisions in the Income-tax Act and the Gift-tax Act are also being amended so as to make the new procedure of valuation of assets by the Valuation Officer at the stage of assessment applicable for purposes of these Acts as well. Similarly, the present procedure of arbitration of the valuation of any asset by two non-official valuers or a third valuer at the stage of appeal to the Appellate Tribunal for purposes of income-tax and gift-tax is also being discontinued.

With a view to discouraging *benami* holdings of property, the Bill proposes to introduce a new provision in the Income-tax Act so as to debar a person from enforcing his claim to any property held for him *benami* by another person, unless the claimant has disclosed the income from the property in a return of income or the property

itself in a return of net wealth furnished by him. If he has done neither of these, he may give notice to the Income-tax Officer of his claim to the property and thereupon the bar will cease to operate. The bar to enforce claims to property held *benami* will not, however, apply to any suit of a value not exceeding Rs. 2,000 which is tried by a Court of Small Causes or other similar court.

As hon. Members would have seen, the main purpose of the Bill is to curb evasion of income-tax and other Central direct taxes. The evil of tax evasion has assumed menacing proportions and I feel that radical measures are needed for its eradication. The present Bill represents an important step in combating tax evasion and I hope it will receive the unanimous approval of the House.

Sir, I move that the Bill be taken into consideration.

SHRI SEZHIYAN (Kumbakonam) : Sir, I have given notice of a motion to refer this Bill to a select committee.

MR. CHAIRMAN : It has not come in time. But, as a special case, I am allowing it to be moved.

18 hrs.

SHRI SEZHIYAN : Sir, I move :—

ORAL ANSWERS TO QUESTIONS

Trade Balance against Egypt

*31. SHRI FATESINGHRAO GAEKWAD : Will the Minister of FOREIGN TRADE be pleased to state:

(a) the total amount of trade balance against Egypt at present;

(b) whether Egypt has refused to sell its cotton to India to wipe out the deficit; and

(c) if so, the reaction of Government thereto ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) During the plan period 1st July, 1970 to 30th June, 1971, imports from Egypt amounted to Rs. 443.6 million and our exports to Egypt were of value Rs. 405.9 million, leaving a trade balance of Rs. 37.7 million in favour of Egypt.

(b) No, Sir.

(c) Does not arise.

SHRI FATESINGHRAO GAEKWAD : May I know whether it is a fact that trade exchanges planned for 1971-72 are lower in value than those for 1970-71 and, if so, what are the reasons for the fall and also the reasons for not including crude oil from Egypt ?

SHRI L. N. MISHRA : It has not fallen. I might give you the figures. The total trade

figure in 1968-69 was 632.30 crores; in 1969-70—Rs. 563 crores and in 1970-71 Rs. 951.30 crores. About crude oil, it has been included. But it has to undergo some test as to whether it is suitable for us. Egypt has no objection in giving us crude and cotton.

SHRI FATESINGHRAO GAEKWAD : May I know the price at which Egypt has agreed to sell cotton to India and how does the price compare with the global price of the same staple cotton, and also whether the Agreement stipulates that Egypt will not charge higher price than what it will charge from other countries for cotton sold to India and, if not, the reasons therefor ?

SHRI L. N. MISHRA : It is not in the public interest to give the price because we will be put in a difficult position in our bargaining capacity with other countries. This much I can say that it is a competitive price and I should say, we are not paying anything special to Egypt.

SHRI R. S. PANDEY : We are importing long staple cotton from Egypt and spending our valuable foreign exchange. I would like to know whether the hon. Minister has tried to convince the users, the textile mills, to do something to produce locally this long staple cotton.

MR. SPEAKER : That is meant for the Ministry of Agriculture.

SHRI R. S. PANDEY : Valuable foreign exchange is squandered away because we are not able to produce long staple cotton indigenously. I want to know whether he has made any effort to convince the people to help farmers to produce long staple cotton locally and not to import from Egypt. It is a relevant question and it should be answered.

MR. SPEAKER : I did not hold it in order.

ered. That is one of the reasons. This is also given in the statement. Out of the main reasons is that the water force is only upto 5 cusecs. I think the hon. Member was not there when I answered the main point. Since then the limit of water courses is reduced to 100 acres and they have done half the work. That is also one of the contributory reasons. But the main reason is the 'satta' system.

श्री हुकम चन्द कछवाय : अभी मंत्री जी ने उत्तर देते हुए कहा कि किसान इस सिंचाई के पानी के बारे में जुआ खेलते हैं और इसलिए रोक्ते हैं। उसमें पानी नहीं जाने देते ऐसा भी आरोप लगाया है। तो मैं जानना चाहता हूँ कि ऐसे कितने काश्तकार हैं जो सट्टे की कमाई करने के लिए अपने खेत में पानी नहीं लेते। क्या यह बात सही है कि मुरैना और भिंड जिले के अन्दर जो चम्बल में बन्ध है, उसका जो पानी है वह अधिकांश पानी मिलता नहीं है और हालत यह है कि काश्तकारों को जिनका पानी चाहिए उतना पानी उन्हें मिलता नहीं है।

अध्यक्ष महोदय : इर्रीगेशन पर जब डिबेट होगी तब माननीय सदस्य उस पर प्रश्न कर लें।

श्री हुकम चन्द कछवाय : सवाल यह है कि इर्रीगेशन के लिए पानी का उपयोग नहीं होता है तो मैं जानना चाहता हूँ कि यह जो चम्बल नहर के पानी का सिंचाई के लिए पूरा उपयोग नहीं होता है और काश्तकार बहुत माँगते हैं लेकिन पर्याप्त मात्रा में सिंचाई के लिए उन्हें पानी नहीं दिया जाता है...

अध्यक्ष महोदय : प्रश्न तो साधारण तौर पर युटिलाइजेशन आफ इर्रीगेशन पोटेंशियल का है और माननीय सदस्य मुरैना और भिंड चले गये।

श्री हुकम चन्द कछवाय : यह साधारण प्रश्न नहीं है अपितु यह बड़े महत्व का है।

इसलिए मैं जानना चाहता हूँ कि जो मुरैना और कोटा जिले के अन्दर जितनी किसानों की सिंचाई के लिए पानी की माँग है उतना पानी उन्हें पर्याप्त मात्रा में नहीं मिलता है तो उसके लिए सरकार क्या व्यवस्था करने जा रही है ?

अध्यक्ष महोदय : अब माननीय सदस्य अगर मुरैना और कोटा के लिए प्रश्न करें तो फिर यह सिलसिला खत्म नहीं होगा और अन्य माननीय सदस्य भी अपने अपने जिलों के बारे में भी इसी तरह के प्रश्न पूछ सकते हैं।

श्री हुकम चन्द कछवाय : मेरे पहले प्रश्न का उत्तर दिलवा दीजिये। मंत्री जी ने कहा है कि काश्तकार जुआ खेलते हैं...

अध्यक्ष महोदय : राब साहब उसे बतलाने जा रहे हैं।

DR. K. L. RAO : It is true that in Chambal area the farmers are more anxious to get water where the rainfall is low. But in the case of Bihar in Kosi area the rainfall is heavy and the farmers hesitate to take water.

श्री नाथू राम मिर्धा : मैं मंत्री महोदय से यह जानना चाहता हूँ कि चम्बल में पानी का कितना कम युटिलाइजेशन राजस्थान में हो रहा है और कितना कम मध्य प्रदेश में हो रहा है ?

अध्यक्ष महोदय : माननीय सदस्य ने भी खूब प्रश्न किया। बाकी मौजूदा प्रश्न में से यह प्रश्न कहाँ उठता है ?

श्री नाथू राम मिर्धा : यह चम्बल के इर्रीगेशन पोटेंशियल के युटिलाइजेशन का सवाल है इसीलिए मैंने यह सवाल पूछा है कि राजस्थान इस में किस हद तक जिम्मेदार है और मध्य प्रदेश किस हद तक जिम्मेदार है। कृपया मंत्री महोदय का जवाब आने दिया जाय।

DR. K. L. RAO : The project is comm-

on between Rajasthan and Madhya Pradesh. I have already explained in the statement the reasons for the lag in the case of Madhya Pradesh.

**Installation of High Tension Line
from Manshi to Saharsa**

*33. SHRI R. P. YADAV : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether there is any proposal under consideration of Government to install High Tension Line from Manshi to Saharsa, a distance of about 17 kms, for rapid industrialisation and all-out progress; and

(b) if so, the broad outlines thereof ?

THE MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREL) : (a) There is no proposal at present under consideration of the Government to install a high voltage line from Manshi to Saharsa.

(b) Does not arise.

श्री राजेन्द्र प्रसाद यादव : मंत्री महोदय द्वारा दिये गये उत्तर से पता चलता है कि "ग्रेट प्रोजेक्ट" सरकार के विचार में कोई इस तरह का प्रस्ताव नहीं है। अब बिहार देश का सब से पिछड़ा हुआ प्रदेश है और सहरसा उसमें खास तौर से पिछड़ा हुआ इलाका है और उसके औद्योगीकरण के लिए केवल कुछ ही किलोमीटर अर्थात् करीब 17 किलोमीटर हाई टेंशन लाइन मंशी दु सहरसा इंस्टाल करनी होगी तो क्या सरकार इस दिशा में कुछ करने का विचार कर रही है, यदि हाँ, तो कब तक इसे वह करना चाहती है ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : When I said there is no proposal at present, what I meant was, the State Government has not proposed such a line. But I myself have been studying this problem for some time and I feel that the only difficulty in this regard is

about the river Kosi and we have got to take some steps to overcome that difficulty.

SHRI R. P. YADAV : The Railway bridges are there and the train is running from Manshi to Saharsa. There is no trouble to take the line.

अध्यक्ष महोदय : अपने मूल उत्तर में मंत्री महोदय ने कह तो दिया है कि ऐसा कोई प्रोजेक्ट सरकार के विचाराधीन नहीं है। मंत्री महोदय चाहें तो इस का भी जवाब दे दें।

DR. K. L. RAO : It is interrupted by the river Kosi. At present there is a 11 KV line except for river crossing and for the transmission of power, we require higher voltage, 132 KV and that is what I have been thinking. If my colleague, Mr Hanumanthaiya agrees to permit the line across the bridges, we shall link it up.

**Categories of Railway Officers
Entitled to Travel in Saloons**

*34. SHRI S. N. MISRA : Will the Minister of RAILWAYS be pleased to state :

(a) the categories of Railway Officers who are entitled to travel in saloons, inspection cars or 4-wheeler or 6 or 8-wheeler coaches while on tours and transfers;

(b) the categories of Officers who are entitled to the use of air-conditioned saloons;

(c) the authority which can permit the use of saloons carriage and cases in which permission of the next higher authority is required before these can be hauled; and

(d) whether free services like cooks, bearers are provided in the saloons ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) Sir, while on duty, Assistant and Senior Scale Officers are entitled to use 4/6 wheeler Inspection Carriages and officers of Junior Administrative Grade and above to Bogie Inspection Carriages. Rules do not provide for the use of Inspection Carriages for officers while carrying out transfer.

(b) Chairman and Members of the Board are entitled to the use of air-conditioned tourist cars.

(c) No permission of any higher authority is required for the haulage of inspection carriages according to entitlement, provided the train is not prohibited or restricted for the attachment of Inspection Carriages.

(d) One attendant in the nature of a Caretaker is provided in each Inspection Carriage.

SHRI S. N. MISRA : May I know whether consistent with the statement made by the hon. Minister on the floor of the House, the use of these special privileges has been restricted in the case of officers, where there is availability of staying arrangement at the destination station? May I know whether that statement has been given effect to?

SHRI K. HANUMANTHAIYA : Staying arrangement is not available at every station. There are very many stations which do not have rest-houses or other facilities for the officers to stay. It is a well known practice that these carriages are being used as inspection carriages, for inspection, office work, consultation and discussion. Therefore, the question of accommodation being made available for stay at other stations will prove more costly than the existing arrangements.

SHRI S. N. MISHRA : May I know whether cases have been brought to the notice of the hon. Minister that these carriages are causing inconvenience to the passengers especially when their haulage is done? I have instances to this effect. May I know whether these have been brought to the notice of the hon. Minister?

SHRI K. HANUMANTHAIYA : The existing rules are that bogie inspection carriages are not normally attached to important mail and express trains. Many a time or mostly 4 wheelers/6 wheelers are attached to slow passenger trains or goods trains. So, special precautions.....

SEVERAL HON. MEMBERS : No, no.

श्री इसहाक सम्भली : मिनिस्टर साहब

हाउस को गलत जानकारी दे रहे हैं। मैंने खुद देखा है कि एक ऐसा सैलून एक्सप्रेस गाड़ियों में लगा हुआ है।

श्री हुकम चन्द कछवाय : सारा परिवार इन सैलून्स में उन लोगों का घूमता है। हजारों किस्से इस प्रकार के हैं।

SHRI K. HANUMANTHAIYA : Hon. Members have misunderstood what I am saying. I am quoting the rules. As regards what the practice is, I shall deal with it a little later.....

AN HON. MEMBER : So, he is coming to the violation now.

SHRI K. HANUMANTHAIYA : The rules are such that inconvenience to passengers is not allowed or contemplated. If there are any violations of these rules, we shall be able to deal with such cases, and hon. Members are free to write to me whenever they see a case of misapplication of this rule.

श्री इसहाक सम्भली : अध्यक्ष महोदय, मैंने खुद इस तरह के सैलून्स को एक्सप्रेस गाड़ियों में देखा है। मिनिस्टर साहब हाउस को गलत बतला रहे हैं।

MR SPEAKER : Now, he is attaching a goods train to the passenger train.

SHRI ATAL BIHARI VAJPAYEE : That is better than causing a derailment.

SHRI PRIYA RANJAN DAS MUNSI : In view of our approach to a socialist society, will the hon. Minister give a categorical answer that the privileges of saloons will be immediately stopped for all officers in the railways?

SHRI PILOO MODY : Also private Boeings.

SHRI K. HANUMANTHAIYA : If they are construed as special privileges, then the observations made by my hon. friend would apply. Here, it is a question of.....

AN HON. MEMBER : Normal privileges.

SHRI K. HANUMANTHAIYA : It is not a privilege. It is a question of facility for official work. The House has to see whether these facilities are required for officers to discharge their duties.

SHRI DINEN BHATTACHARYYA : Why not have a separate compartment and do away with air-conditioning ?

SHRI K. HANUMANTHAIYA : Whether it is a separate compartment or a separate carriage is a distinction without a difference. Whether air-conditioned coaches should be allowed on a large scale is really the matter to be considered. I find from the statistics that air-conditioned coaches are very few when compared to inspection carriages which are ordinary coaches.

SHRI PRIYA RANJAN DAS MUNSI : The answer is unsatisfactory. If the jawans can discharge their duty without any facilities why cannot the railway officers discharge their without the saloon ? The Minister is advocating their case.

SHRI S. M. BANERJEE : The hon. Minister has replied that the rules are that these coaches should be attached to goods trains but we have seen that they are never attached to goods trains but to express and mail trains, sometimes even by curtailing the number of third class bogies etc. I agree that for inspection purposes they may have to have special facilities for consultation. But why should consultations be held in the presence of their family members ? If they want consultation with them, that can be done at home, not in the coach. Have any instructions issued to see that they do not take their families with them while discharging their official duties ?

SHRI K. HANUMANTHAIYA : I would like to draw the hon. member's attention to the fact that the air-conditioned coaches are only a few, about 14 in number, as against 1000 and odd inspection carriages.

SHRI S. M. BANERJEE : The families are more than the coaches.

SHRI K. HANUMANTHAIYA : According to the rules, only the wife can go with the officer on such tours. In case one child or two children are taken, I do not think we should be so hard-hearted as to separate the family for any length of time.

SHRI P. R. SHENOY : Is the Railway Minister entitled to travel in air-conditioned saloon, and if so, in which trains ? Is it only in goods or any other trains also ?

SHRI K. HANUMANTHAIYA : According to the rules, all the Cabinet Ministers enjoy the same travel facilities. Though the Railway Minister is entitled to a separate saloon as the members of the Railway Board, this facility is not being used in conformity with the convention established.

MR. SPEAKER : Otherwise, he will refuse to come out of it.

श्री नरसिंह नारायण पांडे : हम बात को देखते हुए कि हाउस में इस बात पर बहुत रिजिस्ट्रेंट है कि जिन स्पेशल रेलवे कोचों का इस्तेमाल रेलवे आफिसर्स के द्वारा किया जा रहा है उनका मिसयूज हो रहा है, और मंत्री महोदय के बयान के मुताबिक उनके पास इन्स्टैंसेज है इस बात के, जैसे रेलवे बोर्ड के चेअरमैन की कैरेज एक ऐसी ट्रेन में लगाई गई थी जो कि गुड्ज ट्रेन नहीं थी, एक्सप्रेस थी, क्या मंत्री महोदय इस बात का स्पेशल जवाब देंगे कि क्या वह सैलून को विधेय करने जा रहे हैं ताकि आफिसर्स के द्वारा उनका मिसयूज न हो सके ?

SHRI K. HANUMANTHAIYA : I am aware that the hon. member's opinion is the opinion of the whole House almost. Whenever there is misuse, I am certainly going to take action.

SHRI NARSINGH NARAIN PANDEY : My question is specific and I am not satisfied with his answer.

MR. SPEAKER : He has given a specific answer.

SHRI ISHAQ SAMBHALLI : What about withdrawal of the facility ?

श्री अटल बिहारी वाजपेयी : इस बात को ध्यान में रखते हुए कि रेल किरायों में वृद्धि करने के बाद भी रेलों में मुसाफिरों को जगह नहीं मिलती है, और इस बात को भी ध्यान रखते हुए कि अगर सारे सैलून बन्द कर दिये जायें और यात्रियों के बैठने के लिये उन का उपयोग किया जाये तो दो सी नई गाड़ियाँ चल सकती हैं, क्या मंत्री महोदय सारे सवाल पर नये सिरे से विचार करने का वादा करेंगे ?

SHRI K. HANUMANTHAIYA : The hon. Member should know that these saloons or inspection carriages are not attached to each and every train. It is only when work warrants that these coaches are attached or detached as and when required. Therefore, it is not a general question. Even so, I shall take the opinion of this House into consideration and see that these things are not misused; and that the use of saloons does not come in the way of passenger facilities and amenities.

Requirement and Production of Wagons in India

***35. SHRI S. P. BHATTACHARYYA :** Will the Minister of RAILWAYS be pleased to state :

(a) the number of wagons required in our country every year and the number actually produced every year;

(b) the percentage of wagons produced in West Bengal;

(c) the exact number of wagons that are at present being made in the Engineering firms in West Bengal; and

(d) the proposed number of wagons to be ordered for making this year in West Bengal's Engineering firms ?

THE DEPUTY MINISTER IN THE MINISTRY OF RAILWAYS (SHRI MOHD.

SHAFI QURESHI) : (a) The number of wagons required by the Railways varies from year to year depending on the needs of traffic and likewise the number of wagons actually produced is also varied from year to year, the approximate number produced in 1970-71 being 9000 in terms of four-wheeler units;

(b) During the year 1970-71, out of the total number of wagons actually produced in private sector, about 57⁰/₁₀₀ were produced by the private wagon builders in West Bengal. During the first six months of 1971-72, this percentage has increased to about 64⁰/₁₀₀;

(c) The average monthly number of wagons turned out by the West Bengal private sector wagon builders during the six months from April 1971 to September 1971 was 328 in terms of four-wheelers;

(d) About 5000 wagons in terms of four-wheelers during the year 1971-72 excluding wagons to be manufactured against outstanding orders.

SHRI S. P. BHATTACHARYYA : Is there no difficulty due to shortage of wagons in the coalfield areas, because of which coal could not be properly transported to the consumers ?

SHRI MOHD. SHAFI QURESHI : The question was about the production of wagons. The hon. Member is asking about the availability of wagons. The availability of wagons to coalfields has been increased and we are trying to improve the availability of wagons to coal fields.

DR. RANFEN SEN : The hon. Minister said just now that last year about 57 percent of wagons was produced in West Bengal. Is it a fact that during the last few years most of the engineering firms that were producing wagons in West Bengal which have proved very good wagon building workshops are mostly lying idle because the Railway Ministry refused to place orders on such firms as a result of which there are a large number of closures and lay-offs ?

SHRI MOHD. SHAFI QURESHI : There are sixteen wagon builders in the private sector out of which seven are located in West Bengal. From the figures it is seen that there is a huge backlog on these firms and they are not able to produce wagons according to the requirements of the railways. It is not correct to say that the Railways have not placed any orders on private wagon manufacturers.

SHRI PRABODH CHANDRA : Is the Deputy Minister aware of the fact that in every sphere of economy the country is suffering because of the lack of wagons ?

SHRI MOHD. SHAFI QURESHI : It will not be correct to say that the whole economy of the country is suffering because of wagon shortage only. The main question pertains to the production of wagons.

SHRI PRABODH CHANDRA : The question is not only about the production of wagons. The question is about the number of wagons required in our country.

MR. SPEAKER : I think he says that production is according to the needs of the country.

SHRI MOHD. SHAFI QURESHI : Yes, Sir, I have said that so far as the production of wagons is concerned, it is meeting the requirements of the country. So far as availability to different sectors is concerned, there is some difficulty; there is no doubt about it.

श्री अचल सिंह : मैं मंत्री महोदय से जानना चाहता हूँ कि क्या यह सही है कि वेस्ट बंगाल में हजारों वॉगन इसलिये बेकार पड़े हुए हैं कि नक्सलवादियों ने उनसे सामान निकाल लिया है और वह काम के नहीं हैं ?

श्री मोहम्मद शफी कुरैशी : जी हाँ, यह बात किसी हद तक दुरुस्त है कि तकरीबन 20,000 वॉगन बंगाल एरिया में, ईस्टर्न सेक्टर में बेकार पड़े हुए हैं क्योंकि वहाँ उनके पुर्जे

चोरी गये हैं, कितनों का कैनबिलाइजेशन हुआ है जिससे वह इम्मोबिलाइज्ड हो गये हैं ।

SHRI TRIDIB CHAUDHURI : The hon Minister just not stated that there is quite large backlog of orders placed no West Bengal wagon manufacturers in the private sector. Has the railway made any enquiries about the reason for this backlog, whether steel shortage is one of the major causes of this backlog and if so, what is the remedy that the Railway Ministry proposes ?

SHRI MOHD. SHAFI QURESHI : Shortage of steel has been one of the reasons, but not the main reason. There have been other reasons also for these units not to come up to the production standards, namely, unsatisfactory law and order situation, the labour problems that they have to face in individual units etc. As I have already stated, there is an outstanding order of 4,530 wagons with private wagonbuilders in West Bengal, and with the additional offers already made to them the load they can carry is 9,677, but unless this backlog is cleared, it is not possible for the railways to give them additional orders. As and when the backlog is cleared, additional orders will be placed on them.

SHRI TRIDIB CHAUDHURI : I am not speaking about fresh orders, I was saying that steel shortage has been one of the main causes, if not the principal cause. So, keeping that aspect of the problem in view, what do the railways propose to do, what is their liaison with the Steel Ministry and the Foreign Trade Ministry to import steel for this purpose ?

SHRI MOHD. SHAFI QURESHI : To meet the shortage of steel, which is mainly in flats and sheets, we are importing huge quantities to meet the demands of these wagon-builders.

SHRI M. KALYANASUNDARAM : The Minister says that the private sector producers have not produced wagons satisfactory to the requirements of the railways. In that case, why should they place orders on the private firms at the cost of the railways ? The railway workshops have been prod-

using wagons themselves. Why not increase the production of these wagons in the railway workshops themselves ?

SHRI MOHD. SHAFI QURESHI : We have to take an over-all view of the economy in the production of wagons. The railways are producing these wagons in nine workshops. Now it has been tapered off gradually, without affecting labour. We are not retrenching any labour in these units. But the private sector in West Bengal was really facing some serious trouble.

SHRI JYOTIRMOY BOSU : What trouble ?

SHRI MOHD. SHAFI QURESHI : It would involve unemployment if there was no work. In order to generate more economic activity in this area, we have placed the orders with the private sector.

SHRI BISHWANATH ROY : In view of the increasing number of wagons manufactured in the country, may I know whether export is increasing, and if so, which is the country importing the largest number of wagons from us ?

MR. SPEAKER : It is going beyond the scope of the question.

SHRI MOHD. SHAFI QURESHI : I do not have the figures, but I can supply the figures.

**भारत पाक नहर जल संधि के अंतर्गत
पाकिस्तान को पानी की सप्लाई**

*36. श्री हुकम चन्द कछवाय :

डा० लक्ष्मीनारायण पांडेय :

क्या सिंचाई और विद्युत मंत्री यह बताने की कृपा करेंगे कि :

(क) पाकिस्तान को अब तक कितनी मात्रा में ऐसे पानी की सप्लाई की गई जिसका भारत-पाक नहर-जल संधि के अंतर्गत भारत को उपयोग करने का अधिकार था; और

(ख) इस संबंध में सरकार का भविष्य में क्या कार्यवाही करने का विचार है ?

सिंचाई तथा विद्युत मंत्रालय में उप-मंत्री (श्री बंजनाथ कुरील) : (क) और (ख). सिंधु जल संधि 1960 में दी गई व्यवस्था के अनुसार, 31-3-1970 को उसका संक्रमण (ट्रांजिशन) काल समाप्त हो जाने के पश्चात् तीनों पूर्वी नदियों (सतलुज, ब्यास और रावी) का जल उसी दिन से भारत के अबाध उपयोग के लिए उपलब्ध हो गया है। 1970 और 1971 के वर्षों में, कुल 80 लाख एकड़ फुट से 145 लाख एकड़ फुट जल पाकिस्तान-प्रदेश में प्रवाहित हुआ। पोंग में ब्यास नदी पर संचय बांध, ब्यास-सतलुज-लिक और राजस्थान नहर परियोजना के, जिनका निर्माण काफी आगे तक हो चुका है, पूरे हो जाने पर इस जल के अधिकांश का उपयोग भारत में ही किया जाएगा। इसके बाद एक औसत वर्ष में लगभग दस लाख एकड़ फुट जल ही फालतू होगा जो मानसून के महीनों में रावी नदी में प्रवाहित होकर नीचे चला जाएगा। बाढ़ के इस जल को रोक रखने के लिए रावी पर एक संचय बांध के प्रस्ताव की जाँच की जा रही है।

1971 जैसे वर्ष में, जब सतलुज, ब्यास और रावी नदियों में जल का प्रवाह, संचय जलाशयों के बावजूद, वर्ष के पचास प्रतिशत समय की तुलना में बहुत ही अधिक रहता है, मानसून के मौसम में कुछ जल नीचे की ओर इस कारण प्रवाहित हो जाएगा चूंकि संचय जलाशय में वह नहीं समा सकेगा और ऐसे समय में भारी वर्षा के कारण नहरों के द्वारा की जाने वाली जल की खपत भी कम हो जाती है।

श्री हुकम चन्द कछवाय : वक्तव्य में कहा गया है कि 1970-71 में 80 लाख एकड़ फुट से 145 लाख एकड़ फुट पानी पाकिस्तान को दिया गया है। मैं जानना चाहता हूँ कि जबकि

पिछले कई दिनों से पाकिस्तान के सम्बन्ध हमारे साथ खराब चले आ रहे हैं तो क्यों नहीं इस पानी का पूरा उपयोग हमारे देश में किया जाता है ? हमारे देश में ही इसका उपयोग करने की आप कौन सी व्यवस्था करने जा रहे हैं और अब तक आपने कोई व्यवस्था क्यों नहीं की है ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : Government is most anxious to complete all these projects which will utilise entire quantity of water. Unless we complete the Pong Dam, the Rajasthan Canal and the dam on the Ravi, we cannot utilise these waters. Therefore, we are most anxious to do it.

श्री हुकम चन्द कछवाय : मेरा प्रश्न यह था कि आपने अब तक इसकी व्यवस्था क्यों नहीं की। यह प्रश्न अनेक बार पूछा गया है। इस पानी का उपयोग भारत में ही हो, इसकी व्यवस्था सरकार ने अब तक क्यों नहीं की है। इसका साफ उत्तर दिया जाए, उसके बाद मैं अगला सवाल पूछूंगा।

DR. K. L. RAO : I have already submitted that these projects, except the dam on Ravi, are on hand and we are trying to complete them. The trouble is, financially we are a bit strained. Still we hope by 1973-74, we should be able to utilise substantially most of these waters.

श्री हुकम चन्द कछवाय : मंत्री महोदय ने बताया है कि मानसून के मौसम में काफी बड़ी मात्रा में पानी नीचे की ओर चला जाता है। मानसून के समय इस पानी को रोका जाए, इसकी भी कोई व्यवस्था आपने की है ? रावी पर जो बाँध बनाने की बात है, यह कब तक तैयार हो जाएगा और उस पर कितना खर्चा आएगा ?

DR. K. L. RAO : Monsoon waters cannot be stopped except by a storage dam. The Pong Dam and the dam on Ravi have

to be completed before the monsoon waters can be stored. There was another difficulty. This year there was very good rainfall and our farmers were not taking the water. Once the dams are completed, the monsoon waters can be stored.

अध्यक्ष महोदय : इनका कहना यह है कि उसको रोक कर पंजाब को क्यों नहीं डुबाया जाता है।

श्री हुकम चन्द कछवाय : बाकी जगह यह पानी दिया जाए।

SHRI PRABODH CHANDRA : Is the Minister aware that the existing canals and tributaries are in a position to take the water that goes to Pakistan if for the full year the water is given to Indian areas, especially Gurdaspur and Amritsar districts ?

DR. K. L. RAO : This water is not in the rabi period. If it is in the rabi period, our canals can take it. But this water comes in June to September when the river water is in excess and the canals cannot use these waters. Of course, we will draw the maximum. But this water can only be used by India by storing it up.

डा० लक्ष्मीनारायण पांडेय : वक्तव्य में आपने कहा है कि रावी पर एक संचय बाँध के प्रस्ताव की जाँच की जा रही है। मैं जानना चाहता हूँ कि इसको अमल में आप कब तक लायेंगे और इस पर कितना खर्चा होने की संभावना है ?

DR. K. L. RAO : There are two or three problems connected with the Ravi dam. Otherwise, the site selected by Punjab is quite good. But the rehabilitation problem has to be settled between the three parties, viz., H. P., Jammu and Kashmir and Punjab. There is also the question of allocation of waters. I hope to call a Ministers' meeting shortly and try to sort out these problems.

श्री यमुना प्रसाद मंडल : स्टेटमेंट में कहा गया है कि ब्यास पर पोंग बाँध स्टोरेज के लिए

बनाया जा रहा है। मैं जानना चाहता कि कब तक यह बाँध पूरा हो जाएगा।

DR. K. L. RAO : It will be substantially completed by June 1973.

Shortage of Power in Uttar Pradesh

*37. SHRI NIHAR LASKAR : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether there will be more shortage of power in 1980-81 even with the additional 3150 MW generating capacity visualized for Uttar Pradesh in the decade plan for power proposed by the Central Government; and

(b) if so, the steps being taken to make good the expected deficit ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) Additional installed capacity of 4140 MW is visualised for Uttar Pradesh in the Decade Plan bringing its own installed capacity to 5664 MW. In addition, Uttar Pradesh will get its due share from Central Projects including Badarpur and atomic and hydro power stations in the Northern Region. The anticipated load demand of about 5200 MW by 1980-81 is expected to be met fully.

(b) Does not arise.

SHRI NIHAR LASKAR : It is now quite clear that UP will not be self-sufficient in power even after the implementation of the Decade Plan because of several reasons. In view of this, what progress has been made in regard to the national grid system so that power can be brought to this area from other regions ?

THE MINISTER OF IRRIGATION AND POWER (DR. K. L. RAO) : We have realised that UP is very short of power. We are trying to make up as much as possible. At the moment we anticipate that at the end of the Decade Plan we require about 7,000 MW power. We have sanctioned about 3,000

MW and we are requesting the UP Government to take up more dams.

SHRI NIHAR LASKAR : What is the progress in regard to the national grid ?

DR. K. L. RAO : The national grid will be substantially completed by the end of the decade 1980. In fact, when we are planning for the decade for UP we have to depend for more than 1,000 MW on this grid. We have to get more power from the Himalayan projects and that can be done only by the national grid.

SHRI NIHAR LASKAR : After the completion of this system, will we be able to supply all the requirements of UP or will there still be shortage of power as at the present moment ?

DR. K. L. RAO : In UP there are lots of areas where there are no transmission lines. The transmission lines have got to be strengthened, especially in the eastern and northern sector. We are trying to build transmission lines. Along with it generation has also to be paid attention.

श्री नरसिंह नारायण पांडे : क्या उत्तर प्रदेश सरकार ने इस पावर शार्टेज को दूर करने के लिए मंत्री महोदय के सामने ऐसी कोई प्रोजेक्ट रखी है कि जो एटॉमिक पावर स्टेशन बनने वाला है, वह उत्तर प्रदेश में, या उसके पूर्वी अंचल में, बनाया जाये ?

DR. K. L. RAO : The team of the Atomic Energy Commission went about various places and finally decided upon Narora project. I think they will make a start shortly.

SHRI S. M. BANERJEE : Is it a fact that it has been brought to the notice of the Minister of Irrigation and Power by the Chief Minister of UP that industrialists have refused to set up industries in UP because of shortage of power ? The people of UP, specially those of eastern districts, are starving because there is constant shortage of power. What assistance is being given by the Center to make UP self-sufficient in the matter of electricity in the

Decade Plan ? The responsibility lies with the Centre because the State Government has already submitted a plan.

DR. K. L. RAO : It is true that there is a very heavy power shortage in U. P. because of which industries are not coming up there. Unfortunately we realised it rather late and the generation of power takes a few years before a power station can be commissioned. We are hoping that when the Badarpur power station comes up that will solve the power shortage to a certain extent. But the power shortage will persist until all the schemes that have been sanctioned are completed in time.

डा० गोविन्द दास रिछारिया : मुन्दर नगर में सिचाई और पावर कमेटी की मीटिंग हुई थी, उसमें यह घोषणा की गई थी कि अणु शक्ति स्टेशन उत्तर प्रदेश में बनाया जायेगा। क्या यह सही है कि अब सरकार उस निर्णय को बदलना चाहती है ?

DR. K. L. RAO : Atomic power stations are set up for the use of all States and not necessarily for one particular State. The power generated by them is shared between two or three States. In this particular case, because of heavy shortage of power in UP, we are hoping that a large portion of the power generated by the atomic power station will be allotted to UP. As I have submitted already, the matter is pending with the atomic energy power people and I would remind them to expedite the project.

श्री इसहाक सम्भली : क्या सरकार को मालूम है कि यू० पी० में बिजली काफी न होने की वजह से खेती को बड़ा भारी नुकसान हो रहा है ? वहाँ लगातार पिछले तीन साल से ट्यूबवैल मुश्किल से तीन से चार घंटे रोज चल पा रहे हैं। इस वजह से खेती को कितना ज्यादा नुकसान होता है, इसका अन्दाजा मंत्री महोदय खुद लगा सकते हैं। क्या यह सही है कि टिहरी डैम की योजना को, जो एक बहुत बड़ी योजना है और जिसकी वजह से उत्तर

प्रदेश को काफी बिजली मिल सकती है, महज इसलिए अमल में नहीं लाया जा रहा है कि राजमाता टिहरी-गढ़वाल उसको ओपोज कर रही हैं ? क्या यह भी सही है कि उत्तर प्रदेश की सरकार ने बिजली के बारे में कई योजनाएँ केन्द्रीय सरकार के पास भेजी हुई हैं, लेकिन चूँकि केन्द्रीय सरकार की तरफ से पैसा नहीं दिया जा रहा है, इसलिए उन योजनाओं पर अमल-दरामद नहीं हो रहा है। मैं यह जानना चाहता हूँ कि इन योजनाओं को जल्द से जल्द कब पूरा किया जायेगा, ताकि उत्तर प्रदेश की खेती की पैदावार को, जो गिर रही है, बेहतर बनाया जा सके।

[شری اشفاق سنبھلی—کیا سرکار کو معلوم ہے کہ یو۔پی۔ میں بجلی کی کمی نہ ہونے لگی وجہ سے کھیتی کو بڑا بھاری نقصان ہو رہا ہے ؟ وہاں لگانا چاہتے تین سال سے بیوب ویل مشکل سے زمین سے چار گتے روز چل پا رہے ہیں۔ اس وجہ سے کھیتی کو کتنا زیادہ نقصان ہوتا ہے، اس کا اندازہ منتری ہودے حوالہ لگا سکتے ہیں۔ کیا یہ سہی ہے کہ تھری ڈیم کی یोजना کو جو ایک بہت بڑی یोजना ہے اور جس کی وجہ سے انپروڈیشن کو کافی بجلی مل سکتی ہے۔ منجملہ اسلئے عمل میں لائیں لایا جا رہا ہے کہ راج مانا نہیں۔ گھڑوال اس کو ابوز کر رہی ہے ؟ کیا یہ نہیں ہے کہ انپروڈیشن کی سرکار نے بجلی کے بارے میں نئی یोजनाئیں کینڈرٹے سرکار کے پاس بیجی ہوئی ہیں۔ لیکن چون کہ کینڈرٹے سرکار کی طرف سے پیسا نہیں دیا جا رہا ہے اسلئے ان یोजनाؤں پر عمل درآمد نہیں ہو رہا ہے۔ میں یہ جاننا چاہتا ہوں کہ ان یोजनाؤں کو جلد سے جلد کب پورا کیا جائیگا تاکہ انپروڈیشن کی کھیتی کی پیداوار کو جو گڑبڑی ہے بہتر بنایا جاسکے۔]

DR. K. L. RAO : In general, States have been requested not to cut the power required for agriculture. Agriculture has got to be given the highest priority. U.P. is also doing it. But in view of the very heavy shortage of power in U. P. it is likely that the load for the agriculture sector is being rostered and, therefore, is being cut for some hours.

Then, the hon. Member has said about the Tehri Dam. There is no opposition to the Tehri Dam now; everybody has accepted it and we are proceeding with that. The project is now under the examination of the Central Water and Power Commission. It is not fair to say that the Rajmata is opposed to it; on the other hand, she is now very particular that the project should come through. But I would submit to the hon. Member that the Tehri Dam construction will take nearly eight years. It will take nearly eight years before it is fully commissioned and power is available. So, what we have got to have is other schemes which have got to come up very rapidly.

श्री नाथूराम अहिरवार : क्या यह सही है कि मध्य प्रदेश सरकार ने कोलमाइन्ज के क्षेत्र में थरमल पावर प्राजेक्ट, टीकमगढ़ जिले में ओरछा जल विद्युत बाँध और रीवा जिले में वाणसागर बाँध बनाने की योजनायें स्वीकृति के लिए केन्द्रीय सरकार के समक्ष भेजी हुई हैं ? यदि इन योजनाओं को जल्दी से जल्दी कार्यान्वित किया जाये, तो उत्तर प्रदेश तथा अन्य समीपवर्ती राज्यों की पावर की कमी को दूर किया जा सकता है। मैं जानना चाहता हूँ कि केन्द्रीय सरकार इस संबंध में क्या कार्यवाही कर रही है।

MR. SPEAKER : It is a suggestion for action and not a question.

DR. K. L. RAO : The question is about Madhya Pradesh and the hon. Member says that in view of the availability of coal there, a thermal power station should be set up there.

श्री नरेन्द्र सिंह बिष्ट : क्या मंत्री महोदय को याद है कि उन्होंने यह घोषणा की थी कि

उत्तर प्रदेश में पंचेश्वर डैम बनाया जायेगा, जो हिन्दुस्तान में सबसे उत्तम डैम होगा ? क्या कारण है कि अभी तक सरकार का ध्यान उसकी ओर नहीं गया है और उसमें कोई प्रगति नहीं हुई है ?

DR. K. L. RAO : There is one project, called Karnali, on Gogra River in Nepal territory. Recently, we had discussions with His Majesty's Government in Nepal and have agreed to purchase power from that project when that project fructifies. Along with that we have requested the Nepal Government to allow us to proceed with the Pancheswar Project. That river is on the boundary between Nepal and India. We have prepared a project and submitted to His Majesty's Government. We are expecting clearance from them and, once it is cleared, we will prepare a detailed project report. The Government is not unmindful of it.

Increase in Trade Deficit

*39. **SHRI JAGANNATHIRAO JOSHI :**
SHRI ATAL BIHARI VAJPAYEE :

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether trade deficit during April-August this year has widened to Rs. 145.1 crores from Rs. 109.9 crores in the same period of last year; and

(b) if so, the reasons therefor and the steps taken and to be taken in this regard ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) Yes, Sir.

(b) India's foreign trade deficit during April-August, 1971 widened because of larger increase in imports (+Rs. 142.6 crores) than in exports (+Rs. 107.4 crores) as compared to that in the same period of last year.

Measures taken by Government to deal with the balance of foreign trade problems are all those which are to promote exports and reduce imports. The current import-

expory policy is designed to give greater meaning and purpose both to various controls and restrictions which are being imposed and to incentives which are being given in the interest of promoting exports, reducing imports and general strengthening of the industrial base of the country's economy.

The broad features of the Government's export policy have been under-lined in the Export Policy Resolution laid before the Parliament on 30th July '70. The export promotion measures include supply of imported raw-material through the replenishment licences scheme, removal of capacity constraints, abolition or reduction of export duty, drawbacks on import and excise duty, barter deals etc.

Imports will be reduced in respect of items for which indigenous production has been developed. Special attention will be paid to the requirements of export production and for promoting exports of items in which the country is having greater comparative advantage *is-a-vis* other countries.

श्री जगन्नाथ राव जोशी : अध्यक्ष महोदय, व्यापार संतुलित करने में कमी हुई इसको स्वयं मंत्री महोदय ने स्वीकार किया है और इसको ठीक करने की दृष्टि से जो सुझाव दिए गये हैं उसमें आयात की कमी हो और निर्यात की वृद्धि हो, यह मामूली फार्मूला हमेशा का जो होता है वह बताया है। किन्तु पिछले कई महीनों में इम्पोर्ट लाइसेंसेज दिए गए हैं उसको देखते हुए आयात में कमी होगी यह लगता नहीं। अध्यक्ष महोदय, यह जो उत्तर मिला है उसमें कहा गया है—

“To keep the cotton price in check, considerable imports of cotton are also being resorted to.”

और दूसरी बात यह कही गई है कि—

“Raw materials other than cotton which are in short supply, edible oils and certain varieties of steel both of which are being imported in substantial quantity.”

यह यदि बात है तो आयात में कमी कैसे होगी, यह मैं मानना चाहता हूँ।

दूसरी निर्यात-वृद्धि की बात है। अपना जो परम्परागत निर्यात था जैसे जूट है, चाय है इसमें कमी हुई है। यानी चाय के उत्पादन में वृद्धि होने के बाद भी यह कमी क्यों हुई, जूट में घाटा क्यों हुआ ? और जिन चीजों में निर्यात ज्यादा हुआ है जैसे चमड़ा और चमड़े के सामान या खनिज लोहा और उसके पदार्थ, इन्जीनियरिंग गुड्स, मछली और मछली से बने हुए सामान, इसको निर्यात करने की दृष्टि से जैसे डीप सी फिशिंग के लिए हमको ट्रेलम की जरूरत है जिससे कि हम मछली बाहर भेज सकते हैं या खनिज लोहा और उसके सामान में निर्यात वृद्धि की दृष्टि से बन्दरगाह.....

अध्यक्ष महोदय : आप डिबेट में न जायें, केवल प्रश्न कर।

श्री जगन्नाथ राव जोशी : मैं प्रश्न ही कर रहा हूँ।

तो आयात और निर्यात इन दोनों की दृष्टि से आयात में कमी की उम्मीद तो कर नहीं सकते तो कम से कम निर्यात वृद्धि की दृष्टि से कौन से ठोस उपाय अमल में लाने जा रहे हैं ?

श्री एल० एन० मिश्र : माननीय सदस्य ने जो सुझाव दिए हैं, यह बात सही है कि इस साल के 6 महीने जो रहे हैं उसमें 41.42 करोड़ का इम्पोर्ट ज्यादा है एक्सपोर्ट से और स्वभावतः वह इसलिए है कि लोहे को हमने मँगाया बाहर से। स्टील का जो इम्पोर्ट है उस से यह बढ़ा है। लेकिन माननीय सदस्य को यह एहसास होना चाहिए कि किसी भी डेवलपिंग कन्ट्री का आयात बढ़ता है और उसके बाद फिर उसका निर्यात बढ़ता है। लेकिन जो माननीय सदस्य ने टी वगैरह के बारे में सवाल उठाया है यह सही नहीं है कि हम उसमें नीचे

गए हैं। चाय में 1970-71 में 146.46 करोड़ का निर्यात था और इस साल हुआ है 148.25 करोड़ का। जूट में 1970-71 में 189.92 था और इस साल है 250। इसलिए जूट और चाय में हम नीचे नहीं आये हैं बल्कि और ऊपर गये हैं, हमारा एक्सपोर्ट बढ़ा है और हमें उम्मीद है कि इस साल मार्च के महीने तक हम घाटे को पूरा कर सकेंगे। तृतीय योजना में जो 60 परसेंट ग्रोथ था उससे शायद हम ऊपर जा सकें। पिछले साल 8.3 गए थे और अब उम्मीद है कि अगले साल भी 8 परसेंट के करीब एक्सपोर्ट का ग्रोथ और बढ़ेगा। और माननीय सदस्य को एक बात मैं यह और कह दूँ कि इम्पोर्ट बढ़ेगा, इसको कोई रोक नहीं सकता डेवलपिंग कंट्री में। आपको सुनकर आश्चर्य होगा कि वैंकाक का एक्सपोर्ट ग्रोथ 40 परसेंट हर साल है और फिर भी घाटा है उनको। इम्पोर्ट उनको ज्यादा करना पड़ता है। इसलिए आगे बढ़ने के लिये हमें इम्पोर्ट करना होगा।

श्री जगन्नाथ राव जोशी : मैं यह जानना चाहता हूँ कि अभी इंग्लैंड ने साझा बाजार में सम्मिलित होने का जो निर्णय लिया है और अमेरिका ने अपने आयात पर जो दस प्रतिशत का सरचार्ज लगाने का निर्णय किया है इससे जो अपने व्यापार पर असर पड़ेगा उसको वार्ड आफ करने के लिए कौन से कदम सरकार सोच रही है ?

श्री एल० एन० मिश्र : विलायत के बारे में यहाँ काफी चर्चा हो चुकी है और हमने बताया है कि 15 परसेंट जो टैरिफ लगाया है उससे बहुत बड़ा आघात हमारी टेक्सटाइल इंडस्ट्री पर होगा। 17 से 20 करोड़ रुपये का जो टेक्सटाइल है उसमें इसी रेट से घट जायेगा और हम दूसरा बाजार ढूँढ़ रहे हैं। खास तौर से ईस्ट यूरोपियन कंट्रीज को और सोवियत यूनियन को हम भेजना चाहते हैं। जहाँ तक निक्सन की बात है वह सही है।

उन्होंने दस परसेंट सरचार्ज लगाया है और बड़े ही अनुचित ढंग से लगाया है। हमने उसके लिए प्रोटेस्ट किया है। उनके राजदूत को यहाँ बुलाकर कहा और जो हमने राजदूत एल० के० झा वाशिंगटन में हैं उन्होंने वहाँ जाकर, ए० डी० मेमोयर दिया। लेकिन उससे कोई फल नहीं निकला और मुझे ऐसी आशंका है कि कुछ फल निकलने वाला भी नहीं है। लेकिन यह दुःख की बात जरूर है। मैं यहाँ यह कहना चाहता हूँ कि जब कि उनका कमिटमेंट है अक्टाड में कि जनरल स्कीम आफ प्रेफरेंस करेंगे, तो कहाँ तो प्रेफरेंस की बात और कहाँ यह सरचार्ज लगा रहे हैं यह अन्तर्राष्ट्रीय जो उनका वादा है उससे वह पीछे गए हैं।

श्री अटल बिहारी वाजपेयी : अध्यक्ष जी, इस बात को ध्यान में रखते हुए कि ब्रिटेन ने साझा बाजार में शामिल होने का फैसला कर लिया है क्या हम साझा बाजार के साथ अपने आर्थिक संबंधों को विकसित करने का प्रयत्न कर रहे हैं ? क्या इस संबंध में इन देशों से कोई चर्चा हुई है और यदि चर्चा हुई तो क्या उसका कोई परिणाम निकला है ? क्या इस संबंध में मंत्री महोदय सदन को विश्वास में लेंगे ?

श्री एल० एन० मिश्र : यह ई ई सी के जो देश हैं उनके साथ हमारी चर्चा हुई है और उनके सामने हमने प्रस्ताव रखा है कि हमारे उनके बीच में एक कोआपरेटिव ऐग्रीमेंट हो हिन्दुस्तान और ई ई सी के देशों के साथ और उसके साथ ही जब हमारी प्रधान मंत्री ब्रूसेल्स गई थीं तो उन्होंने भी इस बात की चर्चा की। मुझे पूरे तौर पर उसकी सूचना नहीं है लेकिन उन्होंने भी उसकी चर्चा की है कि हिन्दुस्तान का जो प्रस्ताव है वह मंजूर होना चाहिए। हम उनके साथ अलग अलग भी अपना व्यापार बढ़ा रहे हैं और माननीय सदस्य को खुशी होगी कि जनरल स्कीम आफ प्रेफरेंस में वहाँ देशों ने मान लिया है। हमारे माल पर उनकी ड्यूटी

कम लग रही है। इससे हमारा व्यापार उनसे बढ़ रहा है।

SHRI JYOTIRMOY BOSU : I want to know two things :

(1) Will the hon. Minister tell us what steps are being taken to increase the unit value of the export and not the quantity ?

(2) What effective and physical steps are being taken to reduce, if not curb altogether, under-invoicing and over-invoicing ?

SHRI L. N. MISHRA : Regarding part (2) of his question, it may better be addressed to the Ministry of Home Affairs. I would only like to say that we are trying to canalise a number of items, both on the export and import sides, and that will eliminate over-invoicing and under-invoicing to a considerable extent. I have stated that our effort is not only to increase the total value but also to increase the unit value and this can materialise when we are in a position to find out the market for the same.

SHRI JYOTIRMOY BOSU : Unless you export processed goods, you will not be able to make any break-through.

**F. I. C. C. I. Suggestions re:
Simplification of Procedures
for Joint Ventures Abroad**

*40. SHRI N. SHIVAPPA :
SHRI BIRENDER SINGH RAO :
SHRI R. S. PANDEY .

Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the Federation of Indian Chambers of Commerce and Industry have recently suggested simplification of procedure for approval of projects, establishment of a separate organisation to disseminate information and for export of Indian know-how and participation of civil and structural contract work for joint ventures abroad; and

(b) if so, the reaction of Government thereto ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) and (b). The Federation of Indian Chambers of Commerce and Industry has published a brochure on "Indian Industrial Joint Ventures Abroad" in which it has made these suggestions. It is not the first time that such suggestions have been made. These have been engaging the attention of Govt. and they have already been taken certain steps in this direction. For simplification procedure for approval of proposal for setting up of industrial joint ventures abroad, Govt. have recently adopted some measures, which include :

(i) Constitution of an Inter-Ministerial Committee for approval of joint ventures, consisting of the representatives of the concerned Ministries, for on the spot examination and approval of proposals received from the entrepreneurs;

(ii) Introduction of a prescribed application form, as insufficient information furnished by the applicants was the main cause of the delay, and

(iii) Creation of a separate cell in the Ministry of Foreign trade for speedy examination of the proposals received. As a result of these measures, the time taken in according approval to such proposals has been considerably reduced.

2. Information about investment opportunities through exports of know-how, plants & machinery, undertaking of turn-key jobs etc. has been regularly collected and disseminated to concerned interests through well established channels. Indian Investment Centre has also taken upon itself to regularly keep informed Indian business community about the enquiries and possibilities in joint ventures abroad.

श्री राम सहाय पांडे : मैं यह जानना चाहता हूँ कि जो प्रोजेक्ट आप स्वीकार करते हैं उस की कोई सीमा बाँध दें कि इतने समय के अन्दर वह प्रोजेक्ट आ जाना चाहिए, उसकी सीमा निर्धारित कर देनी चाहिए, समय निर्धारित कर देना चाहिए, इसके संबंध में आपको क्या कहना है ?

श्री एल० एन० मिश्र : माननीय सदस्य ने जो प्रश्न किया था वह फेडरेशन आफ इंडियन चैम्बर्स आफ कामर्स के एक पैम्फलेट के आधार पर था। यह उससे भिन्न बिल्कुल दूसरा प्रश्न कर रहे हैं। इसके संबंध में मैं यह कहूँ कि जो भी योजना होती है जो भी हमारे पास ज्वाइंट वेन्चर्स के आते हैं उनके साथ शर्त रखते हैं कि पूँजी कितनी लगनी चाहिए और कितने दिन में पूरे करने होंगे। माननीय सदस्य को जानकारी खुशी होगी कि लगभग 126 ज्वाइंट वैचर्स हमने मंजूर किए थे। उसमें से 28 तो प्रोडक्शन में चले गए हैं और 61 वैरियस स्टेजेंज आफ इम्प्लीमेंटेशन में हैं। 37 को हमने एवंडन किया है। कुछ में काफी अच्छी प्रगति हुई है।

श्री राम सहाय पांडे : श्रीमन्, मैं जानना चाहता हूँ कि जो प्रोजेक्ट आपने संयुक्त वैचर में लिए हैं उनसे किस मात्रा में आपने स्वीकृति ले ली है कि उतना एक्सपोर्ट करना उनके लिए अनिवार्य होगा ?

श्री एल० एन० मिश्र : ज्वाइंट वेन्चर्स तो बाहर से होते हैं, एक्सपोर्ट करने का वायदा हम उनसे कैसे ले सकते हैं। हमारे देशों में जो कारखाने खड़े करते हैं, उनको ज्वाइंट वैचर्स कहते हैं ?

Earnings from Railway Freight Traffic

*41. SHRIMATI JYOTSNA CHANDA: Will the Minister of RAILWAYS be pleased to state :

(a) whether any improvement has been made in revenue earnings from Railway freight traffic in the first quarter of the current financial year; and

(b) if not, the reasons therefor ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a). the earnings from Railway freight (i. e. goods)

traffic in the first quarter of 1971-72 were about Rs. 5 crores more than those in the corresponding period of 1970-71, but they fell short of the budgetary anticipations by about one crore of rupees.

(b) The shortfall has been mostly due to less than anticipated loading of coal from Bengal-Bihar coal-fields and less than anticipated movement of general goods traffic to and from the Eastern sector of the country on account of dislocations in train services. Traffic in iron ore also fell short of anticipation.

SHRIMATI JYOTSNA CHANDA : I want to know this from the hon. Minister. Just now the hon. Minister has stated that the shortfall is because of less movement in the traffic to and from the North Eastern region. I want to know why this is so, I want to know why the train services and wagon movement are not utilised properly towards Eastern India, that is, Assam and Tripura ?

SHRI K. HANUMANTHAIYA : It is expected to improve from this month onwards. But, the real reason for the shortfall is not within the control of the Railways. It is connected with the law and order situation and also lower production in the steel plants. Iron ore has not been exported in sufficient quantity. So there are so many factors.

WRITTEN ANSWERS TO QUESTIONS

Wagons required for movement of Coal from Collieries in Bihar

*38. RAJMATA KRISHNA KUMARI JODHPUR : Will the Minister of RAILWAYS be pleased to state :

(a) the total number of wagons required daily for the movement of accumulated pit-head stocks of coal as also the current production from the collieries in Bihar;

(b) the total number of wagons being provided by the Railways daily; and

(c) the extent to which the shortage of wagons has hampered industrial production of the country ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) to (c). Total coal production from the collieries in Bihar from April to July 71 (latest figures available with this Ministry) has been 10.20 million tonnes, including 5.12 million tonnes coking coal and 5.08 million tonnes non-coking coal. How much of this production does not require rail transport due to the collieries' own consumption, quantity consumed in the production of hard coke and soft coke, unconsumable rejects from the pit mouth washeries and coal moving by the other modes of transport etc, is not known to this Ministry. The level of production in the first four months of the year would require loading of about 4000 wagons a day to clear the entire production by rail. Allowing for other modes of transport, rail despatch requirements will be about 3800 wagons a day.

The stocks of coal in the Bihar fields at the end of July 71 were 5.59 million tonnes against 3.66 million tonnes at the end of March 70, which can be assumed to be normal. The number of wagons required per day to clear the accumulated pithead stocks would depend upon the period over which the excess stocks are to be cleared.

The number of wagons loaded from collieries and washeries in Bihar from April 1971 are as under :

April	...	3,544
May	...	3,444
June	...	3,231
July	...	3,404
August	...	3,834
September	...	3,480
October	...	3,525

The information regarding the extent to which the shortage of wagons has hampered industrial production in the country is not readily available with this Ministry. According to the information available production of major industries like steel plants, power houses etc. have not been affected as particular care was taken to meet their essential demands.

(ख) क्या सरकार का विचार इस व्यापार का अपने हाथ में लेने का है; और

(ग) यदि हाँ, तो इसका पूर्ण व्यौरा क्या है ?

विदेश व्यापार मंत्री (श्री एल० एन० मिश्र) : (क से (ग). मेवों तथा खजूरों पर लाभ की गजाइश, अन्य कारणों के साथ-साथ भारत में उनकी माँग और प्रतिबंधित आयातों के कारण वास्तव में बहुत अधिक है। सरकारी उपक्रम अथवा उपक्रमों के माध्यम से मेवों तथा खजूरों के आयात के मार्गीकरण का प्रश्न गत कुछ समय से सक्रिय रूप से सरकार के विचाराधीन रहा है। इसके संबंध में अन्तिम निर्णय निर्यातक देशों—अफगानिस्तान और ईरान तथा ईराक की सलाह लेकर शीघ्र ही ले लिया जायेगा।

THE MINISTER OF FOREIGN TRADE : (SHRI L. N. MISHRA) : (a) and (b). The Second meeting of the Board of Representatives of the Commonwealth Fund

for Technical Co-operation held in Nassau, The Bahamas, on 20th September, 1971, decided to expand the scope of the activities of the Commonwealth Fund to include technical assistance and market research aspects of export market development of developing Commonwealth countries. The decision in question followed the recommendations made in the Study prepared under the aegis of the Commonwealth Secretariat.

In accordance with the decision in question assistance would be available from the Commonwealth Fund for Technical Co-operation to developing Commonwealth countries wishing to obtain technical assistance for export market development and to carry out market research in respect of their export products. Assistance may also be obtained by the developing commonwealth countries for conducting market surveys and market research including those in the field of 'invisible trade', like tourism.

(c) The Government of India had agreed to make an annual contribution equivalent to £15,000 in non-convertible rupees to the Commonwealth Fund for Technical Co-operation, but as its activities have been expanded, the possibilities for increasing the contribution are under consideration. As a developing Commonwealth country, India is eligible for obtaining technical assistance and assistance in carrying out market research from the Commonwealth Fund for Technical Co-operation. The extent to which India may benefit from the expansion of the scope of the activities of the Commonwealth Fund for Technical Co-operation is not, however, precisely known at present.

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : As far as possible, efforts are made to resolve the water disputes between two or more State Governments regarding any Inter-State river through negotiations. Through the good offices of the Centre a number of Inter-State problems and disputes relating to irrigation, flood control and hydro-power have been settled through negotiations amongst the concerned States. Some other problems and differences are under discussions amongst the States concerned with the assistance of the Central Government.

For those disputes which cannot be settled by negotiations, Tribunals can be set up under the Inter-State Water Disputes Act, 1956. This Act provides for the reference of any water dispute to a Tribunal for adjudication on receipt of a formal request in this behalf from any of the concerned States, provided the Central Government is of opinion that the water dispute cannot be settled by negotiation. The Tribunal shall consist of a Chairman and two members, nominated in

this behalf by the Chief Justice of India from amongst persons who, at the time of such nomination, are judges of the Supreme Court or of a High Court.

The disputes relating to Krishna, Godavari and Narmada could not be settled by negotiations amongst the concerned States. Tribunals to adjudicate the Krishna and Godavari Water Disputes were constituted by the Government of India on the 10th April, 1969 and the Narmada Water Disputes Tribunal was constituted on the 6th October 1969 under the provisions of the Inter-State Water Disputes Act, 1956. The adjudication proceedings of these Tribunals are now in progress.

(d) if so, the reasons for allowing this facility when there is huge pressure on the principal Mail/Express trains for passenger traffic ?

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) and (b). For travel on duty Assistant and Senior Scale officers are entitled to use 4/6 wheeler Inspection Carriages and officers of Junior Administrative Grade and above to Bogie Inspection Carriages. Use of bogie Inspection Carriages by Railway officers has been restricted mainly to functional purposes, e. g., Inspections, Inquiries, Investigations, etc.

a conference at stations, where adequate facilities of Rest House are available, Inspection Carriages should normally not be used, this facility being availed only when inspection of the track, stations and other equipments/installations at the stations etc. enroute has to be carried out. Attachment of Inspection Carriages to most of the Mail/Express trains is already prohibited/restricted. Movement of Inspection Carriages by the comparatively unimportant Mail/Express trains is also not permitted at the expense of accommodation for the general public.

मंत्री यह बताने की कृपा करेंगे कि :

करने के लिये सरकार का क्या कार्यवाही करने
का विचार है ?

रेल मंत्री (श्री के० हनुमन्तैया) : (क) जी
हाँ ।

(ख) एक विवरण संलग्न है ।

विवरण

संचालन व्यय में वृद्धि मुख्यतः 'कर्मचारी',
'भरम्मत और अनुरक्षण' और 'ईंधन' के
अन्तर्गत रही है । वेतन और भत्ते के वेतन-

मानों को बेहतर करने के साथ-साथ वेतन बिल बढ़ता रहा है। उदाहरणार्थ, रेल कर्मचारियों को अन्तरिम सहायता मंजूर किये जाने के फलस्वरूप 'संचालन व्यय' में लगभग 3 करोड़ रुपये की मासिक वृद्धि हो गयी है। इसके अलावा, कर्मचारियों के यात्रा और रनिंग भत्ते की दरों में भी वृद्धि हुई है जिसके परिणामस्वरूप संचालन व्यय में लगभग एक करोड़ की मासिक वृद्धि हो गयी है। इसी तरह, भंडारों की बाजार कीमतें बढ़ती जा रही हैं। रेल परिसम्पत्तियों आदि की मरम्मत और अनुरक्षण के लिए इस्तेमाल किये जाने वाले भंडारों की कीमतें बढ़ जाने के कारण हर महीने लगभग आधा करोड़ रुपया अधिक खर्च करना पड़ रहा है। साथ ही साथ इस वर्ष व्यापक बाढ़ और तूफानों के कारण, विशेष मरम्मतों के काम पर भी भारी खर्च करना पड़ा है इस खर्च की राशि का आंकलन किया जा रहा है। 'ईंधन' के अन्तर्गत खर्च में वृद्धि माल यातायात की वहन दूरी बढ़ जाने और प्रारम्भिक मीट्रिक टन में कुछ वृद्धि के कारण रही है।

2. 'संचालन व्यय' में मितव्ययिता लाने के उद्देश्य से कई उपाय किये गये हैं। इनमें से कुछ मुख्य उपायों का संक्षेप में उल्लेख नीचे किया गया है :

कर्मचारियों से संबंधित मामले :

(1) कुशलता बढ़ाने के लिए कार्य अध्ययन पद्धति और परिचालनिक अनुसंधान।

(2) केवल विशेष मामलों में रियायत के साथ प्रशासनिक कार्यालयों के लिए पदों को भरने पर प्रतिबन्ध।

(3) रिक्त पदों के लिए भरती पर रोक।

(4) जिन उत्पादन यूनिटों और कारखानों में उत्पादन बढ़ा है और अच्छे परिणाम प्राप्त हुए हैं उनके लिए प्रोत्साहन बोनस की व्यवस्था।

(5) राजपत्रित पदों के सृजन के लिए महाप्रबन्धकों से अधिकार वापस लेना।

ईंधन में मितव्ययिता :

(1) यह एक सतत प्रक्रिया है—इंजनों में अधिकतम दक्षता बनाये रखने के लिए विशेष अभियान-अतिरिक्त इंजनों को वापस लेना—पर्यवेक्षक अधिकारियों द्वारा विशेष नियंत्रण—इंजन ड्राइवरों को पुरस्कार-कोयले और डीजल तेल की चोरी रोकने के लिए उपाय।

तकनीकी और संचालन के तरीकों में सुधार—

(1) डीजल/बिजली कर्षण।

(2) बी० ओ० एक्स माल डिब्बों का उपयोग और सम्पूर्ण रेकों में उनका संचलन।

(3) लम्बी ढली हुई रेल पटरियाँ, भारी रेल खण्डों और कंकरी के स्लीपरों का उपयोग।

(4) सुधरे हुए सिगनल तरीकों की व्यवस्था जिनसे लाइन क्षमता बढ़ जाती है।

(5) जिन खंडों पर ध्यान देने की आवश्यकता समझी जाती है उन पर ध्यान देकर रेलपथ के अनुरक्षण व खर्च में कमी।

(6) भाप/डीजल की जगह बिजली पम्पों की व्यवस्था; बिजली की थोक व्यवस्था और रेलवे बिजली जनित यूनिटों को बन्द करना; फ्लूरेसेंट और एम० पी० एम० बी० लैम्पों की व्यवस्था।

विविध मर्चे :

(1) दौरो पर प्रतिबन्ध/आकस्मिक व्यय, दावतें, नये फर्नीचर की खरीद, टेलीफोन बिल, छपाई और लेखन सामग्री के खर्च में सामान्य कटौती।

(2) पुर्जों में सुधार और रद्दी सामान का अधिक उपयोग, अलौह पुर्जों/फिटिंग के लिए वैकल्पिक सामान का उपयोग।

(b) if so, the reasons thereof ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) and (b). The Planning and Construction of power stations is normally the responsibility of the respective States except where the matter concerns more than one State and where the needs of the regional grid as such have to be met. In such few exceptional cases, the Government of India have to consider setting up of power stations in the Central Sector.

For a situation of this nature, in North Bengal and North Bihar, four alternative sites in North Bengal are under consideration and the State Government have been requested to carry out the further investigations necessary for taking a decision in the matter.

Difficulties for Indian Exports due to New Developments in International Monetary and Commercial Fields

225. SHRI P. GANGADEB : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether new developments in the international monetary and commercial fields have created new difficulties for Indian exports; and

(b) if so, the steps proposed to be taken in this regard ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) Yes, Sir.

(b) A statement is attached.

Statement

Following upon the recent monetary crisis Government of India took the stand that this was essentially the result of the interaction of various policies followed by the developed nations. However, the brunt of this crisis would have to be borne by the developing countries even though these countries had not contributed in any way to the making of the crisis.

2. With the delinking of US dollar from gold and subsequent decision of the British Government to allow sterling to float upward it was found necessary to make changes in our own policy also. Government of India decided to maintain the present IMF parity of the rupee *vis-a-vis* gold as well as the US\$. Since sterling rates could fluctuate upward without limit it would mean that there can be day to day changes in selling and buying rates of sterling. India's major trading partners including West Germany and Japan have also decided to permit their currencies to float *vis-a-vis* the US\$. Thus an element of uncertainty has been introduced in the exchange rates. To relieve our exporters of these uncertainties the Reserve Bank of India after

a temporary suspension, decided to resume forward purchases of sterling for a delivery upto six months at £5.5556 per Rs. 100/- w. e. f. 28-8-1971.

3. To deal with its balance of payment problem the U. S. A. has imposed a surcharge of 10% on all imports which are dutiable and whose imports into the U. S. A. is not subject to quantitative controls. This surcharge will hurt India's major non-traditional exports and this fact has been brought to the notice of the U. S. Government. There is also a danger that the present crisis may lead to a further intensification of protectionism in developed countries. Government of India, on the basis of the above arguments, are making efforts to create international opinion against such trends in the various international forums like the "Group of 77" and the Asian Council of Ministers.

The discussions, however, remained inconclusive. These will be resumed at an appropriate occasion depending upon the response from the USSR side.

The requisite information is contained in the
Statement below :

Statement

<i>No. of villages electrified during the Third Five Year Plan</i>	<i>No. of villages electrified since the beginning of the Fourth Five Year Plan upto the end of August, 1971</i>	<i>Total number of villages electrified upto the end of August, 1971</i>	<i>Percentage of villages electrified.</i>
1	2	3	4
All India 20503	36,147	1,10,118	19.4
Bihar 1439	1,498	7,848	11.6

Bihar is one of the States where the percentage of villages electrified is below the All-India average. The main reason for the comparatively slow progress of rural electrification in Bihar is the constraint of financial resources for extending the transmission and distribution networks to rural areas. The Rural Electrification Corporation which provides finances to rural electrification schemes in addition to State Plan outlays, has been giving priority to sanctioning schemes of States like Bihar where the progress of rural electrification has been relatively slow. So far the Rural Electrification Corporation has sanctioned 12 schemes of Bihar envisaging a total outlay of Rs. 642.30 lakhs for the electrification of 1,387 villages and energisation of 19,542 pump-sets. Provision of Rs. 36 crores has been made in the Fourth Plan of Bihar State as compared with a provision of Rs. 2.57 lakhs in the Third Plan, for rural electrification schemes.

(c) if so, the difference in prices and whether Government propose to establish contacts with UAR authorities to bring down prices of Egyptian cotton in line with international prices ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) Yes, Sir, but the report is not correct. The cotton sale in UAR is canalised through the Egyptian cotton General Organisation, a Government organisation. The sale is affected to all countries including India at prices of

different varieties as announced by ECGO from time to time.

(b) Due to difference in quality of cotton originating from different countries comparison of prices is not feasible.

Accumulation of Coal at Pit-heads

(a) whether the Railways have been able to make any headway in clearing the accumulation of coal at the pit-heads; and

THE MINISTER OF RAILWAYS (SHRI K. HANUMANTHAIYA) : (a) and (b). Except for West Bengal-Bihar fields, the stocks of coal at pitheads in the other fields are normal, as despatches from the outlying fields are steadily going up.

A drive was launched in August '71 to clear the pithead stocks in the West Bengal-Bihar coalfields. As a result of this drive, despite the continuing difficulties in train running in the area, loading during the month of August '71 improved by about 660 wagons per day as compared to July '71. Consequently pithead stocks of coal at the collieries in West Bengal-Bihar fields also reduced to 7.38 million tonnes at the end of August '71 against 7.88 million tonnes at the end of July '71.

Though the level of coal loading in September and October '71 could not be maintained at the level of August due to unprecedented rains, floods and breaches, the same was still about 759 wagons and 250

wagons more than September and October 1970, respectively. The extent to which the pithead stock has come down as a result is not known as no official figures are yet available.

To effect further improvement in the transport of coal, a special drive has again been instituted on Eastern and South Eastern Railways from 11-11-1971 onwards for 10 days.

For the purpose of equity participation, the Government approves of capitalisation of export proceeds on export of plant and machinery. Cash participation is not possible in the present stage of Indian economy. In respect of preliminary and incidental expenses, however, some of our entrepreneurs have pointed out difficulties in getting necessary foreign exchange. In order to remove this handicap requests from Indian participants for foreign exchange requirements are considered and releases are made on merits of the case.

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) In view of impending entry of U. K. into ECM steps taken by the Government to increase our exports both to W. Europe and East Europe are given in the statement enclosed.

(b) Our exports to Europe (both East and West) have increased during 1970-71 as compared to 1969-70. While exports to W. Europe rose from Rs. 295.22 crores in 1969-70 to Rs. 300.3 crores in 1970-71 exports to E. Europe were valued at Rs. 361.7 cross in 1970-71 as compared to Rs. 327.8 crores in 1969-70.

Statement

The various steps and measures to expand and strengthen our exports to the European countries (both West and East) have been outlined in the Export Policy Resolution. In so far as the West European countries were concerned, special emphasis is being laid on collection of marketing information, visits/exchange of trade delegations, participation in fairs, exhibitions, establishment of direct trading relations etc. with a view to developing necessary commercial contacts and to show to the Western world the wide range of Indian products which are available for export on commercially competitive basis. Dearth of foreign exchange in India is, however, a big inhibiting factor in planning these activities on an appropriate scale. The assistance of

West European Govts. is therefore, being sought to overcome these hurdles to the maximum extent possible. To this end trade talks at official level are held annually with some of the Governments viz., France, Italy, Federal Republic of Germany, Austria, Switzerland, Belgium, under the Trade Agreements/arrangements signed between India and these countries. Arrangements are also in hand to negotiate similar agreements with Netherlands, Spain, Turkey, Denmark and Norway. Steps are also being taken to introduce periodic consultations with the Govts. of Sweden, Finland and Greece within the framework of the existing agreements. In addition, steps have been initiated to formulate a product-wise Commercial Development Programme with the assistance of the Government of some of West European Countries. Initial response from Federal Republic of Germany and France has been encouraging. Measures have also been taken to create an awareness in the West European Countries of India's industrial progress and capacity to supply various products and the scope of industrial commercial co-operation which still exists especially export oriented projects. High powered economic mission from West Germany, France and Belgium have already visited India and efforts are being made to invite similar missions from other developed countries of West Europe. There are certain countries in West Europe such as Spain, Turkey and Greece who are comparatively less developed than India in the Industrial field. Steps are also being taken to exchange economic delegations with them with the object of exploring the feasibilities of greater commercial and industrial co-operation, between India and these countries. A Mission from Turkey has already visited India as Indian delegation is likely to return the visit as soon as possible. It is also proposed to invite a similar Mission from Greece and Spain.

Our total trade with East Europe has considerably increased from Rs. 136 crores in 1960 to Rs. 613 crores in 1969 and Rs. 587 crores in 1970. Our imports have considerably declined from Rs. 320 crores in 1969 to Rs. 240 crores in 1970. During the annual trade talks we impress upon the Socialist Governments to increase the

volume of trade by 10% at least. Besides, the visiting delegations from these countries are apprised of the progress made by India in the industrial field.

Shortfall in Export Targets

373. SHRI C. CHITTIBABU : Will the Minister of FOREIGN TRADE be pleased to state :

(a) the item where export targets could not be fulfilled during the current year; and

(b) the reasons for such shortfall ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : Since current financial year 1971-72 is still in progress, it is presumed that the information is required in respect of latest completed financial year i.e., 1970-71.

(a) At the start of the Fourth Five Year Plan, the Ministry of Foreign Trade had formulated tentative targets in respect of a few selected export commodities for the Fourth-Plan period. The comparison of these targets relating to the year 1970-71 with the actual exports during the same year showed that mainly in respect of items like jute manufactures, engineering goods, iron and steel, gems and jewellery, leather and leather manufactures (including footwear), cashew kernels, tea and coir manufactures, the export were below the levels of tentative targets.

(b) *Reasons* : A set-back in the exports of *jute manufactures* during 1970-71 was on account of various adverse factors, mainly (i) steep decline in the exports of carpet backing owing to slow down in house construction activities in U. S. A. due to recession, (ii) growing use of synthetics, (iii) keen competition from Pakistan jute goods and (iv) prolonged port strike at Calcutta and some industrial unrest in jute mills. Prospects for exports during 1971-72 are however, considered good.

Exports of engineering goods during 1970-71, though larger than the previous year, were lower than the target because of shortage of steel and certain non-ferrous metals, lack of adequate shipping space and high freight rates. Similarly exports of *Iron and Steel* were affected by factors of shortage and reduced availability for exports. The shortfall in gems and jewellery was mainly the outcome of adverse market conditions abroad particularly in the wake of U. S. recession. Trading conditions in *Leather and Leather manufactures* also remained poor in international markets partly as a result of uncertain monetary conditions in Europe and recession in U. S. A. and partly because of uncertainties in fashion. In regard to cashew kernels, growing competition from Cashew processing units in African countries, uncompetitive prices, and uncertainties about regular supplies of raw-nuts from African countries, have been the important factors in the reduction of exports of cashew kernels from India. A marked decline in the off take of USSR during 1970-71 was also a contributory factor. The lower trend in *coir manufactures* was due to stagnant nature of world demand in respect of these products. There has also been a drop in the consumption of coir yarn by the West European countries. Although exports of *tea* were somewhat lower than the target, the exports showed a marked recovery during 1970-71 over the depressed trade during 1969-70.

374. SHRI C. CHITTIBABU : Will the Minister of FOREIGN TRADE be pleased to state :

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) and (b). Engineering Export Promotion Council made a mid-term review of export performance and launched a crash programme under which the Council proposes to step up the exports of engineering goods to Rs.110 crores during the second half of 1971-72. To achieve this programme, the following steps have been taken by the Council :

- (i) Export orders in hand are being expeditiously executed by rendering assistance needed by exporters;
- (ii) Efforts are being made to identify the units which have export orders in hand and to provide inputs necessary for fulfilling such orders and additional orders which could be secured on a short term basis;
- (iii) Efforts are also being taken by various Governmental Agencies to render assistance to exporters on preferential basis;
- (iv) Meetings are being arranged to discuss problems with exporters with a view to find urgent solutions;
- (v) Council keep liaison with Governmental authorities concerned with exports to remove possible bottlenecks.
- (vi) A Senior Officer of the Council has been deputed to look after and coordinate crash export programme efforts. Government fully support the Crash Programme launched by the Council.

With restoration of through communications, loading has been progressively stepped up.

A pair of Passenger trains e.g., 349 Dn/350 Up running between Bhusawal and Itarsi was, however, cancelled in August, 1968. The cancellation of this service occasioned initially owing to pressure on the limited section capacity in the wake of diversion of Western Railway trains following floods/breaches on Delhi-Bombay (Western Railway) route, has continued on account of lack of adequate traffic justification. Steps by way of granting stoppages of Express trains at comparatively important stations on Bhusawal-Itarsi section and a major revision in the train timings on

this section, have been taken to cater to the needs of public who were formerly travelling by the cancelled 349 Dn/350 Up Passenger.

398. SHRI VARKEY GEORGE : Will the Minister of FOREIGN TRADE be pleased to state :

(a) whether the cost of production figures finalised by the Coffee Board and sent to Government are still pending acceptance since November, 1970;

(b) whether this has resulted in the Coffee Board being unable to fix the minimum release price for the coming season crop expected in December, 1971; and

(c) whether Government propose to take immediate action to finalise the cost of production ?

THE MINISTER OF FOREIGN TRADE (SHRI L. N. MISHRA) : (a) Yes, Sir.

(b) Pending decision by Government Coffee Board is continuing the minimum release price of Rs. 3.10 per point.

(c) The matter is under active consideration.

Orissa Hit by Tidal Waves

399. SHRI ARJUN SETHI : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether any warning had been given to the coastal areas of Orissa regarding the tidal waves which hit those areas on the 29th October, 1971; and

(b) if so, the nature of loss suffered and the help given to Orissa ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KUREEL) : (a) The India Meteorological Department issued warning of a cyclonic storm expected to affect the coastal districts of West Bengal and North Orissa by high priority telegram to the Chief Secretary, Orissa Government and the district Collectors of Balasore and Cuttack at 12.20 Hours (Indian Standard Time) on October 29 and to All India Radio Cuttack and Sambalpur at 16.30 hours (Indian Standard Time) on October 29.

(b) The assessment of the damage caused by the Cyclone is being done by the State Government. According to latest report from the State Government, the population affected is 59 lakhs in 8,540 villages. 9,658 human lives and 50,000 cattle have been lost. About 4 lakh houses have been damaged.

The Army helped in the relief operations. The Central Government sent some planes for air dropping of food for the areas not accessible by roads. An amount of Rs. 2 crores has been sanctioned by the Central Government for immediate relief measures. A sum of Rs. 3 crores has also been sanctioned by the Ministry of Agriculture for providing loan to agriculturists for purchase of fertilizers and seeds.

Committee of Experts on desirability of Bansagar Project

400. SHRI JAGANNATH MISHRA : Will the Minister of IRRIGATION AND POWER be pleased to state :

(a) whether his Ministry has appointed a Committee of Experts to find out the desirability of Bansagar Project;

(b) whether there is great resentment in Bihar with regard to the decision of Madhya Pradesh Government to construct Bansagar Project across the river Sone; and

(c) whether the Central Government intend to ask the Madhya Pradesh Government to await the report of the Committee of experts in order to avert bitterness between the two sister States ?

THE DEPUTY MINISTER IN THE MINISTRY OF IRRIGATION AND POWER (SHRI B. N. KURREL) : (a) and (b). Pursuant to the discussion on the Bansagar Project held on 1st August 1971 amongst the Chief Ministers of Bihar, Madhya Pradesh and Uttar Pradesh and the Union Minister of Irrigation and Power, a technical Committee comprising the Chairman, Central Water and Power Commission and the Chief Engineers of the three States is working out details for further consideration by the Chief Ministers. This technical Committee has not yet completed its work.

(c) The Bansagar Project has not been so far accepted by the Centre for inclusion in the developmental plans of Madhya Pradesh. As indicated above, efforts are being made to evolve proposals which might be acceptable to all the States.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

PRICE RISE OF ESSENTIAL COMMODITIES

श्री अटल बिहारी वाजपेयी (ग्वालियर) : अध्यक्ष महोदय, मैं अविलम्बनीय लोक महत्व के निम्नलिखित विषय की ओर माननीय वित्त-मंत्री जी का ध्यान दिलाता हूँ और उन से

प्रार्थना करता कि वे इस के बारे में एक वक्तव्य दें :—

“बढ़ते हुए मूल्य, विशेषकर आवश्यक वस्तुओं के बढ़ते हुए मूल्य, जिन का कि निश्चित आय वाले तथा निम्न आय वाले वर्गों पर कुप्रभाव पड़ता है।”

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI K. R. GANESH) : I share the anxiety of the Hon. House regarding increase in the prices of essential commodities in the recent months and the hardships caused to the people belonging particularly to the lower income and fixed income groups. Several factors like large influx of refugees from Bangla Desh, widespread floods and droughts in various States and also to some extent the levies imposed in the last Budget have contributed to the price increase in the recent months. As a result, between end-May and end-October, 1971, the Wholesale Price Index rose by 4.1% while the Consumer Price Index moved up from 224 in May 1971 to 238 in September 1971. As compared to the position a year ago, the general index of wholesale prices has shown a rise of 4.9 per cent. However, the Wholesale Price Index shows a decline in the month of October.

It is a matter of some satisfaction that the price increase in food articles over the year has been moderate and the buffer stock of foodgrains with the Government is of the order of 7.5 million tonnes. In the case of pulses, production has not been keeping up with the demand. The prices of oilseeds and edible oils have also risen in this period but their level is lower than what it was last year. Price of gur has risen due to lower production last year. Anticipations of lower sugar production in 1971-72 consequent on a decline in the acreage under sugarcane, account for an increase in sugar prices. In the case of other consumer goods, raw material shortage has been the principal factor for the rise in prices. The cotton crop although better than last year, is still not sufficient for our requirements.

During the slack season (April to October), seasonal factors become operative and

general up trend in prices is a usual phenomenon. As I have observed earlier, this year the seasonal pressure has been aggravated by a number of additional factors. Government have taken several steps to check the increase in prices. The textile mills have been asked to increase their production of controlled cloth and in order to prevent malpractices in the sale of such cloth, Government have also issued orders that the consumer price should be marked on every metre length of controlled cloth. To keep the cotton price in check, considerable imports of cotton are also being resorted to. Raw materials other than cotton which are in short supply are edible oils and certain varieties of steel, both of which are being imported in substantial quantities. Apart from credit control and direct physical control over a number of commodities, steps have recently been taken to check speculative activities through amendment of the Forward Contracts (Regulation) Act and forward trading, including trading in non-transferable specific delivery contracts in edible oils and oilseeds, has been suspended and future trading in gur has been banned. To meet the increased expenditure on refugees, steps are being taken to restrict non-Plan Expenditure, both at the Centre and in the States, and to raise additional resources. In a recent Conference of the Chief Ministers, the question of additional mobilisation of resources by the States to meet the extra expenditure on refugees was also discussed and as a result several State Governments as also the Central Government have taken measures in that direction. Major foodgrains are being sold at fixed prices through a network of fair price shops in the country and the States have been advised to further strengthen the public distribution system. In view of the rising trend in sugar prices, the availability of bank credit to sugar mills and trade has been further curtailed in August, 1971. The validity period of release orders was reduced from 45 to 30 days and the sale of sugar by factories to registered dealers and stocking of sugar by traders has also been restricted. Long-term measures to increase the productivity and yield of commercial crops are also being pursued vigorously, and steps are being taken to step up the production of oilseeds, raw cotton and pulses. Research

activities for developing new strains and hybrid seeds are being intensified. It is hoped that these measures will have a perceptible impact on the price level in the coming months.

श्री अटल बिहारी वाजपेयी : अध्यक्ष जी, मंत्री महोदय ने अपने वक्तव्य में यह स्वीकार किया है कि आवश्यक वस्तुओं के मूल्यों में वृद्धि हुई है। उन्होंने वृद्धि के केवल थोड़े मूल्य दिये हैं जोकि हरदम फुटकर मूल्यों की तुलना में कम होते हैं। कल राज्य सभा में एक प्रश्न के उत्तर में सरकार ने एक वक्तव्य सभा-पटल पर रखा था, जिस का अध्ययन करने के बाद पता लगता है कि अलग-अलग चीजों के दामों में जो वृद्धि हुई है वह असाधारण है और उस वृद्धि का कोई तर्कसंगत कारण न तो सरकार ने इस वक्तव्य में दिया है और न देश की जनता के सामने रखा गया है। उदाहरण के लिये मई, 1971 की तुलना में अक्तूबर, 1971 में ज्वार के दाम 10.7 प्रतिशत बढ़ गये। इसी बीच में दालों के दाम 23.1 प्रतिशत बढ़ गये, गुड़ के दाम 22.2 प्रतिशत, रा-काटन के दाम 13.4 प्रतिशत, काटन यार्न 10.8 प्रतिशत और एलू-मिनियम यूटेन्सिल्स, जो गरीब आदमियों के काम में आता है, उन के दामों में भी 10.2 प्रतिशत की वृद्धि हुई है। यह सब मैं आम आदमियों के काम में आने वाली चीजों के बारे में बतला रहा हूँ। मैं चाहूँगा कि जब मूल्य वृद्धि के आंकड़े एकत्र किये जाते हैं तो फुटकर मूल्यों का भी हिसाब लगाना चाहिये, क्योंकि आम आदमी थोक में चीजें नहीं खरीदता, उसे फुटकर व्यापारियों की दया पर निर्भर रहना पड़ता है।

मूल्य वृद्धि के जो कारण दिये गये हैं उन में मुझे यह देख कर बड़ा दुःख हुआ कि सरकार पूर्वी बंगाल से आने वाले शरणार्थियों को भी मूल्य वृद्धि के लिये उत्तरदायी ठहरा रही है। एक करोड़ लोगों के आने के कारण जो आर्थिक स्थिति पर बोझ पड़ा है वह स्पष्ट है लेकिन

[श्री अटल बिहारी वाजपेयी]

मूल्यों की वृद्धि प्रारम्भ हुई जब आम बजट में आम आदमी के काम में आने वाली चीजों पर टैक्स लगाए गये और घाटे का बहुत बड़ा भाग छोड़ दिया गया। उस समय सरकारी प्रवक्ताओं ने कहा था कि मूल्यों में मामूली वृद्धि माजिनल इन्फ्लेज होगी। क्या वित्त मन्त्री कहेंगे कि यह वृद्धि मामूली है? इस वक्तव्य में भी कहा जा रहा है :

“It is a matter of some satisfaction that the price increase in food articles over the year has been moderate...”

ज्वार के दाम बढ़ गए वह माडरेट है? खाने की चीजों के दाम बढ़े वह माडरेट है? मैं जानना चाहता हूँ माडरेट और हाई में कौन विभाजक रेखा है? पहले जो वृद्धि हुई थी वह माजिनल थी और अब माडरेट है? आम आदमी पर कितना बोझ पड़ रहा है? और अनाज के दाम बढ़ने का तो कोई औचित्य ही नहीं है। फसल अच्छी हुई है। किसान को शिकायत है उसे उसकी मेहनत का पूरा पंसा नहीं मिल रहा है और उपभोक्ता को अधिक दामों पर अनाज खरीदना पड़ रहा है। वित्त-मन्त्री महोदय इस अन्तर्विरोध को किस तरह से हल करते हैं? यहां संतोष प्रकट किया जा रहा है कि स्थिति बड़ी माडरेट है। इसमें कहा गया है :

“It is a matter of some satisfaction...”

ऊपर के परिच्छेद में कहते हैं कि मूल्यों में वृद्धि हुई है, चिन्ता की बात है और नीचे कहते हैं कि कम वृद्धि हुई है, संतोष की बात है—यह आपका वक्तव्य है। आप कैसे संतोष प्रकट कर सकते हैं?

इसके साथ ही वित्त मन्त्री महोदय स्वीकार करेंगे कि औद्योगिक उत्पादन में कमी हो जाने, योजना के भौतिक लक्ष्यों के पूरा न होने—मुझे

खुशी है कि योजना मन्त्री सदन में मौजूद हैं—राज्य सरकारों द्वारा रिजर्व बैंक से 9 सौ करोड़ रुपए का ओवर ड्राफ्ट करने, किसी प्रकार के वित्तीय अनुशासन में न रहने, सरकारी खर्च में कमी करने में शासन की विफलता और इन स्थितियों के लिए पूर्वी बंगाल के लोगों को दोषी ठहराना, यह समझ में नहीं आता है।

क्या राज्य सरकारें वित्त मन्त्री के इस आदेश को मानने के लिए तैयार हैं कि अब वे रिजर्व बैंक से ओवर ड्राफ्ट नहीं करेंगी? अभी मुख्य मंत्रियों का सम्मेलन हुआ था, क्या आप मुख्य मंत्रियों को इस बात के लिए तैयार कर सके कि ग्रामीण क्षेत्रों में जो सम्पन्नता आई है जिसका लाभ बड़े किसानों को मिला है उनको भी राष्ट्रीय समृद्धि में कुछ हिस्सा बंटाना चाहिए, सरकारी कोष में कुछ धन देना चाहिए—क्या बड़े किसानों पर टैक्स लगाने के लिए राज्य सरकारों को आप तैयार कर सके? इन विफलताओं के लिए पूर्व बंगाल के विस्थापितों को दोष देना अपनी विफलताओं पर परदा डालना है।

मैं जानना चाहता हूँ मूल्यों को स्थिर करने के लिए आदेश जारी करने के अलावा और क्या किया गया? यह सारा वक्तव्य ही आदेशों से भरा हुआ है कि हमने कपड़ा मिल मालिकों को आदेश दे दिया है कि दाम न बढ़ने पायें लेकिन दाम बढ़ रहे हैं, हमने चीनी मिल मालिकों को आदेश दे दिया है कि दाम न बढ़ने पायें लेकिन दाम बढ़ रहे हैं—क्या किंग केन्यूट की तरह से आदेश देकर दामों की बढ़ती हुई लहर को वित्त मन्त्री रोक सकते हैं?

गन्ने के दाम कम तय किए गए हैं किसानों ने गन्ना कम बोया है और अगले साल चीनी कम होगी, इस बात का डर है इसलिए चीनी का संग्रह किया जा रहा है।

श्री शशि भूषण (दक्षिण दिल्ली) : आप सोशललिस्ट पालिसीज को स्वीकार कर लीजिए ।

श्री अटल बिहारी वाजपेयी : अध्यक्ष जी, इनको तो एक ही राग अलापना है, वह जन्तर मन्तर में जा करके अलापें । (व्यवधान)

श्री के० डी० मालवीय (डुमरियागंज) : मैं भी इस बात में इत्तफाक करता हूँ कि सोशललिस्ट एकोनामी को आप स्वीकार कर लें तो समस्याएँ हल हो सकती हैं ।

श्री अटल बिहारी वाजपेयी : आपने स्वीकार किया है तभी तो यह हो रहा है ।

अध्यक्ष जी, केवल आदेशों से सद्भावनाओं से या चिन्ता प्रकट करने से मूल्यों की वृद्धि रुकेगी नहीं । मैं जानना चाहता हूँ क्या सरकार चीनी पर पार्शल कन्ट्रोल लागू करने के लिए तैयार है ? चुनाव के पहले पार्शल कन्ट्रोल लगा हुआ था । जो खुले बाजार में चीनी खरीदना चाहते थे वह खरीद सकते थे लेकिन आम आदमी को निश्चित मूल्य पर राशन की दूकान पर चीनी मिलती थी । हमारे विरोध के बावजूद भी वह कन्ट्रोल खत्म कर दिया गया और अब आम आदमी को दो रुपए तीस पैसे किलो चीनी खरीदनी पड़ रही है ।—(व्यवधान) मंत्री महोदय ने कहा है कि हम सारे देश में उचित मूल्य की दूकानें खोलना चाहते हैं लेकिन वे स्वीकार करेंगे कि दूकानों की संख्या पर्याप्त नहीं है और उनपर अच्छा माल नहीं मिलता है । उदाहरण के लिए गेहूँ बाजार में 75 रु० क्विंटल बहुत अच्छा बिक रहा है लेकिन दिल्ली में राशन की दूकान पर जाइये तो गेहूँ अच्छा नहीं है । बाजार में आटा खरीदिए तो एक रुपया दस पैसे किलो मिलता है ।

देश में संकट की स्थिति है, मूल्य स्थिर रहने चाहिए । अनापशनाप मुनाफे की मनो-वृत्ति को निरुत्साहित करना आवश्यक है । क्या

वित्त मंत्री इस सदन के सामने ऐसी योजना रख सकते हैं कि देश में आम आदमी के काम में आने वाली चीजें जैसे अनाज, दाल, खाने का तेल, मिट्टी का तेल, मोटा कपड़ा और थोड़ी सी चीनी उचित मूल्य पर हर नागरिक को मिलेगी ? यदि वित्त मंत्री इस तरह की गारन्टी दे सकते हैं तो फिर देश में आज के संकट की स्थिति में भी लोगों को बढ़ते हुए मूल्यों के गहवर में से निकलने के लिए प्रेरित कर सकते हैं और हर किसी संकट का सामना करने के लिए लोग तैयार हो सकने हैं । बकनव्य में जितने भी उपाय सुझाए गए हैं वह दूरगामी हैं । सभी स्वीकार करेंगे कि जब तक उत्पादन में वृद्धि नहीं होगी, कच्चे माल का आयात जारी रहेगा, औद्योगिक विकास नहीं बढ़ेगा तब तक दाम स्थिर नहीं होंगे लेकिन मैं जानना चाहता हूँ क्या दूरगामी और तात्कालिक, लॉन्ग टर्म और शार्ट टर्म किस तरह के उपाय इन्होंने अपनाने का प्रयत्न किया है ? अगर किया है तो वह शार्ट टर्म उपायों के बारे में सदन को विश्वास में लें और केवल यह न कहें कि दाम बढ़ रहे हैं, हमें चिन्ता है क्योंकि चिन्ता मात्र से आम आदमी की चिन्ता कम होने वाली नहीं है ।

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : वाजपेयी जी ने भी मेरे साथ चिन्ता ही प्रकट की है जबकि मैं समझता था वे कुछ सुझाव भी देंगे ।

As he very rightly says, when we consider the question of rising prices, naturally we have to go into the basic causes of price rise. Some of the causes are of a long term nature and the solutions will also have to be of a long term nature.

For example, we have mentioned the inflationary trends. It is the basic cause of the price rise. Then we have mentioned the Bangla refugees. We have not tried to put the entire blame on the Bangla Desh refugees. But the fact of life is that nearly a crore of people are here and their requirements are also to be met.

SHRI S. M. BANERJEE (Kanpur) : Why did you import a car for Rs. 6 lakhs ?

SHRI YESHWANTRAO CHAVAN : Do not divert the attention now. It may be relevant in some other context. I am now dealing with the problem of prices. When the problem of the refugees was mentioned, it was not with a view to find a scapegoat. But it was one of the factors which have strengthened the inflationary trends which were already there.

Then we have mentioned about production. There are basic raw materials needed for industrial production. Production of agricultural commodities like cotton and oilseeds is certainly most important. When there is some sort of a constraint on production certainly it affects the prices. We have to import and we have undertaken an import programme for these raw materials. This is an aspect which should affect the prices ultimately. The long term effects are important.

He says : You cannot order prices to stay still, just as King Canute could not order the waves of the sea to stop. I cannot do that; yet he expects me to do that. The Finance Minister or for that matter any administration can take certain corrective measures to see that ultimately they result in the stabilisation of prices. Certain immediate steps no doubt become necessary and I have explained what immediate steps were taken.

For example, he mentioned the rise in the price of *jowar*. He must have known the reason. *Jowar* is produced in Maharashtra, Andhra Pradesh and Mysore. Unfortunately, these very States are affected by famine conditions. It has had its impact on production which has affected the price of *jowar*. Practically the whole of the rabi crop, and in some States the kharif crop, was affected. If the next crop is somewhat better, possibly things may improve in the case of *jowar*.

SHRI BHOGENDR A JHA (Jainagar) : Have the prices of cotton gone down in Maharashtra ?

SHRI YESHWANTRAO CHAVAN : Yes.

SHRI BHOGENDR A JHA It is an anomaly.

SHRI YESHWANTRAO CHAVAN : It is a good thing I should say. On the one side you ask me to stabilise the prices, on the other you say the prices are going down. It is good that prices are going down, but they should not be depressed artificially I quite agree, because the growers also should get a reasonable price. That objective also we should not lose sight of. At the same time, artificial pushing up of prices also is not good. Ultimately in the artificial pushing up of prices, the advantage is taken by the middlemen, the speculator. For restricting speculative activity we will also take recourse to some sort of credit planning. We have taken some steps to see that credit facilities in these particular fields are made available in a mere selective manner. That also will ultimately affect the prices. Some of these steps we have taken and are taking, and we have to wait for their results. Some of the things are against us, and we are trying to fight with them.

He mentioned the question of the overdrafts of the States. The Planning Minister and myself had discussions with nine or ten States which are mainly responsible for these overdraft difficulties in the country. They explained their difficulties, and we tried to explain our difficulties to them. As you know, in this country politically you just cannot order the States about or declare non-co-operation with the States. These things ultimately have to be evolved after discussions and deliberations, evolving a certain consensus. I cannot be a drill master giving them orders of quick march or to move left or right. They have got their problems. I have to sit with them, understand them, but ultimately we are trying to evolve a policy, and we would try to see that that policy is accepted by the States.

He asked whether we have succeeded in our efforts in making the States accept the principle of levying tax on agricultural income. Of course, they have not accepted the specific proposal that we had made to them to hand over the right of levying tax to the Centre, but the general feeling which they

expressed was that they are willing to tax the agricultural sector. On that point they have agreed and they have agreed also to make further efforts in resources mobilisation.

There is formal control on a large number of things like electric wires, cables, aluminium and its manufactures, synthetic rubber, vanaspati, cement, motor car, agricultural tractor, drugs, kerosene oil etc.

SHRI ATAL BIHARI VAJPAYEE : If there is control on the price of kerosene oil, why has the price gone up ?

SHRI YESHWANTRAO CHAVAN : I am coming to that. There I want his co-operation. Really speaking, there the culprit is this middlemen and the anti-social elements of the traders' class on which you may have some influence. Please help me there.

SHRI ATAL BIHARI VAJPAYEE : At the time of the elections he had all the influence, and now I have influence.

SHRI YESHWANTRAO CHAVAN : Possibly you may have influence. I am pleading with you, I am not accusing you. There are anti-social elements, certain irrational forces, speculative elements in society. These will have to be controlled, but merely passing an Act does not work. I have mentioned it before that there is necessity of some sort of consumers' resistance movement in this country.

SHRI DASARATHA DEB (Tripura East) : And gherao also.

SHRI YESHWANTRAO CHAVAN : I am not for gherao. Without gherao also there can be a consumers' resistance movement, if it is properly organised. I would expect co-operation from the hon. Members.

In saying that in certain sectors the rise was not high, there was no sense of satisfaction at all.

SHRI ATAL BIHARI VAJPAYEE : Then why express satisfaction ?

SHRI YESHWANTRAO CHAVAN : If you do not want that word, if you are so angry with it, scratch it, but it is a manner of saying something.

SHRI PILOO MODY (Godhra) : It is a figure of speech.

SHRI YESHWANTRAO CHAVAN : It is a figure of speech, I am very glad.

SHRI ATAL BIHARI VAJPAYEE
What a figure ?

SHRI YESHWANTRAO CHAVAN : Sometimes the figure of speech is coming to my help ! I am very glad about it. So, it is not true that we are not looking into it. The question is very ticklish and the solutions are not easy. It will require sustained efforts and sustained cooperation from hon. Members. Particularly in the present crisis, merely to make it as a bogey for starting an agitation is not going to help either the consumer or the political parties or the country as a whole.

SHRI ATAL BIHARI VAJPAYEE : I referred to the abnormal increase in the sugar prices, what stands in the way of Government introducing partial control ?

SHRI YESHWANTRAO CHAVAN : I will have to consult my colleagues in the Agriculture Ministry about it, but I will tell you what led to decontrol. There was a time when there was not only surplus of sugar but also surplus of stocks. It was a very heavy drag on the credit system. So, decontrol was thought of. Whether partial or full control is necessary is a matter for further examination. I cannot straightway say yes or no.

SHRI INDRAJIT GUPTA (Alipore) : The more this question is discussed, the more it becomes clear that it is too ticklish and serious a question to be disposed of by way of a calling attention motion. We have given notices for a discussion on this matter. I hope, Sir, during this session you will give us an opportunity to discuss it at greater length, because it cannot be dealt with so briefly.

[Shri Indrajit Gupta]

As far as this statement is concerned and this analysis of index figures, etc., I do not attach very great importance to it. Even a paper like *Statesman* today comes out with the heading "Paradox of High Prices and Low Index". When the whole country knows that prices are rising, the index figures are going down. The jugglery of index figures and the method of compilation, we know.

SHRI YESHWANTRAO CHAVAN :
But the index figures are quoted against me !

SHRI INDRAJIT GUPTA : Unfortunately, there is no other yardstick by which one can go.

During this brief discussion, I want to highlight one aspect. It is not merely a question of hardship for the common people that is involved of course, that is exercising the minds of all of us but the entire economy of the country is being distorted by this galloping monster of inflation and deficit financing, which is leading to price rise. We are now meeting at a time when there is a grave emergency on the borders. At a moment like this, however important the front may be, the rear is equally important. As my friend Mr. Vajpayee said, we have to think of short-term, emergent, measures also in this emergency, apart from long-term measures, which are, of course, necessary. Otherwise, you cannot defend your country and fight a war in the front, if the rear is going to collapse. I hope he will consider this when he replies. At the time of presentation of the last budget a few months ago by the Finance Minister members from all sections of the House, including many from the other side, had expressed their apprehension that this large number of indirect taxes and imposts will lead to a general increase in the price level again.

At that time the Finance Minister had assured us that since he had not placed any new burdens on those commodities which are essential for the use of the common man, there is no reason why the prices should go up. After a few weeks, when the prices had suddenly begun to rise, we read in the press

—at that time Parliament was in recess—that when a press man had asked him how it is happening, he was quoted in the press as saying "I have been let down by the traders and the business community." After a few more days he was quoted again, either in a speech or in a statement, saying that the only solution is for the people to develop consumer resistance. That means that Government cannot do anything, which is a confession of bankruptcy or defeat. He said that it is for the public and the consumers to organise resistance against these unscrupulous profiteers, speculators, hoarders, and so on. I am not discussing that here because that cannot be done here; it has to be done outside. I am also quite sure that it can be done outside with the co-operation of the people, provided government give an assurance to the people of this country that when they seriously take up resistance against profiteers and hoarders the police will not come to the rescue of the hoarders and act against the people.

This evening in this city of Delhi, and in other cities also, the trade unions and workers will be organising an indirect form of resistance, not to the traders but to the venerable institution which finances these people and allows them to go on indulging in speculation and hoarding, that is, the Reserve Bank of India. Demonstrations are going to take place this very evening demanding a change in the credit policy. I will remind the hon. Minister that his own Economic Survey of last year, which is quite cautious in a way when it describes the situation, had this to say on page 44 :

"Irrespective of selective credit and administrative controls where supplies are constricted, a general increase in credit is bound to leave some influence on prices."

It is very cautiously worded.

"Besides in a situation marked by excess demand, the exercise of group or monopoly power, of which speculative activity is a manifestation, cannot but gain a certain ascendancy."

This is what your own Economic Survey has said on page 44 last year. This is sufficient warning and acceptance of the basic cause of the malady. It is not simply a case of production not increasing, as Shri Vajpayee has said. Even if the production increases the prices may not go down. The whole paradox and contradiction of the present economic system not only in this country but in other countries where a similar system exists is that high production does not necessarily ensure cheaper goods to the people. In fact, when production goes up there are vested interests involved who prefer to see that production is kept down, artificially curtailed and restricted, supplies are restricted, so that the prices and profits can go up. We are talking about green revolution, record food production and so on and yet we find no reflection of it on prices. Last year the sugar production was very high, record production as he himself said. But did it bring the desired relief to the people? Not at all. They are again thinking of imposing restrictions. The same thing happened in textiles, in oilseeds, oils and so many other things. So, the truth of the matter is what has been very cautiously revealed by the Economic Survey. You may impose price control but the stocks and supplies are controlled by somebody else. So, your price control has no value and you cannot implement it. Therefore, the paradox of this system is that people who are controlling production, trading, market etc., whose only *raison d'être* is to make profits, these people are not going to submit to this kind of administrative control of prices and so on. If they find that production is going up and prices are likely to fall, they have sufficient power even today to keep production down artificially, restrict supplies so that prices and profits are kept up. If you are fighting shy, if you are burking the issue for other reasons, for political or other reasons you will never be able to get out of this mess. Now what is happening is that the Reserve Bank of India, which is controlling the credit policy, particularly after the nationalisation of banks, even though I do concede it is giving credit to some sectors which were neglected before, by and large, the bulk of its credit is still going along the old lines.

It has been revealed in so many statements. Economic journals have given all the facts. It is there. Once the big business people complained a few months ago that they were being starved of credit after the nationalisation of banks. This was a ruse, I think, to provoke you. The custodians of the banks immediately rushed to the press with a joint statement to assure these people saying, "No, no; we have given very little credit to other sectors; the bulk of the credit is still reserved for you." It is on record in the statement.

What is happening is that white money of the Reserve Bank and the banks is combining with black money which is hoarded outside and the two together see to it that prices do not come down at all. Artificial restrictions are imposed on production and the whole market is being controlled by speculators.

Therefore, I only want to ask him whether, apart from the long-term policy and apart from the fact that we do not have any confidence at the moment that this Government will ever take the kind of steps that are necessary to break this grip of big monopoly and vested interests over the economy, they will consider at least some immediate, emergency measures not only because of the situation facing the country but also because we are now, as it happens, at the beginning of the new season. This is the beginning of the credit season; so, do not let last year's things be repeated.

In the name of this policy of liberal credit, you know very well what is happening actually. I think, the different ministries of the Government of India have got differing viewpoints on this policy. Perhaps, the Planning Ministry is not so happy with this policy of liberal credit as the Finance Ministry is. The Finance Ministry is afraid that if credit is squeezed, there may be a fall in prices. The Planning Commission and the Planning Ministry, I think fear that if in the name of liberal credit policy these people are allowed to go on doing speculation, holding of stocks and all that, prices will go from bad to worse. Therefore,

[Shri Indrajit Gupta]

my first suggestion would be an immediate halt to this policy of liberal credit and money supply specially in the trading sector at this time when the season is beginning.

Secondly, all forward markets should be closed. Why should you not close them? Close all the forward markets. Why are you allowing this particular device of the capitalist system?

SHRI YESHWANTRAO CHAVAN : It is being done.

SHRI INDRAJIT GUPTA : It is not being done. Some regulations in one or two forward markets have been introduced; that is all.

Thirdly, would you consider physical controls on the storage, distribution and prices, not only on prices but on storage, distribution and prices, of certain essential commodities which are very necessary for the people? At least as an emergency measure, do this, otherwise, I shudder to think what will happen if some bombs fall on Calcutta City tomorrow and if a war breaks out. Already the condition of the market is such that people are being fleeced right and left. Then the profiteers and vested interests will run riot, because Government has no control over supplies and stocks. They are in somebody else's hands and you go on issuing only paper orders to impose price control which nobody observes.

Fourthly, these large credits for holding stocks of consumer goods should be withdrawn.

If you are prepared to take even these steps, then we would consider them to be some earnest measure of your future intentions; otherwise, I think, we are dealing only superficially with these things. The real problem is much deeper and this problem of the monopoly and the speculative interests has to be squarely tackled and fought. You have not nationalised a single industry which produces consumer

goods for the people. Why do you not take over one at least and see what can be done about it? Just see what is the condition of the oldest industry in this country, the textile industry. From year to year prices are going up. Sometimes mills are closing down; sometimes stocks are piling up; sometimes prices are raised; sometimes prices are brought down; sometimes production is deliberately curtailed. What is this? Why do you not take it over? At no stage the people are getting the benefit of cheaper cloth. Therefore, you must introduce measures of nationalisation and physical control and take certain emergency measures to curb this speculation by banning all forward markets and lending for holding of big stocks.

SHRI YESHWANTRAO CHAVAN : About the first point that he raised, viz., it is not enough to have a Call Attention Notice and that there should be a fullfledged discussion on this matter. Personally, I am willing to have a discussion. It will help us to know the ideas and suggestions of the hon. Members. As far as that is concerned, at least I am for it.

SHRI S. M. BANERJEE : The more the discussion, the more increase in prices!

SHRI YESHWANTRAO CHAVAN : I will get more suggestions from you.

I do not want to go into the general criticism and analysis that the hon. Member made. Possibly, I may agree with him on certain points and I may not agree with him on some other points.

About the consumers resistance movement, yes, provided it is not a violent movement which may lead to anarchy in which possibly some hon. Members may be interested.....(Interruption)

SHRI JYOTIRMOY BOSU : You have taken huge contributions and so you have to oblige them. We know all this.

SHRI YESHWANTRAO CHAVAN :
Mr. Jyotirmoy Bosu, I have not even mentioned your name.

The latter part of the question of Mr. Indrajit Gupta has some constructive approach. I would like to deal with that. There also, he has played a usual political game of trying to play Finance Ministry against Planning Ministry...

SHRI INDRAJIT GUPTA : You deny it on the floor of the House.

SHRI YESHWANTRAO CHAVAN :
I am denying it on the floor of the House. I may tell you that your leader of the party came to discuss the matter with me and I explained the whole matter to him in detail. Even then, you are repeating it here. There is no question of Finance Ministry advocating any liberal policy.

SHRI INDRAJIT GUPTA : There are reports coming out in the press which are not being contradicted.

SHRI YESHWANTRAO CHAVAN :
I cannot go on contradicting reports which people go on making.

SHRI INDRAJIT GUPTA : If you do not contradict them, how can we think that these are wrong ?

SHRI YESHWANTRAO CHAVAN :
Your people came in a deputation to me I explained the whole matter. Still, you are repeating it here.

Coming to the Reserve Bank and to your having demonstration, certainly, it is a free country and everybody has a right to have demonstration...

SHRI ATAL BIHARI VAJPAYEE :
What about tear-gas ?

SHRI YESHWANTRAO CHAVAN :
That is the Home Ministry's problem. That is a different matter. I am not dealing with tear-gas here. I am dealing with prices.

As far as the credit policy is concerned, I entirely agree with him. This is the policy that we have followed. This is not something he is telling us. This is something we are trying to follow. In the case of priority sectors, we will have to see that more liberal credit facility should be given. There are certain difficulties in the matter. But, I think, we have succeeded in one thing that the speculative elements which, really speaking, used to influence banking, the working of the banks, before have been more or less controlled. In the case of other sectors, the private sector, there are productive activities and there are merely trading and hoarding activities. We have decided to have a strict control on the credit facility to this particular type of activity. There, my approach and his approach are identical.

Only yesterday morning, I had a long discussion with the Governor of the Reserve Bank. We have taken certain decisions in the matter. I am sure, this policy will be consistently followed during the season which starts from October and goes upto April. But now-a-days, it goes upto July. As far as limitation of the credit facility to speculative elements for trading and hoarding activities is concerned, I think, our thinking is the same and our policy is the same. We have taken certain decisions in the matter and we will pursue them. This was the only constructive suggestion he made.

Then, he made a suggestion about physical controls. As far as essential commodities are concerned, we have got a distribution system for the distribution of foodgrains. We have not dismantled it. On the contrary, really speaking, we are trying to strengthen it. Mr. Atal Bihari Vajpayee also mentioned that, actually, in the shops, the quality of foodgrains that is sold is not good. I think, that is certainly a matter that will have to be gone into. This is the difficulty in the case of physical controls because, instead of working efficiently, they give opportunities for corruption and malpractices. Really speaking, when you come to the question of physical controls, you have to see the administrative aspect of it. Sometimes, they are rather discouraging.

[Shri Yeshwantrao Chavan]

As far as cloth is concerned, there is a control. There is the suggestion that we should stock it and distribute it. If it becomes feasible and necessary, certainly, we will take those steps.

SHRI INDRAJIT GUPTA : What about forward market ?

SHRI YESHWANTRAO CHAVAN : He mentioned about forward markets. Forward trading is banned.

SHRI S. M. BANERJEE : The forward trading in gur has been banned only a few days ago when I myself raised the matter.

SHRI YESHWANTRAO CHAVAN : But steps have been taken. What I have been stating is that steps have been taken.

डा० लक्ष्मीनारायण पांडेय (मंदसौर) : मंत्री महोदय ने देश में सूखे की स्थिति, बाढ़ की स्थिति और बंगला देश के शरणार्थियों के आगमन का बहाना लेकर उन तथ्यों को छिपाया है जिन के कारण देश में मंहगाई निरंतर बढ़ती जा रही है। मैं जानना चाहता हूँ कि क्या इसके पीछे आपके सरकारी कारखानों में निरंतर होने वाले घाटे भी नहीं हैं ? क्या इन घाटों के कारण भी देश की आर्थिक स्थिति खराब नहीं हुई है ? हिन्दुस्तान स्टील लिमिटेड हो, हिन्दुस्तान जिंक हो या फटिलाइजर के कारखाने हों क्या इन सरकारी कारखानों में जो निरंतर घाटा होता चला जा रहा है उस घाटे के कारण भी देश की आर्थिक स्थिति खराब नहीं हुई है, उस पर भी कुप्रभाव इसका नहीं पड़ा है। इस पर मंत्री महोदय ने कुछ नहीं बताया है। कहीं भी यह नहीं बताया गया है कि इन घाटों को रोकने के लिए क्या कदम उठाये जा रहे हैं ? इन सरकारी कारखानों को प्रभावी बनाने के लिए, ये ठीक ढंग से काम कर सकें, अच्छा उत्पादन कर सकें, लाभ में चल सकें मैं जानना चाहता हूँ कि इनके बारे में क्या

कदम उठाये जा रहे हैं ? निरंतर बढ़ रही मंहगाई का क्या यह भी एक कारण नहीं है और यदि है तो इस कारण को दूर करने के लिए क्या उपाय किये गये हैं ?

मंत्री महोदय ने विदेशी कर्ज जो हमारे ऊपर है, उस तथ्य को भी छिपाया है। क्या विदेशी-कर्ज भार के कारण भी देश में निरंतर मंहगाई नहीं बढ़ती चली जा रही है ? क्या यह सही नहीं है कि विदेशी ऋण-भार ने मंहगाई को बढ़ाया है ? मंहगाई के कुछ आँकड़े मंत्री महोदय ने दिये हैं। उन्होंने कहा है कि साढ़े चार प्रतिशत मंहगाई बढ़ी है। मैं चाहता हूँ कि पिछले आँकड़े आप उठा कर देखें। यदि 1965 में कीमतों का औसत स्तर सौ रुपया लगाया जाए तो 1970-71 के अन्त में आ कर वह 166 या 167 हो गया था। पिछले बजट के बाद अब छः महीने बाद ही वह बढ़ कर 244 के आसपास आ जाता है। क्या पहले जो मंहगाई बढ़ती रही है उसके अन्दर भी बंगला देश से आए शरणार्थियों का योगदान था ? मैं कहना चाहता हूँ कि वित्त मंत्री महोदय ने असली कारणों को छिपाने का प्रयत्न किया है।

वित्त मंत्री जी ने पहले कहा था कि बजट के कारण करीब दो प्रतिशत की मूल्यों में वृद्धि हुई है। लेकिन अब वह स्वीकार करते हैं कि साढ़े चार प्रतिशत की वृद्धि हुई है। आमतौर पर जो वृद्धि हुई है वह लगभग तीस प्रतिशत की हुई है।

आँकड़े अगर आप देखें तो यह सिद्ध हो जाएगा। शक्कर के भाव, दालों के भाव, केरोसीन आयल के दाम, लकड़ी और कोयला के दाम, अर्थात् जो आम उपयोग की वस्तुयें हैं, दैनिक उपयोग की वस्तुयें हैं उनकी कीमतों के दो तीन महीने पहले के आँकड़े उठा कर आप देखें तो यह सिद्ध हो जाएगा कि किसी में बीस

प्रतिशत की, किसी में तीस प्रतिशत की ओर किसी में चालीस और पचास प्रतिशत की वृद्धि हुई है। इस के कारण निम्न आय और मध्यम आय वर्ग के लोगों का जीवन दूबर हो गया है। अखबारों ने जो इकोनोमिक सर्वे किया है उसके आधार पर यह कहा जा सकता है कि केवल दिल्ली में ही लगभग चालीस प्रतिशत की आम उपभोक्ता वस्तुओं के मूल्यों में वृद्धि हुई है। मैं जानना चाहता हूँ कि शक्कर, दालों, केरोसीन, आयल, लकड़ी, कोयला आदि जो उपभोक्ता वस्तुएँ हैं इनके मूल्य स्थिर रह सकें, ये न बढ़ने पायें, इसके बारे में आपने कौन से कदम उठाये हैं ?

योजना आयोग द्वारा भी इस संबंध में कुछ स्टेप उठाये जाने के सुझाव दिये गये हैं। उन पर आपने क्या अमल किया है ? योजना आयोग द्वारा सुझाये गये उपाय क्या हैं और किस तरह से आप मूल्यों की वृद्धि को रोकने की कोशिश कर रहे हैं ?

मैं यह भी जानना चाहता हूँ कि निम्न और मध्यम आय वर्ग के लोगों पर पिछले दस वर्षों में कितना भार बढ़ा है और उनकी आमदनी में कितनी वृद्धि हुई है या कितना हास हुआ है ?

सब बातों की सही सही जानकारी मिलनी चाहिये अन्यथा यही कहा जाएगा कि आंसू पोछने वाली बात की गई है। आम आदमी की कठिनाइयाँ बढ़ती जा रही हैं, उसका जीवन दूबर होता जा रहा है। मैं चाहता हूँ कि मेरे सबालों का स्पष्ट जबाब आना चाहिये कि निम्न तथा मध्यम आय वर्ग के लोगों पर पिछले दस साल में कितना कर भार बढ़ा है, उनकी औसत आमदनी कितनी बढ़ी है, योजना आयोग द्वारा बताये गये कदम कौन से हैं और आपने क्या कदम उठाये हैं। शक्कर, कपड़ा व तेल जैसे दो तीन आइटम्स के बारे में आपने बताया है। अन्य वस्तुओं की कीमतें भी स्थिर रह सकें,

उसके लिए आपने क्या उपाय किये हैं, कौन से कदम आप उठाने जा रहे हैं ?

SHRI YESHWANTRAO CHAVAN : I don't think the hon. Member has asked me any question particularly except that he mentioned kerosene and other things, I have said that kerosene is one of the items on which we are having a formal price control. Now of course, we have not made arrangements with regard to distribution of those things, but the prices are fixed and there is formal control on kerosene oil. He wants me to give information as to what is the rate of rise of prices for the last 10 years. Possibly, he may have to raise a question on some different occasion. Most of the things he said have been repeated by other Members. I have to repeat my answers.

डा० लक्ष्मी नारायण पांडेय : मैंने यह भी पूछा है कि योजना आयोग द्वारा कीमतों को रोकने के लिए क्या उपाय सुझाये गये हैं और सरकार ने क्या स्टेप्स लिये हैं। ये सब मूल्य-वृद्धि से संबंधित प्रश्न हैं। अगर मंत्री महोदय इस बारे में जानकारी देंगे तो अच्छा होगा।

MR. SPEAKER : All these questions are interlinked and the reply is also coming on the same lines. I am so sorry about it.

SHRI JYOTIRMOY BOSU : I have given notice under Rule 193 for a Short Duration discussion.

अध्यक्ष महोदय: माननीय सदस्य का नोटिस तो हमेशा रहना है।

SHRI DINEN BHATTACHARYYA (Serampore) : You also agreed, Sir, there should be a full-fledged discussion.

MR. SPEAKER : It all depends upon the time available.

SHRI SAMAR GUHA (Contai) : You have given chance to 3 Jan Sangh friends and 2 CPI friends; no chance for others.

MR. SPEAKER : All these names come out of the ballot. Your self and myself are helpless. If they are lucky, they are there; that is all.

श्री जगन्नाथ राव जोशी (शाजापुर) : अध्यक्ष महोदय, पिछले कई सालों से मूल्यों में वृद्धि हो रही है और कीमतें बढ़ रही हैं और यह कोई मामूली बात नहीं है। उत्तर में हमेशा इस बात को स्वीकार किया जाता है। जैसे, आज व्यापार मंत्री ने बताया है कि विकासमान देश में आयात बढ़ना स्वाभाविक है। वैसे ही विकासमान देश में मूल्य वृद्धि होना स्वाभाविक है। किन्तु मैं मंत्री महोदय के वक्तव्य के बारे में कुछ पूछना चाहता हूँ। सोशलिस्ट इकानोमी की बात करने वाले, श्री मालवीय और श्री शशि भूषण वाजपेयी, चले गये दिखते हैं। लेकिन हमारे समाजवादी मंत्री ने स्वयं यह स्वीकार किया था कि मूल्य-वृद्धि "मार्जिनल" होगी, जबकि उन्होंने यह वजह पेश किया था। आज के उनके वक्तव्य में "माइंट" की बात कही गई है अंग्रेजी का फ़िगर आफ स्पीच हो सकता है और जहाँ तक फ़िगर का संबंध है, श्री पीलु मोदी और किसी दूसरे व्यक्ति में अन्तर होता है। मैं यह जानना चाहता हूँ कि जो एक्चुअल मूल्य-वृद्धि हुई है, वह मार्जिनल है या माइंट। जैसे, मछली पहले तीन रुपये किलो थी, लेकिन वह आज नौ रुपये किलो तक पहुँच गई है। अण्डा पहले 25 पैसे में मिलता था, लेकिन अब वह 35 पैसे तक पहुँच गया है। मटर तीन रुपये किलो तक पहुँच गयी है। इसी तरह गोभी और उर्द की दाल के भाव भी बहुत बढ़ गये हैं। मैं यह जानना चाहता हूँ कि क्या यह मार्जिन इनफ़्लेज है या माइंट, या ज्यादा है।

हम अपने देश में हमेशा देखते आये हैं कि—

Governments always decides to hold the price line.

But it only beholds the price line rising ever higher and higher.

जहाँ तक गाय और बछड़े की बात है, कर का बछड़ा और मंहगाई की गाय हमेशा साथ-साथ होते हैं। मैं यह जानना चाहता हूँ कि बछड़े के हिसाब से गाय मार्जिन है या माइंट है।

मंहगाई को रोकने के लिए कई सुझाव दिये गये हैं। सरकार उन सब सुझावों से सहमत है। मैं यह जानना चाहता हूँ कि उन सुझावों पर अमल कब होगा।

अभी श्री बनर्जी ने एक्स्ट्रा एक्सपेंडीचर की बात कही है। वह भी मंहगाई का एक कारण है। बात छोटी सी है, लेकिन उससे सरकार की नीति और दृष्टिकोण का पता चलता है। प्रधान मंत्री जी ने बंगला देश के बारे में वक्तव्य में कहा है कि पाकिस्तान के गलत प्रचार का निराकरण करने के लिए उन का प्रवास उपयोगी रहा है। लेकिन उनसे पहले कई व्यक्ति विदेशों में इस उद्देश्य से गये। यदि प्रधान मंत्री जी के दौरे से ही वह असर होने वाला था, तो वह अकेली चली जाती और इस प्रकार उस पैसे की बचत हो जाती। मैं यह जानना चाहता हूँ कि सरकार ने कहाँ-कहाँ बचत करने का निर्णय किया है और वास्तव में कहाँ-कहाँ बचत की है।

इस वक्तव्य में कहा गया है 'दि टैक्स्टाइल मिल्ज हैव बिन आस्कड टु इनक्रीज देयर प्राइक्शन ऑफ कन्ट्रोल्ड क्लाय।' मैं जगह जगह घूमा हूँ और मुझे यह सुनने को मिला है कि कन्ट्रोल्ड क्लाय के गट्टे के गट्टे पड़े हुए हैं, लेकिन उसकी कोई माँग नहीं है। मुझे जो जानकारी मिली है, यदि वह सही है, तो फिर मंत्री महोदय द्वारा कन्ट्रोल्ड क्लाय की प्राइक्शन में वृद्धि की बात कहना कहाँ तक उचित है?

अभी मेरे माननीय मित्र ने कहा है कि जब लोग बढ़ती हुई मंहगाई का विरोध करेंगे, तो उन पर टीयरगैस छोड़ी जायेगी। मैं कहना चाहता हूँ कि होम मिनिस्टर साहब तो टीयर

गैस छोड़ कर आँखों में आँसू लायेंगे, लेकिन वित्त मंत्री द्वारा कीमतों में वृद्धि करने से ऐसे ही सबकी आँखों में आँसू आ जायेंगे। विदाउट गैस ही विल ब्रिग टीयर्ज दु आल।

मैं यह जानना चाहता हूँ कि प्राइस में जो वृद्धि हुई है, वह मार्जिनल है या माईट, या वह ज्यादा बढ़ी है। अगर वह ज्यादा है, तो उसका अध्ययन करने के लिए क्या कोई मशीनरी बनाई गई है। इस मामले को कन-ज्यूमर्ज रेसिस्टेंस पर छोड़ने से काम नहीं चलेगा। यह काम सरकार को करना पड़ेगा। अगर सरकार कीमतों की वृद्धि को रोकने में अपने आप को असफल अनुभव करती है, तो फिर उसका इस मामले को लोगों के मत्थे डाल कर अलग हो जाना ठीक नहीं है। देश में इस समय जो वातावरण है, उसमें अनुशासन नहीं है। बड़े-बड़े लोग अनुशासन भंग करके क्या करते हैं, आज उस पर बहस होगी। लोग बिल्कुल तंग आ गये हैं। अगर कीमतों को बढ़ने से न रोका गया, तो इट विल बि इनसा-इटिंग पीपल दु वायलेंस।

कई लोगों ने कीमतों को रोकने का उपाय घेराव बताया है। कई जगह ऐसा हुआ भी है। जैसे, इडली के दाम घटाने के लिए रेसिस्टेंस सोसायटी के लोग होटल को घेर कर खड़े हो गये, या टिकटों के दाम घटाने के लिए थियेटर के सामने खड़े हो गये। जब स्टेट्स एन्टरटेनमेंट टैक्स और मेल्स टैक्स पर सरचार्ज लगायेगी, तो फिर कीमतें बढ़ेंगी। जब रेलवे और पोस्ट आफिस अपने रेट बढ़ायेंगे, तो क्या होगा? क्या सामान्य आदमी यह कहे कि मैं इनलैंड लैटर के पंद्रह पैसे दूंगा, पाँच पैसे पोस्ट आफिस स्वयं लगाये? पोस्ट आफिस या रेलवे के समझ कनज्यूमर्ज की रेसिस्टेंस क्या करेगी? अपनी असफलता को छिपाने के लिए इस काम को जनता के मत्थे मढ़ना ठीक नहीं है। मैं यह जानना चाहता हूँ कि कीमतों को रोकने के लिए सरकार ने क्या रास्ता निकाला है।

श्री यशवन्तराव चव्हाण : जो कीमतें बढ़ रही हैं, उससे मुझे दुख हुआ है। मैं श्री जोशी से सहमत हूँ। लेकिन मुझे इस बात की खुशी है कि पंडित जी मछली अन्डे में रस लेने लगे हैं।

अध्यक्ष महोदय : वह सुबह से उनका नाम ले रहे हैं। क्वेश्चन आवर में भी अन्डे और मछली का नाम लिया गया है।

SHRI JAGANNATHRAO JOSHI : I have got an objective interest.

SHRI YESHWANTRAO CHAVAN : Too much is made out of the words 'moderate' and 'marginal'. Hon. Member should really see the thing with respect to which the word 'moderate' has been used. In the statement we have said:

"It is a matter of some satisfaction that the price increase in food articles over the year has been moderate and the buffer stock to foodgrains with the Government is of the order of 7.5 million tonnes."

So, the satisfaction is about the rise in the buffer stock.

SHRI JAGANNATHRAO JOSHI : The satisfaction is moderate.

SHRI YESHWANTRAO CHAVAN : One should read it properly and see what exactly is conveyed.

श्री जगन्नाथ राव जोशी : हमें वक्तव्य हिन्दी में नहीं दिया गया है। हम क्या करें? हम अंग्रेजी नहीं समझते हैं।

SHRI YESHWANTRAO CHAVAN : माननीय सदस्य बहुत अच्छी अंग्रेजी जानते हैं।

He has only repeated the same question which had been asked earlier, namely what steps we were taking in the matter. As I have said, these are the steps that we can take.

[Shri Yeshwantrao Chavan]

Some are long-term steps and some are short term steps. Some of these steps relate to credit policy, to production and to having some sort of arrangement for distribution in some specific cases, in the form of physical control and so on. These are things that have generally emerged as a result of the discussions here, and as such we are trying in all these three directions.

श्री जगन्नाथ राव जोशी : सरकार जनता को रेसिस्टेंस करने के लिए कहती है। वह खुद क्यों नहीं करती है ?

13.00 hrs.

SHRI YESHWANTRAO CHAVAN : He spoke about the budget provisions. We have not levied any tax on fish or eggs. But the rise in their prices is there. Even prices of commodities not subjected to tax are rising. It is because of certain other speculative elements and the middlemen trying to take advantage of the situation. It is here that I said that there should be some short of consumers' movement, but resistance not of the type that will invite tear gas as that should be rather taking the whole things to the other extreme, which is not in my mind. My reference to resistance is not of that type.

SHRI JAGANNATHRAO JOSHI : Controlled cloth.

SHRI YESHWANTRAO CHAVAN : I quite see the possibility. The stocks may be there. It is also necessary to educate the consumer to go in for those types of cloth and not for other types of cloth and then complain that the prices are rising. What can we do ?

SHRI S. M. BANERJEE : I have heard patiently the statement of the hon. Minister and his replies to questions put previously. Unfortunately, the position today is that the Government have miserably failed to hold the price line. That should be clearly admitted by Government. Take the prices of commodities in Delhi. They have all shot up fish, eggs and everything else. Even after

the green revolution, the prices of grain have gone up.

The hon. Minister requested Shri Vajpayee to control the traders. Between the green revolution of the Congress and the yellow revolution of the Jan Sangh, the consumer is suffering.

SHRI ATAL BIHARI VAJPAYEE He wants a red revolution.

SHRI S. M. BANERJEE : It is yet to come, and when it does, prices will be reduced.

Apart from the measures suggested by my hon. friend, Shri Indrajit Gupta and others, I would like to know why when a solemn promise was made in this House that speculators would be properly dealt with and would not be given any advances from the banks, such action is not being taken. I have had to carry on a fight for four or five months, a crusade, to bring about a ban on forward trading in gur. Still, I know it has been done only for 24 or 25 days. One can see from the newspapers that in Delhi and Punjab alone, there was blackmarketing to the tune of Rs. 5 crores.

When a promise was made about foodgrains saying that prices would be controlled and if the traders did not behave properly, then the wholesale trade in foodgrains would be taken over by Government, I would like to know why no action is being taken. When we have nationalised the banks, should Government not nationalise or take over the wholesale trade in foodgrains ? I want a categorical answer whether instructions would issue to stop credit to speculators.

Then the question arises about the unfortunate refugees who number about a crore now. The price rise is attributed to their influx. This question was argued by the Labour Minister in the Indian Labour Conference, but I know that Shri Dange and others blasted this argument and proved that the prices had risen before the refugees came.

Then there is the question of austerity. Here I want to place on record my protest against the import of a Mercedes car costing Rs. 2½ lakhs involving Rs. 6 lakhs in customs duty. Everyone is being asked to practise austerity. But it is a said commentary on this when the highest dignitary in the country cannot practise it and only the common man is told to practise it. I never expected this Government which claims to be socialist, which shouts from the housetops that it wants to usher in socialism, to practise its socialism in this fashion. It has imported a Mercedes-Benz with six doors; four are not sufficient. They want six doors. I am really sorry for the whole thing.

Is it a fact that black money plays a very vital role in unsettling prices? What steps have been taken to unearth black money? When we ask for demonetisation, they say it is not possible. When we ask for nationalisation of other big industries, they say it is not possible. What steps have been taken? They can impose 144 today because there is a demonstration by the All India Trade Union Congress and tear gas, lathis, shells, even bullets can be used to control that, to control anything, but not the prices, not the blackmarket, not the corruption. I do not know why they shiver when they are told to do these things. I am sorry to say this. I am yet to see a big industrialist or a monopolist or a hoarder being convicted. Nobody has been convicted; they are simply arrested. Small shopkeepers are arrested. Are they serious about controlling the prices? Co-operation of all the parties would be forthcoming to find some ways and means to control the prices. They can take over the wholesale trade immediately; that will be a step towards socialism which they claim.

SHRI YESHWANTRAO CHAVAN : I really do not know what he wants. Certainly he made some valid criticism.

SHRI S. M. BANERJEE : I said that wholesale trade should be taken over by the Government.

SHRI YESHWANTRAO CHAVAN : That was one point; Second, he referred to

black money and asked what steps we were taking about it.

The idea of taking over the wholesale trade is very attractive. But I have not gone through its mechanics, its administration, etc. It is difficult for me to express an opinion about it but it is certainly an idea which can be gone into and examined so as to find out the implications. I think it is not very easy to take over the entire wholesale trade as such. This is my first reaction.

As far as black money is concerned, it is a very complex and a very comprehensive problem. Blackmoney arises out of certain processes. One is evasion of tax. Steps to stop evasion have been thought of and the Justice Wanchoo Committee has made certain recommendations, on the basis of which I have moved a Bill which will come up for discussion in this House today. It deals with people who are making use of black money to buy properties, by underestimating properties and investing their money in that form. We are taking those steps. In the case of evasion of tax certain other measures are necessary which pertain to collection, enforcement of the taxation clauses effectively, starting prosecutions and penalising people, etc. These measures are being strengthened and pursued vigorously and we shall continue to do this. These are the two things which can be done.

The problem of blackmoney is a terrible problem. He mentioned about taking action against such people. Only the other day my colleague Shri Siddhartha Shankar Ray was saying that they took action under the Preventive Detention Act in Bengal in certain cases of hoarding and that it did produce some results. There is no unwillingness to make use of these powers against hoarders. We consider that economic offences are worse than the other criminal offences and we will have to deal with them firmly and strongly.

SHRI JYOTIRMOY BOSU (Diamond Harbour) : It is an important matter and we should have a discussion on it. We have given notice under the rules. Would you

[Shri Jyotirmoy Bosu]

kindly consider them and allow a discussion ?

MR. SPEAKER : I want to make this observation. Normally we allow only questions on call attention motions. We are again relapsing into the old practice of making long speeches. We should ask questions in one minute or at the most two minutes. I suggest that such questions are put and replies also given on the same lines as they used to be before.

So far as Mr. Bosu's question is concerned, it will be placed before the Business Advisory Committee. It is up to them to agree or not; I have no objection.

13.10 hrs.

RE : ISSUE OF ORDINANCES

श्री अटल बिहारी वाजपेयी (ग्वालियर) : अध्यक्ष जी, कल मैंने आप को एक पत्र लिखा था, उन आर्डिनेन्स के बारे में जो सरकार द्वारा जारी किये गये हैं। मैं चाहता हूँ कि उस पर चर्चा हो, यह बड़ा महत्वपूर्ण मामला है। कल डिप्टी स्पीकर महोदय ने हम को इजाजत नहीं दी.....

SHRI YESHWANTRAO CHAVAN : When they come up, they can be discussed.

श्री अटल बिहारी वाजपेयी : वह चर्चा जब होगी तो हर एक पर अलग-अलग होगी। मेरी प्रार्थना यह थी कि आप अध्यक्ष के नाते इनको फटकार लगाइये। ये आर्डिनेन्स राज्य चलाना चाहते हैं। मावलंकर साहब ने ऐसा किया था, आप उन की परम्परा को कायम रखना चाहते हैं तो ऐसा कीजिये।

अध्यक्ष महोदय : मावलंकर साहब जैसा माहौल तो दीजिये, आप उस माहौल को कायम

नहीं करते हैं। कल मावलंकर साहब के जमाने की बात हो रही थी, आप भी इस तरह का माहौल पैदा न कीजिये। मैं आप की इस बात से सहमत हूँ कि इतने आर्डिनेन्स जारी नहीं करने चाहिये, मावलंकर साहब के हुकम को मानना चाहिये।

SHRI S. M. BANERJEE (Kanpur) : Yesterday I wanted to submit something, but I could not. You are allowing calling attention on high prices etc., for which I must thank you, but there are other very important matters also. For instance, 32 Defence employees and 13 employees of the West Bengal Government have been dismissed under the President's special powers under various articles of the Constitution, without being given an opportunity to explain. I request you either to admit a call attention or ask the Minister to make a statement in this regard. I was a Government employee. I know, the same thing was used against me.

MR. SPEAKER : There is a proper time for referring to everything, and you should not abruptly get up.

SHRI S. M. BANERJEE : I requested you.

MR. SPEAKER : You cannot take advantage saying that you requested me. We have a discussion fixed on West Bengal.

SHRI S. M. BANERJEE : This is not covered by that. That motion reads :

"That this House expresses its serious concern at the deteriorating law and order situation in West Bengal and role therein of a section of the police, C.R.P., official machinery and anti-social elements."

Neither the anti-social elements nor the C.R.P. have dismissed them. Will you allow me to speak on this in that discussion ?

SHRI JYOTIRMOY BOSU : It is in the fitness of things that you ask the Minister to make a statement about these employees as it is a very serious matter.

MR. SPEAKER : I will consider.

श्री इसहाक सम्भली (अमरोहा) : स्पीकर साहब, हमने आप के पास एक मॉटिम भेजा है। तीन ऑर्डिनेन्स के तहत 70 करोड़ रुपये के टैक्स लगाये गये हैं और वे कल से लागू हो गये हैं। अगर 15 दिन के बाद उन पर बहस होगी और तब हम रेजोल्यूशन रखेंगे तो बहुत देर हो जायेगी। हम चाहते हैं कि उन पर जल्द बहस होनी चाहिये।

[شری اسحاق سمبلی (امروہا) : سپیکر صاحب ہم نے آپ کے پاس ایک نوٹس بھیجا ہے۔ تین آرڈیننس کے تحت 70 کروڑ روپیہ کے ٹیکس لگائے گئے ہیں۔ اور وہ کل سے لاگو ہو گئے ہیں اگر 15 دن کے بعد ان پر بحث ہوگی اور تب ہم ریزولوشن رکھیں گے تو بہت دیر ہو جائے گی ہم چاہتے ہیں کہ ان پر جلد بحث ہوئی جائے۔]

MR. SPEAKER : As far as the ordinances are concerned, I personally think it is not a light matter to be ignored. Certain observations have been made by my predecessor Mr. Mavalankar based on very sound judgment. There was a brief spell of intersession, not more than three months, and there are a number of ordinances which could perhaps wait. I will not use the word which Shri Vajpayee suggested, but I would invite the attention of the Government to see that there is real emergency or urgency justifying the issue of the ordinances. There should not be much of a hurry about those ordinances that can wait for the session of Parliament.

AN HON. MEMBER : Whom are you addressing? There are no Ministers there.

MR. SPEAKER : I presume the Government is sitting on this side. I quite appreciate the force of the objection and I am going to take up the matter at a personal level with the Prime Minister. If Shri Vajpayee had not used that word, I would have said something more.

SHRI ATAL BIHARI VAJPAYEE : I am prepared to withdraw it; please say something more.

श्री एस० एम० बनर्जी : लेकिन, अध्यक्ष महोदय, हम इतना जरूर बतलाना चाहते हैं कि कुछ ऑर्डिनेन्सेज जरूरी थे, जैसे "टैकिंग-ओवर आफ क्लोज्ड यूनिट्स" उनको लेना बहुत जरूरी थी.....

MR. SPEAKER : I did not say about all the ordinances. Those ordinances which have no urgency should not be pushed through in the intersession period. I will be taking it up with the Prime Minister. We will have to evolve some method of continuing this convention, so that there may be no objection in future. After all, we have been repeating this since the time of Shri Mavalankar. All of us have stuck to it all these years. We discussed it in the Presiding Officers' conference also. I assure you. I will bring all these facts to the notice of the Prime Minister.

TAXATION LAWS (AMENDMENT) BILL—*Contd.*

SHRI JYOTIRMOY BOSU (Diamond Harbour) : Sir, I want to make a reference for your record to the effect that in Durgapur a headmaster was burnt alive by Chhatra Parishad boys by spraying petrol in a room in the school. It is a very serious matter. May, I, through you, request the Government to inquire into the matter and make a statement ?

SHRI PRIYA RANJAN DAS MUNSI (Calcutta South) : There is no Chhatra Parishad Unit in Durgapur. It is baseless. He was burnt by some extremist people. They have an inter-party clash and they have done it.

SHRI JYOTIRMOY BOSU : I stand by what I have said.....(*Interruption*)**

**Not recorded.

MR. DEPUTY-SPEAKER : Order, order. Nothing will go on record.

SHRI SEZHIYAN (Kumbakonam) : Mr. Deputy Speaker, Sir, I have moved for reference of this Bill to a Select Committee.

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : I am suggesting another motion.

SHRI SEZHIYAN : I am not insisting on the names that I have already given. He can increase the number or he can choose the best personnel available here and get the job done. My only anxiety is that it should go to the Select Committee because it is a very important measure.

It has been the convention of this House to send important Bills of this nature to a Select Committee to avoid any deficiency in drafting and in the things that should really go into the Bill. Though the intention has been laudable, it has not come out very well in the Bill.

This Bill has been piloted here for consideration on three important aspects : firstly, to counter evasion of tax in property dealings; to curb *Benami* holdings; and to improve arrangements for valuation. In all the three things the Bill is incomplete. The provisions now incorporated are insufficient to achieve these. Some of the provisions of the present Bill, I am afraid, may be struck down by courts. On all the three grounds it fails.

Taking the first objective, namely, to counter evasion of tax in property dealings, I refer to the report of the Working Group of the Administrative Reforms Commission where they have enumerated avenues of utilisation of evaded tax money. There are as many as 14 items enumerated on page III of the Working Group's report, out of which only item No. 7, payment of money towards purchase of land and house property, has been tackled. What happened to the rest 13 items I do not know. Therefore, to that extent it is incomplete.

Curbing of *benami* holdings also has been referred to by the Working Group of the Administrative Reforms Commission. They have dealt with two types of *benami* transactions. The present Bill tackles only one type. The second type of *benami* transaction is not covered by the present Bill. Therefore, on that score also it has not come up to expectations.

Then, there was a special committee, the Wanchoo Committee, to go into the specific question of evasion of taxes and how to deal with that. This morning the hon. Minister was kind enough to inform the House that the Wanchoo Committee had given its report. I am not aware whether the Wanchoo Committee's report has been made public. The Members of Parliament are not aware of the contents of that one. I do not know whether they have given the final report. Probably, an interim report may have been given.

My point is this. This is a Bill which specifically deals with evasion of taxes and how to curb down the evasion. Why not wait till the final report of the Wanchoo Committee comes and have the benefit of it? Somebody may suggest that we can bring in other legislation to give effect fully to the Wanchoo Committee Report. Therein, I differ from them.

There is a specific recommendation or an observation made by the Working Group of the A.R.C. in regard to the question of taxation amendment laws. Chapter V deals with needless complexities in the tax laws and suggestions for removing them. They have said about the need for restraint in moving amendments to Income-Tax Act. They have given very good suggestions. They have said that from 1944 to 1966, there have been a spate of amendments. The then Finance Minister wanted to put in some stability in the Income-Tax Act and, therefore, in 1961, the law was amended and brought up-to-date with the hope to avoid future amendments.

An assurance was given on the floor of the House itself by the then Finance Minister that the state of stability had reached and that, so far as the Income-Tax Act is

concerned, at least for five years, no amendment would be called for. What happened then? From 1961 to 1966, during the five years period which was assured by the then Finance Minister as the period of stability, as many as 400 effective amendments were put into the Income-Tax law. This exceeds the number of amendments put in from 1944 to 1961. From 1966 till to-date, at least about 200 more amendments have been put in. So, at least 600 amendments have come in after a stable Income-Tax law was introduced.

This is what the Working Group of the A.R.C. has suggested. They have said :

"The first step in removing complexity, therefore, is to cry halt to further amendments at least for a period of five years. When, in future, any amendment is proposed to the Income-Tax Act, it should be done only after careful survey of the total effect of the amendment and after considering carefully the need for carrying out the amendment. No amendment should be proposed merely to get round an adverse decision of the Supreme Court or the High Court. Further, whenever amendments are considered necessary, they should not be proposed through the Finance Bill because a Finance Bill is not referred to the Select Committee and the Members of Parliament do not have adequate opportunity of studying the various provisions. All amendments in future, it is suggested, should be carried only through a separate Direct Taxes Amending Bill."

Why they suggested this thing was that they wanted, whenever income-tax law is amended, it should be done through a separate Bill and referred to the Select Committee where it will get a closer and better attention of the Members. Not only of the Members. They have suggested as follows :

"Likewise, before rules are amended or framed, it should be done only after ascertaining the need for amendment from all the Commissioners of Income-Tax and after eliciting the views of leading professional and trade bodies.

[Shri Sezhiyan]

such as, the Institute of Chartered Accountants, the Federation of Chamber of Commerce and Industry and the Associated Chambers of Commerce."

Therefore, they wanted to take the opinion of all these bodies.

The haste with which this Bill has come before the House, as I said, is such that it is very inadequate and it is very insufficient to deal with the purpose even in a limited way for which it is intended; further I am afraid, some provisions of it may be struck down by the court if they are passed in the present form.

Only one or two things more I would stress because I feel that this Bill should, without fail, go to the Select Committee. I will just refer to them just in illustration without going into the merits of the individual clauses.

If you take clause 4, Definitions—269A, there it is said :

"transfer", in relation to any immovable property, means transfer of such property by way of sale. But a property can be transferred not only by sale, it may be transferred by exchange also. Exchange of property is a very important factor to be taken into consideration because there will be some very big house which may have a property worth Rs. 5 lakhs. It may be transferred for about 50% of the value by exchange plus unaccounted money. Then it will not be covered because it is not a sale. There are Supreme Court judgments which said that exchange is not covered by sale. Even if you take the Registration Act, there also exchange is dealt with separately. That means this definition gives way to easy evasion of transfer of properties by exchange. Exchange of property also can be done for some purpose for which it can be under-assessed. It can be under-sold. That mischief is not being rooted out by the definition that is given now.

Then, if you take the second definition, viz., 'fair market value', it is said :

"fair market value", in relation to any immovable property transferred, means the price that the immovable property would ordinarily fetch on sale in the open market on the date of execution of the instrument of transfer of such property.

This is quite correct. This has been lifted bodily from 2 (22A) of the Income Tax Act. But there are two sub-clauses there. They have taken only one sub-clause and the other sub-clause they have omitted. The fair market value is the value that the property would ordinarily fetch by sale. Suppose, if there is no open market in the place, it may be a very remote village and there is only one big house there. Will you conduct an auction and sell it? How will you assess it? In this case, the Income Tax Act has given an alternative. I don't know why they have omitted to take that one. If you take 2 (22A), 'fair market value' is being explained as the price that the capital asset would ordinarily fetch on sale in the open market on the relevant date. There is another sub-clause, Cl(ii) which says that "where the price referred to in sub-clause 1 is not ascertainable, it may be such price as may be determined according to the rules thereunder." They have lifted only a part of the definition, and the second they have omitted. Tomorrow one may go to the court and challenge that there is no open market value for this and question under what provisions of the law you have fixed the price. So, this provision should have been included there.

Then there is another clause which is going to be the most mischievous clause in the whole of this Bill—amendment of 296C, page 3. There we are dealing with immovable property in respect of which proceedings for acquisition may be taken. That is the linch-pin in the entire Bill. If there is any under-assessment, then the Government is at liberty to acquire that property. How do you say that it is under-assessed? It is not well-defined in this clause. It says :

"Where the competent authority has reason to believe that any immovable

property of a fair market value exceeding twenty-five thousand rupees has been transferred by a person...to another person...for an apparent consideration which is less than the fair market value of the property..."

'Which is less than the fair market value'—suppose the property is worth Rs. 5 lakhs and if the assessee says that it is worth Rs. 4,99,999, still it can be brought under the mischief of this clause. There is no margin put here at this stage. Yesterday you said about 25%. It comes at a later stage, at the stage of starting the proceedings for acquisition of the property. At that time, if the income tax officer feels that if a property worth Rs. 5 lakhs has been assessed by the assessee as Rs. 4,99,900, still he can take action. It does not bar him.

You will find that clause 52 dealing with capital gains gives a better definition. I do not know why they do not use these words. There it has been said very clearly. It says, "without prejudice to the provision of this subsection, if in the opinion of the Income-tax officer, the fair market value and the capital assets transferred by the assessee as on date of transfer exceed the fair value of the consideration declared by the assessee in respect of the transfer of such capital assets by an amount of 15 per cent." Only when it exceeds 15 per cent, this will apply. The same thing should have been put here. So, in respect of all these things, to start acquisition proceedings, no guidance is given. And also "from person to person," this has not been defined. Whether both the persons would be assessable has not been brought in very clearly. If only one has to be assessed, what about the other? That also has not been brought out very clearly. I don't want to go into the details. But I wish to refer to Clause 8—A where it is stated that it shall be presumed unless the contrary is proved. That means, the presumption lies with the Income-tax officer and the negative has to be proved by the assessee concerned. So, the onus of the proof of the negative rests on the assessee. I do not know whether this will stand the test of the court because it will be difficult,

unless you have your own assessments, which will stand the test of the court, by the competent authority.

SHRI YESHWANTRAO CHAVAN :
If you do not have the presumption, you better not have the Act at all.

SHRI SEZHIYAN : My feeling is this. Why cannot we put it in an effective way? I am not objecting to your basic principles. It should be but in a better way that should stand the test of the Court. That is the only thing. There is a property worth Rs. 5 lakhs, under-assessed as Rs. 3 lakhs. As per the provision in the Bill it can be acquired by the Government for Rs. 3,45,000, that is 15 per cent more than the declared value. It comes to Rs. 3.45 lakhs. I want to know whether it will stand the test of the Court, because it may come into contradiction with Art. 31 (2) of the Constitution in its present form.

SHRI JAGANNATHRAO JOSHI
(Shajapur) : They are going to amend.

SHRI SEZHIYAN : You amend it. It will be a safer thing. Nowhere in the Bill a provision has been made for reassessment in respect of an assessee who has given no particulars. Nowhere in the Bill such a provision is there either in respect of the transferer or the transferee. Suppose property worth Rs. 5 lakhs is to be sold for somebody for Rs. 3 lakhs, nowhere in the Bill a provision is made that the income or wealth of the transferer should be reassessed. Suppose Rs. 5 lakhs worth of property is sold by party A to party B. Party B is in possession of that property. It is shown in the books as Rs. 3 lakhs. You are going to take it at Rs. 3.45 lakhs, from B. What about the assessment of A? Nowhere in the Bill a provision is made for re-assessment.

I am afraid whether Rs. 5 crores of the Revolving Fund is enough because out of that Rs. 4 crores goes for other things. Only Rs. 1 crore is left for implementing provisions of this kind. You may take the case of Bombay. Even if you analyse two or three cases, the amount involved under this Bill will exceed Rs. 1 crore.

SHRI JYOTIRMOY BOSU : Mr. Chavan knows it very well.

SHRI SEZHIYAN : I do not now why no provision is made in this Bill about such properties which are being acquired. How do Government propose to maintain them? I would like to know whether the CPWD will maintain them, or else which other agency would maintain them. If there are any tenants, how are they going to be evicted from those houses? Nothing has been thought of in this Bill in regard to these matters. At least in the rules, Government should be careful to provide for all these things.

Again, the qualifications for the valuation officers have not been laid down. If we see the financial memorandum, we find that mention has been made there of the fact that the valuation officers would correspond to senior income-tax officers, class I. But the report of the Administrative Reforms Commission clearly lays down that the valuation officers should be fully qualified technical persons and they should be employed by the Department. But in the Bill we find that no qualifications have been laid down for valuation officers, and the income-tax officers themselves become the valuation officers, which is very much against the spirit of the A. R. C. recommendation.

So, this Bill bristles with many lacunae and loopholes and they should be closely and carefully scrutinised by a Select Committee which can be chosen by the hon. Minister. I am at one with him that this Bill should be put on the statute-book. I wholly support the objectives of this Bill. My only and sincere wish is that it should be put in a better form and in a stronger position so that there is no loophole and there is no element of arbitrariness or discretion given so that tomorrow we shall not receive complaints of corruption and arbitrary exercise of discretion etc. To that extent, we should try to improve the Bill.

SHRI N. K. P. SALVE (Betul) : So far as the principles underlying the contemplated legislative measure are

concerned, there is no doubt that they are very highly commendable and very highly laudable. I have no doubt in my mind that Government will receive support from all sections of the House, primarily because the measure indicates an awareness on the part of Government, though belatedly, and at long last, to become vigilant and watchful in respect of transactions in immovable property which transactions all these years have caused tremendous havoc on account of the possibilities of tax evasion, and have been transactions most cherished and most attractive for purposes of investment of black money earned out of tax evasion.

It is a very well known phenomenon, and I am sure that more than anyone else in the House, the Finance Minister would be aware of it, because he ruled supreme over Bombay for years and he knows things about Bombay so well, that immovable properties in our country have been the most attractive and massive absorbent of black money. In this Bill it is realised in principle—as regards the form, I shall comment a little later—that such untrammelled dealings in black money be stifled or checked to a substantial degree. I do hope that that is the intention, particularly in view of what the Finance Minister has stated in the Bill, that this inflow of coloured money into this highly attractive absorbent of black money should not be so easily possible after we enact this measure in the proper form.

However, I have to agree with the Member from the DMK who said that this Bill should go to Select Committee. Because it was so clumsily and hastily drafted that I am afraid that the whole measure in its present form instead of implementing the objective of the Bill will in fact impede the attainment of that objective. As I shall point out presently, the Bill is full of loopholes and out of one thousand cases, hardly one case will be caught in the net. It is my very grave apprehension that that one case will be the case of an honest man, and 999 crooks will get out of the net. Further the way this measure is drafted so hastily and clumsily, it will open flood-gates of litigation and in fact it will just lead to floods without any gates, and will only help expand the paradise of the

legal profession. Therefore, I do support what Shri Sezhiyan has said about presenting this Bill in a proper form. It should be very skilfully and artistically drafted so that we do achieve the objective which the Finance Minister and the whole House has in mind.

SHRI YESHWANTRAO CHAVAN : I do not know how artistic it has to be.

SHRI N. K. P. SALVE : Human ingenuity can work both ways. The more skilful and more artistic we are here in Parliament, the more ingenious and artistic the lawyers will be in the courts to defend their clients. But that is no reason why we should be crude or bereft of proper appreciation and understanding of our faults in drafting and get rid of what look like palpable defects and deficiencies. I have no doubt that when I point the same to the Finance Minister he will accept that the whole form of the Bill needs to be changed.

My first very serious objection is : how does this Bill get at those transactions where without a "transfer" of immoveable property there is investment of black money in immoveable property ? Today the most cherished occupation of a successful tax evader is to amass as much unofficial money as he can and purchase immoveable property, by investing substantial moneys on which he has not paid tax in false properties and thereafter go on to deal with these immoveable properties in such a way without effecting transfer that he enjoys with impunity the rewards of tax evasion. This measure in its existing form does not hit at any transaction in which black money is invested in immoveable property unless a transfer takes place.

I heard the Finance Minister very attentively this morning when he was replying to a call attention notice on the rising price spiral. He said—and I have no doubt in my mind that he meant it—that he is very anxious to take stern and effective measures to curb tax evasion. He further said this afternoon that we are enacting a measure by which people will not be able to invest their black money in immoveable properties. I would ask of him whether he has made any provision in this Bill where a man who is investing in immoveable properties, his black money will in any way be

impeded, stifled or stultified from investing the same. This is my first serious objection to the proposed legislation. This law must take in, and in a special category, taxation of investment of black money on the basis of the difference between the construction cost and the fair market value even without transfer. After all, why should a man be penalised only when he transfers and not a man who invests black money in that transfer. The taxation should be at the investment stage. The existing section 69 relating to tax on unexplained investment is extremely inadequate for such taxation. Nothing comes out of that. Even in a case where a person constructs a house at an apparent cost of a lakh of rupees or two but for purposes of wealth tax the value is taken at Rs. 5 lakhs, this Bill can do nothing to him. Why not, therefore, make a provision that that Rs. 4 lakhs will be brought to tax whether he has transferred or not ? The difference between construction cost and fair market value also must provide basis for compulsory inquiry and action for taxation of black money invested in immoveable properties unless the variation is due to appreciation in the value of property over years.

I come to second serious objection. Concealment of tax through investment in immoveable properties is very widely prevalent in the affluent sections of the society. It is there in respect of other transactions and properties also unrelated to immoveable properties, but much more so in the case of immoveable properties. In fact, without black money you cannot acquire immoveable property. I know of a retired Chief Justice now settled in Nagpur, who told me that on retirement he wanted to invest money in Bombay with a co-operative society for a flat. He could not make the investment and could not buy the flat because he did not have 40 per cent of black money to invest. I shall be willing to divulge the name to the Finance Minister if he is interested in knowing who it was. Does this Bill take into account the large scale malpractices through and via the housing co-operatives not of the labourers or the common people but of the affluent section of society in large cities and specially Bombay ? Millions of thousands unaccounted rupees are put into these properties, large and palatial buildings construc-

[Shri N. K. P. Salve]

ted and then brought into the co-operative societies. And these transactions today do not come in for any punitive measure. They will never come for any deterrent measure even tomorrow under the law. They will never come in under any acquisition proceedings under this law. Are we going to leave the dishonest rich and affluent free just because they are operating via co-operatives and come heavily only on the unsuspecting unwary citizen who cannot afford expensive legal advice on taxation? I have no doubt in my mind that the Finance Minister is aware that the scheme of co-operative housing in Bombay by the affluent section is one of the biggest bodies of racketeers and profiteers. These activities are completely left out because that transfer will not be brought within the gamut of the provisions of this measure.

The next objection I have is about the scheme of the measure for initiation of acquisition proceedings. I have gone through the Bill, not at great length but hurriedly and I shall endeavour to point out to the Finance Minister what to me look palpable and glaring inadequacies so that he could agree to the suggestion of Mr. Sezhiyan to send it to the Select Committee and would realise the need to give sufficient time. Seeing the importance of the measure, we have to do a thorough job. Let us not make laws after laws and then go on making amendments after amendments, let us not have a series of new taxation laws where we have larger new loopholes than measures to plug old ones.

I shall first point out the grave and extremely perilous procedure contemplated under 269 (C) for vesting jurisdiction in the competent authority to initiate proceedings. Prima facie it is contemplated that three conditions must pre-exist before the competent authority can assume jurisdiction to initiate proceedings. Finally whether it is to be acquired or not, is a different story. Even for initiating proceedings three conditions must exist. Firstly, the property should be above Rs. 25,000. There should be no difficulty about this condition. The second condition is that there should be variation in the apparent consideration and the fair market value of the property. Possibly, in this also there may not be much difficulty because the apparent consideration mentioned in the con-

veyance deed and the fair market value are something which can be ascertained through wealth tax assessments, records etc or other evidence such as the valuation of similar properties situated next to this property. That may not present much difficulty.

The real difficulty is with regard to the third pre-condition contained in sub-clauses (a) and (b) of 269C. The competent authority could initiate proceedings when he has reason to believe and when called upon will have to prove prima facie that as a result of transaction there is reduction or evasion of the liability to pay tax of the transfer or that the transfer facilitates concealment of any income or any moneys or other assets assessable under Income-tax Act or Wealth Tax Act of the assessee and that this reduction of tax liability, evasion or concealment even if factually found were premeditated and were outcome of a deliberate artifice.

In other words the burden of proof has been cast on the competent authority before he can assume jurisdiction to initiate the proceedings, prima facie to establish existence of a plan and its nexus with tax evasion. The law is far too well established on this point. There are also two leading cases on this point. There are similar provisions in the Income-Tax Act where the burden has been cast on the department to prove that a particular transaction has been gone into as an artifice or as a device to evade tax. If in reality there is reduction of tax liability, if there is evasion of tax, that does not matter. The conspiracy to evade tax must be proved by the department before the proceedings are initiated. The two leading cases I have in mind are : Sakarlal Balabhai reported in 1968 (69) ITR 186 and the second case, Mohd. Ibrahim Sahib reported in 1962 (45) ITR 168.

I hope the hon. Minister will look into the ratio of these two cases which have laid down inter alia, that the avoidance of tax must be intended to be achieved by the assessee in entering into the transaction. It must be a deliberate act with a set purpose. How impossible and how difficult it is to prove that this was the purpose in transferring the property can be imagined. The factual reduction in liability by itself is not sufficient

justification to assume jurisdiction to initiate the proceedings. I submit that we are making this law unnecessarily cumbersome. Ultimately you may not acquire it unless you are satisfied on these two points. That is in fact contemplated in another section. But for the purposes of initiation of proceedings, straightaway it must be provided that the moment you find that there is a variation between the apparent consideration and the fair market value, there *prima facie* justification in vesting the jurisdiction in the competent authority to go ahead with further proceedings, which will enable untrammelled enquiry.

Secondly, Mr. Sezhiyan referred to section 52 and said that the terminology employed in that section was more precise, more accurate, that that should be superimposed in this section. I am, however, on a different question that is of much greater and vital importance, connected with section 52, and it is this. The fact seems to have completely escaped the attention and notice of the framers of this Bill that section 52(2) of the Income-Tax Act contemplates taxation, by a fiction, of income which might represent the difference between the apparent consideration mentioned in a conveyance and what might be its market value for purpose of taxation of capital gains. In other words, the difference can be brought to tax by a fiction, even if the transferor has apparently not received the money representing full market value of property. Therefore, the income-tax officer has sufficient powers to tax the income even if sought to be evaded in a particular transfer of immovable property as it is. Thus section 52(2) operates in the same field and applies to same transfers and transactions as the present chapter under consideration. Tomorrow, when proceedings are initiated for acquisition of a property, it will be the right of the assessee to say that there is no question of reduction of tax liability because the Income-tax officer can always tax him under section 52(2). It is a well accepted principle of taxation law that when there are two provisions of law applicable to a transaction, the provision which leaves the assessee with lesser burden will only apply and not the other. All these facts have not been looked into by the draftsmen.

This Bill typifies our attitude towards taxation laws. We have made a massive 700 amendments in the last few years and I do not know how many more hundred amendments we will make. It is very laudable objective, but why can we not devote more time to go into this. It is much better that we have a skilful drafting rather the rush through these matters the way we are trying to do. Because if my apprehensions are justified then section 52(2) and this new Chapter XX A may operate in the same field in respect of the same transaction, then the whole measure may become a dead letter. And how long are we going to blame ourselves for not curbing tax evasion when we ourselves make laws in which we leave a tremendously large amount of loopholes; tremendous scope for litigation, Therefore, it is very necessary to have a careful look into the matter.

Another point Shri Sezhiyan made was about the limited scope of the term "transfer", that exchange is not transfer. Maybe that is correct, but I know of a case which is reported in 1957 (32) ITR 190 Supreme Court, which has in terms stated that relinquishment of a right or extinguishment of a right is not transfer. In fact, this case arose under the capital gains provision. A company redeemed its preference shares and the Income-tax Officer tried to tax the capital gains on the same. The same was resisted on the plea that there was no transfer of the preference shares because they were not transferred to anybody only the right came to an end, the rights were extinguished. The Supreme Court held that capital gains could only be levied on transfer of assets, not on extinguishment of a right or relinquishment of a right. Accordingly, in 1956 the law was amended. But even then we are not wise about that in this Bill. This is how we are proceeding with our fiscal legislation one after the other. When the Supreme Court in a case held that for purposes of transfer you have to artificially expand the scope of the term transfer by a fiction created in the definition section to include extinguishment or relinquishment of a right if so desired and we have amended the law accordingly in respect of capital gains, still we are not worried about doing the same here in this Bill.

15'00 hrs.

In fact, without charging any fees, I can suggest a very easy way out. I create a tenancy in common in an immovable property with A, B and C. My interest and their interest remain in common tenancy. I do not define what is the interest of each. The property is valued at say Rs. 3 lakhs. I tell ABC, "You give me Rs. 1 lakh white, two lakhs black and four of us will become tenants in common". I will thereafter make a document and relinquish my right. The transaction will be completely outside the purview of this Bill. I would like to have this particular illustration examined by any competent person who understands taxation laws and see whether this sort of large scale avoidance is possible or not. Many such loopholes are likely to be there.

While I agree that no mercy has to be shown to anybody who earns and invests successfully black money and indulge in transactions in immovable properties to evade taxes, the provision regarding appeals causes to me the greatest concern. Against the order of the Additional Commissioner of Income-tax, an appeal lies to the Board of Direct Taxes. I take it that if the Board has to perform its duties, it must have a high degree of revenue bias. What is the use of providing an appeal from Caesar to Caesar? It is an appeal from the right hand to the left hand. If at all, the Board is expected to be ever ready to put its mark of approval on what the Additional Commissioner has said. Sir, appeal is an invaluable right. There are honest assesseees also, therefore, one in a thousand or two thousand but his interest must be safeguarded. It is of utmost importance in any jurisprudence which is supposed to govern a civilized society that the appeal must always be decided by an impartial and independent tribunal or else it becomes mockery of justice. Therefore, the appeal should under no circumstances go to the Board. It should go to the Income-tax Appellate Tribunal. After all, Tribunals have earned a great reputation for their integrity and independent work. They are knowledgeable people of immense dependability for justice and fair play. There is no reason why the appeal should be confined to the Board. If

the Additional Commissioner makes order and the Board accepts it; that would be the end of a matter. That looks extremely crude, unfair and if I may say so, a little barbarous. That should not happen. I am sure the Finance Minister will consider this also.

I have very hurriedly gone through the Bill. I could have made an extensive note and submitted it to the Finance Minister, but that was not possible because of shortage of time. I have pointed out some of the very palpable and glaring lacunae, loopholes and drawbacks. There is tremendous scope for redrafting this measure. The basic theme is very laudable, but the provisions are going to defeat it. I have no doubt about it. Therefore, I hope the Finance Minister will agree to referring the Bill to a Select Committee and giving the Select Committee sufficient time to deliberate on it and make recommendations.

SHRI JYOTIRMOY BOSU : Sir, I have listened with great attention to the speech of my hon. friend, the prosperous income-tax lawyer. He has been vigorously suggesting that the Bill should take more time to come into existence in the form of an Act. Well, the House will decide, the government will decide how judicious that should be. My party will support any move which results in real realisation and just use of the exchequer which has to go back to the people in the form of services, development and welfare. Here I may quote what the President of the Associated Chamber of Commerce wrote to his counterpart in London : "here in India we are surrounded by an ocean of laws and we will have to comply with them in letter, not in spirit." Are you really going to apply them properly and energetically? No. The performance of the immediate past befits only this government with its present class character. Why is it that in this vast country with a population of 550 million people you have no more than 3 million assesseees? It shows two things. Firstly, the economic condition in this country is deplorable. We are one of the lowest among the 54 countries that are mentioned in the UN list. Secondly, the present taxation machinery has not been able to touch many of the persons who should have come under it.

Coming to Professor Kaldor, who does not belong to my party, he estimated several years ago that loss of tax as a result of income-tax evasion would be between Rs. 200 crores to 300 crores. The Income-tax Investigation Commission which was appointed in 1947 investigated 1058 cases and detected unaccounted income of Rs. 48 crores. Under the voluntary disclosure scheme of 1951, Rs. 70 crores of unaccounted money was disclosed in 20,192 cases. Under the disclosure scheme as embodied in the Finance Act of 1965, 2001 assesseees disclosed unaccounted income of Rs. 52.18 crores. The second disclosure scheme in the same year brought forth Rs. 145 crores by over one lakh assesseees. The Income-tax Department was able to impose penalties amounting to Rs. 39.94 crores between 1964 and 1968 for concealing an income of Rs. 161 crores.

Then, the report of the Comptroller and Auditor-General of India for 1969-70 contains startling statistics. This report reveals that the gross tax arrears amounted to the staggering figure of about Rs. 960 crores of which 82 per cent was due to tax on incomes (personal and corporate).

Why should this government ask for more powers when they have been unable to use what they have already got in their hands? This shows that they are not really serious about this business. They want only to hoodwink the public by asking for more legislation. They have so many laws in the statute book which they do not use. It is just like a beautiful library with a large number of books which is seldom used.

Here I want to say either the hon. Minister or the Auditor-General has misled the House. In reply to Unstarred Question No. 1027 in the Rajya Sabha Shri K. R. Ganesh stated that the total outstanding amount of income-tax as on 31st March, 1971 was Rs. 490.8 crores as against Rs. 507.91 crores on 31.3.70. He added that the figures for 1971 are provisional as the final figures are not yet available. Whose figures should we take as true, that of the Auditor-General or of the hon. Minister? Shri Ganesh promises to meet this point; otherwise, we shall take it for granted that

he had deliberately misled the House and the people of this country.

SHRI PILOO MODY (Godhra) : Misled about what?

SHRI JYOTIRMOY BOSU : About the figures of arrears of taxes.

SHRI N. K. P. SALVE : What has that to do with the acquisition of immovable property?

SHRI JYOTIRMOY BOSU : Now I come to Government's failure. "Operation 'RAT' fails to enrich exchequer", I am quoting from papers. It says :

"Operation 'RAT' (Reduction of Arrears of Tax), which was launched by the Finance Ministry with much fanfare last year, has failed to fetch the Central exchequer tax outstandings running into several crores."

These paper tigers are only trying to have a lot of mane on their body ! It says :

"Further, this increase was by no means a record, as the department had recovered nearly Rs. 40 crores more between 1967-68 and 1968-69."

So, the recent recovery, this Rat business, really assumed the size of a rat. It did not really cut much ice.

What I read new will reveal the extent to which evasions are made. I quote Shri K. R. Ganesh again :

".....consequent upon Mr. Chandrasekhar's charges in Rajya Sabha in 1967-68, had yielded to the Exchequer an additional tax revenue of Rs. 30.24 crores."

This was not on Government's initiative. Shri Chandrasekhar had to reveal certain things on the floor of the House and the Government took the clue from that and acted.

SHRI PILOO MODY : He did not even get his percentage for disclosure !

SHRI JYOTIRMOY BOSU : That they will not give.

I come to the next item here. It says :

[Shri Jyotirmoy Bosu]

"Birla empire had been informed in advance about the Government's decision."

It refers to Government trying to look into the matter and catch him. What is the outcome ?

"The Hindustan Engineering and Construction Company of the Birlas had shown a profit of only Rs. 2.6 lakhs. The Government was informed that the profit was faked up and that the real profit was Rs. 72 lakhs."

That was later substantiated. A man can get a rubber seal by paying tax on Rs. 2.6 lakhs while his actual profit is Rs. 72 lakhs, just about 36 times of what he has paid if not more !

About Mundhra, the big patron of the ruling party.....*(Interruption)*.

SHRI R. V. SWAMINATHAN (Madurai) : Who is Mundhra ?

SHRI JYOTIRMOY BOSU : Haridas Mundhra.

SHRI R. V. SWAMINATHAN : He is not the patron of the ruling party.

SHRI JYOTIRMOY BOSU : Have I got to talk about Shri Subramaniam here ? I do not wish to, particularly today. The steel deal and the Steel Minister's friendships, we do not want to talk about at the moment. There are other occasions when I will tell you about that.

SHRI S. M. BANERJEE (Kanpur) : Aminchand Peareylal.

SHRI JYOTIRMOY BOSU : I know, they are the patron saints of the ruling party.

The total arrears of Shri Haridas Mundhra, as quoted in one of the most circulated papers in India, is Rs. 2,38,97,000 although the ministers from the Finance Ministry had been giving wrong and misleading figures at different forums.

In Calcutta, where the capitalists are constantly talking about labour unrest, law

and order, and where misappropriation of the money given for provident fund has been one of the highest in the country, income-tax arrears of big assesseees in Central Calcutta area amounted to Rs. 50 crores while the total arrears for the whole of West Bengal is approximately Rs. 240 crores. These big industrialists cannot be disturbed because they are helping Shrimati Gandhi in furthering her political cause in West Bengal. Therefore, they cannot be pressed for payment of money...*(Interruption)*.

If Shri Chavan is really serious, he can go in for a cost accounts audit about which I have mentioned time and time again in this House. The usual *modus operandi* or the method of evasion of big industrialists is through inflated cost of production and deflated sales revenue. That is the main head. If you really are serious about treating the disease at the very root, you go in for immediate cost account auditing and your job will be far more simplified. But my party will never think that you will ever go in for that.

Coming to the question of physical verification, an Income-Tax Officer, sitting in his office, delegating his powers and working through files and letters, seldom comes anywhere near satisfaction. There should be more provision for physical check and physical verification. There is very little departmental set up and the Income-Tax Office today is a terror for the small assesseees but it is a big joke for the big ones. Today, there is a lot of dissatisfaction amongst Income-Tax Officers in regard to distinction that exists between Class I and Class II ITOs doing the same job and have the same workload but on different terms and on different salaries.

I want to make another submission also that a worker when he gets his salary, when he gets his bonus and when he gets his other emoluments other than his salary, should not be taxed all at a time. It should be done either on quarterly or on monthly basis.

Then, I come to the question of back money. Black money has been responsible for stagnation in industrial growth for the

simple reason that the industrialists are not revealing their true profits and the true profits are being siphoned out to the second line of currency circulation, namely, black money. As a result, the white money sources in the books of accounts are getting dried up. That is the reason why the industrial growth stagnation has come about. As has been pointed out this morning, the spiralling rise in prices in daily items and the cost of living are also due to the predominance of black money in circulation which is collected out of evaded money.

This is what Mr. Chavan is stated to have said that there is more black money than white money in the country. Mr. Chavan, the Finance Minister, speaking at a meeting of the Congress Parliamentary Party's Executive Committee is reported to have said, "A parallel economy of unaccounted money now exists" and that black money was being added every minute. What are you doing about it, Mr. Chavan ?

There is a currency circulation of about Rs. 2,450 crores. But you will be surprised to hear that black money is almost near-about that amount because the whole amount is not in cash and cash is converted into kind, like, precious stones, jewels and many other things.

We have seen that political factional fights within the ruling party have revealed certain things. I have a clipping here which says, "MP in black money racket". It says :

"A series of raids by Income-tax officials for black money in Andhra Pradesh launched on the eve of the Chief Minister, Mr. Brahmananda Reddy, agreeing to step down from power, is still going on and the latest victims are two Members of Parliament."

I do not want to mention the name here. It further says :

"...was elected to the Lok Sabha on the Congress (N) ticket during the snap poll and is one of the top industrialists of the State. He is director of a number of concerns including banks,"

Because of serious factional fights within the ruling party, these things have come to light. Otherwise, you would have never seen these things happening before you.

These safe deposit vaults and lockers are another menace. You have been talking about having some sort of control on the lockers. But so far you have done nothing and the lockers are now holding more black money, more undesirable currency, than anywhere else. I do not know what you want to do about it. I would like to hear from you today as to what you propose to do.

SHRI S. M. BANERJEE : He is going to unlock it.

SHRI JYOTIRMOY BOSU : About this racket of converting black money into white, I have here a very interesting press clipping. Official sources said that the prize-winning raffle tickets for several lakhs of rupees were seized from the custody of the agents. It has become a common practice, and also if you make a trip to the apple-growing areas of the north like Kulu and Kashmir and other places, you will see that big industrialists who have no interest in horticulture are investing money by the millions because that has become a beautiful and convenient machinery for converting black money into white.

There are other menaces too. What can we do ? The black money had been the saviour of certain political parties, particularly, the ruling party. During the last election they had to collect Rs. 50 to 60 crores and who would give them white money ?

SHRI A. K. M. ISHAQUE (Basirhat) : Mr. Jyotirmoy Bosu, start writing fairy tales. That will give you more money...(Interruptions)

SHRI PILOO MODY : They won the elections without spending any money.

SHRI JYOTIRMOY BOSU : This discovery of Rs. 50 lakhs from the State Bank's strong room—Mr. Nagarwala case, should act as an eye-opener as to where the money comes from. Who is the controlling authority

[Shri Jyotirmoy Bosu]

of the State Bank ? Let Mr. Chavan speak the truth. Where did the money come from ? Who were the people who had to receive that money ? How was that money accounted for in the books of the bank ? How was it going to be disposed of ? These are the things we want to know.

Another greatest evil is the menace of over-invoicing and under-invoicing. A committee headed by Mr. M. G. Kaul has given a report and in the morning I have alleged that they have deliberately tried to underplay the magnitude of the menace with a certain motive—I am sorry to say this. They have said that under-invoicing and over-invoicing is not so much, it is perhaps of the order of Rs. 60-80 crores. But the Administrative Reforms Commission panel has said in so many words that over-invoicing and under-invoicing is to the tune of Rs. 200 crores. But if I have any conviction based on experience, I have seen with my own eyes that under-invoicing and over-invoicing runs to Rs. 300-400 crores a year.

AN HON. MEMBER : What is your experience ?

SHRI JYOTIRMOY BOSU : I have 14 photostat copies of correspondence between British firms and their mother firms in Europe. These should also be with the Ministry of Finance. I can name the persons who have got it.

SHRI PILOO MODY : They collected from all of them ?

SHRI A. K. M. ISHAQUE : You produce the photostat copies after the House adjourns.

SHRI JYOTIRMOY BOSU : I can give it to him again tomorrow if he wants.

SHRI YESHWANTRAO CHAVAN : It is not a question of my wanting. If you want, you can give...*(Interruptions)*.

SHRI JYOTIRMOY BOSU : The Public Accounts Committee of the Fourth Lok Sabha says in its 56th report—it was headed by Mr. Minoo Masani, not a CPM man. What does he say ?

“An idea of the extent of over-valuation can be had from the fact that the imported raw hide and skin, both cleared and uncleared, the value of which was estimated at Rs. 1,35,000 was in fact invoiced at Rs. 1,54,32,438.”

Do you know how much it works out to ? 14,900%. Inflation was done to the extent of 14,900%.

I come to another paragraph.

Then the Committee says :

“The Committee got an impression during evidence that hardly any check was exercised against over-invoicing at the licensing stage. Even though there was a provision for indication of the quantity in the import licence, no such indication was given in the case of non-capital goods. Nor was there any check at the foreign exchange releasing stage.”

So, Mr. Chavan, this is what it is. Then it says :

“The Committee are concerned over the performance of the Customs Department in these cases. It appears to them surprising that the appraising staff of the Department, who were supposed to keep in constant touch with the market and maintain registers showing the prices of commodities coming from various sources, should not have been able to detect these cases, overinvoicing in some of which was as high as 228 times the assessed values. It was urged in evidence that the appraising staff at minor ports was not high-ranking enough...”

—All bogus things.

Then it says :

"The Committee are pained to observe that at a time when this country was facing a serious shortage of foreign exchange, the Ministry of Commerce should have issued licences worth crores of rupees for the import of raw hides and skins to persons who were not interested in importing these materials. As pointed out by the representative of the Central Bureau of Investigation in evidence, the licencees had perhaps enough materials of their own, with the result that most of them sold their import entitlements at a paltry commission of 2 to 3% and some of them even surrendered their entitlements. This shows how wrong the Export Promotion Council had been in their assessment of the need for imports of these materials."

This only shows that the people behind all these were very rich and influential persons. I am only quoting from the Committee's report. They get away after doing all these things.

SHRI N.K.P. SALVE : But what happens to the Bill ? Do you support it ?

SHRI JYOTIRMOY BOSU : I have already said that my party will support any measure that will bring more taxes to the Exchequer.

SHRI N. K. P. SALVE : That is philosophy. But, in terms of concrete action, do you support the enactment ?

SHRI JYOTIRMOY BOSU : May I take it that you are a person without a philosophy in life ? I did not know that my colleague had no philosophy in life.

I had been to London recently. I would like to tell about one interesting thing. I know the way tea transactions are sold and bought. I was once assistant there in the fifties. In those days we could not finish the transaction in Mincing Lane for 1 $\frac{1}{2}$ days. Today the whole catalogue is over in half an hour. This is the position. Why should this be so ? I request Mr. Chavan to kindly enquire into this. Several crores of rupees

worth of taxes are evaded. This is being done to hoodwink the people at the Foreign Exchange counters. This is being done to hoodwink the sales tax people in this country, to hoodwink the workers who are working hard in the plantations. They are selling tea under forward contracts, they sell tea on water so that it does not pass through the auction. All these things are happening and this is a thing where I request Mr. Chavan to make enquiries and see what is happening.

These over-invoicing and under-invoicing transactions run into several crores. For the last 6 years we have been pointing this out to the Government, but they are complacent about it and they don't move an inch in this matter. It is because they don't want to annoy their foreign monopolists. Again, I would ask my hon. friend why they behaved so leniently in the BOAC gold smuggling case. They did so because they had no alternative. They received such great pressure from Whitehall that they had to do so. Again, what did they do in the case of Bird & Co. ? Mountbatten came here and pressurised them and they developed cold feet and they would not dare to touch them. They may talk about a small assessee making Rs. 30,000 a year and harass him, but they dare not touch these big assesses. But I say that we shall always be with them whenever they make an attempt to collect more revenue for the exchequer. In fact we had supported them when they nationalised the banks; again, we had supported them also when they nationalised general insurance. But what has been the outcome ? If this Bill really means collection of more tax and more tax money for the people, then my party will be with them.

SHRI DINESH CHANDRA GOSWAMI: (Gauhati) : Tax arrears and black money have been the two gigantic problems that we are facing today on the economic front of the country. In fact, the entire economic complex of this country can be changed and almost the entire deficit in the budget can be bridged, if we can find out effective ways and means to collect these tax arrears and stop the foul play of the thousands of crores of black money. Therefore, any measure which

[Shri Dinesh Chandra Goswami]

will try to achieve these twin objectives will undoubtedly get the support of all the Members of the House and also the people outside in the country. But I am in agreement with the previous speakers that the Bill in the form in which it has been brought forward before this House will not be able to achieve these two twin objectives. We have complete support for the objectives, but the measures suggested in the Bill suffer from various lacunae to which attention has already been drawn by Shri Sezhiyan and also Shri N. K. P. Salve.

Apart from those legal niceties, I have also my personal doubts as to whether certain provisions of this Bill would be able to stand the test of articles 19 and 14 of the Constitution. Further I feel that the complex procedure laid down in the Bill for the acquisition of properties will leave no benefit but will only mean a further drain of the State revenue and overburdening of the two departments. Firstly, how out of the hundreds of the transfers that take place every day the income-tax authorities or the officers of the Income-tax Department will determine whether a person has sold the property at a lesser value with the intentions as has been mentioned in the provisions of sec. 269 (c) of the Bill. Assuming that the authority detects such a case, under the said provision objections shall have to be called and there will be objections, and then there will be a hearing, and then after completion of these formalities there will be an order. All this will take a sufficient amount of time. Then there is the provision of appeal to the Board. By that time, the party may go to the High Court and the Supreme Court. During this period, certain improvements may have been made or certain deteriorations may have occurred to the property. These again will have to be determined with a view to fixing the quantum to be allowed for the improvements or for depreciation. If there is no agreement on this, again the matter will have to go to a civil court. We know how the civil courts function in this country, and it will take about ten years. So, the case will involve a lot of litigation and hardly one case will be disposed of within twenty years. Therefore, I think that the objectives will be

frustrated. Rather, it would mean overburdening the Income-tax Department and also a further drain on the national resources.

We cannot also forget the fact that the income-tax authorities have not been able to show the desired efficiency in the collection of revenues. The tax arrears are mounting up. For instance, in 1960-61, the amount payable was Rs. 242.2 crores, and the amount collected was Rs. 167.4 crores, which reflected only 63.8 per cent of the demand. But this has gone down in 1966-67 to 58.9 per cent. Therefore, while we are all in favour of the basic objectives with which this Bill has been brought forward before this House, personally I feel that this Bill will not be able to achieve the purpose in view. I am in complete agreement with the previous speakers that an amending Bill or a new Bill should not be brought forward frequently in the case of tax statutes, if they will not be able to achieve the purposes for which they are brought forward. So, I feel that the Finance Minister may have a second look at the entire thing, so that after two years he may not have to come back and say that he has not been able to achieve the objective in view, because that will not help us in any manner.

In this context, I would like to refer to two other aspects which though not strictly relevant to this Bill do require consideration. To have an effective machinery of income tax, we should have a set of contented officers. But as has been pointed out by Shri Jyotirmoy Bosu, an artificial creation of Income Tax Officers class I and class II has led to a lot of resentment and discontentment in the country. I hold no brief for any officers but at the same time officers doing the same type of work should not be artificially classified separately. The old Income Tax Act of 1922 as well as the present one does not differentiate between ITOs class I and class II. In actual practice also, there is no distinction between these two classes of officers so far as allocation of their duties is concerned. In assessing their work, the standard applied by the

CBR is identical. The Government of India also had affirmed in an affidavit in connection with a writ petition, in the Supreme Court, No. 5 of 1966, that in the Income Tax Department, the functions and responsibilities of the Class I and Class II Income-tax Officers are the same. Considering all these aspects, the Chairman of the Central Board of Direct Taxes in a note appended before the Public Accounts Committee, in the 29th Report of the Public Accounts Committee, on 29-4-68 observed that 'to improve the conditions of service of the officers and to combat the temptation to leave the department, the class II services of ITO should be abolished.' Government intimated the PAC on 4-1-69 that they would examine this suggestion made in the 29th report and would take suitable action thereon. but unfortunately, nothing has been done so far. In fact, the then Finance Minister, Shri Morarji Desai, had also assured the Income Tax Officers in 1968 that he was trying to abolish the distinction.

My submission is that this type of creation of artificial barriers between officers doing identical work should go so that each officer know where he stands. It is also unfortunate that today there are no comprehensive statutory rules which actually regulate either the appointment or promotion or other conditions of service of ITOs. There are certain administrative rules which have become obsolete. To gear up the administrative machinery, a set of comprehensive statutory rules should be framed as early as possible.

The other aspect to which I want to draw the attention of Finance Minister concerns tax incentives. There has been so much talk of black money and arrears of tax. One of the reasons of successful evasion on both these matters is that today all industries are located only in certain places. The prime need of the country at the present juncture is decentralisation of industrial complex to correct regional imbalances. Can we not at this stage formulate the tax policy to help in diverting the industries so as to rectify regional imbalance? I do not know whether it will find favour, but it may be that we can try to

have a tax incentive for starting industries where there is no industrial atmosphere today. Take for example the State from which I come. There are so many difficulties there due to which industrialists are not keen to open industries there. It is obvious that for a successful industrial complex, certain basic amenities like transport, water, electricity, housing, technical facilities are required but those are missing in my State, for which an industrialist is not keen to have a new venture. A tax holiday or tax incentive may act as a fillip to the establishment of industries in such places.

This type of tax incentive will not be a measure new in this country alone. It has been tried in different countries like Argentina, Brazil, Canada, Iran and Italy with success. I would request the Finance Minister to consider whether this sort of incentive can be given a trial in industrially backward areas. One such tax incentive now is offered in the tribal areas of Assam by exempting persons belonging to scheduled tribes from payment of taxes. Obviously the purpose of this measure is to create a healthy economic climate in backward areas, but it has not in my humble opinion, been achieved. What has happened is that people who are affluent nowadays take all the contracts or do the business in the name of the scheduled tribes with the result that all the money goes into their pockets and they have not to pay any tax. The measure was undoubtedly not intended to provide benefit to such unscrupulous persons.

Instead of that if we try to give tax incentives for the purpose of building new industry, that will probably reap more benefits from the economic point of view. So, I request the Finance Minister to reconsider the whole Bill in view of the various arguments put forward by the previous speakers also and consider seriously removing the artificial barrier between two classes of officers and also the provision about tax incentives.

SHRI VIRENDRA AGARWAL
(Moradabad) : The objective of the Government in bringing forward this Bill

[Shri Virendra Agarwal]

may be good but if this Bill is approved in the present form in my opinion it would benefit neither the Government nor the honest assessee, nor will it serve the larger objective of social justice. Personally I hold the view that a Bill of this nature should be considered by a select committee so that all the pros and cons could be analysed.

Every year when the Finance Minister presents the budget, he talks in terms of simplification and rationalisation of the tax structure. And during the last decade more than 600 amendments have been brought forward to the income-tax laws; all meant to simplify the fiscal policy. But the tax laws have been made more complicated and cumbersome and have become difficult to implement. Therefore the Government should consider whether they could stop amending the taxation laws so often as they have been doing till now.

This particular Bill gives great scope for corruption. The Valuation officer has been granted sweeping powers which are likely to be misused; they will tempt him to go corrupt, and will also induce the honest assessee to hoodwink the Government. Therefore, I suggest that a select Committee be asked to consider the proposition that the immovable property in question should be auctioned straightway under the supervision of some competent judicial authority. Is that case there would be no question of determination of market value by the valuation officer. The valuation officer as designed in this Bill will lead to so much corruption that in the whole process of taxation only the honest assessee would in the end suffer. Therefore, while supporting the objectives of the Bill, I suggest that the Bill be considered by a Select Committee in detail.

SHRI K. BALATHANDAYUTHAM (Coimbatore): This Bill, which comes in pursuance of an assurance given by the Finance Minister during the Budget speech that he would take the deceptionists at their word and pay the value for which the document was registered is, according to us, a mere eye-wash in the context of the magni-

tude of the problem of black money and the extent of evasion in our country.

15'44 hrs.

[SHRI SEZHIAN in the Chair]

Their complacency was understandable some time back but in the context of today when they are declaring day-in and day-out a situation of national emergency, this is mere tinkering with the problem.

The speakers before me have enumerated the forms that black money takes. It is in currency, It is in movable property, it is in immovable property. Its extent also has been to an extent sized up by the Government. This Bill wants to deal with transfers. It is one more addition, as the previous speakers have pointed out, to this jungle of rules and regulations and laws. The bigger the jungle the more scope for escape, the more scope for hiding oneself and the more scope for lawyers to interpret the law and find more loopholes. I can at the very outset on behalf of my party say on the basis of our experience that this Bill is not going to lead to the capture of any single transfer, on the other hand it is creating new scope for corruption. The so-called valuers are going to reap a harvest in the name of this Law, but the exchequer is not going to benefit because it is a half-hearted measure.

If the Government is earnest, it must have exhibited its earnestness in one form or another. With regard to black money in currency which, according to many are in thousands of crores, we have been suggesting every time demonetisation. Even if you do not gain anything, what do you lose? But they cannot contemplate it. Black money made in a hundred ways is preserved in a thousand ways and here is an attempt of dealing with transfers in a very half-hearted manner. I thought the conception of compensation had changed with the 25th Amendment of the Constitution brought in this House, I thought you were not going to pay the market value but if necessary something so that there is no hardship to the person concerned, but here is a

person who has defrauded the exchequer and evaded taxes but you want to pay compensation at the value registered in the documents, and you are going to pay a solatium of 15 per cent. So, the whole approach in bringing the Bill seems to be to explain away saying that the Government has done all that it can, that there is enough legislation on the statute book. As the Finance Minister said in the morning, there is nothing wrong in the law. As the Railway Minister said, they have rules that the saloon should not be attached to express trains, but he can only talk about rules and not about what is happening. Similarly, the Finance Minister also can talk only about rules. The rule is that if there is a difference in value between the apparent consideration and the fair market value, the property will be acquired, but what happens will be a different matter. That is why I say this is an eyewash.

Even in a time of emergency when the rear has to be strengthened, when the co-operation of the entire people has to be won over by the Government, they resort to indirect taxation by ordinances, but when you come to dealing with evasion of taxation, you have got evasive Bills. Mr. Salve has pointed out all the loopholes in the very drafting of the Bill, but it is not accidental. I do not believe that our Secretariat is so inefficient that they can be caught by Mr. Salve. There must be strong links that operate that make the Secretariat inefficient, make the Ministry incapable of dealing with evasion by the big sharks. They become very capable when it is a question of indirect taxation by ordinances. So, I am not prepared to walk into their net and start giving suggestions in the clause-by-clause consideration when the whole approach is merely to satisfy their conscience that they have brought a Bill.

You have brought a Bill and passed it. But what is going to happen? You are not serious at all. I have come across a case where there was a raid in the house of a big shark in my State and 19 officers were beaten up. The police came to their help, but the next day, the police were questioned as to why they exceeded their jurisdiction by walking into another area. The double account seized by the 19 officers who were in the hospital were taken back and handed over

to the shark. When we intervened, they said, "It is beyond us. The pressure is from above, at the all-India level. At the State level, we cannot do anything. He has all-India pull." There is another case of an excise officer who gave clues which led to the discovery of 63 sharks who were evading taxes and keeping crores of black money. All the offences were proved, but the fellow who gave the clue instead of being rewarded, was blacklisted. All our efforts to get him at least removed from the black-list failed, in spite of ministerial intervention.

In another case, a habitual offender against property broke into the house of a cine artist in Bombay and looted jewels, etc. All that property was seized by the police. Some admirers of the cine artiste caught hold of him and brought him to the court. That fellow, who unearthed so much of concealed jewels and diamonds was not rewarded. I think only after that, the ministry thought of providing safe deposit vaults to protect the big sharks from such habitual offenders, who alone will be able to unearth the concealed wealth of such big-sharks.

In view of this past experience, we feel this Bill is just an eye-wash. The sharks do not understand anything except confiscation and jail sentences. If you are serious about implementing it, you should put one of the big sharks behind the bars. Pandit Nehru spoke of hanging them from the nearest lamp-post in the streets. The provision should not only be exemplary but it should put the fear of God into them and make them realise that the Government is serious. Otherwise, nothing will happen. You are going to have valuers and after that a solatium! About penalty, it is six months' imprisonment or fine. I would like to delete the fine. When I proposed it to a group of lawyers, they said then the courts will always acquit them, because the courts cannot imagine such eminent people being put into jail!

If I am the officer in charge and if I unearth a lot of concealed money, when he offers officers a part of it to me, why should I go ahead with the prosecution and try to convict him? But if I am an honest man and if I do

[Shri Balathandayutham]

not yield to the temptation of accepting a share of the concealed wealth, I take him to the court, but he is simply fined. For the first offence, he is acquitted. For the second offence, he is fined. So, this is not going to deter them. I thought this Bill would act as a deterrent and reduce such offences. But the Bill is so wishy-washy, so inadequate and so scrappy. You are just trying to create the impression that you are up against evaders trying to save your conscience. If the Minister agrees to refer the Bill to a Select Committee, I appeal to him not to confine it to transfer of immovable properties alone.

You should take into account all forms of concealment, all forms of black money and have a Bill to simplify the whole Income-tax Act. You should seriously see to it that you are able to get what is legitimately due to the exchequer. Otherwise, I warn you, you are going to face a very serious economic crisis the like of which you have not faced so far. I want you to bear in mind what Ceylon has passed through. Ceylon, inspite of having a progressive government, had to go through a very trying period. So, I want you to learn a lesson from that and take drastic steps, if necessary, even nationalisation or confiscation and failing people for the offences mentioned in this Bill. The punishment should be made more deterrent. If you are really serious, you should bring forward a legislation which will deliver the goods.

SHRI PILOO MODY (Godhra) : Mr. Chairman, I would like to congratulate the Finance Minister and the Government that after talking about this subject for the last twenty years they have at least buckled down to doing something about tax evasion. But, unfortunately, their present attempt, as you have heard the last speaker say, is as futile as their past attempts and I sometimes wonder whether there is any seriousness of purpose behind arming the government with all the powers that it continues to arm itself with year after year. If you were to read the massive legislation that this government has produced, I think you will find that nobody

in his right senses, not even a genius, not even a computer would be able to define clearly the area of honesty and the area of dishonesty. My charge against this government has been that during all these years it has not produced any legislation that protects the honest man against the tyranny of the government. They have produced laws which will ultimately share a few modest small people and all the big fish always manage to find their way out of the net cast by this government.

They talk about market value. Have you defined at any time what the market value of a property is? You are about to make legislation which puts every single property under the purview of your department and yet you have not defined what the market value is at any time. I think the citizen of this country has a right to know what the actual market value is and it should not be left to some officer, some Engineer in the PWD or some valuer in the Income-tax Department, who will arbitrarily decide what the value of the property is. I do not want to go into the details of this particular problem, but I hold very strong views on this and I hope I will have an opportunity of passing them on to the hon. Minister in the Select Committee.

15-59 hrs.

[MR. SPEAKER in the Chair]

There is also a vast area of discretion which is discriminatory to an honest man; discretion is there at every stage. The income-tax department arbitrarily catches hold of an innocent man.

MR. SPEAKER : May I request the hon. Member...

SHRI PILOO MODY : There are yet two minutes to four and I can finish today.

MR. SPEAKER : Would he like to finish his speech today or continue tomorrow?

SHRI PILOO MODY : All right. I will finish it tomorrow.

MR. SPEAKER : Then, what about those two minutes ?

SHRI PILOO MODY : Overnight time always multiplies. I have left the option to you and you have allowed me to continue tomorrow.

16:00 hrs.

MOTION RE. FAILURE OF DELHI
POLICE TO PREVENT VIOLENCE
AT 7, JANTAR MANTAR ROAD
AND INCIDENTS CONNec-
TED THEREWITH

MR. SPEAKER : We will now take up item 11 fixed for 4 o'clock.

SHRI NARSINGH NARAIN PANDEY (Gorakhpur) : I rise on a point of order and I want your ruling on it.

MR. SPEAKER : This is in the name of Shri Shyamnandan Mishra and Shri Morarji Desai.

SHRI S. M. BANERJEE (Kanpur) : May I seek a clarification from you ? Suddenly an addendum to the Revised List of Business has been circulated saying,—

“ Item 11

after ‘SHRI SHYAMNANDAN MISHRA’

add “SHRI MORARJI R. DESAI” ”

This was not circulated this morning. The name has suddenly come up. Therefore, will you allow that my name also be added to the discussion tomorrow ? I know, when Shri Dange, who was the leader of our group then, wanted to start the Pay Commission discussion, you gave the ruling that Banerjee should start it. I have every respect for Shri Morarji Desai. Let him speak. But if it is a mistake on the part of the office...(Interruption).

MR. SPEAKER : It is not a mistake on the part of the office. They had applied later

that this motion was in the name of both of them. So, this name was added later on, afterwards. But only one of them will be allowed, not both of them.

SHRI S. M. BANERJEE : I know it. But Shri Shyamnandan Mishra might move it for a minute and then Shri Morarji Desai may speak. We do not mind that. But this will be a dangerous thing. Supposing, I know of a calling-attention notice being admitted at 10:30 today, which I have not tabled, I can send my name for inclusion.

MR. SPEAKER : This motion is under rule 184. The procedure for calling-attention is entirely different from that under rule 184. Under rule 184 they gave another name. We bracketed it. But only one of them can place it before the House.

SHRI S. M. BANERJEE : Tomorrow there is a motion on West Bengal by Shri Jyotirmoy Bosu and Shri Samar Mukherjee. They belong to the same party. Shri Jyotirmoy Bosu might drop out and ask Shri Samar Mukherjee to speak. I can understand it. But there was only one signatory to this motion, Shri Shyamnandan Mishra.

SHRI SURENDRA MOHANTY (Kendrapara) : On a point of order, Sir. Can there be any ruling on a hypothetical matter ?

SHRI S. M. BANERJEE : I really pity his intelligence. He says, it is hypothetical. It is on the agenda. They gave only one name. Even on today's order paper it says, “Shri Shyamnandan Mishra to move the following”. Suddenly we find that Shri Morarjee Desai's name has been added to it. I do not mind; let Shri Morarji Desai speak, but let Shri Shyamnandan Mishra initiate the debate. There were no two names on the motion. It has been added afterwards. It is an afterthought. I can challenge. If you have allowed it, I bow to your ruling. But it will set a bad example. Tomorrow, I may claim the same thing.

SHRI M. KALYANASUNDARAM : The Speaker has the power to prepare the Order Paper. In this case, the Order Paper

[Shri M. Kalyanasuandaram]

has been prepared and circulated to Members. Then, it becomes the property of the House. Even the Speaker on his own direction cannot amend the Order Paper without the consent of the House.

SHRI R. S. PANDEY (Rajnandgaon) : Both are national leaders. It does not matter whether he speaks or Mr. Morarji Desai speaks. It does not make any difference. Both are national leaders; both belong to Congress (O).

SHRI PILOO MODY (Godhra) : I do not think the same applies to Mr. Pandey. It makes a lot of difference whether he speaks or his leader speaks.

MR. SPEAKER : If he is a Member of the same party and his name is substituted by another name...

SHRI S. M. BANERJEE : It can never be done. It has never been done in the history of Parliament. You quote even one instance and I will bow to your ruling. It has never been done. Let us make the rule; I am for it. Tomorrow, I will also say that my name may be substituted by another name.

MR. SPEAKER : The Rules Committee will examine.

SHRI ATAL BIHARI VAJPAYEE (Gwalior) : Let the Rules Committee examine it. But let us begin the debate.

SHRI INDRAJIT GUPTA (Alipore) : We are only suggesting that it should not be made a precedent. If you have agreed to make it a practice, then we will also follow it.

SHRI NARSINGH NARAIN PANDEY : On a point of order, Sir.

MR. SPEAKER : I know you are entrusted with certain duty.

SHRI NARSINGH NARAIN PANDEY : I am not entrusted with any duty. This is

my duty as a Member of Parliament. I want to raise a point of order.

MR. SPEAKER : On behalf of the party, you are performing some duty. I know it.

I think, there is a valid point. I allow him but later on I will send it to the Rules Committee to examine it.

SHRI S. M. BANERJEE : One thing can be done. Let Mr. Shyamnandan Mishra say, "Mr. Speaker, Sir,....." and then Mr. Morarji Desai continue it.

MR. SPEAKER : The more I part with my discretion, the more he is emphatic. I am referring it to the Rules Committee. Shri Morarji Desai.

SHRI NARSINGH NARAIN PANDEY : On a point of order, Sir.

My point of order is that the matter is *sub judice*. It is in the Magistrate's court and both parties have been served with notices under Section 145. Now, you are going to debate a Motion under Rule 184 and it says, "...and incidents connected therewith."

It means that it is not only connected with the law and order position but it also concerns with 7, Jantar Mantar Road, and what has taken place there, all these things, will be debated. I want your clear ruling on it. The matter is *sub judice* under Section 145 and both parties have been served with notices. This Motion cannot be discussed. I want your ruling on it.

SHRI VIKRAM MAHAJAN (Kangra) : This Motion cannot be discussed under Rule 186. It says :

"In order that a motion may be admissible it shall satisfy the following conditions, namely :

× × × ×

(viii) it shall not relate to any matter which is under adjudication by a court of law having jurisdiction in any part of India,"

So I support my friend that this motion cannot be discussed in this House because before the Magistrate the same matter is being adjudicated upon and this is the latest order which has been passed by the Magistrate on the application of Mr. Manubhai Patel...*(Interruptions)*.

SHRI SURENDRA MOHANTY (Kendrapara) : Is it a certified copy ? *(Interruptions)* You must get a certified copy.

SHRI VIKRAM MAHAJAN : This is a UNI news item also. I am reading from the news agency report. In this House newspapers are being read. Therefore, I am entitled to quote a news agency report.

MR. SPEAKER : Mr. Mohanty, don't do it.

SHRI VIKRAM MAHAJAN : The news report reads as follows :

"The Opposition Congress General Secretary, Manubhai Patel, to-day filed an application in the court of Sub-Divisional Magistrate, A. G. Cutting, praying that the premises at 7, Jantar Mantar Road, here be attached under Sec. 145 Cr P. C.

Mr. P. N. Lekhi, Counsel for Mr. Patel, said in view of the situation at the Jantar Mantar Road office which was taken by the Ruling Congress, the court should, in the interest of maintaining peace, order that the premises be sealed and attached.

Mr. Cutting asked the Police to make an on-the-spot enquiry and report by Wednesday."

What I submit is that this is under consideration of the court. Therefore, this motion should not be discussed.

SHRI A. K. SEN (Calcutta—North-West) : It shall not relate to any matter.

SHRI N. K. P. SALVE (Betul) : The word used is 'related'.

SHRI A. K. SEN : If I may say, Sir, it says that it shall not relate to any matter which is under adjudication. So, the word 'relation' has a very wide implication. So long as the matter relates to any matter which is under adjudication, as a matter of decency and decorum and convention. *(Interruptions)*.

SHRI PILOO MODY : A most unfortunate choice of words.

SHRI ATAL BIHARI VAJPAYEE : We are going to discuss the failure of the Police.

अध्यक्ष महोदय : वाजपेयी जी, अगर आप ही इस तरह से बोलेंगे तो मैं और किम को कह सकता हूँ ।

SHRI PILOO MODY : You must not expect a better behaviour from them.

SHRI K. MANOHARAN (Madras North) : The Congress Party should not become the Swatantra Party. Yesterday we have decided that there will be a discussion. Now among themselves there is a quarrel. What is it ?

MR. SPEAKER : When the motion came up yesterday, it was entirely in a different from and not that motion. It mentioned about forcible occupation, this and that. Last evening when we had a Leaders' Meeting, we discussed in the presence of all of them—West Bengal and the present one. Of course the Minister of Parliamentary Affairs and other Ministers were also present. I personally had this view that so far as occupation, forcible occupation and all that, that is already pending before the court. But, there are two sides to this question.

SHRI PILOO MODY : Like decency and decorum.

MR. SPEAKER : I read the report... *(Interruptions)*. If you want to speak, I can sit down.

I read the report of the Presiding Officers' Committee that was appointed sometime back. They examined this issue in detail, especially the matters partly *sub-judice* and partly not *sub-judice*. And in this matter, so

[Mr. Speaker]

far as the forcible occupation and title of the Jantar-Mantar building is concerned, nobody knows anything about it, and why this name is there for that building. We do not know. I have been in the Congress since the last 35 years; I learnt it only today that Jantar-Mantar has got something to do with this building.

SHRI AMRIT NAHATA (Barmer) :
Choo Mantir also.

MR. SPEAKER : I hope it has nothing to do with shoes that you wear. So I allowed it; they amended it. Shri Mishra was good enough to delete that part, forcible occupation and all that and he agreed to discuss only the role of the Police. Therefore, you have to be clear about it. If you want to, discuss about the merits of the occupation which is already in judicial determination, it is very difficult for the Speaker to allow it. This was agreed upon last night and all of us agreed to bring it in the House and I hope you will have a clear-cut idea about the demarcation. Thank you. (*Interruptions*).

Mr. Banerjee, I would request you not to be agitated about it. You will have enough time about it.

SHRI PILOO MODY : I think he was also there, Sir.

MR. SPEAKER : I would request Shri Morarji Desai to come to the front benches.

SHRI MORARJI DESAI (Surat) : I can speak from here.

MR. SPEAKER : It is up to you but we would have been very happy if you can come here. (*Interruptions*).

SHRI MORARJI DESAI : Mr. Speaker, Sir, I move the following motion :

“That this House deplores the failure of the Delhi Police to prevent violence and assault on the Congress (O) President Shri Sadiq Ali and some Members of

Parliament on the 13th and 14th November, 1971 at 7, Jantar-Mantar Road, New Delhi and incidents connected therewith.”

Sir, I know that there is a *sub-judice* matter involved in this particular motion also and I shall try to keep clear of it and see that is not prejudiced. But I have to relate the facts of the case as they have taken place, without going into my controversy about it.

The Supreme Court decided an appeal on the symbol case on the 11th of this month. While deciding in favour of the ruling party and giving them the symbol, the Supreme Court specifically stated that this does not in any way decide the matter of property rights of the parties, and the symbol is not property; the question of property will have to be decided by the Civil Courts. It has been specifically stated by the Supreme Court. And yet on the 13th, the president of the Congress (Organisation) who was sitting in one of the rooms on the first floor was bodily removed from there.

SOME HON. MEMBERS : Shame shame !

SHRI MORARJI DESAI : ...by men and women belonging to the ruling party led by Shri Chandrajit Yadav, by Shri Shankar Dayal Sharma, by a Deputy Minister of the Government and Shri Yashpal Kapoor who has been working for several years as the secretary of the Prime Minister and who was the chief election agent also of the Prime Minister in the last election. Then, he was put out in portico from the upper floor, bodily lifted and taken there. The police were there but they took no action. If the police had not been there, it would have been a different matter. We did not do anything because we believe in the rule of law and not in the rule of the jungle, and it is, therefore, that even though the police did not take any action at that time when they were present and the president was taken out of the building, and two others also, the

president went on an indefinite fast as a protest. He is in one of the rooms of that building, which is occupied by the office secretary of the Congress (Organisation). Fortunately, nothing was done there and he is still there alive.

AN HON. MEMBER : They may be killed also. That is also there.

SHRI MORARJI DESAI : If this can happen, that will also happen in the future, I am quite sure, and the speakers will not be immune from it also; they also might have the same fate.

श्री शशि भूषण (दक्षिण दिल्ली) : यह सही नहीं है ।

SHRI MORARJI DESAI : This is how my hon. friends behave inside and outside, and this was how they behaved there. After that...

SHRI NARSINGH NARAIN PANDEY : This is how the hon. Member is behaving in the House. Let him try to understand what his position is. I can shout more than the hon. Member. I am not saying anything without authority. May I know in what capacity he is speaking ? I am not here to be bullied by him in this way. (*Interruptions*).

MR. SPEAKER : Let him not lose his temper. After all, they are all in this House as hon. Members.

SHRI MORARJI DESAI : May I request my hon. friends from the opposite side to hear patiently and then say whatever they have to say ? It is a very serious matter.

I am not trying here to raise the question of property so that it may be decided by this House. I am only raising the question of the rule of law. This is fundamental to democracy, and it is guaranteed by our Constitution.

SHRI NARSINGH NARAIN PANDEY : The judicial judgment is there. Let him kindly try to honour it.

SHRI MORARJI DESAI : The judicial judgment states specifically that it has got to be decided by civil courts and not by force.

Then, on the 14th again, they would not allow our people, that is, the police would not allow our people, at the instance of the members of the ruling party, to go into the compound whereas others were allowed all the while. And at that time, when some of our prominent members were sitting there in the portico as a protest and to assert our rights, they were manhandled.

Shri Gurupadaswamy, Leader of the Opposition in the Rajya Sabha, was severely beaten as he was sitting in front of the portico and was thrown down.

SHRI NARSINGH NARAIN PANDEY : This is all white lie.

SHRI MORARJI DESAI : This happened in the presence of so many witnesses. It was not one man only. Then Shri Mahavir Tyagi, who is a veteran Congressman and a leader of great standing...

SHRI VAYALAR RAVI (Chirayinkil) : On a point of order. When he refers to the Congress Organisation, which organisation does he mean ? He should say 'Congress (Organisation).' The Organisation must be in brackets.

SHRI PILOO MODY : He should know that the Congress (I) means her and not him.

THE MINISTER OF EDUCATION AND SOCIAL WELFARE AND MINISTER OF DEPARTMENT OF CULTURE (SHRI SIDDHARTHA SHANKAR RAY) : And the Swatantra Party does not mean Pilo Mody.

SHRI MORARJI DESAI : Shri Tyagi was beaten and he fell down and was hurt. Shrimati Sucheta Kripalani, another person of great standing in the public life of this country, who was also a Chief Minister of UP, was also pushed down and she fell on her face and was injured. Then others were

[Shri Morarji Desai]

not allowed to come in afterwards by the police at the instance of these men who became the lords and masters there. Even Shri Kripalani was not allowed to go and see his wife. Only when later in the night on the 14th he brought this to their notice that his wife was there that he was allowed. People were not allowed to go to the room where Shri Sadiq Ali has been fasting to enquire about him. The worst of it was that his wife who had gone out to bring his clothes from his home with the permission of the police was not allowed to re-enter. It would be very pertinent to see what she has stated in this matter in a letter which has appeared in the press. That will explain the facts without my having to comment on anything.

"Sir, November 14, Jawaharlal Nehru's birthday, is a very special day in the lives of many of us. My husband and I in particular recollect the affectionate concern and personal interest he evinced in helping us, specially to overcome the insurmountable difficulties we faced in our marriage.

"But this year his birthday has been the saddest experience in our lives. I was with my husband in the AICC office room where he is observing his fast. In the morning, he asked me to bring his clothes and some toilet items. I took the permission of the police officer on duty and he said I would be allowed to come in. I also pointed out that my family members who were escorting me in a taxi would return with me. When I came back, however, with a small suitcase, I was refused entry. When I disclosed my identity, the officer on duty said I should wait and he would consult his superior. When he did not return for a very long time, I asked a member of my family to go and look for him. He found that he was with a group of officers who were talking and smoking under a tree. They did not pay any attention. In the meanwhile, another officer appeared from the AICC compound to open the gate for some ruling Congress members to enter and I tried

to get in with them. but the Police on duty caught hold of me physically while some onlookers from inside the compound laughed and some young boys jeered at me. I am grateful however to one young man who released me from the clutches of the Police. In the meanwhile, the Police Officer returned with Mr. Patki, newly appointed Permanent Secretary of the Ruling Congress, who ordered that I alone be permitted to enter. I refused to take orders from Mr. Patki. I was then told to sit down on the side of the entrance and wait. By then, some Members of Parliament came and helped me and my family members with some difficulty to enter.

I would also like to add that during this period several threatening calls were made at my residence, my servant was abused and told that the Police would ransack the house. I would have welcomed this as I am proud my husband is a man of integrity and the Police would have gone away rather disappointed.

I know that the Senior Officers on duty will be given awards for the 'exemplary' manner in which they carried out their duties. But may I ask if all this vulgar display of authoritarian power was necessary? The nation has given a massive mandate to the Ruling Congress which the Indian citizens respect and which have aroused great expectations among the masses. Are there not more urgent tasks to which the Ruling Party members should turn their attention? Should the Police be used to humiliate defenceless people? Are our young sons to be exploited to hurl insults on women when during the Freedom struggle they were taught to give their sisters protection against the British Police. We in India are proud of our democratic institutions—a freely elected Parliament an independent judiciary and press. Is it necessary then to imitate Yahya Khan and resort to these methods? Let us not pay homage to

Jawahar Lal Nehru with roses, but all the decencies of life which he stood for and upheld when he could easily have been a benevolent dictator."

This letter shows how the police have been behaving against all laws and rules. People who are entitled to go there were prevented from going there. When Mr. Gurupadaswamy who is the leader of the Opposition in the Rajya Sabha asked the Police to register a case when they were all assaulted by these people and beaten severely, they would not do anything. That is how the police have behaved and they have behaved like this because it is the ruling party that is doing all these things that have been done there.

As I said, they were led by the two Secretaries of the ruling Congress, a Deputy Minister and a person who has been the Secretary to the Prime Minister for many years. If I said that this must have been with the knowledge of the Prime Minister, I would not be making an exaggeration. But if I am wrong I would certainly apologise to the Prime Minister.

I read in the papers today where it has been indirectly reported that the Prime Minister had expressed unhappiness over what has happened and that she felt embarrassed and she did not like it. What prevented her from reversing the whole process? Her word is law with her party. I have no quarrel with it. How can it be said that anything can happen without her knowledge? It all happened after her return to the Capital. If it had happened on the 12th I would not have said this.

But more than that, she is not only the Prime Minister but also the Home Minister and this happens in Delhi, and in New Delhi above all. Taking the clue from this, something has happened afterwards at Dum Dum in Calcutta where the New Congress people went with bombs and they have taken possession there. This is what is reported in the *Hindustan Times*. The papers have reported in all these matters and several papers have called this disgraceful and as arrogant power being used. This is not said by me,

but said by them. Even one of the principal leaders of the CPM, Shri Namboodiripad, has said that this is something completely wrong and illegal and criminal and that he would have also taken possession of their office in Kerala which belonged to them, but that he has not done it. They say they are more decent than the ruling party. That is what Shri Namboodiripad has said.

And this is now this whole matter has been handled by the members of the ruling party at the highest level. It is not done by some people who are raw. Yes, they may have been the instruments of doing it, but the direction is all given by the principal people. This is how the rule of law has been eroded and has been thrown to the winds. If we are to live in a democracy as we are determined to live, and we shall pay whatever price is necessary for upholding it, we cannot allow this to pass unchallenged in this manner. The President has already taken action about it, whatever he can. Others also will have to follow it, but this august body, which is the custodian of the Constitution of this country and which is the highest authority, ought to see that the rule of law is maintained and that the police do not behave in the way they have behaved, as partisans, and then allow all these things to go on. There is an assault on Members of Parliament and respected leaders of the country which the police do not take cognizance of.

The other matter may be *sub judice*, even there one does not know what is going to happen, but I am not going to comment on that just now because as I have said and as you have said it is *sub judice* and I should certainly not comment on that. I am not like my friends on the opposite side who do not have respect for law and rules. I certainly will keep within the rules and not speak about it, but this is how this is done and I cannot understand how this has happened. I do not understand what intelligence has been applied to this method. It will hurt them, it will hurt the country, it will hurt everybody. If it hurt them only, I would not be very sorry because they have brought it on themselves, but it hurts the country. Where shall we be, what will happen to this

[Shri Morarji Desai]

country, if this sort of abrogation of the rule of law is allowed and if this august body does not take any notice of it and does not see to it that the police act impartially and objectively and give protection wherever it is necessary to do so to respectable members of the public, Members of Parliament and also leaders? That is why I have moved this motion and I hope that my hon. friends will give it the deep thought that it deserves and make amends for it. If the Prime Minister is unhappy about it, what is the meaning of it? There is nothing to prevent her from reversing the whole thing and making amends. I hope that is what will be done.

MR. SPEAKER : We are late for the meeting of the Business Advisory Committee. So I think the Committee will meet at 4.45.

SHRI ATAL BIHARI VAJPAYEE : Tomorrow.

SHRI R. S. PANDEY : I am also a Member of the Business Advisory Committee and I request you to cancel it.

MR. SPEAKER : We can have it at 3.30 tomorrow.

SHRI K. D. MALAVIYA (Domariaganj) : Sir, I sincerely feel sorry for the confusion that was created the other day on account of many aspects of the situation that occurred either before or immediately after the incident in the Jantar Mantar Road office of the AICC. I am not a student of law. All my life I read subjects other than law. Therefore, if I intrude into the realm of law, my friends may interrupt me and I will change my course. I personally like to deal with the political aspect of the matter, because politics is certainly involved in it.

The conduct of the police has been quite often under examination and censure in this House and also in the State legislatures. But it is always the Government which was associated with the attempt of censuring the police conduct. Therefore, there is nothing

new in what my friend, Shri Morarji Desai, said while he was trying to censure the conduct of the police. The long list of letters of lamentations he read reminded me of many lamentations which must have occurred when he was Chief Minister of Bombay. What did not happen there with the connivance of the then Chief Minister. (*Interruptions*). I do not wish to provoke the opposition; I only want to say some facts for the consideration of my hon. friend. I was only saying that these stories of lamentations will not make a speech political. It has, of course, enabled my friend to re-enter politics and speak in Parliament after a period of silence. I am glad and I welcome his having spoken here for the first time during the session. Perhaps he will continue to speak, although he is always conscious of the great defeat inflicted on his party, which once lived, but which does not live now. After the Supreme Court judgment, I say that there is no other Congress to which I have the honour to belong. Mr. Morarji Desai, therefore, represents himself or any other political group, by any name he might like to call it. (*Interruptions*). It is certainly not a question of property. I would like you to go back to the period when there was difference of opinion before the country between the two Congresses. That difference has now been resolved. There is no other conflict. It is not a question of some building, Jantar Mantar Road building, or some property, or a little bank account that might be possessed by this group or that group. It is the question of an organisation, an institution which has certain values, certain ideals and certain principles. A group of people, using the name of Congress, were using this building which was not their right. The building never belonged to them, the office never belonged to them, the library never belonged to them. I am quite sure that they have always been there as trespassers. They were nothing more than and nothing less than trespassers. Yet, we kept quiet and we never said a word.

SHRI MORARJI DESAI : Sir, I was asked not to refer to these matters as they are *sub judice*.

SHRI K. D. MALAVIYA : I am referring to certain political trends. (*Interruptions*)

MR. SPEAKER : I have ruled that matters which are pending before the court will not be referred to.

SHRI K. D. MALAVIYA : I am not referring to the case.

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : Politics and political matters attached to this problem are not before the court... (*Interruptions*)

SHRI K. D. MALAVIYA : I am merely referring to certain political trends in the country... (*Interruptions*)

SHRI PILOO MODY : May I make a submission ? ... (*Interruptions*)

MR. SPEAKER : I know very well that Shri Piloo Mody wants to submit something. But I would request him not to make interruptions so frequently. His interruptions are welcome but not quite so frequently.

SHRI K. D. MALAVIYA : Sir, I am grateful to you for this. I hope my hon. friend will take a lesson from this and will not interrupt me. He is a good friend of mine and I am sure he will not interrupt me.

I was only trying to put before you the background. I have nothing to do with the case. I am not a student of law; I am a student of politics. Therefore, I am naturally entitled to put forward the relevant political viewpoint.

A little before the general elections were taking place certain trespassers were occupying a certain building, which is being questioned today. Even after the election was over these people occupied this building which was legitimately ours. We never said a word about it.

SHRI MORARJI DESAI : May I say that this amounts to going into the merits of the case ?

MR. SPEAKER : I have expressly stated that no reference should be made about the proceedings which are pending before the court until the judgment is given. The merits and the rights of occupation and other things are left to the court. We cannot refer to them here until and unless the judgment comes. I had already laid down certain limits for these gentlemen. They apply to you also.

SHRI PILOO MODY : All he can really talk about is the virtue of the police.

SHRI MORARJI DESAI : I have no objection to their saying all this. Let them say it but then I will be entitled to refer to these matters in my reply.

MR. SPEAKER : In that case I will not allow the debate.

SHRI VIKRAM MAHAJAN : That is what I had said earlier, that you should not have allowed the debate. This is what is going to happen. You wash out the entire thing and cancel the debate.

SHRI K. D. MALAVIYA : On the narrow question of excess committed by the police, we on this side of the House are not aware of any excess that was committed by the police or by anybody else. If certain persons, who were eminently connected with politics and Congress before, came to visit the house and went away, we do not know what steps the police took.

I do not know who has resorted to the fast and why he has resorted to the fast. I hope, my friend, Shri Sadiq Ali, who is reported to have gone on a hunger strike, will give it up. I hope, he will realise that this was not a very wise act on his part, in my opinion, to resort to a hunger strike or to such threats. It amounts to intimidation. He is my friend and I feel sorry for him. I hope, he will not continue this fast and will give it up. It is not that there are great principles involved behind it and somebody is going to appeal to him. I consider this as an unwise act.

There was no police excess committed there. It was a simple case of a large number

[Shri K. D. Malaviya]

of officials of the AICC inviting the legitimate body of office bearers to that office. So we went there. No harm was committed in our going there. The judgment of the Supreme Court is there. The officers of the AICC knew that they had lost the case. They have no ground to say that the police was involved.

MR. SPEAKER : You are again entering into the merits of the occupation.

SHRI K. D. MALAVIYA : I have nothing more to add except to say that no excess to our knowledge was committed by the police and that it has given a chance to my hon. friend, Shri Morarji Desai, to appear before Parliament once again. I am happy about it and I hope that he will continue to appear before Parliament.

SHRI A. K. GOPALAN (Palghat) : Mr. Speaker, Sir, as far as the dispute and the quarrel is concerned, we do not hold a brief as far as this group or that group of the Congress is concerned. It is not a question of a quarrel between two groups of the Congress ...*(Interruptions)*

SHRI AMRIT NAHATA : There is only one Congress, the Indian National Congress. There are two Communist Parties.

SHRI A. K. GOPALAN : I do not want to speak if they do not want to hear me. I say two groups because the Congress (O) and the Congress (N) are reported in papers. That means, there are two groups. I cannot speak according to what they desire. My understanding is that there are two groups, the Congress (O) and the Congress (N). I do not know whether they will dispute that also. It is seen in the papers. So, I will say Congress (O) and Congress (N). There is a dispute as far as the possession of the building is concerned. As far as we are concerned, we have no brief about the Congress (O) or the Congress (N) ...*(Interruptions)*

MR. SPEAKER : May I just say that most of them have been here for so many years, since we were just kids. At least you must show some respect to them...

I know there is an uncontrolled blood in you. But kindly do not do it.

SHRI A. K. GOPALAN : I want to tell you, Sir, as far as I am concerned, nobody can say that I interrupted any Member of the Congress Party when he spoke. I was listening patiently. It may be that all are not like me. That is what is happening in the country also. They must understand that. If I am provoked, I will also do something...

MR. SPEAKER : I think, you should not get provoked.

SHRI A. K. GOPALAN : There is limit. When I began with a sentence, say Congress (N) and Congress (O), they started interrupting me.

As far as this quarrel about proprietary right is concerned, I do not hold any brief. But I have to say that there are certain fundamental principles involved in it. That is not the concern of the Congress or the Opposition. That is the concern of the people and the country as a whole. I want to talk about those principles and policies. I want an answer from the Congress party whether they are strictly following those principles and policies or they have changed them.

If tomorrow they say that the law can be taken into their own hands, I have no objection. Because I can see even today in the country the law is taken in the hands of the people. So many things are happening. If they say that nobody should take the law into their own hands, and those who say it take the law into their hands, what will be the position in the country? How can you then blame others who take the law into their hands?

That is what I want to say. It is not only a question of two parties. It is a question of how the matter has been dealt with. As far as I am concerned, I do not say that the law should not be taken in the hands of the people. In some cases, they will have to take the law into their own hands as the Congress party does today. It is an exam-

ple. So, don't say, "Don't take the law into your hands."

A legislation is passed by the Government and for 10 or 15 years that legislation is not implemented. A land is given to a man. But when he goes and occupies the land, he is beaten. Certainly, he will take the law into his own hands and resist it. Don't say, "Don't take the law into your hands" and leave it like that.

I went to Hyderabad about a month back. The peasants told me that they have got *patta* into their pockets but the land is with the landlord. They went to occupy the land but they were beaten. They say that they are given *patta* and they have got it in their pocket but the land is in the hands of the landlord. And the police are also helping the landlords. That is not only one instance. There are so many instances like that.

What I ask is : Does the Government want that nobody should take the law into their own hands ? Does the Government want that ? If the Government wants that, what is done here ? About the police and other things, only Shri Morarji Desai has got surprises. We have no surprises about the behaviour of the police because we have been seeing it in the last so many years. Shri Morarji Desai thought that the police at least as far as they are concerned will behave well, and that he has also by practice understood. I am sure, he will understand it now. Anybody in the Opposition, whether it is Shri Morarji Desai or A. K. Gopalan or anybody else in the Opposition will get *lathis* and blows. I am not surprised about it. I do not complain about it. I complain why it was done against the Congress (O) friends. Why was it done ? They say, they are non-violent. But we have seen that. I do not know what will happen. Not only here. This is what has happened—my friends may howl—as is reported in the press a few days back.

17.00 hrs.

There was an incident in the office of the West Bengal Pradesh Congress Committee.

There is a lady Secretary of the Midnapur Congress (O) District Committee, Miss Abha Maity, was man-handled and molested... (Interruptions).

SHRI A. K. SEN : No, no.

SHRI SIDDHARTHA SHANKAR RAY : Which paper is that ?

SHRI A. K. SEN : This is all wrong. We have to answer these charges.

SHRI PRIYA RANJAN DAS MUNSI (Calcutta South) : You are financing Miss Abha Maity. We know that.

SHRI A. K. GOPALAN : I don't know who is Abha Maity. My able friend knows.

This is what I have read in the papers. If it is not correct...

SHRI SIDDHARTHA SHANKAR RAY : What is the name of the paper ?

SHRI A. K. GOPALAN : Most of the papers in West Bengal have reported this. If you want the paper, I will get you tomorrow.

If it is not true, let the Home Minister reply that it was not correct and what is reported in the paper is wrong. It should have been denied by the Congress Committee that this was not correct and this was not what has happened. That was not done. I did not read in any paper this kind of denial. If that was done, then I can say that there are two versions.

SHRI SIDDHARTHA SHANKAR RAY : With your permission, Sir, and with the permission of Mr. Gopalan, may I say that one or two papers did bring out that kind of allegation which was immediately denied, I found later on, by the persons concerned.

SHRI A. K. GOPALAN : By the Congress Committee ?

SHRI SIDDHARTHA SHANKAR
RAY : Yes.

SHRI A. K. GOPALAN : I am saying what I read. I can only say what I have read and seen.

SHRI SIDDHARTHA SHANKAR
RAY : If you only read the beginning of a novel and not its end, you will not get the whole story.

SHRI A. K. GOPALAN : I got the story from the paper I read. If that is wrong, you can say that.

It was said in the paper that she was stripped off her clothes and kicked and thrown out.

SHRI A. K. SEN : This is all wrong.

SHRI A. K. GOPALAN : A lady Secretary being thrown out ! The Police might have been there but the Police will act according to the directions of the Government. If they are not acting according to the direction, what happens the next day ? A direction should have been given that nothing like that should be done. As Mr. Morarji Desai said, it was not only on the first day, but on the second day also it was done. Afterwards when the wife went to see her husband, then also she was not allowed to go in. What would have happened if she was permitted to go in ? If everything is wrong and only what you say is correct, then nothing can be done. Why was it done ? Why did the papers that support you report like this ? So the question is that these are the things that are being done.

As far as I am concerned several things are being done not only here but elsewhere also. This is a small thing against the law. There is no rule of law because there is the law that when a man is arrested, he must be produced before the Magistrate within 48 hours.

SHRI A. K. SEN : 24 hours.

SHRI A. K. GOPALAN : I can quote instances. Lately, 15 days back, people

who had been arrested and interrogated had not been produced before the Magistrate. I went to Tiruchirapalli. I wrote to the District Superintendent and asked him, 'Where is that man who was arrested ? Did you produce him before the Magistrate ? If you had done, when did you produce him ? I want to take him.' That evening he was released.

There is not only one instance; but before this Parliament also many instances have come, where the people had been arrested and had not been produced before the magistrates. Do you want instances ? I will give you hundreds of instances where such things are being done. Only a week back, in Kerala there was an agitation. People were beaten. One man broke his arm. He was arrested. He was produced before the doctor. The doctor said, it is very serious, immediately you should rush him to the headquarters hospital. They did not do it. He was produced before the magistrate and the magistrate said, immediately you go there. But that was not done.

So, I want to show, Sir, as far as respect for law is concerned, the ruling party has no respect for law. They do not want to act according to the law. So, they have no right to say to anybody that "you are not acting according to the law, according to the rule of law" and all that, when there is no rule of law for them. I have got so many instances which I can give. I want to say this that the country has come to this position today. The ruling party which has got a vast majority today thinks that the opposition is nothing, they can be beaten up, they can be crushed, anything can be done "because we are strong." Then why do you call this Parliamentary democracy ? You must have respect for the law. Not only did they not show respect for the law but those Members of Parliament who went, there were beaten. It is only because they are in the opposition. That is all. If Mr. Morarji Desai had been a Member of the ruling party he would not be beaten up. Only opposition Members are beaten; they cannot go there. And the most cruel thing is this. The wife of the man who is on fast is not allowed to go there. What will

happen, will Jantar Mantar fall down, if, Mrs. Sadiq Ali goes there ? It only shows that the ruling party thinks only in terms of lathis, CRP and all that. They say : We have got the Chhatra Parishad and the Youth Congress and all that and so anybody who is against us will be crushed. That is why this is happening. People today are suffering under heavy taxation; today even a sheet of paper costs 2 paise more. There is heavy taxation and people are discontented. Some people think it is better to die rather than to live because of this hard life. Whatever law is there, whatever provision is there in the Constitution, it is the ruling party which violates them. There are so many Central Awards which are given regarding wages but we find that these are all not implemented. But when somebody takes some action of satyagraha or something for the implementation of these things, then law and order comes in, they are beaten up and they are even killed.

The Supreme Court has said that as far as the right of the building is concerned, the Civil Courts will decide that. If they had any iota of respect for the Supreme Court, they would have waited for some time. What would have happened if they had waited for some time more ? That they did not do. They follow these fascist methods. If it continues like this the country will go to dogs.

श्री एच० के० एल० भगत (पूर्व दिल्ली) : अध्यक्ष महोदय, आपने इस मोशन पर बहस करने की इजाजत दी और साथ ही आज्ञा भी दी कि जन्तर-मन्तर रोड पर बिल्डिंग के कब्जे के बारे में, उसके सर्कमस्टान्सेज के बारे में कुछ न कहा जाय। उसके बावजूद भी मोरारजी भाई ने, जिनका मैं बहुत आदर करता हूँ, थोड़ा डायरेक्टली और कुछ इनडायरेक्टली कहा, लेकिन मैं कुछ नहीं कहूँगा। गोपालन साहब ने भी उसके बारे में कहा, लेकिन मैं नहीं कहूँगा। लेकिन एक बुनियादी बात मैं जरूर कहना चाहता हूँ। हम रूल आफ ला का जिक्र कर रहे हैं लेकिन इस मामले को इस हाउस में डिस्कस करके हम इस रूल

आफ ला की स्पिरिट को नेगेटिव कर रहे हैं। जो इल्जाम या एल्लेगेशन्स मोरारजी भाई ने लगाई, हालाँकि वे उस मोके पर आई-विटनेस नहीं थे और मैं भी उस मोके पर आई-विटनेस नहीं था, उन्होंने भी कुछ जाँच की होगी और मैंने भी कुछ जाँच की है। मैं बहुत अदब से कहना चाहता हूँ कि जो इल्जाम उन्होंने लगाये हैं, वे गलत हैं, बे-बुनियाद हैं। उनका यह कहना कि श्री चन्द्रजीत यादव, श्री शंकर दयाल शर्मा और श्री यशपाल कपूर, इन लोगों ने किसी ग्रुप को लीड किया, इनकी डायरेक्शन में वहाँ हमला हुआ, श्री सादिक अली को वहाँ से उठाकर बाहर फेंका गया, यह सारा काम हुआ, ये इल्जाम गलत हैं, बे-बुनियाद हैं और मोरारजी भाई को इस मामले में मिसलीड किया गया है।

मैं उनको रिमाइण्ड कराना चाहता हूँ, वे हमारी पार्टी के बहुत बड़े नेता रहे हैं। प्रेजिडेंट गिरी के इन्वेक्शन को चेलेन्ज करने के वक़्त उन के सपोर्टर्स ने जो इल्जाम लगाये थे, उस वक़्त यह कहा गया था कि मोरारजी भाई को भी किसी ने पम्पलेट दिया था, लेकिन जब उस की स्कूटिनी की गई तो वे सब बातें गलत पाई गईं। मैं मोरारजी भाई से कहना चाहता हूँ कि गिरी-पेटीशन केस की तरह से ही उनको इस मोके पर भी गुमराह किया गया है। मैं यह तो नहीं कहता कि उनकी राय से ही वे

[MR. DEPUTY-SPEAKER in the Chair]

लोग ऐसा कह रहे हैं, लेकिन उन्होंने बहुत होशियारी से प्राइमिनस्टर पर बात को डालने की कोशिश की है, जिसको मैं बहुत स्ट्रॉंगली डिप्लोर करता हूँ। सही मायनों में इन एल्लेगेशन्स के जरिये एक प्रोपेगण्डा स्टैंट की तरह से हमारी आर्गनाइजेशन को बदनाम करने की कोशिश की गई है। जब इस मामले की सींगल स्कूटिनी होगी तब मालूम हो जायेगा ये इल्जाम सही हैं या गलत हैं।

[श्री एल० के० एल० भगत]

मोरारजी भाई ने जो इल्जाम लगाये हैं—ही इज ब्यूटिफुली वेग — उन्होंने यह नहीं कहा कि किसने श्रीमती सुचेता कृपलानी को पुश किया, किसने श्री महावीर त्यागी को मारा और यह भी नहीं कहा कि पुलिस उस वक्त मौजूद थी या नहीं। उन्होंने सिर्फ इतना कह दिया—दे वर सिवअरली बीटिन। मैं उनसे पूछना चाहता हूँ कि लफज सिवअरली बीटिन के मायने क्या हैं, अगर सिवअरली बीट किया जाता है तो उससे इन्जरीज होती है, लेकिन उन्होंने यह नहीं बताया कि किस को इन्जरीज लगीं, कोई मैडिकल एक्जामिनेशन भी हुआ या नहीं। कि किसी को खरौंच भी न लगे और मोरारजी भाई कह दें—सिवअरली बीटिन यह कितनी गलत बात है।

वे बहुत तजुर्बेकार नेता हैं, हमारे केन्द्र के बहुत बड़े लीडर रहे हैं, जब उन्होंने श्री सादिक अली साहब का नाम लिया तो यह भी नहीं कहा कि उस वक्त पुलिस वहाँ पर मौजूद भी थी या नहीं। उन्होंने एक इल्जाम यह लगाया कि श्री सादिक अली साहब की पत्नी को पुलिस ने अन्दर नहीं आने दिया, क्या सर्कम-स्टान्सेज थे, कोई टेन्शन थी या कोई झगड़े का अन्देश था, कुछ नहीं कहा। पुलिस की उस वक्त क्या ड्यूटी थी, क्या सादिक अली साहब को उठा कर उनके कमरे में बैठा देती या त्यागी साहब को दफ्तर में ले जाती, उस वक्त पुलिस की क्या ड्यूटी थी? पुलिस को लॉ के मुताबिक काम करना होता है। अगर कोई जुर्म होता है और वह भी अगर कागनिजेबल आफेन्स हो, तब पुलिस एकट कर सकती है, वरना पुलिस एकट नहीं कर सकती। है, चाहे पार्लियामेंट के मेम्बर हों या बड़े लीडर हों या आर्डिनरी सिटीजन हों, कानून के खिलाफ कार्यवाही करने का किसी को अधिकार नहीं है। वहाँ पर कोई आफेन्स नहीं हुआ। इसमें दोनों चीजें जुड़ी हुई हैं मान लीजिये जन्तर

मन्तर में जो कुछ हुआ, वह लीगल था या इललीगल था, अगर इललीगल था, तो उस सूरत में पुलिस को ला के मुताबिक कार्यवाही करनी पड़ेगी और अगर लीगल था तो दूसरी तरह की कार्यवाही करनी पड़ेगी। इसलिये मैं यह कहना चाहता हूँ कि मोरारजी भाई ने जो ऐलीगेशन्ज लगाये हैं, वे बिल्कुल गलत हैं, सही मायनों में श्री चन्द्रजीत यादव और श्री शंकर दयाल शर्मा जब वहाँ पर गये, उस वक्त कोई किसी किस्म का वाकया इस तरह का श्री सादिक अली के साथ नहीं हुआ।

अभी उन्होंने एक लेटर कोट दिया। मैं खासतौर पर श्री गोपालन साहब की बात सुनकर बहुत खुश हुआ, वह मुझे बहुत रेफे शिंग लगा जब उन्होंने डेमोक्रेसी और रूल आफ ला की बात कही क्योंकि अभी कल ही इसी हाउस में उनकी पार्टी ने उसका मुजाहरा दिया है। मुझे खुशी है कि कम्युनिस्ट पार्टी (मार्क्सिस्ट) ने कम से कम रूल आफ ला का नाम तो लिया लेकिन जो पार्टी यह कहती है कि किसी स्टेट को मिसेजन करने का अधिकार है वह पार्टी अगर आज डेमोक्रेसी और रूल आफ ला पर लेक्चर देती है तो अजीब बात लगती है।

मैं एकआध बात कहकर समाप्त करूँगा। मोरारजी साहब ने सादिक साहब की धर्मपत्नी का तजकिरा किया और पं० जवाहर लाल नेहरू का नाम लिया और डेमोक्रेसी का वास्ता दिया। मैं बड़े अदब के साथ श्री मोरारजी से कहना चाहता हूँ कि वे सुप्रीम कोर्ट के जजमेन्ट को जरा पढ़ें। सुप्रीम कोर्ट का जजमेन्ट क्या कहता है? सुप्रीम कोर्ट का जजमेन्ट कहता है कि इंडियन नेशनल काँग्रेस जिसके आज श्री संजीवैया प्रेसीडेन्ट हैं वही काँग्रेस है एलाटमेन्ट आफ सिम्बल के पर्पज के लिए। इसका टेस्ट मेजारिटी के अलावा और कोई हो नहीं सकता है। मैं मोरारजी साहब से पूछना चाहता हूँ क्या सिम्बल के लिए इंडियन नेशनल काँग्रेस एक होगी, जन्तर मन्तर के लिए दूसरी काँग्रेस होगी और काँग्रेस फ्लैग के लिए तीसरी काँग्रेस

होगी ? अगर मोरारजी साहब और सादिक साहब में डेमोक्रेटिक कांग्रेसनेस होती तो वे कहते कि हम कबूल करते हैं कि कांग्रेस वही है और जो नाजायज कब्जा उन्होंने कर रखा है उसको छोड़ देते। डेमोक्रेटिक कांग्रेसनेस से डेमोक्रेसी की फंशनिंग होती है।

निजलिगप्पा साहब कहने हैं कि उनकी पार्टी स्लिम होती जा रही है। मैं उनसे कहता हूँ Slimming exercises in old age and stage, whether of a person or party, is very dangerous. पार्टी स्लिम होती जा रही है या पार्टी है ही नहीं ? मुट्ठी भर आदमी एक तरफ और सारी कांग्रेस एक तरफ, मार्ग पार्लियामेंट एक तरफ, ए० आर्डी० सी० सी० एक तरफ और सारे डेलिगेट्स एक तरफ, जनरल चुनाव भी हो गया और जनता का वर्डिकट भी आ गया फिर भी वे यही कहते हैं कि कांग्रेस हम है। क्या इसी को डेमोक्रेसी कहने हैं ? अभी भी इन्होंने कुछ नहीं सीखा है। सारी जनता ने बता दिया है हमारे इन नेताओं को लेकिन फिर भी टेक्निकलिटिज में, गिमिक और पोलिटिकल स्टंट्स को लेकर खासतौर पर प्राइम मिनिस्टर के खिलाफ चलाते रहते हैं इन सीजन और आउट आफ सीजन।

आखिरी बात कहकर समाप्त करूंगा। आप हमें छोड़ दीजिए। आपके डा० राम सुभग सिंह और श्रीमती तारकेश्वरी गिन्हा भी अब कहने लगी हैं कि आपकी पार्टी कांग्रेस के उसूलों पर नहीं चलती है। तो जहाँ न्यूमेरिकल स्ट्रेंथ नहीं, कोई उसूल नहीं फिर भी कितने झगड़े होते हैं। इसलिए मैं मोरारजी साहब से कहना चाहता हूँ कि उनकी पार्टी में डेमोक्रेटिक कांग्रेसनेस नहीं रही। अगर डेमोक्रेटिक कांग्रेसनेस है तो वे कह दें कि हम कांग्रेसी नहीं रहे, हमारी पार्टी का सेप्रेट नाम है। सुप्रीम कोर्ट ने माफ फैसला दे दिया है। लेकिन उपाध्यक्ष महोदय, इनका क्लेम यह नहीं है कि कब्जा इनका है बल्कि इनका कहना यह है कि बिल्डिंग आल

इंडिया कांग्रेस कमेटी के कब्जे में है तो कौन है आल इंडिया कांग्रेस कमेटी ? आप हैं या हम हैं ? ... (व्यवधान) ... गोपालन जी के कहने से या वाजपेयी जी के कहने से आल इंडिया कांग्रेस कमेटी नहीं बनेगी। अब सुप्रीम कोर्ट ने, जिसपर आप बड़ा भरोसा रखते हैं, कह दिया है कि सिम्बल के परपंजे के लिए यह आल इंडिया कांग्रेस कमेटी है इसलिए सारा झगड़ा खत्म हो जाता है। आप भी अब कहिए कि आल इंडिया कांग्रेस कमेटी यह है और हम अपनी अलग पार्टी बनाते हैं। मैं एक बार फिर मोरारजी साहब से कहना चाहता हूँ कि उनके नाम पर कितनी बार फंटास्टिक, बेसलेस एलिगेंस गिरी साहब के चुनाव पर लगाए गए और आज फिर वही बात दोहराने की कोशिश की जा रही है। पुलिस ने क्या किया उसके लिए कोई प्रसाइज एलिगेंशन नहीं। हमारे चन्द्रजीत यादव और शंकर दयाल शर्मा को भी पुलिस ने रोका, अन्दर जाने नहीं दिया क्योंकि वहाँ एक टेंशन था। पुलिस का काम दायित्व करना और निकालना नहीं है। किसने मारा उसके लिए एक भी नाम नहीं। एफ आई आर के कुछ पर्टिकुलर्स होते हैं लेकिन उनका कोई नाम नहीं, गवाहों के नाम नहीं। लेकिन फिर मैं कहना चाहता हूँ क्या पार्लियामेंट डिमाइंड करेगी कि कोई जुर्म हुआ है या नहीं या इस बात को कोर्ट डिमाइंड करेगी आप कोर्ट में नहीं जाते और यहाँ पार्लियामेंट से फैसला लेना चाहते हैं। आप यहाँ पार्लियामेंट को इन्वाल्ड करके कोर्ट के जुरिस्डिक्शन को खत्म करना चाहते हैं। इन गद्दों के साथ मैं कहना चाहता हूँ कि जो मोशन पेश किया गया है उसका मैं पूरे जोर से विरोध करता हूँ और यह मोशन गलत है।

SHRI S. M. BANERJEE (Kanpur) : Sir, No. 7, Jantar Mantar Road has a very old history. This was an evacuee property but it was occupied by the All India Congress Committee. I do not know whether it was done legally or illegally because when we

[Shri S. M. Banerjee]

tabled a question in this House the late Mr. Mehr Chand Khanna who was the then Minister gave an evasive reply. It was in fact auctioned without giving notice to any body else expect to the Congress. I think Shri Morarji Desai will bear me out. This was done in a very peculiar fashion. It has had a long history. That history is repeating itself this time.

We are not discussing whether this occupation was correct or not. Should this be done by any political party? We know that in 1962 when the Chinese aggression took place we were accused of being anti-national. Not only I, but my mother who was 75 years old was also beaten by a shoe by a Jan Sangh volunteer in Kanpur. Nobody started any discussion in this House. When our offices were burnt in 1962 from Kashmir to Kanyakumari, we wanted to raise this issue in this House and all those champions of Parliamentary democracy who were sitting here did not raise their voice, but some of them said : You deserve it, My friend Gopalan was correct. (*Interruptions*). A man in khaddar had been beaten; police should never have touched khaddar.

AN HON. MEMBER : You should also wear khadi.

SHRI S. M. BANERJEE : If it is given free.

The question is whether this method should have been adopted. I could have understood some small boys moving into a particular house and occupying it or damaging property. If there is an idea of truth in the statement made that respected leaders as those whose names have been mentioned have been treated badly when they went there, I should say with folded hands that it should never be repeated in the larger interest of good politics of the country.

Otherwise what will happen? Tomorrow other offices will be captured. And any ruling party which has the police under its control can utilise it. I know what the

police will do if they are given powers. In Kanpur itself the General Secretary of the U. P. Congress Committee, Mr. S.D. Sharma was mercilessly beaten by the police because he stopped a small boy being beaten by the police. The police said that the orders were to stop anybody from approaching the office of the City Congress Committee and if anybody did not stop he should be beaten and they followed the orders when the General Secretary approached that building.

I am only saying that we do not support such action. The ruling Congress has a massive majority and we bow down to the mandate of the people. We have said so. They have got a massive majority and they have won even in Supreme Court, and the Congress Organisation or Organisation only minus the Congress lost their case, lost the symbol and they are sure to lose the office also. How can they retain the office in Jantar Mantar Road? It should have been taken over after some time, waiting for the Court decision to come. But this has created a very bad precedent. I can tell you in all honesty with due respect to Malaviyaji, for whom I have the greatest regard, that such a level should never be descended to. I may not be as old as he or a very mature politician, but still I say as a sincere politician who wants to die as an honest politician in this country that such things should not happen and should never be allowed in the larger interests of our democracy. Otherwise if the 50,000 employees of Delhi who have no quarters want to occupy the Rashtrapati Bhawan, how can you check them?

I have also read in the papers that the Prime Minister has said something, and I expected the Prime Minister to be here to say something because she has to set an example. The country looks forward to her today, not to Malaviyaji but to the Prime Minister. The more powerful they are, the more sublime they should be, the more sober they should be, the more humble they should be. We have a saying in Urdu :

कह रहा है शोर ए दरिया से समन्दर का सकूत,
जिसका जितना जर्फ है, उतना ही वह खामोश है।

It is the rivulet which makes noise, but the sea which is unfathomable does not make any noise. Today they are like the sea. The Jantar Mantar building is immovable property and even with this Congress which is immovable you could never move it. Why should they be afraid of these things? They could occupy it after some time.

I, on behalf of my party, beg to differ from what Malaviyaji has said. Mr. Bhagat is a good *bhakt* of the Congress, but let him not as a *bhakt* defend everything. What is the use of attacking a party which is dying its own natural death? In our country whenever a man dies, we give him our shoulder, taking him as a good man. That is our tradition, and I hope that tradition will be kept up and such things will not be done in such a fashion.

श्रीमती मुकुल बनर्जी (नई दिल्ली) :
उपाध्यक्ष महोदय, अभी तक जो लोग बोल रहे थे, श्री मोरारजी देसाई सहित, वह सब सुनी सुनाई बात बोल रहे थे। लेकिन मैं जो कुछ कहूँगी वह आई विटनेस के रूप में बोलूँगी क्योंकि मैं वहाँ मौजूद थी।

मैं चौबीस सालों से ए० आई० सी० सी० के स्टाफ में रही हूँ और आज भी हूँ। वहाँ पर जो कुछ हुआ है मैं आपको बतलाना चाहती हूँ। जो हमारी बिल्डिंग है, जिसमें मैं चौबीस साल से काम कर रही हूँ, वहाँ से "हमारी महिलायें प्रगति पथ पर", अर्थात् वीमेन आन दि मार्च, नाम की पत्रिका छपती है—7 जन्तर मन्तर रोड पर। यह मैं यहाँ रखना चाहती हूँ। यह 1947 से निकलती रही है और आज भी निकल रही है। कोई भी इश्यू मिस नहीं हुआ है इस पेपर का। मैं वहाँ खुद काम करती रही हूँ और मैं जानती हूँ कि वहाँ पर कितना सामान था और कितना सामान पड़ा हुआ है तथा कितना हटाया गया है। छोटी-छोटी चीजें तक, जैसे कांग्रेस वर्किंगकमेटी की चाय पिलाने की क्राकरी, हटाई गई हैं और दूसरे ग्रुप के लोगों के यहाँ गई हैं, मैं उस ग्रुप का नाम

क्या है यह नहीं जानती। यह चीज मुझे पता पता चली है। वहाँ से काफी चीजें हटाई जाती रही हैं। टेलिविजन सेट था जो कांग्रेस प्रेजिडेंट को प्रेजेंट के तौर पर मिला था, वह भी जनरल सैक्रेटरी के घर में चला गया है। टेप रेकार्डर चला गया है, काफी फाइलें चली गई हैं। जब ऐसी हालत हम ने देखी और हम भी वहाँ गये तो देखा कि वहाँ के स्टाफ वाले हमारा इन्तजार कर रहे थे। हम भी वहाँ पर काम कर रहे थे और दूसरे ग्रुप के लोग काम कर रहे थे जिन्होंने चन्द कमरों पर कब्जा कर लिया था। वहाँ पर करीब 50 स्टाफ के लोग थे जिन्होंने पहले साइन नहीं किया था, उन्होंने अब साइन कर दिया था इंडियन नेशनल कांग्रेस के पक्ष में। सिर्फ एक ने साइन नहीं किया था, बाकी सब ने साइन कर दिया था। वह और हम सब एक साथ गये, हम को माला पहना कर ले गये। वहाँ पर कोई झगड़ा नहीं था, कोई कगमकग नहीं थी। बड़े आराम से हम भीतर गये और डेढ़ घंटे तक हमारी मीटिंग हुई। वहाँ पर कोई पुलिस नहीं थी। मैं बोल रही थी, फिर और लोग भी आ गये। मेरे बोलने के बाद वहाँ के स्टाफ के लोगों ने कहा पिछले दो सालों में उनको ब्रिटिश जेलों की बीस सालों की तकलीफ सहन करनी पड़ी है। उन लोगों ने हमको माला पहना कर, मिठाई खिला कर, रखा और हम अच्छी तरह से रहे।

जब सादिक भाई वहाँ आये तो काफी लोग मौजूद थे। मैंने सादिक भाई को नमस्ते किया और कहा कि सादिक भाई, आप की तबियत तो ठीक है, घर के लोग ठीक हैं? मैंने कहा कि आप आइये, तो उन्होंने कहा कि नहीं नहीं। मैं श्री मोरारजी देसाई को बतलाना चाहती हूँ कि वह गलतफहमी में हैं। मुझे पता नहीं था कि इतना झूठ श्री मोरारजी देसाई बोल सकते हैं। सत्य से काफी दूर की बात उन्होंने चुनाव के पहले कही थी। जब स्प्लिट

[श्रीमती मुकुल बनर्जी]

हुआ था उस वक्त भी कहा था। लेकिन सारे देश को असत्य बोल कर वह धोखे में नहीं रख सकते हैं। जब उनकी सारी इज्जत चली गई तब उनको खड़े हो कर मारली सोचना चाहिये कि जब दूसरे गिमिक्स शुरू करने से देशवासी उन की बातों में नहीं जायेंगे।

दूसरी बात उनको यह भी पता होनी चाहिये, शायद उन को अभी पता नहीं है कि सादिक भाई जिस कमरे में भूख हड़ताल कर रहे हैं वह आफिस का कमरा नहीं है। बालकृष्णन नाम का स्टाफ का आदमी है उस के रेजिडेंस में भूख हड़ताल कर रहे हैं। आफिस प्रेमिसेज सारी इंडियन नेशनल काँग्रेस के स्टाफ के हाथ में है। वहाँ पर पहले कोई पुलिस बैठी हुई नहीं थी। जब हम लोग गये उस के बाद डेढ़ घंटे तक मीटिंग हुई, और पुलिस मौजूद नहीं थी। बाद में पुलिस आई। श्री गुरुपद स्वामी को किसी ने नहीं मारा, मैं इसका सबूत दे रही हूँ। 14 नवम्बर के 'हिन्दुस्तान टाइम्स' में एक फोटो निकली है। उस में लिखा है कि श्री शंकर दयाल जी और श्री गुरुपद स्वामी हाथ मिला कर फन देख रहे हैं। उस में लिखा हुआ है कि :

"Dr. S. D. Sharma, General Secretary of the Congress (N) and Mr. M. S. Gurupadaswamy, Congress (O) Leader in the Rajya Sabha seem to be enjoying the fun."

यह उन की फोटो है। वह हँस रहे हैं। किसी को सीविअरली बीट किया जाये तो वह इस तरह नहीं हँस सकता।

इस के बाद मैं बतलाना चाहती हूँ कि जिस वक्त सादिक भाई की पत्नी शान्ति बहन जा रही थीं, उसके पहले काफी टेंशन हो चुका था। श्री मोरारजी देसाई के लोग काफी आदमियों को ले आये थे और टेंशन पैदा करने

की कोशिश कर रहे थे, इस लिए गेट बन्द कर दिया था पुलिस ने। जिस वक्त सादिक भाई की पत्नी शान्ति बहन आई, पुलिस को पता नहीं था कि गेट के पास जो व्यक्ति है वह कौन है। (व्यवधान)

शान्ति बहन को किसी ने गोली नहीं दी। उस वक्त पुलिस वहाँ थी तब डा० शंकर दयाल शर्मा भी आए तथा दूसरे लोग भी आये। पुलिस ने उनको घुमने नहीं दिया। लेकिन जैसे ही पुलिस को पता चला सादिक अली जी की बीवी शान्ति बहन हैं और वह आई हैं तो पुलिस ने चार पाँच मिनट में उनको भीतर जाने दिया।

जहाँ तक महावीर त्यागी जी का संबंध है, उनको किसी ने नहीं मारा। वह इतने दुबले पतले हैं कि उनको दिल्ली के लोग एक मुक्का भी मारें तो वह बेहोश हो जाएँ। वह परमों भी मेरे साथ थे। उनसे मेरी मुलाक़ात हुई थी। उनको मैंने नमस्ते की थी, उनका हाल चाल पूछा था। वह बहुत अच्छी तरह से है। अभी भी ऊपर बैठे हुए हैं।

उस दिन शाम को ए० डी० एम० वहाँ गए थे दफ्तर में और सब कुछ देखने के बाद वह इस नतीजे पर पहुँचे थे कि कोई ब्रीच आफ पीस का खतरा नहीं है। वह मेरे साथ घूमे थे। पूरा आफिस घूम कर उन्होंने देखा था कि बहुत शान्ति से सब काम और कार्यवाही चल रही थी। उस वक्त शंकर दयाल शर्मा जी की अध्यक्षता में हमारे दल की, दिल्ली प्रदेश कांग्रेस कमेटी की कोऑर्डिनेशन कमेटी की मीटिंग चल रही थी। चौदह तारीख को दो बजे महिलाओं की मीटिंग हुई थी। शाम को हमारी कांग्रेस की मीटिंग हुई। सारी चीज़ चली। कोई ब्रीच आफ पीस नहीं हुआ। ए० डी० एम० सब कुछ देख कर चले गए

और कहा कि सब शान्ति है और शान्ति को खतरा नहीं है।

अभी यहाँ श्रीमती सुचेता कृपलानी की बात कही गई है। जो कुछ उनके बारे में कहा गया है बिल्कुल गलत है यह मैं आपको बतलाना चाहती हूँ। उन्होंने हम लोगों को प्रोवोक किया है। सारा वक्त उधर रहती हैं। उन्होंने श्रीमती इंदिरा गांधी का पोस्टर उतार दिया और उसको फाड़ने की कोशिश की और थोड़ा फाड़ भी दिया। यह चीज़ हमारे कुछ लोगों को बहुत बुरी लगी इस कारण से शान्ति को कुछ खतरा भी पैदा हुआ। यह उन की वजह से हुआ। उसी वक्त उनके दल के जो मिक्न्दर वस्तु हैं वे आ गए और उन्होंने उसको पेस्ट कर दिया और कहा कि गलती हो गई है। हमारी इनके प्रति श्रद्धा है, ऐसा उन्होंने कहा। इस तरह इतना बड़ा मफेद झूठ, सत्य से दूर हट कर कोई कहे ऐसा मैं सोच भी नहीं सकती हूँ। इस तरह से झूठ बोला जाएगा और इस तरह से गलत तस्वीर दुनिया के सामने खींचने की कोशिश की जाएगी, ऐसा मैं सोच भी नहीं सकती थी।

मैं प्रार्थना करती हूँ कि जो फास्ट पर हैं वे अपना फास्ट तोड़ दें, उसको विदड़ा कर लें। हमको पता है बिल्डिंग का क्या होना है। लेकिन वह दूसरी चीज़ है। अभी श्री मोरार जी देसाई ने चिट्ठी पढ़ी है। मैं उनको बतलाना चाहती हूँ कि पडकी परमानेंट सैक्रेटरी नहीं है, यू० एन० जोशी रूलिंग पार्टी के परमानेंट सैक्रेटरी हैं। वह इसको शायद जानते नहीं हैं।

महिलाओं के ऊपर कोई ज्यादती नहीं हुई है।

SHRI MORARJI DESAI : It was said only by Smt. Sadiq Ali, not by me. I have only read that letter.

श्रीमती मुकुल बनर्जी : उन्होंने गलत कहा है। महिलाओं के ऊपर कोई सख्ती नहीं हुई

है। जब सुचेता जी उधर आईं तो मैं वहाँ थी। मारा दिन हम महिलायें उधर रहीं। कोई महिलाओं के ऊपर ज्यादती नहीं हुई। कब ज्यादती हुई ? जब स्प्लिट हुआ और मैंने धरना दिया था तब इनकी पार्टी के लोगों ने, चन्ना रेड्डी आदि ने मुझे मारा था और उस की तस्वीर ब्लिट्ज़ इत्यादि में निकली थी और उसको आप देख सकते हैं, रेफर कर सकते हैं। इनके आदमियों ने मुझे मारा था। जहाँ तक इस घटना का संबंध है महिलाओं के ऊपर कोई ज्यादती नहीं की गई है, उनको किसी ने नहीं मारा है हमारे लोग कभी ऐसा नहीं करते हैं और न ही करेंगे।

मुझे याद आता है कि जब मैं धरने पर बैठी थी तो जिन्होंने कृपलानी जी का नाम लिया है, उनको मैं याद दिलाना चाहती हूँ कि तब कृपलानी जी मेरे पाम आए थे और मुझसे उन्होंने कहा था हैम कर कि महिलाओं को यह चीज़ गोभा नहीं देनी है। अब उनकी बीबी जब बैठी हैं तो उनको वह जा कर क्यों नहीं समझाने हैं और कहने हैं कि महिलाओं को यह चीज़ गोभा नहीं देनी है ?

यहाँ प्राइम मिनिस्टर का नाम लिया गया है और कहा गया कि उनको मंत्र पता था। प्राइम मिनिस्टर को कुछ पता नहीं था। उनको बाद में पता चला। यह काम हम लोगों का था। आल इंडिया कांग्रेस कमेटी के लोग यह कैसे बरदाश्त कर सकते थे कि जिस दफ्तर को उन्होंने बनाया है अपने खून से और जिस में सब कागज़ वर्ग रह रहे हुए हैं वे नष्ट हो जाएँ। हम लोगों को उनकी हिफाजत करनी थी। श्री एम० एम० बनर्जी बता रहे थे कि वेट कर सकते थे। लेकिन वेट करने का क्या नतीजा निकलता ? दिल्ली प्रदेश कमेटी का अजमेरी गेट में दफ्तर है। वह आप देखें। सारी फाइलें उधर से हट गई हैं। टाइपराइटर हटा लिये गए हैं। टेबल्ज़ और चेअर्स हटा ली गई हैं। जो कुछ भी वहाँ था उस रात को एक एक

[श्रीमती मुकुल बनर्जी]

हिस्सा हट गया है। ऐसी स्थिति में क्या हम इंतजार कर सकते थे ? इंडियन नेशनल काँग्रेस का ही नहीं बल्कि सारे देश का इतिहास दफ्तर में है और वह सब चीज खराब हो जाए, चोरी करके घर में ले जायें, उसको जला दें, क्या इसको हम सहन कर सकते हैं ? कभी सहन नहीं कर सकते हैं। ऐसा अगर होता है तो यह बहुत बड़ा जुल्म होगा।

पुलिस वाले वहाँ पर गए थे। वहाँ मीटिंगें हुई हैं। मैं कहूँगी कि पुलिस के लोगों ने बहुत अच्छी तरह से व्यवहार किया है, बहुत शान्ति से काम लिया है। वहाँ बहुत शान्ति से काम चल रहा है। कोई ब्रीच आफ पीस नहीं हुआ है।

मैं गोपालन जी को बतलाना चाहती हूँ कि हम लोगों ने ला को अपने हाथ में नहीं लिया है, हमारे लीडरों ने नहीं लिया है। पुलिस को हमने या हमारे लीडरों ने नहीं बुलाया, पुलिस को बालकृष्ण ने बुलाया है। हमारी मीटिंग तो बहुत अच्छी तरह से चल रही थी। ये जो गिमिक है इनसे कोई लाभ नहीं होगा। बेचारी पुलिस को दोष देना ठीक नहीं है। वह अच्छी तरह से स्थिति को काबू में रखने का प्रयत्न कर रही है। यह पुलिस की ताकत का ही फल है, उसकी मुस्तैदी का ही फल है कि बंगाल की हालत अच्छी हुई है, आज सी० पी० एम० के लोगों की वहाँ ज्यादाती नहीं चलती है, लोगों को मार नहीं सकते हैं, उनको खत्म नहीं कर सकते हैं। वहाँ आज हालत अच्छी हुई है। पुलिस बहुत अच्छा काम कर रही है। आप वहाँ जा कर देखिये वहाँ शान्ति है। दफ्तर के भीतर हम लोग काम कर रहे हैं। मैंने देखा मुचेता जी वहाँ बुन रही थीं। मैंने भी अपना निटिंग का सामान ला कर वहाँ बुनाई शुरू कर दी थी। वहाँ बिल्कुल शान्ति है। कोई ब्रीच आफ पीस का खतरा नहीं है। जो ऐसी बात कहते हैं वे गलत कहते हैं। पुलिस ने

कोई ज्यादाती नहीं की है और जो ऐसा कहते हैं कि ज्यादाती की है वे गलत बात कहते हैं, पोलिटिकल मोटिवेशन से ऐसी बात कहते हैं और गलत तरीके से लोगों को बहकाने की कोशिश करते हैं। आम जनता हिन्दुस्तान की बहुत होशियार है। उसको अगर कोई गलत रास्ते पर ले जाने की कोशिश करेगा तो वह इसमें कामयाब नहीं होगा। वह उसको गलत रास्ते पर नहीं ले जा सकता है। वह बहुत होशियार है। वह बहक नहीं सकती है। वह सब चीज जानती है।

SHRI K. MANOHARAN (Madras North): Mr. Deputy-Speaker, at this juncture I am reminded of a historic expression: Magnanimity in victory. After the mid-term poll what happened to the Congress (O) is well known to the country. That party has been completely destroyed and the remnants are still here and there..... (Interruption). I do not expect any bouquet or brickbats from anybody. I want to speak with a feeling. My approach is intelligent.

The incidents that took place on the 12th and 13th of this month will never speak of the good taste of any political party of this country. After the midterm poll, the Congress (O) should have accepted the verdict of the people and handed over the property to the ruling Congress then and there. They did not do that. Then came the split and both went to the court. The Supreme Court judgment came regarding the symbol. It is very clear here. I quote :

"The claim made in this respect is only for the allotment of symbol in connection with the election of Parliament and State legislatures and the decision of the Commission pertains to this limited matter. The Commission while deciding the matter, under paragraph 15, does not decide the dispute about property." Then, it says :

"The proper forum for adjudication of disputes about property are the civil courts."

This incident took place after the Supreme Court judgment. What pains me terribly is the timing of the incident. The Prime Minister of our country had gone abroad and she visited some countries. I had a unique opportunity to visit certain countries which she visited and I had a unique opportunity to understand as well as gather information about our Prime Minister's performance, what image she has created for this country and what image she has created for herself. Wherever she went, I had an opportunity to follow or prior to that I might have gone. I met a cross-section of the people there. Each and every person I met told me without any sense of reservation, "Your Prime Minister has proved to be a mature politician and statesman. India has produced a lady like her. We feel proud of her. She has exercised caution as well as restraint in certain matters. She has proved to be one of the leading lights of the whole world."

With this bouquet she came down to Delhi with a view to explain and give us the assessment she has had with the leaders of the world. And then happens this ugly incident.

I want to ask you one thing. The Supreme Court judgment is very clear that this dispute of property can be settled in civil courts. Today, I read in the newspapers that the Prime Minister is reported to have said, "Two years we have waited. Can't we wait at least two months?" I submit to my honourable Congress friends that "I am prepared to call you as the National Congress hereafter" because the Supreme Court judgement is very clear. I am not prepared to call Shri Morarji Desai's party or anybody's party as Congress (O) or as Congress because it is a very clear verdict of the Supreme Court that yours is the National Congress.

To the youngsters of the National Congress, I want to submit one thing. As to what you have done on 13th and 14th, would it not denigrate the image of this country as well as of the Prime Minister? Who did it? The "Mukti Bahini" of the Congress Party adopted guerrilla warfare

and occupied the territory which had been illegally or otherwise occupied by some other forces. I am very sorry to say that the leaders of the guerrilla warfare, the urchins, the goondas, are not ordinary people. Shri Shankar Dayal Sharma is not an ordinary man. While I was in West Germany, I had a talk with the Secretary of the Socialist party there and he mentioned to me, "I met one intellectual, a giant." I asked him the name of that person and he said, "I met Shri Shankar Dayal Sharma." I am disappointed now. I never expected that he would undertake this fantastic job. The second man who is my good friend is Shri Chandrajit Yadav, a very energetic and dynamic man. He is a very sober element in the Congress party. Such a man also undertook this guerrilla warfare. The third man is my very good friend, Shri Shashi Bhushan...

AN HON. MEMBER : He was not there. (*Interruptions*).

SHRI K. MANOHARAN : I am very glad that Shri Shashi Bhushan is disowning his responsibility and if Shri Shashi Bhushan had been there, it would not have produced in me the maximum surprise. Is it fair? I am asking you. Is it fair on the part of responsible leaders of the National Congress to have under-taken this kind of a step? All the papers every day, you know, for the past two days, i. e. 13th and 14th—to-day also I have seen all the papers and read the leading articles and editorials—condemned the action of the National Congress. One paper wrote that it was a disgraceful affair. Another wrote an editorial stating 'arrogance of power'. So, all papers unequivocally condemned, if I may be permitted to say so, the hooliganism of not a political party, but engineered by a particular section in that particular Party... (*Interruptions*). I am very sorry for I expected the Prime Minister—I entirely agree and endorse the view expressed by my friend, Mr. S. M. Banerjee—would have been here listening to the debate and she would immediately issue a statement stating, 'I am very sorry about it.' That statement did not appear so far in any paper.

"What is your suggestion?" you may ask me. I am not much worried about to whom

[श्रीमती मुकुल बनर्जी]

हिस्सा हट गया है। ऐसी स्थिति में क्या हम इंतजार कर सकते थे ? इंडियन नेशनल कांग्रेस का ही नहीं बल्कि सारे देश का इतिहास दफ्तर में है और वह सब चीज खराब हो जाए, चोरी करके घर में ले जायें, उसको जला दें, क्या इसको हम सहन कर सकते हैं ? कभी सहन नहीं कर सकते हैं। ऐसा अगर होता है तो यह बहुत बड़ा जुल्म होगा।

With this bouquet she came down to Delhi with a view to explain and give us the assessment she has had with the leaders of the world. And then happens this ugly incident.

I want to ask you one thing. The Supreme Court judgment is very clear that this dispute of property can be settled in civil courts. Today, I read in the newspapers that the Prime Minister is reported to have said, "Two years we have waited. Can't we wait at least two months?" I submit to my honourable Congress friends that "I am prepared to call you as the National Congress hereafter" because the Supreme Court judgement is very clear. I am not prepared to call Shri Morarji Desai's party or anybody's party as Congress (O) or as Congress because it is a very clear verdict of the Supreme Court that yours is the National Congress.

To the youngsters of the National Congress, I want to submit one thing. As to what you have done on 13th and 14th, would it not denigrate the image of this country as well as of the Prime Minister? Who did it? The "Mukti Bahini" of the Congress Party adopted guerrilla warfare

and occupied the territory which had been illegally or otherwise occupied by some other forces. I am very sorry to say that the leaders of the guerrilla warfare, the urchins, the goondas, are not ordinary people. Shri Shankar Dayal Sharma is not an ordinary man. While I was in West Germany, I had a talk with the Secretary of the Socialist party there and he mentioned to me, "I met one intellectual, a giant." I asked him the name of that person and he said, "I met Shri Shankar Dayal Sharma." I am disappointed now. I never expected that he would undertake this fantastic job. The second man who is my good friend is Shri Chandrajit Yadav, a very energetic and dynamic man. He is a very sober element in the Congress party. Such a man also undertook this guerrilla warfare. The third man is my very good friend, Shri Shashi Bhushan...

AN HON. MEMBER: He was not there. (*Interruptions*).

SHRI K. MANOHARAN: I am very glad that Shri Shashi Bhushan is disowning his responsibility and if Shri Shashi Bhushan had been there, it would not have produced in me the maximum surprise. Is it fair? I am asking you. Is it fair on the part of responsible leaders of the National Congress to have under-taken this kind of a step? All the papers every day, you know, for the past two days, *i. e.* 13th and 14th—to-day also I have seen all the papers and read the leading articles and editorials—condemned the action of the National Congress. One paper wrote that it was a disgraceful affair. Another wrote an editorial stating 'arrogance of power'. So, all papers unequivocally condemned, if I may be permitted to say so, the hooliganism of not a political party, but engineered by a particular section in that particular Party... (*Interruptions*). I am very sorry for I expected the Prime Minister—I entirely agree and endorse the view expressed by my friend, Mr. S. M. Banerjee—would have been here listening to the debate and she would immediately issue a statement stating, 'I am very sorry about it.' That statement did not appear so far in any paper.

"What is your suggestion?" you may ask me. I am not much worried about to whom

[Shri K. Manoharan]

7, Jantar Mantar Road belongs or how much it is worth about. I don't know. I did not have any opportunity to visit that building. I think it will never happen to me also. What I say is, 'Can't you wait?' You have got a wonderful case on your side. Can't you exercise caution? Can't you exercise patience? And you are the people having 350 members in this House and it is established beyond doubt that yours is the only party which could rule the country and the Prime Minister, Shrimati Indira Gandhi, has proved herself that she is the only lady who could deliver the goods. In spite of all this, what I expected of you was that in your speeches, bellicosity should be eschewed. The hon. Lady speaker—I heard something of her speech. I have got the greatest admiration for her and she has delivered a fiery speech to-day. Is it necessary?

While I am admiring you, I am pitying Mr. Morarji Desai and his Party. That is the factual position. While he spoke, he created pathos in us. But while she spoke, she spoke nothing but arrogance and an element of arrogance. I would request you to consider this case. What is the solution? You may ask me. I don't like to take up the role of a mediator here. If I am accepted, I have got pleasure to do that. But offering myself as a mediator and thinking myself as a mediator...

SHRI ATAL BIHARI VAJPAYEE :
They won't accept you.

SHRI K. MANOHARAN : I don't mind that.

I would suggest that the Prime Minister should immediately give instructions to the Congress President to visit Mr. Sadiq Ali and request him to end the fast. This is No. 1, No. 2, the occupied forces must be withdrawn from the territory. And No. 3, I request Mr. Morarji Desai—I can never share his political or economic views or anything else, but I have in my life never criticised him—is a leader of the country and there is Mr. Mahavir Tyagi. These are

people who have contributed the maximum for the liberation struggle for India's independence. And to think of such people being bodily lifted and thrown into the gutter and streets by yesterday's entrants, the ruling party...(Interruptions) I am sorry.

The third point is, Mr. Morarji Desai is a sober man. At least after he came to the opposition, he is still more sober. I request him one thing. Considering the Supreme Court judgment, do you think it is fair on your part to stick to the property which belongs to the other political party? So, immediately and hurriedly you convene your disorganised party and then and there decide, 'We must uphold and respect the judgment of the Supreme Court. Therefore, it is our duty, without going to the court and wasting the time, to hand over the property to the National Congress.' That is this Party.

Let me quote one incident; I wish that such incidents would be followed hereafter by any political party. That is this. Differences are bound to occur; split is bound to appear; parties may split. It is like that in any party. We, in our party, separated ourselves from the parent party, the Dravida Kazhagam. While we separated, the same position existed. While the Congress was divided into two—the Indira Congress which was the majority party and the party which was led by Mr. Nijalingappa was a magnificently zero party, everybody knows it,—what happened in our party in Tamil Nadu was this. Our party in Tamil Nadu could have occupied the properties; we could have adopted guerilla tactics. But my leader, Mr. Annadurai—the true Gandhian of the era,—said, "Let us not waste our energy through going to the Court, let us leave the property to the leader of the party, Mr. E. V. Ramaswami Naicker. Let us concentrate our attention on building our own party." I expected such kind of magnanimity from them, but I am sure, it will never come.

From the newspaper reports I learn that Mr. Sadiq Ali has lost 4 lbs. He is not

quite healthy, he has got some complicated disease. I was told about this and his wife's letter has been read by Mr. Morarji Desai. If it is true, if she has been manhandled, no civilized nation can tolerate it. If she wanted to get there to see her husband and she is prevented,—if that is true,—no civilised nation can tolerate it. I am speaking with a passion, with a feeling, to my young congress friends, who are enjoying the status of a national congress, to do this immediately, namely, to convene immediately a conference or a meeting of their party and see that the fast is ended, so that we may save the life of Mr. Sadiq Ali. I did not have the opportunity to see him. I do not know whether he is black or brown or white. But I have heard a lot about Mr. Sadiq Ali, and his association with Pandit Jawaharlal Nehru's family. I have got the highest respect for Shri Morarji Desai, and my highest regard to him. Therefore, I wish to say that this sort of political civilisation we must try to evolve.

Before concluding, once again, I request the Prime Minister to give instruction to the National Congress Leader President Sanjivayya to visit Jantar Mantar Road—with police protection or otherwise—to request Shri Sadiq Ali to end his fast and start negotiations immediately to see that the dispute is ended.

We have got umpteen works to do. The whole attention of the nation is on the borderside. That you should not forget. We should discharge our responsibility in a manner which we are expected of doing. Let us behave like civilised politicians. Let us behave like civilised administrators. Let us behave like civilised parliamentarians. I hope, without siding any political party, I have submitted my viewpoints. If they are accepted, do accept them; if they are to be rejected,—if you cannot accept them, reject them, with your own pleasure. That much I would say. Thank you.

SHRI VAYALAR RAVI (Chirayinkil) : I have been patiently hearing Shri Morarji Desai who moved the motion. He was preaching about democracy and democratic principles. While hearing his speech I was

reminded of the character of Shakespeare, King Lear. King Lear gave up his kingdom; he was in the last days of his life; but he was trying to dictate when nobody would listen to him. He was a lunatic. Shri Morarji Desai thinks that he belongs to the old party with so much of tradition and that he has got the power and support of the people, but he has been rejected by the people during the last mid-term poll. He is presenting a case which has no basis or background. He said about democracy and democratic principles. What does he mean by democracy? Is it illegal occupation of the office of a national political party and using the goodwill and name of a national party, which has national reputation in this country?

18.00 hrs.

We are living in a democracy. But it is a mockery of the political democracy which he and his party have indulged in. Shri Morarji Desai and his political party have been rejected by the people of this country not once but many times. They had presented a very pitiable picture in this country during the mid-term poll. Now, they have been rejected also by the highest pedestal of the judiciary. The great temple of justice has rejected their case. Still, they are occupying the office of the political party which has been accepted by the people. It is not just 7, Jantar Mantar Road, but it is the office of a political party. The question is what that political party is. The question is whether it is the office of a political party, and if so, of which political party. I say that it is the office of a political party and that political party is the Congress. Again, the question comes which Congress it is. I say that it is that Congress to which I belong and not the Congress to which Shri Morarji Desai belongs. It is his party which is in illegal occupation of our office, and they have been in illegal occupation of it for a long time.

I would like to point out also that our youth congress office was also located there. That room had been locked by these disciples of democracy. Shri Morarji Desai's great friend who is now going on fast, Mr.

[Shri Vayalar Ravi]

Sadiq Ali, had locked my office, namely the youth congress office two years ago. And we had to have it opened by force. What else could we do? There was no police to help us at that time. The police were there at that time also, but they did not help us. They did not do anything to restore the youth congress office to our possession. And our party people had to go on fast in those days.

Is it democracy to lock the office of a huge organisation? And yet that has been done by the political party to which Shri Morarji Desai belongs. Then, they had collected also Shri Atal Bihari Vajpayee's militia. The RSS people had come there with lathis to protect their own alleged syndicate. That was what had happened. Still, I am glad that the police had done a great thing. Shri Morarji Desai is complaining and Shri Atal Bihari Vajpayee is complaining that the RSS people were not allowed to enter into the campus and beat into the new building. I say that the police did a great thing, because they had prevented a big chaos and they had prevented a big clash there. Otherwise, the RSS would have marched in with their arms and lathis; the RSS goondas would have marched in there. But the police prevented them. Shri Atal Bihari Vajpayee thought that he could enter 7, Jantar Mantar Road with his RSS goondas...

SHRI ATAL BIHARI VAJPAYEE : Nonsense.

SHRI HAMENDRA SINGH BANERA (Bhilwara) : Nonsense. Let him shut up. (*Interruptions*).

SHRI VAYALAR RAVI : Let him not get provoked...

SHRI ATAL BIHARI VAJPAYEE : What is he talking about? I went there with Members of Parliament.

SHRI VAYALAR RAVI : He came there with the RSS people. I am speaking on the basis of the press report, and I can show him the press report.

SHRI ATAL BIHARI VAJPAYEE
He should have a sense of proportion.

SHRI VAYALAR RAVI : Let him not get agitated. It is a fact...

श्री अटल बिहारी वाजपेयी : अगर आर० एस० एस० वाले वहाँ होते तो आप अन्दर नहीं घुस सकते थे। अगर हमारे आफिस पर कब्जा करके आप दिखाएँ तो हम आपको बताएँगे कि क्या होता है कब्जा करना। आर० एस० एस० की बात करते हैं? कुछ तो शर्म करो। यह कोई तरीका है?

SHRI VAYALAR RAVI : I am sorry I did not follow what he said. I am glad that Shri Atal Bihari Vajpayee is now disowning the RSS : I am glad that he is saying that he has no concern with the RSS...

SHRI ATAL BIHARI VAJPAYEE : I have connections with the RSS. I am connected with the RSS. So, what?

SHRI VAYALAR RAVI : We know what the RSS is. It was the RSS which disintegrated this country. The RSS is anti-national. I do not want to enter into that dispute now. So, I do not want to go into all that.

श्री जगन्नाथ राव जोशी (शाजापूर) : उपाध्यक्ष महोदय, यह इसमें कैसे आया—आर० एस० एस० एंटी नेशनल है, डिसेंट्रीगेशन और यह सब यह कैसे बोल रहे हैं?

Are we entering into the merits of all this now? Are we now going into the question of which party disintegrated this country?

SHRI VAYALAR RAVI : Then, Shri A. K. Gopalan was speaking about Kerala...

SHRI JAGANNATHRAO JOSHI : I would like to know as a Member of the

House whether Members could keep on speaking about the RSS and we should go on listening to it. He talked about RSS goondas. What goondaism was committed there? Who was there? Our leader was there. Some Members of Parliament were there. So, let not the hon. Member go on making baseless allegations for nothing. I challenge him to say who signed on that partition pledge. Was it the RSS leader or was it Pandit Jawaharlal Nehru who was his own leader? And yet he has got the check to speak like that.

We will not tolerate these things. He is free to say what he wants about Jantar Mantar. But let him not make baseless allegations against the RSS by saying it is 'anti-national'. What does he mean by 'anti-national'? These are just baseless allegations for nothing.

MR. DEPUTY-SPEAKER : What he has said is on record. That is enough.

I would request the hon. Member not to deflect from the main subject and raise unnecessary controversy. We have already exceeded our time and we have to conclude this today.

SHRI VAYALAR RAVI : Shri A. K. Gopalan referred to the rule of law. I would be very happy if he would advise his own party to surrender the Alleppey party office to the CPI. The matter went to court and the High Court of Kerala gave a verdict in favour of the CPI. But still the CPI(M) are occupying the Alleppey office illegally. So Shri Gopalan should advise his party to give up possession of the Alleppey office.

Shri Gopalan spoke about the sanctity of the rule of law. Can he deny that during the regime of Shri Namboodiripad several atrocities were committed?

MR. DEPUTY-SPEAKER : We are straying far away from the subject proper.

SHRI VAYALAR RAVI : The rule of law was subverted when Shri Namboodiripad was the Chief Minister. So let him not talk

about it to us. I do say that what the Congress has done is the right thing because the office promises belong to us.

श्री अटल बिहारी वाजपेयी (ग्वालियर) :
उपाध्यक्ष जी, मत्तारूढ़ दल के सदस्यों के भाषण सुन कर मुझे बड़ा दुःख हुआ है। जन्तर-मन्तर रोड पर जो कुछ हुआ, वह तो निन्दनीय है ही, लेकिन उसके औचित्य को सिद्ध करना, उसको सही बताना, जो कुछ वहाँ पर गुण्डा-गर्दी की गई उसके समर्थन में इस सदन में भाषण देना, उस पाप को और भी ज्यादा बढ़ा चढ़ा कर पेश करना है।

जो कुछ भी वहाँ पर हुआ है, उपाध्यक्ष महोदय, कोई भी ईमानदार कांग्रेसी उसका समर्थन नहीं कर सकता। सदन के बाहर मैंने कई प्रमुख लोगों से बात की है, उनके नाम लेने की आवश्यकता नहीं है, वे इस बात को स्वीकार करते हैं कि जो कुछ हुआ है, वह नहीं होना चाहिए था। क्या हम इमारतों के लिए लड़ेंगे? एक तरफ मत्तारूढ़ दल दावा करता है कि जनता उसके साथ है, संसद में भारी भरकम बहुमत है, सर्वोच्च न्यायालय ने उसके पक्ष में निर्णय दे दिया है, लेकिन फिर भी वे जन्तर-मन्तर की इमारत के लिये लड़ रहे हैं। जो कानून बनानेवाले हैं, उन्होंने ही कानून को तोड़ा है। जो जनता से अनुशासन की आशा करते हैं, उन्होंने ही अनुशासनहीनता का निन्दनीय प्रदर्शन किया है। जिन पर कानून और विधि का राज्य कायम करने की जिम्मेदारी है, उन्होंने ही उस कानून के राज्य के अन्त का आरम्भ किया है। क्या कोई इस बात का समर्थन कर सकता है?

मान लीजिये, कांग्रेस संगठन वहाँ गलत तरीके से बैठा था, लेकिन गलत तरीके से बैठने वाले किरायेदार को भी आज मकान मालिक निकाल नहीं सकता। उसके लिये अदालत से इजाजत लेनी होगी और उसके बाद भी वह काम पुलिस कर सकती है, लेकिन यहाँ तो

[श्री अटल बिहारी वाजपेयी]

आप जबरदस्ती घुस गये और वरिष्ठ नेताओं के साथ दुर्व्यवहार किया गया...

SHRI H. K. L. BHAGAT: On a point of order. When the Speaker permitted this motion, he made it absolutely clear that the circumstances resulting in the Jantar Mantar episode would not be discussed as they are *sub-judice*. But Shri Vajpayee is directly discussing them. He is speaking against the clear instructions of the Speaker. The Speaker also said that if these were discussed he would stop the discussion.

MR. DEPUTY-SPEAKER: I should expect everybody to observe that direction, but I do not think it has been observed by many. All I can do is to appeal to members to be dignified and restrained in their observations. We have heard some very constructive speeches in the midst of this confusion and indignation.

I would request everybody to cooperate in this.

SHRI K. S. CHAVDA (Patan): This side observes the rules while that side does not.

श्री अटल बिहारी वाजपेयी: उपाध्यक्ष महोदय, तथ्यों को कैसे झुठलाया जा सकता है। क्या कोई इस बात से इन्कार कर सकता है कि 7, जन्तर-मन्तर रोड पर पहले कांग्रेस संगठन का कब्जा था? आप यह कह सकते हैं कि सर्वोच्च न्यायालय के निर्णय के बाद उन्हें अपने आप वह दे देना चाहिये था, लेकिन अगर वहाँ पर उनका कब्जा नहीं था तो आप को वहाँ जाने की जरूरत ही नहीं थी, आप। उनको हटाने के लिए वहाँ गये और उस कब्जे को हटाने में कांग्रेस संगठन के नेताओं के साथ दुर्व्यवहार हुआ, इससे कोई इन्कार नहीं कर सकता। क्या आप चाहते हैं कि हम श्री सादिक अली की ईमानदारी पर शक करें? वह कल तक आप के साथ थे। उनको हमने कांग्रेस

संगठन के नेता के रूप में देखा है, वह आजादी की लड़ाई के सेनानी के रूप में हमारे सामने आये और आज वह भूख-हड़ताल कर रहे हैं और यहाँ उनका मज़ाक बनाया जा रहा है। अगर सत्तारूढ़ दल अपने दल के सहयोगियों के साथ ऐसा व्यवहार कर सकता है तो अपने विरोधियों के साथ कैसा व्यवहार करेगा, इसका अन्दाज़ा लगाया जा सकता है।

सत्तारूढ़ दल ने, जो संविधान में विश्वास नहीं करते, जिनकी लोकतंत्र में निष्ठा नहीं है, आज उन्हें इस सदन में खड़े होकर यह कहने का मौका दे दिया कि हम जो कुछ कर रहे हैं, वह ठीक कर रहे हैं। आज यह तर्क दिया जा रहा है कि कर्मचारियों ने हमको निमंत्रण दिया था कि आप इस भवन में आ जाइये और हम उनका निमंत्रण स्वीकार करके भवन में चले गये। उपाध्यक्ष महोदय, मेरे घर में एक कर्मचारी है, वह गरीब आदमी है, उस को खरीदने की शक्ति उधर बँटे हुए महानुभाव रखते हैं। कही ये उसको अपनी तरफ लेकर उससे पत्र लिखवाने तो मुझे डर है कि कहीं 1, फीरोज़शाह रोड पर भी ये लोग कब्जा न कर लें। यह कहना कि हम कर्मचारियों के निमंत्रण पर वहाँ गये थे—यह तर्क मालवीय जी दे रहे हैं, यह तर्क सत्तारूढ़ दल की तरफ से दिया जा रहा है, कोई भी एक सदस्य ऐसा खड़ा नहीं हुआ, मुझे दुख है, जो यह कहता कि जो कुछ हुआ, वह गलत हुआ, अत्यधिक उत्साह में हो गया, नहीं होना चाहिये था।

कल प्रधान मंत्री ने अपील की है देश की जनता से एकता की, कल प्रधान मंत्री ने अपील की है राजनीतिक दलों से सहयोग की—क्या यह सहयोग लेने का तरीका है? क्या यह देश की जनता में लोकतंत्र के लिये निष्ठा बनाये रखने का ढंग है? मालवीय जी मूल्यों की बात कह रहे थे—कौन से मूल्य? जबरदस्ती किसी

इमारत पर कब्जा कर लेना, यह किसी मूल्य की रक्षा करना नहीं है। यह देश में फासिस्टवाद का प्रारम्भ है और याद रखिये आप इसे प्रारम्भ कर सकते हैं, लेकिन जो दैत्य जगाया जा रहा है, वह आपको ही खायेगा। यह भस्मासुर जगाया जा रहा है, अलोकतंत्रवादियों के हाथ में यह खेल खेला जा रहा है। कल तक हम सोचते थे कि पश्चिम बंगाल में ही ऐसा हो रहा है और सारा सदन उसकी निन्दा करता था, लेकिन अब तो भारत की राजधानी में, केन्द्रीय सरकार की नाक के नीचे, पुलिस को निष्क्रिय रख कर ऐसा हो रहा है।

कल पुलिस सक्रिय हो गई थी, अकालियों पर टीअर-गैस छोड़ने के समय पुलिस की निष्क्रियता कहाँ भाग गई। जब शान्त सत्याग्रहियों पर गोली चलाने का मौका आता है, तब दिल्ली की पुलिस शान्त बनाये रखने की चिन्ता नहीं करती। विरोधी दलों के प्रदर्शनों के साथ पटेल चौक में क्या व्यवहार हुआ है, यह सदन भूला नहीं है, देश भूला नहीं है। पुलिस हस्तक्षेप कर सकती थी, पुलिस जो जबरदस्ती घुस गई थी, उनको रोक सकती थी, लेकिन पुलिस तो निष्क्रिय कर दी गई थी, कानून और व्यवस्था को अपंग बना दिया गया था और आज नैतिकता की आवाज भी सदन में सुनाई नहीं देती। एक आशा की किरण है, मैं नहीं जानता प्रधान मंत्री जी सदन में क्यों नहीं हैं, मैं नहीं जानता उन्होंने अपनी नाराजगी प्रकट की है या नहीं की है। लेकिन अखबारवाले कहते हैं, अखबारों में खबर छपी है और कुछ वरिष्ठ नेताओं से भी मेरी बात हुई है, उन्हें यह भी अच्छा नहीं लगा है, लेकिन कोई बोलता नहीं है, किसी आदमी की आवाज सुनाई नहीं देती है। यह देश के भविष्य के लिये अच्छा नहीं है। अखबारों ने लिखा है—ये कोई जनसंघ के अखबार नहीं हैं—

Arrogance of power — Hindustan Times

A disgraceful affair — Times of India
Disgraceful — Indian Express

मैं इण्डियन एक्सप्रेस के एक अंश को यहाँ उद्धृत करना चाहता हूँ, यह आज का ही अंक है—

“The action of the political hooligans who took the law into their own hands ignoring the judgment of the Supreme Court in effect constitutes contempt of the highest judicial tribunal in this country. The perpetrators of this mischief cannot be allowed to get off unscathed. Public opinion irrespective of party should unreservedly condemn this outrage. If not condemned it will mark the beginning of the end of law and order in this country.”

उपाध्यक्ष महोदय, कितनी झूठी बात कही जा रही है कि जन्तर-मन्तर की रक्षा आर० एस० एस० वाले कर रहे हैं। इन्हें आर० एस० एस० वाले सभी जगह दिखाई देने हैं। कम को हर जगह कृष्ण ही दिखाई देने थे। आर० एस० एस० वाले होने तो आप घुस नहीं सकते थे। मैं गया था जन्तर-मन्तर तीन पार्लियामेंट के मेम्बरों के साथ और पुलिस ने मुझे जाने नहीं दिया। अभी हमारे पार्लियामेंट के मेम्बर श्री वीरेन्द्र अग्रवाल वहाँ गए थे, उन्हें इंडीकेट के समर्थकों ने, इंडियन नेशनल कांग्रेस के समर्थकों ने पीटा, उनको मारा-पीटा और उनका वोट फाड़ दिया।... (व्यवधान)... अभी-अभी जन्तर-मन्तर पर ये घटना हो रही है। ये लोग जिन्हें कांग्रेस का समर्थक कहा जा रहा है, उन्हें भी मैंने देखा था, वे जन्तर-मन्तर पर कब्जा करने के बाद ट्विस्ट कर रहे थे। ये ट्विस्ट करने वाले कांग्रेस में कब आये? वे अपना ट्विस्ट नहीं कर रहे थे, वे कांग्रेस पार्टी का ट्विस्ट कर रहे हैं, वे लोक तंत्र का ट्विस्ट कर रहे हैं। मेरा आपसे निवेदन है कि भस्मासुर मत जगाइये, सत्ता के संघर्ष में भी कुछ मूल्यों की रक्षा करिये। अभी भी कुछ बिगड़ा नहीं है, आप जन्तर-मन्तर छोड़ सकते हैं। आपने नं० 5,

[श्री अटल बिहारी वाजपेयी]

राजेन्द्र प्रसाद रोड ले ली है। आप जो भी बिल्डिंग चाहें ले सकते हैं। हुक्मत आपकी है। मगर सत्ता का दुरुपयोग करना, सत्ता के नशे में चूर होने का परिचय देना, जनमत की खुली अवज्ञा करना, इस संकट की घड़ी में मुझे लगता है देश का भविष्य आपके हाथों में सुरक्षित नहीं है। मैं भी प्रधान मंत्री से अपील करना चाहता हूँ कि वे अपने सहयोगियों से कहें कि वे जन्तर-मन्तर छोड़ दें। जब आप जनता के दिलों पर अधिकार कर रहे हैं तो आप इमारत के पीछे मत लड़िये। यह देश एक बड़ी लड़ाई लड़ रहा है। सीमा पर संकट है। याह्या खाँ से लड़िए, सादिक अली से नहीं। बंगला देश मुक्त करिए, जन्तर-मन्तर रोड का भवन नहीं। लेकिन याह्या खाँ से निपटने के लिए जिनके हाथ फूलते हैं वे सादिक अली को भूख हड़ताल करके अपनी जान देने के लिए मजबूर कर रहे हैं। यह गलती हुई है। इसका प्रायश्चित्त होना चाहिये। एक अपराध किया गया है जिसके लिए क्षमा मांगी जानी चाहिए। लेकिन इसका औचित्य सिद्ध करके झूठे आरोप लगाकर, आर० एस० एस० को घुसेड़कर और यह कहकर कि मैं गया था आर० एस० एस० वालों को लेकर, इससे आपके अपराध की गुरुता कम नहीं होगी। मैं चाहता हूँ कि जो गलती की गई है उसको अभी भी सुधारा जा सकता है और इस देश के वातावरण को बिगड़ने से रोका जा सकता है।

THE MINISTER OF EDUCATION AND SOCIAL WELFARE AND MINISTER OF DEPARTMENT OF CULTURE (SHRI SIDDHARTHA SHANKAR RAY) : I have to be very respectful to Shri Morarji Desai and I am not certainly going to make any attack personal or otherwise in so far as he is concerned. After all I cannot forget that he belonged to the Congress when my grandfather was also in the Congress. Therefore, I shall treat him with the utmost respect possible. I shall even thank him for

having brought this motion for I shall presently say that by doing so he has allowed us, at least allowed me, to raise a matter of principle affecting persons in politics. It is of course not mentioned in the motion, but in view of the wide nature of the language used in the motion, fortunately I can take this up, and that is this, how should persons in politics really behave? In what way should people who believe in democracy, who say that they believe in the rule of law, really behave when certain circumstances actually occur? I shall in fact while saying this be making an appeal to Shri Morarji Desai. He says he is a Gandhian, he says he is a democrat, he says that he believes in truth, non-violence and justice. In the name of non-violence, in the name of truth, in the name of justice, in the name of democracy and in the name of all that is honourable in public life I shall be making one appeal to him after I have given him certain facts.

I am speaking as a Congressman. Fortunately, I was born in a Congress family. I am not talking of other parties. I am only talking of those who say that they are Congressmen. We were brought up as children on this belief that the Congress and the people were absolutely connected with each other and they are not separate. Whatever the people say, the Congress must do, because Congress is the people's party. People's wishes have to be respected. People's desires have to be honoured. People's aims and ambitions have to be fulfilled. That is the duty of the Congress. Never as children, never as school boys, never as youth, did we differentiate between the people and the Congress. I therefore ask Mr. Morarji Desai one question : During the last election you went to the people saying that you were the Congress. Didn't you? We went to the people saying, we were the Congress. That was a very sad dispute, which certainly troubled many of us. It was heart-rending to see the Congress being divided in that particular manner, but nevertheless, there was a dispute. We believed that we were the Congress, because we wanted to implement the policies of the Congress, which we

thought those who belonged to the other section did not implement and did not want to implement. I have addressed more than a hundred meetings in Bengal saying, we are the Congress which was born in 1885 and we are seeking your support, we told the people, because we are the only Congress Mr. Morarji Desai, Mr. S. K. Patil Mr. Atulya Ghosh and every one of them told the people. "No; they are wrong. We are the Congress." What did the people say? In Bihar you won 3 Lok Sabha seats, in Tamil Nadu 1, in U. P. 1, in Gujarat 11... *(Interruptions)*.

AN HON. MEMBER : It is irrelevant.

SHRI SIDDHARTHA SHANKAR RAY: This is very relevant. In Bombay 0, in West Bengal 0, in Orissa 0, in Haryana 0... *(Interruptions)*.

MR. DEPUTY-SPEAKER : If it is a question of relevance, the motion is about failure of the Delhi Police. I think we have been talking of everything else but this. I am not talking about the speech of Mr. Ray. Everybody has gone out of that subject. Therefore, the question of relevance cannot be raised now. *(Interruptions)*.

SHRI SIDDHARTHA SHANKAR RAY : You are quite right when you said that it related to Delhi Police, but if you look at the latter part of the motion, it is couched in such wide language that everything was possible. If the opposition does not like to hear the story of the zero, very well; I shall stop; I shall not repeat that in practically every State, excepting three, Shri Morarji's party did not obtained any seat whatsoever. What I was, therefore, saying was that the people have refused to accept that he was the Congress. If he is true Gandhian, if he believes in truth, in justice he will have the courage to say "we are not the Congress we are vacating and giving up everything that is Congress property; we are giving up everything that belongs to the Congress."

SHRI ATAL BIHARI VAJPAYEE : Then you will capture it ?

SHRI SIDDHARTHA SHANKAR RAY: No, I am not on that. I am coming to that later on. I am trying to raise this debate to a higher level... *(Interruptions)*. This can happen to any one of us to any party. It can happen even to our own party and we want a precedent to be set up. When Shri Morarji replies, I want him to say whether he still says that the people have accepted him as the leader of the Congress, or his party as the Indian National Congress. Does he still say that the people of India have accepted him as the Congress of Mahatma Gandhi or Pandit Jawaharlal Nehru ? Does he still say that the people have accepted him as the leader of that Congress which was born in 1885 ? They have said "No". Yet, if he still says so, I have to say very regretfully that he is not democratic, he has no regard for democratic values, he is a dictator, he has no regard for truth, he has no regard for Gandhism and he has no regard for democracy ... *(Interruptions)*. The Supreme Court judgment has been misunderstood... *(Interruptions)* The Supreme Court judgment has not been read in detail by hon. Members. I make this very humble request to Shri Morarji to read the judgment in its proper perspective.

I had the pleasure, privilege and honour of conducting this case before the Chief Election Commissioner when it was being tried before him for months together. Shri Mishra was also there. I knew that the question of property was not there because it was not one of the matters which was within the jurisdiction of the Election Commission. There the question was only of the symbol, but our argument was that the principles which will apply for the purpose of deciding the question of property will have to be applied for the purpose of deciding about symbol also. Let us see what the Supreme Court has said... *(Interruptions)*.

SHRI NATWARLAL PATEL (Mehsana) : The judgment does not mention any such thing. The Minister is not expected to give false information... *(Interruptions)*

SHRI SIDDHARTHA SHANKAR RAY : I can give him information, but I cannot give him intelligence.

[Shri Siddhartha Shankar Ray]

The hon. Member said that no question of property was determined. But our argument was on the same basis and the same legal principles were involved. It was argued before the Supreme Court...*(Interruptions)*. These are the people who say that law and order should be maintained...*(Interruptions)*.

SHRI NATWARLAL PATEL : Let him go to Bengal and try to maintain order there...*(Interruptions)*.

MR. DEPUTY-SPEAKER : Let us have order so that everyone can hear him. The hon. Member may not like what the Minister says but how can he prevent him from saying that ?

SHRI NATWARLAL PATEL : He cannot give wrong statements.

MR. DEPUTY-SPEAKER : Order, order.

SHRI SIDDHARTHA SHANKAR RAY : I was saying that before the Supreme Court it was contended by Shri Morarji Desai's party that they were in the majority in the Working Committee and, therefore, they formed the majority, and that the majority in the AICC and among the delegates should not be taken into consideration, what should only be taken into consideration was the majority in the Working Committee—a very democratic argument ! That was dealt with by the Supreme Court in the following language—I am reading from the Supreme Court judgment :

“In view of the fact that the wishes of the majority of the members of the AICC as well as the delegates have been ascertained, we find it difficult to accede to the contention that the majority enjoyed by Congress ‘O’ against Congress ‘J’ in the Working Committee should carry so much weight as to outweigh the majority support obtained by Congress ‘J’ amongst the delegates and the members of the AICC. In any case, we find that against the slender majority enjoyed by Congress

‘O’ in the Working Committee, Congress ‘J’ had substantial majority amongst the members of the AICC and the delegates as well as the Congress members of two Houses of Parliament as also the sum total of members of the State Legislatures.”

This is one finding of the Supreme Court. The other finding of the Supreme Court is this. The Supreme Court has not found us as a section of the party having majority. The Supreme Court has found us to be that section of the party which is the Indian National Congress. I am reading from page 27 of the judgment :

“The allotment of a symbol to the candidates set up by a political party is a legal right and in case of split, the Commission has been authorised to determine which of the rival groups or sections is the party which was entitled to the symbol.”

MR. DEPUTY-SPEAKER : What you are trying to establish is well known and accepted by the majority of the House.

SHRI SIDDHARTHA SHANKAR RAY : I am trying to disabuse the minds of certain hon. Members who were thinking that in so far as the people were concerned and in so far as the Supreme Court was concerned, they had, both the people and the Supreme Court, given a judgment which was not very clear. I want to make it absolutely clear that there is no doubt about that. The Supreme Court said :

“The Commission.....*(Interruptions)* in resolving this dispute does not decide as to which group represents the party but which group is that party.”

The Supreme Court held that the Commission rightly decided that our group was the party, was the Indian National Congress.

I am not appealing to anybody else. I am appealing to Shri Morarji Desai and his conscience if he still has any. My appeal

to you is, in the name of Gandhism.....
(Interruptions)

SHRI K. MANOHARAN : I respectfully submit, please tell us or convince us : Has Mr. Morarji Desai ever repudiated the contention that you are making today ? Never.

SHRI SIDDHARTHA SHANKAR RAY : He has. I am very happy that the leader of the D. M. K. party has raised a very important question. I am grateful to him. He has recognised the force of the argument. But he still thinks that Mr. Morarji Desai has accepted that. Will Mr. Morarji Desai say that we are the Indian National Congress ? You are saying : Has he ever repudiated it ? Let him say that we are the Indian National Congress.
(Interruption).

MR. DEPUTY-SPEAKER : Order, order Whatever Mr. Morarji Desai will say, he will say when he replies to the debate. Kindly be brief now.

SHRI ATAL BIHARI VAJPAYEE : Is he prepared to say that his party men did the wrong thing ?

SHRI SIDDHARTHA SHANKAR RAY : I have never in my life judged a case before the Judge has judged it. The entire case is before the court. I am not going to say a word with regard to that. I have never done it. But you, Mr. Morarji Desai, you, Mr. Atal Bihari Vajpayee, and some others did refer to facts which are pending before the court. Is that respect for the judiciary ? You have gone into the merits of the case which is pending before the court.

SHRI HAMENDRA SINGH BANERA : You are doing it. You are a Minister, you are an advocate. You are doing it.
(Interruptions).

SHRI SIDDHARTHA SHANKAR RAY : Therefore, I am not deliberately going to refer to the merits of the case or to the facts of the case which is before the court. What Mr. Morarji Desai has said

has been stoutly denied by many. I do not know what the facts are. Unlike Mr. Morarji Desai, nobody writes me letters in secret. Therefore, I do not know what the facts are. The facts are before the court. Tomorrow is the hearing. Do you expect that with all my experience in the courts of law, I would venture to say something now with regard to facts which are pending before the court ? I have that much respect for law which none of you have, it seems. I am sorry I have to say these things.

With regard to the other things, I could not say anything, because if we went into the police action and anything else, we would really be debating the merits of the case which is pending before a court of law. Therefore, all that we can put forward is a political argument and an appeal to Mr. Morarji Desai to publicly declare, in his reply, as suggested by the leader of the D. M. K. party, that you are not the Indian National Congress and that we are the Indian National Congress and we should be recognised as such.

MR. DEPUTY-SPEAKER : Shri Frank Anthony.

SHRI S. M. BANERJEE : Let us adjourn now. It is already 6.30 P. M. The debate can continue tomorrow.

MR. DEPUTY-SPEAKER : I personally feel it will not be advisable to continue till tomorrow. We have two or three speakers. If the rest of the speakers co-operate, we will conclude it today.

SHRI FRANK ANTHONY (Nominated-Anglo-Indians) : Mr. Deputy-Speaker, Sir, I shall obey your injunction and be very brief.

I am sorry the Prime Minister is not here and, frankly, I had hoped that she would make some sort of an act of contrition, whether it was an apology or not, on behalf of her party and drawn curtain over what I consider an extremely sordid incident.

I was a little surprised. My learned friend, Mr. Siddhartha Shankar Ray, as a

[Shri Frank Anthony]

senior lawyer, I didn't think, would even attempt to get up and defend a palpably indefensible case. His was, if I may say so, a very special exercise in irrelevance.

As far as I could see, I have just read the report and the relevant excerpts, I am trying to put the matter in focus. What the Supreme Court has said is. It said advisedly that property is not being adjudicated upon and in fact, they gave what was in the nature of an injunction that any dispute as regards property would have to be adjudicated upon in the proper civil courts. That was the crux of the matter.

Now, Sir, I am sorry, friends of ours and also on that side tried to defend this. I do not know. Most of them are laymen. Apparently, one or two are supposed to know the law. What is the legal position? It is axiomatic and it is elementary-proceedings under Sec. 145. Under Sec. 145 the court is not concerned with the merits so far as title is concerned. It is not even concerned with the merits so far as rightful possession is concerned. Under Sec. 145, I hope at least Mr. Siddhartha Shankar Ray will agree with me, even a trespasser who has been in continuous possession for two months prior to the incident cannot be dispossessed. He cannot be removed.

SHRI H. K. L. BHAGAT : I am rising on a point of order, Sir...*(Interruptions)*. He is going into the merits of the case.

SHRI FRANK ANTHONY : You don't understand. This is not the merit. *(Interruptions)*.

MR. DEPUTY-SPEAKER : What I understand is that he is trying to put the whole thing in focus. I don't think he has said this merit and that merit.

SHRI H. K. L. BHAGAT : He is arguing on court case.

SHRI FRANK ANTHONY : That is the law. I am accepting that the Congress (I) is the Congress. They are the only

Congress. They are the National Congress. They are the super-national Congress. I accept all that, I also accept that Congress (O) is nothing at all. But, surely, the legal position must outrage the conscience of Mr. Siddhartha Shankar Ray...

SHRI ATAL BIHARI VAJPAYEE
He has no conscience.

SHRI FRANK ANTHONY : And people have condemned that. With a rare unanimity the Press has said that it was a disgraceful affair...*(Interruptions)*. Here, I am dealing with laymen.

SHRI NARSINGH NARAIN PANDEY : Nobody is a more layman than the hon. Member...*(Interruptions)*

MR. DEPUTY-SPEAKER : Please hear me first. I would request hon. Members not to interrupt. I am prepared to hear only points of order. If you think you have a point of order, you are welcome to raise it. Don't just interrupt and make noise.

SHRI FRANK ANTHONY : I am assuming that these people are trespassers. But the world knows and the papers have proclaimed it to the world that for at least two years they have been in undisputed possession...*(Interruptions)* since the split—I don't know whether it was two years or one year...*(Interruptions)*.

SHRI H. K. L. BHAGAT : I want to raise a point of order. Mr. Deputy Speaker, you are a very eminent lawyer. You know very well...

SHRI FRANK ANTHONY : He is a Professor.

SHRI H. K. L. BHAGAT : I am sorry. What Mr. Frank Anthony is trying to say is just commenting on the merits of the case. He has clearly said that none of us will be...*(Interruptions)*. Knowing full well, he is not entitled...*(Interruptions)*. There are various aspects of law. We understand

law. We are not to make comments on the court cases.

MR. DEPUTY-SPEAKER : There is a very fine balance; if we cross a little beyond a certain point, we will be passing into the merits of the case. Now, for example, when it is said, for two years there was undisputed possession, we are going a little beyond the limits.

SHRI FRANK ANTHONY : I heard the speeches of the hon. of lady Member, of K. D. Malaviya and one Member there. What I could gather from the speeches was this. We have the right to the title; therefore we went to take possession. All the time what I am saying is this. I am accepting their facts, but that is not permissible under the law. What I am trying to tell my honourable but not very learned friends in law is that if a person had been for two months in undisputed possession, if you go there and try to force him out, it is only you who are guilty of criminal trespass. That is what I am trying to point out to my hon. friends.

SHRI SHASHI BHUSHAN : I rise on a point of order.

MR. DEPUTY-SPEAKER : When we are going into the merits of the case, we are over-crossing the limits. I would only request the hon. Member not to go into the merits of the case.

SHRI NARSINGH NARAIN PANDEY : He is raising a matter which is a matter in the court.

श्री शशि भूषण : उपाध्यक्ष महोदय, मेरा प्वाइंट आफ आर्डर है। आम्नेबल मेम्बर की इत्तिला गलत है। बराबर दो साल से बिल्डिंग का ऊपर का हिस्सा इंडियन यूथ कांग्रेस के कब्जे में है। वहाँ पर बराबर उसका दफ्तर चल रहा है। यह गलत इत्तिला दे रहे हैं।

SHRI PILOO MODY : He is going into the merits of the case.

MR. DEPUTY-SPEAKER : It is only fair to allow a Member to make his sub-

mission to refute that. That is also on record.

SHRI FRANK ANTHONY : Once again, I am not canvassing the merits, but may I make a submission ? I hope at least my friend Mr. Siddhartha Shankar Ray will accept a leading judgment of the Calcutta High Court, a famous one, where a special bench of 5 judges said that in a matter where the Press has proclaimed a certain fact, it becomes a matter of notorious knowledge, we take judicial notice of it. That being a matter of judicial cognizance, you in your quasi-judicial capacity, could take notice of it. That is all that I am saying.

What outrages the conscience of a person like myself who has been conditioned by the law is that they have not prosecuted anybody for the action. What will ordinary people think ? Here are not ordinary people, here are senior members of the ruling party doing this. The only inference will be that Government have approved this action. That is the tragedy of it. Do you think Jawaharlal Nehru, who was so sensitive to democratic values, would ever have tolerated such a thing ? Never. Do you think that he would ever have tolerated a thing like this that the ruling party should set an example of utter lawlessness, of cynical disregard for the elements of the rule of law as they have done now ?

Mr. Deputy-Speaker, look at what the ruling party has done now. My hon. friends may not like what I am saying. But this is in the tradition of Nazi political thuggery. This was what the Nazi political thugs did; because they belonged to the ruling party, they purported to set themselves above the law; they purported to commit crimes with impunity. And that is what the new Congress of Jawaharlal Nehru is doing. That is the tragedy, as I see it.

My hon. friend from the CPM was ranting against my friends opposite. I have no time for the CPM, I have no time to devote to the CPM, because they do not even purport to pay lip service to the Constitution. the law and other things. Only the other day they held the House to ransom. But could anyone opposite have any moral

[Shri Frank Anthony]

authority to tell them to stop holding this House to ransom by not behaving in a lawless way? If they had said it, what would they have said to them? They would have said 'At least, we are not committing offences. We are not carrying out helpless little men like Sadiq Ali...

SHRI RAJ BAHADUR : Shri Anthony is holding us guilty even before the court has done it. I am very sorry that he is holding us guilty even before the court has done it.

SHRI FRANK ANTHONY : I am not holding them guilty.

SHRI RAJ BAHADUR : But that is what he has done.

SHRI FRANK ANTHONY : I say that have condemned themselves. All the press has condemned them.

श्री शशि मूषण : यह तो टाटा, बिड़ला और डालमिया का प्रेस है। यह तो कहेगा ही।

SHRI PILOO MODY : They stand self-condemned.

SHRI RAJ BAHADUR : He is not to judge it, but it is the court which has to judge.

SHRI SIDDHARTHA SHANKAR RAY : Some Newspaper Reports have been referred to. The newspapers to which my hon. friend referred and which my hon. friend says should be accepted on the basis of a full court judgment of the High Court are the very newspapers which said that we would never win the elections and we would get only 150 to 160 seats. Therefore, let him not rely on those reports.

SHRI PILOO MODY : By the same argument,—Shri Siddhartha Shankar Ray has often said something that has not come out true. Are we to take it that we are never to believe him at all?

SHRI SIDDHARTHA SHANKAR RAY : Very well done.

SHRI FRANK ANTHONY : If the CPM had done it, I would not have thought anything of it, because we could expect them to do it. But when the ruling party, the party of Jawaharlal Nehru, as I knew him, does it, it is an outrage on the country.

What will happen tomorrow? Tomorrow the Government servants will go and gherao their officers. With what authority will my hon. friends opposite say, 'You are acting in a lawless manner'? If they tell them so, then the Government servants would tell them 'At least we are not committing offences; we may be wrongfully restraining them, but we are not doing what you are doing'. With what authority could they tell the college students to stop doing certain things? For instance, the college students tomorrow may say, 'At least we are not committing the offences which you are committing'. Again, look at this amazing, utterly amazing argument that they were invited by the employees to go there. Tomorrow, the students of a college will unanimously pass a resolution saying 'All the property, all the movable property in the college has been purchased with our fees, and, therefore, we will go and take possession of them and seize them all'. If they do so, then with what moral authority will my hon. friends opposite be able to speak to anyone of them? That is the tragedy that the ruling party, synonymous with the Government, lends itself to this kind of utter lawlessness. They are setting fire to the country. The country today is racked with indiscipline and lawlessness, and they are only leading the way. That is the supreme tragedy. In another way, they are destroying the rule of law. Why are they trying to burke this issue? Here obviously, the police have been immobilised. They are an instrument of the rule of law. But my hon. friends opposite are making them an instrument and agency of the ruling party. To that extent, they are completely eroding and destroying the rule of law. They are bringing the police, an instrument of the rule of law, into contempt and ridicule. I was going to say something about the magistracy, but I would not say it. But all I can say is

this that an executive, a junior magistrate is not going to have the independence with these pressures to do justice in this case.

SHRI RAJ BAHADUR : Let him not have a prejudiced mind.

MR. DEPUTY-SPEAKER : Shri K. C. Pant.

SHRI N. SREEKANTAN NAIR (Quilon) : You must decide how long we are going to sit and whether speeches are going to be allowed indefinitely. In that case, some of us would like to be called.

MR. DEPUTY-SPEAKER : It is true we have exceeded the time allotted by almost an hour. But it would be best to conclude this debate today. We have two or three more speakers.

SHRI K. MANOHARAN : Postpone to tomorrow.

MR. DEPUTY-SPEAKER : When there are interruptions, members get emotional and it is difficult to check them. Shall we allow ten minutes to each speaker ?

SOME HON. MEMBERS : No, no.

MR. DEPUTY-SPEAKER : I think ten minutes should do.

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K. C. PANT) : My colleague, Shri Siddhartha Shankar Ray, has already participated in the debate and covered various political aspects. I do not propose to take up the time of the House repeating what he said. It is no pleasure to me to participate in this debate. I feel unhappy that a vein of personal hurt and personal distress has been evident in many speeches. Regardless of the rights or wrongs of this incident, I feel unhappy at this sense of personal heart detected in speeches.

I have every respect for hon. members opposite, all of them, most certainly for those who have been our erstwhile collea-

gues. I have respect for Sadiqbhai, for Morarjibhai and for Tyagiji. Shri Gurupadaswamy is a friend of mine. So, on our part it can never be our intention to hurt their feelings. I do hope that regardless of the acrimony of this debate, at the end of it, we shall be able to restore that feeling of mutual respect that has usually guided debates in this House and informed our mutual relations.

The police are duty bound to protect all citizens under the law. They are most certainly bound to protect political leaders and persons of eminence. There can be no doubt about that. I would categorically state that this has always been, and will continue to be, the approach of Government and the police.

On this occasion, I have to stick to the wording of the motion before us and in that motion there is a condemnation of the police. It is a little difficult to deal with this whole situation because as the Speaker said in the beginning, the incident is *sub-judice*.

SHRI K. S. CHAVDA : Failure of the police is not *sub-judice*.

SHRI K. C. PANT : I can only say that it is a little difficult because some of the facts do get mixed up in the matter of police action, but I shall nevertheless try to deal with the facts, particularly the behaviour of the police.

Before doing so, I should like to inform the House that only a little while ago, a court of competent jurisdiction has passed an order attaching the property.

SHRI FRANK ANTHONY : He should have done it—a long time ago.

SHRI K. C. PANT : Some people are never satisfied.

19'00 hrs.

Further proceedings are due to continue tomorrow. The question whether the order of attachment should be issued or not was argued yesterday at some length before the Magistrate who directed the police to submit

[Shri K. C. Pant]

a report to him. That report was submitted this morning and the order was issued by the Magistrate attaching the property... (*Interruptions*). Certainly the Magistrate exercised his own discretion. But I am glad that my friend Shri Shyamnandan Mishra has given credit to the Central Government and is only establishing our case that we are no impartial...

SHRI SHYAMNANDAN MISHRA (Begusarai) : You have corrupted the magistracy. That is what I am saying.

SHRI K. C. PANT : that the Government is acting with impartiality and that it has permitted attachment.

SHRI SHYAMNANDAN MISHRA : Under pressure. You know now where you are.

SHRI K. C. PANT : Unwittingly though he paid us a compliment.

With the passing of those orders one phase of this dispute should now be regarded as over. I would like my friend Mr. Manoharan to know this because now the building is in the possession of the Court and that is what he advised in the course of his speech. Now the law should be allowed to take its own course and the decision of the court should be respected without any reservation. It may not suit Mr. Shyamnandan Mishra if the Court takes the correct decision. It may take the wind out of his sails... (*Interruptions*). I expected a word of commendation from him.

Let us now examine where the failure of the police lies. The resolution says that the Delhi Police has failed in the discharge of the duties. I think Mrs. Mukul Banerjee and some other members who spoke made it clear that the police were not there at that time. The allegation is not that the police allowed people to trespass into the building. Nobody says that the police was there at that time. So the police could not have helped at that time if they were not there. That is clear.

Then the question is: what happened after the police came? Police did not come as soon as someone went to the police station and registered a complaint. Thereafter the police was despatched and it arrived there. There was no contention from anybody that after the police arrived anybody forced his way in... (*Interruptions*).

SHRI SHYAMNANDAN MISHRA
All according to a set design.

SHRI K. C. PANT : How is the police to be held responsible? This is the basic point because nothing has taken place in the presence of the police even according to the allegations made. This is a fact that has to be noted.

Then I think it has to be noted that the police were also acting in a situation which was not just an ordinary dispute about private property. Several hon. Members from my side have pointed to the larger dimensions of the question and I do not want to repeat all of them. But the fact is that after the split in the Congress there was an election in the country and that election went a certain way. The verdict of the people was very clear. The fact is that the Supreme Court has in a recent judgement allotted the symbol to our party. All these things are bound to influence everybody in the country and they are certainly bound to influence the policemen standing there. He knows all those things. I doubt if he has read the judgement as carefully as my friend Shri Siddhartha Shankar Ray. If he was under the impression that the Congress (R) had been given possession of the property, even that would not be surprising.

It is a general impression that is created by the Supreme Court judgement and I hope my hon. friends will appreciate this point of fact which has in a way affected the thinking of the entire country. The *dramatis personae* involved on either side would also not have gone unnoticed by the police. Therefore, these things are facts of life, and so what could the police have done?

The police was duty bound to see that there was no breach of peace, and it is nobody's contention that there was any breach of peace. So you must see that the police in the situation acted as it ought to have acted. Some reference was made to the editorials, but if you go into the accounts of the happenings in the newspapers, now here is it said that there was any breach of the peace. There was no breach of peace for which you could have held them responsible. After all, a tense situation did develop in which there could have been a breach of the peace and I think the police acted with tact to see that a breach of the peace did not take place. These are facts. I am not talking fanciful things, and I think that a tribute should be paid where it is deserved, and I think that they should be commended for this part of the work.

There was some criticism of the fact that some people who wanted to go in could not go in and the police prevented there going in. This is a fact that they did so. Morarji bhai knows this very well and I am sure other friends also know this that in a situation of this kind the police has to be the judge. They are the men on the spot. In fact, a Magistrate went with the police and all the senior officers, D. C., D. I. G. etc., visited the place. The man on the spot has to be the judge whether any particular action will aggravate the situation or not. If in this particular situation when a certain amount of heat was generated, allowing other people to go in had created more heat and led to a breach of the peace, you could have blamed the police for not doing their duty, but they were kept out when their going in would have possibly led to a deterioration in the situation and a breach of the peace.

SHRI SHYAMNANDAN MISHRA :
Shri Sadiq Ali was one of them.

SHRI K. C. PANT : Therefore, this is a matter in which we have to go by the judgment of the man on the spot, there is no other go. I think Shyam Babu in his cooler moments would appreciate...

SHRI SHYAMNANDAN MISHRA :
Shri Sadiq Ali was seized and bodily lifted.

SHRI K. C. PANT : I shall come to that and I shall come to Mrs. Sadiq Ali also.

A complaint was received alleging trespass into the building. Nobody has said that the complaint was not registered by the police. After all, what is the police supposed to do ? The complaint was registered and straightaway police re-enforcement was sent. This is the duty of the police and they did it.

SHRI SHYAMNANDAN MISHRA :
When Mr. Gurupadaswamy was badly beaten, did he not ask for the cognizance of that offence ?

SHRI K. C. PANT : According to my information, he was not beaten.

SHRI SHYAMNANDAN MISHRA :
Your information. Here is the leader of the opposition, he has made a complaint in that House.

SHRI K. C. PANT : If he was beaten I would feel very sorry for it, and I think that now that the whole matter is under investigation, this can also be investigated.

SHRI SHYAMNANDAN MISHRA
Then why are you defending ?

SHRI K. C. PANT : This kind of continuous interruption is not improving your case. You should try to understand.

A complaint was received that Shri Sadiq Ali had been bodily lifted and taken out of his room. That has not been suppressed. It is there in the police records. That will also be investigated.

SHRI SHYAMNANDAN MISHRA :
Why did not the police prevent that ?

SHRI K. C. PANT : For the simple reason that this complaint was registered at 5 P. M.

SHRI SHYAMNANDAN MISHRA :
They were standing by and looking on.

SHRI K. C. PANT : Even according to the allegation, Shri Sadiq Ali was lifted at 4 P.M. or so from his room. The police registered the case at 5 P.M. as they received the information at 5 P.M. How could they have prevented it ? Now it can only be a matter of investigation. No written complaint has been received from Mr. Gurupadaswamy till now. If he had been so seriously injured, would it not be reasonable to expect that he would have filed a written complaint ? (Interruptions). You could have filed a written complaint on his behalf (Interruptions). This kind of restlessness, constant interruptions and refusal to hear facts is indicative of the fact that you are not interested in knowing facts and you want to make political capital out of this. All the facts that have been given to the police will be investigated.

SHRI SURENDRA MOHANTY :
What about the allegations about the police, if the police is investigating the charges ?

SHRI K. C. PANT : So many members have spoken. Who has made allegations about the police ? (Interruptions)

The police brought the dispute to the notice of the magistrate and the magistrate then took action under section 145 Cr. P.C. I too am not a lawyer and I cannot say off-hand what the remedy is under the law. But I was told that this was the normal procedure under which action is taken in respect of disputes of property and possession. So, normal action was taken. As soon as the facts were brought to the notice of the magistrate, he issued notices to both the parties and I have referred to the subsequent events. Where is the fault of either the police or the magistrate ? This is the rule of law, of which Mr. Anthony spoke. According to this rule, the police and the magistrate have acted. What other course was open to the police ? After all, could they have assumed the functions of the magistrate and decided on the merits of the

dispute ? Obviously they could not have done that. Could they, on the basis of the allegations, have used force to restore possession to the party which alleged that it had been dispossessed ? I think Mr. Anthony said even in a case of trespass this was not possible. What was the police expected to do then ? Should they have allowed the use of force of which could have provoked a more serious situation ? That would have been as dereliction of duty on their part. So, I have no doubt that given the situation in which the police found themselves that afternoon, they did the right thing in referring the matter for action according to procedure contained in section 145. Now it will be for court to decide as to who was in possession and what the remedy should be.

That was not for the police to decide, and they did the right thing in referring it to the court. If the police had tried to forestall this matter and taken upon itself to decide as to who trespassed and who did not trespass, they would obviously have had to decide the question as to who was in possession and who was not in possession. And everybody is agreed, Shri Anthony also agreed with this, that the fact as to who was in possession and who was not in possession is something to be determined by the court. Therefore, I do not exactly know as to what else the police was expected to do. A large number of persons were involved in this and according to the normal procedure of police investigation, the statements of various persons will have to be taken and inquiries will have to be made. I have no doubt that the law will take its course.

What is the function of the police in this situation ? Where danger is apprehended it should offer protection. I would like to inform Shri Morarji that there is another office of his party at Ajmeri Gate. With regard to this office the police did get information that some danger was apprehended by the people in that office and the police made adequate arrangements. When they had prior information the police did not shirk their duty. In that case also it was

the office of the party of Shri Shyamnandan Mishra and the police made adequate arrangements. Therefore, the police is not to be blamed in every case.

When an incident of this kind takes place the duty of the police is to see that a breach of peace does not take place. Wherever police was in a position to take action, it has done so, where it had prior information, it had acted accordingly and took action to control the situation. I repeat here that we have to rely on the judgment of the local officers in such cases. In this case the main anxiety of the police appeared to be to prevent any serious breach of peace on the 13th, as the rights and wrongs of the situation could be allowed to be determined by a competent court of law in due course. I for one cannot find fault with that approach and I think all reasonable members in this House will not find fault with that approach.

I will end very soon. A reference was made to Shrimati Sadiq Ali's attempt to get into the premises, as also Acharya Kripalani's attempt to get in. Here I would like to strike a personal note. On the 14th, I received three telephone calls. One was from somebody who said that Mrs. Sadiq Ali and some children want to go in and they are being prevented by the police.

SHRI S. M. BANERJEE : "Somebody" means whom ?

SHRI K. C. PANT : I am not sure. I do not remember it. The next call was personally by Acharya Kripalani who said that he would like to go in along with Suchetaji. The third call was by Shri Chandrajeet Yadav. He was also not allowed to go in. In Shri Piloo Modi's hilarity, which is contagious, I find that my point is lost. Really speaking, at that moment the police did not act except in the interest of not allowing the situation to deteriorate. Therefore, at that particular moment they were not allowing anyone to go in. The tempers were already very high and they apprehended that if they allowed a large number of people to go in, the situation will deteriorate. Therefore, at that moment

in their best judgment they thought it better not to allow anybody to go in. After the receipt of these three calls I rang up and tried to find out why this was happening and this is what I was told. I was further told that as soon as the situation calmed down they will allow them to get in. I am glad to say, and I am sure it will be corroborated by others, that when the situation calmed down they did allow everybody to go in, all these three persons who wanted to go in were allowed to go in, though not large crowds. Just some individuals were allowed to go in.

I am sorry that there was inconvenience to Shrimati Sadiq Ali. I am sorry if there was inconvenience to Acharyaji or to anybody else. But in this situation I do not see what other option the police had except to exercise their judgment as to whether at that particular moment the entry of these leaders and individuals might not have provoked the situation. In their judgment it would have and they acted upon it. I do not think one should find fault with them upon that.

SHRI PILOO MODY : Why have you become long-winded ? Finish.

SHRI K. C. PANT : I do not think I should trespass upon the patience of my hon. friend, Shri Piloo Mody.

It is really not for me to hold any brief in this dispute nor am I concerned with the merits of the dispute because I am prevented from commenting upon them in any case. You will agree that I have adhered very strictly to the ruling of the Speaker in not commenting upon anything that was in dispute and the merits of the question. But now that the building in dispute has been attached, the curtain has been drawn on this part of the incident, and the law is taking its normal course. I hope, this acrimony will end and goodwill be restored. It is in that spirit that, before I sit down, I would like to appeal to Shri Sadiq Ali to give up his fast.

MR. DEPUTY-SPEAKER : Shri Piloo Mody.

SHRI PILOO MODY : Mr. Deputy-Speaker, Sir...

श्री बिभूति मिश्र (मोतीहारी) : उपाध्यक्ष जी, यह पता चले कि हाउस कब तक चलेगा। रूल आफ लाँ को हम यहाँ भी ट्रेसपास कर रहे हैं। सात बजकर 22 मिनट हो गए हैं, यह पता चले कि हम कब तक बैठेंगे। आगे से यह इंतजाम होना चाहिए कि हमको पहले से इत्तला मिल जाये कि उस दिन 11 बजे तक या 12 बजे तक बैठना होगा। मावलंकर जी के जमाने में अगर 5 बजे के बाद 6 बजे तक भी बैठना होता था तो कई रोज पहले सूचना मिल जाती थी लेकिन यहाँ तो कोई रूल आफ ला ही नहीं है कि कब तक बैठेंगे।

MR. DEPUTY-SPEAKER : I will be the happiest person if Shri Bibhuti Mishra could get the co-operation of the whole House and keep to the time.

श्री अटल बिहारी वाजपेयी : यह वहस कल क्यों नहीं हो सकती है यह बात समझ में नहीं आती।

श्री बिभूति मिश्र : स्पीकर का काम है फंसला करना कि कब तक हाउस बंटेगा। मावलंकर जी के जमाने में दो रोज पहले सूचना दी जाती थी। आज साढ़े सात होने जा रहे हैं लेकिन कोई पना नहीं कब तक बैठेंगे।

MR. DEPUTY-SPEAKER : I have said that we shall conclude this debate today. There are three more speakers before Shri Morarji Desai is called upon to reply. I will request every Member to make his submissions within ten minutes.

SHRI RAJ BAHADUR : On the basis of the strength of parties, for every Member from that side two from this side should have been allowed, but we have cut down our list of speakers at great displeasure of my own party Members. I do not know whether every party and every Member from that side will be allowed to speak, even

though he belongs to one-Member party or two-Member party. Some limit should be imposed. Everybody is trying to have political advantage out of this incident.

SHRI S. M. BANERJEE : I would love to hear the speech of Shri Piloo Mody and others and am prepared to sit up to 9 o'Clock, but tomorrow is a discussion which will not be concluded within two hours. Therefore, kindly start that at 2 o'Clock and not at 4 o'Clock like today.

SHRI N. SREEKANTAN NAIR : When the sitting of this House got protracted and continued up to 8 or 9 o'Clock, the Chair used to supply food. You remember that there was a serious crisis also.

MR. DEPUTY-SPEAKER : Before Shri Mody begins his speech I would like to take the sense of the House whether we should complete this debate today.

SOME HON. MEMBERS : No, no.

SHRI RAJ BAHADUR : We must complete this debate today.

MR. DEPUTY-SPEAKER : Personally I feel, since we have begun and have given so many hours to it, we should complete it. But I would not like to give it as a ruling. I would like to take the sense of the House. May I have the sense of the House whether we should complete the debate today ?

SOME HON. MEMBERS : Yes, it should be completed today.

SOME HON. MEMBERS : No.

SHRI PILOO MODY : How will you get the sense of the House unless you hear somebody ? I am trying to give you the sense of the House. I personally would like to see that this debate ends today. Not only because of its acrimonious content, acrimonious nature, but also from the point of view of the subject-matter that we have discussed. I think, if you continue this discussion tomorrow, we will be spoiling two

days in the life of this country. I think, what we are doing today is bad enough, sad enough...

SHRI ATAL BIHARI VAJPAYEE : Mad enough.

SHRI PILOO MODY : ...and mad enough. I really do not know why we should continue this for another day.

AN HON. MEMBER : Why do you speak on it ?

SHRI S. M. BANERJEE : What about tomorrow ? Are you starting tomorrow's discussion at 2 o'clock ?

MR. DEPUTY-SPEAKER : I think, the sense of the House is that we should conclude it today.

SHRI R. S. PANDEY : I move closure ...*(Interruption)*.

MR. DEPUTY-SPEAKER : I think, the sense of the House is to conclude it today. But if you want a clear decision on that, I am prepared to call division of the House.

SEVERAL HON. MEMBERS : No, no.

MR. DEPUTY-SPEAKER : So, the sense of the House is that we conclude it today. Shri Piloo Mody.

SHRI PILOO MODY : Mr. Deputy-Speaker, Sir, really speaking, when this discussion is going on or any other serious matter is being discussed, an anxiety about time, an anxiety about food, an anxiety about all manner of things, in the context of what has happened or what I have witnessed today in this House pale into insignificance.

I am not going into the merits of the case at all. I am not even going to refer to what happened at Jantar Mantar Road. I am going to refer to what I saw and I heard in this House today.

I saw various reasonable Members of the ruling party getting up and saying things which I cannot expect intelligent, educated, civilised people to do. You have a man like Mr. K. D. Malaviya. Whatever we may think of him, his life is an open book, perhaps, a very open book. He has had a position in this country and he still holds a position in this country, a Member of Parliament, and yet he can get up and talk in the manner that he did.

We had a Supreme Court lawyer, Shri Siddhartha Shankar Ray, and he started his speech by saying that he was going to raise this debate to a very high level ... *(Interruptions)* This is the sort of noises that you keep on hearing. He said that he was going to raise the debate to a high level because he had great respect for Mr. Morarji Desai. And then he asked Mr. Morarji Desai, "I appeal to his conscience if he has any." What sort of foolery is this ? What sort of a ridiculous utter useless use of words. Either you have respect for him or, otherwise, you be a man enough to say, "I do not like you".

Don't mouth these sanctimonious platitudes of having respect for the person and continue to talk in the cheep manner about a man like Mr. Morarji Desai. He does not have to agree with Mr. Morarji Desai, I don't agree with him. But there are certain decencies—decency, a word that has lost its meaning in recent times—that have to be observed. He continued to argue a case about who is the original owner—that also at the level of a primary school debate, quoting from here and quoting from there like a pregnant lawyer—as if it was relevant.

As far as the Minister of State, is concerned, the only thing I can say is that he did two good things. First of all, he performed his job for which he is paid. He upheld the Police, which is very good for their morale, and he contradicted Mrs. Banerji, which is very good for truth. Occasionally, even truth inadvertently comes out in this House.

SHRI K. C. PANT : So, you admit that I spoke the truth.

SHRI PILOO MODY : Inadvertently. I don't have to mention it again. It will go on record that I said it and you can read about it tomorrow morning and gloat over it that you were once accidentally paid a compliment.

The fact of the matter is that if this can happen in the Parliament of India, when the events that transpired at the Jantar Mantar Road can be explained away with facile arguments, glib use of words, then. Sir, we have no Parliament. We certainly do not have any democracy. I can see very clearly that in future these very people who are in the process of defending indefensible thing, protecting something that every decent and honest man is revulsed against, their turn is going to come. Not a single one of them can claim the longevity of immortality, except Sardar Swaran Singh, of course, and their heads are going to roll, not as gently or with such dignity as Mr. Morarji Desai's head rolled, but their hands are going to roll in the same brutal fashion as the events at Jantar Mantar have taken place.

MR. DEPUTY-SPEAKER : Please be relevant...*(Interruptions)*.

SHRI PILOO MODY : These are very relevant to the country, Sir.

I will tell you another thing. When you have a subject like this being discussed in Parliament, I cannot imagine that the Prime Minister who is also the Home Minister should be away. Not a word of excuse. Not a word of explanation ! Not a word of regret ! I am sure that this miserable, halting regret that has been expressed in the name of the Prime Minister in the press is also a shame. There is no evidence of that regret at all and one of the speakers, I think it was my friend, Mr. Vajpayeeji, who said with what glory the Prime Minister had acquitted herself abroad...

AN HON. MEMBER : It was Mr. Manoharan.

SHRI PILOO MODY : Yes, he spoke about the glory with which the Prime Minister had acquitted herself abroad. When

she comes back, what did she have to face ? The odium of her own colleagues. Where are they ? They are not even here to listen to the condemnation.

Sir, as long as this country, as long as this Parliament and as long as these people keep swallowing this sort of glib arguments which substitute for truth, there is no future for this country. But I have enough hope for the future. I know that the time is coming when all the sins of the Government perpetrated on the people will some day rebound on them and we will at last have a decent Government in this country.

SHRI SAMAR GUHA (Contai) : I expected my congress friends to express at least the same sentiments like that expressed by Mrs. Gandhi which as appeared in the press this morning that she expressed her unhappiness over the ugly incidents that had happened in Jantar Mantar. But I find instead of expressing regret they are jubilant, and not only jubilant, but they are over-jubilant. This action is committed by the youth congressmen on whom rests the prestige of the congress party.

In America the Prime Minister informed the American people that India is an open society. But by the way the subjugation of power is working in the head of congressmen I am afraid, if this trend is allowed to grow, our country may not long remain an open society but a close society due to the acts of these people.

I am not entering into the point who is the national congress and all that; I am not concerned with that. But I want to ask one question. Ajoy Babu was not the real Bangla congressman. Out of 5 he commanded only 2 members. You recognised Ajoy Babu as Bangla Congress President. It is not unknown in this country that parties are divided. There are two communist parties; there were two separate parties in PSP and also the Socialist party. Such divisions have always been there. But the main point here is this, whether by occupation of Jantar Mantar, they have done the right thing, whether they have adopted commonsense and decency and decorum of public conduct,

whether the ruling party on whom depends the fate of the country, will not allow brute force to override the rule of law. That is the moot question.

Mr. Malaviya said he does not know anything about law. But this is common-sense; it is elementary principle of democracy. Unless law permits you cannot forcibly occupy a building or forcibly eject a person or take force into your hands. Mr. Pant said that Jantar Mantar is now under the custody of the Court.

But I want to ask him whether one or two years before that building was under the custody of the court. If it was not, then was the forcible occupation of that building by their men lawful ?

Shrimati Mukul Banerjee was narrating incidents from her own personal experience. Whom are we to believe ? Are we to believe all the newspaper reports or her personal narrations ? If we believe all the newspapers almost all the newspapers all over the country have splashed the news and they have condemned what the Ruling Congress Party men in their jubilant mood have done. Therefore, we have to believe the newspaper reports and not the verbal personal narration of any person, whoever he or she may be.

I want to ask one other question of the Minister of State in the Ministry of Home Affairs, What are the stakes involved here ? Firstly, they have allowed their men to override the rule of law. Secondly, they have allowed their men, being in power, to demoralise the police. They have allowed their men to dishonour and show disrespect to their erstwhile and very respectable leaders of their party ? That being so, with what face will they be able to accuse the Naxalites who are dishonouring our national leaders. And mind you, it is not ordinary men who are dishonouring those leaders, but men like Shri Shankar Dayal Sharma, Shri Chandrjit Yadav, and Shri Yashpal Kapur; they are not ordinary men of their party.

I would say in a sense of humility and in a sense of understanding what the impli-

cations of the whole thing are. The implication is not that a brick building at Jantar Mantar has been captured by them. That is not the implication. The implication is that it involves the faith of the people in democracy in our country. That is why we are agitated. It is not because they have captured a building at Jantar Mantar Road. That is no concern of ours. It is not because one has to be an arbiter between the Congress (R) and the Congress (O). That is not our concern. Our concern is what will happen in this country, if the dictators of the ruling party, if their principal functionaries, who are supposed to undertake the rule of law themselves violate the rule of law, and they act with the aid of the principle of, if I may use a strong word, hooliganism for the purpose of achieving their political objectives. If that happens, then what will be the faith of our people in democracy ?

One hon. Member has already reminded us of the Nazi pattern of politics. Again, I may say that over-intoxication of power may encourage them to get into the discarded apron of Hitlerite Nazis.

Again, in regard to the police, we know what happened in West Bengal. We have seen what happened there during the two U.F. regimes, and how the ruling party demoralised the police and how they took hold of the police and with the help of the police they completely demoralised the people and beat their political opponents. If they are allowed to do it, then tomorrow the discussion on West Bengal is coming up and with what face will they be able to face that debate ?

SHRI S. M. BANERJEE : Does he support the CRP there ?

SHRI SAMAR GUHA : I am not talking about the CRP now. He has become overloyal, in fact, more loyal than the loyalists. It is on record how he has conducted himself.

This Government will then lose their moral right to condemn and criticise what is happening in West Bengal. When they were in power, they utilised the people to crush

[Shri Samar Guha]

the Opposition and to crush the democratic parties and democratic values.

Lastly, I would make this appeal. It does not concern only their party. As I have said already and I would repeat, it concerns the faith of the people in the future of India and in the democratic values of India. In all sense of humility, they should express their regret because it has involved the fair name of the Prime Minister; I use the words 'fair name' because she has at least expressed some unhappiness over this. She should direct her party to express regret, vacate the house and wait for the decision of the court; when the decision of the court is given, certainly they will have the right to take possession of that building.

I would conclude by saying that what is involved is not a quarrel between two political parties, but the faith of the people in the democratic values of our country and the question should be looked at from that angle.

श्री शशि भूषण (दक्षिण दिल्ली) : उपाध्यक्ष महोदय, कांग्रेस (ओ) पार्टी के वकील ने कोर्ट में कहा था कि इस बिल्डिंग की एटैचमेंट कर ली जाये और आज कोर्ट ने उनकी बात को मान कर निर्णय कर दिया है। पुलिस को भी उन्होंने ही बुलाया। उस बिल्डिंग में पच्चीस-तीस परिवार रहते हैं, जो वहाँ पर पंद्रह-बीस साल से काम कर रहे हैं। कम से कम डेढ़ लाख रुपया उनकी तनख्वाहों का बाकी है। उनमें से किसी को निकाल दिया गया है, किसी को धमकी दी गई है, किसी को मारा गया है, किसी से चपरासी का काम लिया गया है। वे सब लोग एक यूनियन बना कर इकट्ठे हुए। उन्होंने कहा कि जब तक हमारा पैसा नहीं दिया जायेगा, तब तक आप टेलीफोन इस्तेमाल नहीं कर सकते, कोई चीज इस्तेमाल नहीं कर सकते। उन्होंने कांग्रेस के नेताओं को बुलाया और कहा कि हम लोग हमेशा कांग्रेस के लिए जान देते रहे हैं, कांग्रेस के साथ रहे

हैं, लेकिन आज हमारी यह हालत है कि हम को प्रिजनर की तरह रखा जा रहा है, हमको गुंडों द्वारा धक्के देकर हमारे घरों से निकाला जा रहा है। उन्होंने हमारे नेताओं को बुलाया और हमारे नेताओं ने जा कर उनको आश्वासन दिया कि आपके साथ ज्यादाती नहीं होगी।

उसके बाद पुलिस आई। उसको बुलाने की रिपोर्ट सादिक अली साहब ने अपनी तरफ से कराई। आज उनके वकील ने खुद बिल्डिंग का एटैचमेंट कराया है, जबकि बराबर दो साल से ऊपर की मंज़िल पर यूथ कांग्रेस का कब्ज़ा रहा है। दो तीन कमरे बराबर उनके पाम रहे हैं और वे लोग उनको इस्तेमाल करते रहे हैं। नीचे ये काम करने रहे हैं। ऊपर ऊपर समाजवाद रहा है, नीचे नीचे मिण्डिकेट रहा है (व्यवधान)। ऊपर की मंज़िल पर समाजवादी ताकतों का कब्ज़ा था और नीचे इन लोगों का था।

लेकिन सबसे बड़ा फ़ैक्टर यह है कि जिन लोगों को इन्होंने लाखों रुपये तनख्वाहों के देने हैं, जिनको इन्होंने तनख्वाहें नहीं दी हैं, उन का ख्याल करके आज हमारा दिल भर आता है। उनको कोई प्राविडेंट फंड नहीं दिया गया है, उनको अपने घरों से निकाला जा रहा है, जबकि वे इनके इतने लाँगल रहे हैं। आखिर तंग आकर उन्होंने हमारे नेताओं को बुलाया कि हमारी रक्षा कीजिए।

जहाँ तक सादिक अली साहब का सवाल है, हम उनकी बहुत इज्जत करते हैं। वह हमारे पुराने नेता रहे हैं। मैं चाहूँगा कि उनका फास्ट तुड़वाने के लिए कांग्रेस के हमारे बड़े नेता जायें। अगर उनको समय न हो, तो मैं खुद जाकर उनसे माफी माँग सकता हूँ, अगर उनको कोई चोट लगी है, और कह सकता हूँ कि वह अपना फास्ट तोड़ दें, हालाँकि जब मैं बिड़ला हाउस में फास्ट कर रहा था, तो

श्री मोरारजी देसाई और श्री कृपालानी ने उसका विरोध किया था। मुझे भी दिल्ली पुलिस से शिकायत है कि कल मुझे वहाँ नहीं जाने दिया गया। मेरे साथ पचास साठ साथी थे। जी० एस० पी० ने कहा कि यहाँ दंगा हो सकता है, आप चले जाइये। श्री कृपालानी भी वहाँ मौजूद थे। श्री चन्द्रजीत यादव को भी नहीं जाने दिया गया। पता नहीं, श्री वाजपेयी के आर० एस० एस० के साथी चले गये हों।

उस बिल्डिंग के अन्दर जो लोग हैं, उनमें वे परिवार भी हैं, जो बरसों से वहाँ रह रहे हैं। बिल्डिंग का एटैचमेंट हो रहा है, लेकिन जो लोग वहाँ रह रहे हैं, कल वे भूखों मरेगे। उनके बारे में इस हाउस में कोई चर्चा नहीं की गई है। चन्दा इकट्ठा करके उन लोगों की मदद की जानी चाहिए। यह बिल्डिंग उनके पोजेशन में थी। यह केस वही लोग लड़ेंगे। जो लोग उनकी मदद के लिए वहाँ गये, उनको ऐसे ही बीच में डाल दिया गया है। दरअसल यह लड़ाई इनके कर्मचारियों की है, जिनको तनख्वाहें नहीं दी गई हैं, जिनको परेशान किया गया है।

कहा गया है कि कांग्रेस फ़ासिस्ट है। जिनके हाथ गांधी जी के खून से रंगे हुए हैं, जिन्होंने पानीपत में भगनासिंह के साथी, क्रान्ति कुमार, को जिन्दा जला दिया, आज वे यहाँ बड़ी-बड़ी बातें करते हैं। जिन्होंने तामिल के नाम पर मद्रास में हजारों लोगों के घर जला दिये, आज वे फ़ासिज्म की बातें करते हैं। अंग्रेजी ज़माने में जब हम लोगों पर गोलियाँ चलती थी और जब हम जेलों में बन्द थे, तो उस वक्त ये टाम, डिक और हैरी क्या करते थे? आज यहाँ फ़ासिज्म की बात वे लोग करते हैं, जो सुबह से शाम तक स्कूलों में छुरेबाजी और लाठी चलाना सिखाने हैं, परेड कराते हैं। किम लिए? शान्ति भंग करने के लिए। आज वे शान्ति की बात करते हैं, प्रजातंत्र की बात करते हैं। आज उनके मुँह से बाइबिल और गीता

की भाषा निकलती है। जिन्होंने हिन्दुस्तान के प्रजातंत्र को धोखा दिया, जबकि देश की सीमाओं पर खतरा था, आज वे सीमा की रक्षा की बात करते हैं, जब मुक्ति वाहिनी लड़ रही है, तो ये सत्याग्रह कराते हैं, कहीं सी० आई० ए० के इशारे पर पोस्ट आफिस जलाया जाता है, कहीं सी० आई० ए० के इशारे पर लोगों से कहा जाता है कि यहाँ दंगे-फ़माद किये जायें। आज वे बात करते हैं प्रजातंत्र की। मैं बताना चाहता हूँ कि जब श्री मोरारजी देसाई मूरत में इलैक्शन लड़े, तो कांग्रेस के 300 कार्यकर्ताओं के सिर तोड़े गये और वे हॉस्पिटल में गये।

SHRI MORARJI DESAI : It is a blatant lie.

श्री शशि भूषण : अगर यह बात झूठ है, तो वह इस्तीफा दें। मैं भी इस्तीफा देना हूँ। मैं मूरत में इलैक्शन लड़ सकता हूँ। उनके कार्यकर्ताओं ने कांग्रेस के कार्यकर्ताओं को मारा। मैं यह बात माबित करने के लिए तैयार हूँ (व्यवधान)। जहाँ तक झूठ का सवाल है, जनमंघ कहना रहा, श्री बलराज मधोक कहते रहे कि कर्मिकली ट्रीटिड पेपर्स से हम जीते हैं। आज सुप्रीम कोर्ट ने, हाई कोर्ट ने जनमंघ के झूठ का मुँह काला कर दिया है। आज ये लोग डेमोक्रेसी, सत्य और प्रजातंत्र की बात करते हैं। जिनके हाथ लाखों बेगुनाह माइनारिटीज के खून से रंगे हुए हैं, ...

श्री अटल बिहारी वाजपेयी : उपाध्यक्ष महोदय, क्या आप इस बकवास की इजाजत देंगे? किस के हाथ रंगे हुए हैं? इस तरह के भाषण यहाँ नहीं देने दिये जायेंगे। जिन्होंने गांधीजी की हत्या की थी, वे तो फाँसी पर चढ़ गये, लेकिन जिन्होंने डा० श्यामप्रसाद मुखर्जी की हत्या की थी, वे सामने बंठे हुए हैं। (व्यवधान)

उपाध्यक्ष महोदय : आर्डर, आर्डर।

श्री अटल बिहारी वाजपेयी : उपाध्यक्ष महोदय, ये अनर्गल आरोप लगा रहे हैं। मैं उन आरोपों का खंडन करना चाहता हूँ।

श्री शशि भूषण : उपाध्यक्ष महोदय, जब माननीय सदस्य बोल रहे थे, तो मैंने उनको बिल्कुल नहीं टोका।

श्री अटल बिहारी वाजपेयी : मैंने किसी पर आरोप नहीं लगाये।

श्री शशि भूषण : सत्य बात हमेशा कड़वी लगती है। श्री वाजपेयी से मुझे हमदर्दी है। उनको जरूर इस बात से दुख हुआ होगा।

श्री अटल बिहारी वाजपेयी : पिछले एक सेशन में इन्होंने श्री मोरारजी देसाई के लड़के पर आरोप लगाया था और फिर इसी सदन में उसको वापिस ले लिया। आज ये इस्तीफा देने की बात करते हैं।

19.54 hrs.

[MR. SPEAKER in the Chair]

श्री शशि भूषण : जन्तर-मन्तर में जो कर्मचारी वर्षों से काम कर रहे थे, यह झगड़ा उनका और उनके एम्प्लायर्स का है। हम लांग तो उनकी ट्रेड यूनियन की मदद के लिए गये और हमने उनकी मदद की। इन लोगों ने खुद ताला लगवाया है, खुद एटैचमेंट कराया है, इन्होंने खुद पुलिस बुलाई और उसके बाद प्रजातंत्र की दुहाई देने है।

अगर किसी पार्लियामेंट के मेम्बर को कभी भी पुलिस के जरिये चोट लगी हो, तो उसकी इनक्वायरी होनी चाहिए। अगर किसी को चोट लगी है, तो मुझे उनसे पूरी हमदर्दी है। अगर यह बात झूठ है, तो उसकी भी इनक्वायरी होनी चाहिए।

SHRI S. M. BANERJEE : Mr. Speaker, I am repeating the request that I made to the Deputy-Speaker, with folded hands, that

tomorrow you may start the discussion at 2 o'clock, instead of at 4 o'clock. Otherwise it becomes like this. I mean that the discussion about West Bengal should start at 2 o'clock... (Interruptions.)

SHRI RAJ BAHADUR : May I say that today we have cut down our speakers' number drastically; We are entitled to two speakers for everyone speaker from that side. Tomorrow, we shall not be able to do so; tomorrow we shall require our time to be given to us.

MR. SPEAKER : When you allocate time for a debate or discussion, very often we find that we do not stick to that allocation of time. The time fixed for this debate was two hours and an adjustment could have been made for 15 or 20 minutes this side or that side, but when this long list of speakers comes and every group wants to speak, it is very difficult to keep up to the schedule. We should try to stick to the time fixed by the Business Advisory Committee.

SHRI S. M. BANERJEE : It is not possible.

MR. SPEAKER : Then why do you vote for it ?

SHRI S. M. BANERJEE : My party will abide by whatever you say.

MR. SPEAKER : Please do not take it to yourself. It is not addressed to you but to the whole House.

SHRI S. M. BANERJEE : You should help us.

MR. SPEAKER : We will see to it tomorrow. I cannot commit myself. I have not examined the business. But do not try to deviate from the decision that you have already taken in the Committee.

SHRI MORARJI DESAI : I listened to what was said by my friends opposite in defence of their most indefensible behaviour with great sorrow, and when especially they denied facts, it only convinced me that it is

impossible to expect from them any rule of law or consideration for rule of law. If in what I have said there is any untruth, I am prepared to be judged by you Sir. You can examine anybody whom you want to examine, and if I am proved wrong, I am prepared to take whatever penalty you prescribe, provided my hon. friends also suffer when they see that they are wrong.

What is the use of saying that there was no police? Yes, it is a half-truth. There was no police when they first entered because they took advantage of the lunch hour like thieves in the night and went and took possession. Then the police was informed about it. The police came there and the police have not helped in establishing law. I have no complaint against the police that they have assaulted anybody except in the matter of Mrs. Sadiq Ali who was caught hold of by one policeman and prevented from entering, not that she was assaulted but caught hold of physically and prevented from entering the compound. That is what she has said. Otherwise I have made no complaint against the police that they were not civil.

SHRI AMRIT NAHAT : He has no complaint against the police, then why bring this motion?

SHRI MORARJI DESAI : Let them have some patience.

SHRI AMRIT NAHATA : Your men were interrupting.

SHRI MORARJI DESAI : I have not interrupted anybody. You started it when I was speaking first and now you are trying to be angels, what is the meaning of this? I cannot understand this, but this is of course the way with them, I understand that, and therefore, I should not be surprised about it.

When I say that the police did not assault, it does not mean that my complaint is not true that the police failed to take action and give protection from the hooligans of this party who were located there by these people. Afterwards this is what the hooligans did, and they went on doing it, and the police did not at all give any protection.

When I said that Shri Gurupadaswamy was assaulted and assaulted badly, When I say that Shri Mahavir Tyagi was assaulted, when I say that Shrimati Sucheta Kripalani was also man-handled, I mean that every word of it is true, and if there is anything wrong proved in it, I am prepared to suffer the consequences.

20.00 hrs.

The question is... (Interruptions). Why are they unnecessarily burking the issue here? I am offering myself, saying that if it is not proved by evidence that this happened there and to your satisfaction, I am prepared to pay any penalty. Otherwise, let these Johnnies pay the penalty. That is all I have to say to those who are telling here what is untrue all the while and no truth whatsoever. When Shri Sadiq Ali was bodily lifted from the first floor and put in the portico by these people, the police were present there. It cannot be denied, whatever my hon. friend, Mr. Pant, may say. It is true that they were there then and they did not prevent it. They were present when these people were assaulted and they did not prevent it. This is my complaint.

SHRI K. C. PANT : May I interrupt for a moment? The police were outside.

SHRI SHYAMNANDAN MISHRA : No. They were with us.

SHRI K. C. PANT : I have also made my enquiries. According to the information with me, the police were not inside the building... (Interruptions).

SHRI SHYAMNANDAN MISHRA : They were there like menial servants, dishonest creatures... (Interruptions).

SHRI K. C. PANT : It is not fair to say such things. I can only give the information with me. (Interruptions).

SHRI SHYAMNANDAN MISHRA : Some of them are working like your menial servants, dishonest creatures. (Interruptions). Like this Avinashchander. (Interruptions).

श्री शशि भूषण : अध्यक्ष महोदय, किसी पुलिस अफसर का नाम यह न लें। जो अफसर

[श्री शशि भूषण]

यहाँ मौजूद नहीं है उन का नाम लेने का इन को अधिकार नहीं है।

श्री अटल बिहारी वाजपेयी : अध्यक्ष महोदय, यह जब अफसरों का नाम लेते हैं तब क्या अफसर यहाँ मौजूद रहते हैं ?

SHRI VAYALAR RAVI : He is asking us to deny. Kindly look at this photograph and deny the statement. This is your own newspaper.

SHRI ATAL BIHARI VAJPAYEE : When I quoted it, you said, it is Birla's paper. Now it is all right.

SHRI MORARJI DESAI : What he is showing is a picture of the 13th. What I am talking about is what happened on the 14th. *The Times of India* correspondent has stated that he was present himself when he saw that Mr. Sadiq Ali was bodily lifted and the police were there. That is what he has stated. Not that the police were in the building. I have not stated that. There were within the compound all the while and they could see all this. There were so many of them.

Then it was said that no complaints have been made. Complaints have been made to the police, but no complaints have been made to the magistrate. We do not want to go into this kind of litigation now. We can suffer personal injuries and put up with them as befit satyagrahis. But that satyagraha, these people never know what it is. How can they understand anything of it ? That is where the whole difficulty comes in.

श्री शशि भूषण : बिरला हाउस पर सत्याग्रह गलत था और यह सही है ?

SHRI MORARJI DESAI : My hon. friend here—it is wrong for me to call him honourable, but I have got to call him honourable. What else can I do ? With the traditions of the House, I have got to do it.

SHRI SIDDHARTHA SHANKAR RAY : I did not expect it from a gentlemen

like Shri Morarji Desai. What does he mean ? He says, I have to call him honourable; what can I do ? We know it means that Mr. Morarji Desai is trying to suggest that he is really dishonourable, but because I am in the house, I have to call him honourable. If that is so, very well; we accept the proposition. And, we shall refuse to accept Mr. Morarji Desai as an honourable man.

SHRI SAMAR GUHA : Shri Morarji is a friend of his grandfather C. R. Das.

SHRI SIDDHARTHA SHANKAR RAY : But if he behaves like that, we cannot help treating him like that.

SHRI MORARJI DESAI : He said he was not going to criticise me, he has respect for me. Immediately thereafter he said that I have no conscience, I do not believe in truth, I do not believe in democracy and so on. This is what he himself said. Then he went into the question of honourable and dishonourable... (*Interruptions*) Therefore, one has to take these remarks with a pinch of salt.

SHRI RAJ BAHADUR : We have every respect for Morarji and we do not want to wound his feelings in any way. But let him also try to reach our hearts. We are being politically exploited over this incident. That is how we feel. Let him not wound our feelings too.

MR. SPEAKER : I would request hon. Members not to accuse each other. All are hon. Members.

SHRI MORARJI DESAI : I referred to the hon. Member and said what I said because he made such a monstrous statement here about the elections in Surat which I could not expect from any gentleman. The facts are that he was nowhere near there at that time and he talked about it. On the contrary, we are the people who have made some complaint like that and the authorities said "they were all wrong, they were injured by their own men because of internal

quarries". Still they make these charges. The boot is on the other leg and it has been proved to the hilt. Yet, this man goes on saying all these things. That does not mean that I want to call him dishonourable. But there is a difference between not calling a Member 'honourable' and calling him 'dishonourable'. I did not want to call him dishonourable. At the same time, I did not want to give him a specific word like that. That is all. But here I have to call everybody honourable; that is the privilege of every Member and that is also my duty.

Therefore, I say let them prove any part of what I have said was wrong. Then I will pay the penalty for it. Otherwise, let them pay the penalty for it. What is the use of merely talking ?

The hon. Minister of Education and Social Affairs gets angry and hurls abuses which he has been longing to do for some time, I find. But he tried to do it in another way. He tried to bring in extraneous matters which I will not do. But when he says that I should declare today that they are the national Congress. The Indian National Congress is a name which is holy for me. I cannot give it to a body containing people who act like hooligans and talk like that... (Interruptions).

SHRI RAJ BAHADUR : This is how you hurt our feelings. I again appeal to you not to use such language... (Interruptions).

MR. SPEAKER : I appeal to all hon. Members to be patient and calm and hear the hon. Member. Let him speak. If you just hear each other with patience, a lot of time can be saved. We will have to get that revolution bell now, I think.

SHRI R. S. PANDEY : You trace out the history as to who removed whom. It was Shri Morarji Desai who removed Shrimati Indira Gandhi first, Shri Jagjivan Ram next and Shri Fakhruddin Ali Ahmed later. This process started with the Syndicate. I want to know why you describe this as a dispute of the *bhavan*. बाजपेयी जी

ने कहा कि भवन ईंटों का है, भवन ईंटों का नहीं भावनाओं का है। यह सदन भी ईंटों का बना हुआ है, लेकिन यह हमारे लिये पवित्र है, उसी तरह से वह भी हमारे लिये होली-प्लेम है।

Who removed whom first ? I want to tell you the history. The decision was first taken in Jantar Mantar Road by the syndicate to remove Shrimati Indira Gandhi from the Congress. The country gave a massive mandate to Shrimati Indira Gandhi... (Interruptions). The judgment of the country cannot be given to hooliganism. People who have given their judgment have shown which is the Indian National Congress... (Interruptions). Those who removed Shrimati Indira Gandhi, Shri Jagjivan Ram and Shri Fakhruddin Ali Ahmed are not the Indian National Congress... (Interruptions). Does that 7, Jantar Mantar Road belong to them then ?

MR. SPEAKER : I think, we are more concerned with the conclusion of the debate... (Interruptions).

SHRI K. NARAYANA RAO (Bobilli) : With all due respect to Shri Morarji Desai, he may be having some anger against some people but to call all the people in this party as hooligans has hurt our feelings... (Interruptions).

SHRI RAJ BAHADUR : I will appeal to my friends not to ask for their withdrawal. Let those words remain. It will be a standing tribute to the greatness of Shri Morarji Desai. Let it remain on record. Our feelings are hurt but let it remain. I do not ask for its withdrawal.

श्री हेमेश्वर सिंह बनेरा : आप इसी लायक हैं।

SHRI MORARJI DESAI : There is no question of withdrawal... (Interruptions). I have never said that all the Members opposite or all members of their party are hooligans... (Interruptions). I cannot call that party as the Indian National Congress because it contains hooligans. The hooligans

[Shri Morarji Desai]

are those who went to Jantar Mantar Road
...(Interruptions).

SHRI SIDDHARTHA SHANKAR RAY : On a point of order. Let there be no disorder. My hon. friend, Shri Morarji Desai, is not a baby in diapers. He has been in the House for a number of years and he knows the procedure. When he says that some of these hon. Members, pointing out to hon. Members here, are hooligans, is it parliamentary ?

SHRI MORARJI DESAI : How can I refer to my hon. friends as hooligans ? I cannot do that...(Interruptions).

श्री सतपाल कपूर (पटियाला) : स्पीकर साहब, रिकार्ड एक्जामिन किया जाय, उसके बाद इनको बोलने दिया जाय। या तो ये इसको विदड़ा करें या पहले रिकार्ड को एक्जामिन किया जाय।

SHRI PILOO MODY : The record will show what he has said.

SHRI MORARJI DESAI : I have said that that party contains hooligans. That is what I am saying.

SHRI SIDDHARTHA SHANKAR RAY : We belong to the party.

SHRI MORARJI DESAI : All people are not Members of the party. (Interruptions). Unless they belong to that party, how could they have gone there on their behalf ? I am referring to those people who did the act of hooliganism at 7, Jantar Mantar Road. (Interruptions).

SHRI K. NARAYANA RAO : He is referring to our party...(Interruptions).

SHRI R. S. PANDEY : I do not insist that it should be expunged. (Interruptions).

MR. SPEAKER : Order, please. He says, he never mentioned about hon. Members...(Interruptions).

SHRI R. S. PANDEY : I would like to clarify. So far as my memory goes, he said, "I am not going to hand over the name of the Indian National Congress to hooligans." (Interruptions).

SHRI MORARJI DESAI : How could I call all these gentlemen as hooligans ? (Interruptions). I do not think it is possible for me to proceed further...(Interruptions).

MR. SPEAKER : Mr. Piloo Mody, you are enjoying the fun from both sides. Kindly do not do it.

SHRI PILOO MODY : You are quite right. I must get enjoyment.

SHRI MORARJI DESAI : Now, Sir, it has been amply accepted by them that they were not in possession and that they had gone to take possession. They have said it themselves...

MR. SPEAKER : I think, you should drop it now.

SHRI MORARJI DESAI : I confined myself to the subject-matter. They were allowed to speak about everything else. That is what I am saying. They said, this did not happen or that did not happen. I have only confined myself to the facts as they have happened.

It was said I was not present at that time. It is true I was not present at that time. But I have ascertained the facts from all people concerned. I have taken other evidence. I find what I have said is the truth and that is what I have placed before you...(Interruptions). It is only such people who will challenge it. As I said, if they challenge it, let them prove it, and I am prepared to make amends for it or let them make amends for it.

What has happened is monstrous. If the police have acted like that, they have acted because they were not allowed to act properly. This is the charge. I am not finding fault with the police by themselves. Of

course, the fault is there in the sense that they should not have been swayed by these people.

I know of one case which happened on the 14th. Some persons wanted to go and see Shri Sadiq Ali as he was fasting. They were not being allowed to see him. They were not being allowed to go there by the people who were there. Then, one of the police officers said, "I will take you there." And the moment he tried to take them there, one of these people there — not these people here—went to the police officer, whoever he was, and said, "What are you doing ? You cannot do it." He simply obeyed and went away.

This is what I am saying is wrong. The police had been made to do things like that.

Then, it is argued that there are some people, some officers or officials or workers in the A. I. C. C. who have not been paid, as one hon. Member said. It is not their business to go to their aid. They could have taken it up with us. But they are experts in demoralising the people, in taking them away by offers of money which they have plenty. We do not have...

SHRI SHASHI BHUSHAN : This is wrong. बिड़ला की सेवा ये कर रहे हैं फिर पैसा हमारे पास कैसे जा रहा है ?

SHRI MORARJI DESAI : They would never have gone. They have been tempted away. I can prove that. The people have been paid money...(Interruptions.)

That is what has been done, not here, but in many places it has been done and they do not mind doing it. That is all that I can say. Simply because some employees or even all employees go and say that you can go and take charge of the whole building, are you justified in doing so ? They accept that they went there...(Interruptions). And for the last two years they have had their office elsewhere. They were never here. This is also an accepted fact.

SHRIMATI MUKUL BANERJI : That is absolutely wrong.

SHRI MORARJI DESAI : What is wrong about it. They may be staying there because they have occupied some of the houses which they won't vacate and we are good enough in not going to the court to remove them. Only in the upper floor one room was with their Youth Congress. That also was taken by them with the help of the Police. They locked the door and then the police were called and we were worried at that time that the Police would have attached the whole building. That is why we allowed them to remain there. This is all what we allowed.

SHRI AMRIT NAHATA : Give us the records and keep the building with you. We are not worried about the building. The history of the Indian National Congress belongs to us...(Interruptions).

SHRI R. S. PANDEY : Any building can be given to Mr. Morarji Desai if he has got any political party.

SHRI PILOO MODY : 20 years ago they stormed the building.

MR. SPEAKER : We are not sitting here to settle and decide all matters...(Interruptions).

SHRI R. S. PANDEY : That building is our temple. It is a Gurudwara.

SHRI PILOO MODY : Stolen property is a temple. That building was stolen.

SHRI MORARJI DESAI : My hon. friend considers it a temple. (Interruptions). If they prove in a court of law that it is their right to have it, we will vacate immediately the decree is passed. We are not here to disobey court's orders and court's decision. That we would not do. Here is the Supreme Court's judgment which is wrongly interpreted here by Mr. Siddhartha Shankar Ray. As is the custom with some lawyers, he does that. I have had the experience also in the Election Commission...

SHRI SIDDHARTHA SHANKAR RAY : Which you lost...(Interruptions).

SHRI MORARJI DESAI : Yes, we have lost because you are in power... (*Interruptions*).

SHRI SHASHI BHUSHAN : Again, it is insulting the Supreme Court... (*Interruptions*).

SHRI AMRIT NAHATA : Mr. Morarji Desai says that he lost the case because the Election Commission is in the hands of the party in power.

SHRI PILOO MODY : That is correct. That is quite right.

SHRI PRIYA RANJAN DAS MUNSI : Mr. Morarji Desai was also in power as Chief Minister and then as Finance Minister. Does he mean that while he was in power, he used his influence with the judiciary ?

SHRI MORARJI DESAI : That is how you are proving my case... (*Interruptions*). Sir, I don't want to prolong their agency.

SHRI SIDDHARTHA SHANKAR RAY : Nor yours.

SHRI MORARJI DESAI : I only hope that they will realise their crime. (*Interruptions*). The only difficulty is that they are sitting here and not there. What can I do ?

I don't want to prolong it. I only want to say this that such an action that has been taken by them is devoid of any sense and I have no doubt that that is the prelude to their destruction as whom God wants to destroy. He destroys their intellect first.

MR. SPEAKER : Now, the question is: "That this House deplores the failure of the Delhi Police to prevent violence and assault on the Congress (O) President Shri Sadiq Ali and some Members of Parliament on the 13th and 14th November, 1971 at 7, Jantar Mantar Road, New Delhi and incidents connected therewith."

The motion was negatived.

20'26 hrs.

The Lok Sabha then adjourned till Eleven of the Clock on Wednesday, November 17, 1971/Kartika 26, 1893 (Saka).

LOK SABHA DEBATES

1

LOK SABHA

*Wednesday, November 17, 1971/
Kartika 26, 1893 (Saka)*

*The Lok Sabha met at Eleven of
the Clock*

[MR. SPEAKER in the Chair]

ORAL ANSWERS TO QUESTIONS

Demand for Abolition of system of Annual Confidential Reports

*61. SHRI AJIT KUMAR SAHA: Will the PRIME MINISTER be pleased to state :

(a) whether the attention of Government has been drawn to the demands made by the Punjab Government College Lecturers' Association to abolish the out-dated system of Annual Confidential Reports;

(b) if so, the main points thereof; and

(c) the action taken thereon?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : (a) to (c) . No such specific demand has been received from the Punjab Government College Lecturers' Association. However, the Government of Punjab have received the resolution passed by the Association on the 22nd August, 1971 for the rationalisation and revision of the procedure for Confidential Reports. This is being examined by the State Government keeping in view the general instructions covering all Departments.

2

SHRI AJIT KUMAR SAHA : Will the hon. Minister be pleased to state whether a similar system of annual confidential reports is still in force in West Bengal or any other State ?

MR. SPEAKER : The main question relates only to Punjab and not to West Bengal or any other State.

SHRI AJIT KUMAR SAHA : He had said that this was being said in accordance with the instructions issued by the Centre.

SHRI RAM NIWAS MIRDHA: I did not refer to any instructions issued by the Centre in this respect. The instructions are by the State Government, because the annual confidential reports about the State employees are the exclusive responsibility of the State Government.

SHRI AJIT KUMAR SAHA : May I know why such bureaucratic method of treating the college teachers who are supposed to be the nation-builders should exist anywhere in independent India?

MR. SPEAKER : He is entering into an argument now.

SHRI SEZHIYAN: Why should it still be there ? That is his question.

SHRI JAGANNATHRAO JOSHI No body has pointed it out so far.

SHRI RAM NIWAS MIRDHA : With your permission, I may read out some portions of the resolution itself. The resolution of the Punjab Government Lecturers' Association does not say that there should be no annual confidential reports. It only says :

"It further reiterates its demand that the State Government's instructions

regarding the writing of annual confidential reports be strictly followed by the principals, and adverse remarks, if any, communicated to the concerned lecturers well within the prescribed time and in case of non-compliance with the instructions, the adverse remarks, if any, must be ignored."

The Association is not objecting to the basic issue of annual confidential reports, but they say that the Government instructions with regard to the writing of annual confidential reports and the communication of adverse remarks and their subsequent expunction, if necessary, should be strictly followed.

Revision of Fourth Five Year Plan

+

*62. SHRI JAGNNATHRAO JOSHI :
SHRI BISWANARAYAN
SHASTRI :
SHRI AMAR NATH CHAWLA :

Will the Minister of PLANNING be pleased to state :

(a) whether the Fourth Five Year Plan is under the process of revision due to the non-availability of the required resources; and

(b) if so, the broad features of the revision ?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA): (a) and (b). A Mid-term appraisal of the Fourth Five Year Plan is being done. A study of the resources position has indicated that even after taking into account the burden on account of refugee relief upto the end of December, 1971, the size of Plan in monetary terms may not show any substantial change. In the light of the commitments made to the people, it will be necessary to give a re-orientation to the Plan. This exercise is in progress and a final picture will emerge only when the exercise is completed.

श्री जगन्नाथ राव जोशी : जहां तक योजनाओं का सम्बन्ध है, कम से कम चौथी योजना के बारे में यह कहा जा सकता है कि उसका आरम्भ ठीक घड़ी में नहीं हुआ है। मुझे हर्ष है कि नए योजना मंत्री ने कार्यभार

सम्भाल लिया है और वह यहां आए हुए हैं। मैं पहले तो उनको बधाई देना चाहता हूं, योजना मंत्रालय का कार्यभार सम्भालने के लिए। साथ ही मैं उनके ध्यान में यह लाना चाहता हूं कि इसमें रिओरियेंटेशन की बात की गई है और उसके साथ साथ कमिटमेंट टू दी पीपल भी है। प्रारम्भसे ही बेरोजगारी की समस्या ने बहुत ही विकराल रूप धारण किया हुआ है और आज तो उसका रूप और भी विकराल हो गया है। बेरोजगारी के दो पहलू हैं। एक तो शिक्षित बेरोजगार हैं जो शहरों में हैं और दूसरे ग्रामीण क्षेत्रों में भी भयंकर बेकारी है। अंदाज़ा लगाया गया है कि लगभग ढाई करोड़ लोग ग्रामीण क्षेत्रों में बेकार हैं। साथ ही शहरों में लगभग सत्तरसे एक लाख तक इंजीनियर बेकार हैं। मैं जानना चाहता हूं कि रिओरिएंटेशन को किस अर्थ में लिया जा रहा है? क्या जो आइडल कैपेसिटी.....

अध्यक्ष महोदय : आप प्रश्न पूछें।

श्री जगन्नाथ राव जोशी : मैं पूछ रहा हूं। रिओरियेंटेशन का मतलब यदि बता दिया होता तो हमें सवाल पूछने में आसानी होती। After the complete final review, when exercise is completed, the final picture will emerge. Then no question arises.

जो सवाल होता है उसका पूरा और ठीक उत्तर नहीं मिलता है फिर हम सवाल क्या करें। रिओरियेंटेशन का क्या यह मतलब है कि जैसे आइडल कैपेसिटी है या जो शिक्षित बेरोजगार हैं इन दोनों को डोवटेल करके कोई हल निकालना है? जहां तक ग्रामीण क्षेत्रों का सम्बन्ध है—

अध्यक्ष महोदय : आप मुझ से ज्यादा होशियार मालूम देते हैं। सीधा प्रश्न करिये।

श्री जगन्नाथ राव जोशी : मैं कर रहा हूं। शिक्षित और अशिक्षित दोनों की बेरोजगारी की समस्या बढ़ती जा रही है। चौथी

योजना में जो कमिटमेंट है वह लोगों को रोजगार देने का है। क्या यह सही नहीं है? ग्रामीण क्षेत्रों में पेय जल की समस्या को चौथी योजना में हल करने का कम से कम आश्वासन तो मिलना चाहिये। अभी भी लगभग एक लाख गांव ऐसे हैं जहां पेय जल की समुचित व्यवस्था नहीं है। ग्रामीण क्षेत्रों में बेरोजगारी और पेय जल की समस्या इन दोनों को डोवटेल करने का क्या आश्वासन दिया जाएगा? क्या आश्वासन दिया जाएगा कि पेय जल की समस्या चौथी योजना के अन्त में नहीं रहेगी?

SHRI MOHAN DHARIA: The question is related to non-availability of the required resources for the Fourth Plan. Though the supplementary is not relevant to it, I would like to assure the hon. member that we are taking all possible care to see that the problem of unemployment, both of the uneducated and educated in the rural areas is seriously considered by the Planning Commission while the reappraisal is in process along with the problem of drinking water facilities. This exercise will be complete by the end of this month.

श्री जगन्नाथ राव जोशी : नान-एवेलिबिलिटी आफ रिसोर्सेस की वजह से प्लान पर पुनर्विचार हो रहा है, ऐसी खबर आई थी और उसके आधार पर यह सवाल किया गया है। मुझे खुशी है कि मानेटरी टर्म्ज में इसमें कटौती नहीं होगी। तीन योजनाएँ पूरी हो चुकी हैं। उनमें बड़े उद्योगों पर जोर दिया गया था। उनमें पूँजी अधिक लगती है और उसकी तुलना में बेरोजगारी की समस्या बहुत कम हल होती है। मैं जानना चाहता हूँ कि चौथी योजना के अन्तर्गत ग्रामीण क्षेत्रों में कम से कम छोटे उद्योगों का जाल बिछा कर ज्यादा से ज्यादा लोगों को काम देने की कुछ व्यवस्था की जाएगी?

SHRI MOHAN DHARIA: Yes. While the reappraisal is in process, I can state to the House today that the whole planning should be such that it is employment—and also

production oriented. Care will be taken to ensure that.

श्री अमरनाथ बाबला : मंत्री महोदय ने कहा कि 31 दिसम्बर तक मानेटरी टर्म्ज में कोई दिक्कत नहीं है। मैं जानना चाहता हूँ कि उसके बाद क्या पोजिशन होगी, क्या इसको बाज़ूह करेंगे?

SHRI MOHAN DHARIA : The whole exercise is in process. I have said in my reply that upto 31 December 1971, so far as the resources position is concerned, there will not be any shortfall in the Fourth Plan. But I cannot say today what will happen to this problem of the refugees after 1971. During the reappraisal we shall consider that also and come before the House.

SHRI H.N. MUKERJEE : May I know the Minister reconciles the assurances he has given in his last two answers with the statement in his original reply that in so far as the monetary aspect of the plan investment is concerned there would be no diminution, as far as he knows, as that implies that in real terms in view of the price situation being what it is there is going to be a very definite deflection from the original assessment? How do you reconcile this? Can you assure the house that in the reappraisal there will be no difference from what was envisaged earlier in the quantum of the investment?

THE MINISTER OF PLANNING AND MINISTER OF DEPARTMENT OF SCIENCE AND TECHNOLOGY (SHRI C. SUBRAMANIAM): In view of the price rise, while the financial terms of the Plan may be the same, as the hon. Member pointed out, there is likely to be a shortfall in real terms to the extent of 10 to 15 per cent, and this is what we are trying to find out, so that the essential development of the Plan does not in anyway get affected and so that we may reach the physical target with regard to the developmental Plan. This is the exercise which we are making today.

श्री विभूति मिश्र : मैं यह जानना चाहता हूँ कि जो काम सरकार ने अपने हाथ में ले लिया

है और जो अभी अधूरा है, जैसे बागमती योजना, क्या इस रीप्रोरियन्टेशन में सरकार उस काम को प्रायर्टी दे कर पूरा करने की बात सोच रही है, या वह दूसरा प्लान बनाने जा रही है।

श्री मोहन भारिया : जो काम चले हुए हैं, उन को तो ज़रूर तेजी से चला कर पूरा करने की कोशिश करेंगे और उसके साथ एम्प्लाय-मेंट देने के लिए यदि और कुछ काम देने की शक्यता होगी, तो उस को भी हाथ में लिया जायेगा।

Low Rate of Urbanisation in India

*66. SHRI DASARATHA DEB : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether the recent Census figures show a low rate of urbanisation in India ; and

(b) if so, whether Government have made any study of the problems connected with the low rate of urbanisation ?

THE DEPUTY MINISTER IN THE MINISTRY OF HOME AFFAIRS (SHRI F.H. MOHSIN) : (a) The provisional results of the 1971 Census of India have revealed that urban population forms 19.87% of the total population. Although this proportion is low as compared to that of industrial countries like U.K., Canada, France etc., it is higher than that observed in neighbouring countries as Ceylon or Pakistan.

(b) In a vast agricultural country like India, urban areas cannot be expected to account for a very large proportion of the total population. No further investigation is therefore considered necessary.

SHRI DASARATHA DEB : May I know if the Government thinks that the low rate of urbanisation in India is due to the fact that there is slow rate of growth of industrialisation in India and the low rate of industrialisation is creating tremendous population pressure in the rural areas

creating a number of unemployment problems there also. If so, what steps do the Government propose to take to overcome this position ?

SHRI F. H. MOHSIN : As I have already pointed out, the total population in the urban areas, as compared to the total population of the country, is not so much high as compared to other countries. This may be due to so many reasons : one reason is that the rural area has got the amenities that would go a long way in making the life very comfortable in the rural areas. That may be one of the reasons why people are slow to migrate to the urban areas.

SHRI DASARATHA DEB : Is it not a fact that in the urban areas, the potentialities for providing jobs is absent and that is why the people are forced to remain in the rural sector even if they are unemployed, and, if so, what steps are being taken to overcome this ?

SHRI F.H. MOHSIN : The figures that I have already given go to show that in the United Kingdom, the percentage of urban population to the total population is 78.87 and that is so in so many other countries, whereas in India, the percentage of urban population is only 19.87. Hence the migration is very little to the urban areas. So, it cannot be said that people in the rural areas are migrating to the urban areas for other reasons. The inferences that are drawn by the hon. Member are correct.

श्री भारखन्डे राय : क्या मंत्री महोदय बतायेंगे कि क्या उन्हें इस बात की सूचना अथवा शिकायत मिली है कि नगरीकरण की गति धीमी नहीं है, बल्कि तेज़ है और हमारे देश में हजारों लाखों आदमी ऐसे हैं, जो देहात में भी रहते हैं और शहरों में भी रहते हैं, लेकिन वे अपना घर देहात में बताते हैं, शहरों में नहीं और इस लिए ये फ़िगर्ज़ डिफ़ेक्टिव हैं ; यदि हां, तो क्या वह कोई कार्यवाही करने का विचार कर रहे हैं ?

SHRI F.H. MOHSIN : There are some instances of that sort. Steps are

being taken.

SHRI PRABODH CHANDRA : The Minister just now referred to England. Is he aware that in England fifty per cent of the employment comes from the cities and it is because of industrialisation. In India people are not drawn to the urban areas. What steps are you taking to provide more employment opportunities in the urban areas to attract people there?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K.C. PANT): The question to be decided is whether it is desirable for more and more people to shift from rural areas to urban areas. Whereas ordinarily it is supposed to be an index of progress, when there is greater urbanisation, it poses its own problems and I do not think that we need necessarily copy the experience of other countries which have urbanised and which are today suffering from over-urbanisation. I think there is a lot to be said for developing our rural areas to make them more livable, rather than urbanisation.

SHRI M. RAM GOPAL REDDY : I want to know from the Minister whether the Government is going to discourage urbanisation in India because there are some parties which believe in violence and it is easy for them to create trouble in the cities?

SHRI K.C. PANT: Violence has to be put down, whether in the urban area or rural area.

SHRI SAMAR GUHA : In view of the fact that over-urbanisation creates serious aberrations in human civilization, will the Government discourage over-urbanisation in our country and the expansion of big cities and at the same time give all facilities to the rural people in the fields of transport, electrification, more employment opportunities by economic development in the rural areas, other modern facilities, discourage the rush to the towns?

SHRI F.H. MOHSIN : Yes, Sir; that is the intention of the Government...(*interruptions*).

MR. SPEAKER : Do you not agree

with his reply? I think there can be no better reply.

SHRI SAMAR GUHA : They should say a few words how they are implementing their intention.

SHRI F.H. MOHSIN : The suggestion thrown by the Member is very good. That is the intention of the Government too.

MR. SPEAKER : The Minister is also very good.

SHRI P. R. SHENOY : Have the Government any proposal for ruralisation of industries which can prevent migration of population to cities?

SHRI F.H. MOHSIN : It is the intention of the Government also to see that in the rural areas some industries come up so that migration to the urban areas might stop.

Judicial Inquiry into Mass Murders In Cossipore-Baranagore Area Near Calcutta and probe into killing of Undertrial Political Prisoners in Jails in West Bengal

+

*67. **SHRI H.N. MUKERJEE :**
SHRI BISHWANATH JHUNJHUN-
WALA :
SHRI N.K. SANGHI :

Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether any progress has taken place in the matter of the promised Judicial enquiry into mass murders several months ago in the Cossipore-Baranagore area near Calcutta; and

(b) whether any steps have been taken so far towards implementing Government assurances about high-power probe into the killing of undertrial political prisoners in Berhanpur, Dum Dum, Alipore and Asansol Jails in West Bengal?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K.C. PANT): (a) A retired Chief Justice was appointed to conduct an inquiry into Cossipore-Baranagore murder cases but

he declined to undertake the inquiry. Attempts are being made to obtain the services of another retired or serving High Court Judge to conduct the inquiry.

(b) In regard to the incidents in Asansol Jail, a Judicial inquiry has been decided upon, and the services of a serving High Court Judge have been obtained in consultation with the Chief Justice of Calcutta High Court. The Commissioner of Presidency Division conducted an administrative inquiry into the incidents in Berhanpur, Alipore and Dum Dum Jails. Recommendations of the Commissioner are under consideration of State Government.

SHRI H.N. MUKERJEE : May I know if in regard to the Cossipore-Baranagore incidents, an assurance was given by Shri Sidhartha Shankar Ray, Minister of the Government of India, that an all-party investigation into the very deplorable incidents would take place, but that assurance was not implemented, and in view of the inability of the ex-Chief Justice to look into this matter, there has been no opportunity to go into the roots of a most dastardly happening, which was allegedly with the support of the two most powerful political parties in West Bengal—the ruling Congress Party and the CPM, and particularly the Naxalites...

SHRI DINEN BHATTACHARYYA: No; it is not correct. He is making an accusation against my party...

SHRI H.N. MUKERJEE : I have said "allegedly". All newspapers have reported it. If English language is not properly understood, I am not to blame.

SHRI DINEN BHATTACHARYYA : I understand it. You are indirectly accusing our party. It is not a fact...

MR. SPEAKER : This is not the way. When a member is asking a question, you are threatening him.

SHRI DINEN BHATTACHARYYA : I am not going to tolerate it when some accusation is made against my party, which

is not true. On the other hand, our party came forward with a statement...

MR. SPEAKER : Order, order. It is a bad practice that they have evolved. Whenever something is said which is not to their liking, they get up and shout.

SHRI PILOO MODY : Please separate the CPI and CPM.

SHRI H.N. MUKERJEE: My question is very clear. The Government, through its minister, had given an assurance—a public assurance—reported in the newspapers that an all-party political body would be set up to investigate these incidents. There were allegations in the newspaper that the two main political parties—the Congress (R) and the CPM were involved rightly or wrongly, I do not know...

SHRI DINEN BHATTACHARYYA: It is**

MR. SPEAKER: A member is asking a question and you are interrupting him.

SHRI DINEN BHATTACHARYYA: We expect something responsible from him, who has been here for a long time.

MR. SPEAKER : This word will not form part of the record.

Mr. Mody : From the very beginning, you are in a very good mood. What about the rest of the day ?

SHRI PILOO MODY: For full two minutes, I have not said anything !

MR. SPEAKER: You look very smart in this dress today.

SHRI PILOO MODY: Thank you.

Shri H.N. MUKERJEE: I want to know if the minister gave an assurance which was not implemented and in view of the failure of the ex-Chief Justice to look into this matter, a most dastardly happening about which so many allegations have appeared in the press has not been probed, with terrible implications for the political life of West Bengal and the whole of India.

**Expunged as ordered by the Chair.

SHRI K.C. PANT : According to the information with me, on the 16th August an assurance was given by Shri Siddhartha Shankar Ray to the leaders of the political parties in West Bengal that a judicial inquiry would be made. On the 17th of August a retired Chief Justice of a High Court was accordingly appointed by the State Government with certain terms of reference. But, as I said in my main reply, he later on declined.

SHRI DASARATH DEB : He was threatened not to carry on this work.

SHRI K.C. PANT : That may explain their confidence in judiciary, But that does not explain why you want a judicial enquiry all the time. The retired Chief Justice declined to accept the appointment. Since then the names of retired Judges of various High Courts have been collected and forwarded to the State Government. They have also written to the Calcutta High Court to persuade a serving judge to conduct the inquiry. The original idea was to have a retired Chief Justice. Since that was not possible, this attempt is being made.

Before I conclude, may I say that I am very happy to find that Shri Dinan Bhattacharyya has raised the issue of allegations being made, insinuations being made and inferences being drawn. He has rightly objected to that. I hope he shall bear this in mind during the debate today.

SHRI H. N. MUKERJEE : In regard to part (b) of the question, only in one case following up the assurance a judicial enquiry has now been promised after a long delay and in the other case an investigation by the Commissioner is supposed to be adequate. May I know why this practice continues in West Bengal? Do not take shelter under the plea that this is an allegation only. There are published reports, press reports, agitations all over the State that not even the *post mortem* reports are made available either to the courts, or to the individuals or to the families of the young people that were killed. Is this the way in which the government is carried on in West Bengal and young people are killed off in this manner merely on the allegation

that they are ultra-revolutionaries or anti-social or whatever you choose to call them?

SHRI K.C. PANT : As I have said, there was a promise to hold a judicial enquiry in respect of the incidents in Assansol jail and now a High Court Judge will conduct this enquiry. So far as others are concerned, the Commissioner of the Presidency Division has conducted an administrative enquiry, and this is not the first time that I have placed this before the House. I have said it earlier also that an administrative enquiry would be conducted. It has been conducted and the recommendations have been received by the State Government. The recommendations are being considered by the State Government.

SHRI H.N. MUKERJEE : What about the *post mortem* report? Not only in Bengal but all over India people are agitated about this. Parents of children who were killed do not know what has happened and what is the *post mortem* report. Is this the way in which the administration is carried on in West Bengal?

SHRI K.C. PANT : He is agitated and so he is making a sweeping remark. If he gives me specific instances I can look into them. I cannot make any comments till then.

SHRI H.N. MUKERJEE : They look into them months afterwards.

SHRI N.K. SANGHI : No decent citizen can tolerate what is happening in West-Bengal. There is no doubt in the minds of the people that these crimes have been perpetrated by the people against those anti-social elements that have been functioning in West Bengal all these years. However, I would like to know from the hon. Minister whether it is a fact that the judge who was asked to conduct the judicial enquiry refused to conduct the enquiry because he was intimidated that his life was in danger if he conducts the enquiry. Secondly, what is the purpose of conducting judicial enquiry after a delay of 3 months when most of the proofs would have disappeared? Then, what has happened to the two police chiefs that have gone to examine the whole matter of these mass murders?

SHRI K.C. PANT : So far as the

reasons for the retired Chief Justice not taking up this enquiry are concerned, I am not very certain but as far as my memory goes he says that it was for health reasons.

So far as the police investigations are concerned, the police had registered 14 cases; five cases have already been detected and nine culprits have been arrested so far.

SHRI SAMAR GUHA : There could hardly be more barbaric incidents than what happened in the Cossipore-Baranagore area that I could imagine in a civilised country. In broad daylight a few hundred people almost indiscriminately ransacked each and every person's house in a certain locality and killed more than 150 men, women and children; the dead bodies were thrown in the Ganges in broad daylight. This barbaric incident took place in the presence of the police. The whole of the West Bengal was shocked. In every paper the names of two important political parties were mentioned. In view of the fact that such a barbaric incident happened three months back and was repeated in the Howrah area, where also there was mass killing in broad daylight by a certain political party, and in view of the fact that the Judge refused to proceed with the judicial inquiry, could Government not find any other Judge from any other part of the country for conducting the inquiry or are we to presume that they want to cover up the sin of the ruling party there? If it is not so, I want to know when Government is going to find another Judge from any part of India to inquire into these ghastly murders and mass killing in the Cossipore-Baranagore area.

Secondly, more than 10,000 young men are still in the prison and about 40 young men have been killed. When is Government going to implement the recommendation of the inquiry made into the jail killings?

SHRI K.C. PANT : It is utterly wrong on the part of my hon. friend to say that Government is interested in not conducting this inquiry or is interested in covering up facts. We had appointed a retired Chief Justice of a High Court three months ago. If he declines the offer, Government cannot be blamed for that. I have already said that thereafter we collected the names of

all the retired Judges and forwarded them to the State Government. They have written to the Calcutta High Court to see if a serving Judge could be spared. We must realise that certain progresses have to be gone through. A Judge was actually appointed straightaway but he declined. That is a fact. As against that fact it is not fair to charge the Government in this manner.

SHRI SAMAR GUHA : What about the second part of my question? When are they going to implement the recommendations of the inquiry into jail killings?

SHRI K.C. PANT : So far as the recommendations of the administrative committee are concerned, they are under the consideration of the State Government. They have said that they have taken action on some. But I do not have the details with me and, therefore, I did not refer to it.

SHRI DINEN BHATTACHARYYA : Before this Cossipore-Baranagore incident there was an assurance by the Government to inquire into the mass heinous crimes that were committed by the police. That was in all the papers. Eight dead bodies were carried from Baranagore to Barasat and that incident was to be investigated into. That has not yet been done. Now this is the second incident. In all-party meeting, all the parties excepting the CPI and including one section of Congress, that is, Bejoy Singh Nahar's, demanded that instead of a judicial inquiry there should be a non-official all-party committee and the police officers, who were there and who were responsible for these murders, should be immediately suspended.

I think, in the meantime, Mr. Pant has got all these reports. What is the reply to that. Why have those police officers not been suspended? On the first day, Mr. Siddhartha Shankar Ray agreed but on the subsequent day—I do not know whether he got a call from Delhi—he refused to do it. These police officers are still there.

The second part of my question is whether you will ever enquire about Jail murders and killings. I want to make one request to him. Would you treat the

prisoners who are in jail and who are connected with political parties as political prisoners and treat them accordingly. The treatment that is meted out to them now cannot be described. It is worse than the treatment meted out during British days. I want to know whether you are going to consider this aspect that political prisoners should be given treatment like political persons. Would you kindly do this ?

SHRI K.C. PANT: This is going a little away from the main Question. I would like to have your guidance, Sir.

MR. SPEAKER: You reply so far as it is relevant to this Question.

SHRI K.C. PANT: On the question of suspension of two police officers, I remember, this House went into the question. The hon. Member put the question in the last session and my colleague, Shri Siddhartha Shankar Ray, replied to him. He went into the matter and explained the whole thing in detail, as far as I can remember. What the latest position is on that score I do not know. I have dealt with the Question as it has been posed here.

SHRI DINEN BHATTACHARYYA: On the first day of the all-party meeting, Mr. Siddhartha Shankar Ray agreed that those two police officers will be suspended. Even Mr. Bejoy Singh Nahar agreed. Why were they not suspended ?

MR. SPEAKER : Does it relate to the same incident ?

SHRI DINEN BHATTACHARYYA : I request you, if you want, to take up the question some time later. This relates to the same incident. Let him reply to that.

SHRI K.C. PANT: It is quite right that it relates to this incident. This is why I said that during the last session, this particular point was taken up by the hon. Member.

SHRI DINEN BHATTACHARYYA : You kindly go through your papers.

SHRI K.C. PANT: I will go through my papers. I will consult my colleague, Shri Siddhartha Shankar Ray. There is a

debate on law and order situation in West Bengal in the afternoon. We can take up this point.

Small Car

+
*69. **SHRI BANAMALI PATNAIK ;**
DR. LAXMINARAIN PANDEYA ;
SHRI R.S. PANDEY ;

Will the Minister of **INDUSTRIAL DEVELOPMENT** be pleased to state :

(a) whether any selection has been made about the model of small car to be manufactured in the country ;

(b) the capital investment on the small car project and the time by which the production is expected to start ; and

(c) the role played by the National Industrial Development Corporation in the selection of the model and its suitability to Indian conditions and with the fixation of ex-factory and total selling prices?

THE MINISTER OF INDUSTRIAL DEVELOPMENT (SHRI MOINUL HAQUE CHOUDHURY): (a) The reports of the study groups have been received. They are under study and consideration of the Government.

(b) The investment on the project will depend on the car selected for manufacture. Broad estimates of such capital cost have however, been made by a Committee of officials appointed to go into all relevant matters related to the establishment of the public sector car project and these are under scrutiny. No firm estimate of the capital cost can, therefore, be furnished at this stage. It is expected that initial production may start within a period of 3 years from the date investment decisions have been taken after selection of the model and the collaborator.

(c) The N.I.D.C. was appointed to assist the Committee of officials set up by the Government to examine all relevant aspects relating to the establishment of a car project in the public sector including the conduct of discussions with interested foreign firms in regard to the technical

financial and commercial aspects of their proposals and evaluate them in comparative terms and submit suitable recommendations for the considerations of Government.

MR. SPEAKER : You do not want to put a supplementary ? No. Shri Laxminarain Prady.

डा० लक्ष्मीनारायण पाण्डे : मंत्री महोदय ने अपने वक्तव्य में कुछ बातें बतलाई हैं। मैं जानना चाहता हूँ कि किन फर्मों से छोटी कार बनाने के प्रस्ताव आये हैं ? आप की तरफ से जो कमेटी एम्बाइन्ट हुई थी, उसने किन किन फर्मों के प्रस्तावों के बारे में विचार कर लिया है और इस के बारे में अन्तिम निर्णय कब तक लेने वाले हैं ?

SHRI MOINUL HAQUE CHOU-DHURY : The offers came from M/s. Fiat of Italy ; M/s. Renault of France ; M/s. Nissan of Japan ; M/s. Ford of Australia ; M/s. Volkswagon of West Germany ; M/s. Zavedi Crvena Zastava of Yugoslavia ; M/s. Toyo Kogyo of Japan and M/s. Alfa Romeo of Italy.

A study Team was appointed in October, 1970 and they submitted a report in October, 1971.

SHRI BANAMALI PATNAIK : What is the final decision of the Government in this regard ?

MR. SPEAKER : I asked you to put a supplementary. But you did not put it.

SHRI BANAMALI PATNAIK : What is the final decision of the Government ?

MR. SPEAKER : You please listen to me. You would like to know the decision of the Government. But the decision of the Speaker should also be heard. You were asked to put your supplementary but kept sitting. So, I called the next member. Now how can allow you to put the supplementary ?

SHRI R.V. SWAMINATHAN : When a similar question was raised in the House

during the last session, the hon. Minister replied that a decision will be taken within a very short period. The impression then given was that within a month or a decision would be taken. Now I want to know how long will the Government take to decide over this matter to select a car ?

SHRI MOINUL HAQUE CHOU-DHURY : The Committee submitted its report in October, 1971. This report was finally considered by the meeting of the Technical and financial Group on 27th October 1971. The matter was submitted to the Government on 1-11-71 and we took it up on the 4th.

SHRI PILOO MODY : Today is 7th November.

SHRI MOINUL HAQUE CHOU-DHURY : We found in the report certain matters which need consideration. Therefore, we have asked for a quick study of these matters and as soon as these matters are studied, the Government will take a decision.

सीमा सुरक्षा बल का एक पृथक सेवा के रूप में पुनर्गठन

*70. डा० संकटा प्रसाद : क्या गृह मंत्री यह बताने की कृपा करेंगे कि :

(क) क्या सीमा सुरक्षा बल को गृह मंत्रालय के अन्तर्गत एक पृथक सेवा के रूप में पुनर्गठित करने की योजना सरकार के विचाराधीन है ;

(ख) क्या सरकार ने गृह मंत्रालय के उन कर्मचारियों को, जोकि पिछले कई वर्षों से सीमा सुरक्षा बल के मुख्यालय में काम कर रहे हैं, इस बारे में अपने विकल्प देने को कहा है ;

(ग) क्या सरकार ने इस संबंध में स्वीकृत विस्तृत नियमों तथा विनियमों को कर्मचारियों में परिचालित किया है ;

(घ) क्या सरकार ने सम्बन्धित कर्मचारियों की कोई बरिष्ठता सूची तैयार की है ; और

(ङ) यदि हां, तो इस योजना की मुख्य बातें क्या हैं और इस संबंध में सरकार द्वारा विभिन्न अतिरिक्त व्यय किये जाने की संभावना है ?

गृह मंत्रालय में राज्यमंत्री : (श्री कृष्ण चन्द्र पंत) : (क) और (ख). सीमा सुरक्षा दल के मुख्यालय के लिए एक वृषक अनुसंधिकीय संवर्ग गठित करने का प्रश्न सरकार के विचाराधीन है। सीमा सुरक्षा दल के महानिदेशक ने केन्द्रीय सचिवालय सेवा एवं केन्द्रीय सचिवालय सेवा में भाग न लेने वाले अन्य कार्यालयों से प्रतिनियुक्त कर्मचारियों की प्रतिक्रिया जानने की दृष्टि से उनसे यह बतलाने के लिए कहा है कि क्या वे इस संवर्ग में, यदि गठित किया गया, प्रवेश करने का विकल्प देना चाहेंगे।

(ग) से (ड). उपरोक्त उत्तर (क) को देखते हुए प्रश्न नहीं उठता।

डा० संकटा प्रसाद : क्या गृह मंत्री बताने की कृपा करेंगे कि सीमा सुरक्षा दल को गृह मंत्रालय से अलग करने का क्या कारण है ?

श्री कृष्णचन्द्र पंत : इसका कारण यह है कि अगर बहुत संख्या में ये मिनिस्टीरियल काडर के लोग जो उस काडर के नहीं होते और डेपुटेशन पर आते हैं तथा वापिस चले

जाते हैं तो उनकी वही जो अनुभव प्राप्त होता है वह खरा जाता है और उसकी जरूरत यहाँ रहती है। इसलिए जो ऐसे संगठन है, ऐसे डिपार्टमेन्ट्स है उनका अपना मिनिस्टीरियल काडर है।

Radio Stations for coverage of Tribal Areas

*72. SHRI B.K. DASCHOWDHURY : Will the Minister of INFORMATION AND BROADCASTING be pleased to state :

(a) whether Government have set up new Radio stations in the country to provide coverage for the tribal areas;

(b) if so, how many and where ; and

(c) the approximate cost incurred on each station ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI DHARAM BIR SINHA) : (a) to (c). The following new radio stations are being set up and in the existing stations are being strengthened to serve predominantly tribal areas. The approximate cost is shown against each project :—

Radio Stations			Approximate cost (Rs. in lakhs)
Chhatarpur	(new)	—	51.60
Ambikapur	(new)	—	72.00
Jagdalpur	(new)	—	55.20
Rewa	(new)	—	72.80
Tawang	(new)	—	10.00
Tezpur	(new)	—	90.00
Shillong	(expansion of existing station)	—	73.00
Visakhapatnam	(expansion of existing station)	—	71.65
Aizaj	(expansion of existing station)	—	54.45
Imphal	(expansion of existing station)	—	48.00
Kohima	(expansion of existing station)	—	50.00
Jeypore	(expansion of existing station)	—	26.98
Total Rs.			675.68

SHRI B.K. DASCHOWDHURY : From the statement it seems that the Government have already taken certain steps to set up radio stations in the tribal areas, particularly, in the tribal areas of North-Eastern India. In view of the large area and peculiar terrain of NEFA, I want to know whether it will be possible to cover the entire area with low or medium transmitter located at Towang. If not, I want to know whether the Government has got any further proposal to establish or set up some other radio station, considering the characteristics of this area.

SHRI DHARAM BIR SINHA : We have stations in Tezpur, Towang, Shillong etc. We expect that this will be covering the region and we also are considering the setting up of new stations for the NEFA area.

SHRI B. K. DASCHOWDHURY : What are those areas? You may kindly spell them out.

SHRI DHARAM BIR SINHA : We are considering these areas, that is, Towang, Tezpur etc. in the Fourth Plan. Along with this we are increasing the power of Imphal, Kohima stations also.

SHRI B. K. DASCHOWDHURY : I asked a question about NEFA. The Deputy Minister said about Shillong. I don't know whether it is within his knowledge that it is not within NEFA, Anyway,.....

SHRI DHARAM BIR SINHA : It is not in NEFA. But we hope to increase the power of the stations and they will cover those areas.

SHRI B.K. DASCHOWDHURY: There have been various complaints which have been expressed by the local tribal people that where these radio stations are located, they are not encouraging the local cultures. The local talents and local culture are not encouraged. Not even the programmes are held in such a way that in our country we may have a sense of emotional integration or national integration. Therefore, what I would like to know from the hon. Minister is this. Is there any scheme or plan with the Government that in respect of all these tribal area radio stations, the Directors of the Stations will be from among the local people? Secondly, will at least 50% of

the total time of the programmes be split up in such a way so that the local people and the tribal people in the Far Eastern region may imbibe the spirit of national integration?

MR. SPEAKER : It is a suggestion for action. He need not answer it.

AN. HON. MEMBER: May I know how many radio stations will be there in NEFA during the Fourth plan?

THE MINISTER OF STATE IN THE MINISTRY OF INFORMATION AND BROADCASTING. (SHRIMATI NANDINI SATPATHY) : It is not a question of how many stations. As has already been said, Dibrugarh covers a large part of NEFA and also there is a suggestion to have a high power station in Tezpur and when this station comes up the whole NEFA area will be almost covered.

Provision of Drinking Water Facilities in Villages

*73. **SHRI ARJUN SETHI :** Will the Minister of PLANNING be pleased to state :

(a) whether 97,000 villages out of 560,000 in India today do not have drinking water within a distance of one mile; and

(b) if so, the special measures taken by Government in the Fourth Plan period to reduce the problem to a minimum?

THE MINISTER OF STATE IN THE MINISTRY OF PLANNING (SHRI MOHAN DHARIA) : (a) Yes. Approximately 97,000 villages in India do not have drinking water within a distance of 1 mile or within a depth of 50 ft. A more precise re-assessment is being undertaken by the Ministry of Health & Family Planning.

(b) (i) Priority is given to the schemes for provision of drinking water to villages located in difficult and scarcity hit areas.

(ii) Through a Centrally sponsored scheme, investigation and assessment of the problem related to Provision of drinking water in villages are being carried out in the various States.

(iii) Assistance has been obtained from UNICEF in the form of water well drilling rigs for construction of tubewells to provide drinking water to villages located in hard rocky areas ; and

(iv) The Annual Plan outlays in the State Plans are earmarked for rural water supply.

SHRI ARJUN SETHI : Will the hon. Minister be pleased to state whether the backward regions of the country have been given any priority in this scheme ?

SHRI MOHAN DHARIA : All such areas are given priority. The Fourth Plan envisages an expenditure of Rs. 125 crores. The House will be happy to know that the expenditure will increase by about Rs. 30 crores during the Fourth Plan.

DR. MAHITPATRAY MEHTA : Is the hon. Minister aware that in the border area of Kutch, especially from Lakpat to Bela almost all the villages have no facilities for water supply and at the same time, the enemy is facing the border area, and if so, may I know what steps Government are taking to provide drinking water to the people in those border villages ?

SHRI MOHAN DHARIA : In order to locate such areas, there is a Centrally sponsored scheme giving hundred per cent assistance to the State Governments to investigate and assess which areas are such, and formulate their schemes and submit them to the Central Government, and we shall be willing to give all possible help to such areas.

DR. MAHIPATRAY MEHTA : But not a single scheme has been implemented there as yet.

श्री राजावतार शास्त्री : अध्यक्ष महोदय, हमारे देश के कई प्रांतों में हर साल बाढ़ आती है और परिणामस्वरूप कुओं का पानी खराब हो जाता है। तो, मैं यह जानना चाहता हूँ कि उन क्षेत्रों में जो कृत्रिम फ्लूइड रीचार्ज है वहां पर ट्यूबवैल्स लगाने की

सरकार की कोई योजना है, यदि हाँ हो उसका ब्यौरा जरा बतलाया जाय ?

SHRI MOHAN DHARIA : These schemes for drinking water in rural areas will cover that problem also. It is for the State Governments to formulate their schemes. We have framed our plans so as to give all possible assistance for such schemes.

SHRI CHINTAMANI PANIGRAHI : We are going to celebrate the 25th year of our Independence next year. May I know whether the hon. Minister is in a position to let us know the State-wise figure in regard to the number of villages which still lack in drinking water supply and whether the Central Government have worked out any programme whereby the wells would be actually dug ? With the Centrally sponsored projects, investigation has been undertaken and only investigation is going on but wells are not provided. May I know whether by the end of the Fourth Plan, all the targeted villages will be covered ?

SHRI MOHAN DHARIA : As I have already pointed out, during the Fourth Plan, Rs. 125 crores have been provided for this, and therefore about Rs. 30 crores will be spent per year, and wells are also being dug.....

MR. SPEAKER : His question is whether the figures are available State-wise. The hon. Member can say 'Yes' or 'No' and not enter into a long answer.

SHRI MOHAN DHARIA : It is a very serious matter. I quite see the anxiety of the hon. Member. But I can say that so far as the investigation is concerned, it will be completed within the Fourth Plan and it shall be our endeavour to see that wherever schemes are submitted by the State Governments, we shall give the topmost priority for implementing such schemes.

SHRI CHINTAMANI PANIGRAHI : Sir, you were coming to my rescue but you stopped somewhere in between. Could you kindly help me again ? I want to know how many villages in each State remain without drinking water supply, and what progress has been made in this direction.

SHRI MOHAN DHARIA : I want notice of the question. If notice is given, I shall give the information.

SHRI N.K.P. SALVE : May I know whether any broad assessment and evaluation has been made of the financial implications to tackle the overall problem ?

SHRI MOHAN DHARIA : In order to have that assessment, this scheme has been sponsored by the Central Government. Under this scheme, we shall assess which are the areas and what would be the exact amount required for digging wells and so on. That is why we have sponsored the scheme.

**केन्द्रीय रिजर्व पुलिस में प्रशिक्षण हेतु
पाकिस्तानी नागरिकों की भर्ती**

*76. **श्री हुकम चन्द कछवाय :** क्या गृह-
मंत्री वह बताने की कृपा करेंगे कि :

(क) क्या मध्य प्रदेश के बड़वाह स्थित केन्द्रीय रिजर्व पुलिस के प्रशिक्षण केन्द्र में प्रशिक्षण लेते हुए दो पाकिस्तानी नागरिक सितम्बर, 1971 में गिरफ्तार किये गये थे :

(ख) क्या इस बात की जांच करवाई गयी है कि उनको नियमित पुलिस सेवा में किस प्रकार भरती किया गया; और

(ग) यदि हाँ, तो उसका क्या परिणाम निकला ?

गृह मंत्रालय में राज्य मंत्री : (श्री कृष्ण चन्द्र बन्त). (क) से (ग) उत्तर प्रदेश के जिला गाजीपुर के दो व्यक्तियों को अप्रैल, 1971 में केन्द्रीय रिजर्व पुलिस द्वारा भर्ती किया गया और बड़वाह स्थित भर्ती प्रशिक्षण केन्द्र में भेजा गया। सामान्य कार्य प्रणाली के अनुसार साँच साँच उनके चरित्र तथा पूर्ववृत्त सम्बन्धी कागजात सत्यापन के लिये जिस गाजीपुर भेजे

गये। स्थानीय पुलिस ने सूचित किया कि वे व्यक्ति पाकिस्तानी नागरिक हैं। इस पर उन्हें सेवा मुक्त कर दिया गया और मध्य प्रदेश पुलिस को सौंप दिया गया। किन्तु सम्बन्धित व्यक्तियों ने कहा कि वे जन्म से ही भारतीय नागरिक हैं और कभी पाकिस्तान नहीं गये। मध्य प्रदेश पुलिस द्वारा की गई जांच भी उनके इस दावे का समर्थन करती है। तदनुसार उन्हें प्रशिक्षण में पुनः प्रवेश करने की अनुमति दे दी गई है। किन्तु उत्तर प्रदेश पुलिस के महा निरीक्षक से इस मामले में नई जांच करने का अनुरोध किया गया है और उनकी जांच के परिणाम प्राप्त होने पर आगे कार्यवाही, यदि कोई हुई, तो की जायगी।

श्री हुकम चन्द कछवाय : अध्यक्ष महोदय, मैं मंत्री महोदय से आप के माध्यम से जानना चाहता हूँ कि उन्हें जो गिरफ्तार किया गया वह किस जानकारी के आधार पर गिरफ्तार किया गया था ? वह पाकिस्तानी नागरिक हैं इस प्रकार की सूचना उन्हें कब मिली जिसके कि आधार पर उन्हें गिरफ्तार किया गया और जो सूचना मिली थी वह किन व्यक्तियों ने दी थी ? क्या वह सूचना गलत थी ?

श्री कृष्ण चन्द्र बन्त : जैसा मैंने अपने मूल उत्तर में कहा है इस बारे में उत्तरप्रदेश सरकार से पूछा गया था। उत्तरप्रदेश पुलिस की रिपोर्ट सितम्बर 1971 में मिली थी। उस रिपोर्ट में यह कहा गया था कि वह पाकिस्तानी नागरिक हैं और उस पर कार्यवाही की गई थी। फिर उन संबंधित व्यक्तियों ने अम्ब्यावेकन में कहा कि वे जन्म से ही भारतीय नागरिक हैं तब उनका वह मामला मध्यप्रदेश पुलिस को दिया गया। मध्यप्रदेश पुलिस ने अपने एक अफसर को उत्तरप्रदेश के उस गांव में भेजा कि

इस बारे में वह तहकीकात करें। मध्यप्रदेश पुलिस द्वारा कि गई जांच भी उनके इस दावे का समर्थन करती है। उस ने वह रिपोर्ट की कि बाकई यह भारत के नागरिक हैं तब उनको पुनः प्रशिक्षण में वापिस ले लिया गया। लेकिन मैं समझता हूं और चूंकि इस मामले को मैंने स्वयं देखा है इसलिए जब तक इस बात का कतई तौर पर निर्णय नहीं हो जाता कि वह भारतीय नागरिक हैं या नहीं और जब तक उनके भारतीय नागरिक ठीक तरह से साबित होने की बात पूरी न हो जाय तब तक उन्हें वापिस नहीं लिया जाना चाहिए। दरअसल मालूम पड़ता है कि इस बारे में कुछ गलत-फहमी है और उत्तर प्रदेश पुलिस के महा निरीक्षक से इस मामले में नई जांच को कहा गया है।

श्री हुकम चन्द कछवाय : यह बात बिल्कुल साफ है और सब लोग जानते हैं कि ऐसे बहुत सारे व्यक्ति हैं जिनका कि जन्म हांलाकि हिन्दुस्तान में हुआ था लेकिन वह पाकिस्तानी नागरिक है। यहां से बहुत बड़ी संख्या में पिछले अनेकों वर्षों से जाते रहे हैं और वे वहां पर थे। लेकिन मालूम ऐसा देता है कि सम्बन्धित अफसरों को भरती करते समय कुछ ले दे कर उन से लिखवा लिया गया कि वह हमारे यहां के नागरिक हैं। मैं चाहूंगा कि जिन अफसरों ने भर्ती करने के पहले यह रिपोर्ट दी है भारत सरकार का उन व्यक्तियों के खिलाफ भी कोई कार्यवाही करने का विचार है ?

श्री कृष्ण चन्द्र पन्त : रिपोर्ट तो ठीक ही आई थी जिसके कि आधार पर यह कार्यवाही की गई लेकिन चूंकि मध्यप्रदेश पुलिस ने दूसरी रिपोर्ट दी और उसने उनके भारतीय

नागरिक होने के दावे का समर्थन किया था इसलिए उन्हें प्रशिक्षण में पुनः प्रवेश करने की अनुमति दे दी गई है। लेकिन मालूम पड़ता है कि इस मामले में कुछ गलतफहमी है इसलिए उत्तर प्रदेश पुलिस के महा निरीक्षक से इस मामले में नई जांच करने को कहा गया है और यह बतलाने को कहा है कि वास्तविक तथ्य क्या है। इसलिए इस बारे में किसी के विरुद्ध कोई कार्यवाही करने का प्रश्न नहीं है। जितना मैंने कहा है बस उतनी ही बात है और अन्य कुछ नहीं है।

Manufacture of Transistors

*68. SHRI SATYENDRA NARAIN SINHA: Will the PRIME MINISTER be pleased to state :

(a) the total number of factories manufacturing transistors in India;

(b) how many of them are in small scale and how many are in medium and large scale ; and

(c) the production of each factory during last three years ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K.C. PANT) : (a) to (c). Presumably the Question is in regard to units manufacturing transistor radios and not transistor devices. There are about 1500 units manufacturing transistor radios in the country. 13 of them are in the organised sector. The production of the transistor radios by the units in the organised sector during 1968, 1969 and 1970 is as under :—

Sr. No.	Name of the firm	Production of transistors/radios in		
		1968	1969	1970
1.	M/s. Cema Pvt. Ltd.	—	7282	5993
2.	M/s. Eastern Electronics	5920	4575	1590
3.	M/s. General Electric Co.	23898	15741	18432
4.	M/s. Gramophone Co. of India	8872	18629	10985
5.	M/s. Indian Plastics	2093	2511	4213
6.	M/s. Mulchandani Electrical & Radios Ltd.	305487	425828	409707
7.	M/s. Murphy India Ltd.	291170	437483	355478
8.	M/s. National Radios & Electronic Co.	29321	84784	86893
9.	M/s. Philips India Calcutta	119845	172395	227034
10.	M/s. Philips India Ltd. Poona	259619	244904	303074
11.	M/s. Radio & Electrical Manufacturing Co.	5989	5472	13333
12.	M/s. Telefunken India Ltd.	51630	77030	79610
13.	M/s. Telerad Pvt. Ltd.	17184	10227	8183

The above does not take into account firms which were earlier in the organised sector, but are now in small scale sector in terms of new Licensing Policy.

The unitwise production data about the firms in the small scale sector is not readily available. There are about 1500 small scale units registered with Director of Industries in this field. Their production both for valve type and transistor type radio sets has been 7.5 lakhs, 9 lakhs and 11 lakhs during 1968, 1969 and 1970 respectively. Out of these, 80 to 85% of the production has been of the transistor type radio sets.

In this connection it may be stated that in terms of the existing licensing policy the manufacture of radios (both valve type and transistor type) can be undertaken without obtaining any industrial licence by any unit which does not belong to one of the larger houses or is not a foreign firm, since for the purpose, the capital investment required is less than Rs. 1 crore and the values of the imported plant and machinery and the imported components needed are less than the prescribed limits.

(b) Does not arise.

(c) if so, the steps taken by Government in this regard ?

THE MINISTER OF COMMUNICATIONS (SHRI H.N. BAHUGUNA) :
(a) There had been a steady increase in the incidence of copper-wire thefts in the Mysore State till 1968-69. However, there was a perceptible fall during the years 1969-70 and 1970-71.

(b) The use of aluminium wire/Copper coated iron wire in place of copper wire, is being carried out in a phased manner. These wires are however in short supply.

(c) The following steps have been taken to minimise the menace of copper-wire theft :

- (i) The Chief Minister of the State has been addressed to direct the I.G. Police to bestow special attention on the problem and take effective steps to prevent copper wire thefts.
- (ii) Liaison is being maintained by the departmental officers with the police authorities with a view to expedite investigation and prosecution of the culprits.
- (iii) Some amendments to the Telegraph Wires (Unlawful possession) Act, 1950 are under consideration to provide for enhanced punishment to the culprits.
- (iv) Necessary steps to replace the copper wire with copper-weld wire/ACSR wire on important routes are being taken.

Similar examinations are held by the Union Public Service Commission for corresponding posts of Section Officer in the Railway Board Secretariat Service and the Indian Foreign Service (B), which again are limited to Assistants belonging to those Services. As the examinations are departmental, the question of extending the same to candidates not belonging to that particular Department or Service does not arise. The question of introducing similar examinations in other Services and Posts where such examinations are not held at present, is one for the concerned authorities to decide.

(c) The question does not arise.

The old departmental building where Daltonganj Head Post office was functioning earlier to 1963 was demolished to make room for the construction of a new building. Advertising agencies which seek accreditation with Government are granted such accreditation by the Directorate of Advertising and Visual Publicity provided they accept inter alia Government's policy of encouraging small and medium newspapers.

(c) A list of such accredited advertising agencies located in Delhi is placed on the Table of the House. [Placed in Library. See No. L.T-100/71]

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K.C. PANT) : (a) and (b). The production of transistor radios in the small scale sector has been steadily increasing. It went upto 11 lakhs radio sets in 1970 as against 3.1 lakh radio sets in 1965. The production of radios by the firms in the organized and the small scale sectors from 1965 to 1970 has been as under :—

Year of production	Production in organised sector (in lakhs)	Production in small scale sector (estimated in lakhs)	Total (in lakhs)	% of production in the small scale sector
1965	5.8	3.1	8.9	34.8%
1966	7.1	3.9	11	35.5%
1967	8.5	4.5	13	34.6%
1968	13.8	7.5	21.3	35.2%
1969	17.3	9	26.3	34.3%
1970	17.8	11	28.8	37.9%

Complaints have been received from the small scale sector for their facing competition from the organised sector. To encourage the small scale sector Government have taken the following steps :—

(i) An excise duty of Rs. 10/- is levied on each set priced Rs. 165/- or less made by the organised sector while the small scale sector is exempted from this levy.

(ii) Small scale units are permitted an increase of 50% over the previous year's production for determining the import entitlement.

(iii) Government requirements of radios are being purchased from small scale sector.

Government are also considering whether any further encouragement to the small

scale sector is necessary.

In this connection it may be stated that in terms of the existing licensing policy the manufacture of radios can be undertaken without obtaining an industrial licence by any unit which does not belong to one of the larger houses or is not a foreign firm, since for this purpose, the capital investment required is less than Rs. 1 crore and the value of imported plant and machinery and components needed is less than the prescribed limits.

Act from the commencement of the Act that is from 1.6.70 upto 23.10.71 is 157, out of which 105 are for 'carrying on business' while only 52 licences are for setting up of new undertakings, expansion of existing capacities and diversification.

Quality of Cars

445. SHRI BANAMALI PATNAIK : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether the existing three private Car manufacturing units have not been able to improve the quality of Cars despite protestations and pleadings; and

(b) if so, the reasons therefor ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) and (b). In July, 1967, Government had appointed an Expert Committee, named the Motor Car Quality Enquiry Committee, to investigate into the causes of the deterioration in the quality of cars and to suggest remedial measures. The Committee made a number of recommendations for improving the quality of cars. These were communicated to the car manufacturers for compliance. In order to ensure compliance, statutory directions under Section 16 of the Industries (Development and Regulation) Act, 1951 were also issued to the car manufacturers in respect of the more important of these recommendations. In pursuance of one of the recommendations of the Committee, a directive was issued to the car manufacturers and the Associations of Automobiles and Ancillaries to obtain their bought out items from companies who have ISI Certification Mark. Despite these steps, there has been no appreciable improvement in the quality of cars though the number of complaints received has registered a marginal decline. The reason primarily is absence of quality consciousness among car manufacturers as they function in a sheltered and sellers' market.

could be chosen for execution during the Fifth Plan period. The annual expenditure on this will be Rs. 48 lakhs approximately and the scheme is expected to provide employment for about 900 technologists.

Fourth Five Year Plan is now under appraisal and the Planning Commission is seriously engaged in identifying additional schemes so as to provide employment opportunities to the unemployed educated youth during the remaining plan period.

Fall in Industrial Growth

499. SHRI M. RAMGOPAL REDDY :
SHRI H.K.L. BHAGAT :
SHRI BISHWANATH JHUN-
JHUNWALA :

Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether industrial growth has fallen from 7.1 per cent in 1969 to 4.5 per cent in 1970 and for the first half of 1971 is less than one per cent ;

(b) if so, the reasons for this steep fall ; and

(c) the remedial measures Government propose to take to arrest further fall in industrial growth ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) : (a) The general index of industrial production at 180.8 for the year 1970 shows a percentage rise of 4.8 over the previous year as compared with a rise of 7.1 per cent achieved in 1969 over 1968. The general index for the first five months of 1971 (January-May) at 185.1 shows a percentage rise of 1.8 as compared with production during the first five months of 1970. However, the index of production, constructed as it is, does not reflect the considerable growth that has taken place in the small scale sector or in the newer and growing sectors of industry which were not taken into account for computing the index of industrial growth.

(b) The reasons for the slow growth of industrial production in recent months may

be briefly summed up as follows :

- (a) Shortage of raw cotton which has affected the cotton textile industry ;
- (b) Shortage of steel following the decline in steel production ;
- (c) Lack of demand for certain items like railway wagons, stationary diesel engines, etc. ;
- (d) Capacity constraints in a number of important industries like paper, caustic soda, soda ash and calcium carbide, where growth rates have been limited because of limits of installed capacity ;
- (e) Inadequate utilisation of existing installed capacity, particularly in engineering industries owing to shortage of critical raw materials like steel ; and
- (f) Labour management relations, and industrial unrest which has affected the output of certain industries.

(c) A number of steps have been taken to improve the rate of industrial production. Licensing of capacity, both for setting up new units and for expansion of existing units, has been accelerated and procedures have also been streamlined to permit speedy consideration of applications. As against the issue of 221 licences and 331 letters of intent in 1969 and 263 licences and 438 letters of intent in 1970, as many as 510 licences and 752 letters of intent have been issued this year up to 23rd October, 1971. The above, together with the facility to set up industrial units without recourse to industrial licensing for units involving up to Rs. 1 crore of investment (as also expansion schemes involving up to Rs. 1 crore for units having fixed assets less than Rs. 5 crores), subject to certain constraints of foreign exchange etc., is expected to lead to the creation of additional capacity which, on fruition, may be expected to lead to a rapid growth of industrial output.

The pace of licensing of capital goods has also been speeded up, as is evident from the fact that the value of capital goods licences issued was nearly Rs. 100 crores

for the period April-August, 1971, as against Rs. 55 crores in the corresponding period of 1970. Licensing imports of industrial raw materials has also been significantly stepped up. The policy on import of steel has been specially liberalised in order to meet shortages of essential raw materials. Additional steel imports licensed in response to a Public Notice issued in September, 1970 have already started coming into the country, and this is expected to give a boost to industrial production over the coming months. Further, the policy for licensing of imported raw materials for small scale units has been particularly liberalised. For instance, the entitlement of non-ferrous metals was increased by 50 per cent for all across the board in 1971-72. Recently small scale units have been allowed an increased entitlement by 25 per cent in respect of imports of all permissible categories of mild steel.

Mid-term Appraisal of Fourth Plan

500. SHRI M. RAM GOPAL REDDY
SHRI RAMAVATAR SHASTRI :
SHRI P. K. DEO :

Will the MINISTER OF PLANNING be pleased to state:

(a) whether the Planning Commission has published its mid-term appraisal of the Fourth Plan;

(b) if so, its salient features;

(c) whether the plan priorities and targets are being revised to suit the present conditions; and

(d) if not, the reasons therefor ?

THE MINISTER OF STATE IN THE
MINISTRY OF PLANNING (SHRI
MOHAN DHARIA) : (a) No, Sir.

(b) Does not arise.

(c) and (d). Various studies and exercises have been undertaken in regard to the mid-term appraisal of the Plan. A series of discussions have been taking place between the Planning Commission on the one hand and the Central Ministries as well as the State Governments on the other with a view to assessing progress, estimating shortfalls and suggesting

measures to ensure achievement of targets to the best possible extent. Special studies are being conducted by task forces appointed for the purpose. Although there has been an additional strain on our resources on account of the refugee problem, every attempt will be made to see that programmes, particularly those with a high employment content will not be adversely affected. This opportunity is also being used to give the orientation possible to the Plan on the basis of the commitments made to the people. The final picture, however, will emerge only after the entire exercise is completed.

Shortage of Photo Films

501. SHRI H. K. L. BHAGAT : Will the MINISTER OF INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether there was a great shortage of photo sensitized materials including colour films;

(b) the total annual demand and supplies available; and

(c) the steps proposed to be taken to increase the production ?

THE MINISTER OF STATE IN THE
MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) :

(a) No Sir, however, there is some marginal shortage in respect of medical x-ray films. Colour films are not being produced indigenously and the requirements are being met fully by imports. Adequate supplies of colour films are available in the market with the exception of a particular brand.

(b) As against the total demand of about 10.8 million sq. metres during 1971 the supply from indigenous sources is about 5.5 million sq.m. only. A statement regarding the demand and present supply of the various types of sensitized materials is attached.

(c) Steps have already been taken to gear up the production of Hindustan Photo Films Manufacturing Co. Ootacamund by installing additional equipments. It is expected that the indigenous production plus the imports, licensed being licensed would more than cover the demand.

Arrest of Pak Spies in Jammu, Rajasthan,

JHUNWALA :
SHRI R.S. PANDEY :

be pleased to state :

(a) whether during the month of Octo-
ber, 1971 as many as 127 Pakistani spies
were arrested in Jammu.

arrest of Pak spies in other border areas
like Rajasthan, North Bengal and Gujarat;
and

(c) the number of Pakistani nationals
and Indian collaborators separately among
those arrested and the steps taken against

THE MINISTER OF STATE IN THE
MINISTRY OF HOME AFFAIRS AND IN
THE DEPARTMENT OF PERSONNEL
(SHRI RAM NIWAS MIRDHA) : (a) to)

(c). The Government of Gujarat have
reported that no arrests have been made
in October, 1971. According to the infor-

Investment in Industrial Sector

505. SHRI BISHWANATH JHUN-
JHUNWALA : Will the Minister of INDUS-
TRIAL DEVELOPMENT be pleased to
state :

(a) whether Government's Industrial
Policy has in any way encouraged invest-
ment in the industrial sectors during the
last two years ;

(b) if so, to what extent investment has
increased and

(c) how is it that the production rate
is falling despite more investment in the
industrial sector ?

THE MINISTER OF STATE IN THE
MINISTRY OF INDUSTRIAL DEVELOP-
MENT (SHRI GHANSHYAM OZA) : (a)
to (c). While no specific study of the invest-
ments made during the last two years has
been undertaken by this Ministry, the new
industrial licensing policy has been kept
under constant review. An unprecedentedly
large number of applications for industrial
licences were received in 1970, as also
during the 10 months of 1971, which indi-
cate a favourable investment climate and
considerable revival of industrial and entre-
preneurial interest. The number of appli-
cations received during 1970 was 3033 (inclu-
ding 807 applications for 'Carrying on
Business') as against 1420 and 905 appli-
cations received during 1969 and 1968 res-
pectively. During the year 1970, 363 indus-
trial licences and 438 letters of intent were
issued. The corresponding figures for the
first 9 months of 1971 are 2208 applications
received, 481 licences issued and 708 letters
of intent issued. The liberal issue of licences
in the middle sector, without too rigid an
emphasis on capacity consideration, coupled
with the raising of the exemption limit upto
Rs. 1 crore, has given considerable encou-

agement to medium and new entrepreneurs and is expected to accelerate industrial development and bridge the production gaps. The results of this action are, however, not likely to be apparent immediately so far as the growth of industrial production is concerned.

The reasons for the slow growth of industrial production in recent months may be briefly summed up as follows :—

- (a) Shortage of raw cotton which has affected the cotton textile industry ;
- (b) Shortage of steel following the decline in steel production ;
- (c) Lack of demand for certain items like railway wagons, stationary diesel engines, etc. ;
- (d) Capacity constraints in a number of important industries like paper, caustic soda, soda ash and calcium carbide, where growth rates have been limited because of limits of installed capacity ;
- (e) Inadequate utilisation of existing installed capacity particularly in engineering industries owing to shortage of critical raw materials like steel ; and
- (f) Labour management relations and industrial unrest which have affected the output of certain industries.

(b) if so, whether the matter has been brought to the notice of the U.S. Government ?

(b) if so, what are the major findings in that Report; and

(c) the steps Government propose to take based on the recommendations of the Report?

(b) and (c). Do not arise.

Migration of Bengali Film Actors and Businessmen to Bombay as a result of Naxalite menace

597. SHRI RAJA KULKARNI : Will the Minister of HOME AFFAIRS be pleased to state :

(a) whether some of the prominent Bengali Film actors, businessmen and others have migrated to Bombay from Calcutta after threats of Naxalite attacks;

(b) if so, whether the value of residential flats and office premises in Bombay

and suburbs have moved up by 25 per cent during the last three months as a result thereof; and

(c) if so, the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K.C. PANT): (a) and (b). According to information furnished by the Government of Maharashtra some prominent Bengali film artists have recently gone to Bombay for their professional work. No instance of prominent businessmen migrating to Bombay has come to their notice. The Government of West Bengal also do not have any information to confirm any migration of prominent film actors, businessmen and others from Calcutta to Bombay. According to Government of Maharashtra the rise in the value of residential flats and office premises cannot only be attributed to any migration from Calcutta. The rise has been a continuing trend during the last several years due to the influx of people into Bombay from all over the country and the shortage of residential and office accommodation in the city.

(c) Does not arise.

Prices of Industrial Salt in Maharashtra and West Bengal

599. SHRI RAJA KULKARNI : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether Government are aware that Industrial or Chemical salt is being sold at Rs. 50 per tonne in the State of Maharashtra and the same is sold in West Bengal at the rate of Rs. 120 per tonne; and

(b) if so, the reaction of Government thereto ?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI GHANSHYAM OZA) :

(a) Yes, Sir.

(b) While Maharashtra produces enough salt to meet its own requirements, West Bengal has to obtain almost all its require-

ments from the West Coast and Tuticorin and the transportation charges add to the selling price. Price differential is inevitable in the circumstances.

Acquisition of Shares of Mysore Paper Mills Ltd. by a large Business House

600. SHRI G.Y. KRISHNAN : Will the Minister of INDUSTRIAL DEVELOPMENT be pleased to state :

(a) whether some persons belonging to a large Business House are acquiring the shares of the Mysore Paper Mills Ltd. in which the Central Government holds substantial number of shares ;

(b) whether representations from minority share-holders have been received by Government in this regard ; and

(c) if so, the reaction of Government thereto ?

THE DEPUTY MINISTER IN THE MINISTRY OF INDUSTRIAL DEVELOPMENT (SHRI SIDDHESHWAR PRASAD) : (a) Yes, Sir; but the Central Government have no shareholding in this Company.

(b) Yes, Sir.

(c) Various suggestions have been made to the State Government to ensure that no single group acquires control over the affairs of the Company.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE REPORTED BLOWING UP ON A WAGON

CARRYING ARMY EXPLOSIVES NEAR FARIDKOT AND PIPLI IN PUNJAB

SHRI DEVINDER SINGH GARCHA (Ludhiana) : Sir, I call the attention of the Minister of Defence to the following matter of urgent public importance and I request that he may make a statement thereon :

"The reported blowing up of a wagon carrying army explosives between Faridkot and Pipli in Punjab and damage caused to road links and Railway links in the North-East Frontier Railway in West Bengal, Assam and Tripura."

THE MINISTER OF STATE (DEFENCE PRODUCTION) IN THE MINISTRY OF DEFENCE (SHRI VIDYA CHARAN SHUKLA) : Mr. Speaker Sir, On 15. 11. 1971 at 15.32 hours a fire broke out in a military truck (containing ammunition boxes) which had been loaded in an open wagon. The incident took place near Pipli Pakhi Kalan flag station near Faridkot. As a result, some of the ammunition caught fire and exploded. According to our present information the fire was accidental, and no sabotage is suspected.

There have been twelve incidents of sabotage to railway lines in the Eastern sector, particularly in the States of West Bengal, Assam and Tripura since 25th March, 1971. We have reasonable grounds to believe that these incidents have been the work of Pakistani saboteurs and agents. There have also been seven instances of damage being caused to road bridges/culverts in these States by Pak saboteurs.

Honourable Members might recollect the statement which the Defence Minister had made in this House on 15th November in which he had pointed out the serious situation which we face along our borders

due the machinisations of the Pakistani Military Rulers. These acts of sabotage are part of their well-designed scheme to disrupt our lines of communications in these sensitive areas, and also to create panic in our civil population. We have taken a number of steps to prevent such incidents to protect the lives of our population, and maintain our system of communication in this region. We are fully alive to these dangers on our eastern borders with Bangla Desh and that we are taking all possible steps to safeguard the lives and property of Indian citizens in this region.

SHRI DEVINDER SINGH GARCHA : Mr. Speaker, Sir, it is a cause for satisfaction to know that the explosion near Pipli was not the result of a sabotage, but the satisfaction is marred in the knowledge that we transporting our high explosives in open wagons or in tarpaulin-covered trucks thus inviting disastrous accidents. May I know if the Defence Minister would devise scientific and safe methods to transport our ammunition so that we do not have it exploding in our own hands and also, in that process, disrupt our communication system ?

Secondly, 19 incidents of a sabotage in seven months, and that alone in the eastern region, are a very disturbing fact. It is a very good that we have taken steps to protect the people and maintain communication, as the Minister said just now, but in this hour of peril, efforts alone cannot be a sufficient measure of our competence. I think we will have to go by the results achieved and not merely by the efforts made.

May I, therefore, ask if the Defence Minister would give an assurance to the House that the hopes that in the days to come, the incidents of sabotage will be curbed if not completely overcome ?

SHRI VIDYA CHARAN SHUKLA : Sir, there is a way and procedure to transport these dangerous stores like ammunition. Obviously, there was some fault in the transportation because of which this accident took place. The railways are constituting a court of enquiry and we hope that we will be able to precisely find out the reason why this incident took place.

[Shri Vidya Charan Shukla]

About the second part of the hon. Member's question, it is very difficult for anybody to say that such incidents would not take place in future. All we can say is that we will be very careful and comply with all the safety regulations and will intensify our security measures all along the sensitive areas. To rule out the possibility of such things taking place and to say that we can take any measure which will completely rule out such things would, I think, be overstating the matter.

SHRI PRIYA RANJA DAS MUNSI (Calcutta-South) : We should consider the date and time when there were the activities of the saboteurs. We shall find that after a month after the detention of Sheikh Mujibhur Rahman by Yahya Khan, the Mukti Fauj liberation army of Bangla Desh was trying its best to capture Bangla Desh. At that time evacuees were coming every day in thousands into our country. After a month of detention of Sheikh Mujibhur Rahman, one month after 25th March, that is from 25th April the sabotage activities began to take place in some parts of the eastern region. Personally I have no doubt and I have seen that our country's defence forces are very well equipped to protect the country from all dangers. I doubt if there is some kind of lack of co-operation between the Home or the State intelligence departments and the Army People.

I can quote one instance. In Kishanganj there was a serious explosion in the train. Within 48 hours of that explosion, another similar incident took place in a nearby place. It came in the newspaper in the first day. The Army was prepared; the intelligence was ready; yet they could not detect how it was done. I think the information coming from the State intelligence surces and the other intelligence are not co-ordinated, because of which we could not take suitable measures in proper time. I want to know from the hon. Minister whether the Defence Ministry is feeling that in some parts of the eastern region they are facing certain non-co-operation or certain other problem in regard to the correct information leading to the detection of the saboteurs. I have no doubt that the saboteurs are outsiders; they are not Indian citizens, because on this point all the political parties are united. But we have

seen some days before in Calcutta that two or three politicians were arrested and detained as it was apprehended that some spying activity was being done.

I do not want to name them; they were political leaders. After that incident if we categorically specify the places, we shall find that these places were mostly under the control of the Naxalites. Naxalbari is very near Kishanganj and there Kanu Sanyal was arrested with a lot of explosives. The explosives seized from him and the explosives detected by the police after the explosion in Kishanganj and the explosives seized by the Police on November 9 in Alipurduar had all the same markings of the Indian Ordnance factories. We came to know from the D.S.P. Alipurduar that before the incident, there was a derailment of train which was carrying arms and ammunitions. This is a fact. Let the Minister answer in specific terms whether they feel that in some parts the Army itself is not feeling quite happy to move with materials in the open air in the trucks, in open wagons as Mr. Garcha says, because the common people including the evacuees cannot identify who is an Indian citizen, or who is evacuee and who is a saboteur. Everybody thinks that India is facing a crisis and that India is in favour of Bangla Desh. But the saboteurs take advantage. I believe, of the fact that the local intelligence and the State administration are not cooperating. In many cases, the samoteurs after conducting thair sabotage activities leave the place by train or other transport and the police are not able to arrest them even within 50 miles in West Dinajpur and other places. In Durgapur, two buses were blown up within a 20 mile range. If the army people had surrounded the area, within 24 hours, they could have dected the culprits. But nothing happened. They simply told the village people not to get panciky. But the next day, another bus was blown up within 8 miles. It only shows that our intelligence is not working properly. I do not say they are inefficidnt. I only say, they should be more efficient and there should be full cooperation.

Then, is the Minister aware that the saboteurs are being trained in Hajipur to disturb the Indian administration, our defence and also the minds of the people

in the liberation army in Bangla Desh ? Has the Defence Ministry any information from any source that specific training is going on in West Pakistan as well as on the eastern side, more particularly Assam, West Bengal and Tripura ?

SHRI VIDYA CHARAN SHUKLA : The hon. member has given a lot of information. But about the specific questions he asked, I will say, there is no lack of cooperation between the State intelligence apparatus and our operative forces there. We have good cooperation from them and there is good coordination. We are keeping the arrangements constantly under review. Whenever any area requires improvement, we do undertake that improvement. About the training camps, we have information that Pakistan authorities are running not one or two but several training camps for saboteurs inside their own territory. They are trained for two or three weeks in handling explosives, blowing up bridges, railway track, etc. After training, they induct them into various areas where according to them these activities have to be undertaken and they organise these activities. We know that the areas are sensitive and they require constant vigilance. After these incidents took place, we have reviewed the arrangements and effected certain improvements. I can assure the House that we are taking steps accordingly.

SHRI SAMAR GUHA (Contar) : These sabotage activities of Pak agents are a calculated method on the basis of defence strategy to cripple our life-line of communication and supply to our defence establishments, army build-ups and refugees in Assam, Tripura, Meghalaya, Mizo Hills and in North Bengal. No doubt there have been certain acts of sabotage in 24 Parganas and Nadia districts but their target is the Assam mail link, the national highway that carries our defence goods *via* Islampur sut-division of West Dinajpur, Kishanganj, Siliguri, Shillong and Gauhati line and the Karimganj-Silchar sector. Karimganj-Silchar sector has become the particular target of the Pak saboteurs because, Karimganj is strategically the gateway to Tripura from the rear as Chamb area holds the gateway to Kasmir. Karimganj sector is the lifeline of national

highway and railways and it is the key to the whole of the defence of Tripura. It is being sabotaged from the rear. Most of such activities have been in the Karimganj-Silchar area..

My young friend, who was zealous, was saying that the saboteurs are Pak nationals. It is a plain and simple fact that a large number of the saboteurs who have been caught and arrested are Indian nationals in the Silchar and Karimganj area. It is not my facts but facts as given by Shri Chowdhary, Chief Minister of Assam in the Assam Assembly. Out of the 64 persons arrested for subversive in the Karimganj-sector area 54 are Indian nationals. It is a Painful fact that out of 500 persons who have been arrested for sabotage activities 200 are Indian citizens. Recently I had been to Karimganj. People there are very much exercised over it because every time they are hearing shell firing. The information given by these people I have passed on to the Defence Minister. They say—I do not know how far they are true—that about 4,000 young Indian citizens have been recruited by Pakistan for undergoing training inside Bangladesh by Pakistani army for conducting subversive activities in India. Then, the people who have been arrested in the Karimganj area have confessed that the M.L.A. of Badarpur, Jabil Ahmed Chaudhary was mentioned by name as the person in whose house conspiracies for subversive activities were going on. The local authority immediately reported this fact to the Assam Government and requested immediate arrest of this gentleman. But politics prevailed over our patriotic national interest. That gentleman is still free because higher authorities prevailed upon the officials not to arrest him.

AN HON. MEMBER : To which party does he belong ?

SHRI SAMAR GUHA : You can understand it even without my mentioning it.

MR. SPEAKER : I am waiting for the question.

SHRI SAMAR GUHA : I am giving facts. In Islampur, Kishanganj, Silchar and Badarpur area where the pre-partition Muslim League had their

[Shri Samar Guha]

influence a large section of the people are still swayed by the pro-Pakistan outlook. A number of missions, dozens of missions have been sent abroad to educate the people outside, to make them aware of the situation in Bangladesh. But, unfortunately, our government have failed to impress a section of the Indian citizens as to what is involved in Bangladesh issue and how it is inextricably linked with India. Since that has not been done, the Pakistani nationals and saboteurs have been harboured there and they are getting all kinds of help and assistance from some Indian citizens. It is a shameful fact that many Indian citizens are being involved in this and they are being arrested. I find that Shri Siddhartha Shankar Ray is not here. He is very much in favour of having an alliance with the Muslim League even though they are the people involved in sabotage activities. Naxalites have nothing to do with it.

SHRI EBRAHIM SULAIMAN SAIT (Kozhikode) : I protest against this. The Indian Muslim league has nothing to do with it. I categorically deny this allegation. Muslims are also equally patriotic people ...*(Interruptions)* The India Muslim league is with the Government of the country. Minorities are more interested in the welfare the country.....*(Interruption)*. Nationalism is not the monopoly of anybody.....*(Interruption)*

SHRI SAMAR GUHA : There is no question of a minority or a majority. They are criminals and anti-nationals...*(Interruption)*

SHRI EBRAHIM SULAIMAN SAIT : I cannot tolerate anybody calling us anti-nationals.....*(Interruption)*

SHRI SAMAR GUHA : Those people who are saboteurs are criminals. There is no question of a minority or a majority*(Interruption)*

SHRI EBRAHIM SULAIMAN SAIT : Nobody has got the monopoly of nationalism in this country. We are equally national.....*(Interruption)*. I challenge.

SHRI SAMAR GUHA : Let them identify those persons. Let them see

what all are happening.....*(Interruption)*

SHRI EBRAHIM SULAIMAN SAIT : I cannot tolerate. I say, you cannot blame the muslim league as a whole.

SHRI SAMAR GUHA : I do not blame the Muslim League.....*(Interruption)*. I have said, the pro-Pakistan mentality is still there.

SHRI EBRAHIM SULAIMAN SAIT : We are equally national. Nationalism is not the monopoly of anybody.....*(Interruption)*

MR. SPEAKER : What is this going on? Will you please sit down or not ?

SHRI EBRAHIM SULAIMAN SAIT : You know very well that charges are being levied.

MR. SPEAKER : After all, this is a House and not a fish market. Please sit down. Shri Guha should please finish in one minute.

SHRI SAMAR GUHA : I will take two minutes.

I should say, the security measures are not adequate. I want to know from Government how many Pak saboteurs and Indian collaborators of Pak saboteurs have been arrested in West Bengal, Bihar, Assam, Meghalaya and Tripura. Secondly, I want to know whether Government has adopted or will adopt the following measures, namely, have mobile security squads to guard railway lines as well as national highways in the area; set up special intelligence cells in those sub-divisions of Kisan-ganj, Islampur, Silchar, Karimganj and Mizo Hills area so as to detect the Indian collaborators in advance so that they may be caught redhanded before the commitment of sabotage; organise village squads in all these areas to guard national highways and railways in all sectors; whether reward would be declared for that arrest of Pak saboteurs and their Indian collaborators; whether citizens' council, as formed in West Bengal, would be immediately constituted in these strategic sectors so that people's

participation can be brought about for safeguarding our lifelines; whether intensification of the publicity and propaganda campaign would be done in these areas so that the simple Indian people are not misled by a few anti-national elements; and whether the MLAs and MPs of this area would be given special responsibility to organise the people to fight all anti-national activities,

SHRI EBRAHIM SULAIMAN SAIT : Sir, I want to make a submission most humbly. You know, I do not disturb the House; I have never done it. I will obey you but I want to have one minute.

MR. SPEAKER : If you speak without my permission, nothing will go on record.

SHRI VIDYA CHARAN SHUKLA : We have taken several security measures to protect the vital installations, communication links etc. I am sure, the House will not wish me to go into the details of how these measures are taken but I can assure the House that we have taken all these difficulties into account and have taken adequate measures to protect these places.

Then, Shri Samar Guha has raised the matter of public cooperation.

I can tell him that we have very good public cooperation from these areas. There are certain small sections of trained saboteurs who are acting as saboteurs from Pakistan. But it would be a completely wrong reading of the situation if any particular community is blamed for this kind of activity... (*Interruption*) I do not say, he blamed it. No community has the monopoly of patriotism in this country. Every community is equally patriotic. Therefore, even by implication no such allegation or insinuation should be made...

MR. SPEAKER : Mr. Samar Guha, you are interrupting him frequently. It will not go on record.

SHRI VIDYA CHARAN SHUKLA : The last point made by the hon. Member was about the number of persons arrested. I do not have the figures with me. But these arrests have been effected by the State administration.

QUESTIONS OF PRIVILEGE

**RE : POLICE MISBEHAVIOUR
TOWARDS DR. SARADISH
ROY AND SHRI B.S. BHAURA.**

MR. SPEAKER : This is about a privilege motion. We will follow the procedure that we have been following in this House earlier. He can explain it in brief.

DR. SARADISH ROY (Belpur) : Sir, under Rules 222, 224 and 225 of the Rules of Procedure of Lok Sabha, I raise the question of privilege as follows :

On 9th November, 1971, I went to Kashipur village within Illambazar P.S., in Birbhum District, West Bengal, within my constituency in exercise of my right as an M.P. to visit any place in India, not to speak of a place within my constituency.

I went there on getting information that the police and C.R.P. had raided the village and driven out all the residents numbering 23 families from that village after looting and burning the huts.

When I went there, and was talking with the womenfolk, a group of armed policemen—I later found out that they belonged to Gujarat S.R.P.—abused me and compelled me to proceed to the police camp at Sultanpur, telling us that they would not allow me to visit the village. At Sultanpur camp, the then officer-in-charge of the S.R.P. told me not to go to Kashipur village and when we again came back to Kashipur village, another batch of police personnel presumably sent by that officer-in-charge approached us menacingly. Being understood so, I had to leave the village.

My privilege as a Member of Parliament has been infringed by the Gujarat S.R.P. as well as its then officer-in-charge at Sultanpur (a) by abusing me, (b) by interfering with my movement and causing me to proceed to Sultanpur camp virtually under arrest and (c) by illegally forbidding me to go to Kashipur village.

SHRI SAMAR MUKHRJEE (Howrah) : This should be referred to the Privileges Committee.

SHRI S.M. BANERJEE (Kanpur) : It should go to the Privileges Committee.

MR. SPEAKER : As we have decided in the General Purposes Committee and the rule we have been following in the past, this will go to the Government for their explanation and then it will come to me and I will give my ruling on it.

There is another one by Shri B.S. Bhaura. Kindly be brief.

SHRI B.S. BHURA (Bhatinda) : Sir, I hereby give notice for privilege motion under Rule 222 of the Rules of Procedure and Conduct of Business in Lok Sabha on the following matter :—

That on 27th August, 1971, the Police at Muksar, District Ferozpur, fired on the students of the local Government College while they were demonstrating against the highhandedness of Police administration in beating the students earlier.

That I was present on that date and was there to enquire into the said excess of the police. In my presence, the police injured three students without any provocation from them. On humanitarian grounds and as my moral duty, I tried to take the above students to the hospital in my car. At this stage, the Police Inspector, Shri Jasmer Singh, in the presence of the D.S.P. misbehaved with me and forcibly dragged the students from my car and broke the door handle fully knowing that I am an M.P. and further threatened me that he would not care for anybody. Hence I feel that the police has breached the privilege enjoyed by Members of Parliament.

I may, however, add that I have also written to you in this respect in my earlier letter on this subject which may also be taken into consideration.

MR. SPEAKER : This will also go the same way.

MR. SPEAKER : This will first go to the Government and when I get the report, I will give my ruling,

Not recorded.

SHRI DINEN BHATTACHARYYA (Serampore) : I have got one submission, Sir. West Bengal and Punjab are under President's rule and if the Police and administration there behave in this way with the M.Ps. where will we stand ? I want your guidance, Sir.

SHRI PILOO MODY (Godhra) : They want your protection, Sir.

MR. SPEAKER : They need nobody's protection. They can stand on their own feet.

Papers to be laid.

श्री हुकम चन्द कछवाय (सुरेना) : अध्यक्ष महोदय मैं एक निवेदन करना चाहता हूँ...

श्री कूल चन्द वर्मा (उज्जैन) :*

अध्यक्ष महोदय : मैं एलाऊ नहीं करता हूँ। यह रेकॉर्ड पर नहीं जायगा।

SHRI PRIYA RANJAN DASS MUNSI (Calcutta South) : Yesterday, Jana Sangh M.Ps. went with their RSS volunteers to our office at Jantar Mantar. What business have they got there ? They went with goondas to beat us.

“That this House do further extend the time for the presentation of the Report of the Joint Committee on amendments to Election Law upto the 15th December, 1971.”

The motion was adopted.

**RE : DEARNESS ALLOWANCE TO
CENTRAL GOVERNMENT EMPLOYEES****MR. SPEAKER:** Shri S. M. Banerjee.**SHRI S.M. BANERJEE (Kanpur) :**
With your permission, Sir, I would like to raise a question under Rule 377 of the Rules of Procedure.**MR. SPEAKER:** You justasked me that you wanted a minute. Now you come to rule 377. I have to remain very alert all the time.**SHRI S.M. BANERJEE :** Permission has been given, Sir, under Rule 377. If you want that I should not mention the rule that may kindly be expunged. You will remember, Sir, that during the last Session in this House, some of the Members belonging to various Parties brought up a Calling Attention Notice stating that the Cost of living had reached 225 and according to the present formula the Central Government employees were entitled to another rise in D A. Shri K.R. Ganesh, in the absence of Mr. Chavan at that time replied that according to the interim report of The hird Pay Commission, unless the figure reached 228, they are not entitled to any further increase in the dearness allowance. We contested that, because, that was not proved by facts. But we have been patiently waiting on the clear understanding that Government were unable to hold the priceline and the figures will reach 228. Today it has come out in the papers that additional dearness allowance is inevitable. I would like to read from the *Statesman* of today which says:

"To add to the many factors that contribute to the twin problems of dwindling resources and rising prices, there are now two more that Mr. Chavan has to contend with in his efforts to check inflationary pressures."

Then, as the first item, it mentions the States' over-drafts on their Reserve Bank accounts and other things. It say afterwards;

"The second is the demand for payment of higher dearness allowances to Govern-

ment employees now that the All India Working Class Consumer Price Index has reached a point when a review becomes inevitable in terms of the interim report of the Third Pay Commission.

According to the formula laid down by the Pay Commission, the Government is required to make a review of the situation when the index rises by 10 points. This it has now done; the index reached 228.6 at the end of September, and the last time dearness allowance was revised was when it stood at 218, a little over a year ago."

That was done at 215, not 218. Then it says :

"Payment of additional dearness allowance thus becomes inevitable and it is expected that associations of Govt. employees will now start pressing their demands."

They have been pressing their damanda, but they have been patiently waiting for 228 to come. I still feel that the Government employees were entitled to further rise in dearness allowance at 225 but the Government refused to pay that. I would like to know from the hon. Minister that since this figure has now reached 228, what other excuses are there in the treasury of the Government to deprive this additional increase allowance to Govt. employees. All the Central Government employees, irrespective of their affiliation to AITUC or Hind Mazdoor Sabha etc. are extremely agitated over this issue and they demanded early publication of Pay Commission report before end of December. We never wanted an assurance and we said that the dearness allowance should be revised. We got an assurance that it could be done when the point reached 228. I would request the hon. Finance Minister through you to kindly announce here and now that the dearness allowance would be revised according to this formula and that the Central Government employees will no more be denied of this rightful claim.

MR. SPEAKER : Next item.**SHRI S. M. BANERJEE :** The hon. Finance Minister is here. He may make a statement. Let him say something.

MR. SPEAKER : If he likes to make a speech now or later, he is at liberty to do so.

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : I do not want to make any formal statement, but I can certainly give the answers in a couple of sentences. Government are reviewing the position. As you know, according to the interim report of the Third Pay Commission, Government should review the position when the index reaches 228, and it is a fact that it has reached 228, and so the process of reviewing has started. This is all that I can say.

AN HON. MEMBER : When will that review conclude ?

SHRI YESHWANTRAO CHAVAN : We have taken a specific step in the sense that...

SHRI S. M. BANERJEE : There is no question of review, but the position is that whenever it reaches 228 increased dearness allowance should be given.

SHRI YESHWANTRAO CHAVAN : We are committed to reviewing the position, and as a first step towards review, we have...

SHRI K. BALATHANDAYUTHAM (Coimbatore) : What is there to review ?

SHRI YESHWANTRAO CHAVAN : Review means many things. As a first step towards that review, we have written to the Pay Commission to advise us on that matter.

SHRI S. M. BANERJEE : May I submit that...

MR. SPEAKER : There can be no debate on it now.

SHRI S. M. BANERJEE : May I seek your guidance on one matter ?

MR. SPEAKER : There is no question of any guidance now.

SHRI S. M. BANERJEE : The Pay Commission has nothing to do with it. So, how can the Pay Commission come into the picture ? This is wrong. It is a great injustice that the Pay Commission is still to be consulted. The Pay Commission had clearly given their recommendation...

MR. SPEAKER : I am not allowing it. Every time, he is making a debate out of everything. If I had known that he would be entering into a debate, I would not have allowed him.

SHRI S. M. BANERJEE : Kindly hear me. Last time, the Pay Commission had said that when the index reached 228, it should be given...

MR. SPEAKER : I am not allowing it now.

**TAXATION LAWS (AMENDMENT)
BILL—Contd.**

MR. SPEAKER : The House will now take up further consideration of the following motion moved by Shri Y. B. Chavan on the 15th November, 1971, namely :—

“That the Bill further to amend the Income-tax Act, 1961, the Wealth-tax Act, 1957 and the Gift-tax Act, 1958 be taken into consideration.”

There is a motion that this Bill be referred to a Select Committee. Is the hon. Minister moving it?

THE MINISTER OF FINANCE (SHRI YESHWANTRAO CHAVAN) : I think Shri Piloo Mody was speaking. Let him conclude his speech.

MR. SPEAKER : Does Shri Piloo Mody want to speak after the report of the Select Committee or now ?

SHRI PILOO MODY (Godhra) : I shall inform you in the course of my speech.

I would have finished Yesterday but for the fact that you had provoked me to speak today.

MR. SPEAKER : I am very sorry, if I had provoked him. But I had good intentions at that time.

SHRI PILOO MODY : I appreciate that at all times.

I was saying yesterday that laws must be made which did not victimise honest and innocent citizens and while welcoming a measure which tended to curtail tax evasion, we should see that it did not become an instrument of witch-hunting in the hands of the Department.

A lot of discretion has been left in the hands of officers, and it must be discretion and not discrimination; discretion and not intimidation, discretion and not favouritism.

Even on the question of appeals, my hon. friend Shri N. K. P. Salve has said something in this respect. I hope that the Committee will pay special attention to it. Whenever a complaint is made against the Department ..

MR. SPEAKER : He need not mention the Committee, because no one knows whether it is going to be voted for or not.

SHRI PILOO MODY : I am talking about the Select Committee, the proposed Select Committee. I hope you will permit it to go to the Select Committee, and when it does, I hope they will bear this in mind that if I have a complaint against somebody and I am not satisfied then I must go to somebody who is independent and not connected in any fashion with the person against whom I have a complaint.

Therefore, the setting up of an independent tribunal on the lines suggested by Shri Salve is a very good idea.

Finally, I would like to say that a procedure has to be set up in deciding what is to be acquired. Shri Chavan cannot turn round and say 'I will acquire Piloo Mody's property, but I will not acquire Salve's property.'

SHRI N.K.P. SALVE (Betul) : I have none to be acquired, he has.

SHRI PILOO MODY : I have not yet acquired any, but I am hoping to.

The difficulty arises out of this choice which he can make. Suppose I have a property for two lakhs of rupees. It is a nice property, well situated. There is a

shortage of such properties. Shri Chavan would like to have that property for himself. So he says 'This has been undervalued. Let us acquire this.' That property is acquired and latter of Shri Chavan buys it at a slightly higher price, thereby justifying that the property was undervalued in the first place.

I say all manner of these things can happen, have happened in the past, because the taxation laws, as they have been framed over the last twenty years, have really ensnared only a few honest or peripheral groups. The big fish have always gone scot-free. In fact, they openly say, "As long as men are purchasable"—and I see ample proof of it everywhere—"We do not have anything to worry about." When you arm yourself with powers, use those powers so that you can catch the people who are ruining the economy of this country and not those who are innocent bystanders trying to do their own bit for this country.

SHRI YESHWANTRAO CHAVAN : Before I move the motion standing in my name, I wish to make a few observations. After hearing the speeches of many of my colleagues, I thought it better that the Bill should go to a Select Committee, because I do not want to leave any feeling in the minds of members of the House, specially those who have participated in the debate, that proper care was not taken while finalising the Bill. I cannot entirely agree with some members who said that the Bill is very badly drafted. I think most of the points raised have been taken care of in the Bill as drafted, but I would certainly seek the co-operation of some of articulate members who will be on the Committee to improve the Bill. I have no objection to that.

Shri Salve made some points. He said that before the competent authority started action, certain pre-conditions had to be fulfilled. According to him two of these are all right. The third is that the action of the parties to the sale must be with a view to evade tax. My difficulty is this. He is a specialist in taxation laws, but he does not see the other constitutional aspect that when property is acquired it has to be for a public purpose. Unless public purpose is mentioned there, it is very difficult for anybody to start proceedings.

SHRI N. K. P. SALVE : Which is the public purpose? There is none. It has to be a deterrent.

SHRI YESHWANTRAO CHAVAN : Public purpose is to avoid evasion of taxation.

SHRI N. K. P. SALVE : I will explain what I said. I will take only half a minute. He has not been properly briefed by the officers. What I said has been misunderstood.

SHRI YESHWANTRAO CHAVAN : We will discuss it in Select Committee. I will hear him there for half an hour. I do not need any briefing on this. He is looking at it merely from the taxation point of view, whereas there are constitutional aspects also. I am saying this as I know something about the law generally, not the taxation law as expertly as he knows. But when I said that this condition had to replace the clause *-(Interruption)*

SHRI N. K. P. Salve : It has to be something different....*(Interruption)*

SHRI YESHWANTRAO CHAVAN : When you want to acquire property...

SHRI N.K.P. SALVE : For acquisition that is necessary. For assumption of jurisdiction, to initiate the proceedings, that is not necessary.

SHRI YESHWANTRAO CHAVAN : Even for that matter, I said I am going to give an amendment. Possibly, you did not hear me when I introduced the Bill. Amendments are being given by the Government so far as that matter is concerned.

Then, the hon. Member who participated on behalf of the DMK, made a suggestion about the Select Committee, and I have agreed to the Select Committee discussing this Bill. He said that only for the purpose of sale this Bill is going to be operative. He asked why transactions of other types like exchange of gift are not included. I would say that this question was also examined, and it is very difficult to include the other

parts of it, because some of the transactions of property do not require the mention of the value in the deed. For example, take gift. It is not necessary for the parties to mention the value of the property in the gift deed.

SHRI SEZHIYAN (Kambakonam) : But the calculation can be made.

SHRI YESHWANTRAO CHAVAN : When I sit with you in the Select Committee, I would like to know how you will give me the data, because, here, the presumption is that unless the value of the property is mentioned, it is very difficult to proceed further. You must see the mechanism of this Bill. It is really speaking based on the mention of the value of the property in a sale document.

My only point of reply was that the hon. Member need not think that we have not considered these aspects. We considered them and it was found rather difficult to provide those things in the measure. When we are going to the Select Committee, it would, depend upon the ingenuity of some of the hon. Members to help as to get out of this difficulty. I do not want to mention all the points that hon. Members have made. The only point I am trying to make is that all the issues that have been raised were given thought to, and we thought that it was rather difficult for us to make any mention of transfers by exchange or gift etc. I have agreed to move a motion for referring the Bill to the Select Committee.

MR. SPEAKER : The motion is already circulated.

SHRI YESHWANTRAO CHAVAN : I have to make certain changes in the names of the Members.

SHRI P. K. DEO (Kalahandi) : My consent was not taken. I suggest that against No. 6, SHRI Piloo Mody's name may be inserted instead of my name.

SHRI YESHWANTRAO CHAVAN
I have no objection.

SHRI INDRAJIT GUPTA : I do not think we were consulted. Against No. 16, we would like to have Shri Balathandayutham in the place of Shri H. N. Mukerjee.

SHRI YESHWANTRAO CHAVAN : Yes.

SHRI R. V. BADE (Khargone) : I suggest that against No. 11, in the place of Shri Bishwanath Jhunjhunwala, Shri Virendra Agarwal may be put.

SHRI YESHWANTRAO CHAVAN : Yes. Then, against No. 18, in the place of Shri Natwar Lal Patel, the party has suggested Shri Satyendra Narain Sinha. Again, against No. 3, in the place of Shri M. C. Daga, the name of Shrimati Sahodrabai Rai may be inserted.

The Committee may report by the 15th day of December, 1971, so that we can pass this measure, if possible, in this session.

I am moving the motion as modified. I beg to move :

"That the Bill further to amend the Income-tax Act, 1961, the Wealth-tax Act, 1957 and the Gift-tax Act, 1958, be referred to a Select Committee consisting of 30 members, namely :—

MR. SPEAKER : The changes in the names of members of the Select Committee have been made and I shall now put amendment No. 11 to the vote of the House. The question is :

"That the Bill further to amend the Income-tax Act, 1961, the Wealth-tax Act, 1957 and the Gift-tax Act, 1958, be referred to a Select Committee consisting of 30 members, namely :—

(MR. DEPUTY-SPEAKER in the Chair)

MOTION RE : ELEVENTH REPORT OF THE COMMISSIONER FOR LINGUISTIC MINORITIES

THE MINISTER OF STATE IN THE MINISTRY OF HOME AFFAIRS AND IN THE DEPARTMENT OF PERSONNEL (SHRI RAM NIWAS MIRDHA) : I beg to move :

“That the Eleventh Report of the Commissioner for Linguistic Minorities for the period 1st July, 1968 to 30th June, 1969, laid on the Table of the House on the 31st July, 1970, be taken into consideration.”

Having regard to the multi-lingual character of our society, the framers of our Constitution felt that there was an imperative need of assuring to the linguistic minorities a sense of security. A comprehensive scheme of safeguards for the linguistic minorities was therefore written into the Constitution. Subsequently, on the basis of the decisions taken at the national level from time to time, particularly in the meeting of the Chief Ministers and Central Ministers held in August 1961, specific schemes of safeguards for linguistic minorities in the matter of education, provision of text-books and teachers, use of minority languages for official purposes, recruitment to State services etc. have been evolved.

To meet the requirements of article 350B of the Constitution, the office of the Commissioner for linguistic Minorities was set up in July 1957. The Commissioner and the officers under him investigate all matters relating to the safeguards provided for linguistic minorities. The results of investigations mentioned in the annual reports of the Commissioner of Linguistic Minorities are required to be submitted to the President and laid before each house of Parliament. However, the responsibility for implementation of various safeguards for the linguistic minorities rests on the State Governments and the Commissioner for Linguistic Minorities is not required to discharge any executive functions for the purpose. Unless full co-operation is extended to him by the State Governments, he cannot show results.

So far 11 reports have been laid on the Table of both Houses of Parliament. The first seven reports have been discussed in Parliament, either in both the Houses or in Lok Sabha or in Rajya Sabha and 8th to 10th reports could not be discussed in Parliament. In the mean time, the 11th report covers the same topic as dealt with in the 8th, 9th and 10th reports, it was considered that only the 11th report may be discussed in Parliament. The Eleventh Report was laid on the Table of the Lok Sabha on the 31st July, 1970, and it is with a view to discuss this report that I move this motion.

MR. DEPUTY-SPEAKER : There are two substitute motions by Shri Mohanty.

SHRI SURENDRA MOHANTY (Kendrapara) : Sir, I move :—

That for the original motion, the following be substituted, namely :—

“This House, having considered the Eleventh Report of the Commissioner for Linguistic Minorities for the period 1st July, 1968 to 30th June, 1969, laid on the Table of the House on the 31st July, 1970, is of the opinion that the office of the Commissioner for Linguistic Minorities be abolished as it has failed to properly investigate the problems of the linguistic minorities with a

view to safeguard their constitutional rights as contemplated in article 350B (2) of the Constitution." (1)

That for the original motion, the following be substituted, namely :—

"This House, having considered the Eleventh Report of the Commissioner for Linguistic Minorities for the period 1st July, 1968 to 30th June, 1969, laid on the Table of the House on the 31st July, 1970, is of opinion that—

(a) special efforts should be undertaken to safeguard the constitutional rights of the Oriya Speaking minorities residing in Andhra Pradesh and Bihar;

(b) the State Governments should insist upon knowledge of regional language as a prerequisite for entry into State services, in keeping with the Central Government's insistence for knowledge of the official language for entry into the Union Services." (2)

SHRI DASARATHA DEB (Tripura East) : Mr. Deputy Speaker, Sir, we are now discussing the Eleventh Report of the Commissioner for Linguistic Minorities in India. The submission of this kind of a report with some recommendations to the Government has become a sort of a routine affair and just to perform that sort of routine work Parliament has sometimes discussed them and Members have expressed their feelings and made certain suggestions to the Government for execution. But after that nothing much has happened regarding safeguarding the interests of the Linguistic Minorities just as in regard to the safeguards for the Scheduled Castes and Scheduled Tribes. The same thing is taking place here.

I may quote some words from this report. Talking about the Provincial Educational Ministers' Conference, 1949, it says :—

"It was agreed in this Conference that at the primary stage of education, if the

mother-tongue is different from the regional language and there are not less than ten pupils in a class or 40 pupils in a whole school desirous of having instruction through their mother-tongue, arrangements shall be made for providing instruction accordingly by appointing at least one teacher. It was also decided that at the secondary stage of educational facilities would be provided for instruction in the mother-tongue, if one-third pupils of a school were desirous of having instruction in the mother-tongue. These decisions were binding on all Government, municipal and district board schools.

The report says that these decisions were binding on every State Government, but actually what is taking place is that the Central Government as well as the governments of States go ahead without paying any heed to the legitimate demands of the minority communities just as big animals go ahead without being affected by the chattering of small beasts or birds. This is the kind of treatment that the people of the linguistic minorities have been receiving from the Central Government as well as from the State Governments for so long.

This weaker section of the people cannot be defended by this Government run by the capitalist or the vested interests class whose main interest is to serve the people of the vested interest.

After reading all these reports I have found that this Commissioner to some extent is fairly satisfied with the task performed by the State Governments. At this stage I am not in a position to verify the position in other States but I can very well say about my State, the Union territory of Tripura. In this report it says :—

"TRIPURI—The number of schools in which the subject matter was explained in Tripuri went up to 150 from 127 of the previous year. Similarly, the number of students and teachers went up to 7,128 and 234 from 6,164 and 196."

A reading of this report may create an impression that in the primary stage Tribal students, particularly Tripuri-speaking

[Shri Dasarath Deb]

people, are being taught by a teacher in their own mother-tongue. But it is absolutely incorrect. It has nothing to do with the reality that exists in our parts. Our people have been demanding for a very long time that for the Tripuri-speaking people or other people who have got their own distinct mother-tongue, at least one teacher should be appointed in the school so as to explain the things in their own mother-tongue.

This has never been carried out in our State. In Tripura, we have got vast areas where only Tripuri-speaking people stay and their number, in some cases, is 90 per cent to 100 per cent. There are so many schools where all the students speak Tripuri language. No other students are there. But even in such schools, in our parts, the Tripura Government is very much reluctant to post a teacher whose mother-tongue is at least Tripuri. Everytime, the Government has come forward with a plea that in basic training colleges, the people whose mother-tongue is different, Bengali or any other language, are being taught Tripuri language so that they will be able to teach lessons in Tripuri language to Tripuri-speaking students. To learn a language in three month's training, even for a man of the highest calibre, is not possible, particularly, when they are to teach school children. It may be the case in other States also.

This is not the only question. We have set up certain Commissions or deputed certain District Magistrates to look after the interests of linguistic minorities. It will not help the situation. The whole understanding must be different. The linguistic minorities, according to me, have got to be dealt with in two different categories. One category is of those people belonging to linguistic minorities who have got their own States where their mother-tongue is an established regional language recognised by the Government. Unfortunately, these people will have to stay in other States where their mother-tongue is not a regional language. Their case is to be dealt in a different way and the Report has suggested how that should be dealt with.

There is another category of linguistic minorities. Most of them are dialects; only spoken language, not written language. It is unfortunate that these people have got no

States where their mother-tongue is a regional language. Take for instance Nepalis in West Bengal, Tripuris in Tripura and Santhalis and Oraonis in Bihar. These people have got no States where their language is recognised as a regional language. If you want to give full opportunity to develop their own languages, then this matter is required to be dealt with in a different way.

This Report suggests only one way. It has overlooked the problems of those unfortunate people who have got no regional language accepted by the Government. In the case of those people, the first guarantee to develop their language is to give them regional autonomy. Under their own self-Government or self-administration, they can develop their mother-tongue into a regional language. By saying about autonomy, I do not say that we should allow them to secede from the Indian Union. They should remain in the Indian Union. But for the safeguard of their interests, for the safeguard of their language, for the safeguard of their economic interest, land employment, etc., these people must be treated on a different footing. They must have a regional autonomy. If they have a regional autonomy, their Government will have to spend money to develop their own language. In that way, the Nepalis, the Santhalis and Oraonis in Bihar, the the Tripuris in our parts, the tribal people in Manipur and in some other parts, may be Andhra Pradesh and Madhya Pradesh, etc., should be provided with regional autonomy by which they can develop their own regional languages.

So, my point is this report will not serve the real purpose to safeguard the interests of the linguistic minorities. Take Urdu. They have got no State. But it is a developed language and there is a suggestion that wherever they have ten students or more in a school, lessons should be given in that language and there should be one teacher. But, how can you develop where more than five lakh people speak in the same language and reside in a very contiguous area and almost all the students in the schools belong to that community? You say the District Magistrate will be in charge of this. How can the District Magistrate look after this? It is not the job of any official, however high he may be. It is not

the job of certain officers. It is for that particular community and that community should be given a regional autonomous body and the entire policy and the money should be entrusted to them to look after the development of that language. If you do not adopt this measure, then simply talking of giving certain safeguards to the linguistic minorities will not help them. That is why I ask the Government to change their whole attitude and give their proper thought very deeply over this issue and see that minority people are developed.

***SHRI J.M. GOWDER (Nilgiris) :** Mr. Deputy-Speaker, Sir, the Eleventh Report of the Commissioner for Linguistic Minorities in India for the period July, 1968 to June 1969 has been taken up for discussion today and I would like to say a few words.

At the outset, I would like to point out that the Commissioner's Report for the year 1968-69 is being discussed now in 1971-72. The very fact that the discussion on 1968-69 Report has come up so belatedly shows the scant interest of the Government in the welfare of the linguistic minorities in the country. The Office of the Commissioner for Linguistic Minorities is as a result of Article 350B of the Constitution. This constitutional appointment has been expressly made to investigate all matters relating to the safeguards provided for linguistic minorities under the Constitution of India and the Commissioner's Report is to be laid before each House of Parliament. The inordinate delay in the matter of discussing the Commissioner's Report for 1968-69 makes me feel that the Office of Commissioner for Linguistic minorities has been constituted just as an eye-wash, and no serious consideration is given to the recommendations of the Commissioner.

Now, let us see what happens to such Reports after they are discussed here? If our past experience is any guide, superficial discussion takes place in this House and then they are either thrown in the dust-bins of the Secretariat or sent to the National Archive. The recommendations made in such Reports are never implemented in earnestness. I would like to say that this Report should not share the same fate. The

constitutional safeguards given to the linguistic minorities have got to be implemented and if that is to be done, then the Report of the Commissioner should be taken more seriously and effective steps must be taken to translate the constitutional mandate into action.

It has been specifically mentioned in the Report of the Commissioner that it cannot be said that all the schemes of safeguards for linguistic minorities agreed to at the all-India level have now been fully accepted by all the State/Union Territories for implementation. It is not my fancy but it is the unpalatable statement of the Commissioner for Linguistic Minorities in his Report. I agree that the Commissioner is not the administrative machinery for implementation of the safeguards, but all the same it is a duty enjoined upon him to undertake extensive tours for investigation of grievances reported and persuade the State Governments and Union Territories to implement fully the scheme of safeguards. What is the staff at his disposal - two Class I Officers, one Class II Officer and eight ministerial staff. The Commissioner is expected to function effectively with this small complement of staff and he has to ensure proper implementation of constitutional safeguards for linguistic minorities throughout the country.

If the Government want to stand by the safeguards enshrined in the Constitution, then the time has come for augmenting the strength of staff of the Commissioner. I would also suggest the appointment of Deputy Commissioner in all the regions of the country. I know that the hon. Minister might put forth the plea that the State Governments are primarily concerned with the welfare of the linguistic minorities. If the State Governments take real interest in this matter, then there is no problem. But, what happens if certain State Governments are unmindful of the safeguards of the linguistic minorities? So far as Tamil Nadu is concerned, the State Government is genuinely interested in the welfare of linguistic minorities and is taking all possible steps to implement the safeguards for them. We have no problem at all. Let us see what obtains in other States.

***The original speech was delivered in Tamil.**

[Shri J. M. Gowder]

An all-India agreed decision was arrived at that the knowledge of regional language should not be a pre-requisite for recruitment to State Services. But to our dismay we find that Maharashtra, Bihar, Haryana, Orissa, Punjab, Himachal Pradesh and Uttar Pradesh have not accepted this decision. They seem to insist that for recruitment to State Services knowledge of the regional language is essential. This shows that they are fanatically devoted to their regional languages and they do not want anyone from other States to enter their State Services.

We talk of national integration day in and day out. So long as this sort of attitude prevails, national integration will only be a distant goal. This is not an issue from which the ruling party should try to derive political advantages. In the interest of national unity, if a thing is to be done then it should be done boldly without entertaining any political considerations. If a State does not take adequate steps to implement the safeguards of linguistic minorities, then bold directions should be given by the ruling party here.

I would bring to your attention, Sir, that Bihar, Nagaland and Orissa have not yet drawn up lists of the areas where a linguistic minority group constitutes 15 per cent or more of the population. Barring Manipur and the Andaman and Nicobar Islands, no other Union Territory has prepared such a list so far. What does this show? The State Governments and the Union Territories are not showing interest in the welfare of linguistic minorities living in their areas. Even after 14 years of inception of the Commissioner, he also has not been able to persuade the State Governments to do this important work. The Central Government also does not seem to be genuinely interested in the problems of linguistic minorities. India is a multi-lingual country and national integration is a must. If the problems of linguistic minorities are neglected in the manner, then surely we will never be able to achieve nation integration. If the Commissioner is not able to discharge his functions effectively, it is only due to inadequate staff under him.

As I pointed out earlier, the staff under the Commissioner should be augmented considerably. Regional Office must be created

and Deputy Commissioners must be appointed to assist him in his onerous duties. The State Governments may be really interested in the welfare of the linguistic minorities and they may be doing everything in their power to implement the constitutional safeguards for them. But, still if the Deputy Commissioners are located in the States, they may be able to assist the State Governments which lag behind. I conclude with these few words.

श्री आर. बी. बड़े (खरगोन) : उपाध्यक्ष महोदय यह लिंग्विस्टिक माइनारिटीज आफ इन्डिया के कमिशनर की जो रिपोर्ट है यह बहुत महत्व की रिपोर्ट है। अब यह रिपोर्ट देने का हर साल प्रयत्न किया जाता है पर दरअसल में माइनारिटीज के बारे में जितने सेफगार्ड्स अपने संविधान में दिए गए हैं उन का पालन होता है या नहीं यह देखने की बात है। कमीशन ने 1956 में यह कहा है—

“We wish to emphasise that no guarantee can secure a minority against every kind of discriminatory policy of a State Government. Government activity at State level affects virtually every sphere of a person's life and a democratic government must reflect the moral and political standards of the people.”

इसके साथ में एक और बात उन्होंने यह कही है :

‘Enough safeguards and enough provision should be made so as not to perpetuate separatism or to impede the processes of natural assimilation.’

इस प्रकार से दोनों बातें यह चाहते हैं कि कान्टीन्यूइटी रहे ऐसिमिलेशन भी रहे और यह राष्ट्र एक है तो एक भावना होनी चाहिये।

मैं विशेषकर मध्य प्रदेश से आया हूँ तो मध्य प्रदेश के बारे में ही ज्यादा मैं बोलूँगा। मध्य प्रदेश में दो प्रकार की भिन्न-भिन्न परिस्थितियाँ हैं। एक तो शहरी है। शहरी लोग हिन्दी, इंगलिश, उर्दू, संस्कृत और मराठी

बोलते हैं। लेकिन जो बोर्डर एरिया है, हिली क्षेत्र है जिसमें 67 लाख आदिवासी रहते हैं उनकी भाषा अलग-अलग है। उनमें माड़िया भाषा गवर्नमेंट ने मान ली है। लेकिन वस्तर में हलवी भाषा है। उसके बारे में कोई भी प्राविजन नहीं है और गवर्नमेंट ने उसके लिए कोई भी कदम अभी तक नहीं उठाया है। फिर एक गोंडी भाषा है जिसे बोलने वाले 22 लाख गोंड हैं। गोंडी भाषा के बारे में मैंने भी बहुत दफा कहा कि गोंडी भाषा की स्टडी और उसका प्रतिनिधित्व होना चाहिये लेकिन वह भी नहीं हुआ। मेरे क्षेत्र में कम से कम 20-22 लाख लोग ऐसे हैं, भील और भिलाले जिन की भाषा भीली है लेकिन उस में भी अलग अलग ट्राइब्ज हैं और उनकी भाषा भी अलग अलग अलग है। तो उनकी भाषा की स्टडी कैसे हो, इस के बारे में कमिशनर ने मध्य प्रदेश गवर्नमेंट के बारे में कुछ लिखा है। सेंकेंड्री एजुकेशन के विषय में उन्होंने लिखा

“The State Government have accepted the principle that provision of facilities for instruction through any language mentioned in the Eight Schedule will be considered, if *bona fide* requests by a fair number of pupils are received for the same. However, the Madhya Pradesh Government are yet to issue orders to provide facilities for instruction through the mother-tongue of linguistic minorities at the secondary stage according to the agreed formula. It has been brought to the notice of the commissioner that fixation of the minimum strength of pupils for providing such facilities would involve a heavy expenditure. There is provision for advance registration of Linguistic minorities pupils desirous to have instruction at the secondary stage of education as well. The progress made in opening such registers has also been intimated by the State Government. Government have

issued orders for non-diminution of the facilities for instruction through minority languages as existed on 1st November, 1956.”

कमीशन की पहले जो रिपोर्ट आई है उस में भी यह बातें थीं और अभी भी उन्होंने पेज 40 पैराग्राफ 282 में यही कहा है कि सेंकेंड्री एजुकेशन में माइनारिटीज और आदिवासियों की जो भाषा है उस के शिक्षण की कोई व्यावस्था नहीं की गई है। मैं कहता हूं कि केन्द्र से इस प्रकार का कमीशन जाता है और उसको कोई भी सख्ती करने का अधिकार नहीं दिया जाता है तो इस प्रकार का कमीशन नियुक्त करना फिजूल बात है और फिजूल का पार्लियामेंट का टाइम भी लेना है। इसके बारे में उन्होंने कहा है कि मध्य प्रदेश गवर्नमेंट ने उनको यह लिखा—

“The official language of the State is Hindi. A list of the districts, tehsils and municipal areas has been prepared by the State Government.”

उन्होंने यह कहा है कि हमने जो प्रश्नावली भेजी उसके उत्तर में मध्य प्रदेश गवर्नमेंट ने यह कहा है—

“The Madhya Pradesh Government have stated that replies to representations in minority languages are not sent in the languages in which these are received.”

लेकिन मैं कहता हूं कि जो प्रश्नावली गई थी वह हिन्दी में गई थी। हिन्दी में पूछने की वजह से उसका जवाब भी हिन्दी में गया था। इसलिए उन की अपनी भाषा नहीं थी यह सवाल नहीं आता है। उन्होंने खुद ही प्रश्नावली जो निकाली थी वह हिन्दी में निकाली थी और हिन्दी में ही जवाब दिया गया है। तो आदिवासियों ने जवाब अपनी भाषा में क्यों नहीं दिया यह पूछना निरर्थक है। फिर कहा है—

[श्री आर० बी० बडें]

"The Madhya Pradesh Government have said that there has been no demand for publication of substances of laws, rules etc. in minority languages."

इस के बाद कहा है कि रेडियो में माइना-रिटी लैंग्वेज जो हैं उनका प्रचार होना चाहिये जैसे राजस्थानी है मैथिली है :

"Radio broadcasts have become part and parcel of the life of our citizens. This is well illustrated from the demands received from Sindhi speakers in Gujarat, Madhya Pradesh, Rajasthan and U.P."

मध्यप्रदेश में उन्होंने सिंधी का थोड़ा सा प्रोग्राम दिया है हफ्ते में एक दिन। लेकिन वह बिल्कुल अपर्याप्त है। एक अंग्रेज लेखक ने कहा है कि इन्डिया इज ए म्युजियम आफ लैंग्वेज। मैं कहता हूँ कि म्युजियम होगा लेकिन जो लिग्विस्टिक माइनारिटीज हैं उनको अपने साथ में लेना है, उनको अपना कल्चर सिखाना है तो उन आदिवासियों के लिए उनकी अपनी भाषा में ही किताबें तैयार होनी चाहिये, टेकस्ट बुक्स होनी चाहिए।

इस के साथ साथ मैं एक बात और कहना चाहता हूँ कि इन की भाषा और हमारी भाषा में बहुत फर्क है। हिंदी भाषा जो वह बोलते हैं वह बहुत टूटी फुटी हिंदी बोलते हैं। उसको एक डायलेक्ट आप समझिए लेकिन वह हिंदी भाषा से बिल्कुल विपरीत है। सिर्फ लिगमेट एक बराबर है मैं समझता हूँ कि इसकी स्टडी होनी चाहिये। लेकिन मध्यप्रदेश गवर्नमेंट अपने आपस के भगड़े जो हैं मिनिस्ट्रीज का भगड़ा है पार्टीज का भगड़ा है उसकी वजह से वह आदिवासियों की तरफ देखते नहीं हैं। एक कमीशन नियुक्त कर दिया है जो जाता है। सत्रह जिले हैं आदिवासियों के जिनमें 67 लाख आदिवासी यहां रहते हैं। लेकिन उनकी भाषा के शिक्षण की कोई

व्यवस्था नहीं है। वस्तर में मैं गया था उनकी जो भाषा है हलबी भाषा वह दूसरी भाषाओं से बिल्कुल विपरीत भाषा है। उसकी तरफ शासन ने या केन्द्र ने कभी ध्यान नहीं दिया।

दूसरी बात मुझे यह कहनी है कि उर्दू भाषा के बारे में कहा गया है कि इतने स्टूडेंट्स हों तो उसके लिए टीचर की व्यवस्था की जायगी। उर्दू भाषा अपने देश की भाषा है। लेकिन देवनागरी में लिखी जाय तो हमें कोई अवरोध नहीं है। उर्दू भाषा में कहा गया है कि 15 स्टूडेंट्स हों तो एक टीचर दिया जायगा। कितने दिये गए इसकी संख्या दी गयी है। मैं यह कहना चाहता हूँ कि वहां मध्य प्रदेश में क्या चल रहा है, ट्राइवल भाषाओं की व्यवस्था क्यों नहीं की जा रही है। इस ग्यारहवीं रिपोर्ट में कमिशनर ने इसके बारे में लिखा है। मैं कहता हूँ कि हिंदी भाषा से सबको परिचित होना चाहिए लेकिन उसका मतलब यह नहीं है कि जो उनकी मातृभाषा है वह खत्म हो जाय। वह खत्म नहीं होनी चाहिए। जो बच्चे आते हैं वह मात्रभाषा ही पढ़ते हैं। सेकेन्ड्री एजुकेशन में मैं ने देखा है जो मास्टर आते हैं उनको भी वह भाषा नहीं आती है। मैं ने देखा है कि कोर्ट में आदिवासी आते हैं तो कोर्ट को समझाना मुश्किल होता है। वकील उनको समझाता है। एक वकील कहता है कि यह फलां बात कह रहा है दूसरा कहता है कि नहीं यह दूसरी बात कह रहा है। फिर वकीलों के आपस में भगड़े होते हैं। मैं कहता हूँ जैसे हम अपनी भाषा में कहते हैं—ठहरो, ठहरो, उसको वह कहते हैं हागा हागा। अब वह यह समझते हैं कि यह पता नहीं क्या कह रहे हैं गाली दे रहे हैं या क्या कह रहे हैं? जैसे हम राम राम कहते हैं तो वह अपनी भाषा में वारू वारू कहते हैं तो उनकी जो इस तरह की भाषायें हैं उनके

शिक्षण की उचित व्यवस्था की जानी चाहिए।

महाराष्ट्र में लिग्विस्टिक माइनारिटीज के केसेज में उन्होंने कहा है कि हम उनकी जो भाषाएं हैं उनको नहीं लेंगे। वहां की जो जिला परिषदें हैं वह उनको मानने को तैयार नहीं हैं। तो मैं ऐसा समझता हूं कि लिग्विस्टिक माइनारिटीज कमिशनर को यह ताकत दी जाय कि वह जाकर उनको बाध्य करें और उनसे पूछे कि हमने जो सिफारिश दी है वह पूरी हुई या नहीं। तब तो इस प्रकार की रिपोर्ट देने और पार्लियामेंट का टाइम लेने का कोई अर्थ होगा नहीं तो हर जगह लिग्विस्टिक माइनारिटीज कमिशन की रिपोर्ट भेजना और हमारा यहां बोलना सब बेकार है। पहली रिपोर्ट आप ने देखी होगी और यह रिपोर्ट भी आपने देखी होगी। दोनों में एक ही बात लिखी हुई है। इसमें वही बात लिखी हुई है जो पहली रिपोर्ट में लिखी थी तो मध्य प्रदेश गवर्नमेंट या दूसरी गवर्नमेंट्स इसकी सिफारिश को क्यों नहीं मानती हैं इसकी तरफ शासन का ध्यान जाना चाहिए। वस इतना ही मुझे निवेदन करना है।

SHRI SURENDRA MOHANTY : Mr. Deputy-speaker. Sir, I rise to speak on my substitute motions more in a sense of sorrow and in frustration rather than in anger even though any sensible person has more than enough reason to feel angry about these reports which are being submitted here to Parliament.

Sir, if I may be permitted to strike a personal note, I can say that I was one of the most ardent supporters of the proposal for the creation of a special officer for linguistic minorities in the wake of the acrimonious debates that had been raised in both the Houses of Parliament on the SRC report. It may be recalled that the States Reorganisation Commission had been appointed in the year 1954 to redraw the boundaries of the States of the Indian Union on the basis of language, culture and administrative

convenience. After the Herculean labours of the SRC were over and its findings saw the light of the day, the SRC Bill had been drawn up to redraw the boundaries of the States of the Indian Union. After the exercise was over, it was found that a new problem had crept up in the shape of the linguistic minorities.

After the States had been redrawn on linguistic, cultural and administrative basis, it was seen that there was accretion of a certain population in the linguistic States which was known as linguistic minorities, people speaking a language different from the majority of the people speaking a particular language and residing in a particular State. Now, it was at the instance of the late Prime Minister Nehru, in the interests of emotional integration, the post of a special officer to safeguard the cultural, political and economic rights of the linguistic minorities was created and it came to be enshrined in article 350B of the Constitution.

Sir, I do not wish to take the time of the House by repeating the various safeguards which had been provided for the linguistic minorities in the Constitution of India. For instance, among others article 29 says that every citizen belonging to the linguistic minority has the inherent right to conserve his own culture, his own language and his own cultural characteristics. Article 16 says that every person belonging to the linguistic minorities must be given equality of opportunity in matters of public employment. Article 15 says that there should be prohibition of discrimination on grounds of religion, caste, place of birth, etc. There are also various other safeguards which the House knows only too well, and I do not wish to take the time of the House by traversing that familiar ground.

This special officer had been appointed to safeguard these inalienable rights of the linguistic minorities. The Commissioner for Linguistic Minorities was specifically charged to see that the linguistic minorities are not denigrated to the status of second-class or third-class citizens living in a State. In that context, if we view this particular report, let alone all the other tame reports which had been laid on the Table of the House so far, one comes to the painful conclusion that it is an exercise in futility. Therefore, it is an irony of history

[Shri Surendra Mohanty]

that I, who was ardenly supporting the proposal for the creation of the post of a special officer, namely, the Commissioner for Linguistic Minorities, stand today to urge upon this House to recommend to the Government for its abolition. It is true that the Government tried a retired High Court Judge; various other incumbents came and left. Of late I do not know why the Home Ministry has a special fascination for the feminine sex and of late the linguistic minorities commissioners are ladies. I have great admiration for them. For instance, the Commissioner who had submitted this report was a personal friend of mine and we have worked for a long time as colleagues in Parliament and I bear personal testimony of her sincerity of purpose. But may I urge on the Government that they should not make this post a cushy berth for frustrated politicians and defeated party men in the elections and belonged to the ruling party and the present also was a Member of the Rajya Sabha. I do not envy their fortune but I would only plead that they must express deeper concern for the misfortune of the linguistic minorities.

I had expected from the hon. Minister Mr. Mirdha an eloquent speech on the linguistic minorities commissioner's report, while moving this motion. But he was laconic and merely said that this was the responsibility of the State Governments.

The next question is : if the responsibility devolves on the State Governments what was the purpose in creating a special officer for linguistic minorities and providing him one class I officer, half a dozen class II officers and a number of ministerial officers—a full complement in Allahabad. It is for making *snan* in the Sangam and thereby earn piety and *dharma*? Or to discharge certain functions as directed under article 350(b) of the Constitution?

In this light I want to invite the attention of the hon. Minister to certain enormities in this report? This report is in respect of the linguistic minorities in India. It should have been common knowledge to the Commissioner for linguistic minorities that there are about two or three lakhs of unfortunate Oriya speakers living in Bihar in Sarakalla sub-division of Singhbhum district. I do not wish to go into the history as to how they came

to be there. I am only concerned to find that this report clearly sweeps them away and does not make even a mention about the Oriya speaking linguistic minorities in Bihar. It says on page 22 of the report :

“The speakers of Hindi, Bihari, Urdu, Santhali, Bengali, Mundari and Oraon/Kurukh constitute 44.30, 35.39, 8.93, 3.57, 2.84, 1.21 and 1.19 per cent respectively of the population.”

Have the Oriya-minorities been eliminated in the meantime.

Mr. Deputy-Speaker, I may be given some time because it is a matter which affects fundamentally the lives of millions of people.

MR. DEPUTY-SPEAKER : I have given you six minutes more than your time.

SHRI SURENDRA MOHANTY : Please give me five more minutes. I have given notice of two motions and I have applied my mind and studied this report.

Even though this report at page 22 under the heading ‘Bihar’ had refused to recognise the existence of Oriya linguistic minorities, in para 134 at the same page it says :

“According to a report received from the State Government, there are facilities for instruction through the media of Bengali, Ho, Maithili, Munda, Or. on, Oriya, Santhali and Urdu.”

If the Commissioner had applied some to-
wha he or she was signing, he or she could have certainly detected this inconsistency in the report. On the one hand, you do not recognise the existence of Oriya-speaking minorities in Bihar. On the other, you claim to have provide educational facilities for them. It is all moonshine, a tissue of blackest lies, meant only to hoodwink Parliament that a particular Government is taking all possible steps for providing safeguards for linguistic minorities. Only the other day, the Oriya-speaking population had to resort to hunger-strike and protests, because to spread then over the State like homeless Jews, Sarakalla sub-division was going to be dismembered and partitioned to disperse the concentration of Oriya speakers. Against this move, there was hunger-strike and *dharma*. It is a very

painful thing for me to say that there was a *lathi charge* by Bihar police on the peaceful pickets who went there to protest against this enormity. You will also find in the report how the Oriya-speaking minorities in Bihar have been denied the opportunity of employment. There are various other things, to which I do not wish to make a reference now. I propose to bring all these matters to the notice of the minister. I submit the Linguistic Minorities Commissioner should not merely investigate into these things, but should bring them to the notice of the President. It should be the incumbent duty of the President, or the President should be advised by the Home Ministry, to issue directives to the defaulting State Governments that the provisions of the Constitution were properly implemented. If that is not done, the commission will be merely a redundant appendage only meant only to provide jobs for retired or frustrated politicians of the ruling party.

In Andhra also, there are Oriya-speaking minorities, but they are not being given the protection they deserve. In this report, you will find the fantastic statement that Oriya-knowing teachers are not available in Andhra. With the rising spiral of unemployment, do you believe that Oriya-knowing teachers are not available to teach in Andhra Schools? I will wind up by saying that either you have to strengthen the Linguistic Minorities Commissioner with adequate funds and other resources so that he performs his duties effectively or you abolish that sinecure. Pending that please for heaven's sake, see that special efforts are undertaken to safeguard the constitutional rights of the Oriya-speaking minorities in Andhra and Bihar.

My hon. friend from Madras said that there are no problems of linguistic minorities there. They have been fully integrated emotionally. But when I went to Madras, I found that nobody understood any other language except Tamil. Mr. was changed to Thiru and I was addressed as Thiru everywhere. That only shows how Madras, how Tamilnadu, is proud of its own heritage, its own language, culture etc.

I would plead only one thing. What is sauce for the gander must be sauce for the

goose. If the Government of India insists that knowledge of Hindi, which is the official language, will be essential for holding Central Government posts, I do not see any reason why the State Governments should not insist on knowledge of regional languages in the interest of good administration.

SHRI SHYAM SUNDER MOHA-PATRA (Balasore): Mr. Deputy-Speaker, Sir, this is a very controversial subject and anyone who claims himself to be a socialist will be very much afraid to deal with a subject like this lest he would be misunderstood.

AN HON MEMBER: Then why are you dealing with it?

SHRI SHYAM SUNDER MOHA-PATRA: I am dealing with it for the specific reason that persons who are in the social and cultural field are confronted with this vital question.

The position of the Minorities Commissioner has become almost a decoration. I tell you from my own personal experience that there are about 6 lakhs of Oriya-speaking people in West Bengal working in greater Calcutta. I do not say that they should not learn Bengali. They should. When I was in Bengal for 16 years I made it a point to learn Bengali. Similarly, when I go to Bihar I claim to be a Bihari and speak Hindi. But my sons and daughters will certainly demand that they should also have the right to learn their mother-tongue, which is Oriya. But to my utter surprise, confusion, dismay, disillusionment and frustration I found that in West Bengal there are no facilities for learning Oriya for six lakhs of Oriya-speaking people. This matter was taken up with Dr. B.C. Roy when he was the Chief Minister and also with Shri P.C. Sen when he became the Chief Minister. Ultimately what happened was that study of Oriya language was abolished for the post-graduate departments of the Calcutta University.

Now, what harm is there if the Minorities Commissioner tells the West Bengal Government that these six lakhs Oriya-speaking people want their sons and daughters to learn Oriya language in addition to Bengali and what is the difficulty in the

[Shri Shyam Sunder Mohapatra]

State Government agreeing to such a proposal? In certain outlying Oriya tracts in West Bengal—I am not raising the question of outlying Oriya tracts as such—there are three lakhs of Oriya-speaking people who want that there should be safeguards for their mother tongue. Now there is no provision for their sons and daughters to learn through the medium of their mother tongue. If only the government insists and persists on the stand that there should be provision for learning through their mother tongue for all the people, all this problem could be solved. In India there is no harm if we learn even ten languages. But facility for learning through the mother tongue should be there.

I am approaching this subject from the psychological standpoint. We cannot become nationalists and socialists unless we solve this problem. In Russia they solved the national and chauvinistic problems in the Balkan Province. Why could we not do that in India when we claim ourselves to be socialists?

When I am in Delhi I speak in Hindi. Similarly, Oriyas living in Bengal must learn Bengali. At the same time, there must be provision for their children to learn Oriya in the schools and colleges. There is the same problem in Andhra Pradesh also.

When the linguistic redistribution commission was there I took it for granted that there will definitely be many areas, outlying areas where this problem will arise, where the people have not got the facility to learn through their own mother tongue. The best course will be to allow the mother tongue to be used in the schools and colleges. Then there will be no difficulty.

MR. DEPUTY-SPEAKER : He may continue his speech the next day. Now we will take up the discussion on Bengal.

15.00 hrs.

MOTION RE. LAW AND ORDER SITUATION IN WEST BENGAL

MR. DEPUTY-SPEAKER : Now we shall take up the motion standing in the

name of Shri Jyotirmoy Bosu and Shri Samar Mukherjee.

SHRI JYOTIRMOY BOSU (Diamond-Harbour) : Sir, it is marked for three hours. Since you were very gracious yesterday for a motion which stood on the same footing, I shall be grateful if you will apply the same principle today that you did yesterday.

I move :—

“That this House expresses its serious concern at the deteriorating law and order situation in West Bengal and role therein of a section of the police, C.R.P., official machinery and anti-social elements.”

It is a very bad day for us that we have to bring these things before this august House. The day before yesterday a headmaster in Durgapur was burnt alive within his own school. Sir, you come from the teaching profession; so, you will realise the seriousness of the whole thing. Who could do it but the protected gangsters of the ruling party? I shall quote it later during my speech.

In Garia in South 24-Parganas, on the head of a senior political worker named Narayan Roy Chowdhury, the police have inscribed the words “CPM” with a sharp weapon. The inscription on his head with the sharp weapon was done within the police station where the key persons of law and order are supposed to exist. I quote from what the magistrate says in his order :—

“Seen prayer of Investigating Officer to show arrest of accused Narayan Roy Chowdhury who has been forwarded to court to-day in connection with Sonarpur Police Station Case No.....”

Then, it goes on to say :—

“Sonarpur Police Station went to the brutal length of inscribing the letters “C.P.M.” on the back of his head by means of a sharp weapon. I personally found this wound on the back of the head of this accused when he was produced before me. I also saw a good number of other bleeding injuries all over the person of this accused. Fanta-

atically enough, there is no whisper of any injury on the person of this accused in the forwarding Report, or for that matter, any prayer for his medical treatment."

I go further and quote :—

"The Officer-in-charge is hereby directed to report forthwith as to how this accused came to receive the aforesaid injuries."

I quote again :—

"I am constrained to remark that brutality cannot go further and the safety and security of citizens is at stake in the hands of the police who are perpetrator of grisly violence and atrocious and macabre acts and that we are living in a police State "

Mark that a serving magistrate sitting in the court of law says that we are living in a police state. He goes on to say :—

"I hope, considering the gravity of the allegation, the S.P 24 Parganas will please look into this matter and take appropriate steps."

Then it says :—

"Prayer for police custody is rejected. Accused is remanded to judicial, custody....."

This is a very dark day. The ruling party through the Government machinery is intensifying in a semi-fascist manner a region of error and gangsterism. They are making desperate attempts to crush people's democratic movement in West Bengal. It is a pressure from the vested interests whom they serve.

I now quote from *Kalantar*, a paper run by the CPI, an ally of the Congress. This is dated 9th November, 1971.

"Right C.P. On Congress Terror" it says :—

"Under the heading,

"Police have taken the law in their hands and killed five in eight days in Kasba area, the report in the daily's November 7 issue says :

It was yesterday (November 5), one P.M. in the afternoon, almost all the inhabitants of Shahidnagar Colony were in their houses. Near Ward No. 2, two young men were reading *Kalantar* posted (on a wall) in a public thoroughfare. Suddenly there was the crack of many bullets being fired. One of the young men fell prostrate on the ground, the other ran away. Followed another burst of gun fire. Two bullets hit Uma, a five-year-old girl sleeping beside her mother. in the stomach and the leg.

"...In another house, an eight-year old boy was playing in a room: he also was injured."

I do not want to go into details because that will take more time. What I would say is that unless these semifascist methods are checked in time, it will certainly take a turn for full fascism and that will be practised all over the country.

The people's support in West Bengal became so over-whelming that the leftist forces which include my Party, had organised and led such a movement against the right reaction and vested interests which this ruling party subserve. It was reflected through different elections. In the Assembly in 1967 we had 44 seats, in 1969 it came to 83 and in 1971 it became 113. For the Parliament, in Lok Sabha, with all the fan fare and the '*Garibi Hatao*' in 1967 we got 5 and this time we got 20 in spite of all this. The slogan of '*Garibi Hatao*' did not work in West Bengal and in the State of West Bengal where Mrs. Indira Gandhi had a defeat, we became the first Party and we became the first Party of that State in the Lok Sabha also. To day people are faced with the problems of high cost of living, unemployment, Police repression, rising cost of living and everything. In spite of that they are fighting this repression with such vigour as one possibly could.

Before 1971 elections, the entire Government machinery was mobilised. A section

[Shri Jyotirmoy Bosu]

of the West Bengal Police, CRP, Army and anti-socialist forces and Naxalites combined together and a special operation was directed by the Home Minister and the Prime Minister and a research was undertaken and a programme was chalked out by the Cabinet Secretariat. They drew up a programme of 'Crush Democracy' and a reign of terror was let loose and in fact many areas we could not enter before the election. Along with that there was a campaign of vilification by the All India Radio and the controlled Press of the Ruling Congress. Then followed the murder of Hemant Kumar Bosu and also Ajit Biswas and it has now become crystal-clear to the people as to who were the persons who were really behind...these murders. Sir, you must have read a few days ago that a man had been arrested who belonged to the Forward Bloc. It has been alleged that he had murdered the second leader of the Forward Bloc, namely, Ajit Biswas....Now people have understood that the Prime Minister provided liberal funds and the Home Minister supplies weapons and explosives. It all came from the Central Government. Even what the Britishers had done for this subjected race in those days, viz., that every Police firing should be enquired into immediately, was done away with and when I asked for the information from the Prime Minister, I got incorrect information. I do not want to go further into that.

In spite of all this pre-Election repression we got overwhelming support and we increased our strength as I said before. She made a desperate attempt and now the whole State machinery has been geared under an Indian Civil Service man who was British-trained in the matter of repression and terror-striking. Everything is directed from Delhi and by the Home Ministry and the Prime Minister is the head of that Ministry also. Money flows liberally. There is a big recruitment in the Police and in the secret police, and retired Police Officers have been recalled and a reign of terror and semi fascist terror has been let loose combined with gangster attack on us. This is all being done under the Field Director, the Minister of West Bengal Affairs and his lieutenants in Chatra Parishad and Youth Congress. Even the sober Congressmen who form a very small group in Bengal have decried this. Then, they tried to isolate us, the CPM from other

Parties on the plea of stopping of murders and to stop the united mass struggle. Then came the intensified Congress-gangsterism and we can see that in the Alladipur and other attacks. They are doing this way. In moving trucks followed by Policemen, CRP, etc., they are attacking their opponents all of a sudden and in a very dashing manner. Even in this we have lost 500 precious lives of our comrades at the hands of policemen and the Rs. 105 goonda elements recruited as police guerillas and resistance forces and home guards. It is a national plan that is engineered from Delhi. Otherwise we could not have seen similar incidents happening in Punjab for instance. Why is all this being done when there is a national crisis on the border, when the entire people need to be mobilised on the Bangla Desh issue? Otherwise, the Bangla Desh issue will be weakened. Out of sheer fear the ruling congress has taken recourse to these methods; they fear they will get defeated in the election. Also, the police in West Bengal, those who are helping them in their misdeeds, will get demoralised. That is why they are trying to defer election.

Sir, what is the position today? A minority party is ruling over the majority party, in West Bengal. They are using the PDA, Maintenance of Internal Security Act, Section 144, curfew. Thousands and thousands of cases are instituted against political opponents by them; combing has become a daily affair. It is being done every day and everywhere. I will give one example and this relates to the police station at Sonarpur. Within a very short span of time about 4000 persons have been accused in cases. 1,000 were arrested; 100 houses were ransacked; 500 were looted; 200 have been rendered homeless. Sir, look at the liberal supply of equipments for the police. They cannot find money for jobs which means good things for the common man, working man, which can solve the unemployment problem. They are spending money like this in Bengal. There is something in Bengali. I will translate it. It says: The short-term scheme for the police which has been administered by Delhi involves Rs. 6 crores and for this they will be increasing the number of policemen, vehicles, wireless sets and other equipments, teleprinter sets and other requirements, and an immediate sanction of Rs. 1 crore has been made, to gear up the

police to take this dirty task. The Prime Minister is not fully relying on the West Bengal State machinery. She has made a cell of her own. In Bengali it says like this. I have quoted one from *Anand Bazar Patrika*. This is also from *Anand Bazar Patrika*. This is dated 24-7-71. It says :

"In Calcutta a special cell of the Home Ministry is being created and they will have direct control over the cell and the cell will be the watchdog body for the West Bengal administration."

Sir, what have they done ? They have gone to the extent of mobilising the civil and military intelligence in cooking up stories against my party. Mr. Pant, I hope you will be kind enough to keep note of the number if you like. I am quoting.

"Top Secret Memo No. C4/C71 (18) dated 3.4.71 from Dy. Director, SIB (MHA) Government of India, 9/1 Garibhat Road, Calcutta 19 to DIG IB Calcutta reveals a diabolical plan to implicate the CPI (M) in cases of murders of individuals which are taking place daily."

I will quote another report. Here it involves military intelligence.

"Secret No. 1858/2/71/G/121 NCC Group HQ/B-10/216 Kalyani, Nadia. To all Battalions.

Preparation of explosives by the CPM.

It has been reported by the Intelligence Bureau that the Communist Party (Marxist) which has already acquired considerable expertise in making hand bombs, crackers and the like is now engaged in the preparation of land mines. Since the party has been thinking in terms of using land mines to harm CRP, police and army vehicles during its agitational programmes, necessary precautionary measures may please be taken.

Authority : HO Calcutta Sub Area letler No. 0101/54/GS(I) dated 20 Sep. 1971.

Signed : Bakshi Chand, Col. Commander."

Shri Jyoti Basu had written a letter to Shri Jagjivan Ram in this connection, but he has not got any reply to it so far, and so we do not know what the position is.

Now, I come to another issue, namely the programme to crush trade unions. I would refer to a circular by the Railway Board in this connection, Shri Hanumanthaiya had been addressed by Shri Jyoti Basu in this connection, but the hon. Minister has not even replied to that letter. The letter says :

"I am in possession of a copy of Secret d.o. letter No ENG-1-71-CN-4/13 dated 5.7.71 from Shri K.N.R. Pillai, Joint Director (Establishment) Railway Board, New Delhi, to Shri A. K. Chakravarti, Chief Personnel Officer, SE Railway, Calcutta 45 on the subject of verification of character and antecedents."

That is all that we are worried about. It says :

"It has been brought to Board's notice that in some cases the police have sent the initial character verification report after a lapse of many years and have given an adverse report adding that the person concerned is a Member of the Communist Party (Marxist)..."

So, although my hon. friends opposite talk about there being no discrimination in the field of trade unions, yet, secretly, through their bureaucratic structure with whom they are hand in glove, they are doing all these things.

Again, to crush the trade union movement in West Bengal, they have taken recourse to summary dismissal of 13 State Government employees and 32 Central Government employees. I had written a letter to Shri Jagjivan Ram in this connection, and he had written to me and said that they could not go on strike. But what did the Government do ? With their CRP and other armed personnel with fixed bayonets—I do not know whether my hon. friend has experience of that kind of thing in his lifetime—that is, with one bayonet in front and one at the rear, all the dismissed persons were crushed, and they were not even

[Shri Jyotirmoy Bosu]

allowed to move. That is how they are tackling the people.

All the Naxal friends of the Congress Party...

SOME HON. MEMBERS : Friends ?

SHRI JYOTIRMOY BOSU : Yes, they are all friends. All the Naxal friends of the Congress Party and the dichards or the hard core of them have either been jailed or killed or are being killed. Previously, they were protected with great care and a lot of support and help was given. Let me give one quotation now from a paper which has nothing to do with us.

AN HON. MEMBER : *Hindustan Standard* ?

SHRI JYOTIRMOY BOSU : It is not *Hindustan Standard*. It is a Bengali paper and therefore there is nothing to ggle about it. It says that there has been a sensational revelation by a Naxal leader's wife. She says that the Naxals have been working in close collaboration with police. She is the wife of a Naxal leader ; her husband is no longer alive. He gave his life in the hands of the police. She says that in the District 24-Paraganas the police officer in charge of Noapara police station, Shri Koushik Negi (?) used to take the help of Naxals and give them all possible help for attacking the P.M. She also talked about another assistant commissioner of police, Shri Santosh Mukerjee, and of how he used to work in close collaboration with the Naxals and give them all possible help.

I would also like to mention a quotation from the *Jugantar* dated the 28th July, 1971. It says that a very notorious Naxal leader, by name Shri Nagora Kurmi was arrested from the house of a deputy magistrate from Howrah. This is how they have been using the Naxals, and this is how they have been treating them, because they have been making use of them to keep a thorn in the flesh of the CPM. Very recently, I would like to tell Shrimati Indira Gandhi, a Deputy Minister of her Government,—he is a Minister today,—

had visited the Meerut jail, and met a Naxal leader of UP, by name Shri Shiv Kumar, and he had seen to it that his name was not entered in the visitors, book of the jail. I do not like to mention the name of the Minister. but she may kindly inquire into it and see whether there is any truth in that.

SHRI K. MANOHARAN (Madras North) : He must mention the name.

SHRI JYOTIRMOY BOSU: The friendship is very close with the Naxals, because they had been doing their job.

Again, what have they done about the periphery Naxals and the anti-socials ? They have joined hands with the Chhaatra Parishad. I am quoting from the *Hindustan Standard* now :

"Different educational institutions which until recently were strongly held by the Naxalites have now come under the influence of the Chhaatra Parishad. In fact, a large number of students who were known as supporters of the CPI (ML) have now come into the fold of the Chhaatra Parishad. This is particularly noticeable in the students' unions of the Medical College in Calcutta. Many students who had hitherto been swearing loyalty to CPI (ML) now pass as Chhaatra Parishad supporters and they have been able to get into the union committee run by the Chhaatra Parishad.

"The Nil Ratan Sarkar Hospital which was a Naxalite den, has now become a haven for the Chhaatra Parishad. Chhaatra Parishad members recently organised a special fuction in a hall of the hospital to celebrate its growing influence there. The R.G. Kar Hospital and Medical College Hospital where the Naxalites also had considerable influence, have now become areas of Chhaatra Parishad activity.

"Observers put forward several reasons for this massive shift in allegiance from the CPI (ML) to the Chhaatra Parishad. These are lack of security for the Naxalites and the fear of police harassment.

"In recent times, several waves of anti-Naxalite agitation rocked Calcutta and its suburbs. These spasmodic happenings had made the Naxalities feel insecure. In addition to this, constant police action had also unnerved them".

This shows that the gangsters who have been working previously against us as a separate identity have now joined the Congress organisation.

Now I quote from the *Political and Economic Weekly* (July 1971) which should be an eye-opener:

"...Inquiries are all the more pertinent in the light of reports that some Naxalities activists have been admitted to Congress(R) youth organisation and that 'political intervention' has been instrumental in effecting the release of those Naxalites. More light is needed on the subject of how many Naxalite detainees have been released and on what grounds.

"The belief, apparently held in some Congress(R) quarters that so-called repentant Naxalites can be exploited to further Congress(R) ends is both infantile and pernicious. The probability is that those whose 'alliance' has been transferred to the Congress(R) and professional roughnecks now regrettably familiar in the State as hangers on of most parties. To describe these elements as people who have renounced violence is to indulge in a particularly despicable brand of hypocrisy. They are possibly useful to the Congress(R) which may win over their allegiance for what it is worth, but they will remain a menace to society and orderly governments."

This is what these people are doing. The police are hand in glove with these people. Here is a quotation from *Jugantar* which says that rifles and ammunition are missing from the hands of the police everyday and when there is some *Garbar* these are being freely used. Yet the police cannot catch them. This is what has happened in *Jugantar* of October 27, 1971 in Bengali which translated means : "These

ammunitions and arms may be seen freely. You cannot get hold of them".

The police have adopted certain tactics. The use of ammunition by Calcutta police has gone up abnormally. From 1947 to 1967 for training in revolver firing, that is practice, they used 10,000-12,000 rounds per year. From 1967 till date they have spent more than one lakh rounds of cartridges. Everybody knows where it is finding its way to.

Then I come to the *modus operandi* of the police, forcible entry and ransacking, beating up people, unwarranted arrests, beating up men, women and children, maiming them, killing them in the police car or van or outside and implicating them in false cases. They have joined with the Congress, Yuva Congress, Chhaatra Parishad gangsters and criminals. In this combined operation, they are killing people, kidnapping them, suppressing democratic trade union and kisan movements and protecting the Congress, Yuva Congress, Chhaatra Parishad and anti-social elements from our defensive retaliation. The police hand over our workers into the hands of the criminals. They have adopted a strategy of encouraging and supporting and supplying the requirements of the Congress, Yuva Congress and Chhaatra Parishad and their goonda elements. At the same time, they are making quick money. The purpose is clear. The purpose is to crush the opposition and that is done in the name of law and order. But they do create a reign of terror and particularly in areas where the CPM has got a majority in the last elections. Today, in West Bengal, it is happening and it is bound to come all over the country.

Sir, in the Calcutta Law College, in the students' union election, on the point of a gun they were forced to submit and those who had contested were forced to withdraw their names. Out of 124 seats, they get 121 seats. It was in the Chhaatra Parishad.

AN HOH MEMBER : 123.

SHRI JYOTIRMOY BOSU : Yes, 123. You are more successful there. One young person belonging to the Chhaatra Parishad —Devadutt—had one hand blown off while

[Shri Jyotirmoy Bosu]

making bombs or something like that. He was arrested by the Police in April, 1971, and was re-arrested with pipe-guns, but funnily enough, in his possession they found the identity card with the police but he was arrested, under P.V.A. and immediately released under pressure of the Congress M.P. I would not mention his name here.

SHRI PRIYA RANJAN DAS MUNSI (Calcutta South) : Let it go on record. I will not interrupt you.

SHRI JYOTIRMOY BOSU : The misdeeds are more in certain places, where we have done better than others in the last elections, in Burdwan district—Durgapur, Asansol, Kalna, Memari, etc; and in Birbhum district, and in 24 Parganas, Sanarpur and Habra; in greater Calcutta, Beliaghata, Jadavpur, Tollygunj, Baranagar and Cossipore and outside the district, Nadia. The pattern of attack starts by encircling the locality; the C.R.P. and the police take the role of house-raiding, and even old women and children are not spared. Beating and arrests and falsification and shooting, as I said, go on. In Burdwan town, the recent cases are : total murder, 15. An advocate who was pleading for our case, Shri Bibhutoosh Roy, was murdered. One Shiv Shankar Chaudhury, a person who had fought in the freedom struggle, was also murdered. In Durgapur, on 8.10.1971, they attacked Shri Ajit Mukerjee, the Joint Secretary of the Hindustan Steel Workers, Employees' Union. Sushil Banerjee and Sunil Acharya were murdered and they did not die instantly. The police refused to take them to the hospital; had they been taken to the hospital, perhaps their lives could have been saved. In the Durgapur-Asansol belt, 63 persons have been arrested under P.V.A. and 17 under the security Act. You know most of them are trade union workers or trade union leaders.

Even advocates are not spared. In Asansol, an advocate, Giridhari Mukerjee, was beaten by the police, tied with a rope and detained in the lock-up for 37 hours, because he has been pleading for us. In Kalna town, four were murdered on 3-11-1971. There were six murders at Chowk Balrampur. There was arson in respect of 80 houses and 18 guns were found.

At Alladipur, the whole village, with 100 houses, was burnt. The local M.P. Mr. Somnath Chatterjee, had written in advance and warned them, but the district authorities did not do anything.

Another thing I want to mention is that when the Alladipur incident took place, the Secretary General or the Joint Secretary of the Indian National Congress, Mr Chandrajeet Yadav, happened to be present in Burdwan town. We would like to ask him how much does he know about it. In Birbhum, in Cossipore, they looted and burnt many houses. The tribals are effected very much and in one village five guns were recovered. This is the punishment they have given. But in the neighbouring villages, where 10 guns were found, because those people joined the Congress, they were spared. That village was not touched. The name of the village was Thalla.

In the village Muktipur, one day some extremists came to a house to snatch the gun. The house-owner said that the guns had been deposited with the police station. They went back. We do not want to say they went back to the police station. But they went back. After sometime, they came back and said that "We enquired and found out that you have not surrendered the guns to the police." "The police have given the information. Then they ransacked the house and took the guns away.

There are numerous cases where the police are hand in glove with them. In Sonarpur town, for the cases which occurred, I have given the figures. There is a lot of murders, repression and there is a reign of terror. The Sonarpur police station has been geared particularly to tackle this issue.

Between 11.00 p.m. and 11.30. p.m. in the night of the 27th September last the police arrested a young man of about 30 named Khoko Chakraborty near the bus stop of Route No. 5 at Jadavpur.

There are many eye witnesses who confirm that the police took Khoko Chakraborty into custody. It is reported that from the Jadavpur Bus stand he was taken to the Jadavpur police station. Shortly thereafter at about 12.30 midnight he was removed

from the police station, taken to Layalkar-Math where he was shot dead by the police. In the morning press on the following day the police gave out the story, obviously false and concocted, that as their vehicle came under attack they had opened fire and Khoko Chakraborty was killed.

I shall give you another instance. The father of Salil Das of Dhakuria writes as follows :—

“My son, Sriman Salil Dass (18 years) was arrested on October 1, 1971, at 7 00 p.m. by the police, Kasba P.S. After getting the news, along with my wife and daughter, I went to the police station. The O. C. of the said police station promised to release him on 2nd October, 1971 at 10.00 a.m.

But on 2nd October, when my son was not released throughout the day, again I went to the Police Station. The police beat my son mercilessly in my presence. With great resentment and agony I came back. The local people naturally got aggrieved.

Today, 3rd October, the people of our locality went to the police station but they were not allowed to meet the O.C. On the other side, Sri Rabindra Nath Ghosh, the local Congress (O) leader, rang up the P.S. when he was informed that Sriman Salil had been sent to the Bangur Hospital.

“On enquiry, from the Hospital we came to know that Sriman Salil was sent to the Hospital as dead in the night of 2nd October at 1.00 a.m.”

Mrs. Gandhi is a mother.

Then there is the case of Hemanta Purkayasth who was a trade Union Leader.(Interruptions) I am really surprised, Mr. Pant, if you consider that your colleagues in the House could be treated so lightly, I do not think I have any interest in the House.

Hemant Purkayasth was taken away from the bed by the police in the presence of his wife and she asked the police : where are you going with him, where are

you taking him ? They said : We shall return him tomorrow morning after interrogation and he was taken away. After sometime, say two or three minutes, she heard the shot of a gun and the next day she was told that he had been dead. There are such cases.

About three hundred goondas protected by the CRP suddenly began their unprovoked attack on the residents of Dakshindari. They beat up the residents of Dakshindari, 24 Parganas drove them out of their huts, looted all their properties and then burnt the huts. 101 homesteads containing 200 rooms were burnt to ashes—what could not be burnt has been reduced to rubble.

Shri Subhas Sarkar, son of Basant Kumar Sarkar, an employee of Sadhana Aushadhalaya, testified that, after his homestead was sprinkled with petrol, it was a CRP man who applied the burning matchstick.

Two old women and a baby have been burnt to death. Ashalata, Pramanik, Gopal Ain, Adhar Bera wanted to rescue one of the old ladies, but they were prevented by Sitaram Singh, Madhab Sahu, Kele Bablu and Dilip Dhali. The old lady was burnt to cinders.

Then there was a case of a girl who was aged only 13. I am giving you an account from somebody who has seen it with his own eyes. She was kicked down by the police and when she tumbled down, they took a gun and fired at her. A girl aged 13—she was a great opponent of Mrs. Gandhi. She was a murdered.

MR. DEPUTY-SPEAKER : All these cases you can circulate to the hon. Members. If you quote case after case it takes a long time. You have already taken 35 minutes.

SHRI JYOTIRMOY BOSU : I shall conclude in five minutes. There is another case. Ashim Poddar was arrested. She was taken to the police station. The officer-in-charge then got a drunken sweeper woman who had beaten her with broomsticks, but failed to get any confession because she had nothing to say. Then a constable was asked to deal with her. He removed all

[Shri Jyotirmoy Bosu]

the clothes from her body inside the police lock-up and she was made to sit on his lap. That case is there.

The Chhaatra Parishad people went before the Sealdah Court where the case is tried and raised slogans that the magistrate should not be allowed to proceed with the case. The magistrate has issued summons against the police constable to explain his conduct.

MR DEPUTY-SPEAKER : It will be more effective if all these cases are printed and circulated.

SHRI JYOTIRMOY BOSU : In Nadia district, there are cases in Payradanga and many other places. In Tollygunge, one Subodh goonda was found with CRP uniform. Later on, some local girls asked how Subodh is with the CRP and then he ran away.

In Cossipore, not less than 70 to 100 persons have been murdered. The police did not appear for 17 hours. Mrs. Gandhi promised a judicial enquiry headed by a High Court Judge. We want to know what has happened to that enquiry and the report she had wanted from non Congress party leaders. What has happened to the enquiries against the Barasat murders where 11 persons were murdered by the police? We have been hearing in tall language that enquiries shall be held. How much more time do you require? In Diamond Harbour, six persons were murdered. Because the murderer is an Indira Congressman—Suraj Kumar Ghose—he is allowed to move about freely and has not been arrested.

We can give hundreds and hundreds of specific cases. We have given many, but the Government is reluctant to take any steps and the criminals are moving about freely, mostly seen in the police company and in their vans. What steps will Government take to safeguard the lives of those who want protection from Government? What will they do to defend themselves if the Government fail to defend their lives?

Then, what about election? Why do you want to leave out West Bengal from the list of States going to the polls in February? Is it because you are frightened that you will

lose very heavily? We want elections in West Bengal in February. There must be an assurance about it on the floor of the House today. If you talk about democracy and socialism, you cannot take summary decisions and deprive the people of their democratic rights.

SHRI PRIYA RANJAN DAS MUNSI : Sir, Mr. Jyotirmoy Bosu was reading from many paper cuttings. I have also got some documents. But I am not concerned whether those who are getting killed by CPM people or Congress people. It is a matter of regret that people are being killed in West Bengal. It is most unfortunate and it must be stopped. I did not interrupt Mr. Bosu because he is a heart patient.

SHRI JYOTIRMOY BOSU : I am not a heart patient.

SHRI PRIYA RANJAN DAS MUNSI : He is one of my dear friends and his wife will not excuse me if I interrupt him, I hope he will not interrupt me. CPM is now becoming a party which is playing the role of complete isolation in West Bengal. For the last one month when Parliament was not in session the entire members of Parliament belonging to that party were in the coaching class of Shri Promoda Das Gupta. They have exhibited that they are really isolated in West Bengal. I am glad that on the 15th I have seen their faces. They have behaved as they were directed by the leaders.

I will submit for your consideration certain facts. Before I come to the details I submit to you one thing. The other day in the Rajya Sabha one of the senior members, Shri Niren Ghose, belonging to CPM, and today Shri Jyotirmoy Bosu, quoted my name and said that I am indulging in all these things like releasing criminals from the court or police custody. I give this challenge to the CPM through you, Sir. If any impartial body, a parliamentary committee or any non-political group, or high police officials could prove that either any member or leader of the Chhaatra Parishad or the Youth Congress indulged in any criminal or such activity, not only will I seek fresh nomination but I will not continue as a member of the party. But let them prove it first.

Now let me come to the situation in West Bengal. I do not agree with the view that there is still law and order problem in West Bengal. I am not saying this merely because Shri Siddhartha Shankar Ray is the Minister in charge of West Bengal. I am simply stating what is taking place in West Bengal.

I think most of the members of this House have visited Calcutta recently. Now it is a city full of peace. Very recently we enjoyed and celebrated Durga Puja and Kali Puja. Within the history of Calcutta after a long spell this is the first time that the Durga Puja was celebrated with such gaiety, whether the people belonged to CPM, Naxalites or the Congress. The situation was so good that even the families of the members belonging to CPM went out till midnight and were in the streets of Calcutta because they were so happy. It is not to the credit of the CPM, or the Congress or even Shri Sidhartha Shankar Ray, but it is to the credit of the people that they have brought about such a situation.

Why are the people now co-operating? They are co-operating for two reasons. Firstly, people have got confidence that there is a stable government which will protect them if anything untoward happens. Secondly, the people are seeing some success for the democratic movements. Only a little while earlier Shri Jyotirmoy Bosu said that there is no hope for democratic movement in West Bengal. I say it is wrong. Very recently the CPM organised the Bangla bandh with their own initiative. We did not oppose it because it is not our habit; we did not interfere with it because we are not fascists. But they did not join or participate in it and so it became a flop. CPM got angry but could do nothing.

Then we organised a movement against the hoarders and the rising prices. We were successful. We requested Shri Ram Niwas Mirdha to arrest some of the hoarders so that it will have some effect on other hoarders. But the CPM thought that we were doing it only for cheap popularity and did not participate in it. When the people knew that it is a progressive movement they supported it. We were successful in our movement and within 24 hours more than 30 blackmarket-eers were arrested. It is not a fact? Yet,

they say that there is no democracy in West Bengal. If this is not democracy, what is democracy according to them? By that do they mean people's court and only CPM flag and no other flag and all meetings presided over only by Shri Hare Krishna Konar or Shri Jyoti Basu? I do not believe in that.

Even during my student days and university life at the election time I have successfully organised public meetings there in Uttarpara. My hon. friend, Shri Dinan Bhattacharya sent a telegram to Shri K. C. Pant or met the Governor and submitted that I am not going there to address any meeting and that Cossipore incident would be repeated there. I went there from Gauhati and addressed the meeting. I said that during my travel from Assam or even while speaking from the dais, if any police official could recover from me even a safety razor blade I could be hanged in public. They cannot. What did they do? Their councillor, Shri Lakhi Dey, is for the service of the people in Calcutta City. He was arrested in broad daylight with a loaded unlicensed revolver. Was it not a fact? Shri Bosu concealed it. He says, "It was conspiracy; somebody put the revolver in his bag." Who did it? Either his son or his wife or the person nearest to him or his party comrades, not I.

He has said that we are indulging in violence. What did the leader of their co-ordination committee, Shri Arvind Ghose, a great man, do? I am sorry, he has been sacked from service. It is the duty of the children to study their books in the morning. On the roof of the room, his son was practising shooting with a rifle snatched from the police. He was arrested. The rifle was snatched. Has he submitted the fact to you? He has concealed it.....

SHRI JYOTIRMOY BOSU : These are all *subjudice*.....(Interruption)

SHRI A.K.M. ISHAQUE (Basirhat) : Sir, at least please note that this is *sub judice*.

SHRI PRIYA RANJAN DAS MUNSI : He has quoted many other occasions of violence, arson and looting. If you per-

mit me, I can place documents. Any Member of Parliament or any committee can probe into it.

In my constituency there is a place Netaji Nagar which is the den of the gangsters of CPM. I could not enter my election booths there. You can enquire from the Election Commissioner. There was no Congress agents in the election booths. I could not reach 40,000 voters. In that place very recently the police seized one arms factory organised by the CPM and one hospital underground for the treatment of their comrades if they are injured by police bullets. These are the documents. LMG, rifles and all these things were seized from the CPM party office in Netaji Nagar. Can he deny it? Can challenge and say that it is wrong?

I say, not only these things but there are many things under the ground which must be seized by the police, the CRP, the army and the people. There will be no excuse for it.

The police should not suppress the democratic rights of the common people. I agree with Shri Bosu there. I do not deny that in some cases the police lose their temper. Sometimes they do excesses. I do not deny that. But I believe that if people cooperate with all political parties jointly, all the problems can be solved.

Shri Bosu has nicely expressed the problems of our own party saying that we are with Naxalites etc. Nobody knows the history of Naxalites, and how they were born. I was a student of the University of Calcutta then. Ashim Chatterjee who was arrested recently in Deoghar was then the leader of the CPM Students' Union in the Presidency College. There was a demonstration of students going on in Presidency College in 1966. Shri Promode Das Gupta ordered these comrades to withdraw their movement because they wanted to go to the polls. They believe in parliamentary democracy. For this reason I greet them. Their comrades said, "No, we cannot withdraw it; it is students' movement." Shri Promode Das Gupta said, "If you do not do that, I will kick you out of the party." Ashim Chatterjee said, "If you do it, I am ready to face it; but I will do it." From that point of time the CPML students' force was

originating in Calcutta. Soon after the problem of Naxalbari and Sampat Roy happened. They joined with Kanu Sanyal and Charu Majumdar. We have no relation with the Naxalites. We have no touch with the Naxalites. I tell you frankly. But now there is a conspiracy by the Naxalites and the CPM jointly at this stage, when the Chhaatra Parishad is getting tremendous good will among the people and they have captured the Youth for democracy. But the criminals try to go to a place, purchase a flag of the Congress from any shop, shout "Congress Zindabad" and loot somebody. I have seen it in many places. I have sent them to police custody. I take the responsibility for that. I issued public statements in the paper saying that whoever police officer gets any criminal who identifies himself as a Congressman, he should tell me and I will inquire into it. I have inquired successfully. Some of them are CPM people and some of them are Naxalites. In Dum Dum, Burra Bazar and Tollygunge I have seen it. The CPM is a scientific party—I have no doubt about it. It is regimented party. Its members have a card. The Congress Party is a liberal party. Anybody can purchase the Congress flag and shout. But we have no relation with the Naxalites.

Then, he was quoting the example of R.G. Kar Medical College, Calcutta Medical College, Calcutta University Law College, Union etc. Not at the point of a dagger or a spear, but we simply captured the union because for the last two years we launched our demonstration against violence and lost our lives; ultimately the people got sympathy for us and cooperated because the Government was behind us. So, they supported us. We got victory in the College Union elections. In RG Kar Medical College the Naxalites have left the campus. Some of them were killed by the police. In Calcutta Medical College the same thing happened. Shri Bosu was distorting the facts. He has concealed the genuine truth. He was mentioning the atmosphere in West Bengal. He said that Shrimati Indira Gandhi's party was defeated in West Bengal, Sir, I don't count the heads of MPs. I count actually the skill for the purpose that we stand for democracy and we stand for putting down the continuous reign of terror and oppression and arson. Since that purpose is right, whether it is 13 or 35 does not make any difference. Sir, if

the election comes, I don't give the guarantee that these 25 will be able to defend their own seats, if they do not make any hobnobbing with the other parties because they are completely isolated. Now I will give you a very interesting piece of information. During the recent Burdwan Municipal election, we fielded four young people and they could not put up any candidate against any of them. We simply got the victory. What is the harm if they do not contest? The reason is that they are isolated in politics. They are searching some points by which they can stay safe. How can they go? The only reason is that Shrimati Indira Gandhi or Shri K.C. Pant or Shri Sidhartha Shankar Ray have made some arrangements for putting them into jail custody. We cannot arrest Mr. Promod Das Gupta or Mr. Jyoti Bosu because they are gentlemen. They have started a game to speak against the Constitution—to secede etc, I would request the Prime Minister, 'Don't put him in jail custody. Leave them alone among the people. Let them face the people and let them know the pangs of isolation.' That is what they want.

I come to another thing, that is exactly what I want to tell you. The Police searched many Party offices. It did not even care to say that any Congress office was searched and incriminating materials found. The Police raided the CPM Headquarters in Siliguri and they found guns, machine guns and sten guns. In Durgapur the CPM office was raided and explosives were found. Can they deny this? In Dum Dum the same thing happened. I am not distorting the facts. I am in fact telling you the facts.

What happened in the Second United Front Regime? During their regime, the total number of criminal offences shot up to 71,136 in which 1283 were complete murders. This is not my figure. This was the figure given by Mr. Jyoti Bosu himself in the Assembly. During 1971 the CPM workers clashed with the Police in all for 95 times, in which 40 Policemen were injured and 2 were killed. I can invite any Member of Parliament who comes to Calcutta by air—there is a railway bridge near Belighata through which they have to pass. There, the CMP people are waiting on one side and CRP is on the other

side. Very recently the C.P.M. people killed one guard there and as a result the Police had to retaliate and consequently three C.P.M. men were killed. I am sorry for that. They cannot deny this.

With regard to the development of West Bengal, I don't agree with what he said. During the Second United Front regime when Mr. Jyoti Bosu was the glorious socialist leader of the semi-fascist party, there were 531 industrial units closed. But within this time we have been able to open approximately 300 units of these closed units. Is this not development? In the C.P.M. regime and after that regime when their Party was in full squad action, the cinema houses were closed for the matinee and night shows and the State Exchequer was highly suffering as there was a steep fall in the collection of amusement tax. But now the collection of amusement tax has gone up. Is this not development? In the C.P.M. regime the tourists were avoiding Darjeeling, but this time the tourists came in a large number. These are the exact facts happening in West Bengal. Now, the other parties are not making any ties with the C.P.M. They are shouting continuously. Yesterday Mr. Jyotirmoy Bosu quoted something and I was listening attentively when Mr. Chavan was in the House. Only capitalists used to say about this. They used to say about law and order problem in West Bengal. Capitalists used to say about labour unrest in West Bengal. Capitalists used to say about the problem of the peasants in West Bengal. Mr. Jyotirmoy Bosu is telling us now that acute problem of law and order is going on in West Bengal. I do not know whether he has any link or not. Might be, because of one reason. He speaks for democratic movement. In their own Government the C.P.I. launched a movement against Birlas. They went in a procession against the Birla House. Shri Jyoti Bosu sent the police and beat them from Birla House and completely sabotaged movement. Is it not a fact? It is a fact. I know it. I was there.

Very recently what do we find? The C.P.M. is in trouble with their inter-party clashes, with Hari Krishna Konar and all that. Do we not know? We all know that. Their leader is not attending Burdwan. One

[Shri Priya Ranjan Das Munsi]

of their leaders says, 'We shall finish the people of the Congress in Burdwan' whereas some other people say 'Don't waste the energy now. They have got shelter from the people ; wait for some time.' That is their problem now. And in that problem, they continuously try to confuse and disturb the whole atmosphere in West Bengal.

Before I conclude, I will give certain facts. Very recently there have been some inter-party clashes from 1-1-71 to 31-7-71. The total clashes were 1183. C.P.M. were involved in 1060 cases. The proportion tally is like this : C.P.M. Vs. Naxalites 484 ; C.P.M. and Congress 399 ; C.P.M. and C.P.I. 94 ; C.P.M. and Forward Bloc 65 ; C.P.M. and others 98. Everywhere it is there. This is what is happening.

Very recently they are in touch with Shri P. C. Sen, leader of Cong. (O) in West Bengal. They assured Shri P.C. Sen don't vote for youth congress, we shall protect you, your property and everything. They believe that the Syndicate has got some pockets and they think if they make some alliance with them, they will get votes. Their leader cannot move without taking shelter under police protection and the Syndicate also stands in the same way.

The recent facts amply prove that their party in West Bengal has launched a reign of terror from 1967. Now we are curbing that. The hon. Member accused Mr. Siddhartha Shankar Ray for the CRP trouble. I think hon. Members from the other side will answer it. I believe in democracy. If there is police oppression, that is wrong in democracy. On the CRP matter people accused Shri Ajoy Mukerjee when he was Chief Minister of the past United front, when his sweet colleague, Shri Jyoti Bosu was the Finance Minister. During the second time when Shri Jyoti Bosu became Home Minister these people started slogans that Naxalites have become the greatest danger to society. Naxalites did not start murder at that time. He did one good thing. He said : "They don't know how to shoot. Why should I call CRP ? Police don't know what is the atmosphere of West Bengal." So he sent EFR, the para military force to Debra in Midnapore It is not a fact ?

16 hrs.

I come to the conclusion and I want to

state certain instances relating to Vikramgarh, in my constituency. Some of the persons lost their buildings, and members of their families under CPM terror left their buildings. Now, since the imposition of President's rule they have started coming back & occupying their homes and buildings. When they come back, the people welcome them. But the CPM people are not welcoming them. There are CPM criminals who are being guarded and kept and protected with the money of Jay Engineering Works management, with the money of the Birlas in the Birla factory and of Hind Motors, and with the money of Goenka ? Birlas in Kosaram Mill and other places. In Vikramgarh there are four criminals, four notorious criminals. I can even mention the names of three of them. They are a danger to me and to all the democratically-minded people. They are Nathu Sen, Pintu Sen and Robo Khan. They are the great pilots of Shri Jyoti Bosu, and they pilot him with their motor vehicles. These three persons were not arrested. I would say that it is the failure of Shri Siddhartha Shankar Ray also. Why are these criminals still being allowed to move freely ? They do not allow the young people to come out on the streets in many places even to meet their mothers. So, the young people and the local people oppose them in Bikramgarh.

Recently, some members of Parliament from the opposite side issued one pamphlet to all Members of Parliament, containing an open letter to Shrimati Indira Gandhi sent by all Members of Parliament, saying that such and such persons are injured or killed or have been assaulted. I can tell you that the names which they have mentioned in their pamphlets are those of the supporters and members of the CPM associated directly or indirectly with the Marxist trade unions. Keeping in view all this, I would make only one challenge and that is this. Let any parliamentary committee or any committee headed by a high official probe into the matter with the evidence of the local people of that area within a period of three days or seven days and inquire into the matter. If my party is proven to be guilty or my wing is proven to be guilty, then I would submit that we are ready to suffer the punishment that may be awarded. But we cannot accept this propaganda and this publicity made by the CPM only.

In conclusion, I would say that I have

nothing to say against my hon. friends opposite, in this hour of their crisis. For, I know that some of their good friends are thinking of changing the leadership of their party. Some of their good friends are thinking of switching over to democratic parties. So, I do not want to create any bitterness at this time. I would only utter this warning that if they believe that they could send their agents to say 'Congress Zindabad' and then create disturbance in the name of the Congress, then we shall not be prepared to allow it, because our party, though when it was under the Syndicate was unscientific in its approach, has now become a socialist party under Shri D Sanjivayya with a scientific approach, and know how to run the party and how to rule the people. We have learnt one lesson from the CPM, namely what the attitude of a party should be when it is ruling and what its attitude should be when it is in the Opposition. We have learnt this lesson, and so we shall not repeat the history of the CPM in West Bengal in our own party.

SHRI INDRAJIT GUPTA (Alipore) : I do not know really whether this debate will serve any useful public purpose, if it is going to become a sort of competition between the CPM and the Ruling Congress to cite instances or alleged instances against each other. This can be done, of course, and it can go on indefinitely. Most of the Members who do not come from West Bengal will be none the wiser because they have no firsthand knowledge of these incidents either one way or the other.

As far as our party is concerned, we want to judge the situation by one touchstone or by one yardstick, namely whether this method which had been introduced into West Bengal politics originally by the CPM some years back, namely that political differences and political disputes between parties and political rivalries should be settled by physical violence and by the cult of the bomb, the dagger, the knife and the revolver has succeeded.

[**SHRI N.K.P. SALVE** in the chair]

The resolution speaks of the deteriorating law and order situation. That is the

question that I would like to raise, namely whether it is correct to describe the present law and order situation as a deteriorating one. The word 'deteriorating' has a particular meaning, of course, a relative meaning. The question is whether it is deteriorating or not as compared with what prevailed some time back. If somebody asks an ordinary citizen in Calcutta or in West Bengal whether he considers the law and order situation today to be deteriorating as compared to what it was a year ago or two years ago, I think in all fairness, he will have to say that he cannot say that it is deteriorating compared with what it was earlier. But if the conclusion to be drawn from that is that now the law and order situation is very satisfactory and everybody is happy about it, I would be the last man to agree with that. I would also give this warning that there are certain elements in the present situation which, if not checked in time, may lead very soon against a deterioration of the law and order situation. There are certain things which are pregnant with very serious possibilities.

So we are in a kind of transitory phase, if you like to call it. These inter-party clashes, vendetta and terror are not the only factor in the situation. I can understand Shri Jyotirmoy Bosu trying to arrange all his facts or the incidents within that framework.

SHRI R. S. PANDEY (Rajanandgaon) : Concoted also.

SHRI INDRAJIT GUPTA : He is trying to present it as if the whole thing is nothing but an attack against his party. For him, everything fits into that particular framework. But for one thing, I cannot fully appreciate this coming from him because when the boot was on the other leg, when other parties were being subjected at other times to CPM terror aided by the police and goondas, they were not worried at all. Now I appreciate their worry, I fully understand their great agitation because now it is a fact that CPM terror is to the some extent, being sought to be replaced by anti-CPM terror. I do not hold a brief for either. I do not think this will solve the problem at all—this I want to make quite clear.

[Shri Indrajit Gupta]

There was a time when the CPM was in a dominating position both in the then Ministry—as well as outside when the police administration was, by and large, siding with them, because that is the way the police in our country has been taught always to behave. Nothing has changed in the basic character of our police administration. They go with the times. In the old days they were with the then regime, and they used to tell us when they used to arrest us or take us to jail, 'Do not blame us; after all, we are only servants of the Government. Today we are serving them. Tomorrow, if you people come to power, we will serve you'. Police officers always talk like that. I am sure members on that side also have got experience of this from the days of the freedom movement. In recent months, when the Congress (R) strengthened its position on an all-India scale, most of the police officers decided to desert what they considered to be the sinking ship and sided with the powers that be at the moment.

Not only the police. A most extraordinary and peculiar thing is taking place. I do not know if the Prime Minister knows about it, whether these reports have at all reached her, that in so many localities in Bengal, what we in Bengali call *Para* particularly in Calcutta and round about, large numbers of people who are described as anti-social elements—I do not want to brand them as anti-social elements, because many of them are nothing but frustrated unemployed young men who have taken to these ways; they may not be congenital criminals but they have been indulging in criminal activities because of a certain social and economic background—who till yesterday were carrying pipe guns, bombs and daggers either for the CPM action squads or even for the Naxalites have in many localities to day appeared as Congress (R) volunteers and supporters. My hon. friend, Shri Munshi, knows it. I know he knows it, but I do not expect him to admit it, because his own party is not a highly organised centralised and disciplined party like the CPM. That also I know. Many things may go on in his party which is not like organised, centralised disciplined parties. In my own constituency, I have received so many complaints from ordinary people who say, 'What is this going on?' They name them; the boys who are well-known in their locality; they know them by name.

They say, "yesterday, these people were calling themselves CPM or Naxalites and were extorting money from various households saying that you should pay so much *chanda* for the party—Rs. 25, Rs. 50 or Rs. 100. "If you do not pay, you will have to leave this locality." This used to go on. But now the people complain that the same thing is being done by the same people; only, now they are shouting *Vande Mataram* slogans. I do not know what kind of Marxist they were; nor do I know what kind of votaries of non-violence they are now, and what type of people they are. But these elements have been playing a much more active and dominating role because of the kind of politics that has been followed in West Bengal for the last three or four years. They have been given a handle to come up. Many of their political patrons cannot control them, after a time they become forces in themselves.

We passed through a period, and Mr. Siddhartha Shankar Ray knows it, there is no use of glossing over these facts,—the mass murders which took place in Cossipore-Baranagar last August; the mass murders which took place in Howrah subsequently, and in some other cases where the victims or the targets were Naxalites or alleged Naxalites or suspected Naxalites. Of course, if anybody here holds the view that whoever is a Naxalite should be killed, he is welcome to have his view but I will never support it. Our enemies can go on saying that "you are in league with the Naxalites." But till my dying breath, I will fight against repression against anybody; on young boys—whether they are Naxalites or CPM or my party or any party who are shot in cold blood or who are massacred in cold blood, who are killed inside the jails when they are prisoners, by beating up by wardens and the police. I will never support it. I do not care who they are; which party they belong to. They are boys of 12, 14, 16 or 17 years of age. But in these incidents in Baranagar, Cossipore and Howrah and all that, is it not a fact that the CPM people and the Congress (R) people are both involved, acting together against the Naxalites, of course, with the police colluding? Is it not a fact—I ask Mr. Munsii—that his friend, Mr. Subrato Mukerjee, of the Chhatra Parishad, is on record in a statement published in all the Calcutta press at the time of the Baranagar massacre, in which he tried to explain it by saying that this was the instantaneous

reaction of the public, that the wrath of the public burst out against the people who have been committing all sorts of crimes? Well—it may be and I do not know—there is no doubt about fact the Naxalites in that area have committed some very heinous crimes before that. But if this argument has to be used, that therefore we are entitled to take the law into our own hands and go about in a wide area, for 17 hours, continuously dragging boys out from house to house and killing them in cold blood, then, this was the same argument which was used by Hari Krishna Konar and the other CPM leaders at the time of that incident in Burdwan town, when the Sain family household was attacked and their men were killed. The same argument was used, that this was a spontaneous out break of popular wrath against these people, because they had been acting as police agents or attacked the CPM processions or something like that. What is the basic difference in the mentality? There is no difference. The outwar form may be different. In this case, even the outward form was the same.

Therefore, what I wish to say is—I am speaking particularly now to the friends opposite—that you are so vehement in your condemnation of certain aspects of CPM tactics and practices in the past; not that they have given up, that is also going on there still, with whatever capacity they have. I can also come out with the lists of incidents. I have got them. But if you want to condemn then so vehemently, you must make sure that your own hands are clean. Why are you allowing all these anti-social elements to come and join your party now? I know that some of them have said so, they have surrendered to the Congress because they no longer enjoy the protection of the police. This kind of elements can only flourish under the patronage of the police or with the collusion of the police. Otherwise they cannot flourish. As soon as they realise that now it is no longer wise to flirt with the CPM or the Naxalites, they are now throwing in their fortunes with the Congress (R), and if the Congress (R) people want to use them, then ultimately you will also start going the same way.

Therefore I must say that as far as this motion referred to the action of a section of the police, administration and so on, I quite agree that this has a very serious aspect. But

many things have been mixed up by Mr. Jyotirmoy Bosu in his motion and in his speech. He wants to put everything in the context of an attack, against his particular party. That is not the only thing. As a communist as a marxist, and as revolutionary he should understand that the law and order situation as it is called, does not revolve on inter party disputes. There is such a thing as inter class disputes also. He has forgotten that. There it is not a question of parties at all.

The most disturbing thing in the law and order situation in West Bengal today is, I regret to say, the fact that a calculated offensive is being planned throughout the country side by the big landlords and jotedars who want to recover all the surplus and benami lands, lands which were occupied by the peasant, the moral right to which was accepted by this Government which during the president's rule has even introduced legislation fixing the ceiling per family instead of per capita, increasing the rights of the share croppers, a legislation atleast on paper, I do not wish to make bones about it which the United Front Ministry could never do.

They did it. But when it come to practise what happens. Those jotedars today in Jalpaiguri, Birbhum, Midnapore, 24 Parganas, now that the harvesting season is about to begin, have launched a ferocious attack to evict those share croppers, who hoped to get those lands permanently as their rightful share. In this the police is acting as the storm troopers of the Jotedars. They are going about saying that they are Congress (R). Whether they are or they are not I do not know, it is for you to decide in North Bengal, Midnapore, Jalpaiguri, 24 Parganas and also in Hastinabad and Basirhat which are on the borders of Pakistan, there are these jotedars, some of them are big muslim jotedars and some are Hindu jotedars but that is not the point here. They will take this opportunity now to drive out and evict those poor peasants and share croppers from those lands. They are using police terror for that purpose.

That is why I said in the beginning that the situation is pregnant with dangerous possibilities, because the peasants are no longer those peasants of five or ten years ago. They will resist and there will be

clashes over the harvesting of the paddy, who has the right to take how much paddy? If there is a forcible attempt by the jotedars to cut paddy and take it away forcibly there may be a whole series of clashes. Some people will come here and say that the law and order situation is deteriorating because of the lawlessness created by some party. Therefore, I am giving a warning ahead. Everything is not a question of CPM and the Congress or the CPI or somebody else. That is something which Shri Jyotirmoy Bosu should remember as capitalists and landlords in this society they do not care which party is on which side; they out for certain interests of their own.....

(Interruptions)

There are a few jotedars who are Patronised by the CPM but majority of the jotedars are certainly claiming today that they are the congress (R) people.....(Interruptions). I can give you the names of jotedars who are supported by you. Anyway I do not care whether he is a congress jotedar or a CPM jotedar. After all if they provoke the Peasant and try to do injustice to them I have told you what would happen.

Promises had been given by the Government publicly to the peasant of West Bengal and they have tried to embody these intentions in those good laws which were passed recently. It will remain on paper, unimplemented. If this thing is allowed to continue there will be clashes and conflicts. Government should see the position.

I am surprised to hear about the reopening of the closed factories. I do not know where Mr. Munsi got those figures.

SHRI PRIYA RANJAN DASS MUNSI:
It was from the Second United Front up to this date.

SHRI INDRAJIT GUPTA ; I agree that about 500 factories were lying closed. But I was surprised by your statement, that not less than 300 factories have reopened. There are a large number of factories of varying size from the point of view of employment potential which are closed and I would be very happy if they are reopened. But unfortunately, our knowledge and experience does not tally with this. All

the organisations which have been set up specially to look into this matter have failed. Particularly, the industrial Reconstruction Corporation with a capital of Rs. 10 crores at its disposal has been a miserable failure. Except for two or three factories—they are also not the most important ones—that corporation has not been able to get any factory opened at all. The seeds of discontent remain there unemployment, etc. etc., which are the basic causes.

As far as prices are concerned, the situation is terrible. I am very glad that some of our young friends on the other side are taking some initiative to organise demonstrations against high prices, profiteers and hoarders. I do not know whether that kind of demonstration will actually bring about any result, because it is not going to change any body's heart. We discussed it yesterday. Government should take some bold steps against profiteers and hoarders, which they are not doing. The situation is growing daily from bad to worse. Anybody who lives in Calcutta knows it. Even the prices of ordinary vegetables and food-stuffs are shooting up day by day. This is being done by profiteers, hoarder and market operators. If nothing is done, one day this peaceful *satyagrah* type of demonstrations of the Yuva Congress and Chhara Parishad may be transformed into a little more violent demonstration and there will again be the question of law and order.

Another thing which was done probably in the name of law and order but which may lead to the opposite result is this dismissal of Central Government and State Government employees which took place in September and October, because the Government has not stated anything as to why they have taken action against these particular people. The same article 311 (2) was used—I am anticipating this argument from the other side—by Mr. Joyti Bosu also against some policemen at the time of the UF Government. But at the least the UF Government had this to say in its favour that the policemen raided the Assembly premises, ransacked it and threatened MLAs and Ministers. *Prima facie* it was quite obvious that these people had done something which was very serious. But in this particular case of 32 ordinance factory employees

and 13 State Government employees. Government has not given any reason. No show-cause notice, no charge-sheet, no enquiry to be held and no chance to defend themselves against any charges. No communication was issued as to why this extraordinary step is being taken. If it is argued that the ordnance factory employees were in any way holding up defence production, I am really surprised, because in this very House, year after year, whenever we discuss anything about defence production during the budget or at any other time, this is the only sector in which I find the ministers concern- openly, full-throatedly congratulating the employees of the defence factories for the wonderful and patriotic job they are doing. Every year it happens. But now they suddenly say that the employees are holding up production and damaging defence instal- lations, so we have to turn them out by the extraordinary procedure. If you have a charge against them, give them a show- cause notice, allow them an opportunity to defend themselves during the enquiry and dismiss them if found guilty. That is the normal procedure. This is an extraordinary procedure which we cannot accept. If these things go on there will be more discontent and more unrest among the employees.

Do you know that after this action was taken against the Central and State Govern- ment employees, Shri S.N. Hada of Birla Brothers suddenly came forward and served dismissal orders on eight workers of Keso- ram Rayon Mills. When the Labour Com- missioner approached him and told him that he has not complied with the labour law by giving a proper charge-sheet and following the regular procedure, he retorted that if Shri Siddhartha Shankar Ray could dismiss his employees like that, he could also dismiss his employees.

SHRI SIDDHARTHA SHANKAR RAY : We sent for him and called for an explanation. He has apologized

SHRI INDRAJIT GUPTA : He might have apologized. But what about these poor workers ? That factory which had been closed down was opened on the basis of an agreement between the management and the CPM Union.

THE MINISTER OF EDUCATION AND SOCIAL WELFARE AND MINISTER OF DEPARTMENT OF CULTURE (SHRI SIDDHARTHA SHANKAR RAY) : He came and told us that he has got the support of the Marxist union and so why should I worry.

SHRI INDRAJIT GUPTA : Whatever the agreement or understanding, the fact remains that these employees have been dismissed.

I am glad that Shri Munsu and his boys are doing some good things. But I would request him to advise his young friends not to strat, what is called, the chair occupying movement. Now if any employees or workers go on strike for any demand, these people enter these factories or offices and occupy these chairs. I do not know what is this supposed to be. It will only create conflict and lead to clashes. Certainly, I do not think it is the ideology of the young people in the Congress that workers and employees should never go on strike for any legitimate demand. It is a strike breaking practice which I do not think anybody will approve. I hope they will not approve of it.

Finally, one word more about the law and order situation. Of course, I admit on the surface in Calcutta things are much better than what they were a year or a year and a half ago. But these are some outward super- ficial things. Surely, the situation cannot be determined by the fact as to which side the police and the antisocial elements are going to favour from time to time. If they favour the CPM, then some other people are the sufferers from the law and order situation. If they suddenly switch their loyalties and become supporters of Congress (R), my friends over here will be killed and mascred. Naturally, this is what is hap- pening, and this is not at all the way to solve the problem.

At far as clashes between jotdars and peasants, between jotdars and share-croppers and between jotdars and agricultural employ- ees or workers are concerned, which is not a party matter, the police is always solidly on the side of the vested interests and try- ing to suppress the toiling people. These are the things which will lead to a much

worse law and order situation in future unless it is checked. I would therefore appeal once again, before I sit down, both the CPM friends as well as the Congress (R) friends, for goodness sake, give up this particular tactic of using means of physical violence and terror against each other and employing anti-social elements and taking police collusion for that purpose, because this is not going to solve the problem.

SHRI B.K. DASCHOWDHURY (Cooch-Bihar) : Sir, I have listened to the speech delivered by my hon. friend, Shri Indrajit Gupta. It is a good attempt to turn the entire debate into a lively one by just switching over not only to the problem of law and order but the root cause of law and order as analysed by Shri Gupta in the light of social, economic and political considerations.

PROF. MADHU DANDAVATE (Rajapur) : Sir, this debate on the law and order situation in Bengal tends to become an internal debate between MPs coming from Bengal only. Those who outside Bengal are equally concerned.

MR. CHAIRMAN : I have got your note. I will call you.

Other also will be called in due course of time.

SHRI B.K. DASCHOWDHURY : Sir, I was submitting that I have deep appreciation for the style and the manner in which my hon. friend, Shri Gupta, turned the debate later to consider the law and order problem in the light of social, economic and political considerations as existed in West Bengal. But I am not in agreement with all the points that he has referred to though I certainly agree with some of them.

He said that it is not only the question of law and order today; it is a question of other things. I would like to give you certain background about this matter. Before 1967 we had not the occasion to see in the fields of West Bengal that the peasants were murdering, killing and taking the crop of the others peasant; we had not seen in West Bengal that some of the localities are to be termed as the free zones and the free area, so-called Mukhtanchal; we had not the occasion to see

before 1967 that the murders, whose numbers are coming up in the course of a year or two to thousands or even more; and we had not the occasion to see that there were so much inter-party clashes.

We all firmly believe in the democratic principles and we believe that certainly people of our country must be given a chance to live just like a man as it is possible, for which all sorts of measures must be taken and it must be taken through cause of discussions and persuasion. With Parliament, being the citadel of democracy, and the Legislatures in their State spheres, it is possible to do it. But we have noticed a completely different picture since the sudden rise of United Front governments both in 1967 and in 1969.

To be brief on the point, in 1967 the United Front organisations, if we can term it had a certain in-built balance of power. There were two fronts before this election and the two fronts fought against each other, against the leftist fronts. But after election they joined hands together, and formed the U.F. Govt. There were latter Inside U.F. Govt. there were attempt to over-power others but it had a certain inbuilt balance of power. That front ministry was not dissolved because of these interparts clashes but that front ministry was practically dislodged by then Governor for certain reasons of his own. I would not go into that matter.

But in the second United Front, all these leftist front people joined hand together and there was only one front and the Congress. Immediately after the election the United Front not only reached that figure but the power was given, so much overwhelming power, the front power and the leftist power and even inside the leftist front or so-called united front, which had drawn up a 32-point programme instead of the 18 in their first regime, the CPM party was a gigantic one. Immediately after the election results were published, it was being openly said by the CPM leaders, "Ours is the only party that the people have voted and rested confidence in; so, we must have a lion's share in everything." Unfortunately, there are divisions among the Communist Parties also.

To show how things worked up from time to time I am giving this background.

The CPM held the most important portfolios even in the Cabinet, the Home Minister's portfolio, the Labour Minister's portfolio and many others. But on their organisational front it was not so much built up as it was desired. So, they wanted to take help of the Government. The then second United Front leaders were saying openly, "Government is nothing but the weapon of our party; we must have to use it the way in which we like it." That was their slogan.

What happened? The first attempt was the Police Department. I remember, the then Inspector of Police, if I am correct, one Upananda Mukherjee, was compulsorily retired or was asked to retire even before his age of retirement and nobody was inducted in this high office of police administration, with the result what happened. Traditionally we find these police forces or civil forces or the civilians, the Government employees, are supposed to work for the Government whoever come to power. Under the Civil Servants' Rules and the tradition that has been built up in our country for years and years together—thereby I do not mean that this tradition should be maintained; I quite agree to a certain extent there should be a reform but the tradition is or the tradition was that whoever may come to power as the controlling governor of the whole administration, the office employees, be in the civil or in the police force or in the auxiliary police force, they must have to work according to the policies of the Government. But it was quite difficult on the part of the CPI (M) people to agree on this tradition. In spite of a big victory in 1969 it was quite difficult to extend their party organisation because out of 16 districts of West Bengal they had the major influence only in five districts but in the rest they had not. Those were 24 Parganas, Howrah, Hooghly, Nadia and Burdwan. But in the rest of the districts they must have their own influence. So, they tried to poke their nose in every sphere in all this.

It was the same thing in the trade union movement also. What were the things done? What they did by their own paramilitary forces? In some cases when the local officials did not heed to them because of having no reasonableness of their argument, they gheraoed these local officers and pressurised them. In many of the cases at the initial stage they gheraoed the police stations also in order to pressurise those

police forces and the police people. That happened in all districts. The police people had to work under the big hand of their Home Minister, one of the CPM leaders, Shri Jyoti Basu, who had the home portfolio. The police people could simply disoblige those CPM cadre's orders at their peril. Normally, it was not. But whenever things happened like that, those police officers were immediately transferred. Everyone knows by that time what happened to the police officers of the Gajole Thana in the Malda District. There was a big dispute between the Home Minister and the Chief Minister, Shri Jyoti Basu and Shri Ajoy Mukherjee. This is what happened.

What I was pointing out was that these were the attempts that led to the deterioration of the law and order in the hands of the second United Front regime. The facts were given by my hon. friend, the mover of this Motion, Shri Jyotirmoy Bosu, and some of the facts have been contradicted by my young friend, Shri Das Muni. I would not like to go into all the details but I tell you some of the telling facts that not only these incidents but a large number incidents are a part of history. I quote from the book—here is the book—*The Disinherited State*, not written by a political leader, written by one very noted journalist, a very well-known journalist who used to see all these things as an impartial man. The book is: *The Disinherited State, A Study of West Bengal 1967-70*. It is said that while the CPM noted that their influence had not been foreseen at all places, at all corners of West Bengal—I quote—

"the CPI (M) needed police help. The party was not uniformly strong all over the State; there are districts where it was weaker than some pockets they did not practically exist. But it tried hard to extend its influence every where which brought it into clash with parties whose strongholds it wanted to storm. In this task CPI (M) supporters expected the police to stand by them. The police could refuse only at their peril. There were several instances of gherao of police stations by CPI(M) Supporters and protest demonstrations against police action: in some cases this resulted in summary transfer of police officials and some kind of disciplinary action or other.

MR. CHAIRMAN Please conclude, Mr. Das Chowdhury.

SHRI B.K. DASCHOWDHURY : Please give me some more time. I will require only 5 minutes more, Sir.

MR. CHAIRMAN : You cannot have 5 minutes because there is a formidable list of speakers. The time is very short. Mr. Roy will need at least half an hour. I am afraid you have to conclude quickly.

SHRI B.K. DASCHOWDHURY : Then Sir, what happened ? When these measures were being strongly resisted by all the United Front parties both in the Assemblies and the outside. Even Jyoti Basu said : I could not help this police administration very much because the party leader Shri Pramod Das Gupta had brought para-military forces and auxiliaries to the extent of 50,000. Instead of police force these people will go and save the people of West Bengal. How it had happened ? CPM people started intimidating and forcing the local people in their respective areas. They were compelled to give donations to the party. At West Dinajpur district stage of the party comrades imposed a fine of Rs. 500 to one man for committing certain crimes alleged to have been committed in the past years and he refused to pay. For the failure of paying a fine of Rs. 500 11 persons were killed. That is the situation at Cooch-Bihar 5 persons were beheaded by the people's court of CPI (M).

MR. CHAIRMAN : Please conclude Mr. Daschowdhury. You have very much exceeded the time.

SHRI B. K. DASCHOWDHURY : Here is the book from which I have quoted all these incidents. The CPM people's court beheaded 5 persons. Then what happened, Sir ? There was peace rally or demonstration in the village areas to restore normalcy but ultimately what happened ? The CPM people attacked this entire procession and 5 persons were kept in custody and after that there was a trial in the people's court. That was in Cooch-Bihar. Even local police officials could not enter this area. The people's court ordered that 5 persons should be beheaded.

This particular situation with regard to law and order was aggravated by the United Front Administration simply on the ground that their party, the CPM party, must be at the helm of affairs in all spheres. It happened in Sirpur colliery. It happened in Kishanganj. Everywhere there were inter-party clashes. After the fall of the Ministry what happened ? In the 1971 election the CPM Party and its alliance could not come to form the Government, that is known to us. But, after the Presidential rule what happened ? The position of West Bengal has greatly improved in all spheres. My friend Mr. D. S. Munshi said that arms and ammunitions were in the possession of those people. If my hon. friends want to establish a clean life in West Bengal, I would only appeal to them that let them kindly tell their comrades to surrender all those arms and ammunition. Let us all set our heads together and let us develop the economic social and cultural life of West Bengal, because it is only when law and order can settle down in West Bengal and the fate of West Bengal can improve.

सभापति महोदय: मेरे चाट के हिसाब से जून संघ के लिये सात मिनट हैं। मेरा श्री जोशी से निवेदन है कि वह मुझ से सहयोग करें ताकि ज्यादा से ज्यादा लोग इस पर बोल सकें।

श्री श्यामन-बन मिश्र (बेगुसराय): ऐसा किया जायेगा तो अनर्थ हो जायेगा।

सभापति महोदय: कोई अनर्थ नहीं होगा।

SHRI JYOTIRMOY BASU : May I submit that yesterday when the Janter Man-tar affair was being discussed, although it was scheduled to be discussed only for two hours, yet we found that it actually went on till about 8.30 p.m. ? This is also an important issue, and therefore I would submit that Members should not be shut out.

MR. CHAIRMAN: Three hours have been provided for this discussion, and by 6 p.m. we are going to close this debate. So, I am willing to give whatever time is available. After all, there is a list and the chart has been prepared. Let us try to accommodate every body in the list.

SHRI SHYAMNANDAN MISARA: Only one Member from each party in the Opposition will speak.

SHRI SAMAR MUKHERJEE (Howrah): Try to accommodate everybody.

श्री जगन्नाथ राव जोशी (शाजापुर) : सभापति महोदय, चौथी लोक सभा में भी बंगाल की परिस्थिति पर हम ने चर्चा की थी, और आज पांचवीं लोक सभा में भी हम फिर बंगाल की बिगड़ती हुई परिस्थिति पर चर्चा कर रहे हैं। मुझे ऐसा नहीं लगता कि कोई भी व्यक्ति, जिस को मैं भारतीय कह सकूँ, इस हत्या की राजनीति या धमकी तथा गुंडागर्दी की राजनीति को पसन्द करेगा, किन्तु दुर्भाग्य यह है कि एक योजनावद्ध तरीके से वह राजनीति देश के अन्दर चल रही है। यह सब कुछ इस बात पर निर्भर करता है कि जिन लोगों पर इस को रोकने का दायित्व है वह इस को रोकने में कितनी दिलचस्पी लेते हैं।

मुझे याद है कि नवम्बर १९७० में इसी सदन में बोलते हुए मैं ने कहा था कि केरल में पुलपल्ली और तेलुचेरी पुलिस स्टेशन पर जिन्होंने हमला किया था, और जिसके आरोप में कुन्नी-कल नारायणन को पकड़ा गया था और दो साल बाद भी उन को सजा नहीं हुई थी, उस समय मैंने कहा था उन को आप सजा नहीं देंगे। यह बात रेकार्ड पर मौजूद है। कुछ दिन पहले मैंने अखबारों में पढ़ा कि उन्हें रिहा कर दिया गया। जंगल सन्याल, कनु सान्याल को, जो नक्सलवादियों के नेता हैं, रिहा कर दिया गया, फार वान्ट आफ एविडेंस, और इन को भी रिहा कर दिया गया फार वान्ट आफ एविडेंस। मैं आप से कहना चाहता हूँ कि सवाल यहां यह है कि आखिर हम किस को रोकना चाहते हैं।

जिन मंत्री महोदय पर बंगाल में शांति और सुव्यवस्था लाने का दायित्व है मैं कल उन का

भाषण सुन रहा था। मैं सोच रहा था कि आखिर इस देश में हम कौन सी राजनीति चला रहे हैं—पार्लिटिक्स आफ फोर्स आर पार्लिटिक्स आफ रीजनिंग। कल जब श्री सिद्धार्थ शंकर राय जन्तर मन्तर के भवन पर कब्जा करने के बारे में बतला रहे थे तब मेरी समझ में नहीं आ रहा था कि वह कैसे उस का समर्थन कर रहे हैं। इसीलिये मैं ने खड़े हो कर पूछा था कि स्वयम् प्रधान मंत्री ने जिसके बारे में खेद प्रकट किया था। that unhappiness was due to what? Was it over the forcible occupation of Jantar Mantar or over the fact that it was not a case of voluntary abdication of the rights by Shri Morarji Desai and his party.

यह बात नहीं है कि ऐसा कोई नहीं करता। जब लोग उत्साह में होते हैं तब ऐसा कर भी लेते हैं। कभी कभी यहां भी होता कि उत्साह में यहां के सदस्य ऐसा कर जाते हैं। (व्यवधान) लेकिन सवाल यह है कि जो प्रवृत्ति हम देश में लाना चाहते हैं उस का परिचय हम चाहते हैं। कोई ऐसा नहीं करता, ऐसी बात नहीं है, लेकिन जिन के उपर आज दायित्व है उस प्रवृत्ति को लाने का उन को इस तरह की बातों का समर्थन नहीं करना चाहिये। उन को इस के पक्ष में नहीं बोलना चाहिये। जो कुछ बंगाल में हो रहा है उस का वर्णन मेरे मित्र श्री इन्द्रजीत गुप्त ने किया, लेकिन मैंने इस सदन में देखा है कि जब इन्द्रजीत गुप्त और श्री ज्योतिर्मय बसु दोनों साथ साथ रहते थे वे एक दूसरे का समर्थन करते थे।

नक्सलवादियों का दौरा जब शुरू हुआ तब वह हत्या से नहीं शुरू हुआ। पहले वह प्रतिमा भंजन के कार्यक्रम से शुरू हुआ। गांधी जी की प्रतिमा को तोड़ा गया, अशुतोष मकुर्जी की प्रतिमा को तोड़ा गया, विवेकानन्द की प्रतिमा को तोड़ा गया, उस पर डामर लगाया गया, साहित्य को जलाया गया। यानी जो शिक्षा के केन्द्र थे उन में गुंडागर्दी करना, गड़बड़ी करना

शुरू किया गया। यह सब पहले से चालू था, लेकिन किसी ने यहां उठ कर नहीं कहा कि वह गलत है। इतना ही नहीं, आज हमारे माननीय नेता कहते हैं कि यह सोशो-एकानमिक प्रब्लेम है, लेकिन यह बात मेरी समझ में नहीं आती। यदि किसी पढ़े-लिखे आदमी को काम नहीं मिलता है, तो क्या इस का मतलब यह है कि वह स्वामी विवेकानन्द के मुख पर डामर लगाये? देश ने एक इतना बड़ा श्रेष्ठ व्यक्ति पैदा किया, जिस ने कहा कि जब तक भारत में एक कुत्ता भी भूखा है, तब तक मुझ को मोक्ष नहीं चाहिए। मुझे नहीं लगता कि इस से ज्यादा सोशलिस्ट कोई मिलेगा। उन्होंने भारतवासियों को बताया कि कुछ समय के लिए ये देव वगैरह सब बन्द कर दो, ये गरीब, पददलित, पीड़ित, मूर्ख तुम्हारे देव हैं, इन की तूजा करो। मुझे नहीं लगता है कि इस से बड़ा कोई आदर्श हो सकता है। किन्तु भारतमाता के ऐसे श्रेष्ठ सुपुत्र के मुखपर डामर लगाने की प्रक्रिया जो बंगाल में हुई, क्या हम उस का वर्णन एक सोशो-इकानोमिक प्राकलम के नाते करेंगे? क्या अपने देश पर आक्रमण करने वालों के पोर्ट्रेट हाथों में ले कर "जिदाबाद" के नारे लगाते हुए हमारा युवा-वर्ग सड़कों पर घूमे? जब यह सब हो रहा था, तो उस की जो निन्दा होनी चाहिए थी, वास्तव में वह नहीं हुई। उस समय यह नहीं कहा गया कि इन इन सब समस्याओं का हल एक प्रजातंत्र के फ्रेमवर्क में, शान्ति के साथ, होना चाहिए। हम अपने विचारों को, अपने मतभेद और विरोध को किस ढंग से प्रकट करें, यह बहुत महत्वपूर्ण है।

बंगाल में जो कुछ हो रहा है, यदि हम उस उस को बन्द करना चाहते हैं, तो हम को इस समस्या के मूल में जान चाहिए। श्री इन्द्रजीत गुप्त ने बताया है कि उन में और सी० पी० (एम०) में क्या डिफरेंस है। उन्होंने बताया है कि सी सी० पी० (एम०) वाले फिजिकल

डिस्ट्रिक्शन में बिलीव करते हैं। मैं उन से यह पूछना चाहता हूं कि सी० पी० आई० और सी० पी० (एम०) में जो भेद हुआ है, क्या वह इस आधार पर हुआ है कि सी० पी० आई० तो वेलट में बिलीव करती है और सी० पी० (एम०) बुलेट में बिलीव करती है। अभी कोचीन की कांग्रेस में कहा गया है कि सी० पी० आई० बुड लाइक टु काम्बाइन वेलट विद बुलेट। इक का मतलब क्या है, यह समझ में नहीं आता है। सी० पी० आई०, से सी० पी० (एस०) निकला, सी० पी० (एम०) से सी० पी० (एम०एल०) निकला, सी० पी० (एम०एल०) से नक्सलाइट्स निकले और अब उन में से भी चार मजुमदार अलग हो गया है और दूसरे अलग हो गये हैं। जैसे प्याज के छिलके निकलते हैं, वैसे ही ये दल बन रहे हैं। वास्तव में अगर पापुलेशन पर रोक लगानी है, तो यह जो अनवान्टेड पापुलेशन बढ़ने लगी है—सी० पी० आई०, सी० पी० (एम०), सी० पी० (एम०एल०) आदि, इस पर रोक लगना बहुत आवश्यक है।

यह मान लिया कि गरीब का उद्धार होना चाहिए, देश का भला होना चाहिए, सामान्य आदमी का कल्याण होना चाहिए, लेकिन क्या उस का कोई तरीका है या नहीं? आज नहीं, बहुत पहले वह कहा गया है, "दि रोड अफ़ कम्प्युनिज्म फ़्रॉम पीकिंग टु पेरिस इज़ वाया कैलकटा" एक योजना बद्ध तरीके से यह सब हो रहा है। जब 1962 के दिनों में चीन हमारी सीमा पर आया, उन्होंने लाइन आफ़ कम्प्युनिकेशन्ज़ एस्टाब्लिश किया, उस के बाद इन को सहायता मिलनी शुरू हुई, भगड़ा और मतभेद हुआ—समझ आ गई कि आगे चल कर हम को सहायता मिलेगी, तो चीन से मिलेगी—तो वे लोग दो-टूक हो गये। तब से ले कर क्या क्या नहीं हुआ? यहां तक कि केरल के गुरुबायूर मन्दिर की हुंडी में चीन के

करेन्सी नोट आए हैं। ये कहाँ से आये हैं ? यह एव योजना बद्ध तरीके से किया जा रहा है।

आज भी चीन के नेता, चाऊ-एन-लाई, खुल कर कहते हैं, “वी आर आउट टु लिवरेट दि इंडियन सबकान्टिनेंट एण्ड दि इण्डियन ओशन।” हम लोग बड़े खुश हो गये कि अब चीन भारत से प्यार करने के लिए तैयार हो गया है। जब हम लोगों ने रूस के साथ ट्रीटी की, तो क्या आप को लगता है कि हिन्दुस्तान जैसे बड़े देश को चीन मुफ्त में रूस के लिए छोड़ देगा ? एशिया और अफ्रीका में उन की स्पर्धा चल रही है। कौन इंडियन सबकान्टिनेंट और इंडियन ओशन पर अपना प्रभुत्व जमा-येगा—इंडियन ओशन पर किस का प्रभुत्व रहेगा, अमेरिका का या इंग्लैंड का, या रूस या चीन का ? वी आर नोव्हेयर इन दि पिक्चर। हम को इस मामले के मूल में जाना होगा। सी० पी० आई. हो, या सी० पी० (एम०) या सी०पी० (एम०एल०) उन के द्वारा इसी लक्ष्य को सामने रख कर जान-बूझ कर वायलेम की राजनीति, वैंसट को वुनेट से कम्ब्राइन करने की राजनीति इस देश में लाने की कोशिश की जा रही है। अगर रूलिंग पार्टी इस की इम्प्लीकेशन को नहीं समझती है, तो मुझे खेद है। यहां कई लोगों ने कहा, हमारे एक मंत्री महोदय ने कहा कि माओ-त्से-तुंग से इन्स्पिरेशन लेने में कोई गलती नहीं है, कोई ले सकता है। चीन द्वारा हमारे देश पर आक्रमण किये जाने बाद भी क्या ये लोग सोचते हैं कि इन्स्पिरेशन लेने के लिए हमारे देश में कोई आदर्श नहीं है ? क्या हमारे देश में आदर्श कम है ? जो देश खुल कर हम पर आक्रमण करता है, जो पंचशील के सिद्धान्त को मान कर भी उस को ठोकर मार कर भारत की सीमा में घुसता है क्या उस देश के नेता से इन्स्पिरेशन लेने की बात करना उचित है ?

मैंने श्री प्रियरंजन दास मुंशी के बारे में बहुत सुना है। उन्होंने बड़ी बहादुरी, हिम्मत और साहस के साथ कलकत्ता में गुंडागर्दी को

समाप्त करने के लिए काफी प्रयत्न किया है। मैं यही चाहता हूँ कि इसी शान्ति के तरीके के साथ गुंडागर्दी को मिटाने के लिए कोई प्रयत्न करे मैं जरूर उस की सराहना करूंगा। लेकिन कांग्रेस के पुराने बूढ़े नेताओं के साथ झगडा करने की बात मेरी समझ में नहीं आती है। जन्तर मन्तर रोड वाले मकान पर सील लगा दी गई है, क्योंकि उस मकान के बारे में डिसप्पूट था। जब शान्ति-भंग की आशंका हुई, तो सील लगा दी गई। इसका मतलब यह है कि कोई भी किसी के घर में जायेगा, शान्ति-भंग की आशंका पैदा होगी और सील लगा दी जायेगी।

सवाल यह है कि आखिर सरकार क्या करती है। यहां पर शान्ति नाम की कोई चीज है या नहीं ? अगर यहां पर शान्ति के साथ रहना है, तो क्या आदमी के कोई अधिकार हैं या नहीं ? चौथी लोक सभा में ही नक्सलाइट्स पर रोक लगाने की बात की गई थी, लेकिन कुछ नहीं हुआ। क्यों नहीं हुआ ? हम सब मिल कर प्रयत्न क्यों नहीं करते ? विरोध रहे। प्रजातंत्र में विरोध जरूर रह सकता है, लेकिन विरोध का मतलब यह नहीं है कि आदमी को ही समाप्त कर दिया जाये।

मुझे क्षमा किजिए, जब हमारे देश में डा० श्याम प्रसाद मुखर्जी जैसे मान्यवर नेता कि मृत्यु संशयात्मक स्थिति में हुई, तो उस की जांच क्यों नहीं हुई ? जब हमारे नेता, पंडित दीनदयाल उपाध्याय, की गाड़ी में हत्या हो गई, तो क्या उस की जांच करने, हत्यारों का पता लगाने और उन को सजा देने का काम शासन का नहीं है ? यह काम कौन करेगा ? आखिर इस देश में विश्वास कैसे पैदा होगा, जब कोई ईमानदारी और प्रामाणिकता से काम करे और उस की हत्या कर दी जाये ? ऐसी हत्या एक नहीं हुई है। गांधीजी की हत्या का बहाना बना कर सब से पहले देश में ला एण्ड आर्डर अपने हाथ में लेने की छूट दी गई।

[श्री जगन्नाथ राव जोशी]

जब नक्सलवादी तांडव कर रहे थे, तो हमारे मे मित्र उन का समर्थन करते थे। आज जब बापूजी इन के खिलाफ है तो इन्होंने अपना स्वर बकल दिया है।

PROF. MADHU DANDAVATE : Why was that opportunity given by murdering Gandhiji ?

श्री जगन्नाथ राव जोशी : यह बहुत बेसिक सवाल है। लोगों के मन में यह विचार है कि दिल्ली जैसे शहर में, सब शक्ति अपने हाथ में होने के बावजूद, यह मालूम होने के बाद भी कि एक बार उन की हत्या का प्रयत्न हो चुका है, शासन द्वारा समुचित कार्यवाही क्यों नहीं की गई। उस के बाद अनुचित लाभ उठाने का प्रयत्न भी किया जाता है।

कांग्रेस के मित्रों को मैं कहना चाहता हूं कि जब कांग्रेस में स्प्लिट हुआ—उस में कोई बात नहीं है—तो इसी दिल्ली में भूतपूर्व मंत्रियों, डा० राम सुभग सिंह और श्री मोरारजी देसाई, के घरों के सामने सिक्योरिटी पुलिस रखी गई। यह टेन्शन किसने क्रीएट किया और क्यों? आखिर यह भगड़ा अहिंसा में विश्वास करने वाली कांग्रेस का था न? यदि अहिंसा में विश्वास करने वाली कांग्रेस में दो टुकड़े होते हैं, तो एक टुकड़े में जो लोग मंत्री थे, उन को डर किससे पैदा हुआ, किस ने वह डर पैदा किया? कांग्रेस के भूतपूर्व अध्यक्ष, श्री निर्जलिगप्पा, का कोट किस ने फाड़ा, उन को अन्दर क्यों नहीं जाने दिया? जन्तर मन्तर रोड पर ऐसी घटना पहली बार नहीं हुई है, इस से पहले भी हुई है। हम इस को अच्छा नहीं समझते हैं।

विरोध और मतभेद सम्भ्रम में आता है। लेकिन यदि हम ने देश में शान्ति के साथ प्रगति करना है, तो देश में उस के लिए उचित प्रवृत्ति और वायु-मंडल पैदा करना चाहिए। अभी

जोतदारों की समस्या का संकेत किया गया है। हमारे देश में कृष्णा-गोदावरी के पानी की समस्या है, नर्मदा और कावेरी की समस्या है, चंडीगढ़ और बेलगांव की समस्या है। क्या हम इन समस्याओं को कोई सिद्धान्त और परम्परा सामने रख कर हल करते हैं? नहीं करते हैं। हम टेन्शन पैदा करते हैं। इसी प्रकार तेलंगाना और बिबर्भ आदि की समस्याएँ हैं। उन को कुछ सिद्धान्त और परम्परा सामने रख कर हल करना चाहिए। प्रजातंत्र में सब को भाषवस्ति मिलनी चाहिए कि यहां न्याय मिलेगा और सबके अधिकारों सुरक्षा होगी। यह विश्वास पैदा करना होगा। तब जा कर हम शान्ति के साथ समस्याओं को हल करने का प्रयत्न कर सकते हैं। हम बंगाल की घटनाओं के मूल में जायें, उन के बारे में गम्भीरता से विचार और चिन्तन करें और अनुकूल वायु-मंडल पैदा करें। तब हम सब लगन, सहयोग और सामर्थ्य के साथ इन समस्याओं को हल कर पायेंगे। प्रजातंत्र में ही प्रगति, बिकास और सर्वांगीण उन्नति होती है।

श्री राम सहाय पांडे (राजनंदगांव) : सभापति महोदय, बंगाल का स्मरण होते ही हमें उस भूखंड का स्मरण हो आता है, जिसे हम पश्चिमी बंगाल कहते हैं। एक पूर्वी बंगाल भी है, जिसे हम बंगला देश के नाम से सम्बोधित करते हैं, जहां मुक्ति वाहिनी अपने रक्त से स्वतंत्रता की आहुति को सींच रही है।

हम अपने पश्चिमी बंगाल की ओर जब ध्यान देते हैं और जब हम ज्योतिर्मय बसु के इस प्रस्ताव को देखते हैं तो चिंता होती है। एक प्रश्न मैं पूछना चाहता हूं ज्योतिर्मय बसु से कि पश्चिमी बंगाल में क्या वह शांति चाहते हैं, समाजवाद चाहते हैं, इक्वलिटी चाहते हैं? अगर वह यह सब चाहते हैं और यह चाहते हैं कि सारा सर्वहारा समाज एक बार उठकर खड़ा हो अपने अधिकारों को पहचाने और

लोकतन्त्र की छाया के नीचे बड़े शांति के साथ और उन्नति करे समानता के साथ समाजवाद आए तो वह आए हमारे साथ। सी०पी०एम०, सी० पी० आई०, नक्सलाइट, कांग्रेस (भार), कांग्रेस (ओ), फारवर्ड ब्लाक.....

एक माननीय सदस्य : कांग्रेस (ओ) नहीं है उसमें।

श्री राम सहाय पाण्डे : नहीं है तो नहीं हो। लेकिन यह सब लोग आए मिल कर के बैठे और मैं एक प्रार्थना करता हूँ आज की इस नाजुक परिस्थिति में मुक्ति वाहिनी सेना को प्रेरणा देने के लिए पूर्वी बंगाल की स्वतन्त्रता के लिए पश्चिमी बंगाल की अभिवृद्धि के लिए आएँ, बैठें और 6 महीने का अवसर मिले, एक टूस पीस एक समझौता हमारा हो जाय सारे दिलों का और 6 महीने में आप देखिए कि उसका परिणाम कितना सुन्दर निकलता है। आखिर यही वह बंगाल है जहाँ भारत सरकार की बन्दना का स्वर गूँजा था—बन्दे मातरमा यही वही बंगाल है जहाँ जनगणमन अधिनायक के रूप में सारे प्रदेशों और भारत माँ के एक समग्र चित्र की वन्दना और कल्पना की गई थी। यही वह बंगाल है जहाँ एक नर-शार्दूल सुभाष पैदा हुआ था जिस ने सुदूर पूर्व में जाकर भारत की स्वतन्त्रता के लिए श्रान्ति की थी एक बड़ी भारी सेना का संगठन किया था। यही वह बंगाल जिसे बिधान चन्द्र राय ने अपनी दूरदर्शिता और राजनैतिक पांडित्य से आगे बढ़ाया था। चित-रन्जन दास, सुभाष, शरत और सहित्यकार बंकिम और टैगोर इसी बंगाल में हुए थे जिन का नाम लेते हुए मस्तक अपने आप झुक जाता है। उसकी बागडोर 1967 में ज्योति बसु के पास आई। उसका इतिहास पहली रिजीम में 9 महीने का और दूसरी रिजीम में 13 महीने का देख कर के लोकतन्त्र के नाते, समाजवाद के नाते, हमारा मस्तक अपने आप नीचा होता है। क्या किया वहाँ पर? किसान को किसान

के खिलाफ हाथ उठाने की प्रेरणा आप ने दी। मजदूर मजदूर को मारता है, किसान किसान को मारता है, विद्यार्थी विद्यार्थी को मारता है, टीचर टीचर की मारता है। मैं समझ सकता था अगर कोई ऐसा इन्क्लाव आप ने किया होता जिस में सारे बड़ा बाजार के सेठों को आप घेर लेते। लेकिन उनसे पैसा लेकर, किसानों को उकसा कर, मजदूरों को मजदूरों के खिलाफ उकसा कर, विद्यार्थियों को विद्यार्थियों के खिलाफ उकसा कर हत्याएँ और सरेआम हत्याएँ हो रही हैं। लूट, डर और भय से सारे बंगाल के वातावरण को आपने सत्यानाश और सर्वनाश की ओर उन्मुख कर दिया है। और वह ज्योति बसु के रिजीम में हुआ। तमसोमा ज्योतिर्गमय, वह वेदों में आता है। अन्धेरा जाय, उजाला आए, प्रकाश आए, लेकिन यह ज्योति बसु अन्धेरा लेकर आए लोकतन्त्र में। यह ज्योतिर्मय हैं और वह ज्योतिर है। कैसी भाषा, कैसी भावना और कैसा व्यवहार? हम कल्पना करते थे इसी लोकतन्त्र की छाया में समाजवाद आए। हमने कहा कि इन को भी मौका दे बेल्ट के द्वारा, बुलेट के द्वारा नहीं। हमने कहा कि सी.पी.एम. हो, सी. पी.आई. हो, लेनिनिस्ट हो, मार्क्सिस्ट हो, माओइस्ट हो, चाउइस्ट हों, जो भी हो, लोकतन्त्र की तुला पर आकर अपनी परीक्षा दे। जनता जिसको वोट दे, वह शासन संचालन करे। ऐसा कहीं और भी हुआ है? नहीं हुआ है। हम चाहते हैं कि इस परीक्षा की तुला में विवेक और शांति के नाम पर लोकतन्त्र के नाम पर आप आएँ और पनपें। लेकिन कण्डीशन एक है कि जो मूलभूत आधार है हमारा समाजवाद का, गरीबों को उठाने का सर्वहारा वर्ग को ऊपर लाने का उस में हम आप से सहयोग चाहते हैं। बम से, पाइपगन से गोला बारूद से, ब्लास्टिंग करके, ज्वालामुखी पैदा करके आप वहाँ की स्थिति को भड़काना चाहते हैं। आप कहते हैं कि आज हम पर प्रेसी-

[श्री राम सहाय पाण्डे]

डेन्ट्स रूल है हम पर चार्ज है, कि हम इन्वाल्ड हैं मर्डर में। लेकिन विधान चन्द्र राय और सेन के बाद जब ज्योति वसु के पास शासन आया तब से यह हत्याएं क्यों शुरू हुईं? यह चित्र है समाज के सामने। आप चाहते क्या हैं? आप जो चाहते हैं वही हम चाहते हैं। लेकिन अन्तर यह है कि आप का माध्यम बुलेट के जरिए है, कहीं से इन्स्पिरेशन आप को मिला है, कहीं आप ने पढ़ लिया होगा कि जितनी ज्यादा से ज्यादा मिजरी, गरीबी और गुर्वंत बढ़ेगी उतनी जल्दी क्रांति होगी इसलिए सर्वनाश करदो पहले। उस के बाद हम आकर बैठेंगे और निर्माण करेंगे। यह गलत बात है। आज सनसार रेशनल हो चुका है। कुछ विवेक और शांति के नाम पर एक व्यवस्था चाहता है, कानून चाहता है, नियम चाहता है, आर्डर चाहता है, लोकतन्त्र चाहता है, उसके नीचे आप आकर बड़े।

सभापति जी, आप को सुन कर दुख होगा कि नौ महीने की इनकी पहली रिजीम में और 13 महीने की दूसरी रिजीम में 2174 हत्याएं हुईं। इस को जब हम देखते हैं दिनों के हिसाब से तो साढ़े तीन मर्डर ज्योति वसु के शासन में प्रति दिन हुई जब वह होम मिनिस्टर थे। बताइए किस अदालत में उनका ट्रायल हो? इसका किसी अदालत में ट्रायल नहीं हो सकता है क्योंकि रिलेटिव टर्म में यह मर्डर हैं। हम एक आदमी को मरवा दे, 302 में लटक जाएंगे। मोटर से मार दें, कुछ नहीं होगा। आर्गेनाइज्ड गैंगस्टरिज्म पैदा करे और मार दें उस का कानून दूसरा है। इसका ट्रायल, यह जो हत्याएं हुई साढ़े तीन मर्डर पर डे हुए, इसका ट्रायल कहां होगा? होगा इसका ट्रायल। साढ़े तीन मर्डर यानी तीन आदमी और एक लड़का, तीन पूरे आदमी और एक लड़का मिला कर साढ़े तीन हो गए...

सभापती महोदय : दो दिन में सात आदमी।

श्री राम सहाय पाण्डे : तो साढ़े तीन हत्याएं प्रति दिन का ट्रायल कौन सी अदालत में होगा? अगर लोकतन्त्र अक्षुण्ण है इस धरती पर तो जनता की अदालत में इसका ट्रायल होगा। यह जो बैठे हुए हैं सामने, कल जो शोर मचा रहे थे और श्री गोपालन जन्तर मन्तर के नाम पर बिल्डिंग के नाम पर शांति का सन्देश दे रहे थे कि ला एन्ड आर्डर नहीं लेना चाहिये अपने हाथ में, अरे भाई, हम तो ला एन्ड आर्डर कभी लेते ही नहीं हैं हाथ में, कभी लिया ही नहीं। ब्रिटिश हुकूमत थी तब भी नहीं लिया। एक चोरीचोरा कांड हुआ था तो गांधीजी ने सत्याग्रह को स्थागित कर दिया था। इस की गरिमा और प्रतिष्ठा की बड़ी भारी कीमत देनी पड़ेगी और संयम और शांति से देनी पड़ेगी। गरिमा और शांति से देने से लोकतन्त्र पनपेगा। हमारा लक्ष्य जो है उस की तरफ हम ज्यादा तेजी से बढ़ेंगे और अन्त में, अन्ततोगत्वा हमारे सिद्धांत, हमारे नियम, कानून और व्यवस्था सब केवल इसलिए है कि लोकतन्त्र पनपे, गरीबी जाय हम इन को भो हटाने के इच्छुक नहीं है। आइये, शांति से बैठें, सोचे विचारें, सारे विचारों का पन्चगव्य हो, उस में मतभेद भी हो, मतभेद का आदर भी हो, लोकतन्त्र में आएँ, शांति के माध्यम से आएँ और आगे बढ़ें समाजवाद में, यह हम चाहते हैं। लेकिन इस तरह से विद्यार्थियों को, किसानों को, मजदूरों को उकसाना और अशांति पैदा करना उससे कुछ भी होने वाला नहीं है। हमने क्या किया है? आप प्रेसीडेंट्स की रूल की निन्दा करते हैं और कहते हैं कि ला एन्ड आर्डर बड़े खतरे में हो गया है। किसानों में आप ने एक बड़ा विद्रोह पैदा कर दिया। लेकिन 75 बीघा एक व्यक्ति के पीछे आप के टाइम में था, प्रेसीडेंट्स रूल आते ही हम ने 45 बीघा प्रति परिवार के हिसाब से सीलिंग कर दी। यह किसान के लिए हुआ। मजदूरों के लिए ग्रेच्युइटी ला

पास किया बंगाल के लिए टीचर्स का जो एरीयर है वह दिसम्बर तक हम पे कर देंगे इसी तरह विद्यार्थियों को हम ने २५ प्रतिशत कंसेशन बस और ट्राम में दिया। हम चाहते हैं कि ऐसी व्यवस्था वहां हो जिस में समाज में सब लोग ऐसा अनुभव करें कि हम कुछ कर रहे हैं। हमें कोई प्रसन्नता इस बात से नहीं है जाहिर है प्रेसीडेंट्स रुल हम क्यों करते हैं ? एक व्यवस्था हम देख रहे हैं कि टूट रही है तो हमें कोई न कोई विकल्प ढूंढना पड़ता है। हम उससे प्रसन्न नहीं है। लेकिन जिस दूर-दक्षिता के साथ, जिस दक्षता के साथ, जिस शौर्य के साथ, जिस प्रेम के साथ हमारे वहां के गवर्नर श्री डायस ने वहां पर शासन किया है सदन की ओर से मैं बधाई देता हूं और अपनी ओर से भी, अपने मंत्रालय की ओर से भी मैं उन को उस के लिए बधाई देता हूं क्योंकि जब से वह गए परिणाम अच्छा हुआ, शांति स्थापित हुई। जैसा अभी हमारे साथी मुन्शी ने कहा आज जब कोई भी आदमी सड़क पर घूमता है तो सुरक्षित अनुभव करता है आज दंगे कम हुए हैं, सामाजिक प्रोपर्टी का नुकसान कम हो रहा है। इसलिए मैं फिर रिपीट करता हूं कि हम चाहते हैं कि पश्चिमी बंगाल के जितने भी राजनीतिक दल हों, सब एक होकर, एक मत, विचार, अस्था, धारणा और भावना के साथ लोक तन्त्र की रक्षा के लिये, मुक्तावाहिनी के समर्थन के लिये, एक हो जाय और 6 महीने का ट्रायल दें। फिर देखिये, हम समाजवाद की ओर बढ़ते हैं, शांति की ओर बढ़ते हैं, बंगाल के विकास के लिए आगे बढ़ते हैं या नहीं।

अन्त में, मैं प्रधान मंत्री जी से प्रार्थना करूंगा कि बंगाल की उन्नति के लिये, इसके विकास के लिये आपको थोड़ा उदारता से काम करना चाहिये। क्या वजह है कि पन्जाब आज फल-फूल रहा है। सूरज पूर्व से उदय होता है, सब से पहले हम बंगाल के दर्शन करते हैं, इधर पन्जाब है और उधर बंगाल है, एक भी अंग कमजोर न रह जाय। इस लिये

इस के विकास के लिये आप प्लानिंग में अधिक से अधिक दीजिये, बेकारी दूर करने की कोशिश कीजिये, विद्यार्थियों के पढ़ने की व्यवस्था कीजिये, विकास के लिये अधिक से अधिक ध्यान दीजिये और ध्यान देने के बाद देखिये कि बंगाल की सोशियो-इकानामिक प्राबलम को हल कर सकते हैं या नहीं। फिर आप कह सकते हैं कि कुछ तुम हम को दो और कुछ हम तुम को दें, ताकि दोनों लोकतन्त्र की जय कर सकें और देश की प्रेरणा के लिये बंगाल से जो वन्दे-मातरम का स्वर गुंजा था, उस का स्मरण कर के बंगाल की जय बोल सकें।

SHRI SHYAMNANDAN MISHRA : Mr. Chairman, Sir, we have given a word of cheer and comfort by the hon. leader of CPI, Shri Indrajit Gupta, that the law and order situation in West Bengal has improved and there is no question of its deterioration. I wish it were so. If it were so, I would have said in Hindi—आपके मुँह में घी शकर। If I could use Ben Johnson's language, I would say "I would tip your tongue with gold." I do not know how the hon. leader of the CPI managed to forget that only the other day the Dum Dum office of the District Congress Committee of our organisation was raided with bombs and captured by the Members of the Ruling Party. I do not know how this escaped the notice of the very considerate and, I must say, very sympathetic and kind-hearted leader of the CPI, Shri Indrajit Gupta.

SHRI INDRAJIT GUPTA : Manufacture of bombs is an every-day affair in Bengal.

SHRI SHYAMNANDAN MISHRA : I have no doubt that the way in which the ruling party is behaving, many would not be disinclined to believe by what has been said either by the hon. Member of the CPM, or even by the hon. leader of the CPI, about the situation in West Bengal. May be these friends are tasting a dose of their own medicine, which goes under the name of collective violence, and which they have taken as their philosophy we have always considered it as poison whether it is in the individual or collective form Mr. Chairman, one

[Shri Shyamnandan Mishra]

has not to travel very far to have these examples of the neo-Nazism that is rearing its head in this country (*Interruptions*) Only four days back we witnessed the de luxe edition of the neo-Nazism in the heart of the city of Delhi, not very far from you at 7, Jantar Mantar Road, the headquarters of the All India Congress Committee. And naturally, there was bound to be the de luxe edition here because it is the de luxe city of Delhi and we have got a deluxe government, too. If you don't take it, as a word of derision, but only as an appreciation of the grace and dignity of the Prime Minister then we have got a deluxe Prime Minister also. So naturally we had got a deluxe edition of neo-Nazism in the city of Delhi only the other day...(*Interruptions*)

SHRI SIDDHARTHA SHANKAR RAY : He uses of *de luxe* language.

SHRI SHYAMANANDAN MISHRA : If it pleases my hon friend, Mr Siddhartha Shankar Ray, I would say that he is the de luxe edition of a Minister in charge of West Bengal Affairs.

SHRI SIDDHARTHA SHANKAR RAY : Thank you.

SHRI SHYAMANANDAN MISHRA : Now, Mr. Chairman, if Gangotri, therefore, is itself poisoned and impure, what would one say of its rivulets in their floods (*Interruptions*) in other parts of the country? They are bound to be of the same hue or even worse.

The basic proposition that I want to make is that the Indian politics seems to be undergoing a phase of cultural revolution.

SHRI S. M. BANERJEE (Kanpur): Very good.

SHRI SHYAMNANDAN MISHRA : In terms of this revolution, we, as a party,—I am glad to say—are the least cultured. And I am prepared to concede that—although the ruling Party is not the most-cultured, yet but they are on way to becoming the most-cultured in these terms—Therefore, what you find to-day is a new product of this cultural revolution which goes by the name of *Cons-naxalism*. I am trying to make it intelligible to the Chirman,

In this cultural revolution, violence is progress. Disorder is progress. Indiscipline is progress, Economic stagnation is progress rising prices are progress and growing unemployment is progress. May I say that in this climate of progress and revolution we are the reactionaries and stick-in-the-mud conservatives !

SHRI PRIYA RANJAN DAS MUNSI : Is there any doubt ?

SHRI SHYAMNANDAN MISHRA : No doubt, this is the revolution that you represent. You are welcome to this kind of revolution. Ours is a backward party and I would like to have your sympathy for it. Our backward and reactionary Party is being attacked by the revolutionaries and to give you one example—shall I ask your permission to travel a little far in the past ? Only two or three months back...(*Interruptions*) Please make him understand geography. Only two months back the Midnapore District Congress Committee office was invaded and the treatment that was meted out to Shrimati Abha Maiti is known to everybody. Now people ask us, What are you ? Yes, we are the Pandavas with Draupadi like Abha Maiti being meted out that sort of treatment.....(*Interruptions*) You will never find us perpetrating the kind of acts that they are perpetrating.

SHRI S.M. BANERJEE : This would be expunged because Miss Abha Maiti may object to this. Miss Abha Maiti cannot become Draupadi.

MR. CHAIRMAN: Mr. Banerjee, you need not be worried about Miss Abha Maiti. Carry on Mr. Mishra.

SHRI SHYAMNANDAN MISHRA : Therefore, our leader, Shri Profulla Chandra Sen is talking of a backward and reactionary message of non-violence, truth and peace and nobody on this side of the House can say that he is not the only person of a stature and standing who has been trying to keep alive the flame of non-violence and peace as a votary of Mahatma Gandhi.

Now, Bengal has indeed been in a bad way.

SHRI R. S. PANDEY: Under his stewardship.....

SHRI SHYAMNAND MISHRA : Did I interrupt you ?.....(*Interruptions*) Please have some patience.

Bengal has indeed been in a bad way for a pretty long time and there does not seem to be any end of its troubles and travails. But the point I would like to emphasize is that the days ahead seem to promise to be even grimmer and there are definite factors for this kind of pessimism. In the first place, you have got eight million refugees, out of nine million, concentrated in that most sensitive area in our country. Secondly, in the name of helping the Bangla Desh people many of the political parties are having their private armies. Is the nation fully aware of this ? And they are gathering all kinds of arms and ammunitions too in the name of helping the Bangla Desh people. And here is the ruling party competing with the other parties in perfecting the techniques and methods of violence. What is perhaps more important than anything else is—it does not require any evidence because we had the taste of it only the other day..... that the State machine is being used for aggressive partisan purposes. So the basic question is whether we are living in an India where there is a state which can be spelt out as State or Estate. It appears that this has become or, is rapidly becoming an Estate with a big 'E' in the beginning.

I would like to quote a few words, from what, not a paper of this country, but the *London Times* said on the 15th of September. That must make all of us a little sad, may be a little wiser. This is what the *London Times* in its issue of the 15th September says :

"..... In another part of city a mob of vigilantes, led by members of Mrs. Gandhi's Congress Party move into the suburb of Ichapore, a Maoist stronghold.

They are carrying home-made guns, swords and knives. A terrified police party gives way to them and soon all exit points from the district are blocked by vigilantes and enraged residents who have been terrified by the Maoists for nearly two years.

Slowly and systematically the mob moves through the district. A resident identifies a Maoist's house. The mob seizes and the occupants are hauled out into the street and hacked to death on the spot.

* * *

Calcutta is gripped by terror and lawlessness to-day as never before. Mahatma Gandhi's cult of non-violence has been discarded by all political groups, including his heirs in the Congress Party. Political differences are sorted out by the knife, the gun and the bomb.—* *

Enraged the Maoists' prolonged campaign of terror and a demoralised police force's incapacity to deal with them, impatient residents led by Congress Party volunteers have taken the law into their own hands and decided to 'liquidate' the extremists...

In most cases professional killers and hoodlums from other districts, together with a militant section of Congress Party's student wing, have moved into affected suburbs to lead the mobs."

And, it runs like that.

I request that a serious attention of the House must be paid to this aspect of the situation. We feel very much disturbed because there seem to be some indications of the emergence of a Fascist State in this country. That day somehow does not seem to be very far, for we have got a desperate Government, acting in a desperate manner; because they have created a desperate situation in all fields—economic, political and international.

SHRIMATI MUKUL BANERJEE : Can any hon. Member insult a lady in the House who is not married ? As Draupadi was the wife of the Pandavas, can 5 people claim her, after the passing of the Hindu Marriage Act ?

MR. CHAIRMAN : The intentions of the hon. Member were far from insulting any one. (*Interruption*) That is my ruling. That is the end of the matter.

Sbri Siddhartha Shankar Ray.

THE MINISTER OF EDUCATION
AND SOCIAL WELFARE AND MINISTER

OF DEPARTMENT OF CULTURE (SHRI SIDDHARTHA SHANKAR RAY) : Mr. Chairman, Sir, I have come prepared with a number of facts and figures. But, having listened to the accusations made by Mr. Jyotirmoy Bosu who moved the motion, I feel that I should not waste the time of the House in placing all the facts and figures that I had brought with me.

I would seek the indulgence of the House to place the case of West Bengal in a dispassionate manner without fear or favour, in the hope that this House will be kind enough to not only listen to me but to support the Govt. in its attempts to bring back West Bengal to sanity. I do not claim that law and order situation is perfect. I do not claim that law and order problem has been solved. It has improved, as the leader of the Communist party had said, but certainly not to the extent as to justify any of us getting into any mood of complacency, to justify any of us to think that everything is perfect. Therefore, we cannot be complacent; we have to be cautious. When I was asked to coordinate the work of West Bengal, with that of the Central Government, when I took charge of my assignment then, I found the condition of West Bengal to be completely chaotic. Anarchy prevailed in practically every part of the State. There was insecurity. There was fear; there was terror. People in certain areas were afraid to come out of their houses after the sun had set. This was never the condition of West Bengal at any time before. So, naturally, a quick analysis had to be made with regard to the situation. If I was wrong, the House will correct me, but I felt that obviously the law and order situation could not be dealt with in isolation. To deal with the law and order situation, one had also to deal with the question of economic development. The problem of law and order was inextricably connected with the problem of economic development in West Bengal.

Therefore, from the very start, I felt that while dealing with the law and order problem, the Government should always bear in mind that what was more important was to see to it that there was economic regeneration in West Bengal. Apart from that, there were other factors which had to be taken into account. Everybody had not become violent without any reason, and I have no

hesitation in admitting here, as I had done so publicly before the elections, that the genesis of the trouble or the root of the trouble started from the old Congress Government of 1966.

SHRI DINEN BHATTACHARYYA (Serampore) : When he was a Minister.

SHRI SIDDHARTHA SHANKAR RAY : No, I was in the Opposition then.

In 1966, the situation had become very difficult, as a result of which the people rightly rejected the undivided Congress as it was and chose an alternative government.

The first UF Ministry came into power with the blessings of the people. Again, the people of West Bengal rejected us, the undivided Congress in 1969 and chose the second UF Ministry, again rightly, because our image was black and tarnished, and the people thought their future lay only in the hands of the Opposition parties led by the CPI—M. In the House in West Bengal, in 1969, the Congress had only 55 Members, and the combined strength of the other parties was 218. But unfortunately at the time of the distribution of portfolios, all the important portfolios had to be given to the marxist Communist Party.

My friend, Shri Jyoti Basu, my dear friend Shri Jyoti Basu, became the Home Minister and the Minister in charge of general administration. Mr Krishnapada Ghosh became the Labour Minister. The Education Ministry went to Shri Satyapriya Ray and the refugee and rehabilitation department went first to Mr. Niranjana Sen Gupta and after his sad death to another Marxist Member. Land and land revenue went to Mr. Hare Krishna Konar, as a result of which in spite of the CPI being there, in spite of the Forward Bloc being there, in spite of the SSP being there, in spite of all these 13 other parties being there, all power really went to the CPI-M. I am not blaming them for that.

SHRI JYOTIRMOY BOSU : What about Finance and what about the Chief Ministership and what about Industries ?

SHRI SIDDHARTHA SHANKAR RAY : They got all these portfolios, and as a result of it what happened was this. Shri Jyoti Basu, my dear friend Shri Jyoti Basu, as I said, had complete charge of the police and also of the Government employees.

SHRI DINEN BHATTACHARYYA : But who was the Chief Minister ?

SHRI SIDDHARTHA SHANKAR RAY : The Education Minister Mr Satya-priya Ray had complete charge of the teachers and the students, and Mr. Hare Krishna Konar had full charge of the peasants and agriculturists, and Mr. Krishna-pada Ghosh had full charge of all the workmen. Shri Jyoti Basu was additionally also the Transport Minister and he had full charge of all the transport services. They had taken complete power in their hands, but unfortunately, and I was very sorry, because we all wanted the UF to succeed; at that time, I was the Leader of the Opposition, and we said so what had happened 'in three months' time was this. My hon. friend Shri Tridib Kumar Choudhary is here, my hon. friend Shri Indrajit Gupta is here, my friend Shri S.C. Samanta is here, and I am willing to be corrected if I am wrong, and they can all correct me. Is it not a fact that within three months the CPIM started to oust Everybody else from every department, from every factory ?

SHRI DINEN BHATTACHARYYA : Absolutely wrong, absolute slander.

SHRI SIDDHARTHA SHANKAR RAY : My Marxist brothers I am not saying my Marx brother—swill certainly dispute what I say. But I want to know what my hon. friends, Shri Tridib Chaudhury, Shri Satish Samanta and Shri Indrajit Gupta say. Would you believe it that the Education Minister, instead of solving the problems of teachers, with which we are now faced—they are in a desperate condition and we have to do something about them—instead of improving the standard of schools, the first thing that he did was to dissolve the managing committee of every school and substitute it with a managing committee of their choice.

SHRI DINEN BHATTACHARYYA :

They were never elected; they were all your stooges.

MR. CHAIRMAN : He does not expect the Minister to say what he wishes him to say. It is the right of every member to say what he wishes to say.

SHRI DINEN BHATTACHARYYA : He must talk sense.

SHRI SIDDHARTHA SHANKAR RAY : I know where the shoe pinches. But the fact was that all those managing committees were dissolved and were substituted not by people belonging to the CPI, nor the RSP, nor the Bangla Congress, nor the Forward Bloc, nor any of the people belonging to the other 13 parties in the coalition but by people belonging to the CPI(M). I am prepared to sit down if I am contradicted in this by the non-CPI(M) members. This was how education was dealt with (*Interruptions*).

MR. CHAIRMAN : This kind of interruptions are not allowed. Shri Jyotirmoy Bosu should listen to what he says.

SHRI JYOTIRMOY BOSU : I did not interrupt. I dismiss his observation with the contempt it deserves.

MR. CHAIRMAN : He can express his contempt in silence.

SHRI JYOTIRMOY BOSU : Since you have addressed me, I would say that a member of Government when speaking is expected to come out with reasonable truth.

SHRI SIDDHARTHA SHANKAR RAY : If I may say so with respect to my hon. friend, Shri Jyotirmoy Bosu, truth is not only his monopoly. Shri Tridib Chaudhuri is as truthful as, he to me Shri Indrajit Gupta is as truthful as he, unless Shri Indrajit Gupta contests that proposition.

SHRI INDRAJIT GUPTA : What is truth ?

SHRI SIDDHARTHA SHANKAR RAY : What I am saying everybody in Bengal knows.

[Shri Siddhartha Shankar Ray]

Coming to the trade union field, what happened. Will anybody, except of course my Marxist friends contradict me, when I say that the only manner in which Shri Krishna Ghosh, the Labour Minister, started expression working was to muzzle out—I use the deliberately—every other trade union in the factories concerned. There were clashes everyday……(Interruptions).

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR): Truth is bitter.

SHRI SIDDHARTHA SHANKAR RAY: No doubt the House has noticed how isolated my Marxist friends are.

SHRI JYOTIRMOY BOSU: We are not isolated by the people.

SHRI SIDDHARTHA SHANKAR RAY: Take the CPI union. I leave aside the INTUC; we were their enemies. But take their friends (Interruptions).

MR. CHAIRMAN: Order, order. It is his right to express his views. Kindly, do not interrupt him. Please sit down. There is no point of order.

SHRI MANORANJAN HAZRA; (Arambagh): Sir, a point of order.

MR. CHAIRMAN: What is the point of order?

SHRI MANORANJAN HAZRA: My point of order is that at that time I was a member of the West Bengal Legislative Assembly and I know from experience that that gentleman is not speaking the truth.

MR. CHAIRMAN: There is no point of order. Please sit down.

SHRI SIDDHARTHA SHANKAR RAY: I had anticipated that I would be interrupted by the Marxist friends. I do not bother with regard to that. But I shall place before this house the facts. In so far as the trade unions were concerned, the CPM was trying to capture each and every union in each and every factory. In so far

as the rural areas were concerned, they have been wanting their friend and leader, Mr. Hari Krishna Konar; he went and agitated the agriculturist and tried to take them under their banner, so much so that soon West Bengal witnessed something which no other State had ever witnessed ever since we achieved Independence. (Interruption) Such were the incidents in the districts that the Chief Minister of the Government, Shri Ajoy Mukerjee, had to go on satyagraha in protest against what was being done by his own coalition members in the Government in the rural areas. I have got all the facts, but I am not going into all that. But I only mention these facts before the House for the purpose of showing that when I went to Bengal in charge of my new assignment, I found that we were in a chaotic condition.

The first difficulty that I noticed was the during the regime of the United Front. 1,353 cases were withdrawn by an executive order, by a general order, not an individual order but by general order. 1,353 cases were withdrawn in which the charges were under section 302, section 304, section 317, section 326 and section 336,—all serious sections of the Indian Penal Code. The result was that 13,373 criminals were allowed to go and mix with society. No wonder that these were the people—(Interruption)—these 13,373 people were accused of so many heinous offences and they were allowed to move about freely in society. They had to be found out.

Mr. Jyotirmoy Bosu has made many allegations against the police. I am not going to deal with that. Many of them, practically all of them, are before the courts of law, but in every case there is a specific charge against the accused concerned. If he is not guilty, the court will say so. There is a specific charge against the accused. My young friend Mr. Priya Ranjan Das Munshi had already pointed out that from the CPM offices we have gone and recovered lethal weapons, arms—I do not want to increase the list, for, it will embarrass my hon. friends more, and some of the cases are *sub judice*. But I have, in point of fact, to say this in great sorrow—certainly not in anger—that one of the characteristics of the CPM is certainly not an unshakeable belief in the truth. And as such, I shall not deal with that point. I had expected Mr. Jyotirmoy Bosu to help us and to make some points on principle, but

he has not made any point on principle. For example, I have here a letter from SHRI JYOTIRMOY Bosu addressed to the Governor to which the Governor had to reply. They had a public meeting on the 7th November at the maidan.

Long before that we decided that ticketless travel must stop in West Bengal and that no one should be allowed to travel in trains without buying tickets. They had a meeting on the 7th and hordes and hordes of people were put on the trains for the purpose of being brought to Calcutta. None of them have purchased a ticket.

SHRI DINEN BHATTACHARYYA : How can you say so ? Let him prove it.

MR. CHAIRMAN : Order, order. Mr. Jyotirmoy Bosu will have the opportunity of replying and at that time he can refer to this.

SHRI DINEN BHATTACHARYYA : He is making a specific charge and I want to deny it.

SHRI SIDDHARTHA SHANKAR RAY : Shri Jyoti Basu had complained to the Governor and on the 14th November Mr. Dias wrote back to him :

"please refer to your letter dated the 11th November, 1971 alleging harassment of people travelling by lorries and trains to attend your meeting on the 7th November, 1971. I checked up and I find that there has been for sometime a drive against ticketless travellers as well as against the lorries licenced to carry goods being used illegally to transport passengers. Certainly there could be no discrimination by the Government in the enforcement of the relevant rules."

I was trying to show how truthful the CPM is.

SHRI INDRAJIT GUPTA : Is only West Bengal to be denied the privilege of ticketless travel ?

MR. CHAIRMAN : That is a question which you better ask the Railway Minister.

SHRI SIDDHARTHA SHANKAR RAY : The hon. leader of the CPI could undoubtedly take up the matter with the Railway Minister and so I will not waste my time with regard to it any more.

Keeping in view the position in West Bengal and the fact that economic development had to take place a sixteen point programme has been announced and that programme is being implemented. The Gratuity Act has now become law in so far as Bengal is concerned, as also the Closure Act. In so far as the teachers are concerned, the Government is looking after their interests and industrial improvement is one of the main things which the Government is after.

My hon. friend Mr. Indrajit Gupta made certain important points. He said that there were some people who previously were known to be CPM supporters and who were really goondas and who today have appeared as supporters of the Congress. We have taken note of this fact. In point of fact I have no hesitation in saying...we do not hide anything, I have already publicly said so in Calcutta there is infiltration into our party. I am not accusing in this House any particular party of trying to infiltrate. But there is infiltration and steps are being taken to check this. Identity cards and photographs are coming in and we shall see to it that such infiltrators are stopped. Mr Jyotirmoy Bosu is getting a little nervous about it and I can assure him that the comrades of his party would not be taken in and certainly the goonda comrades will not be taken in.

Mr. Gupta referred to a point about the dishonest jotedars. I fully agree with him. We have to be very careful during the harvesting season and see to it that dishonest jotedars do not take advantage and the police do not support the jotedars at the time of harvesting. In fact, I am glad he has mentioned it. We had a conference on this matter and I have also from here, after receiving some other reports from elsewhere, sent a message to the Governor saying :

"I have received reports of likely disturbances during harvesting in various

[Shri Siddhartha Shankar Ray]

districts. Emphasising the point made during our last meeting that no jotedar should be allowed to take any wrongful advantage and police must protect the landless, the burgadars and the small landlords. Those who till the soil must be allowed to harvest the produce according to their share. Shall be grateful if you can take the matter into consideration and pass such orders as you think fit and proper."

So, this matter has been already taken in hand. Not only the CPI, but some members of the Congress Party and one or two other parties also saw me in Calcutta last time and raised that question. We shall see that the bargadars and the landless are not put into trouble.

SHRI INDRAJIT GUPTA : Why is it that hundreds of false cases are being instituted against them ?

SHRI SIDDHARTHA SHANKAR RAY : That has been brought to my notice. If you ask your people in Calcutta, you will know that action has been taken.

With regard to closed factories, the figures given by Mr. Das Munshi were figures from the beginning of the UF Government till today. But there are a number of closed factories and they have to be opened. We were waiting for the enactment enabling us to take over without taking over the liabilities. That enactment has now been passed. A high level conference took place about this matter and every attempt will be made to reopen the viable units of the closed factories. But there is one thing. About 500 factories were closed during the UF regime, of which Shri Jyoti Basu was Home Minister and Mr. Krishnapada Bose, Labour Minister. They had a huge majority in the Assembly. Why did they not think of passing the legislation which we have passed today that there should not be any closure without giving two months' notice ? If they had done it, these units would not have closed. People say that at that time they allowed the closure deliberately because they were not interested in solving the problems but only in the establishment of chaos and anarchy.

About the Cossipore and Baranagore incidents, they were certainly ugly inci-

dents and no one can support them. It was most unfortunate. In fact, immediately after the incidents, I went to practically every house in that area. I went to Baranagore, which was Mr. Jyoti Basu's constituency. Hundreds of people turned up. I had expected that Mr. Jyoti Basu also would come there, but he did not. I had repeated this at the meeting of the 28 political parties which took place immediately after the incidents, i. e. on 15th August morning on independence day. When I went to Baranagore, the people told me, "Have you come here to enquire ? Mr. Jyoti Basu has issued a statement that the Congress have done this". If that is true, if Mr. Jyoti Basu issued that statement, we are all Congressmen. Then they said Mr. Bejoy Singh Nahar had issued that statement saying that the CPM had done it. Very well. If CPM had done this, then we are all CPM. I talked to teachers, professors and many other people. I talked to the bustee-dwellers. They were all agitated and was totally surprised at the attitude taken by them and the manner in which they behaved. Then they turned round and asked : "do you live in this area ? Do you know what we had to face ?" Then took me to eight or ten houses which were vacant because the owners have left. They said : "look at these schools which have been burnt; now we cannot send our children to schools; look at the milk booths or *gullis* which have been burnt; so, we are not able to get milk to give to our children; our husbands have to walk because buses and bus-stands have been burnt." They complained that nobody is allowed to live a civilized life in that locality. They said "you can go and enquire from anybody; if you think one of us is guilty; then all of us are guilty; if you have to punish one, you will have to punish everyone of us." I repeated this before the 28 party conference. Then they said that there must be an enquiry. I said that all the 28 parties cannot hold an enquiry. I suggested that it should be by five parties Shri Jyoti Basu, Shri B.N. Nahar from the Congress, Shri Jatin Chakravarty from the RSP, Professor Nirmal Banerjee from Forward Block and Bishwanath Mukerjee from the CPI. All these came out in the papers. I said that these people should go and hold the enquiry because it would be absurd and impossible for 28 parties to hold an enquiry. Bu-

the parties did not agree. Some parties said: if Shri Jyoti Basu is there we shall not be there. Some other parties said: if Shri B.N. Nahar is there, we shall not be there. Allegations were made against each other and they refused to agree on the basis of composition of the committee to enquire into the incidents.

Then there was the question whether the police had failed to do their duty. They wanted immediate action against the DIG and some other senior officials.

AN HON. MEMBER : What about the OC ?

SHRI SIDDHARTHA SHANKAR RAY: I had been there in the morning. I felt that subject to further enquiry action should be taken against them. They wanted them to be suspended immediately. I said that if suspension is necessary, certainly they will be suspended. I said that I shall look into the matter and if suspension is called for, I will do that. Thereafter, on the 15th night further facts starting coming in, very serious facts, from which I gathered what had happened. Now if I or any government officer were to suspend these two officers immediately, they would get only half salary or something of that kind, which would be doing injustice to these officers, because at that time it was not possible to apportion blame or responsibility. So, the thing which I did was the next best, which really amounted to suspension. I suggested to the government that these two officers should be transferred; let them go on long leave but no new assignment should be given to them. They were really in fact suspended but under the rules they were able to draw full salary. I did not want the officers to lose half or three-fourth salary by mere suspension until all the facts were before us.

The very next day there was another meeting of the 28 political parties and I told them this is what has happened. I said that since you have not agreed on this, we shall have the enquiry by a High Court Judge. We tried our best to get a High Court Judge. In fact, the ex-Chief Justice of the Allahabad High Court, Shri V. N. Mullik, agreed to it and a letter to that effect was received. Then he fell ill

and he said that he could not take up the assignment. I have talked to many other Judges. I do not know whether Shri Jyotirmoy Bosu will be happy if I told you what some of them told me. They were not prepared to take up this inquiry. If I may say so, one of the principal reasons.....(Interruption.)

18 hrs.

SHRI JYOTIRMOY BOSU : By Shri P.P. Mukerjee whom you got managed to be stabbed. Birasat murder case. I am saying so on my own responsibility.

SHRI SIDDHARTHA SHANKAR RAY : Shri Bosu is very helpful. He has just now admitted that a Judge was stabbed.

SHRI JYOTIRMOY BOSU : By police agent provocateurs under your orders.

SHRI SIDDHARTHA SHANKAR RAY : A Judge, who was appointed to hold an inquiry, was stabbed. Another Judge, a sitting Judge of the Calcutta High Court, was murdered, as a result of which no Judge that we had approached was willing to take up the inquiry. This is the situation with regard to Baranagore and Cossipore.

Apart from saying that, in so far as we are concerned we are not against anybody or any party. We are against violence; we are against dishonesty; we are against lawlessness not only of the type demonstrated by Shri Jyotirmoy Bosu's party but as demonstrated by the dishonest traders and blackmarketers. We have detained—how many did they?—blackmarketers, hoarders and those people who were hoarding baby food. We have taken action against those who were stealing railway wires. Things have improved certainly in so far as that aspect of the matter is concerned.

In conclusion, I must say that Shri Jyotirmoy Bosu and his friends know very well that they cannot disrupt order in west Bengal now. People will turn them out.

AN HON. MEMBER : It is your turn now.

SHRI SIDDHARTHA SHANKAR RAY : So, day before yesterday they thought, "Since we cannot disrupt order in West Bengal any more, let us disrupt order in this House."

Therefore, they behave in that particular manner. In so far as the CPM is concerned they are living in complete insolation.

[MR. DEPUTY-SPEAKER *in the Chair*]

SHRI JYOTIRMOY BOSU : Go in for elections.

SHRI DINEN BHATTACHARYYA : I only say that a good slap has been given on the face of Shri Siddhartha Ray on 7th when ten lakhs of people gathered in the Brigade Parade Ground. I challenge you, you have such a meeting and then say that we are isolated. Why are you afraid of declaring elections ?

PROF. MADHU DANDAVATE (Rajapur) : Sir, while I participate in his debate, I do it more in anguish than in anger. during our freedom struggle we had acquired certain values, particularly under the leadership of Mahatma Gandhi and Aandit Nehru, because in our nationalism we had inherited the characteristics of Indian culture as well as some of the basic values of liberalism of the West. We always accepted the dignity of human life, both in our political as well as public life. I must say that those values are being challenged on the land of Bengal.

It is a fact that Gandhiji always told us that even for achieving a noble objective what path we pure is a very significant factor and if we pursued an anti democratic path, even the west of our objectives were likely to be defeated. I think, this is the lesson of Gandhiji's ideas that we have to learn while tackling the problem of law and order in Bengal.

I might be permitted to draw a parallel here. While we have chaos in Bengal and many men's hands have been soaked in the blood of innocent men there' I would like to strike a parallel with what happened in

Noakhali. There were riots, There were communalists in the country who said that violence had to be met with violence ; communalism had to be met with communalism, They bravely talked only from their palatial mansions but there was only one Gandhi in this country who said that violence could uot be met with violence. He took the pilgrimage of peace. He carried on his tour and every hour of his in Noakhali brought peace to that land. even the rulers of Noakhali had warned Mahatma Gandhi at that time, "You are imperilling your life," I know, at that time Mahatma Gandhi and Nehru had such a tremendons popularity, that if they were just to provoke thousands of young men to go with bombs to Noakhali and meet violence with violence. there would have been anarchy and chaos. But there was a stout heart and a bold man who went with the message of peace and Noakhali was brought to calmness, that is the lesson we have to remember in Bengal.

Let us not forget that the law and oder situation is definitely a bad one. Let us not quote statistical data to find out under the old regime how many women were molested and how many daughters were murdered and under the new Presidential rule how many were molested and how many were murdered. A mother whose daughter was molested or murdered is not worried about the political identity of her daughter or of the murderer. She is worried about the fact that her daughter was the victim of atrocity and these atrocities are there Who are responsible for them ? They have to be brought to book. For that, an investigation has to be gone into. Sir, many hands are soaked in this violence but we have to find out whose hands are soaked.

Here I will just quote one significant event. When there were riots in India, Khan Abdul Ghaffar Khan once said that when there are communal riots, Hindus are disturbed because Hindus are killed and the Muslims are perturbed because Muslims are killed; but, nobody in the country is disturbed because human being are killed. In the land of Bengal also when we find that the Marxists are killed, CPM is disturbed. When socialists are killed—let me tell you that my comrades in the trade union have been kill-

ed in broad day light in Bengal—we, the socialists are disturbed. If CPI men are killed, they are disturbed, if Congress (R) men are killed, Congress (R) feels disturbed and if Congress (O) men are killed, they feel disturbed. But I would like in the Indian Parliament, this sovereign Parliament, to feel disturbed because human beings in Bengal are being killed and they are being massacred and molested. I would like that attitude to be taken and I hope for assessing the correct picture of law and order a certain *modus operandi* will be evolved.

I would like to tell you that in the land of Bengal a certain type of politics has been encouraged for years. Internal party differences are settled on the streets with violence. There are intertrade-union rivalries. There are constitutional methods by which inter-trade-union rivalries can be resolved. But, my trade union comrades belonging to the Hindu Mazdoor Sabha, similarly the comrades belonging to AITUC and also the comrades belonging to the Marxist organisation and the INTUC, have been murdered in broad day light. To me it is immaterial to which organisation they belong. I shall never quote the statistical data that previously so many were killed and now so many are killed. To me the fact remains that in the land of Bengal, still this tragedy continues and it is probable, that if we investigate the matter and if the Parliament appoints a Committee, it may be that the people who are making allegations about violence, they may themselves be proved to be guilty of the same. So, in this House, no Party should feel shy to accept the verdict of a Parliament's Committee which goes into the problem of the law and order and investigates what is happening in that land and tries to find out how actually the situation has to be met.

Only one more word about the law and order situation in the context of socio-economic problems. If our Home Ministry is under the impression that merely our trigger-happy police will be able to deal with the problem of law and order whether created by Naxalites, CPI, CPM or presuming even by members of our Party, or Congress (R) I am sorry they are thoroughly mistaken. (ir, in modern times the problem of law and order cannot be tackled merely on the basis of trigger-happy police action. I would like the socio-economic problems in Bengal

to be solved. Those who have a vested interest in chaos, anarchy and violence, while they talk of socio-economic justice at the heart of their heart, they like the socio-economic injustice to be perpetuated because only in this climate of injustice they can flourish and continue their nefarious game of provoking people to indulge in acts of violence.

I do not understand why the Congress (R) is frightened of appointing a committee to go into the matter? If a Committee is appointed, you will be able to find out whether what Mr. Jyotirmoy Bosu is saying is correct or whether what Mr. Das Munsi is saying is correct. We, the Members of Parliament, would like to take a judicious view and we would like a committee to go into the law and order situation there. Particularly in the land of Bengal and generally throughout the country the slogan is that power grows out of the barrel of the gun. Some people say that 'We prefer bullet to ballot'. Some say, 'We combine bullet with ballot' and some combine ballot with the bull. Whatever may be the option that is available, let us try to take an impartial view. In Bengal, there is chaos, Trade unions are being attacked; rival political party officials are being attacked. It is better that in this debate we forget who the Mover of the Motion is.

I should not like my attitude to be clouded by the fact that a Marxist Communist has moved the Motion. We have to see whether we are concerned with the law and order situation in Bengal. We have to see whether the situation respects the dignity of human life, whether it respects the dignity of the values which we cherished in our freedom struggle in this land of Gandhi—I am referring to Mahatma Gandhi. If you are worried about the preservation and the dignity of human values, let us not have an acrimonious debate as to who is responsible and whose hands are soaked with violence, but let us take a unanimous decision; let there be a Parliamentary Committee or sub Committee appointed to investigate the matter. I appeal to the Treasury Benches. If your conscience is clear why should you be afraid to accept the suggestion which is perfectly fair? By that we will be able to know where the guilt lies. Whoever may be guilty, whatever may be

[Prof. Madhu Dandavate]

their complexion, whether they are reactionaries, revolutionaries, pseudo-revolutionaries or super-revolutionaries, then necessary decision can be taken and they can be dealt with. That is all that I can say. Thank you.

SHRI TRIDIB CHAUDHURI (Berhampore): At the fag end of the day, I don't want to take the time of the House but I would start by drawing serious attention of all concerned to the point that was made last by Shri S.S. Ray. It is a sorry day not only for Bengal but for whole of India that a situation has developed when judges of the highest judiciary are afraid of their lives and they have said so to Mr. Siddhartha Shankar Ray that they are not willing to undertake any enquiry. Sir, I have with me a letter from the Prime Minister about a year ago. Then Bengal was not under the United Front Government. Bengal was under the administration of President's rule and under the rule of this Parliament. And, the whole country was horrified to find 11 young men murdered and their dead bodies were left on the road side and immediately the whole country was agitated and this Parliament was agitated and before this Parliament the Prime Minister made a solemn promise that there would be a judicial enquiry.

Soon after that you find the Barasat incident and the Beliaghata incident in the CIT building. There have been open accusations that one man arrested as Naxalite was killed before the eyes of the population in the university campus by the police. I wrote a letter to the Prime Minister and she replied. This is dated 21st November, 1970. It says:

"I have your letter of 21st November. We have already ordered a judicial enquiry into the Barasat killings and no purpose would be served by pre-judging the issue. I am distressed beyond measure at the heavy toll which political murders are taking in West Bengal in which the killing of policeman and Govt. officials is not less horrifying than that of others. It is certainly not our intention to counter Naxalite terrorism with police terrorism. This is precisely the purpose of the Prevention of Violent Activities Act. As I have stated several times, all cases of police

excesses will be looked into and those found guilty punished."

That was one year ago. And then these incidents happened afterwards which Mr. Siddhartha Shankar Ray also found horrible. But I find in his argument an attempt at a sort of lefthanded justification. Yes, the people suffered by violence. But at the same time as regards the killings that took place, nobody knows how many were killed; some say, 70 were killed, some say one hundred people were killed, and some say that two hundred people were killed, and the dead bodies were thrown on the roads or in the river. An inquiry into that aspect of the matter was also promised. But such is the law and order situation, the wonderful law and order situation, that we cannot assure our judges of their safety. We cannot assure them 'You hold the inquiry without fear and favour, and we the Government with this massive majority behind us will be behind you, and the whole country is behind you, and we want that an inquiry should be held'. But that has not been possible.

If not anything else, this fact alone is the justification for the motion that Shri Jyotirmoy Bosu and Shri Samar Mukherjee have moved, wherein they say that this House expresses its serious concern, if this House fails to express its serious concern in this situation—I do want to go into the other facts—then I do not know what will happen. Our young friend Shri Priya Ranjan Das Munshi is here, and I would recall his first or maiden speech in this House on the President's Address. He referred to the murder of our revered leader Shri Hemantakumar Basu. Is it not known to the police who committed that dastardly crime? If so, why has nobody been brought to book? In fact, not only one person was murdered, but several people were murdered. Shri Hemantakumar Basu's name comes to our mind because he was the leader of us all. Even the President of the Republic himself had referred to his killing, but nothing has been done. That is why it behaves this House that it must express its most serious concern at the situation that has developed in West Bengal, and I warn you that the mute footsteps of Fascism, the jack boots of Fascism are being

heard, and a situation is coming ; we have the experience in the other countries in neighbouring countries like Pakistan and others, of how the military jack boot ultimately overtakes democracy. Fascism is coming. If we do not do our duty by the country at this hour, and we do not all sit together engage in serious self introspection by all the political parties then God help us !

SHRI S.M. BANERJEE (Kanpur) : I shall confine myself only to one point because the other points have been covered by other hon. Members. I was surprised to see that recently in West Bengal, 13 leaders of the State Government employees were dismissed under article 311 (2) (c), that is, under the President's special powers without assigning any reason or giving an opportunity to those employees who were permanent employees of the West Bengal Government. This has happened only after President's rule was established in West Bengal. We protested against this action and when we protested, the net result was that insteā of the matter being remedied, 32 ordnance factory employees belonging to the Rifle Factory at Ishapore, the Arms and Ammunition Factory at Ishapore, the Gun and Shell Factory at Cossipore and the Dum Dum Factory and inspectorate, were dismissed under article 310 of the Constitution. They were also permanent employees. As the President of the All India Defence Employees Federation, I can say with all confidence that during this time, the production had increased in these ordnance factories. It is on record that my hon. friend, Shri V.C. Shukla, who presided over the Industrial council meeting held in September said that production has increased. Naturally he pleaded with employees, representatives, which included these representatives also, for more production. It has never happened in defence establishments that people have been dismissed without assigning reasons. When there are rules and regulations under which an employee can defend himself, how is it that the services of these people have been terminated and they have been removed from service or dismissed without assigning any reason.

I know the hon. Home Minister may not be able to answer this question straight-

way. We are negotiating on this House. 32 MPs have sent a letter yesterday to the Prime Minister and I am sure something will be done. The CPM, CPI, Jan Sangh DMA, Shri Tridib Chaudhuri, Shri Samantha and others are signatory to this. It is not sponsored by a single party. We have said in this letter :

"We have observed with a sense of shock and dismay the arbitrary dismissal of 13 top leaders of West Bengal State Employees movement of 13 September by the Governor exercising extraordinary provision under article 311(2) of the Constitution and subsequent dismissal of 32 civilian defence employees' leaders of West Bengal in the same manner under article 310(1) of the Constitution of India".

"In both cases the employees concerned have neither been provided with any scope of self defence nor any reason whatsoever has been adduced for the dismissal. Strangely the authorities have exercised the articles of the Constitution in not giving an opportunity of self defence to the employees but to deprive them of all constitutional safeguards".

we have requested the Prime Minister to scind these dismissals and give them an opportunity before taking any action against them.

When Shri S. S. Ray has said that the situation in West Bengal has improved why was this necessary specially at a time when the defence employees have assured the Defence Minister under the banner of the All India Defence Employees' Federation to produce more. I would like to know from the Defence Minister whether he is prepared to fully consider all these cases. I am ready to prove that all the charges are concocted and fabricated by the intelligence military or other intelligence, without any common intelligence at all. I do not want the Home Minister to give an immediate answer, but I want that there should be a discussion and the Prime Minister should invite the leaders for a full discussion of the matter.

**BUSINESS ADVISORY COMMITTEE
FIFTH REPORT**

THE MINISTER OF PARLIAMENTARY AFFAIRS AND SHIPPING AND TRANSPORT (SHRI RAJ BAHADUR) : I present the Fifth report of the Business Advisory Committee.

**MOTION RE: LAW AND ORDER SITUATION
IN WEST BENGAL**

THE MINISTRY OF STATE IN THE MINISTRY OF HOME AFFAIRS (SHRI K.C. PANT) : We have in the past had many stimulating discussions on West Bengal, but today I had a feeling that the debate was not at the same level. I think it was partly because it had a bad start.

SHRI JYOTIRMOY BOSU: Bitter.

SHRI K.C. PANT: Shri Jyotirmoy Bosu can also sometimes be stimulating, but today he confined himself to recounting a number of individual cases. He hardly dealt with the wider aspects of the situation in west Bengal. Perhaps there was good reason for that, because he found himself in an unenviable position in the broader spectrum. Nevertheless, it has put me in some difficulty as to how deal with the points he has raised.

I am grateful to my hon. friends on my side like Shri Munshi, Shri R. S. Pande and others who have made my task very much easier. Of course, my hon. colleague, Shri Siddhartha Shankar Ray, who spoke before me, covered a very wide field and traced the present situation in Bengal, particularly the law and order situation, the politics of violence to its roots, and in its wider correlation to socio economic factors. Therefore, very little really remains for me to say, and I am heartened by the fact that all sections of the house, except one, are agreed that there has been some improvement in the law and order situation. I think it has been established that the motion is not tenable.

Sir, the situation in west Bengal has been a difficult one for some years, and in

the economic field, in the social field, in the political field, there have been difficulties I need not go into them and it will take a long time of the House and I know Members are tired now. But we must keep in mind the fact that of late the difficulties have been multiplied by certain extraordinary factors—the situation on the border, the influx of evacuees, and the extraordinary floods that took place in west Bengal. All these things have added to the burden of the administration there, and it has only compounded the difficulties that already existed. In this situation, particularly keeping this in view, I think the administration there has shown a commendable job.

There was some who questioned the wisdom of my colleague, Shri Siddhartha Shankar Ray, devoting special attention to west Bengal. But I think the results have shown that it was a wise decision and his personal interests not only helped to expedite the matters but more than that, has helped to awaken in the minds of other political parties in west Bengal and the need to do some basic thinking on the problem of Bengal and the need to co-operate to combat tendencies which were harmful for the well-being and future of West Bengal. That has been his special contribution, and I think that today all parties in West Bengal do realise the gravity of the situation and their special responsibility in this regard. I think that by and large this realisation permeates the thinking of Political parties today in West Bengal, and there is a certain amount of heart-searching and a certain amount of questioning and that by itself is a good thing because this heart-searching was long overdue.

In this context, one has to appreciate the fact that whatever the administration might have done, the administration by itself could not have improved the law and order situation to the extent that it has been able to, were it not for the people of West Bengal to whom the real credit goes for the improvement in the situation.

But having said that, I would also like to say that on its part, the administration of west Bengal under the Governor has been doing its utmost, has been putting in great efforts and with a measure of success to deal with the law and order situation and the other difficulties that west Bengal has been facing.

I would briefly refer to the situation during the last few months to emphasise to what extent there has been an improvement in the law and order situation. My hon. friend Shri Dandavate does not like figures, statistics. But I am afraid that there is no other way of studying the trend of violence. I would like to quote some figures. During the last four months, the number of inter-party clashes and political murders has been reduced almost by half.

Inter-party clashes have progressively declined from 97 in July to 83 in the next month and then to 54 and have risen slightly to 57. The number of political murders has also come down from 133 in July. It went up a little to 142 and then came down sharply to 86 and then to 72 in October. Incidents of violence by extremists have come down even more sharply. In July there were as many as 317 incidents followed by 226 in August. These have come down to 152 in September and then 58. Attacks on the police had also come down from 97 in July to 81 and then to 46. In the following two months the number has gone up...*(Interruptions)*. The number has gone up to 57. I have a feeling that if we can secure the cooperation of the mover of this motion then the figure can again go down.

PROF. MADHU DANDAVATE : Even with these statistics do you feel that the law and order situation in West Bengal is quiet sound ?

SHRI K.C. PANT : No, certainly not, I would straight away disabuse you of any such feeling. I certainly am not complacent. I share the concern expressed by many Members but I think it would be good for the House to know precisely to what extent there has been an improvement. Since the motion deals specifically with the deteriorating situation, I can only say that depends upon the view point of the mover. The law and order situation has improved but the situation for him has deteriorated. That is quite possible.

There were as many as 12 attacks on the police in the month of October. The number of strikes, gheraos, etc. in industrial undertakings also came down from 37 to 30 and then to 15 in October. The agrarian situation has been peaceful.

It would thus be a fair estimate to say that the law and order situation far from deteriorating has started responding to the efforts made by the State Government. Now as I said in the beginning the real credit for this must go to the people. There has been public response. The fact is that people are more fearlessly facing up to the challenge of violence. They have basically to face up to all that the politics of violence, represents to which reference was made by my hon. friend Shri Dandavate. We had expected the people of Bengal to respond even earlier but a sense of fear seems to have gripped Bengal and now it is getting out of the valley of fear and that is the greatest encouraging feature in the present situation.

There is qualitative difference in the situation now obtaining in West Bengal as compared to the situation that obtained there before. I know that Shri Indrajit Gupta had referred to certain other basic causes. I am not going into that. But given those causes the remedy will take a certain amount of time. But the fact that popular response was not visible earlier had created a certain diffidence even in this House which I noticed when this particular subject was discussed here, because it is quite true that the administrative machinery which is not backed up by popular support cannot succeed in tackling a law and order problem of this magnitude. Therefore, the present situation in respect of popular support also needs the particular attention of this House.

It is a matter of gratification that a number of resistance groups have been formed by the people. It is our information that over 22,000 such groups consisting of about 5 lakhs persons are active in the State.....*(Interruptions)*.

SHRI DINEN BHATTACHARYYA : They are getting Rs. 105 per month. *(Interruptions)*.

SHRI K C. PANT : This is not against you. Why do you let the cap fit you ? These vigilance groups have now made it difficult for the Naxalites and other elements indulging in violence to find shelter in urban and even rural areas and keep their movements secret. People are coming forward to inform the police about their movements, the places where they have stored arms and ammunition and giving information which

[Shri K. C. Pant]

helps the people to apprehend them. The people of West Bengal are no longer apathetic and indifferent and this positive role of the people has brought about a qualitative difference in the situation. I hope that this vigilance on the part of the people of West Bengal will continue and so long as it continues, the law and order situation is bound to improve progressively.

I need not refer to the details with regard to the arrest of various Naxalite leaders in Bengal and outside. The troubles brewing within their party and all those other things, I do not think we need dwell much on that. We have to dwell more on the positive aspects of what has been achieved there. But I repeat, we do not have any sense of complacency. We realise that this task has to be continued with the cooperation of all peace-loving people there. People who believe in the basic democratic values have to cooperate to fight this politics of violence which has cost the fair land of Bengal so many young lives which would have been so productive and fruitful. As some hon. member said, it is not a question as to which party is responsible and who dies. When a young boy or girl dies, very often he or she is full of promise. We should look at it from that aspect and root out the causes that may have led to this. Here the socio-economic aspect is important. The regeneration of the economic of Bengal is important. The opening of closed industrial units is important. Stepping up of investment there is important. The completion of projects like Haldia is important. The Farakka bridge has been recently completed. We are doing our best to see that these projects are expedited. In the field of agrarian reforms, Mr. Ray has referred to it. We have taken some steps there. In the labour field also, we have taken some steps with regard to gratuity, etc. About closure of factories, we have provided a certain compulsory period of notice. In so many other fields, we have taken positive steps which I think will win the approval even of the critics opposite. These are long overdue and are necessary to create that confidence among the people about which Shri Das Munsu spoke, the confidence that the whole country is aware of the difficulties of Bengal and is anxious to help in resolving them, that Bengal is not alone, that the whole country feels today that with a little

bit of help, Bengal will come out of the valley of depression. This is the moment where the Centre and other States can and should help West Bengal. We are doing our best to this end.

Some sweeping allegations have been made about the police. It is the habit of my friend, Mr. Jyotirmoy Bosu, to be carried away by this enthusiasm in such matters. But I thought his references to CRP today were much less frequent than in the past. I was wondering whether he had slipped up somewhere, because he usually repeats CRP at least forty times. Today I noticed it only twice. It is not necessary for me to go into all the individual cases, particularly because the State police is there and the state administration is there, and I have no doubt that they are also in contact with them.

I would only say what I have said before in the House that in case excesses are there, when such instances are brought to our notice, we will take suitable action. I have never held that there can never be excesses. There can be excesses, particularly in an atmosphere in which the police as well as others are indulging in violence. They get a little coarse and they lose their sensitiveness. Because of the coarsening of the atmosphere by a long period of sustained violence, these excesses may be there. All I can say is that they will be looked into when they are brought to our notice. Beyond that I would not take the time of the House by referring to individual cases, although I have notes here on individual cases also.

One word with regard to what Shri Indrajit Gupta mentioned about Naxalites and other young men who have perhaps gone wrong and who should be given a chance. I agree with him.

SHRI DINEN BHATTACHARYYA :
You agree because the police.....

SHRI K. C. PANT : I do not take a vindictive attitude like my hon. friend, Shri Dinen Bhattacharyya. It is entirely contrary to nature that the parent should be so vindictive towards his offspring. In this case, his vindictiveness has gone to the extent of *post mortem*(Interruptions)
I hope that my hon. friend has not

forgotten the genesis of the Naxalite movement. Shri Das Munsî has described the birth of the Naxalite movement, the way it has grown from out of the parent trunk, which is the CPM. Therefore, all I am saying is that it is contrary to nature that a parent should be so vindictive against his offspring.

AN HON. MEMBER : Even to the extent of disowning it.

SHRI K. C. PANT : We have seen children disowning parents but it is seldom that parents disown children.

The other factor of the genesis of violence was referred to by my hon. friend, Shri Sidhartha Shankar Ray—the release of a large number of persons charged with heinous crimes, or even convicted of heinous crimes during the UF regime. These are facts which cannot be forgotten, because they provide the backdrop to the situation that prevails there today, the situation that we have been grappling with for the last so many months. As I was saying, I accept the fact that it is the Government's responsibility to deal firmly with violence and we are determined to deal firmly with violence. But we do recognise that among the ranks of those who are called Naxalites there may be young men who may not have committed any violence but may be afraid to get out of their company, who may want to come back to normal life, who may not be guilty of anything else except association with the Naxalites. Well, in those cases, would my hon. friend say that the door should be closed to them? Should we not try to win them over by weaning them away? This is the basic question. I have no doubt in my mind that they should be given an opportunity to rehabilitate themselves if they want to break away from the path of violence and want to take the path of reason. Speaking for myself, I have not given up the hope that even my hon. friend, Shri Jyotirmoy Bosu, is amenable to argument and can be brought to the path of reason.

So, why should I despair of others?

SHRI JYOTIRMOY BOSU : You do not listen to reason. You are a bigot. I am not a bigot.

SHRI K. C. PANT : I do accept and I do realise that my hon. friends of the CPI (M) today find themselves in a dilemma because they are isolated in West Bengal. They do not like the word 'isolated', but the debate in the House has shown them and the rest of the country how isolated they are.

I would like to quote briefly from an editorial of a Calcutta paper.

SHRI JYOTIRMOY BOSU : Which is the paper? Tushar Kanti Ghosh?

SHRI K. C. PANT : At the end I will tell you so that you can get some kick out of it. I quote :—

"Latterly the CPI(M) has been unable to shake off an oppressive sense of its own isolation and its efforts to solicit the cooperation of the non-Marxist trade unions have been singularly unproductive. "Causes" which could have been expected to bring about a semblance of leftist unity or to enable the CPI(M) alone to paralyse the State no longer claim the following they had at one time. Bandhs have begun to lose their novelty as a dramatic expression of protest and are now beginning to be seen by the average citizen as an unmitigated nuisance. There is here evidence of a serious loss of momentum in the extreme left movement, and of the CPI(M) having to suffer the penalty of now being accepted as thoroughly "conventional".

By whom? The offsprings, of course, as everywhere in the world. It continues:—

"The CPI(M) indeed appears to have lost something of its capacity for novelty and the dramatic gesture, a condition in which the debate within it on the question of violence versus the parliamentary method can be expected to intensify. Thus the condition are now rather more appropriate than they have been for demonstrating clearly that violence is politically unrewarding".

Now comes the time for them to say, "Ah" The paper is *The Statesman*.

SHRI JYOTIRMOY BOSU : Oh! Your godfathers! The capitalists, the potron-saints of theirs!

SHRI K.C. PANT : They have found themselves today in this situation of isolation.

SHRI JYOTIRMOY BOSU : According to the *Statesman*.

SHRI K.C. PANT : For that whom do they blame ? My colleague, Shri Siddhartha Shankar Ray, challenged you here and pointed out not to one instance, not to two instances, but to instance after instance where the CPI(M), when it was in the UF Government, saw to it that, as he put it, the others are muscled out. The overbearing attitude of the CPI(M) is a matter of the political history of West Bengal. So, now if you feel isolated, we have sympathy for you but we cannot help it..... (*Interruption*)

DR. SARADISH ROY (Bolpur) : Hold the elections in February 1972..... (*Interruption*)

AN HON. MEMBER : Accept our challenge.....(*Interruption*)

SHRI B.N. REDDY (Niryalguda) : When we are isolated, why are you not prepared to hold elections ? Why are you not prepared to face the people there ?

SHRI K.C. PANT : It will not help you to interrupt in this manner. It is a very simple proposition. Elections can be held under normal circumstances. You know, how many evacuees have come into Bengal.

SHRI JYOTIRMOY BOSU : They are in the camps.

SHRI K.C. PANT : Do you think as rational men that this is the time when elections can be held there ? (*Interruption*)

AN HON. MEMBER : Why not ?

SHRI K.C. PANT : As rational men or as irrational men ?

SHRI KRISHNA CHANDRA HALDER (Ausgram) : Are you holding elections in Assam ?

SHRI K.C. PANT : In Assam the influx is much less than in West Bengal.

SHRI JYOTIRMOY BOSU : Meghalaya?

SHRI K.C. PANT : Even in Meghalaya it is much less. I can give you the figures.

SHRI DINEN BHATTACHARYYA : I do not know what you are arguing. The issue is the police excess. The police is killing people. Because the CPM people have been isolated, as you think, will you tolerate this and encourage the killing by the police ? You reply to that point. Why are you beating about the bush ? Which is the majority party is not the issue. That will be decided at the polls.

SHRI K.C. PANT : I hope, he will permit me to speak in my own way. Now, he refers to the question of isolation in relation to violence. I would like to quote again something.

Let me see. Kindly listen to these figures. All the other political parties in West Bengal have suffered at the hands of the CPM—attacks, murderous attacks.. (*Interruptions*) My information is that the CPM was involved in about 220 cases with other Parties in the State including the CPI, Forward Bloc and others during the last four months and there were 100 cases since the beginning of this year. Is it an wonder that none of the other Parties is prepared to accept the tender protection of the CPM ?...(*Interruptions*) Why are you trying to evade the issue of CPM's violence? ...(*Interruptions*)...I am prepared. I would not like to do it, but if you want me, I can quote instances of the arms and ammunitions recovered from the various places which are connected with the CPM. If you want, I can certainly give you a long list. I have got the list here. Would you like me ? ...(*Interruptions*) I will only quote a few instances.

PROF. MADHU DANDAVATE : They say they will give the list also.

SHRI K.C. PANT : Yes, they will give.

PROF. MADHU DANDAVATE : The same list.

SHRI K.C. PANT : In the month of March, in the course of a raid on their office in Durgapur, the Police recovered 17 pereguns and live bombs. Again in the same month from their office at Siliguri, the

Police recovered one pipegun, 10 cartridges, 10 bombs and two daggers, one dagger bloodstained. On 27th March from their office in the 24-Parganas District, the Police recovered 4 bombs and one dagger—rather modest. On April 19, at Barasal the police recovered 20 live bombs, 13 molotov cooktails and 4 kg of explosives. On 20th July....

SHRI DINEN BHATTACHARYYA : What do you want to deduce from all this ? ...*(Interruptions)*.

SHRI K.C. PANT : It gives me no pleasure to bring this information to the notice of the House. I am prepared to skip the list. I have a long list. But I think that while I skip over the items in this list, even my friends of the CPM will be interested in one item. On 26th August a motor vehicle which was later found to belong to a certain gentleman—I won't mention his name now, I will mention it later—was seized after its occupants had earlier assaulted with a dagger a Police party. Three persons were arrested in this case. Who is the owner of this vehicle ? None other than Shri Promod Das Gupta.

SHRI DINEN BHATTACHARYYA : You don't rely on the Police people.

SHRI PRIYA RANJAN DASS MUNSI (Calcutta South) : Should we rely on Mr. Promod Das Gupta?

SHRI DINEN BHATTACHARYYA : I ask him to come to West Bengal and visit the places and take evidence.

SHRI R.S. PANDEY : He is not going to take the risk to come to you.

SHRI K.C. PANT : Today the situation is different. I can take the risk. But which of them will take the risk ?

SHRI DINEN BHATTACHARYYA : I will take the risk. You kindly come to Beliaghata with me.

PROF. MADHU DANDAVATE : Either of the two will disappear. It is bad.

SHRI K. C. PANT: Sir, Bengal is facing a difficult situation and in that difficult situation, one expects that all sections in Bengal, all political parties would combine

to see that we get over the present difficulty and on the top of that the situation in Bangla Desh—and my hon. friends may not tire of mentioning the situation in Bangla Desh—and if they want to strengthen the hands of the Government to tackle that situation, then the method is not go-slow, stoppage of work and bandhs, though the bandh of the 13th October was a big flop. People there had given the answer.

SHRI JYOTIRMOY BOSU : That is the jute Press of yours.

SHRI K. C. PANT : All the patriotic people of West Bengal, the patriotic labour of West Bengal, the patriotic Government servants of West Bengal, they are not prepared at this juncture which is a very critical juncture in the country's history, with dangers looming at the borders, they are not prepared to indulge in bandhs and other cheap gimmicks of this kind. I would only request my hon. friends to see the writing on the wall and not to indulge in these things at this stage.

It is for all of us to help West Bengal in this situation and I hope that even at this late stage the Mover of the Motion will see the sentiment of the House, the sentiment of West Bengal and the sentiment of the country and withdraw this Motion, which will serve no purpose, except to themselves. Thank you.

SHRI INDRAJIT GUPTA : What about the dismissal of those employees ? You did not say anything. That is, Government employees who were dismissed.

SHRI SIDDHARTHA SHANKAR RAY : I did not deliberately do so because you know, under the Constitution, when dismissal of that type takes place, it is the Governor who decides. It is entirely within his discretion.

AN HON. MEMBER : You are guiding him.

SHRI SIDDHARTHA SHANKAR RAY : Supreme Court has made it clear. It is the Governor and the Governor alone who uses his discretion. And, since it is a matter relating to the Governor's personal power, I don't think we could say anything.

SHRI JYOTIRMOY BOSU : Sir, you will appreciate that my task is rather difficult because many things have been said which have no basis at all. I will start in a reverse order. I hope Mr. K.C. Pant will listen to me; I know him well because I have confronted him in this House more than anybody else perhaps and I know his task and his ways; he is very good at mincing words. I don't envy him. It has been said that people's support to Mr. Pant's party could be reflected through an immediate election. Then why is he afraid of that? Our isolation would be proved or disproved, as the case may be, by the people but not by you here. You are protecting those antisocial elements only because they are serving the cause of the congress. protect them, let them prosper in your hands. You have talked about terrorism of the Naxalites. I have quoted from that well-circulated and well-edited paper, *Economic and Political Weekly* of Bombay. Kindly read that article. You will get your answer.

And you talked about *statesman*. You quoted from *Statesman*. We know *Statesman's* character, its ownership and its composition. We are not surprised that you use that editorial against us.

You talked about election and one friend from there talked about evacuees. Are not most of the evacuees confined in the camps? Don't your Government say most evacuees have been put in camps? How is it that they are going to disturb your polling? I do not understand that. Mr. Pant's leader, the honourable Prime Minister took the pretext of law and order. Quite a different story. You better make up your mind which one you want to say.

SHRI K.C. PANT : Both.

SHRI JYOTIRMOY BOSU : I will give you a chance to consult each other. Because, if that is your point, then how are you holding election in Meghalaya and Tripura? The ratio of evacuees with the local population is very disproportionate. Mr. K.C. Pant has given a series of fictitious stories. I would like to tell him: I am quite sure in your heart of heart you don't believe what you have said. About the strike on the 13th, may I tell this? It is the jute press which is living

on your newsprint and the advertisement money and they are being fed by your PIB. It is they who said so.

19.00 hrs.

I now come back to Shri Siddhartha Shankar Ray. He talked things which had no relation with truth. He talked about the UF Ministry composition in 1969. In spite of the fact that we were the largest party with 83 MLA's in the House, we gave the Chief Ministership to somebody who had a following of only 33, namely Shri Ajoy Mukerjee who is joining the Congress now, and the portfolios of Finance, Industries and Health were given to others. The managing committees of schools were dissolved because many of them were not elected and there were charges of corruption against many, who belonged to Shri Siddhartha Shankar Ray's party. Shri Krishnapada Ghosh was the Labour Minister at that time. There was a joint struggle and as a result Rs. 50 crores were taken or squeezed out of the big money bags, their patrons, in favour of the workers from five major industries, namely, jute, tea, engineering, coal and textiles. When we are in the first UF Ministry, we invited the Congress to join many committees like the RTA, but when President's rule was imposed, Mr Dhavan had disbanded all the committees and filled them with anti-socials and Congress hoodlums.

About the rally on the 7th November, Shri Siddhartha Shankar Ray had very boldly and openly said that there would not be more than 15,000 people. His expectation was that the number would not exceed 15,000 in that rally, but we had gathered lakhs of people who had travelled from all districts, and what did Shri Siddhartha Shankar Ray do?

SHRI R. S. PANDEY : They came without purchasing tickets?

SRI JYOTIRMOY BOSU : They took a clue from my hon. friend.

SHRI K.C. PANT : If they had purchased tickets, then it shows that law and order is perfect.

SHRI JYOTIRMOY BOSU : They came in vehicles, but they were dragged out of the vehicles, and the drivers and the people who were travelling were given a merciless beating by the police, and we had to inter-

were in many places to get the release of some of them. Our workers and kisans and our friends are poor, and they do not have money, but they are not dishonest and they did not take to ticketless travelling as many others do. I am saying so because our chaps bought tickets when they had travelled to join this rally. But I am not surprised at what Shri Siddhartha Shankar Ray has said, because that sort of thinking is quite likely to come into his mind, because basically he is a spokesman of the big business, and I have read his interesting arguments before the Car Price Commission where he had been arguing for the Birlas motors.

SHRI SIDDHARTHA SHANKAR RAY : Just as Shri Sashanka Sekhar Sanyal argued for Shri Haridas Mundhra in the sessions court.

SHRI JYOTIRMOY BOSU : Out of 25 years of Independent India, only 22 months involved us in the Government with practically no powers, because the State Governments do not have any real powers.

SHRI SIDDHARTHA SHANKAR RAY : Question.

SHRI JYOTIRMOY BOSU : Ruination and chaos have been brought to West Bengal by the Congress which had all the material and financial resources of the country at its disposal. They were in power for 25 years minus 22 months.

At Baranagar and Cossipore, what was the outcome of Shri Siddhartha Shankar Ray's very great efforts to put things together? In this mass murder, the police did not come for 17 hours. Since when does he think that transfer has become a punishment for police officers? We know he wanted them to be shielded and removed from the eyes of others, and a long holiday was given to some.

Again, at Barasat, we know who did it. The police organised the murder of Shri T.P. Mukerjee through *agent-provocateurs*. Again, how on earth could we believe that a judge who had been given such a serious and risky assignment could take a morning walk and the police did not provide him with bodyguards? Who will believe it? I at least do not believe it.

About the murder of the judge Mr. Roy, Shri Siddhartha Shankar Ray here knows it better than I do, that the followers of a deceased Congress MLA were at the root of his killing. So, let us not go into those matters which involve dead persons here.

Now, I shall come to Shri Priya Ranjan Das Munshi's speech. He has talked things mostly—I would not like to use strong language and say 'a string of lies' baseless. The *Hindustan Standard* was the paper from which I had quoted. The Congress Party is now full of Cong-shalls, criminals, anti-socials and Naxals. The *Hindustan Standard* is owned by a Congressman and not by us. So, let him better have a quarrel with them and sort it out.

About the Burdwan municipal election, at the point of the revolver, the Burdwan contestants were forced to withdraw. I am quoting from the papers as to what actually happened.

"On November in the morning, a large number of Congress (R) gangsters were collected from different areas and armed with 70-80 guns raided Uplati, Bara, Noapara, Sultanpur, Dangapar-Matiswar Bazar and burnt down many shops and houses. Then being reinforced by more gangsters and ably flanked by a big contingent of CRP concentrated their attack on Chakhalarampur, a strong Kisan Sabha village. Before retreat at 3-30 P. M. they killed 6 persons and burnt down about 80 houses. 4 persons are still missing. The gangsters snatched away about 18 guns from different licence holders of this village and adjoining villages. The CRP marched through the village within 10 minutes of the retreat of the gangsters. This proves conclusively that this attack was planned and organised at a high government and Congress level"

I am giving another, for Shri Munshi's information. This is issued by eminent politicians belonging to us and others. Mr. Jatin Chakrabarty is not a CPIM man, they say :

"We visited the Katjunagar, Colony. Rajendra Prasad Colony and the Jaya Engineering Workers' Quarters, Usha Nagar, in Jadavpur area in the District

[Shri Jyotirmoy Bosu]

of 24 Parganas on 16 October 1971".

"A long 'jheel' separates what is called Vikramgarh Colonies and No. 2 Poddarnagar colony from the aforesaid colonies. The distance over the 'jheel' between Katjunagar, Rajendra parasad and Jaya Workers' Quarters on the one side and the No. 2 Poddarnagar and Vikramgarh colonies on the other side varies from 75 yards to 150 yards apprax. And the goondas regularly snipe at the inhabitants and tentaments in the former colonies from across the 'jheel' from positions in the No. 2 Poddarnagar and Vikramgarh colonies. We were shown the chairs where the goondas sit and the tables where they rest their guns and rifles with which they fire."

There are a lot of complaints that the Jadavpur police station refuses to entertain complaints against the goondas. Sm. Maya Das complained that the CRP accompanied by the goondas raided her house on 14 October 1971 and she recognised Ratan as one of the goondas who accompanied the CRP. Sm. Baniprabha Bhowmick complained that due to constant sniping her tenants had left. I have got dozens of such complaints here.

SHRI R. S. PANDEY : We are tired of listening to these concocted stories.

SHRI JYOTIRMOY BOSU : Let him go away.

Shri Munshi talked of resigning. May I ask him who is this Kamal of Baranagore. Who got this ill-famed goonda released and what is his position in the Congress organisation today ?

SHRI PRIYA RANJAN DAS MUNSHI : I very strongly deny it and I will resign my seat if he can prove it.

SHRI JYOTIRMOY BOSU : He went to the extent of castigating us for our Resolution regarding secession. The jute press had misquoted us deliberately to misrepresent our point of view. We want a united India. There is no second word about it. As for law and order in West Bengal as a member of the committee on employment, I have been looking into these things. The *Economic Times* run by *The Times of India Group*—

it is not a CPIM publication—has brought out a publication 'Government of Bengal—Labour 1970' which says that closures are responsible for 25 per cent....

SHRI R. S. PANDEY : Is he replying ?

SHRI JYOTIRMOY BOSU : I am replying.

SHRI R. S. PANDEY : Who is looking after goondas ?

SHRI JYOTIRMOY BOSU : Shri Jyoti Basu never sent the police to the Birla House. It is a fabrication. The Naxals today are Cong-shells; they are no longer Naxals.

Now, Mr. Das Munsi, this is the outcome of your practising in gangsterism. What is happening about Soto Ghos's people coming up and beating up Subrato Mukerjee's State Committee offices and people in Chowringhee ? (*Interruption*)

SHRI PRIYA RANJAN DAS MUNSI : The intruders came and we drove them out.

SHRI JYOTIRMOY BOSU : We have known Rothu Talukdar doing *hamla* in another meeting in South Calcutta when they tried to have *ad hoc* committee. I am talking about Subrato Mukerjee. All that I am saying is, "doctor, heal thyself. Do not try to poke your dirty nose in our clean affair." (*Interruption*) I am asking Mr. Das Munsi : Who is this Moti Mandal of Chhatra Parishad ? Mr. Pant can help me. Is it a fact that he was arrested for stealing Rs. 25,000 from the Burdwan zila parishad and also charged for some murder case which is pending there ? (*Interruption*) What all you said about the Vikramnagar colony is baseless; and West Bengal has the highest unemployment, the lowest plan spending so far from the beginning till today, and that has one of lowest fourth Plan allocation,

Mr. Munsi has forgotten that the closure was due to the Centre's policy of not supplying raw material for industries; steel which has not come tomorrow than 17 per cent of the total requirement although West Bengal produces enough steel; the shortage of supply of working capital; our banks are all controlled here by the Centre. There has been the shifting of the purchasing departments of the Central Government from West Bengal. The railway electrification

headquarters which used to make purchases to the tune of Rs. 2 crores of products of the small scale industry in Howrah has been shifted, ...causing a loss to the railways to the tune of Rs. 28 crores; this was done just to teach the West Bengal small scale industry a lesson.

SHRI K.C. PANT : Is it a new debate?

SHRI JYOTIRMOY BOSU : No; I have been making a very careful note of what has been said. I am meeting each and every point. I have added nothing at all. Let the debate be examined.

SHRI SIDDHARTHA SHANKAR RAY: The quality of a good speaker is to stand up, speak up and shut up. Please do so,

SHRI JYOTIRMOY BOSU : You had better heal thyself, doctor. We know your performance—every brilliant! Do not provoke me, and do not think too much of yourself.

Now, Shri Indrajit Gupta, our comrade here, has said that the unemployed and frustrated youth have created this problem mainly. May I ask him, who has created this unemployment and frustration among the youth? Who had held the economic and fiscal powers during the last 25 years? He has said that the CPM is a highly organised party, but, at the same time, people here have said that our comrades are switching over, which one is true?

May I tell comrade Gupta—he knows it better than I do because he came to the party long before I did—that these are not inter-party clashes. He has forgotten to mention that my party has been in the forefront of the struggle against jotedars and industrialists. That is exactly why this Government which is of the monopolists, by the monopolists and for the monopolists, is showing up its fascist character to resist it.

Yesterday, Mr. Gupta said that if we seriously took the price resistance movement outside, to Mr. Chavan, the police will come and beat us up. He is very right there. Shri Indrajit Gupta has failed to appreciate

that the Congress usually acts as a strike-breaker. Did you see how the Congress-controlled press behaved on the 13th October when you went for a strike? Now, they are saying to the workers, "If you do not join the Congress union, we shall finish you." There are numerous examples of murders, molestations and beatings in Durgapur, Barrackpore and such other dozens of places.

Now, my learned friend Shri R.S. Pandey looks very scholarly to me. Let me tell him that the Baranagar, Cossipore all-party meeting decided to form an all-party enquiry team....

SHRI SIDDHARTHA SHANKAR RAY: No; definitely not.

SHRI JYOTIRMOY BOSU: That is your way of looking at things. But the Government did not implement it. But you Mr. Pandey—I wish I had said, 'Dr Pandey'—said that you trust in the ballot. But still you are refusing the election to the people of West Bengal on flimsy grounds. (*Interruption*) All I wish to say is, let us go to the people and ask for a verdict. They are the best people to give you the last figures, on the balance-sheet. Let us not try to verify each other here.

MR. DEPUTY-SPEAKER : The question is :

"That this house expresses its serious concern at the deteriorating law and order situation in west Bengal and role therein of a section of the police, C.R.P., official machinery and anti-social elements."

The Motion was negatived.

19.15 hours.

The Lok Sabha then adjourned till Eleven of the Clock on Thursday, November 18, 1971/Kartika 27, 1893 (Saka).

ORAL ANSWERS TO QUESTIONS

Taking over of refugee camps by Central Government

+

*91. SHRIMATI JOYTSNA CHANDA :

SHRI BHAGIRATH BHANWAR :

SHRI MADHURYA HALDAR :

Will the Minister of LABOUR AND REHABILITATION be pleased to state :

(a) whether Central Government are going to take over 50 refugee camps in West Bengal ; and

(b) the number of children of these camps suffering from malnutrition and what steps have been taken to give nutrition to these children ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA):

(a) It has been decided to take over the State Camps in and around North Bengal, in an around Kalyani in Nadia District and in and around Bangaon, in the District of 24 Parganas in West Bengal.

(b) It has been estimated that nearly 50% of the infants and children of pre-school going age fell into the categories of either moderate or severe degrees of protein-calorie malnutrition. A scheme called the "Operation Life-line" has been undertaken to provide nutritional feeding centres and to treat the cases of advanced mal-nutrition at Clinical Therapy Centres. The total number of beneficiaries covered by the scheme will be about 2 million,

SHRIMATI JYOTSNA CHANDA :

How many children suffering from malnutrition have survived since they have come here ? Are you contemplating to take any other refugees camps under Central administration ?

SHRI BALGOVIND VERMA : We have got no figures about the number of children who have survived after they had begun to receive this treatment. If notice is given we shall be able to give that number.

As regards the second part, it is our policy and we are going to cover almost all the centres wherever we find children are suffering from malnutrition.

SHRIMATI JYOTSNA CHANDA :

Not otherwise ? Have you any other category of people whom you are thinking of taking over ?

SHRI BALGOVIND VERMA : Apart from children, we have been providing nutritive diet to lactating mothers and also pregnant women. We are covering three categories.

श्री भागीरथ भंडार : जिन शिविरों को केन्द्रीय सरकार ने अपने अधिकार में लिया है उनमें केवल केन्द्रीय कर्मचारी ही काम करते हैं या राज्य सरकार का भी उनमें कोई हस्तक्षेप है ?

जो बच्चे पोष्टिक आहार की कमी से पीड़ित हैं उसका मापदंड आपके पास क्या है ? साधारणतया किस आधार पर आप यह पता लगाते हैं कि उन बच्चों को पोष्टिक आहार की आवश्यकता है ? पोष्टिक आहार के बितरण की व्यवस्था शासन ने किस प्रकार की कर रखी है ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : Specialists go to the

camps and they find out the children in particular camps who are suffering from malnutrition. In all we contemplate opening 1,000 nutrition centres and 500 therapy centres. At the therapy centres they are examined if medical treatment is called for and if so that is provided, and later on food is provided after that certification.

SHRI MADHURYYA HALDAR : Has it come to the notice of the Government that materials to be delivered to the refugees in the camps are being sold in the open market in Calcutta and the refugees are given less quantities of food than they should be given? If so what steps are Government going to take to stop all these malpractices?

SHRI R. K. KHADILKAR : That is somewhat beyond the scope of this question, though I am prepared to reply.

MR. SPEAKER : I want to make this remark off the record . . . *

SHRI R. K. KHADILKAR : All these allegations are very vague, and, therefore, you have rightly cautioned them.

MR. SPEAKER : Shri Maurya.

श्री बी० पी० मौर्य : जो कैम्प केन्द्र ने लिए हैं, उनको लेने के कारण क्या रहे हैं, किस आघार पर वे लिए गए हैं? क्या वही कारण और वही आघार या उन से भी ज्यादा गम्भीर परिस्थितियाँ और कैम्पों में विद्यमान नहीं हैं? अगर हैं तो उनको क्यों नहीं लिया गया है?

SHRI R. K. KHADILKAR : Arrangement to take over the camps under Central supervision and management was made because the local administration was overburdened and the camps were near the border. We are having camps inside Bengal away from the border. Where the State Governments have requested that because of the influx of the refugees and the resulting congestion it became very difficult for them to manage, we have stepped in. There is no question of any compulsion. We have taken them on and we are looking after them.

SHRI JYOTIRMOY BOSU : You have

* Off the record.

talked of about fifty giant camps in the months of April and May. Would you kindly tell us how many of these are actually and physically coming into existence and on what date? Secondly, how many evacuees are living outside your camps?

MR. SPEAKER : That has been given in the statement.

SHRI R. K. KHADILKAR : So far as West Bengal is concerned, only six camps are actually functioning and 1,11,342 refugees are sheltered there. Regarding the setting up of other camps the hon. Member should realise that we have to select the camp site and get water supply and then we erect sheds. All these things take time. In between in West Bengal in particular because of the rains, there are difficulties.

SHRI JYOTIRMOY BOSU : How many giant camps are functioning?

MR. SPEAKER : You can add the word 'giant' to the camps!

SHRI R. K. KHADILKAR : I do not know what he means by joint camps.

Either it is managed by the State Government or taken over . . .

MR. SPEAKER : He says 'giant', not 'joint'.

SHRI R. K. KHADILKAR : I am sorry. Water-supply is very important and we have got to split up the camps because other amenities must be provided. Giant camps without water-supply have no meaning.

SHRI JYOTIRMOY BOSU : That is your look-out.

SHRI SAMAR GUHA : During the recent visit to the refugee camps by Mr. Balgovind Verma and some other members, they experienced a sort of mischievous propaganda being conducted in the refugee camps. The refugees are excited by politically motivated agents that all the moneys that are being spent for the refugees are being given by the international community

and that amount also is not being spent for the refugees. If that is the practical experience of the minister himself, may I know whether steps are being taken immediately to issue a statement on behalf of Government and also circulate certain pamphlets to different camps stating what amount we have got from foreign sources and what amount is provided by the Indian people as their share of the burden ?

SHRI R. K. KHADILKAR : My colleague and five members of Parliament recently visited certain camps to find out the conditions there. I am told they were very much satisfied with arrangements. But we have also heard about such propaganda openly or in a subtle manner being carried on in some centres. Mere publicity will not do. We have taken steps through our commandants to counteract this propaganda. The burden borne by the Government of India has been made clear to them.

SHRIMATI SHEILA KAUL : There was a news item that 4300 children died of malnutrition in the refugee camps. Is this correct ?

SHRI R. K. KHADILKAR : All these figures given in news items are imaginary. When we detected that there was certain malnutrition and their health is not as it should be, immediately steps were taken and certain international agencies who are helping us in this regard were activated. I cannot say that not a single child has died. My colleague would like to supplement it.

श्री बालगोविन्द वर्मा : अभी पांच डिफरेंट पार्टीज के पांच पालियामेंट के मेम्बर मेरे साथ वहां गये हुए थे। मेघालय से शिकायत आई थी कि वहां तकलीफ ज्यादा है। हम सब ने मेघालय और आसाम के कुछ कैपों को देखा। उन कैपों को देख कर वे लोग भी संतुष्ट हुए कि जो न्यूट्रीशनल फीडिंग का प्रोग्राम चल रहा है, उस से लाभ हुआ है। उन्होंने भी यह महसूस किया कि देहात में हमारे जो बच्चे रहते हैं, वे कैपों में रहने वाले बच्चों की अपेक्षा कमजोर हैं। इससे स्पष्ट है कि न्यूट्रीशनल फीडिंग का प्रोग्राम अच्छा है। बच्चों के मरने की खबर बहुत ज्यादा

बढ़ाकर दिखाई गई है। हम इस पासिविस्टी को रूल आउट नहीं करते हैं कि कुछ बच्चे मरे हैं। मेरे जरूर हैं। लेकिन यह जो फिगर बताई गई है, वह हमारे पास नहीं है (व्यवधान) भूख से नहीं मरे हैं।

SHRI PRABODH CHANDRA : The Minister has said that not a single child has died because of malnutrition. But now his deputy says that some of them have died, although the number has been exaggerated. May I know which statement is correct ?

SHRI R. K. KHADILKAR : As soon as malnutrition was detected, we conducted an enquiry. I have not said that not a single death has occurred.

SHRI PRABODH CHANDRA : But it was the Deputy Minister who visited the camp. The Minister has not visited the camp.

MR. SPEAKER : We need not go into so much details here.

Expert Committee on bonus formula

+

*92. **SHRI P. VENKATASUBBAIAH :**
SHRI RAJA KULKARNI :
DR. RANEN SEN :

Will the Minister of LABOUR AND RAHABILITATION be pleased to state :

(a) whether Government are contemplating to amend the Bonus Act ;

(b) if so, in what manner ;

(c) the time by which the Expert Committee to revise the bonus formula, is going to be appointed and its terms of reference ; and

(d) the number of industries/employers who have accepted the proposal of graded minimum bonus to the range of 5 to 8-1/3 per cent, as suggested by the Union Labour Minister ?

THE DEPUTY MINISTER IN THE MINISTRY OF LABOUR AND REHABILITATION (SHRI BALGOVIND VERMA) : (a) to (c). The matter was discussed by the Indian Labour Conference recently and it was felt that the bonus scheme embodied in the Act should be reviewed by a

Committee which could be bipartite or tripartite. Details are yet to be worked out.

(d) Information is not available.

SHRI P. VENKATASUBBAIAH : As a matter of fact, the hon. Labour Minister is being paid encomiums for taking a very bold decision on this matter. Which are the recalcitrant employers or business concerns that do not want to fall in line with this graded minimum bonus formula suggested by the Labour Minister? What steps are being taken as an interim measure to make these people agree to this formula?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : This is a formula on an *ad hoc* basis to bring about a settlement for the time being till the entire scheme is reviewed. It has no statutory sanction; It is only recommendatory. Even then, I have written to the State Labour Ministers to see that this formula is accepted in their negotiations. My information is that some States like Tamilnadu have taken the initiative. In some cases almost all the employers have accepted it. But from some other States I have received complaints that employers are taking a very stiff attitude. That is the present position.

SHRI P. VENKATASUBBAIAH : May I know whether it is a fact that some of the public sector undertakings which are getting subsidy from the government are reluctant to accept this formula? If that is so, what is the remedy?

SHRI R. K. KHADILKAR : The government decision is that they should accept this formula, at least so far as the minimum one per cent is concerned, for all public sector undertakings. We have advised the States also in the matter. So far as my information goes, almost all of them have complied with it.

SHRI P. VENKATASUBBAIAH : What about this public sector undertakings which are receiving subsidy from the government?

SHRI R. K. KHADILKAR : Even they have been asked to comply with the provision.

SHRI INDRAJIT GUPTA : I would like to know whether it is not a fact that in the Indian Labour Conference all the Central trade union organisations, including the INTUC, were in favour of an immediate Ordinance, pending the final replacement by an Act, which would raise the quantum of minimum bonus to 8-1/3 per cent. If that is so, may I know whether this proposal to set up an expert committee has got the support of the trade union organisations? Who are the experts who are going to be on it and what are going to be its terms of reference? Is it going to cover employees of departmentally run undertakings also?

SHRI R. K. KHADILKAR : It is a fact that all central trade union organisations were demanding that the minimum should be raised to 8.33 per cent. They were also insisting that Government should promulgate an Ordinance but it was made abundantly clear that in such matters Government would not come forward to legislate through an Ordinance.

SOME HON. MEMBERS : Why?

SHRI R. K. KHADILKAR : Because we have thought at this juncture that some sort of an *ad hoc* settlement could be made and the entire scheme could be reviewed and needs a review.

So far as the review part is concerned all the trade unions have agreed,—the agreed conclusions are for a bipartite or tripartite Committee,—for a review. We would be setting up a committee with an independent chairman. Its terms of reference will be finalised.

So far as whether departmentally run undertakings should be covered in the terms of reference or not is concerned, that will have to be decided.

श्री हुकम चन्द कछवाय : अभी हाल में सरकार ने श्रम सम्मेलन बुलाया था, उसमें भारतीय मजदूर संघ को नहीं बुलाया और जान-बूझ कर नहीं बुलाया क्या यह बात सही है? आपने जो बोनस कानून बनाया हुआ था उसमें ऐसा नियम था कि घाटे के उद्योगों को, चाहे वे मुनाफे में हों या घाटे में हों उनको भी साढ़े चार या 5 परसेंट बोनस देना होगा। यह

नियम पहले से लागू था, लेकिन सरकारी उद्योगों पर आप ने इसको लागू नहीं किया था मैं जानना चाहता हूँ कि आप अब जो नियम बनाते जा रहे हैं, क्या उसमें यह नियम सरकारी उद्योगों पर भी लागू किया जायगा ? आज यह दलील दी जाती है कि प्रारम्भिक उद्योगों को भी इसे देना होगा, उसको दृष्टि में रखते हुए क्या आप इसको सरकारी उद्योगों पर भी लागू करने का आश्वासन देंगे ?

SHRI R. K. KHADILKAR : Representatives of organisations, which are recognised as central organisations were invited for this conference. The only exception made was regarding CITU because of certain considerations and a representative of CITU, was invited as an observer. Central organisations will have to go through the process of verification of membership and then alone a final decision will be taken whether the organisation, to which he has referred, could be called a central organisation eligible for participation in such conferences.

So far as the other question is concerned, I have made it clear that Departmental undertakings at the present juncture are not covered by the Bonus Act. Whether they should be covered will have to be decided by the new committee and whether that should form a term of reference will also have to be decided.

श्री हुकम चन्द कछवाय : अध्यक्ष महोदय, मेरे प्रश्न का उत्तर नहीं आया। मैंने पूछा था...

MR. SPEAKER : He has fully replied to it.

श्री जगन्नाथ राव जोशी : संजीवैया जी जिस समय मन्त्री थे, उस समय भी भारतीय मजदूर संघ के बारे में पूछा गया था और उन्होंने कहा था—

If it fulfils the requirement, recognition will be given.

लेकिन आज जो उत्तर दिया गया है, उसमें फिर वही पुरानी बातों को कहा गया है—

अध्यक्ष महोदय : आप पहले मुझ से इजाजत लीजिये, उसके बाद बोलिये...

श्री हुकम चन्द कछवाय : ये जानबूझ कर इस तरह का जवाब दे रहे हैं। एक मिनिस्टर कुछ कहता है और दूसरा कुछ कहता है...

अध्यक्ष महोदय : यह क्या तरीका पकड़ लिया है। एक-आधा दफा हो तो ठीक है, लेकिन रोज-रोज ऐसा नहीं चल सकता।

श्री हुकम चन्द कछवाय : लेकिन अध्यक्ष महोदय, पहले मन्त्री ने जवाब दिया था कि जब सब पात्रता पूरी हो जायेगी, तब मान्यता देंगे। सब पात्रता पूरी हो गई है, फिर भी मान्यता नहीं देते हैं।

श्री जगन्नाथ राव जोशी : संजीवैया जी ने कहा था कि जब सारी बातें फुल-फिल हो जायेंगी, तब मान्यता देंगे, सारी बातें पूरी हो गई हैं, फिर मान्यता क्यों नहीं देते हैं ?

श्री हुकम चन्द कछवाय : जिनको मान्यता नहीं थी, उनको भी उसमें बुलाया गया।

अध्यक्ष महोदय : If you go on persisting like this, nothing will go on record. हाऊस के लाउड-स्पीकर से भी ऊपर बोलते हैं, स्पीकर से भी ऊपर बोलते हैं, मैं क्या करूँ।

SHRI DAMODAR PANDE : The hon. Minister just now stated that public sector undertakings and State Governments have accepted his formula and that they are implementing it, Is he aware of the fact that public sector undertakings like N. C. D. C., H. E. C., Hindustan Steel, Bokaro Steel, etc. have not accepted the formula even in principle and have made payment to their workmen at the rate of 4 per cent only ?

SHRI R. K. KHADILKAR : I have no specific information as to whether a particular undertaking has complied with it or not. As I said, we have recommended it and that 1 per cent is a sort of additional thing. They are to be persuaded and they

need not claim it immediately keeping in view the Emergency. That rider also has been added. I think, they must have kept calculations ready. They may not have paid them.

SHRI DINEN BHATTACHARYYA : While fixing up the terms of reference of the Committee that he has now suggested, may I know whether the whole method of calculation of available surplus for the payment of bonus, will be reviewed or simply it will be done in a haphazard way ?

SHRI R. K. KHADILKAR : When we are setting up a Committee to review the entire scheme of bonus, while determining the terms of reference, all these things will be taken into consideration.

MR. SPEAKER : In half an hour, we have finished only two Questions. I am not going to allow more than two or three Members now. Other Members who are at the other end of the Questions List are deprived of their chance.

राज्यों के श्रम मंत्रियों का सम्मेलन

+

*93. **श्री कमल मिश्र मधुकर :**

श्री ज्योतिर्मय बसु :

श्री पी० एम० मेहता :

क्या श्रम और पुनर्वास मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या अगस्त, 1971 में विभिन्न राज्यों के श्रम मंत्रियों का सम्मेलन हुआ था ;

(ख) यदि हां, तो क्या देश में मिल-मालिकों को तालाबन्दी करने से रोकने और इन तालाबन्दियों के परिणाम-स्वरूप होने वाली श्रमिकों की बेरोजगारी को रोकने के लिए ठोस उपायों पर विचार किया था ; यदि हां, तो उनका व्यौरा क्या है ;

(ग) देश में बदली हुई राजनीतिक स्थिति को ध्यान में रखते हुए श्रमिकों के हित में नये उपाय करने के लिए क्या निर्णय किये गये ; और

(घ) क्या सभी राज्यों के प्रतिनिधि उन

उपायों पर सहमत थे और यदि नहीं, तो उन राज्यों के नाम क्या हैं जो सहमत नहीं थे ?

श्रम और पुनर्वास मन्त्रालय में उप-मन्त्री (श्री बालगोविन्द वर्मा) : (क) जी हां ।

(ख) सम्मेलन ने कामबंदियों, न कि तालाबंदियों, से उत्पन्न बेरोजगारी की समस्याओं पर विचार-विमर्श किया । राज्यों के प्रतिनिधियों के बहुमत ने कामबंदियों के संबंध में केन्द्रीय कानून का समर्थन किया ।

(ग) और (घ). सम्मेलन ने राष्ट्रीय श्रम आयोग की कुछ सिफारिशों और उपदान के सम्बन्ध में केन्द्रीय विधान जैसे कुछ अन्य उपायों पर विचार किया । परन्तु परिवर्तित राजनीतिक स्थिति की पूर्ति के लिए किन्हीं विशिष्ट उपायों पर विचार-विमर्श नहीं किया गया

श्री कमल मिश्र मधुकर : अध्यक्ष जी, यह बात ठीक है कि आपने श्रम मन्त्रियों के सम्मेलन के बाद मिल-मालिकों का तालाबन्दी का जो षड्यन्त्र होता था, उसको रोकने का थोड़ा सा प्रयत्न किया है और उसके लिए आर्डिनेन्स जारी किया है । लेकिन क्या यह बात सही है कि सरकार पर बड़े मिल-मालिकों का दबाव पड़ रहा है कि आर्डिनेन्स भले ही पास हो जाय, लेकिन उसको अमल में न लाने दिया जाय, जैसा कि बहुत सारे कानूनों में होता है ? क्या श्रम मंत्री सम्मेलन में ग्रेच्युटी के विषय में किसी ऐसे कानून पर, जो सारे देश पर लागू हो और पुराने कानून का संशोधन हो, विचार किया था ? क्या आप इस तरह का कोई आर्डिनेन्स या कानून लाने जा रहे हैं, अगर ला रहे हैं तो वह कानून कब तक आ रहा है ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : Keeping in view the general consensus that was reached in this Conference, in fact, we are going to introduce a legislation for gratuity covering the whole of India as well as another legislation for

60-days notice. These two things are at the present juncture applicable even now in West Bengal. We are going to bring forward legislation to cover the whole of India on these issues.

श्री कमल मिश्र मधुकर : मैं जानना चाहूंगा कि आर्डिनेन्स के लागू होने पर बड़े-बड़े मिल मालिकों का जो दबाव पड़ रहा है, उसके आगे आप ईल्ड करने जा रहे हैं या नहीं ? सरकार की आज तक यह नीति रही है कि बड़े-बड़े मोनोपोलिस्टों के आगे झुक जाती रही है। आज भी इस कानून के लागू होने के बाद सरकार पर दबाव पड़ रहा है और इस कानून के लागू होने में कठनाई पड़ रही है।

SHRI R. K. KHADILKAR : The hon. Members have taken exception to issuing Ordinances during inter-session period. And you also had cautioned the Government. When this is the situation, to come forward with an ordinance is very difficult.

SHRI JYOTIRMOY BOSU : May I ask the hon. Minister to what extent workers' struggle and labour unrest has contributed to the closures in ratio with the shortage of raw materials, particularly, steel, working capital, marketing facilities, conflict amongst owners, etc. Have you got such figures with you ? If not, will you undertake a survey and if so, how soon do you propose to do it ?

SHRI R. K. KHADILKAR : It is a valuable question. But, unfortunately, it is very difficult for me just now to say because we have no information. I cannot say that because only of labour troubles so many closures have taken place, particularly, in West Bengal. But the general climate in Bengal partially is responsible along with other factors.

SHRI JYOTIRMOY BOSU : You have no information.

SHRI INDRAJIT GUPTA : When you have no information, don't say these things. Don't make this kind of sweeping remarks. Go into the cases and then say.

SHRI JYOTIRMOY BOSU : The hon. Minister said that he has no information.

Immediately he said that Bengal climate is not contributing towards industrial growth. How do you take both the things ? I leave it to you.

MR. SPEAKER : How do you take it ?

SHRI R. K. KHADILKAR : Shall I clarify ? The hon. Member wanted to know as to what has led to so many closures in Bengal and whether primarily the labour unrest is responsible. I said I cannot say. But labour unrest is one of the major factors, but, about other factors, I have no information. But one factor is positive, The general climate prevailing in Bengal has contributed to closures.

SHRI JYOTIRMOY BOSU : I have not talked about West Bengal at all. I have talked about Mr. Khadilkar's figures.

SHRI S. M. BANERJEE : I would like to invite his kind attention to part (c) of the question—the decisions taken to adopt new measures in the interest of labour in view of the changed political situation in the country. I would like to know from him whether some of the Labour Ministers, especially from Maharashtra, UP and some other States, have suggested that in all industries there should be a proper and effective participation of labour in the management. What was the reaction of the Central Labour Minister and may I know whether the scheme is likely to be implemented during the Fourth Five Year Plan in all the industries ?

SHRI JAGANNATHRAO JOSHI
At least in the public sector.

SHRI R. K. KHADILKAR : I have said it earlier, and I would also repeat, that we would like to introduce schemes for participation in management by the various kinds of labour in industries. But, unfortunately, the experience is that the trade union leadership is not evincing enough interest in such a proposal. That is the experience.

SHRI S. M. BANERJEE : I cannot understand. Labour is not taking interest.

SHRI R. K. KHADILKAR : Trade union leadership.

SHRI S. M. BANERJEE : We, the trade union leaders, want it.

SHRI R. K. KHADILKAR : I don't want to give specific instances. The proposals are there to nominate persons from the trade unions backed by majority of representative trade unions and even then they are hesitating to nominate; that is the experience.

SHRI INDRAJIT GUPTA : Only for Directors.

SHRI R. K. KHADILKAR : At other levels also there is reluctance; but in some cases they have cooperated in participation; that is also true.

SHRI S. B. GIRI : I want to know whether Government has any concrete proposal to avoid lockouts by the employers at their sweet whims and fancies.

SHRI R. K. KHADILKAR : Just now we have no proposal but we give them advice as far as possible. They should not resort to lockout or avoid on some pretext or the other the enforcement of the law to get away from the clutches of the Ordinance.

SHRI DINEN BHATTACHARYYA : He said he has no information as to how many factories are closed. I want to ask this information about closed factories. Has he in his information this figure as to how many factories have been closed down throughout India and since the passing of this Ordinance how many have been taken over by Government?

SHRI R. K. KHADILKAR : On the first point, information is being collected. We had information regarding Bengal that more than 400 factories were closed. In Maharashtra some other factories were closed. We are collecting information and we will place it on the Table of the House. On the point, after passing of the Ordinance what action was taken by State Government to reopen closed units, I can say that the process has just begun and I cannot say now how many have been reopened.

Shift in Foreign Policy of China

+

*94. **SHRI CHINTAMANI PANIGRAHI :**

SHRI SARJOO PANDEY :
SHRI VIJAY PAL SINGH :

Will the Minister of EXTERNAL AFFAIRS be pleased to state :

(a) whether Government have noticed any shift in the foreign policy of China especially in relation to India; and

(b) if so, the reaction of Government of India thereto?

THE MINISTER OF EXTERNAL AFFAIRS (SHRI SWARAN SINGH) : (a) Yes, Sir. There is noticeable trend towards greater normalcy in her external relations, including relations with India.

(b) The Government of India welcomes this trend and is making efforts for an improvement of relations between the two countries.

SHRI CHINTAMANI PANIGRAHI : I would like to know from the hon. Minister. (Interruptions) Sir, I don't know what is happening.

श्री रामावतार शास्त्री : अध्यक्ष महोदय, किसी को आप दो बार मौका देते हैं और किसी को एक बार भी नहीं देते हैं—यह जस्ट नहीं है। मैं पहले से ही खड़ा हो रहा था। इसी वजह से हंगामे होते हैं...(व्यवधान)...मैं आपसे यही निवेदन करता हूँ कि आप न्याय कीजिए, एक आदमी को एक बार तो मौका दीजिये।

अध्यक्ष महोदय : आपकी पार्टी की तरफ से बनर्जी साहब बोले हैं।

श्री रामावतार शास्त्री : इसमें पार्टी का सवाल नहीं है। हम भी काम करते हैं, हम भी अपनी बात बोलेंगे। कम से कम एक बार मौका दीजिये, एक बार से ज्यादा मौका हम नहीं मांगते हैं।...(व्यवधान)...

अध्यक्ष महोदय : अब क्या इलाज

किया जाये। क्या हाउस को इसी तरह से चलना है? रोज़ का ही यह काम हो जाये तो बड़ी मुश्किल है, यह हाउस चलेगा नहीं। जो स्पीकर कहे उसको भी डायरेक्शन दी जाये कि एक बार करना है या दो बार करना है तो फिर कैसे चलेगा? (व्यवधान)...यह डिमोक्रेसी है ..

श्री रामावतार शास्त्री : डिमोक्रेसी का मतलब है कि आप भी ठीक से देखिये हम लोगों को।...(व्यवधान)...

अध्यक्ष महोदय : अगर आप लोगों को शोर से चलना है तो यह चलेगा कभी नहीं।

श्री रामावतार शास्त्री : अध्यक्ष महोदय, मैं शोर नहीं कर रहा हूँ बल्कि मैं तो प्रश्न पूछने के हेतु बराबर खड़ा हो रहा हूँ। आप को मुझे भी प्रश्न पूछने का मौका देना चाहिये क्योंकि आखिर मैं भी मजदूरों में काम करता हूँ।

अध्यक्ष महोदय . अब आप बैठ जाए इस तरह चिल्लाते रहने से क्या फायदा है।

SHRI CHINTAMANI PANIGRAHI : In recent weeks, the exchange of friendly greetings between the Prime Minister of China and the Prime Minister of India and with the External Affairs Minister of India has been a welcome feature, as the hon. Minister has stated. In view of this new development in the relations between India and China, I would like to ask the following question. During the last few months, a constant discussion or dialogue was going on between India and China, though it may not have taken place openly, to restore full diplomatic relations between India and China, and it has assumed urgency in view of the present context of the situation in the world and the admission of China into the United Nations.

Since the discussion had been going on for the last few months, may I know whether Government have come to any conclusion and whether the full restoration

of diplomatic relations, that is, the exchange of Ambassadors between India and China, is going to take place very soon and whether other cultural exchanges and trade visits etc. are also going to follow?

SHRI SWARAN SINGH : There has been no discussion as such on this specific question of upgrading the level of representation in either country to the level of Ambassador. We have already missions in the capitals of the two countries, and the question of upgrading the level of representation is a matter which can be decided by either Government even without a formal dialogue or discussion.

As regards the other two matters which he has mentioned, in the cultural field, there is already our table tennis team in Peking. In trade matters also, there is a chance. We are exploring the possibility of participating in the Canton Trade Fair. We are also exploring the possibility of China participating in the Asian Trade Fair that is being organised next year in Delhi.

SHRI CHINTAMANI PANIGRAHI : The hon. Minister did not complete the earlier part of his answer. I wanted to know whether there was going to be full restoration of diplomatic relations. He has not enlightened us on that. I hope he would enlighten us on that point before answering my second question which is this. May I know whether in view of the recent developments between India and China, which are very good features and the earlier letter which our Prime Minister wrote to the Prime Minister of China or the Government of China regarding the Bangla Desh Development, our diplomatic efforts in Peking or at the UN have been able to enlighten the Government as to the second thoughts of China with regard to Bangla Desh?

SHRI SWARAN SINGH : With regard to the first question, the position has been clarified from time to time and that is that there is nothing in the way of either country deciding to upgrade the level of representation to the level of Ambassadors; we can send an Ambassador and they can also send an Ambassador, and there is greater likelihood of this happening today. I could not say the same thing months back.

About the question of our explaining the situation in Bangla Desh and the essentials of the Bangla Desh problem, we have made an effort in Peking through the head of our mission in Peking and also by remaining in touch with the head of the Chinese mission in Delhi to explain fully the problem of Bangla Desh. The hon. Member has said that there is further opportunity of doing so in New York. That also is already before us, and we will remain in touch with their representative in New York, to acquaint them with the essentials of the Bangla Desh problem.

श्री सरजू पाण्डे : जैसा कि अभी मंत्री जी ने कहा कि चीन की अन्तर्राष्ट्रीय पालिसी में परिवर्तन आया है और उसके आसार भी नमूदार हुए हैं तो इस बात को देखते हुए क्या इस बात की आशा है कि बंगला देश के मामले में वह किसी हद तक उसकी मदद कर सकेगा ?

SHRI SWARAN SINGH : I need hardly reiterate the position that what is happening in Bangla Desh is a fight between the freedom fighters and the military rulers. In that respect, the leaders of the People's Republic of China have taken some stand. It is very difficult for me to answer the question as framed by the hon. member. I cannot really answer as to what is going to be the attitude of the Government of the People's Republic of China.

SHRI S. M. BANERJEE : Suppose there is a confrontation between India and Pakistan ; what will be their stand ?

SHRI SHYAMNANDAN MISHRA : The hon. Prime Minister, during the course of her recent foreign tour, sought the good offices of the French Government to assist in the process of normalisation of relations with China. In this eagerness to resume relations with China, have Government requested some other governments also to assist ? Secondly, the Prime Minister was also pleased to say during the course of her tour that she would be prepared to discuss Aksai Chin with China ?

SHRI SWARAN SINGH : With regard

to the first question, I would like to say that it is not correct that the Prime Minister has requested the Government of France to extend their good offices for normalisation of relations with China.

SHRI SHYAMNANDAN MISHRA : It appeared in all the papers.

SHRI SWARAN SINGH : Therefore, it is good that he has given me an opportunity to clarify the position. What has appeared in the newspapers is not correct.

SHRI JYOTIRMOY BOSU : We should have contradicted it then and there.

SHRI SWARAN SINGH : This is the occasion for contradiction.

As I said, it is not correct that we have sought the good offices of the Government of France for normalisation of relations between India and China. Both countries China and India have missions and we have diplomatic relations with each other. It is not a type of situation in which a country may not have relations with China so that it has to seek the good offices of other countries. It is not necessary in our case because we have direct contacts and we talk to them and they talk to us.

SHRI SHYAMNANDAN MISHRA : The Prime Minister said that she wanted to have normalisation. This was her first policy statement after becoming the Prime Minister.

SHRI SWARAN SINGH : One step towards normalisation of relations is the upgradation of the level of representation, then resuming trade, then restarting cultural contacts. These are all contacts with each other. I do not know what was possibly in the mind of the hon. member when he got up on this issue.

Then it is mentioned that the Prime Minister is reported to have said that she is prepared to discuss Aksai Chin. So far as I am aware of the press report on that subject, it is a fact that somebody put a question as to 'whether you are prepared to normalise relations with China notwithstanding the border question', to which she said, yes, she is prepared to normalise relations. Then she added that the border question could also be discussed. We

should read that in that context rather than take out a sentence in a disjointed manner from it.

SHRI SHYAMNANDAN MISHRA : There was a specific reference to Aksai Chin.

SHRI TRIDIB CHAUDHURI : Sir, in the context of the present efforts of our Government to normalise and improve our relations with China, and also in the context of the favourable response that it has already got from the Chinese side also, is it not a policy or should it not be the policy of the Government not to rub Chinese susceptibilities on the wrong side? In that context, what explanation have we to allow a delegation from Taiwan to attend an international conference here—the Asian and Pacific Contractors' Conference? Our mission in Hong Kong actually refused them a visa, but the next day, a foreigner who is a naturalised subject of Taiwan, flew to Bangkok and got the visa there. I do not understand this conflicting attitude taken by the two missions. This gentleman who went to Bangkok is a naturalised citizen of Taiwan. He seems to be very knowledgeable; when Hong Kong refused, he seems to have had influences there—in our embassy in Bangkok—and he got the visa immediately from there. Was it done with the knowledge of the External Affairs Ministry here, or, how could this be done, and why is no care is taken that the Chinese are rightly susceptible to any friendliness towards Taiwan? When our Government does not recognise Taiwan, why has this Taiwan delegation been allowed to come to the capital, and from the 15th, they started their conference?

SHRI SWARAN SINGH : Sir, the Government of the People's Republic of China is fully aware of our very clear attitude towards Taiwan. We have never recognised Taiwan and we do not believe in the two-China theory and we recognise that there is only one China, and the legitimate government of that China is the Government of the People's Republic of China. Our position is quite clear.

I do not think that we should rub the susceptibilities of any country in the wrong way, and any action that we take should not be interpreted as any effort or lack of effort to rub or not to rub any country on the

wrong side. We should not rub any country on the wrong side, whatever may be the country.

So far as this limited issue of some Taiwanese getting the visa is concerned, I would frankly say that I myself personally am not happy about this matter. What happened was, that this group of people applied for a visa in our mission in Hong Kong on the plea that they want to come to India to attend a conference. We have given standing instructions that any facility by way of a visa asked for by any representative of Taiwan, if they want to come to attend any conference, has to be rejected. So, on that basis, our mission in Hong Kong turned down their request.

I would also like to add that we have not been so strict in the matter of giving tourist visas. We have originally kept to the Ministry here.

SHRI S. M. BANERJEE : Earning foreign exchange.

SHRI SWARAN SINGH : Let me finish, and you can have your comment afterwards. We were originally controlling the issue of visas even for tourist purposes from Delhi.

SHRI JYOTIRMOY BOSU : American pressure.

SHRI SWARAN SINGH : I think he believes in pressure, because he is subjected to pressure. We do not believe in any pressure from any quarter. Rest assured, Mr. Bosu.

So far as this question of the right to issue tourist visas is concerned, we have entrusted this to some of our missions abroad, and Bangkok happened to be one such mission. So, this team then applied to our mission in Bangkok, saying not that they were coming as a delegation but as tourists, and according to the instructions that were there, they have issued the visas. But I am unhappy about this event, and we are revising our instructions to our missions.

SHRI INDRAJIT GUPTA : Let him complete his answer. What is the position? Has the delegation come here or not?

SHRI SWARAN SINGH : They are here now.

SHRI INDRAJIT GUPTA : Are they going to act as tourists or attend the conference ?

SHRI SWARAN SINGH : There is freedom in our country, and after a person comes here, it is very difficult to control his actual functioning in the country.

SHRI JYOTIRMOY BOSU : Will they attend the conference ?

SHRI SWARAN SINGH : I do not know. It is a non-official conference. It is for the conference people to allow them or not.

SHRI TRIDIB CHAUDHURI : This is a very serious matter. It seriously impinges . . .

MR. SPEAKER : He has already explained the position. There is not going to be a debate on it.

SHRI P. R. SHENOY : Has China expressed any desire to settle the boundary dispute between India and China amicably, and if not, will the dispute be kept in cold storage permanently ?

MR. SPEAKER : Where have you gone, from the visa to the boundaries ?

SHRI P. K. DEO : Mr. Kuan-hua, the leader of the Chinese delegation to the United Nations, in his first speech has referred to political developments through-out the world, but his speech is conspicuous by its silence on the developments in the Indian sub-continent.

MR. SPEAKER : Ask your question. This is not a debate going on.

SHRI P. K. DEO : I am putting the question now.

In view of the Foreign Minister's statement that the People's Republic of China has got a definite stand so far as Bangla Desh is concerned, I would like to know what that stand is.

MR. SPEAKER : Put it in the context of the question, improvement of relations with China, not Bangla Desh.

SHRI P. K. DEO : He is completely silent on the developments in the Indian sub-continent, but at the same time the Foreign Minister says that they have got a definite stand. So, I would like to know what stand they have on the Bangla Desh issue.

MR. SPEAKER : I have allowed this question just to get rid of it, otherwise it is not relevant.

SHRI SWARAN SINGH : I think that their silence on the question of Bangla Desh should be a matter of complaint for Pakistan not for us.

MR. SPEAKER : Shri Jyotirmoy Bosu.

श्री जगन्नाथ राव जोशी : अध्यक्ष महोदय, मैं एग के ऊपर एक बहुत महत्वपूर्ण सवाल करना चाहता हूं, उस के लिये मैं कितनी बार खड़ा हुआ, मुझे मौका मिलना चाहिए ।... (व्यवधान)...

अध्यक्ष महोदय : अब किसी को भी वक्त नहीं मिलेगा ।

The Question Hour is over now.

SHRI JYOTIRMOY BOSU : You have called me.

MR. SPEAKER : I swear I have not seen this anywhere else. This is the only Parliament where you do it.

मैंने किसी जगह भी यह नहीं देखा कि स्पीकर से कोई इस प्रकार कहे कि मैं इतनी दफा खड़ा हुआ या मैं कल खड़ा हुआ था और मुझे मौका क्यों नहीं दिया गया ?

श्री जगन्नाथ राव जोशी : अध्यक्ष महोदय, मैं बार बार खड़ा नहीं होता । इस पर एक बहुत महत्वपूर्ण सवाल मुझे करना था जिस के लिए मैं खड़ा हुआ लेकिन आप ने हमें एक भी सवाल करने नहीं दिया । जिस सवाल पर हमें पूछना होता है उस पर पूछने ही नहीं देते ?

SHRI JYOTIRMOY BOSU : Arising

out of what the hon. Minister has said, may I ask whether it is a fact that a delegation of people from Taiwan was allowed to enter this country without a valid passport, if so why ?

SHRI SWARAN SINGH : How can anybody be allowed to come here without either a passport or valid travel documents ?

SHRI JYOTIRMOY BOSU : What passport did they carry ? You do not recognise the Taiwan passport. How did you allow this group of people who did not have to valid passport to come to this country ?

SHRI SWARAN SINGH : If the hon. Member is interested in details, I will supply him the details. A person can come here on passport, he can also come on an identity certificate, there are other travel documents also, on the basis of which a person can travel.

SHRI JYOTIRMOY BOSU : Did they have identity certificates ? What documents did they carry ?

MR. SPEAKER : We have already exceeded the Question Hour.

SHRI JYOTIRMOY BOSU : Was there not American pressure to allow them to come to our country without passports ?

SHRI SWARAN SINGH : I absolutely refute that there was any American pressure. The hon. Member has an obsession about it.

SHRI JYOTIRMOY BOSU : They held no passports. Their own passport is not valid.

MR. SPEAKER : Nobody listens to me from either side.

SHRI SWARAN SINGH : Our trying to improve relations with Peking is an ey opener to Taiwan, but not for Mr. Jyotirmoy Bosu.

SHRI JYOTIRMOY BOSU : I make a specific charge against you that you have allowed these people to come without valid passports. You cannot defend it.

SHRI R. V. SWAMINATHAN : On a point of order. Members go on talking or creating disturbance without putting questions, and we are able to finish only three or four questions. Others do not get an opportunity to put their questions. Also, some Members are permitted to put a question for ten minutes with preamble etc. Instead of putting a question, they make a speech. This is also being allowed. So, I submit you should find out a way to get through at least 10 to 15 questions. The questions must be short.

MR. SPEAKER : You are submitting what I have been submitting to the House. This House is really its own master, and I am made a slave of the master here. You have put as Speaker to guide the proceedings. Since this Parliament started, I have felt that I am helpless in this because by shouting, by making is, they try to shut out others. I seek our co-operation. Parliament cannot run on like this. I request you kindly to allow me to regulate the proceedings. When I ask them to finish, they do not finish but go on, on and on. After all, I have a threat which cannot stand too long.

*110. SHRI MOHAMMAD ISMAIL : Will the Minister of LABOUR AND REHABILITATION be pleased to state the steps taken by Government to reduce the maximum weekly working hours for adults, working in the plantations from 58-54 hours to 48 hours ?

बंगला देश की समस्या का हल

*111. श्री ज्ञानेश्वर प्रसाद यादव :
श्री रामावतार शास्त्री :

श्री पोखू मोदी :

क्या विदेश मन्त्री यह बताने की कृपा करेंगे कि :

(क) क्या उन्होंने शिमला में हाल में यह वक्तव्य दिया था कि बंगला देश समस्या का राजनीतिक हल पाकिस्तान के वर्तमान ढांचे के अन्तर्गत भी हो सकता है ;

(ख) यदि हां, तो क्या सरकार बंगला देश के सम्बन्ध में घोषित अपनी नीति से पीछे हट रही है तथा क्या यह बंगला देश के मुक्ति सेनानियों और उनके नेताओं के हितों के प्रतिकूल होगा, जो पूर्ण स्वतन्त्रता के लिए संघर्षरत है ; और

(ग) पाकिस्तान के वर्तमान ढांचे के अन्तर्गत कोई राजनीतिक हल किये जाने पर क्या 90 लाख शरणार्थी अपने घर वापस जा सकेंगे ?

विदेश मन्त्री (श्री स्वर्ण सिंह) : (क) से (ख). 8 अक्टूबर 1971 को शिमला में अखिल भारतीय कांग्रेस समिति की बैठक में अपने भाषण में मैंने दूसरी बातों के अलावा यह भी कहा था कि :

"बंगला देश में ऐसी परिस्थितियां पैदा करके ही कोई समाधान निकाला जा सकता है जिनमें इन शरणार्थियों की वापसी सुविधा नक हो सके ;...कि राजनीतिक समाधान ही ऐसा समाधान है जो जनता के निर्वाचित प्रतिनिधियों को स्वीकार्य होगा; और स्वीकार्य समाधान वही हो सकता है जो बंगला देश के लोगों को मंजूर हो और बंगला देश के लोगों ने शेख मुजीबुर्रहमान और "अवामी लीग" में अपना विश्वास और अपनी आस्था बहुत साफ शब्दों में प्रकट कर दी है... हमें वही स्वीकार्य होगा जो उन लोगों को स्वीकार्य है जिन्हें बंगला देश की जनता पहले ही चुन चुकी है और पाकिस्तान के

सैनिक निकायों से कोई भी समझौता करना इन्हीं निर्वाचित प्रतिनिधियों का काम है। यह समझौता स्वतन्त्रता के आधार पर हो सकता है और अधिक स्वायत्तता के आधार पर भी—जो भी निर्वाचित प्रतिनिधियों को, जो पहले ही निर्वाचित किए जा चुके हैं उनको, स्वीकार्य हो, और यही एक मात्र उपाय है जिससे बिगड़ती हुई स्थिति को रोका जा सकता है और बंगला देश में ऐसी परिस्थितियां पैदा की जा सकती है जिनमें वहां के शरणार्थियों को वापसी सुगम हो सके।”

ऊपर के उद्धरण से स्पष्ट हो जायेगा कि यह प्रश्न किसी गलतफहमी पर आधारित है जो हमारे कुछ अखबारों में मेरे भाषण के अधूरे और गलत ढंग से प्रकाशित प्रश्नों के कारण पैदा हुई है।

Government of India have condemned this farcical trial and pointed out the serious consequences that might flow from this continuing farce. Many other governments have impressed on the military regime of Pakistan the necessity of Sheikh Mujibur Rahman's early release.

(d) We believe that the release of Sheikh Mujibur Rahman can result in an immediate defusing of the situation but we doubt if the military rulers of Pakistan will have the wisdom to take such a step.

be pleased to refer to the reply given to
Unstarred Question No. 2025 on the 9th

a compulsory entity ?

THE MINISTER OF REHABILITA-
TION (SHRI R. K. KHADILKAR) : (a)
to (d). The article published in the "Free
Labour World" of International Council of
Free Trade Unions in October, 1971 regard-
ing the Joint Management Councils in India
has not yet come to the notice of Govern-
ment, which is, however, considering the
assessment made by the National Commis-
sion on Labour and its recommendations.
The finding of the Commission *inter-alia*
was that if the Councils have not gained
much support, it is because the employers
as well as the workers' organisations have
not taken them in earnest. Where, how-
ever, the parties have taken the Councils
seriously, they have shown results. The
recommendations of the Commission are
being processed in consultation with the
interests concerned. At present, the Joint
Management Councils are functioning in 80
undertakings—31 in public sector and 49 in
private sector undertakings.

After discussion in depth, the two sides reiterated their continued adherence to the policy of non-alignment as an important factor in the maintenance of universal peace and international security and the lessening of tensions in the world. I must tell you that what we have been seen around Calcutta and in the border area, what we have heard in discussions is too much for me to express in mere words. The refugees' plight is so shocking, what was inflicted on them so abominable and the human misery and tragedy we have witnessed so great that we were stunned. It really needed efforts to take in what there was to see and to hear. But for this very purpose we had come there after all. And it is clear to us now that we could not have assessed the situation as it is in reality had we not gone to the places where the refugees from East Bengal are settled temporarily and where an apparently never-ending stream of those unfortunate people is pouring into India day after day.

Our visit to the refugees' camps more than convinced us that India makes tremendous efforts to accommodate for the time being those men, women and children who had to flee their homes in East Bengal. It is also clear to us that this is a heavy burden on India's resources. The very fact that India could sustain the refugees so far and in such huge dimensions strengthens our faith in your nation's capabilities. We appreciate highly the great sacrifice made by your people to ease the plight of the refugees.

At the same time our visit to the refugees' camps made it very clear to us that this problem is a genuine international problem. India cannot consider herself the only country concerned. I can state that the Government of the German Democratic Republic shares the Government of India's opinion that this situation increases international tension and that the problem can only be solved by peaceful political means. A permanent settlement on the basis of the principles and the declaration of human rights anchored in the UN charter which GDR underwrites must be reached.

The further influx of refugees into India must be stemmed and conditions must be created to make their early return in safety possible. This requires a permanent settlement of the basic political problem which can only be brought about in accordance with the will the people of East Bengal and in consultation with their elected representatives. We declare our sympathy and solidarity with the refugees and the staggering human problem that has arisen as the result of the military action in East Bengal.

Our standpoint is very clear and unequivocal and is based on the principles of the foreign policy of the GDR. We are in favour of a political settlement which will serve peace and security in Asia and the world. We have never supplied and shall never supply arms to Pakistan. We demand the release of Sheikh Mujibur Rahman and we hailed the Treaty of Peace, Cooperation and Friendship concluded between India and the Soviet Union. To demonstrate her attitude the German Democratic Republic was ready to help also materially and sent relief consignments to India.

(5) Dr. Rahim Ajina Member of the National Council for Peace and Solidarity, Iraq.

(c) These delegations were impressed by the human catastrophe of the refugees, the reasons that made them flee into India, their universal demand that Sheikh Mujibur Rehman to be set free etc. They were also impressed by the humanitarian efforts of the Indian Government and strongly felt the need for massive and urgent international assistance for their relief. They felt that only a political solution would enable the refugees to return to their homeland.

(c) and (d). The Industrial Relations Machinery at the Centre and in the States continue to make efforts in their respective spheres to minimise work-stoppages through informal mediation conciliation and adjudication or arbitration as necessary, under the existing statutory machinery and voluntary arrangements. During 1970 the officers of the Central Industrial Relations Machinery (CIRM) were able to avert one lock-out and 401 out of the 440 threatened strikes. 184 strikes were also called off during 1970 following intervention by the officers of the Central Industrial Relations Machinery. The Central Industrial Relations Machinery has also been lending its good offices, where appropriate, in promoting bi-partite settlements. A recent case in point is the bi-partite settlement in the steel industry promoted by an officer of the Central Industrial Relations Machinery deputed for the purpose. Government have also been holding discussions with the interests concerned, including Worker's and Employers' Organisations, to evolve agreed measures to secure improvements in the industrial relations system.

647. **SHRI BANAMALI PATNAIK :**
SHRI P. M. MEHTA :
SHRI P. GANGADEB :

Will the Minister of LABOUR AND REHABILITATION be pleased to state the progress made towards having one Union for one industry ?

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : The voluntary Code of Discipline already provides for the recognition of

one union in an establishment or industry. This recommendation was considered by the Standing Labour Committee at its 29th Session held in June 1970. But Government deferred action in this regard the INTUC, the AITUC and the HMS were to evolve an agreed consensus on the entire question of recognition through mutual consultation. At the 27th Indian Labour Conference held in October 1971, representatives of these organisations asked for and were given time for six months more to complete these consultations.

Therefore, mediation, if it arises at all, is a matter between these two parties and not between India and Pakistan.

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) and (b). Yes, Sir.

(c) It is gratifying to note that this mischievous plan, which is believed to have been inspired by a foreign country, has met with no success at all. In response to a call for demonstration in front of the UN building on October 13, hardly half a dozen people turned up. The Sikh community in India and abroad completely ignored this mischievous advertisement. The non-official reaction to the activities of Dr. Jagjit Singh is vindication of the soundness of our people who refuse to be misled by such activities. Government is examining what further action is required.

(ख) क्या सरकार इस प्रक्रिया को काम में लाने के सम्बन्धी अपने निर्णय को गत दो वर्ष से टालती आ रही है ; और

THE MINISTER OF LABOUR AND REHABILITATION (SHRI R. K. KHADILKAR) : (a) Government have received aid in cash amounting to Rs. 10.78 crores from the foreign countries. Besides the aid in cash, the Government have also received aid in kind from the foreign countries in the form of food-stuffs (rice, edible oil, sugar), shelter material, vehicles, medical supplies etc. The value of foreign assistance actually received by us including the cash so far is about Rs. 50 to 55 crores. The rest is currently on the high seas and is expected to arrive in the next few months.

(b) and (c). The aid so far received or even pledged, will meet only a fraction of our total requirement. In order, therefore, to meet the deficit the Government have had to take steps to mobilise additional resources by fresh taxation and also by effecting economy both in Plan and non-Plan expenditure. Meanwhile the United Nations High Commissioner for Refugees and the International Community have been urged to make fresh and continued efforts to pool more foreign aid for refugee relief operations.

Accordingly an order was issued on the 4th October 1971, under sub-section (1) of section 6B of the Dock Workers (Regulation of Employment) Act, 1948 superseding the Board for a period of four months.

THE DEPUTY MINISTER IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI SURENDRA PAL SINGH) : (a) The Soviet-Algerian Communique issued at the end of Chairman Kosygin's visit to Algeria does not make any specific reference to the Bangla Desh issue. The Communique makes a general appeal to India and Pakistan to find a peaceful solution to the

problems confronting them. As has been clarified, on a number of occasions the Government of India do not consider the Bangla Desh question and Indo-Pak problem. STATEMENT

Scheme

The scheme for inclusion of a workers' representative as Director in the Boards of Management of Public Sector Undertakings is to be introduced wherever the following conditions are met :

- (i) that there is a duly recognised union in the undertaking, whether under the Code of Discipline or under law ;
- (ii) that the office-bearers of the recognised union are predominantly workers in the undertakings ;
- (iii) that the representative sponsored by the recognised union, for appointment as a workers' director, is actually a worker employed in the undertaking ; and
- (iv) that relations in the undertaking, as between the management and the recognised union, have remained cordial with a tradition of mutual settlement of disputes.

[In the case of a multi-unit undertaking,

having a Central Board of Management, the workers' representative may be selected by rotation from each plant ; where however, any of the plants has no recognised union, the workers of that plant would have to go without their turn.]

2. The recognised union is to submit a panel of names of three persons, satisfying the prescribed conditions and qualifications, from whom the Government would select one for nomination as Director.

3. Persons to be included in the panel of three to be submitted by the recognised union should have attained the age of 25 years ; they should have put in a minimum service of five years in the undertaking ; they should be workers actually employed in the undertaking, they should not be subject to any pending disciplinary action against them at the time of their appointment as Director ; they should not be persons who would attain the age of superannuation during their tenure of appointment as Director ; and while not necessarily possessing any formal minimum educational qualification, they should have a measure of knowledge and experience of the working of the industry and of employer-employee relationship.

4. The worker-Director should continue to be a workman on the shop floor and be subject to the normal rules of discipline of undertaking concerned ; this would enable him to be in close touch with fellow workers and represent their points of view adequately and effectively.

5. The worker-Director so appointed should be entitled, in addition to his remuneration as a worker, to the fees and allowances admissible to the other part-time non official Directors of the undertaking.

6. The appointment of a worker-Director should be made for a period of two years at a time which can be extended for a further period of two years, provided the person so appointed continues to be a worker and the union sponsoring him continues to be recognised ; the worker-Director would cease to hold office if he ceases to be worker or if the union nominating him ceases to be recognised before the expiry of the full term of such worker-Director. Also, when for any reason, the recognised union is itself derecognised, the union that may eventually be recognised in its place may then furnish a fresh panel of representatives

for selection of the worker-Director by Government.

The Ordinance provides for payment of 25 paise per tonne of coal on the average monthly production of coal from such mine during 1968, 1969 and 1970, towards compensation for vesting in the Government of the right to manage the mine. Since the assets are yet to be acquired, the payment

of compensation for the assets, therefore, does not arise at this stage.

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) to (c). It is presumed that the question refers to an electric furnace cum-continuous billet casting unit. No proposal has been received in this Ministry so far from the Government of Madhya Pradesh for setting up such a unit in Baster.

Supply of Raw Materials to Re-rolling Mills

729. SHRI NARENDRA SINGH : Will the Minister of STEEL AND MINES be pleased to state the policy of Government in regard to the registration of re-rolling Mills not included in the list of the Technical Committee and allotting them quota of raw materials in sufficient quantities in order to avert the closure of these units and thus throwing large number of persons out of jobs ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : Under the current industrial licensing policy. Small Scale Units, whose machinery and equipment is worth less than Rs. 7.5 lakhs, do not require an industrial licence, and can register themselves with the State Directorate of Industries concerned.

Certain other units also do not require an industrial licences, provided that they are covered by certain stipulations, one of which is that their total fixed assets should be less than Rs. 1 crore. These units have to apply for registration to the competent

authority for statistical purposes only. Government are not expected to exercise any detailed scrutiny or control in such cases. Accordingly, the fact of such registration does not necessarily constitute acceptance or recognition by the Government of any of the facts stated in the application. Further, the registration does not imply any commitment on the part of the Government to provide the foreign exchange required by the applicant for the import of capital equipment or raw materials or to provide any other assistance.

These provisions apply fully to the re-rolling industry as well.

Government have been advising caution on all concerned before setting up new re-rolling mills as there is considerable shortage of re-rollable materials compared to capacity already established. Units which, have come up despite this advice have done so with full knowledge of the difficulty of finding raw materials.

Even, so, Government have attempted distribution of the extremely limited supplies of re-rollable scrap arising from the Steel Plants in as equitable manner as possible.

Registration of New Units of Re-rolling Mills

730. SHRI NARENDRA SINGH : Will the Minister of STEEL AND MINES be pleased to state :

731. SHRI NARENDRA SINGH : Will the Minister of STEEL AND MINES be pleased to state :

(b) the names of the re-rolling mills which have been registered subsequent to the report of the Technical Committee either for only statistical purposes or for allotting quota of billets ?

THE MINISTER OF STATE IN THE MINISTRY OF STEEL AND MINES (SHRI SHAHNAWAZ KHAN) : (a) Steel re-rolling mills are sanctioned industrial licences or registered in accordance with the policy of industrial licences in force. Currently, units whose value of machinery and equipment is less than Rs. 7.5 lakhs will be registered as Small Scale Units with the Directorates of Industries. Those whose assets are less than Rs. 1 crore and who fulfil certain other conditions will be registered by the Iron and Steel Controller for statistical purposes. The remaining units will have to apply for industrial licence.

This record of capacity for purposes of industrial licensing does not, however, automatically entitle units for registration as billet re-rollers. New units are not generally registered as billet re-rollers after the report of Technical Committee in line with their recommendations.

(b) the information is being collected and will be placed on the Table of the House.

732. SHRI NARENDRA SINGH : Will the Minister of STEEL AND MINES be pleased to state the number of re-rolling mills of iron, State-wise, which were listed by the Technical Committee and were thus categorised as registered re-rolling mills and considered eligible for billet quota ?

(b) and (c). There is general consensus among the members of the U. N. that :

(i) the situation in East Bengal is the legitimate concern of the international community because it is a disaster of vast proportions involving an unprecedented migration of a large number of nationals of one member of the U. N. into another ;

(ii) a solution for the problem of East

Bengal can be achieved not by military means but only by political means which would take into account the welfare and wishes of the people of East Bengal ;

(iii) the international community should endeavour to bring about such a solution, and that special efforts should be made to alleviate the sufferings of the refugees ;

(iv) there has been a large scale influx of refugees from East Bengal into India that they will only return to their homelands when assured of credible guarantees for their safety and honour.

Out of the 117 delegations which participated in the General Debate, 55 made specific references to the developments in East Bengal on the above lines.

(d) No formal proposal was put forward by any country for the solution of the problem though a few suggested mediation good offices, and visit by a contact group of the U. N. to both India and Pakistan. The Indian delegation firmly resisted such informal suggestions pointing out that proposals for the solution of the problem equating India and Pakistan would not resolve the basic cause of the ferment in East Bengal. The India delegation stated that only proposals aimed at stopping the Military repression in East Bengal and restoring the fundamental rights and liberties of the people of East Bengal would be conducive to a lasting solution. There was general appreciation for the validity of this approach to the problem.

The issue was specifically raised by the Foreign Minister when intervening in the General Debate at the 26th General Assembly session of the U. N. on 27th of September, 1971. The Indian delegation has stated at the U. N. that India is receiving these refugees and taking care of them as a trust on behalf on the international community purely on humanitarian considerations. It has been emphasised that the refugees are the concern of the international community and the U. N. as the highest representative organisation of the international community should give relief assistance to them as needed.

India continues to express these views in all appropriate forums of the U. N.

(c) The U.N. response to India's appeals has been prompt. The Secretary-General issued two appeals on May 19 and June 16, 1971 for relief assistance to the refugees from Bangla Desh. He has designated the

United Nations High Commissioner for Refugees at the U. N. Focal Point for relief assistance to the refugees of Bangla Desh. Resident Mission of the UNHCR is functioning in Delhi with adequate staff of coordinate relief assistance coming through the U.N. for the Bangla Desh refugees. Though the U. N. response in seeking relief assistance has been prompt the response has been inadequate due to the continuous influx of refugees whose figure is about ten million already. India continues to shoulder the major burden of giving relief assistance for the refugees. According to the information available with the U. N. Focal Point, the total contribution pledged through the U. N. was approx. \$157,935,000 as on October 31, 1971 and the amount actually received upto the 15th November, 1971 is \$46.58 million.

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

TRANSPORT PROBLEMS IN DELHI

SHRI VIKRAM MAHAJAN (Kangra) : I call the attention of the Minister of Shipping and Transport to the following subject to urgent public importance and I request that he may make a statement thereon :

“The transport problems in Delhi and consequent unrest among students and frequent incidents of hijacking of buses by college students.”

THE MINISTER OF STATE IN THE DEPARTMENT OF PARLIAMENTARY AFFAIRS AND IN THE MINISTRY OF SHIPPING AND TRANSPORT (SHRI OM MEHTA) : The bus services in Delhi, formerly operated by a private Company were taken over departmentally by the Ministry of Transport in 1948. In 1950, they were handed over to the Delhi Road Transport Authority, a body set up under the Delhi Road Transport Authority, Act, 1950. When the Municipal Corporation was created in 1957, the Transport Undertaking in Delhi became its responsibility. The working of the city transport undertaking had been continuously deteriorating for the past six or seven years and there were constant demands for a change in its administration. The Morarka Commission and the Working Group on Metropolitan

Transport Services brought the following defects in its functioning to light :—

- (a) The finances of the Delhi Transport Undertaking had reached the rock-bottom and the Undertaking was faced with increasing losses every year. The gap between the revenue and expenditure had been continuously increasing since 1963-64. The Central Government were advancing loans to them for the purchase of buses and other capital expenditure. Upto 31-3-71, loans aggregating Rs. 16.58 crores had been advanced to the Undertaking. But because of its operational losses the Corporation was not able to repay the loan money or contribute to the statutory funds. The outstanding loans as on the 31st March, 1971 amounted to Rs. 14.18 crores. The Undertaking had been unable to repay due instalments of loan amounting to Rs. 5.5 crores and interest amounting to Rs. 3.71 crores as on the 31st March, 1971 ;
- (b) The loans reserved for purchasing new buses were converted by the D.T.U. into ways and means resources. This led to acute shortage of buses ;
- (c) The average fleet has been one of the most serious problems of the Delhi Transport Undertaking. There were nearly 37% buses over eight years old and about 24% buses over 10 years old as on the 31st March, 1971 ;
- (d) The Undertaking has only one Central Workshop at Kingsway Camp to cater to the needs of the entire fleet for major repairs and overhaul. To cope with the increased work-load of maintenance and heavy repairs of the vehicles, there was need to decentralise workshop facilities.

The Delhi Transport Corporation owns 1391 buses, out of which only 934 were on road on the day the D.T.U. was taken over by the Government. In addition, 230 buses of private operators were also commissioned to cater to the needs of the public in the city.

The total number of scheduled trips per day was 15,992, out of which

only 12,526 trips were operating on the relevant date. It has been estimated by the Delhi Transport Corporation that they require 270 buses more, over and above the strength of 1391 buses already owned by them, to meet the requirements of the city to a reasonable extent.

Out of the vehicles which are in the Central Workshop and the depot workshops, 180 are due for scrapping and these cannot be taken into account for purposes of computing the available number of vehicles. However there are about 200 vehicles, which can be repaired for service and put on the road.

2. Because of these problems and difficulties Transport Undertaking was not able to cater to the travel requirements of Delhi adequately and there were complaints about the irregular services, missing of trips etc. The situation further deteriorated during the months of July, August and September, 1971, when there were clashes between the workers of the Delhi Transport Undertaking and students on grounds of inadequacy and irregularity of bus services for the students. As many as 91 incidents took place during this period, in some of which the students stopped and stoned the Delhi Transport Undertaking buses or set them on fire or hijacked them. This resulted in a law and order problem. In order to meet the situation and with a view to improving the working of the Undertaking and the efficiency of its services, the Central Government had to intervene and transfer the management of the Delhi Transport Undertaking from the Delhi Municipal Corporation to a statutory Corporation set up under the Road Transport Corporation Act, 1950.

3. There has been some improvement in the functioning of the city transport undertaking since the establishment of the Corporation. The traffic income has shown an increase of about Rs. 21,000/- per day in the second week of November as compared to the income in the second week of October, 1971. The kilometers per bus daily has also increased from 177 to 187 and the bus operational ratio from about 71% to about 77%.

4. The Corporation proposes to place orders for 270 buses during 1971-72 at a cost of Rs. 2.8 crores and to purchase spare parts so as to put about 100 additional

buses by repairing those lying idle in the workshops. The Corporation has been negotiating with the neighbouring States such as Haryana and U. P. to obtain buses on loan to improve the services. Haryana has not been able to spare any bus because of various reasons but Uttar Pradesh have promised to give some help. The Government of India will consider grant of necessary financial assistance to the Corporation for the purpose. The Corporation is making the maximum efforts to ensure that the difficulties of the public are eliminated. However, as the present bus services fall short of the requirements to a considerable extent, it will not be possible for the Corporation to meet the entire demand fully in the near future. It will take some time for the Corporation to consolidate its position and to provide regular and adequate services.

5. So far as the transport requirements of the students are concerned, the position is that in August 1971, on the basis of the recommendations made by a Committee, which was appointed on the suggestion of Government, the Delhi Transport Undertaking Authorities introduced additional services of 21 agreed routes for the students and also ensured increased frequency of trips for catering to the needs of the students residing in difficult areas. It was also decided that Joint Committee should be set up in each college consisting of representatives of students, Delhi Transport Undertaking workers, Delhi Transport Undertaking management and College Authorities. It was also decided that the seven Zonal Committees should continue and that one Apex Committee consisting of representatives of the University, Delhi Transport Undertaking management and drivers and conductors should also be set up to maintain liaison with the College Committees and the Central Government. There have been some meetings of these College Zonal and Apex Committees.

6. Recently, the University Authorities carried out a survey of the travelling requirements of the student community and, on the basis of this survey, some further recommendations were made for adjustment in the existing services and introduction of additional services. The main recommendation relating to the introduction of a new bus service from R. K. Puram to Arya Samaj Road via the Ridge at a frequency

of 30 minutes throughout the day has already been implemented. As many as 774 additional trips have also been provided through adjustment of schedules and commissioning of new and renovated buses. The additional service and trips have provided substantial relief to the student community. Twenty-eight other recommendations made by the University Authorities have also been fully implemented. Twenty-three of them have been purely met and the remaining 45 are under consideration by the Delhi Transport Corporation.

7. I would appeal to the students particularly not to resort to hijacking and similar steps. I would ask them to use the medium of the College Committee already constituted for voicing their grievances. I would ask the Corporation to pay prompt attention to all such grievances. I have no doubt that the Corporation and the Lt. Governor will always be ready to listen to the grievances of the students and devise measures to meet them.

I would like to say in addition that the President of the Delhi University Students' Union Shri Bhagwan Singh has expressed his satisfaction over the transport facilities available to the students. He has issued a statement, which has been published in the press, that there is considerable improvement in the bus services.

SHRI VIKRAM MAHAJAN : The bus travelling public of Delhi have to wait for hours to get a bus. Even when a bus comes, more often than not they are left stranded. If one is lucky to get into a bus, he is packed like in a herd of cattle. Subsequently, he would not be sure whether he would reach the destination or not because either the bus can be hijacked or it may meet with an accident. The main object of establishing the Delhi Transport Service was to provide cheap, safe and quick transport to the weaker sections of the society. In Delhi it is neither cheap, nor quick nor safe. Passengers have to hang on the foot-board or bumpers. Many of them fall down and meet with serious accidents. Not only the passengers but even the students were great sufferers. We found that they would reach their colleges and homes late and they could not do fair justice to their studies. Thus, we had an army of students who had either failed or had secured the third division.

These irritations led to pitched battles between the students and the workers or the staff of the Delhi Transport Undertaking. It led to hijacking of many buses. The Minister himself has admitted that before the Central Government took it over, 91 incidents of hijacking and burning of buses took place. A poor country like ours can ill afford the luxury of burning buses.

No attempts were made previously to associate either the students or the passengers with the management or the working of the Delhi Transport Undertaking and that led to further deterioration of relations.

As to the way the finances of the Delhi Transport Undertaking were being managed, one can see from the report which has been placed before the House that the undertaking was running at a loss of Rs 14 crores and that out of a fleet of 1,300 buses practically only 900 were running; the rest were either standard or were under repair or something.

Thus, it was in a sorry mess. One got the feeling that a deliberate attempt was being made to sabotage the nationalised sector and thus bring socialism into disrepute.

Apart from that there was another factor which I may mention. Mini buses which have been put on the road charge a much higher fare than the ordinary buses.

MR. SPEAKER : I am waiting for your question. I have made certain exceptions on these calling-attention motions but do not convert it into a debating time.

SHRI VIKRAM MAHAJAN : I was only giving the background.

The Central Government has done a laudable act by taking over the management. I am glad to find that the earnings have increased by Rs. 21,000 and 270 new buses have been sanctioned. Attempt has also been made to associate students with the management of the undertaking. But the other passengers have been left out.

Therefore, my questions are : firstly, would you also associate, apart from students, passengers who hold monthly passes with the management of buses so that their difficulties are also solved ; secondly, will fares of all the buses, that is,

mini buses and ordinary buses, be equalised and the present fares of buses, will not be raised ; thirdly, will the Ministry be willing to appoint a committee to investigate into the grievances of passengers and students and also to find out which class of students have been responsible for hijacking them in view of the fact that not a single private bus has so far been hijacked ?

MR. SPEAKER : Are you instigating them against private buses also ?

SHRI VIKRAM MAHAJAN : There is a feeling among us that a certain party is making a deliberate attempt to bring discredit to the nationalised sector and thus bring socialism into disrepute. Therefore, will the Government appoint a committee to find out why not a single private bus has been hijacked and which party is responsible ? Fourthly and lastly, will the management of the transport undertaking and some of the ministers also travel in buses during office hours to find out the difficulties of passengers ?

SHRI OM MEHTA : As I have already mentioned in my statement, due to these inadequacies we took over the management of the DTU bus service. We know that they were not keeping to schedule ; at peak hours they were not stopping at stops and conductors and drivers were also very rude to the public. I assure my hon. friend that we will do whatever is possible to improve the bus service in this metropolitan city.

Then, my, hon. friend has told me that in the committees which we have appointed there were no representative of students.

SHRI VIKRAM MAHAJAN : And passengers.

SHRI OM MEHTA : Students are passengers. We will associate the other passengers also. We are thinking of having an advisory committee. In that we will try to have the representatives of the passengers and the public, particularly those who are employed in offices. We will hold an inquiry into that also and find out what is the position at present and whatever wrong has been done we will try to set it right.

SHRI VIKRAM MAHAJAN : What about the management travelling in buses ?

SHRI OM MEHTA : I will certainly travel in buses. Earlier also I was travelling in buses. We will try to go around the city and find out what are the difficulties of the travelling public.

SHRI VIKRAM MAHAJAN : What about the inquiry as to which class of students had been hijacking buses ?

SHRI OM MEHTA : Mostly the students of Hansraj College were hijacking buses.

श्री सतपाल कपूर (पटियाला) : इस बात में कोई शको-शुबहा नहीं है कि दिल्ली ट्रांसपोर्ट बहुत गलत ढंग से चल रही थी और उसकी सर्विस बहुत निकम्मी थी। इसको इम्प्रूव करने के लिए कुछ कदम उठाये गये हैं। मैं उनका स्वागत करता हूँ। सोलह साल पुरानी ऐसी बसों से काम लिया जा रहा है, जिन को जंक में फेंक देना चाहिए। जो कोई इन बसों में बैठ जाये, उसको नावलजीन की दो गोलियों की जरूरत पड़ती है। जिस-जिस एरिया से बस निचलती हैं, उसमें वह धुआं छोड़ जाती है, जिसकी वजह से दुकानदारों और बाजार में शापिंग के लिए गये हुए लोगों को एस्पीरीन या नावलजीन की जरूरत पड़ती है। मैं समझता हूँ कि इस मामले में बहुत ज्यादा ढील देने की जरूरत नहीं है। इसको बहुत संजीदगी के साथ हाथ में लेना चाहिए।

मुझे खुशी है कि श्री ओम मेहता बहुत जोश और जज्बा दिखा रहे हैं। मुझे उम्मीद है कि इसकी कुछ रूप-रेखा अमली तौर पर नजर आयेगी।

श्री ओम मेहता : छः महीने के बाद।

श्री सतपाल कपूर : छः महीने में करें या तीन महीने में करें।

एक बड़ी ग्रहण प्रबलम की तरफ ध्यान देने की जरूरत है। पिछले दिनों दिल्ली ट्रांसपोर्ट यहां की दिल्ली कॉर्पोरेशन के अंडर थी और आप जानते हैं कि कॉर्पोरेशन पर किन

लोगों का कब्जा है। दिल्ली में ट्रांसपोर्ट के परमिट्स के मामले में एक बहुत बड़ा स्कैंडल हुआ है। एक व्यापार बना हुआ था कि कोई पैसा देकर परमिट ले सकता है। मैं चाहूंगा कि मिनिस्टर साहब इस हाउस को यकीन दिलायें कि कितने मिनी बसिज के परमिट को-ऑपरेटिव सेक्टर को दिये जाने थे, लेकिन उसके बजाये प्राइवेट पार्टिज को दिये गये और जो दूसरी बसिज के परमिट प्राइवेट पार्टिज को दिये गये, उन तमाम परमिट्स के बारे में एनक्वायरी की जायेगी और जो गलत आदमियों को परमिट दिये गये, जनसंघ के वर्करो को दिये गये और व्यापारियों को पैसा लेकर दिये गये, उनको कैन्सल कर दिया जायेगा। (व्यवधान)

श्री आर० बी० बड़े (खरगोन) : कांग्रेसियों को भी दिये गये। (व्यवधान)

श्री सतपाल कपूर : बताया गया है कि हाईजैकिंग के 91 केसेज हुए। मिनिस्टर साहब को इसका बैकग्राउंड देखना पड़ेगा। यह ठीक है कि सर्विस खराब है, वक्त पर बसे नहीं आती हैं, पुरानी बसें हैं, जिससे लोगों को इर्रिटेशन होती है। उस इर्रिटेशन और रिजेन्टमेंट को मैं समझ सकता हूँ। लेकिन इसकी क्या वजह है कि एक भी प्राइवेट बस हाईजैक न हो। क्या प्राइवेट बसों की सर्विस में कोई नुक्स नहीं है? शायद उनकी सर्विस में ज्यादा नुक्स हों। मिनिस्टर साहब बतायें कि इसके पीछे किस का हाथ है। साफ नजर आता है कि एक तो हाथ प्राइवेट मालिकों का हो सकता है, जिनको ऐसा करने के लिए एनकरेज किया गया और दूसरे, इसमें उन लोगों से हमदर्दी रखने वाली पार्टि का हाथ हो सकता है, जिसने परमिट दिये। मिनिस्टर साहब बतायें कि वह इस सारे मामले की एनक्वायरी कराके उसकी रिपोर्ट कब तक हाउस के सामने पेश करेंगे और कब तक दिल्ली की ट्रांसपोर्ट को इम्प्रूव करेंगे।
